HON. LESLIE M. SHAW GOVERNOR ELECT OF IOWA.

## A Magnificent Victory

We frequently hear the remark: Oh Shaw! my Shaw! Your Shaw! Our Shaw! Iowa's Shaw! It was a great republican victory in Iowa for the republican ticket, considering the vast number of stay-at-home republicans. And being an old year, and the combination of the triple alliance party to defeat us. In the face of all the facts it was a magnificent victory. We carried the state by about 31,000. There were 40 of the 50 state senators elected and 65 of the 99 members of the legislature.

The republicans of Polk county elected the entire republican ticket by a majority of 1,000 to 16,000.

## Colored Members of Congress.

The following is a list of the colored members who have been in congress; name, when elected, length of service, and residence:

- B. K. Bruce, United States Senator, 1875-81, 6 years, Mississippi.
- Richard H. Cain, 43 and 44 congress, 4 years, South Carolina.
- H. P. Cheatam, 52 and 53 congress, 4 years, North Carolina.
- Robert C. DeLarge, 42 congress, 2 years, South Carolina.
- Robert B. Elliott, 42 congress, 2 years, South Carolina.
- Jerry Haulson, 44 congress, 2 years, Alabama.
- John Hyman, 41 congress, 2 years, North Carolina.
- John M. Langton, 51 congress, 2 years, Virginia.
- Jeff Long, 41 congress, 2 years, Georgia.
- John R. Lynch, 43, 44 and 47 congress, 6 years, Mississippi.
- Thomas H. Miller, 61 congress, 2 years, South Carolina.
- George W. Murray, 53 and 54 congress, 4 years, South Carolina.
- Charles E. Nash, 44 congress, 2 years, Louisiana.
- James E. O'Hara, 48 and 49 congress, 4 years, North Carolina.
- Joseph H. Rainey, 44 et. seq. congress, 10 years, South Carolina.
- A. J. Ransier, 43 congress, 2 years, South Carolina.
- James T. Rapier, 43 congress, 2 years, Hiram Revels, United States Senator, February 23, 1870 to March 3, 1871, Mississippi.
- Robert Smalls, 44, 45 and 47 congress, 6 years, South Carolina.
- Benjamin S. Turner, 42 congress, 2 years, Alabama.
- Cleah T. Wall, 42, 43 and 44 congress, 6 years, Florida.
- George H. White, 55 congress, present member, North Carolina.
- Samuel Lee, contestee.
- W. J. Menard, contestee.

The above very interesting statement in regard to the colored members of the two branches of congress, will no doubt be read with interest, and recalls the case of Samuel Lee, mentioned as contestee, which is one of the most remarkable in the annals of the government. Lee was a candidate for congress in the First District of South Carolina in 1883, but was not given the certificate because of the determination of the dominant party in the state to count out the republicans at any cost. Lee brought the matter to the house of representatives as contestant of the seat of Richardson, who had received the certificate. The committee on elections of the house of representatives reported the case, without recommendation, on the 26th of

February, and the case came up for final hearing on the 3d of March, 1883. The pending question being,

Resolved, that John S. Richardson is not entitled to the seat as a member of the Forty-seventh Congress from the First District of South Carolina.

Resolved, that Samuel Lee is entitled to a seat in the Forty-seventh Congress of the United States from the First District of South Carolina, and is entitled to sit as such. Some one raised the question as to the advisability of dividing the questions, and upon submission to the chair, Speaker Keifer ruled, that it was perfectly proper, but that the demand came too late, and that the vote would be upon both propositions at once. The house divided, and upon the two propositions the vote was, yeas 124, nays so Richardsons was declared not elected and Lee was declared as duly entitled to the seat.

The democrats thereupon began a series of dilatory motions to adjourn and take a recess, etc., so as to prevent Lee from taking the oath. In this they were successful since the vote was taken within a few hours of final adjournment and they kept up their filibustering tactics until the hour of adjournment.

The strain was disastrous for Lee, since the unfair treatment to which he was subjected, for a time unsettled his mind, and only a few years ago did he recover his reason. The committee on claims in the last congress unanimously voted to give him his compensation, but the treasury being in such depleted state the speaker declined to allow any claims to be considered. The question will be presented at the coming session of congress. A great many senators who have examined the case say: it is undoubtedly a good case and that the man has been the victim of party spirit of an unusual kind.

## Social and Musical Events.

The most signal event of the week was the entertainments given in honor of Professor George I. Holt, who is so well known in the musical circles as the leading tenor singer of Des Moines has concluded to take a special course in the Musical Conservatory at Boston Mass.

Mr. Holt has made himself quite prominent both as an instructor and a singer and has won for himself a name that any Professor should be proud to have, he has sang in great many concerts.

The Professor was at one time the leader of the A. M. E. Church Choir and also a teacher of the young ladies Glee Club (white) of Drake University of twenty-two voices and a club of twenty-four young men of the same college, and he has organized a club of sixteen voices at the Capital City Commercial College and was a teacher of the Y. M. C. A. Harmony male Quartet which is so well known in the state.

