Dear Dr. Price:

This is to request that the American Association of Avian Pathologists be authorized representation in the House of Delegates of the American Veterinary Medical Association. This request is made with the firm conviction among members of AAAP that the organization which represents over 500 members of the veterinary profession, has made significant contributions to the profession, to the AVMA programs and annual meetings and that compared to other organizations now given representation, we deserve this opportunity to more actively participate in the business affairs of AVMA.

A copy of the AAAP Constitution and By-Laws and a 1974 Directory of the members are enclosed. Please let me know if I can answer any questions or furnish additional information.

Your support and proper routing of this request will be appreciated.

Sincerely,

/S/ L. C. Grumbles
