Every day the same old question, What shall we eat for breakfast, for luncheon; for dinner? assails with monotonous regularity the patient housewife who seeks to provide good living for the family in agreeable variety at a moderate cost. There is a daily department in THE CHICAGO RECORD-HERALD which is intended to answer this question satisfactorily every day in the year. It is entitled "Meals for a Day" and provides menus for the three meals every day, with the necessary recipes. ST. PAUL.

After a delightful stay in the old Bear State (Arkansas) I returned to the good people of St. Paul in the middle of last week. As usual large congregations met me Sunday all day, and from all appearances the day was the most profitable of any of our sojourn in the city.

I am very much indebted to brother Newman, our fine local, who preached most acceptably to big congregations in our absence. I am not unmindful of the loyalty of the membership of St. Paul and its large following of young people who are divided into fourteen different departments.

Next Thursday is Thanksgiving day and no doubt it will be the history marking day about St. Paul. A large committee of ladies representing every phase of church society are working as they have never before worked to make the dinner a paying one. While Prof. Holt has under his direction the

choir of forty voices, rehearsing twice a week, that a great musical feast may be given the public at night on Thanksgiving day. Some of the most distinguished citizens of the city will be invited as guests of honor. Let the membership of St. Paul turn out on Thanksgiving day and assist the Trustees in raising \$391, which must be raised by the first Sunday in December.

The pastor has something exceptionally new for the congregation Sunday morning and would like to see one hundred and fifty of the membership out at least. Text: "Three gates in the east, three gates in the west, three gates in the North, and three gates in the south."—Rev. Come and bring your bibles.

The parsonage was most happily visited by a storm party Monday night while the pastor was at the Trustees meeting. The madam was on hand however and received the members and friends who came with their arms filled with good things for the home. All of which was graciously received. Come again ladies. You rank among the best of Methodism's Marys and Martias.

H. S. GRAVES, Pastor.

AL. W. LAYMAN GETS TREASURER.

Mr. A. W. Layman, the 1st deputy under John McKay as treasurer, was appointed by the county Board Tuesday as treasurer to fill out the unexpired term of Mr. McKay, who resigned to accept the Postmastership. Mr. Layman is a candidate for County Treasurer, so is Chas. Merrow. They were both candidates before the board for appointment, but Mr. Layman received 3 votes while Mr. Merrow received 2.

IT LOOKS LIKE CANNON FOR SPEAKER.

From political observations it looks as though Hon. Joe Cannon will be selected as the next speaker of the American Congress to succeed Hon. D. B. Henderson of Iowa. Congressman Babcock of Wisconsin pulled out this week, and the Iowa Congressman with the Wisconsin delegation declared for the Illinois man. It looks as though he had a sure thing. He is well equipped from long service in public affairs and his many years in Congress has fitted him for said office. Iowa has joined hand with her sister state to help push the middle west to the front.

THANKSGIVING.

Again the President, and governors of the various states have set aside next Thursday as the day of Thanksgiving and praises to the great Jehovah for the blessings that the American people enjoyed this year. This has been a year of plenty, of happiness and prosperity, hence we all should give thanks. This custom was first inaugurated by the discoverer of this country, Columbus, and renewed by the father of our country, George Washington, emphasized by the savior of our country, Abraham Lincoln. And this Thanksgiving day we American people today can say that we have reached the highest degree of civilization on the western hemisphere. While our civilization is not perfect by any means, yet we should continue onward and upward to make mankind better.

WHAT'S THE MATTER WITH COLORED MINISTERS.

It is indeed a great surprise to us the way that the Chicago Broad Ax goes after some of the so called big Chicago ministers. We have never read such bold statements and such terrible things that Editor Taylor allege that those ministers are guilty of. This week's issue of the Broad Ax gives a three column writeup on the black and unsavory record that Rev. A. J. Murray had while in Indianapolis and also in Chicago now, if those things are true his license to preach ought to be revoked, we believe that the pulpit ought to be purified and kept pure. Broad Ax, you may be right but you have a big task we know.