He has taken special interest in a society known as the Damas Choral society of twenty voices which stands second to no organization of equal number in the city.

A large number of both musical and musical loving people tender him a reception on Friday evening at the st. Clair's Conservatory of music where many of the leading musicians taken part on the program. On Sunday Mrs. J. H. Shepard entertained the Prof. and family at dinner where the theme of conversation was music, later on of the same day Geo. S. Wilson entertained him.

The Prof. left Wednesday evening, many of his friend were at the depot to see him off. He has been employed by the Government for the past eight years, he leaves the city with the best wishes of all.

E. T. Banks taken quite sick last Monday and has been confined to his bed ever since; at one time his friends became alarmed at his sinking condition, but he is much improved at this writing.

## DES MOINES, IOWA

### SHAW IS GOVERNOR

RETURNS INDICATE HIS ELECTION BY 30,000.

Ohio Is Claimed By Republicans and Democrats—Greater New York Goes Democratic.

DES MOINES, Nov. 4.—The Register says: "The republican state ticket in Iowa is elected by a plurality of not less than 30,000, probably 31,000, and possibly the plurality will go above that figure. Complete returns are in hand. Figures on gain or loss for half of them indicated a plurality of more than 30,000. Actual plurality estimates on three-fourths of them indicated a plurality exceeding 30,000." Chairman McMillan of the state central committee insists that Shaw's plurality will exceed 30,000.

The Register claims that the senate will stand 40 republicans and 10 democrats and the house 63 republicans and 37 democrats. A hard fight was made against Senator Waterman, of Wapello, and he was defeated. Senator Gorrell, elected four years ago as a republican, is returned as a representative of the silver forces.

The Leader makes the following estimate of the total vote: Leslie M. Shaw, 223,695; Fred E. White, 192,223; Charles A. Lloyd, 5,709; John Cliggett, 6,148; S. P. Leland, 8,248.

The same paper also claims that the senate will stand, republicans 38, democrats 11, and the house, republicans 61 and democrats 39.

COLUMBUS, O., Nov. 4.—Unofficial but complete returns show republican plurality of 23,590 in Ohio. Both sides still claim a majority of the legislature, the republicans by 5, the democrats by 3. It will take the official count in several counties to find the result. Already it is asserted that several republican members of the legislature have refused to vote for Hanna for senator and that an effort will be made to bring Bushnell out for the place.

PHILADELPHIA, Pa., Nov. 4.—The complete vote of Pennsylvania is as follows: For state treasurer, Beacom, rep., 264,597; Brown, dem., 240,216; Swallow, prohib., 116,153; Thompson, indpt., 13,203. Beacom's plurality, 124,381.

RICHMOND, Va., Nov. 4.—Returns give democrats all the senators elected and 94 and perhaps 95 members of the house. The republicans get four, perhaps five, members of the house and the independents one.

NEW YORK, Nov. 3.—Following is the grand total of the votes received by the three leading candidates for mayor in Greater New York, complete returns having been received from all the districts: Van Wyck, 235,181; Low, 145,513; Tracy, 191,833; Van Wyck's plurality over Low, \$6,668.

ALBANY, N. Y., Nov. 4.—It is estimated that the plurality of Parker, democratic candidate for chief judge of the court of appeals, will be about 58,000. Governor Black's plurality last year was over 200,000. The legislature will contain 85 republicans and 68 democrats.

NEW YORK, Nov. 3.—The democrats elect Parker judge of the court of appeals, carrying the state by over 100,000.

LINCOLN, Neb., Nov. 3.—Nebraska has renewed her allegiance to fusion by electing the three candidates ranging from 10,000 to 25,000. Nothing like complete returns have been received, but enough are in to measure the result, and indicate a greater fusion victory than in presidential year.

BOSTON, Nov. 3.—Wolcott, rep., is elected governor by a plurality of probably 85,000.

DETROIT, Nov. 3.—Maybury, dem., is elected mayor by 21,000 plurality.

SIoux FALLS, S. D., Nov. 4.—Of 8 judicial circuits the republicans captured 5, the democrats 1 and the populists the 2 Black Hills circuits.

LOUISVILLE, Nov. 4.—Sam J. Shackelford, silver democratic candidate for appellate court clerk, will have 25,000 to 30,000 majority, and the silver democrats have a majority of over twenty in the general assembly. Louisville, that had not gone democratic for three elections, gives Weaver, democrat, for mayor, 2,300 majority.

BALTIMORE, Nov. 5.—The official count shows that the republicans have a majority in the legislature and will be enabled to elect a successor to Senator Gorman.

TOPEKA, Nov. 5.—The republicans elect nine of the thirteen judges chosen in Kansas.

### HAYTI AND GERMANY AT ODDS

Latter Demands Indemnities and Summons Bona.

PORT AU PRINCE, Hayti, Nov. 1.—Serious trouble has arisen between Hayti and Germany. The German minister to this republic, Count Scherwin, has hauled down his flag and according to current report three German warships are expected here to back up the ultimatum of the minister to Hayti, demanding an indemnity for the alleged illegal arrest and imprisonment of a German citizen named Linders. The affair has caused considerable excitement among the native population and some of the people have threatened to kill the German minister and all the Germans in this place and vicinity.

