EXCURSION TO BALTIMORE, MD.

Via Chicago, Milwaukee & St. Paul Ry. Tickets on sale Sept. 17th, 18th, 19, return limit Oct. 3rd. Call at 410 Walnut St. for all information.

There are a few young girls living on the West Side who are yet in their teens, and they are on the streets most to often. Their parents should know who they are going with and instruct them about their demeanor while away from their homes. See to this at once for if you don't they will soon reek that age when they will not heed your instructions. So do something ere it is too late.

One of the poor addresses for the occasion and place that was ever heard at the A. M. E. church was the one delivered by P. C. Parks, a student of the Agricultural college at Ames, last Sunday night. Some things he said should never have been said in a house of worship, especially on Sunday. It would be well for him to prepare an address suitable for the Sabbath day before he attempts to deliver one again.

Miss Sallie M. Jones and Mr. R. Howard Downs were quietly married by Rev. Dr. Carey Wednesday evening at the residence of the bride's mother, Mrs. P. Jones, 3641 Dearborn street. Miss Jones was formerly one of Nashville's (Tenn.) most prominent young ladies, but for the past seven years has traveled extensively through the West and East, having spent eighteen months in New York studying music. Miss Jones, or Mrs. Downs, is now engaged with the Dixie Jubilee Co. as pianist. Mr. Downs has formerly from Chattanooga, Tenn., and is a young man of excellent character. He is first tenor with the Orpheus Jubilee Co. Mr. and Mrs. Downs leave the city on their winter tour on the 14th, carrying with them the best wishes and congratulations of a host of friends.—Chicago Conservator.

Mr. Downs is well known in this city as he was here in July with the Orpheus Jubilee Co., singing at the Chautauqua Assembly, and we concur with his other friends in wishing him joy and happiness.

Special Sale For One Week

One Piano Cased Seven Octave Organs.

Also Cabinet Organs and Piano Players.

The Largest Stock of These Instruments Ever Shown in This City.

Square Pianos and Used Uprights at One-Half Actual Value.

During the past two months special attention has been given to the piano department, and this slight neglect has caused our organ and player departments to become overstocked, and in order to move the present stock in a few days we will make concessions in a way of prices that should do the work. Many slightly used players, also new ones, at prices one-third to one-half of regular price. If you have a piano and no player, this opportunity to get a first class one for little money should not be missed.

The same reduction will be made on organs, which means a low price to you, as our prices are always reasonable. Beautiful piano-cased organs in mahogany finish, with stool and scarf and book, that formerly sold at \$125 to \$140, this week only \$73 and \$89.50. Other organs that sold for \$75 to \$100 this week at \$43.00 to \$57.50. Second hand organs, \$5, \$10 to \$30; some good as new. Terms, \$5 to \$30 cash and \$3 to \$5 per month. Small goods and sheet music at lowest prices. Write to us for catalogues.

PUBLIC SCHOOLS OPEN AGAIN.

The new school year began this week and thousands, yea ten thousands of the bright boys and girls will wend their way back to the little school house, there to peruse their old books or make research in new fields. To the American youths it ought to be a source of pleasure that they are permitted to go to school free of charge. In fact compelled to in Iowa and many other states. When we revert back only a few years ago when many a little tot could not go and many were prevented from going simply on account of the cruel hand of slavery, and even to-day we say that the common schools are free public schools—this word free must be used in a restricted sense—because in certain states colored children are denied the right to attend the public schools, and in some states they are trying to pass laws to not give them any schools or only a very few months school in the year. Then we say to the colored children of Iowa and other northern states, every one of you should attend regular, be punctual, prompt and studious; enter the avenues of learning in all branches while the door of opportunity is open to you. Every parent should see to it that your children enter at once and remain in school until close; for we need educated, honest, earnest, good moral young men. The world need and our race need you.

LABOR DAY.

Last Monday, which was the first Monday in September, was labor holiday. This day was made a holiday by organized labor and made a legal holiday in Iowa by the state legislator, hence business, both public and private, is almost suspended as on the 4th of July and Christmas day. Organized labor is a great help when properly managed and equally observed to the masses and common people. The cause of labor has often been abused by being managed by selfish and irresponsible leaders, men who did not do or act right and fair. Then again in their organization they were color blind and even some of the unions are to this day and do not want the colored colored laborer in the unions, which of course is not right, fair or just, but exegines now force them to admit the colored laborer. Then again many men have been at the head of organized labor who did not consider that the proprietor had any rights, hence they carried their ideas to extreme, thus injured her cause. In the last report that labor commission Brigham reported to Gov. Cummins was very gratifying to the friends of organized labor. In Iowa alone within the past year there were 433 new unions and new members to the number of 22468 and 16 new crafts, an increase of 110 per cent in membership and 90 per cent in unions. The parade Monday in Des Moines was the largest in its history, nearly 4000 people marched, with many colored men in line. Be fair, act right labor and you will ultimately succeed.