The way to succeed nowadays is to have had success first.

FACTS ABOUT THE WELLESLEY STORY

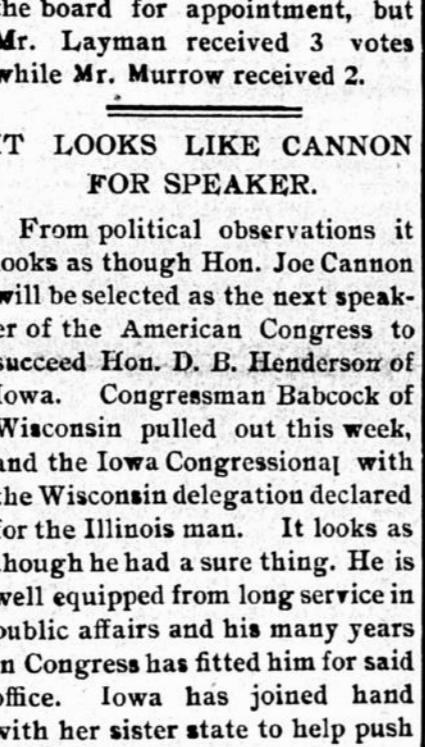

The following letter was sent The New York Age from Booker T. Washington, concerning his daughter at Wellesley, which gives the facts in the case and should stop all future discussions as to why she left that college:

In the first place, this whole matter was started very largely by the group of colored people who publish that colored newspaper and who, of course, have always been opposed to me. After the colored newspaper started it, the matter was snatched up by the Boston Post and some special correspondent on the Post sent the matter to all of the leading Southern daily papers about two weeks ago. Such papers as the Montgomery Advertiser and the Atlanta Constitution telephoned me that they had the matter but refused to publish it until there was enough foundation in the story to warrant their doing so. I should say that perhaps three or four Southern daily papers published the matter two weeks ago.

The facts in the case are these: My daughter being here on the grounds and having superior advantages, finished the courses here, both literary and industrial, at a much younger age than is true of

the same ambition I had in preserving and promoting the plantation singing. She has always kept this in view in her music studies. After she had been in Wellesley for some months, and I had advised with her teachers from time to time, both her teachers and I felt sure that she would make better progress in her musical studies if she had more foundation in the way of literary preparation, and in order that she might better prepare herself, her mother and I decided to have her take a regular seminary course at Bradford Academy, where she now is studying and is doing well in every respect.

There was nothing during her entire stay at Wellesley which indicated that any one had the least prejudice or feeling against her on account of her color. In fact, from the beginning to the end of her school life there she has been treated with the greatest kindness and consideration by students and the teachers. She did not board in the hall for the reason that no one except those taking the regular college course is permitted to board in the hall. There is a colored girl at the present time, much darker than my daughter, in the Senior class who boards in the hall. Besides, I pre-

DES MOINES' NEW POSTMASTER.

Hon. John A. T. Hull has decided and announced to the public that he will recommend the Hon. John McKay, Sr., as postmaster for Des Moines for the next four years, his term beginning December 22, 1902. The appointment is a popular one and the most deserving out of the many applicants. In fact Mr. McKay was the choice of fully two-thirds of the people of Des Moines. He is honest, clean, punctual and a good conservative man. He is a friend to all classes and races, with ripe age and well matured ideas. He regards a man from his ability, his honesty and his character and not his complexion. He was born in Scotland 63 years ago and came to this country, worked in the mines for many years; he was elected alderman from the First ward and from there he was elected county treasurer and was the first and only man in Iowa that ever appointed a colored man deputy treasurer because he thought that the colored race was entitled to one representative in that office even though many white republicans opposed a colored man as a deputy. We are certain that the 1,000 colored voters feel profoundly grateful to Mr. McKay and wish him success in his new office.