# THE NEWS IN IOWA

## NO TOWELS AT THE CAPITOL

Legislature Budget to Provide for Small Necessities.

DES MOINES, Nov. 4.—Negligence on the part of the last legislative assembly has left the state capitol in an odd condition. No funds were provided to buy certain small necessities, and as a result there is much confusion among state house employees. A recent examination of the code shows no way of getting funds for towels in the toilet rooms, and when a piece of glass is broken it has to remain so till some one volunteers the cash and is willing to wait till the next assembly makes an appropriation to repay him. A large pane of glass was recently broken out of the door of the lieutenant-governor's room and was boarded up because there was no way to make repairs out of state funds. It is assumed that all these annoyances are the result of oversight on the part of the legislature.

### A NEED LONG FELT.

Railroads Must Now Have Automatic Couplers.

DES MOINES, Nov. 4.—Iowa railway companies must provide all their rolling stock with safety, automatic brakes and safety couplers not later than January 1, 1898, or be held in contempt of a law passed by the last general assembly. This requirement, long the subject of agitation, was made by the last legislature without the extension of time to 1900 that was in the minds of some. The twenty-fourth general assembly passed a law giving the railroad commissioners authority to extend the time to 1900 if they thought such action necessary, but the extension did not get into the law. Heavy penalties are attached to violations of the statute.

### STRANGE DAVENPORT KILLING.

An Accidental Shot Ended John Nagle's Life.

DAVENPORT, Nov. 4.—A peculiar fatality occurred at Walnut Grove, about five miles east of Long Grove. John Nagle, a well known farmer living there, while out hunting near his home with four companions, accidentally shot and killed himself. The party was in Nagle's pasture at the time, and the body was taken to the house and the coroner was summoned. A physician states that the accident was a peculiar one, and it cannot be understood how the gun was discharged to make the wound in the place that it did.

### EX-ALDERMEN INDICTED.

Dubaque Officials Who Raised Their Salaries Are Indicted.

DUBAQUE, Nov. 5.—The grand jury indicted ex-aldermen Cullen, Haipin, Shea, Vogler, Sculte, Crawford, Bauer and Kauffman for raising their own salaries in 1895. Judge Waterman sustained demurrers to the original indictments, but the supreme court overruled him. Ex-street Commissioner Hagerty and ex-committee Clerk O'Connell were indicted for stuffing the street commissioner's pay roll for April.

### TRIED TO END IT.

Mrs. A. W. Fitch Took Morphine, but Death Failed to Come.

DES MOINES, Nov. 2.—Family trouble caused Mrs. A. W. Fitch to take her life. Mrs. Fitch told her husband that she had taken morphine and was going to die. Mr. Fitch at once summoned doctors and emetics were administered and the fatal effects of the morphine prevented. Mrs. Fitch had taken about a teaspoonful of the drug in a powdered form, and it was only with great difficulty that death was prevented.

### Lives With a Broken Neck.

OSKAHOOLA, Nov. 1.—Joseph Shaw, living near Beacon, attempted suicide by hanging. When he was found he was living, though his neck was dislocated. It was two hours before he regained consciousness, and his life is yet despaired of. Shaw, after a hard-fought trial in court, had been acquitted of the charge of seduction and abortion preferred by Anna Barrows, a domestic in his home. It is said by some that the joy of being acquitted turned his mind, while others maintain that he was worried to death.

### Commissioners' Salaries.

DES MOINES, Nov. 5.—In response to a query from the auditor of state as to whether the section of the code reducing the salary of the railroad commissioners from \$3,000 to \$2,200 annually is to be construed as taking effect with the code on October 1 last or at the beginning of the next terms of the commissioners, Attorney General Remley submitted an opinion that the change contemplated was to take effect on October 1.

### An Attempted Suicide.

OSKAHOOLA, Nov. 3.—David Grier, a railroad man and ex-bartender, attempted to commit suicide by taking eight grains of morphine. He was found by his wife before the drug had killed, and two doctors, after working with him three hours, saved his life. No cause is given for the act. He had had steady employment and a good home.

### Klony Held for Shooting.

DES MOINES, Nov. 3.—Frank Klony, the Russian miner, who is thought to have fired the shot which caused the perhaps fatal injury of Jesse Conway, is held in jail on a charge of assault with intent to murder. If Conway dies the charge will be changed to murder. Klony says he was intoxicated at the time.

### Escapes From the Penitentiary.

DES MOINES, Nov. 3.—Victor Fish has escaped from the penitentiary at Anamosa. He was convicted of stealing a harness from a barn in Des Moines and sent to the prison for six years. That was six months ago, and it was his third term, he having been sent up before from Sioux City and Adel.

### Kennedy Sentenced.

DES MOINES, Nov. 4.—James Kennedy sentenced by Judge Conrad to 3 years in the penitentiary for assaulting his wife with a knife and cutting a long gash in her abdomen. The two live on the East Side. They had trouble one night and the man used vigorous methods with his wife. He was caught and arraigned.

