Van Blascum, J. H. Butler, L. D. Dozier, Cyrus P. Wallbridge, James P. Blair, are expecting a half million people down there at the exercises. New Service Without Parallel.

There is ample justification for the claim made by The Chicago Record-Herald that its readers enjoy every day in the week, Sundays included, a news service that is without parallel in range and completeness. In addition to the independent news facilities of The Record-Herald, that paper receives the complete news service of the New York Herald and the Associated Press and when it is considered that its news columns are supplemented by all the special features so popular with its thousands of readers, it will be seen that The Record-Herald holds a unique place among the great newspapers of the United States.

From 6 to 8 supper was served, after which a program of great merit was rendered, consisting of vocal and instrumental music, the reading of the fourteenth and fifteenth amendments by Miss Cooper, addresses by talented speakers of the city and of the race. Magnetic Sand Bar in Norway.
The action of the mysterious lodestone mountain which drew the nails out of ships that approached near enough has a certain foundation in fact, says a French paper, only the fact has suffered expansion.

On the coast of Norway, near Jefferen, there is a sand dune of nearly three-quarters of a mile in length. The sand is mixed with particles of lodestone, and when a ship comes in the vicinity the compass becomes irregular and the vessel is entangled in a kind of whirlpool and thrown ashore.

We are having fine weather now, just the thing for our church going people.

Rev. Haggard preached his farewell sermon Thursday night, but as he filled the pulpit Sunday we suppose he left his text open for continuation. Yam, yum, some of the good sisters are feeding the reverend good old sweet chicken.

On Saturday afternoon Mrs. Wm. Watkins entertained the singers and Miss Margaret M. Goleman of our own city, at three o'clock dinner, after spending the afternoon in tea-a-tale and music. The guests departed with the favorable impression that Mrs. Watkins was one of the most charming of hostesses.

They then proceeded to the home of Prof. A. K. Jackson, where they were entertained to tea. On Sunday they were to dinner at the Peyton Reeves' home, where chicken reigned supreme, and Mr. Turner, the comedian of the company, declared, "Of all which am good a sweet turkey am divine, but when it comes to him to make his whole it is am chicken every time." In general they say they never before received such generous hospitality from colored people as they received while in Buxton, and will return in the sweet bye and bye.

TO TEST THE INEBRIACY LAW

Folk County Board of Supervisors Will Decline to Pay Bills for Care of Inebriates from State Institutions—Will Then Wait for State Act.

Des Moines, April 2.—When the quarterly bill for the care of the inebriates from Folk county at Mount Pleasant hospital is presented to the board of supervisors it will not be allowed. The board will take this action in order to test the power of the state to enforce the payment of the bill. The board also has another card up its sleeve, and that is to let the people of the county know that it is costing them for the care of these patients every quarter.

Nearly \$2,000 was expended for the care of Folk county inebriates during the last quarter of 1922. When the bills come in this month, the figures will be practically the same. At this rate, when it is taken into consideration the cost of transporting the prisoners there, the sheriff's fees, and other fees that arise in connection with the matter, the bill will run up for the year so that it will amount to in the neighborhood of \$10,000, or perhaps Auditor Cope in talking over the matter yesterday afternoon stated that the money to pay for these inebriates comes out of the insane fund, and that in this county amounts to about \$11,000 a year, coming from a levy of 1/2 mill. The board cannot continue paying for the insane and the inebriates out of this fund and have enough money," said Mr. Cope.

"Either the levy must be increased to 1 1/2 mills or else the inebriates will have to be paid for by the state," said Mr. Cope.

THE BEST WAY TO TEACH HISTORY.

The idea of object teaching, the foundation of the Froebel system of instruction, has in recent years met with general acceptance and adoption in almost every branch of education, high and low, with resultant benefits which are beyond question. Even such subjects as grammar and arithmetic are now taught in this way so far as practicable, and with marked advantage over the old dry and abstract methods. The practice of teaching history by making pilgrimages to the scenes of the great historical events has occurred in an application of the same principle and much more valuable in the way of impressing the reality of history upon the minds of the young than any amount of mere text-book instruction could be. A recent issue of the "Four Track Series," published by the New York Central management, gives a description of the historical sites in the immediate vicinity of New York, which will be of exceeding value for the guidance of teachers and others who desire to study this method of historical study. One of the best ways to develop civic pride and promote good citizenship lies in this very direction, an increase of knowledge of local history being accompanied with an increase of interest in matters of local government and a higher concern for what affects the welfare and good name of the community.—From Leslie's Weekly.

DEMOCRATS AT A BANQUET

Bryan and Stevenson Present at Des Moines on the 2d.

Des Moines, April 3.—Democrats from all over the state were in attendance at the Jeffersonian banquet at the Savoy house last night.

Among the notable attendance were W. J. Bryan and Adlai E. Stevenson, who made addresses. The address of Mr. Stevenson was devoted to a plea for harmony between the existing factions of the party, while Mr. Bryan declared that there could be no harmony that meant the surrender of principles and no alliance with those democrats whose sympathies are with the plutocratic element.

Addresses were also made by General J. B. Weaver; who came from Louisiana to be present; J. J. Shea, of Council Bluffs; F. B. Sullivan of Creston; C. A. Walsh, secretary of the national committee; Judge A. Van Wagoner, of Sioux City; and O. P. Myers, of Newton. W. R. Hearler, of New York, and ex-Congressman Butler, of Boston, were the principal speakers last night at the annual dinner of the Home Market club, the representative republican organization of New England. During the afternoon the Kansas City platform democrats effected an organization. An address was made by Mr. Bryan, whose remarks regarding the bolters of 1896 and 1900 were loudly applauded.

The plan of organization mapped out by Mr. Rinehart was to select a chairman for each district, these chairmen in turn to name county chairmen, and to organize by electing state officers. The county chairmen in turn will organize the townships and precincts.
