There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. TWO SPECIAL GRAND JURIES AT CHICAGO RETURN TEN TRUE BILLS FOR VIOLATION OF ELKINS LAW.

Chicago.—The first skirmish in the crusade of the government against the Standard Oil company to compel the concern to comply with the letter of the antitrust and monopoly laws was ended Monday afternoon when two special federal grand juries returned ten indictments against the oil company, containing a total number of 6,428 counts.

Lake Shore & Michigan Southern. The ten indictments were only in the name of the railroad involved and in the particular shipment alleged to have caused the illegal rebate.

Philadelphia.—Unable to meet its obligations because of the large amount of money loaned on insufficient security by its president, now dead, the Real Estate Trust company of Philadelphia, which up to last Saturday, was considered one of the strongest financial institutions in the city, closed its doors Tuesday.

Mr. Hipple, in addition to being president of the Real Estate Trust company was the treasurer of the board of trustees of the General Assembly of the Presbyterian church in the United States and of several other church funds, and was a director of the Franklin National bank.

In addition to the deposits of the General Assembly, the Real Estate Trust also had about \$25,000 of funds placed there by Dr. Roberts as stated clerk. The Presbyterian hospital of Philadelphia and the Presbyterian board of relief, also had sums of money in the failed institution.

For the loans to Adolf Segal Hipple accepted as collateral securities of the Majestic hotel, a big new apartment house, operated by Segal; the Swedish Steel company of Lancaster, Pa., and the Pennsylvania Sugar Refining company of this city. The steel company and the sugar refining operation Segal claims the collateral he gave is good and that he will meet all his obligations.

Has Been Buried for Centuries.

The body of a young woman has been discovered in the ancient Priory lead mines in Somersetshire, England, some 16 or 17 feet deep in the water-saturated silt that has been accumulating since the days before the Romans came. The hair is wonderfully preserved, and remains in the plank in which it was worked. Beside the body were found five large blue and green glass beads.

GOOD NIGHT'S SLEEP.

Lying awake nights makes it hard to keep awake and do things in daylight. To take "tonics" and stimulant under such circumstances is like setting the house on fire to see if you can put it out.

The right kind of food promotes refreshing sleep at night and a wide awake individual during the day.

A lady changed from her old way of eating, to Grape-Nuts, and says: "For about three years I had been a great sufferer from indigestion. After trying several kinds of medicine, the doctor would ask me to drop off potatoes, then meat, and so on, but in a few days that craving, gnawing feeling would start up, and I would vomit everything I ate and drank."

"When I started on Grape-Nuts, vomiting stopped, and the bloating feeling which was so distressing disappeared entirely."

"My mother was very much bothered with diarrhea before commencing the Grape-Nuts, because her stomach was so weak she could not digest her food. Since using Grape-Nuts she is well, and says she don't think she could live without it."

"It is a great brain restorer and nerve builder, for I can sleep as sound and undisturbed after a supper of Grape-Nuts as in the old days when I could not realize what they meant to me by a 'bad stomach.' There is no medicine so beneficial to nerves and brain as a good night's sleep, such as you can enjoy after eating Grape-Nuts."

Would Scratch and Tear the Flesh till the Hands Were Tied—"Would Have Died But for Cuticura."

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest worse than the others. Then I called another physician. Still he grew worse. At the end of about a year I had to tie his hands in cloth at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton, and was hardly able to walk. My aunt advised me to try Cuticura Soap