# SUCCESSFUL JOURNALISM.

## Des Moines Daily Newspaper For 21 Years.

Des Moines, Nov. 3.—The Des Moines Daily News, the only daily paper in the world for 21 years, has reached the phenomenal circulation of 17,000 copies per day, double that of any other Iowa daily. The News has recently added to its editorial force as managing editor Edwin A. Nye, lately editor of the Danville (Ill.) Commercial and one of the brightest editors in the west. Mr. Nye declines a \$4,000 consulship tendered him by President McKinley to identify himself with this remarkably successful newspaper, which is regarded by advertisers as the most valuable medium in the state and commands the highest rates for space. This is the third year the Daily News has been offered for \$1 a year.

### Once of Wise Prevention.

OSKAHOOLA, Nov. 3.—At a meeting of the Oskahoola board of health in conjunction with the city council an order was passed closing all of the five ward school buildings on account of fear of diphtheria, no death from which has occurred.

### Iowan Killed by a Minnesota Officer.

PIERSTONE, Minn., Nov. 4.—Henry Habering, of New Hamburg, Iowa, was shot and killed by Policeman McCall in this city. Habering was under arrest and attempted to escape.

### Brick Works Burned.

WEBSTER CITY, Nov. 3.—The Lehigh brick and tile works, operated by the Webster City people, burned. Loss, \$20,000; insurance, \$5,000.

### IOWA CONDENSED.

A great school—Highland Park College, Des Moines, Iowa. Send to President Reierick for free catalogue.

Benjamin Hartman, of Muscatine, was killed by the cars at Abingdon, Ill. He is thought to have committed suicide as his actions and talk have been queer lately.

Fire destroyed two barns at Waterloo and burned six horses, property of the Woods Ice and Coal company. The loss is estimated at \$1,200; no insurance. The origin is unknown.

A few days ago train number six of the St. Louis, Keokuk & North-western railway struck and killed John Roberts at Galland. Roberts was an old man and bachelor hermit. He was walking on the track near the station and his body was thrown twenty feet. The train was going fifty miles an hour, as no stop is made at Galland.

W. O. Patton, of Des Moines, was sentenced by Judge Conrad to six months in the county jail for the crime of assault with intent to do great bodily injury. Patton is a negro who was arrested for striking a knife into the arm of an Italian fruit vendor at Sixth and Mulberry streets, while Patton was apparently trying to steal some fruit from the stand.

At Burlington recently two electric motor cars collided on South Main street, badly demolishing both cars and seriously injuring Motorman Henry Lunscott, Bert McCune and Frank Lowry. Lunscott had both legs broken and one had to be amputated and he is in a critical condition. Fortunately there were no passengers aboard, the injured being employees. The cause of the accident was the refusal of the brakes to work.

Dubaque dispatch: The bones of Julien Dubaque, the first white settler west of the Mississippi, with those of two Indian chiefs, were unearthed a few weeks ago by the builders of a monument upon his grave, occupying a picturesque bluff below town. They were deposited in a stone sarcophagus within the monument, in the presence of over 2,000 people. The ceremonies were under the auspices of the Early Settlers' Association, and J. H. Shields delivered the oration.

The C. M. & St. P. depot at Charles City was robbed a few nights since, the burglars using a drill and breaking the safe. They secured \$43 in cash, five 2,000 and five 1,000 mileage books and escaped before the agent returned from his supper, the office being left alone but twenty minutes. The work was evidently done by the same gang that robbed the Nora Springs postoffice the night before, when they escaped with \$70 in cash and \$75 in stamps, which were in registered letter envelopes.

The jury in the case of Mrs. Christian Behrens, of Davenport, recently jointly indicted with Henry Bendt for the murder of Claus Behrens, the woman's husband, by administering poison in the shape of Paris green, was discharged by Judge Waterman, after being out fifty-two hours. It is stated the jury stood eight for conviction and four for acquittal. The case has received great public attention in this section. The claim of the defense was that Behrens committed suicide.

At Sioux City recently two masked robbers held up Frank Wilson's gambling house at 2 a. m. The rooms were crowded, and at the desperado's command thirty pairs of hands were raised simultaneously. The faro dealer, Ike Smith, took time, however, to transfer a wad of several hundred dollars from the table to his pocket. One of the thieves, however, lost his nerve and ran for the door. The crowd then made a dash for his companion, and it was only by an extraordinary display of agility that he escaped.

Des Moines dispatch: Israel Bros., manufacturers and wholesalers of men's clothing and dry goods novelties and retail dry goods dealers, went to the wall. The liabilities are estimated at from \$45,000 to \$55,000, while the assets, according to creditors, will not exceed \$30,000. The evidences of indebtedness cover the big retail store at 517 West Walnut street and the factory and wholesale house located on the upper floors of the building at 708 and 710 West Locust street, as well as some few scattered assets. The trouble was precipitated by the Clinton Woolen Manufacturing Company, of New York. Its representative demanded that the claim of his company for \$2,139.63 be paid. The amount could not be raised and the assignment followed.