Portia there, and especially for the reason that she was of great assistance because she played the piano during the devotional exercises in the chapel. This is all there is to the story, and I will leave it to your own judgment as to whether or not you think it wise to make any use of it.

My son, Booker, who is studying at a boys' school in Wellesley, finished the brickmason's trade before he left here, although he is quite young. I have never attempted to set any limit upon the development of our race and never shall attempt to do so. The only thing I insist upon, and shall continue to insist upon, is that they lay the foundation in the more fundamental things and grow in a natural rather than an artificial

Another club woman, Mrs. Hauke, of Edgerton, Wis., tells how she was cured of irregularities and uterine trouble, terrible pains and backache by Lydia E. Pinkham's Vegetable Compound.

"A while ago my health began to fail because of female troubles. The doctor did not help me. I remembered that my mother had used Lydia E. Pinkham's Vegetable Compound on many occasions for irregularities and uterine troubles, and I felt sure that it could not harm me at any rate to give it a trial.

"I was certainly glad to find that within a week I felt much better, the terrible pains in my back and side were beginning to cease, and at the time of menstruation I did not feel nearly so nervous a time as heretofore, so I continued its use for two months, and at the end of that time I was like a new woman. I really have never felt better in my life, have not had a sick headache since, and weigh 50 pounds more than I ever did, so I unhesitatingly recommend Vegetable Compound."—Mrs. M. HAUKE, Edgerton, Wis., President Household Economics Club. — \$3.00 per bottle. Original of above letter proving genuineness cannot be produced.

Women should remember there is no other medicine that cures all female ills, Lydia E. Pinkham's Vegetable Compound. Refuse to buy any other medicine, you need the best.

GHASTLY RUN IN GUATAMALA

Thousands Perished During the Recent Eruption of El Rosaio.

PLANTATIONS ARE RUINED

Valuable Properties Buried Under From Five to Seven Feet of Ashes—Earthquakes Destroyed Many Buildings—Great Loss of Life.

San Francisco, Nov. 20.—The first of the refugees from the devastated lands of Guatemala arrived on the Pacific mail steamer City of Para. They came through districts laid waste by sand, ashes and pumice before reaching a railway station. They made the journey thence by rail to Champerico and thence took steamer to San Francisco, sailing November 7, when the volcano was still smoking and rumbling and giving evidence of eruptions to come. These people fled from their plantations in fear for their lives, escaping to the seaside with little more than the clothing they wore. The refugees confirm stories of loss of life. They say that the victims for the most part are Indians. They had not heard of any white people being lost. Thousands of Indians were asphyxiated or buried in the sand. Miles of plantations are under ashes and absolute ruin is the lot of many planters whose all was invested in the plantations. One refugee comes from within a half hour's ride of General Barrios and brings the information that the general and his family are safe.

A cablegram received here when the first eruption occurred stated that General Barrios had been asphyxiated.

The refugees state that it is not the crater of Santa Maria that is in action, but a small mountain rising from one of the western slopes of Santa Maria, called El Rosaio.

The people left behind on the plantations, it is said, are in danger of death from starvation, for the food supply has been cut off and there is no way to send in supplies to the afflicted districts.

Those who came in on the City of Para were the Bardwell family and Miss Florissa Meer. The Bardwell family consists of Ferdinand, his wife, his sister Julia and brother Albert. Another brother, Augustine, remained behind to save, if possible, some of the coffee.

The Bardwells owned the Magnolia plantation near the Argentine and about thirty miles south of Mazatenango.

The steamer City of Para met evidences of the volcanic eruption soon after leaving Ocosingo. Great quantities of pumice were found floating on the water and some of the pieces were about the size of a man's head. The sea was covered with the stuff.

During the night of November 6, just a few hours before the eruption, rumblings of the earth were heard and heavy reports as of distant thunder came from the direction of the volcano.

