OBITUARY.

Mrs. Todd at Rest.

Mrs. J. E. Todd who had been a patient sufferer of dropsy died at her home, 1164 West Eleventh street, last Monday morning. She had been sick for nearly five months and was taken to the hospital where she remained several weeks; finally the doctors gave her up and she was removed to her home.

Mrs. Todd was born in Missouri in 1854; married to Mr. J. E. Todd Nov. 17th, 1882. Two children were born to this union of which both are dead. She leaves two sisters and a dutiful husband and many friends to mourn her death. The funeral services were held from the A. M. E. church, of which she had been a member for the past 15 years. The funeral services were conducted by Dr. J. W. Dulin, assisted by Rev. I. N. Daniels, pastor of the A. M. E. church. The remains were laid to rest in the cemetery amid many beautiful flowers, which testified to her good life. She was an agreeable pleasant woman and liked by those who knew her. The Bystander extends condolence to the bereaved family.

John Waller, one of our well known citizens, died suddenly last Sunday. Mr. Waller was a single man and had been ill in health for several months but was able to be up and about. He was related to the Hon. John L. Waller of Kansas, formerly of Cedar Rapids, Iowa. The remains were laid to rest in Glenwood cemetery.

No More Gold Lace for Afghans.
The ameer has published an edict, which applies to all parts of Afghanistan, prohibiting the import into the country of all kinds of gold lace, including embroidered kullas lungis and embroidered shoes. The ameer is evidently actuated by a desire to prevent his subjects from spending their hard earned money on showy dress. It is the poorer classes who are notoriously addicted to this extravagance which his majesty has decided to check. The gold laced coat of the Afghan is decidedly handsome, and although the ameer has acted wisely in bringing into general use clothing less costly, his majesty's orders will doubtless be received by his subjects with rather mixed feelings.

Proper Bestowal of Charity.
Dickens: There are not a few among the disciples of charity who require in their vocation, scarcely less excitement than the votaries of pleasure in theirs; and hence it is that diseased sympathy and compassion are every day expended on out-of-the-way objects when only too many demands upon the legitimate exercise of the same virtues in a healthy state are constantly within the sight and hearing of the most unobtrusive person alive. In short, charity must have its romance, as the novel of the play-wright must have his.

MAN OF FINE BUSINESS TACT. THE WAYS OF BUREAUCRACY

Former Chaplain in Spanish-American War Helping Young Afro-Americans.

Dr. Richard Carroll of Columbia, S. C., has gained recognition from all classes of citizens in his state and is highly esteemed by them. His characteristics are such that he stands out eminently as a citizen of peculiar power. Receiving his education at Shaw university and Benedict college, he developed a personality and oratorical persuasion that have made him a unique figure in his community and the states which he has toured as a lecturer. He has been a potent factor in bringing about better relations between the people of the state; therefore his services are always in demand. He has the distinction of filling the pulpit of every white denomination of the Palmetto State and has been paid hundreds of dollars to lecture to white audiences. Thousands heard him in the west, especially when he was lecturing for John M. Shaw's Chautauquus in Ohio, Illinois and Indiana a few years ago. For twelve years he rendered service for his denomination as Sunday school missionary for the American Baptist Publication society in the states of South Carolina, Georgia and Florida which was a pleasing success. Owing to his native fitness and ability to reach men and inspire them to noble deeds, he was made chaplain of the Tenth United States Volunteer Infantry during the Spanish-American war.

In traveling throughout the state he made it his aim to come into direct touch with the lowly and especially the orphans of his race and has for twelve years supported a home for destitute Afro-American children mainly through his lectures and sermons. This institution is near Columbia. Rev. Dr. Carroll is the dynamic force for this movement, which is claiming all of his time.

Desiring to overcome the antipathy between both races, he had Dr. Washington and a party of representative Afro-Americans tour South Carolina for one week during the month of March this year under his special direction. The Colored State Fair association was reorganized last year, with Dr. Carroll as its president, and was a great success. Not a disorderly character was in evidence during the whole fair, which is an evidence of the Rev. Dr. Carroll's executive ability.

GENIUS AT HIS PROFESSION.

How Dr. J. Walter Williams Won Prominence as Surgeon at Savannah.

Among the men who have graduated with distinction from the medical department of Howard university and have distinguished themselves in their profession as physicians and surgeons is a native of Texas, now residing in Savannah, Ga. The clinical course taken at the Massachusetts General hospital by this young man prepared him for a special work among the race. Dr. J. Walter Williams, M. D., went to Savannah during the year 1890. There was a remarkable case that was puzzling to a number of experienced surgeons in the city, and Dr.

INDUSTRY OF MRS. BRANCH.

Amiable Young Matron Who is Devoting Time to Child Study.

Mrs. Vidi Riout Branch, who is the accomplished wife of the Rev. T. B. Branch of Fayetteville, N. C., is one of the most gifted vocalists among Afro-Americans in the state. While in school at South Broad Street Conservatory of Music, Philadelphia, she filled many engagements in different northern cities, where her sweet, well rounded voice thrilled many fashionable audiences. Mrs. Branch is a native of New Jersey and a graduate of the State Normal school at Trenton. On account of the high average made

MRS. VIDY RIOUT BRANCH.