# ALL OVER THE WORLD

## OHIO ELECTION.

Courts Will Be Asked to Take a Hand.

COLUMBUS, Nov. 5.—It has become known that the courts will be requested to for the purpose of preventing boards of election from issuing certificates to the republican candidates in certain counties. The republican state committee also have lawyers preparing cases on contest. The republicans got three representatives on the face of the returns from Delaware, Noble and Wood counties, whose pluralities only aggregate 153 and a change of seventy-two votes would have given the democrats control of the legislature. The republicans also claim that the democrats elected members to the legislature on close margins, that there were ten counties in the state that gave less than 100 plurality each for their candidates for the legislature and that the democrats secured as many members on these small pluralities as the republicans. Both sides are preparing for contests, first in the courts and then in the legislature. As each branch of the legislature is the tribunal of last resort in judging of the qualifications of its own members, the republicans have an advantage in their control of the house over the democrats, who will control the senate. There are thirty-six senators with only one or two contests possible in that body. In the house there are 105 members with a dozen or more seats that can be contested and the republicans claim a majority of seven in that body, so that more democrats can be unseated in the house than republicans in the senate.

### TAYLOR'S PENCIL.

Ex-Minister to Madrid Tells of Corruption and Dishonesty.

NEW YORK, Nov. 4.—The World's Madrid special says: Something of a sensation was caused in Madrid by telegrams from America, epitomizing an article on Cuba written for an American magazine by former Minister Taylor. The Spaniards are particularly annoyed because Taylor obtained from contemporary data in the daily press and from utterances of his statements all his information about the lack of honesty in elections and in parliamentary government and about the notorious abuses in their home administration, even at the capital. The conclusion Taylor draws from such premises in favor of American intervention for the settlement of the Cuban question has given much offense at court and in official and political circles, but it is deemed to counteract the favorable impression the Spanish note had made in the highest circles at Washington, including the president and his cabinet, according to telegrams received by the Madrid press and official dispatches from Minister De Lome to the cabinet.

### ARE AT IT AGAIN.

Monetary Commission at Work in Washington.

WASHINGTON, Nov. 4.—The monetary commission has reconvened for the purpose of commencing the preparation of its report and of the currency measure which is to be submitted to congress. Since its appointment and the issuance of an invitation to the public to express its views, the commission has been deluged with mail matter from every section of the country. Bankers and other financiers, business men and wage workers have put their views upon paper, some of these communications being of considerable length, and there has been a remarkably strong expression of opinion for the withdrawal of greenbacks and treasury notes, and in favor of the unification of paper currency simply into silver certificates and coin certificates. So far there has not been an inkling of the sentiments of the commission and nothing will be authoritatively known concerning its conclusions until its report has been officially transmitted to congress.

### UNION PACIFIC IS SOLD.

Reorganization Committee Secured the Property for \$63,328,532.

OMAHA, Neb., Nov. 3.—The interest of the United States government in the Union Pacific railroad terminated when, at the foreclosure sale of the mortgage held by the United States, the road was purchased by the committee of eastern capitalists formed for its reorganization. The full amount accruing to the United States from the sale cannot be given exactly, but it is estimated to be \$68,995,748.40. It was impossible to determine the full amount at the time of sale for the reason that the monthly statement made by the secretary of the treasury to the management of the Union Pacific on the first of every month is not available, and it was found necessary to estimate some items, although it is admitted by both sides that the estimates are approximately correct. The amount due to the government is \$58,448,928.45. Against this are credits amounting to \$18,555,440.74. Balance amount and bid by reorganization committee, \$39,893,387.87. The sinking fund bonds sold for \$13,645,250.76.

### VESSEL IS SUNK.

Evidence of a Terrible Disaster off South Shoals.

BOSTON, Nov. 4.—The bark Galle arrived from Para and Barbadoes and Captain Greene reported that when 180 miles south of South Shoal light-house, he fell in with an immense amount of wreckage, apparently marking the spot where some large English vessel had foundered. The wreckage included a portion of a vessel's deck with knees attached, main ribs and stanchions planking and pieces of a dock house, besides a boat upon which is plainly visible the word "London." There were also about ten packages of pitch pine deals in the midst of the wreckage but no spars or rigging in sight. Judging from the deck and wreckage the vessel would carry about 150 men.

# SLANCO IN CUBA.

## New Captain General Arrives and Issues a Proclamation.

HAVANA, Nov. 2.—Upon the arrival of Captain General Blanco in Havana he issued the following proclamation to the inhabitants of Cuba: "I am again with you, with good will and a sincere desire to serve the general welfare and establish lasting peace. I shall follow a broad policy in my endeavor to restore fraternity among the Cuban inhabitants. I am sincere in my intention to inaugurate a new government policy, the object of which will be to secure and preserve the peace. I hope you will all salute and embrace the Spanish flag, throwing aside all party prejudices and discarding alliances with those who are staining the country with blood. Clemency awaits all who observe the laws, but rigorously fight those who obstinately or ungratefully continue to carry on war."

### STUDENTS AT WAR.

Several Are Wounded and Many Arrested at Vienna.