It had been received from Mazatenango, on the outskirts of the ruined territory, stating that on Friday, October 24, Santa Maria opened a crater on the west side near its base and not far from Helvetia, and all that night it ejected forth volumes of ash and lava.

Earthquakes destroyed many buildings. All the territory about Palma, San Felipe, Pueblo Nuevo and Retalqueiv was buried under ashes. Many of the cities, who a few days later died of famine, were buried under from five to seven feet of debris and the whole neighborhood for miles was a burning wilderness.

THREE TO KILL PRESIDENT.
Starting Story Told by Mrs. Lena Doxheimer of Hoboken.

New York, Nov. 19.—Mrs. Lena Doxheimer, who says that until she became a member of the First Methodist Episcopal church at Hoboken, two years ago, she was associated with an anarchist society of that place, and whose mental balance is questioned, is reported to have related to the Mothers' club and the pastor of the church a story of an alleged anarchist plot against the life of President Roosevelt.

According to Mrs. Doxheimer, there have been in the last fourteen months three persons assigned to the task of "removing" the president. One of these, a Frenchman named Melov, she says, she persuaded to return to Paris, where he was killed by a street car.

She professes to believe that he put the car in the way of a car to save his relatives the humiliation of regarding him as a suicide.

Next, according to Mrs. Doxheimer, the assassins' task was assigned to a man named Mueller, living in avenue B. in this city, who a few days later died of poison self-administered. The last of the three designated for the murderous work, Mrs. Doxheimer alleges, was Mrs. Schroeder of Hamden, who also ended her life by means of poison.

Mrs. Doxheimer asserts among the plotters several millionaires. Her conception of what constitutes a millionaire is indicated by her statement that these men "owned houses."

Mrs. Doxheimer says that recently she has been under suspicion of her former anarchist associates and that they have followed her and her husband from place to place, so they have required the protection of detectives.

The Rev. Charles L. Meade, Mrs. Doxheimer's pastor, will make no statement regarding the so-called confession.

Cholera Epidemic in Jerusalem.
Jerusalem, Nov. 19.—The cholera epidemic is spreading rapidly. The population of Gaza and Lydda (Ludd) have been decimated and the authorities are taking flight. At Jaffa there have been fifty-seven deaths in three days. The disease is raging in neighboring villages. No complete returns of the mortality are available. The people in the stricken districts are in a sad plight and relief is needed everywhere.

Coal Combine Falls Through.
Indianapolis, Ind., Nov. 17.—Information comes from New York that the combination of Indiana bituminous coal operators which has been forming during the week had fallen through. Nothing has been heard in this city by local coal men regarding the end of the deal.

The failure of the combination is believed to be due to the uncertain conditions of the stock market during the past week.

IOWA LEADS RURAL ROUTES.

Nineteen Counties Are Completely Covered by Carriers.

Washington, Nov. 21.—The report of the first assistant postmaster general for the year ending October 30 shows that Iowa has more rural mail delivery routes than any state in the union.

This state is credited with 1,092 established routes. Illinois is next with 938 and Ohio third with 885. Indiana has 877 and Michigan 637. No other state has exceeded 500 routes.

The report states that on November 1 ten additional routes which had been approved would be added to the service, making a total of 1,102 now actually established. In all 1,957 applications for routes have been filed from this state. Of the 855 applications pending the report shows 1,103 have been reported on favorably by inspectors, which means this number will soon be added to the routes being served, 110 have been reported unfavorably and 456 pending.

In Iowa 71.96 per cent of the applications have been considered. The table shows that in Iowa the work has been more systematically carried out than in any other state in the union, that it is possible to consider the state by counties with the view of completing the service for whole counties at a time and that nineteen counties in Iowa are now fully supplied, while applications pending when acted on will complete the service in a majority of the counties in the state.

The increase in the number of routes established in the state has been over 50 per cent in the past year.

