this brother is trust wrothy and should have your consideration he has been a member of Doric Lodge for ten or fifteen years I do not think that he will ever be able to be of service to him self any more. and what ever you may do for him will be of great benifet to him in these times.

I trust that these few lines may find you and yours injoying the best of health. and the Craft joins me in wishing for you a prospoius year may I hear from you at your earlies conveniants.