HALF RATES TO CENTENNIAL CELEBRATION AT CHICAGO AND RETURN.

Via the North-western Line. Excursion tickets will be sold at one fare for the round trip September 26, 27 and 28, limited to return until Oct. 5, inclusive. Send stamp to W. B. Kaisern, Passenger Traffic Manager Chicago, or call on ticket agent for copy of handsome Chicago Centennial Folder, issued by The North-Western Line, profusely illustrated, giving an outline of the program for Celebration Week, a brief reference to Chicago's early history and the relation of The North-Western Line to the industrial progress of the city. For further particulars apply to agents Chicago and North-Western R'y.

There are always two parties to a contract, and yet in a majority of cases but one is expected to carry it out.

THAT WATERLOO AFFAIR

A few days ago a report was sent out that the the people of Waterloo had ordered all the colored people out of that city.

To show how dishonest some of our newspaper correspondents and unfair people are who believe such reports sent out by those who do not or cannot tell the truth when they write on the race problem, no more than Senator Tillman. We print a letter received by Mr. Coalson from a prominent Waterloo citizen, also an editorial that appeared in the Waterloo Daily Reporter of the 2d inst.

Waterloo, Sept. 3.—Wm. Coalson, Des Moines, Iowa. Dear Sir:—Replying to your favor of September 1, will say there is nothing in the report. Some blooming idiot that wanted to make a sensation started the story. What little foundation there was for the story was hatched out when the Chicago Giant Base Ball Club was here. They were an ungentlemanly lot and did not carry favor with our people. Under separate cover we send you editorial on the subject which we guess will cover the ground thoroughly. There is always an opening for an intelligent colored man or woman to find excellent employment in Waterloo.

A WHITE MAN'S TOWN.

Some unknown Waterloo newspaper correspondent has gratuitously taken upon himself the responsibility of advertising to the world that Waterloo is hereafter to be known as "an allwhite town." In dispatches sent to a large number of newspapers in other parts of the state this anonymous correspondent makes the statement that "an edict has gone forth that no Negroes are wanted here," and further says: So emphatic has been the protest against the black-skinned people that already there are but two or three of those left in the city.

Most of the advertising which this city has recently received has been of a character to raise the community in the esteem of those living in other sections of the state, but it is much to be doubted whether the advertising which this correspondent is doing for Waterloo greatly redounds to its credit. It is certainly calculated to give us the reputation of being illiberal, narrow minded and disposed to deny men of other races those rights which the constitution and the laws of the state and nation guarantee to them. It is well designed to put the Ben Tillman brand upon this community, which has never before been suspected of harboring such sentiments as those which are voiced by the South Carolina senator. The reporter does not believe that the people of Waterloo either desire or deserve such a reputation as will be secured for them by the publication of these dispatches.

It is true that this city has but a few residents of negro blood. It is probably also true that there is no disposition to offer special inducements to secured immigration of that character. But we deny absolutely and without qualification that any edict has gone forth from any recognized authority in this city, or from anybody except an unknown and irresponsible newspaper correspondent, that this is to be an exclusively white man's town. We deny that there is in Waterloo that spirit which would "close the door of hope or opportunity" to any man by reason of his race or color. For the shiftless, the good for nothing, and the lawless, whether black or white, Waterloo has no place. Against the industrious, the well behaved and the law abiding, it erects no bars based on color or race prejudice.

The Ben Tillman spirit, which is given utterance in the writings of this correspondent and which has perhaps had some countenance in ill-considered editorial comment in some of the city papers, is not the spirit of Waterloo. Such a spirit is out of harmony with all the past history of the community and inconsistent with our claim to be a progressive and broad minded people.

Burlington Journal, dem.: The main trouble is that the south will never forgive the negro for being free nor the north for freeing him, and the more he becomes advanced in the political, social or financial scale the worse they dislike him. He is a "nigger" now and he was in 1860, and he will always be a "nigger" at the south and nothing more. He has ceased to be a chattel and the farther he gets from being a piece of personal property the less use they have for him, except in some mental capacity. The solution of the race question lies in a single sentence. "Give the negro the legal and natural rights to which he is entitled." If that is done there is no race question any more than there is a German, or an Irish, or an English question. Denial of natural rights can not be regulated in any other way than by restoring them. All

the negro asks is what belongs to him and those things he has a right to possess and enjoy without restraint or interference.