No other state makes as favorable a showing in number of routes applied for and reported favorably by inspectors as Iowa, but in two other states the total number of applications filed exceeds the total in Iowa. Illinois has filed 2,007 applications and Ohio 1,983. Nevada is the only state that has no rural routes.

BANK OF ARTHUR LOOTED.

The Vault and Safe Doors Were Blown Open.

Ida Grove, Nov. 19.—The bank of the Farmer's Loan and Trust Co., at Arthur, a small town seven miles east of here, was looted by burglars and from two to five thousand dollars were secured. The bank is a branch of Loan and Trust Co., and its president is James P. Toy, with Fred J. Whinery, cashier.

The interior of the bank was completely demolished as the doors were blown off both the vault and the safe. Strange to say the noise was not heard about the village, and there is a population of less than two hundred and has no night watch. No one slept in the bank.

The robbery was not discovered until morning when Cashier Whinery opened the office and found the fixtures practically demolished and the vault and safe a total wreck.

Two suspicious looking characters went down from here to Arthur Monday evening. They had well filled gunny sacks, but were selling wire clothes hangers and several other things thought about the presence in the presence in town until yesterday morning. They are missing and an effort is being made to hunt them down.

Cashier Whinery in a statement given out this morning said that the bank lost \$2,300 in cash. So far as can be ascertained no private papers were taken.

IOWA FOR CANNON.

Delegation Will Vote as a Unit in the Republican Caucus.

Des Moines, Nov. 19.—At the caucus of the republican members of the Iowa congressional delegation held at the Savery last evening it was the unanimous decision to support Congressman Cannon of Illinois for the speakership of the next house.

The following message was sent to Congressman Cannon at the close of the conference:

"To Hon. Joseph G. Cannon, Union League Club, Chicago, Ill.—Iowa delegation declares for you unanimously. (Signed) "Thomas Hedge."

Congressman Hedge acted as chairman of the caucus and was in informal one, and was attended in person by but three members, Congressman Hull, Hedge and Smith. An expression had been obtained, however, from every republican member of the delegation who was absent from the entire delegation, with the exception, of course, of the democratic member, was present either in person or by proxy.

IOWA HAS ONE "LEADING DAILY."

High Compliment Paid to a Des Moines Newspaper.

Des Moines, Nov. 19.—A Kansas City publication advertising advertising publishes a list of all the "leading dailies" with the cost of replies to advertisements therein. The Des Moines Daily and Sunday News is the only Iowa newspaper thus listed and it is given a higher place than the Chicago News and several other well-known papers. The Des Moines News has won wide celebrity because it is the lowest priced paper in the world published every day in the year, including Sundays. Its price is \$1.50 a year, \$1.00 for eight months, 80 cents for six months, 50 cents for three months. Every subscription is stopped when the time is out—another unique feature.

R. P. CLARKSON PENSION AGENT.

Congressman Hull Announces His Selection.

Des Moines, Nov. 18.—Congressman J. A. T. Hull has announced that he has decided to recommend Richard P. Clarkson for the position of United States pension agent for the Des Moines district. Pearl Antrim Stabbed.
Sioux City, Nov. 15.—Pearl Antrim, a barber, was seriously stabbed in a fight at the home of his mother on Fourth street, by William Donahue, an employe of the Cudahy Packing company. Donahue ran a pocket knife into him three times, one of the cuts being just below the heart. Antrim's condition is still very critical and he may die. Donahue was arrested and released this afternoon under \$1,000 bonds. The fight was caused over a matter of room rent.

THE TEST OF TIME.