VIENNA, Nov. 4.—Conflicts between Germans and Czech students arising out of recent difficulties, occurred at various points. At Grass six Germans were seriously wounded and twenty have been wounded at Prague. At Breaun there have been similar collisions with serious results to the combatants. Numerous arrests were made in each place.

### Sails With a Huge Cargo.

NEW ORLEANS, Nov. 2.—The steamship Milwaukee sailed for Liverpool with the largest cargo of cotton, if not the largest general cargo, ever floated. It consisted of 23,850 bales of cotton, 30,200 bushels of grain, 38,813 pieces of staves and 2,300 cars. Her entire cargo being equal to 26,000 bales of cotton, it would take 500 freight cars to carry her cargo, and the train would measure three and a quarter miles in length.

### Five Miners Killed.

CRIPPLE CREEK, Colo., Nov. 4.—Jaa. Moore, foreman, Mike Welch and three other workmen, whose names have not been learned, were instantly killed by the premature explosion of black powder in the pit of the electric railway cut at the head of Fifth street in Victor. Tons of rock were thrown upon the workmen.

### New Facing Champion.

SANTA ANNA, Cal., Nov. 1.—Searchlight, the 3-year-old pacer, in an exhibition mile and an eighth, eclipsed all previous records, which put him at the head of pacers for his age. With a running mate he established as his record 2:05 1/2. His time at the quarter was :32; half, 1:02 1/2; three-quarters, 1:34 1/2.

### After Andree.

BERLIN, Nov. 5.—The Lokai Anzeiger announces that a steamer fitted out by the government of Tromsø, under instruction from King Oscar, has left Tromsø island in search of Professor Andree. She will proceed to Spitzbergen and is provisioned for eight months.

### BREVITIES.

The Pall Mall Gazette, London, commenting on the threatened strike of the cotton operatives throughout the north of England, says that the lockout will affect 200,000 persons and adds that if the strike lasts for a month it will entail a loss of 7,000,000 and means the ruin of the cotton industry.

The following reforms for Cuba have been formally passed upon and approved by the Spanish cabinet: "The Cuban chamber of deputies is to consist of between forty and fifty members, a deputy for each 40,000 inhabitants. The governor general is to choose from this chamber five members to form an executive committee consisting of a president and ministers of the interior, finance, justice and public works. The governor general of Cuba is to have the right to veto legislation."

Reports recently received from Snake river, Colorado, say that Game Warden Wilcox, in attempting to arrest some Indians near Lily Park for violating the Colorado game laws, was fired upon by Utes. The officers returned the fire, killing five Utes. Wilcox with several posse of deputy sheriffs and ranchmen, is after the Indians and further conflict is inevitable. Excitement is intense, and parties are organizing to go to the relief of the game warden, fearing a general uprising of Indians.

Chicago dispatch: Rev. Charles O. Brown, D. D., still stands suspended from the ministry. Bay conference was declared by the mutual council of the Congregational Church to be justified in its actions in suspending him. At the same time, the finding of the council vindicates him of the original serious charges, and urges that the conference and the minister strive to adjust their differences. The vital point of the finding reads as follows: "We find that, while Bay conference in its action fell into some irregularities of procedure we are still led, upon the whole, to justify said action of Bay conference in suspending Rev. C. O. Brown, D. D., on the ground of charges seriously affecting his ministerial standing."

Panama dispatch: Private advice from Guatemala tell of an alleged plot to kill President Rafael Gutierrez of Salvador, which had its inception in La Libertad. It is supposed, according to these advices, that the chief conspirator was arrested and thrown into prison, but later released under a misapprehension. As a result of the plot a train bearing President Gutierrez from San Salvador to Acajutla was wrecked on a curve as it neared Sonsonate. Bolts holding the rails spread throwing the train from the track. The president escaped unhurt, but the engineer of train was killed, and the fireman injured so badly that both legs had to be amputated. Reports from San Salvador deny that the wreck was the result of a plot to kill the president.

# HENRY GEORGE IS DEAD.

## Candidate for Mayor of New York Dies of Apoplexy.

NEW YORK, Oct. 30.—Henry George, the candidate of the silver forces for mayor of Greater New York, and the champion of the single tax theory, died of apoplexy at the Union Square hotel yesterday morning, four days from the time he was to receive the suffrage of his followers at the polls. George had been making a killing fight. No such fight as the present one has been waged in New York City for years, and George had been in the heat of the battle. He had been making a large number of speeches each day, and on the night before his death he had made four addresses. For several days it had been noticed that he was breaking down, but no one anticipated the collapse which resulted in his death. He awakened at 3:30 a. m. with terrible pains in his head. He soon became unconscious, and at 5 o'clock he passed away. Political circles were thrown into consternation by the announcement of his death, as it had been generally estimated that he would poll from 100,000 to 150,000 votes. A meeting of the campaign committee was at once held and the lead man's son, young Henry George, was nominated to take his father's place.

### SERIOUS STRIKES ABROAD.

English Cotton Operatives Object to Reduction—No Bakers in Madrid.

