The Easter number of the Denver Statesman reached our office this week in an entire new dress. It was very artistically arranged and beautifully illustrated with cuts of public buildings of Denver. It was in three parts with 12 pages well arranged and in every way modern which reflects much credit to its manager. Brother Mackley the Bystander congratulates you.

The Canadian Jubilee Singers who gave two concerts in our city a few days ago, was one of the best and most refined colored singers ever visited our city, their songs was free from that peculiar dialect so frequently heard in most of the Jubilee singers each of these men and ladies were adepts well trained and very polite. Their Orchestra was simply magnificent and was something new and unique, which change the general monotony. This is their first visit in Iowa and we wish them success while in our state and hope they will come again.

Coalson, will take place on the night of the 20th of this month at the MIRROR, East Sixth and Locust St. It is expected to be one of the grandest affairs that has been given in this city. The program will appear in the next issue of the paper.

The election of John L. Thompson on last Friday evening as a member of the County Republican Central Committee from the 2nd. Precinct and 3rd. Ward to fill out the unexpired term of Mr. Hastie was a victory for the race as every colored man was unanimous for Thompson also several white people. He is the only colored man on the Central Committee and the third ever held such a place on the Committee. Thus proved the adage is true that if the colored people will only work together quietly and honestly for their worthy and capable men in each case they could soon be a power in public affairs, whenever duty calls let us be men broad enough to lay aside petty feeling and work for the welfare of the race.

Notice, to our subscribers. The Bystander's representative from this office will call on our subscribers next week in the following towns, Marshalltown, Cedar Rapids, Clinton, Moline, Rock Island and Davenport.

Nearly all of the churches in the city observed Easter Sunday in various ways some held sacred services, some special song services, while others had a programme rendered by the little children. The Canadian Jubilee Singers was the attraction at the Central Christian church while special song service was held at both the St. Paul Episcopal and the Catholic. At the A. M. WILL BE TRIED FOR LYCHING THE COLORED POSTMASTER.

For the first time on record the federal government will enter the South and take up a lynching trial. Fraser R. Baker after being appointed postmaster at Lake City, S. C. was killed and the postoffice burned by a mob of citizens.

Fifteen of the prominent white citizens of Lake City will be put on trial in the United States circuit court this week, to answer to the charge of having lynched postmaster Fraser R. Baker more than

a year ago. Besides killing the postmaster, because he was a colored man, the same lynchers will have to answer for the killing of Mr. Baker infant child and for the burning of the Lake City post office, with all of its effects. It is said that other arrests will be made before this case is taken. Over eighty witnesses have been summoned before the grand jury and other indictments are expected. When the cases are called there be a great array of witness for the defense.

This is the first time on record that federal government has come into the South to take up a lynching trial. The murder of R. Baker was probably the most brutal crime known in the history of the State Mr. Baker was appointed postmaster at Lake City and before he took charge of the office, was warned to keep away. He refused and an attempt was made to kill him soon after his commission was received. This failed, then the regular band of organized men put him out of the way. We trust that the federal courts will prove to be the way to bring those bruits to justice.

Editor Bystander:—Now in regards to electing our committeeman in the 2nd. precinct of the 3rd. ward, Friday March 31st. this goes to show that if the colored voters would honestly and firmly stand by any one candidate of the colored race, that the chances are a success or nearly so; now there were at the polls on the evening that Thompson was elected twenty or twenty-one colored voters and all of whom stood honestly and firmly by him and thus succeeded in electing him committeeman and this is the only way in which the colored race can accomplish anything very much. Now, if the colored race, from now on, expect to accomplish anything of very much importance, it will have to entirely ignore, to play and thus get right down business, like intelligent men, and not this done, as a race, very little will be accomplished.

Ceill Rhodes Ceill Rhodes.

It is said that Ceill Rhodes once tried to impress his importance upon a little German clerk in the government office at Johannesburg and met with signal failure. Rhodes, says the New York Tribune, had to stand in line and didn't like it. "Please attend to me at once," he said. "I can't wait." "When your turn comes, mister," mumbled the clerk. "Confounding you, sir! Don't you know who I am? I'm Rhodes." "Oh, yes, I knew that, but that doesn't worry me," was the unflinching reply. "If you were in Cape Town I'd have you discharged in a minute," roared Mr. Rhodes. "Yes; I have heard that they discharged people in Cape Town for doing their duty," answered the clerk; "but we ain't in Cape Town; this is a republic."

Bombarded the Idols.

This is from the Lelpsis Mission-blast: The Maharajah of Nepal recently committed suicide in horror at the disfigurement which an attack of smallpox had caused in her features. The Maharajah, who was passionately attached to her, first wreaked his vengeance on the physicians who had attended her in her illness. Then he flew at higher game. Out of the great temple he brought the idols, planted cannon before them and made gunners fire. In terror at the proposed blasphemy, they refused, thereupon the Maharajah hanged several of them. The survivors then submitted, and the guns were fired and the idols blown to