Mrs. Clara J. Sherbourne, professional nurse, of 257 Cumberland street, Portland, Maine, says:

"I heartily wish those who suffer from some disturbed action of the kidneys would try Doan's Kidney Pills. They would, like me, be more than surprised. My back annoyed me for years. Physicians who diagnosed my case said it arose from my kidneys. When the grip was epidemic I was worn out with constant nursing, and when I contracted it myself it left me in a very serious condition. I could not straighten nor do the most trivial act without being in torture. The kidneys were too copious, and I knew what was wrong, but how to right it was a mystery. It seems odd for a professional nurse, who has had a great deal of experience with medicine, to read advertisements about Doan's Kidney Pills in the newspapers, and it may appear more singular for me to go to H. H. Hay & Son's drug store for a box. But I did, however, and had anybody told me before that it was possible to get relief as quickly as I did I would have been loth to believe it. You can send anyone who wishes more minute particulars about my case to me, and I will be only too glad to tell them personally. As long as I live I will be a firm advocate of Doan's Kidney Pills."

Cure Confirmed—5 Years Later.
"Lapse of time has strengthened my good opinion of Doan's Kidney Pills, first expressed in the spring of 1894. I said then that had anybody told me that it was possible to get relief as quickly as I did I would have been loth to believe it. Years have passed and my continued freedom from kidney complaint has strengthened my opinion of Doan's Kidney Pills and given me a much higher appreciation of their merits."

A FREE TRIAL of this great kidney medicine which cured Mrs. Sherbourne will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists. Price 10 cents per box.

A BIG SHOE FACTORY

FROM A SMALL BEGINNING IN 1880 IT GROWS TO IMMENSE PROPORTIONS.

THE F. MAYER BOOT & SHOE CO. of Milwaukee, Wis., Now Occupies 3 1/2 Acres of Floor Space, with Capacity for Making Six Thousand Pairs of Shoes Per Day.

Just 25 years ago Mr. F. Mayer established a shoe factory in Milwaukee, and began the manufacture of shoes in a modest way. The working force at that time was small and the factory was a simple structure. The factory of what was destined to be one of the largest shoe factories in the country. The underlying business principle was laid, as now, to produce the best shoes possible, at the lowest prices. That this policy was successful has been demonstrated by the fact that the shoes bearing the Mayer trade mark are now sold in every state and territory west of the Ohio River, and people are kept busy as they supply a demand that has steadily increased as a result of the unvarying quality given by Mayer's shoes.

Milwaukee being the home of the biggest leather tanneries in the world, and also the market for the very best leather known, gives the Milwaukee manufacturer advantages in the cost as well as the choice of leather, that outside manufacturers can not obtain, thus enabling the Mayer shoe factory to turn out better shoes at a less cost than outside competitors.

Something like 40 traveling salesmen are required to visit merchants in thousands of towns and villages in twenty different states. The magnitude of this business can best be appreciated when you take into consideration that with the present capacity, 6,000 complete pairs of shoes can be turned out every working day.

The business is now conducted under the name of F. Mayer Boot & Shoe Co., by the three sons of F. Mayer, who succeeded their father in the business. As Mayer's shoes are being worn by the majority of the people of the country, it is sure to be rapid.

Mull's Grape Tonic Cures Constipation.

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhoea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate cases of constipation, and the numerous ailments that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and supplies highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. VERDICT FOR CHICAGO WOMAN.

Pittsburg Pa. The jury in the case of Dr. Anna B. Rollins, formerly Schultz, of Chicago, against ex-Superintendent of Detectives Roger O'Mara, Detective Richard Kelly and ex-Detective Charles McGovern for \$25,000 for false arrest, brought in a verdict to-day in favor of the plaintiff in the sum of \$2,037 against the three defendants. The jury in giving a verdict for the plaintiff estimated the damages on the value of the time lost by the plaintiff as a result of her detention in Pittsburg by the alleged false arrest made by the defendants. Dr. Anna B. Rollins is one of the leading colored doctors in Ceicago, and a highly respected citizen. She was passing through Pittsburg enroute last summer on a visit when arrested, and at the trial she was vindicated of the charges preferred against her. Hence the verdict by the jury. What will "Pitchfork" Tillman and his followers think of such a verdict?