MANCHESTER, Oct. 31.—All the meetings of the cotton operatives throughout the north of England instructed their delegates to inform the operatives that they would not consent to the proposed reduction in their wages. The situation is most critical. About 100,000 operatives are affected.

MADRID, Oct. 31.—The strike of the bakers has become general, and it is difficult to procure bread in the city. Soldiers are being used as bakers.

### ARBITRATION OF A BIG STRIKE.

English Cotton Operatives and Employers Will Settle.

MANCHESTER, Eng., Nov. 2.—At a conference between representatives of cotton operatives, the employers gave notice of their intention to make a 5 per cent reduction in wages December 1. Later the employers' and operatives' representatives agreed to submit the matter to arbitration. This will probably avert a contemplated strike affecting 200,000 persons.

### Spain and Cuba.

MADRID, Nov. 5.—Owing to the fact that the Carlists are known to be importing arms into Spain, Premier Sagasta and Minister of War Correa are considering the adoption of repressive measures.

JACKSONVILLE, Fla., Nov. 5.—A special from Key West says: The Dauntless landed two expeditions from the Silver Hecla, one in Camaguey and one in Santa Clara province. J. E. Cartaya landed at Key West from the Dauntless and will remain here. Dr. Juan Castillo and Charles Silva landed at Camaguey with important messages for the Cuban government. Both expeditions landed safely and have gone to the interior. The Silver Heels left for the north.

### Miners Were Betrayed.

SPRINGFIELD, Ill., Nov. 1.—The executive committee of the state miners' organization met and completed the investigation of the charges against President James Carson, of O'Fallon, and four others, George Horn, of Glen Carbon, William Norbury, of Troy, James Page, of Staunton, and Thomas Simpson, of Collinsville, presidents of local unions of miners, each charged with conspiring with the Consolidated Coal Company, of St. Louis, to settle the strike in the consolidated fields at the old scale. Carson presented his resignation as state president, and it was accepted. A resolution was passed, but not made public. The four local presidents were found guilty.

### Eckels's New Job.

CHICAGO, Nov. 4.—The Chronicle says: James H. Eckels, former comptroller of the currency for the United States, has been elected president of the Commercial National Bank of Chicago. Mr. Eckels will enter upon his new duties January 1, 1898. The Commercial National is one of the largest banking institutions of this city, its deposits amounting to nearly \$10,000,000.

### Legislative Action.

ATLANTA, Ga., Nov. 2.—As a result of the fatal injuries received by Von Gammon, of the University of Georgia football team, a resolution has been introduced in the house of representatives to abolish foot ball playing in universities and other institutions in Georgia, receiving aid from the state.

### Immigration is Falling Off.

WASHINGTON, Nov. 2.—The number of immigrants arrived in the United States during the first three months of the present fiscal year was 49,296, a decrease of nearly 11,500 as compared with the same period last year.

### IOWA PATENT OFFICE REPORT.

DES MOINES, Nov. 5.—Patents have been allowed, but not yet issued, as follows: To N. E. Finch, of Boone, for a water heater and washing machine combined. An adjustable hydro-carbon burner under the sheet metal bottom of the tub is connected with an adjustable oil reservoir and an auxiliary bottom in the tub has a rubbing surface and a vibrating rubber suspended from the cover rubs clothing thereon. To T. H. Williams, of Huron, South Dakota, for an improvement relating to the machine for which a patent was granted to him February 4, 1894. To F. L. Fairbank and T. N. Carver, of Boone, for a plastic composition and blotter bath. One-third is assigned to L. M. Mann, of Des Moines. M. G. Kellogg, of Chicago, broke the record last week in the number of patents issued to one inventor in one day. One hundred and twenty-five patents were granted to him October 30th, and every one is for a "Multiple Switch Board." It is fair to presume each one cost not less than \$100 in fees, and in the aggregate \$12,500. Valuable information about obtaining, valuing and selling patents sent free to any address. Printed copies of the drawings and specifications of any United States patent sent upon receipt of 25 cents.

LIEUT.-GOV. POSEY.

A STRIKING FIGURE IN INDIANA'S HISTORY.

His Military Bearing and Personal Charm—A Lieutenant-Colonel in the Revolution—An Intrepid Soldier—Subduing Indiana.

(Hanover, Ind., Letter.) His early history of Indiana during the territorial period and the first years of statehood is replete with the achievements of those daring pioneers who crossed the Alleghenies and in the wild, unconquered region north of the Ohio river found a field of action which suited their adventurous nature.

Gov. Posey was a Virginian by birth. On the 9th of July, 1750, he first opened his eyes upon the broad Potomac, near Washington's home.

The plan of campaign contemplated a union of the two forces at the mouth of the Kenawha river. Dunmore was to lead his force of Virginia militia to Pittsburg and then to proceed down the Ohio to the mouth of the Kenawha.

But Dunmore was not there. The story of his vacillating course, how he safely reached Pittsburg, and instead of descending the Ohio, had marched into the Indians' country and there made peace with the savages, while Lewis, with less than a thousand raw recruits, from sunrise till dark, fought the terrific battle of Point Pleasant.