We have not space for all of the good editorials that are published daily by all of the different papers but from time to time expect to publish some, and the above is a sample of some that are sent broadcast all over America. It seems as though the Democrat as well as the Republican papers are demanding our rights and privileges that were granted to us by the constitution. So remain patient, law-abiding, honest and energetic, and some day mob rule will be overthrown, because a good cause or justice will overcome an injustice.

HANSEN IS CHOSEN FOR POLAR TRIP.

Washington, Sept. 7.—Matthew Hansen of Maryland, Commander Robert E. Peary's colored servant on former arctic expeditions, is the first man selected for the north pole party. Commander Perry said to-day:

"Hansen has been with me on all my trips since I went to Nicaragua with the canal commission, and I would not think of going into the arctic regions without him. He has some white blood in his veins. He is a good shot and a good oarsman, and one of the bravest men I ever knew. He and a party of Eskimos may be the only men who will make the dash with me over the ice north of Grantland."

Commander Peary will not give up his work at the Navy Department until next April, when the final preparations for the trip will begin. The ship in which his expedition will sail probably will be called the Charles H. Darling, in recognition of the assistant secretary's interest and activity in the proposed venture.

CORRUPTION IN THE A. M. E. MINISTRY.

There has been this year more than any other years complaints of the corruption, immorality and unministerial acts alleged to have been committed by ministers holding the best charges in the connection. The Chicago Broad Ax speaks of the drunken condition of Rev. A. J. Carey and some others, and the way they had carried on in Milwaukee a few weeks ago. Then the action of Fenwick, Graves, Murray and some of the other Chicago ministers, if true is enough to shame all respectable, conscientious, God loving and fearing men. One minister has just resigned a Chicago charge, and in a letter to the public denounces the above mentioned ministers, the Bishop included. With a few more public acts like these it will drive all the better class and self respecting class away from the church. There certainly need be and ought to be an overhauling.

MT. PLEASANT.

REV. GEO. W. SLATER RESIGNS AS PASTOR.

Says That the A. M. Church Ministry is Corrupt

Mr. J. L. Thompson, editor of the IOWA STATE BYSTANDER, Dear Sir:—A few days ago I resigned the pastorate of Hyde Park Chapel A. M. E. church of Chicago, because of unfair treatment and ungodly conduct of leading ministers in the Iowa Conference. I do not know that I shall ever again be an itinerant preacher in the connection unless things change for the better. There is no disguising the fact that no self-respecting, honest christian minister can congenially remain in her ranks. If he does he must either compromise or be kicked and cuffed about. No woman missionary or evangelist can maintain her place unless she bows at the behest of wicked men. These bad bold men demand that the other ministers, women and men, be quiescent while they rob the church treasury and lead the flower of our womanhood from the paths of virtue lowliness, disgrace and death.

These bad men have such a hold on the church that they defy law and everything else. They ride rough-shod over everybody and everything. They drink whiskey, gamble, commit adultery, and in fact commit almost every deed in the category of crime with impunity. They have so polluted the church until she lies helpless at their feet. Not one of them can be convicted for their deeds. Has it not been tried? Hasn't it been proven that the bishop protects them, while at the same time he knows of their pernicious acts.

The A. M. E. church is the largest and strongest organization of color in the world. Her influence is great. Therefore if her ministry is bad, more than other agency, she does more to degrade the Negro race. Her bad ministers are polluting the streams of society, making ashamed decent citizens and painting the race blacker in the presence of our white friends.

Shall our mothers be contaminated, our daughters be allured from the path of virtue, our sons be encouraged to become seducers. Shall we endure these things just to keep in power a few ungodly, unprincipled men who mask as clergymen?

Dear reader, you may say, oh that is only a church matter, but you are in error. No lawyer, physician, teacher nor merchant has the influence few good or bad over your family as a minister. I care not whether you are interested in churches or not. The conduct of a minister affects you either for weal or woe, whether you will have it so or not. Just so far as he is honest and good just so far will he lift up your family and yourself. And just so far as he is bad, a drunkard, adulterer, etc. just so far will he influence your family to the bad.

Therefore, it is not simply a church matter, but a matter in which every Negro citizen must be interested, whether he be a religious man, sinner, or infidel, he must be interested in the moral character of the men who fill the pulpits in his community or city. Bad ministers must be discouraged and good ones supported.
