

Keokuk Ia Apr 5-25-

Dear Bro Clark-

Your kind letter of a few days ago recd. and appreciated. Can say that the Mrs. is steadily improving and I think maybe will be able to sit up a little before long. she is getting a little use of the afflicted side now and that is very encouraging.

I have to write long hand now as the machine makes too much noise.

Will send guar. report just as soon as I can find time. I have had such a shock that it is hard to get myself settled again, but will try to keep things going -
With best wishes for you and Mrs C.
