REFERENCE: An Immediate Agenda for Ways & Means Committees to initiate, coordinate, and support specific activities to raise money for Doric Lodge Hall expenses.

As a new member of OES I have become aware that there are certain needs that just aren't being met in both the Chapter and Lodge. I sincerely believe that if you keep your eye on our membership rosters you will understand that we need to:

INFORM our present & potential members of our needs.

INSPIRE each member to activate themselves and become supportive, instead of paying dues and staying away.

IMPRESS those members with talent that we need that they DO make a worthwhile contribution; (it's flattering to feel needed.)

INNOVATE new techniques, fund-raisers, and activities. It's time to change from old ones and try brand new ideas this year!

IMPROVE our methods of keeping old members active and interested, and offer area for all members to work, according to their individual interests.

INSTILL loyalty in each member. Each month keep the membership fully informed of meetings, activities, and achievements. (A quick phone call or post card IS necessary as a mind jogger!)

INFUSE the whole membership with an air of success so that we look at the work before us as a CHALLENGE and not a PROBLEM.

I have selected each of you personally because I believe that you will give your time, energy, imagination and enthusiasm to the projects that I want to project for 1985-1986. Please let me know as soon as possible if you will work within your Lodge and with our Chapter, and also bring your own ideas for success.

MY FUND-RAISING PROJECTIONS FOR WAYS & MEANS 1985-86

I would like to try some new and different projects for the coming year in hopes of getting you interested and involved. Your own ideas are invited and welcome; I just wanted to get the ball rolling with something so we can set a committee meeting for September, firm up some dates, and start moving toward making some money for both organizations. (Details at first meeting concerning decorations, sites, etc.) Please look at the list below and phone me by August 31 so I will know you want to get involved and work. Yvonne