On Feb. 27, 1813, President Madison nominated Thomas Posey for governor of Indiana territory. The nomination was confirmed by the senate on the 3d of March.

location than he took active measures to subdue or drive from the boundaries of Indiana these cruel foes.

By an act which was approved March 11, 1813, the seat of government of Indiana territory was declared to be fixed at Corydon.

Mr. Jean Patterson of Salem Ia., spent Sunday in the city.

Mrs. Lydia Clay expects to leave Saturday morning for Chicago where she will spend the winter with her grand-daughter Mrs. Ed Thomas.

There was a social held at St. Clair Chapel last Thursday ev. for the benefit of their pastor. Incandescent lights have been put in the Second Baptist Church which is quite an improvement to their neat little church.

Miss Delphia Norris of Des Moines who has been visiting relatives in the city expects to return to her home this week.

Pleasant Surprise.

At the beautiful home of Mr. and Mrs. B. J. Holmes occurred a very pleasant surprise party on Mr. H. Mrs. Holmes previously invited the members of the Bystander Co., of which Mr. H. is treasurer; to her home Monday evening, it was also given in honor of T. E. Barton on the eve of his departure for Washington, after enjoying the best supper that this company ever sat down to, the evening was spent in a social way and with a speech by T. E. Baaton the first President of the company, and Wm. Coalson the present President. The verdict of all was that Mrs. Holmes is a good entertainer and knows how to serve her guest; she was assisted by Mesdames Wm. Fletcher and Fred Jackson. They have a very beautiful and nicely furnished home.

To Re-imburse Lee.

In another part of our paper we give you a complete list of colored men, that have been members in the two branches of congress of the United States, which we apprehend will be read by all our readers with interest. We are indebted to a special friend in Washington for the list. As you will see one of the contestees is Hon. Samuel Lee, from the 1st district of South Carolina; who was rightly seated or voted a member after a long contest, but though dilatory tactics on the part of the democrats of congress and parliamentary obstruction, so that congress adjourned before he was officially sworn in, or had taken the oath of office, although seated by congress, thereby keeping him from drawing his salary as a member. Mr. Lee will bring this matter up before this coming congress and we trust that congress will allow him his just compensation for the time that he was a member of congress. Any one can read the entire proceedings by referring to the 54th congress 2nd session House of Representative report no. 3999. We know that the Iowa congressmen are always in favor of justice and right and will use their influence to right any wrong and pay any just claims. Mr. Lee's claim should be paid as any other honest claims.

Charles Dameron of Washington, D. C., arrived in the city Monday in time to vote. Dameron is an old Des Moines boy, who is holding a position in the Government build-

ing, given him by congressman Hull during his first term in congress. Dameron is a selfmade young man and by hard studying and close attention to business has accumulated money and real estate, he left Wednesday evening for Randolph, Mo., to visit relatives until the first of next month, when he will return to his post of duty.

Jefferson Logan is still nursing his head which is giving him a great deal of trouble and baffling the skill of his physician as how to control the inflammation and prevent amputation. We with his many friends trust that the worst is passed and that the surgeon's knife will not be needed to bring about perfect health.

The Afternoon Social Club will meet Thursday Nov. 11th at the President, 1719 E. Walker street. Mrs. Wm. Maah.

ALL THE WAY FROM THE MISSOURI RIVER TO BUFFALO, THE WABASH RAILROAD OPERATES TRAINS OVER ITS OWN TRACKS.

Having leased the tracks of the Grand Trunk Railway between Detroit and Suspension Bridge, and those of the Erie R. R. from Suspension Bridge to Buffalo, the Wabash R. R. will run its own trains from Kansas City, Omaha, Des Moines, St. Louis, Quincy, Hannibal, Keokuk and Chicago to Buffalo, being the only road from Missouri and Mississippi points having its own line and trains running into Buffalo, through cars from Kansas City, St. Louis and Chicago to Buffalo without change.

CURE CONSUMPTION.

T. A. Slocum, M. C., the Great Chemist and Scientist, Offers to send free, to the Afflicted, Three bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles. Nothing could be fairer, more philanthropic or carry more joy in its wake than the offer of T. A. Slocum, M. C., of 183 Pearl Street, New York City. Confident that he has discovered an absolute cure for consumption and all pulmonary complaint, and to make its merits known, he will send, free, three bottles (the Slocum new system of medicine) to any reader who is suffering from chest, throat and lung troubles or consumption. He invites those desirous of obtaining the remedies to simply send him their express and postoffice address, and receive in return the three bottles. Already this "new scientific course of medicine" has permanently cured thousands of apparently hopeless cases. He considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure. As he has proved consumption to be a curable disease beyond my doubt. There will be no mistake in sending—the mistake will be in overlooking the Doctor's generous invitation. He has on file in his American and European laboratories thousand of testimonials of experience from those cured, in all parts of the world. Delays are dangerous: mail your address to T. A. Slocum, M. C., 183 Pearl street, New York and when writing the Doctor, please mention reading this article in the Iowa State Bystander.
