Brothers, Greetings:

I am sending out copies of districts where the School of Instruction will convene during our recess from Grand Lodge School, which, you know, will be on Monday, 1st day during our Grand Lodge. The report of the Board of Custodian Sec. 23 and Sec. 23(a), schools shall be a school of instruction at the Grand Lodge for the purpose of teaching the work of the crafts, but not for making a candidate. But, if you have a candidate to be entered, passed or raised in the district, who has been designated for the school, we will be very glad to oblige you, but understand, only one degree.

If you don't have rituals, monitors or any subject pertaining to the ritualistic work, please inform me. Please study your ritual so you will be prepared to assist me.

In closing, I remain

Fraternally yours,

Wilbert L. Toney, R.W.G. Custodian