In her studies while a student at the state school, upon graduation Mrs. Branch was given a life certificate in pedagogy.

Mrs. Branch is a member of two white quartets, and at a recent commencement she represented the musical department of her alma mater. She is truly devoted to child study, and in this particular phase of racial development she is manifesting deep interest in the little Afro-Americans of Fayetteville. She is endeavoring to get the parents of children to observe the distinct characteristics of their children and to talk with them according to their capacity to understand things and to place no opposition in the way of forming good character. She is a lover of the works of the old music masters and is adept at piano playing.

Crescent Social Club's Gala Night.

The fourth annual reception and dance of the Crescent Social club, which was held at Sumner hall, Brooklyn on Thursday evening, Oct. 28, was a grand affair. The members of the club were out in full numbers, wearing club colors. It was an evening dress turnout, and for variety in dress colors and styles it would be pretty hard to duplicate the ladies of this club and their guests. There were many out of town patronesses.

Biennial of Women's Clubs in 1910.

COUNCIL BLUFFS ITEMS.

The Mt. Olivet Baptist church held its dedicatory service Sunday, Nov. 7. In accordance with the bad and disagreeable weather the program was carried out as billee with a large attendance and a number of visiting friends from Des Moines and Oraball, also Mr. and Mrs. H. T. Randolph of Hiteman. The dedicatory sermon was delivered by Rex T. L. Griffith of Des Moines, who held his congregation spell bound for one hour, followed in the evening by an exceedingly wonderful sermon from Rev. S. Bates, also of Des Moines. The pastor, Rev. James Bowles and congregation spared no pains in making it pleasant for friends. All present reported a joyful day in praising and serving the Lord.

Mr. and Mrs. H. T. Randolph from Hiteman were in our city a few days visiting the latter brother, Rev. James Bowles.

PEORIA, ILL.

(Special to Bystander.)

The first prize, a huge bunch of American roses was won by Mrs. Chas. Anderson, while Mr. T. S. Patton won first gentleman's prize. A dainty collation was served in three courses by the hostess. This was the last of a series of delightful events given by Mr. and Mrs. Easley. Miss Easley leaves soon for her home in Ohio.

Miss Daisy Walker of Indianapolis is spending a few days here in the interest of the Woman's Protective Association.

The Odd Fellows are preparing to give a dance the 22nd in Central Hall.

College Course in Politics.

To Columbia university belongs the credit of offering the first course designed to give students a practical knowledge of the conduct of political affairs. That institution has asked the bureau of municipal research in New York to give the members of the class the benefit of the experience it has derived from the study of the affairs of that city, and the invitation has been accepted. The growing demand for the adoption of the scientific methods of city governments lends support to the view that college men will be in demand in this department of the public service, hence the propriety and usefulness of a university course established on the lines indicated by the innovation at Columbia.

Haitians a Lazy Lot.

Sydney Brooks, writing to the London Chronicle about Haiti, says the Haitians were the first people in the world to abolish slavery, and Mrs. C. R. Miller, writing in Leslie's Weekly, says of Haiti: "In that little republic, covering about 10,000 square miles, within five days' sail of New York, one may encounter more strange complications and a greater disregard for human life than in the remote countries of the east. Situated in the very heart of the West Indies, where civilization exists in a high degree, Haiti alone has kept her doors closed to progress. She became an independent state more than 100 years ago. Her rich lands were already under cultivation, but the lazy natives allowed the plantations to go to ruin, and forests have grown up instead."

Farm Employment for Criminals.

Gov. Harris of Ohio believes that criminals can be employed on a farm with advantage to themselves and the state. He proposes that prisoners in the penitentiary who are not confirmed criminals be transferred to the reformatory and put to work on the state farm. "It is the conditions of our cities that breed crime," says the governor. "Most of it can be traced to idleness and drink, and idleness is frequently the cause of drink. There is little drink in the country and practically no idleness. If the young man who had slipped over the bounds of a law were taught scientific farming he would come to like it and escape the associates who carry him down when he returns to the city."

Milk an Intoxicant.

New York City alone consumes annually 840,000,000 quarts of milk. We drink 2,300,000 quarts a day. And this does not include mothers' milk for infants; just cows' milk—watered and unwatered, for both infants and adults. "Milk," says Emerson, "is readily made intoxicating in warm climates simply by agitation. This feature was quickly discovered." Being placed in a skin and slung from the shoulder or over the back, it was agitated by the motion of the hunter, and fermentation was soon well under way. The skin was undoubtedly none too clean, some milk of the previous day being left in it, which would set as a leaven.

The canal at Panama was undertaken in the full knowledge that the region is in the earthquake belt, but also with the conviction that less danger is to be apprehended there than would have threatened had the United States adhered to the Nicaragua route, for the Nicaragua route is much longer, and the longer the route the greater the liability to injury of the canal by earthquakes.

There is an impression among many people that Americans are not a law-abiding nation. NEW STRENGTH FOR WOMEN'S BACKS.

How to Make a Bad Back Better.

Women who suffer with backache, bearing down pains, dizzy spells and that constant feeling of dullness and tiredness, will find hope in the advice of Mrs. Mary Hinson of 2 Strother St., Mt. Sterling, Ky.

"I have not used Doan's Kidney Pills, I believe I would not be living today," says Mrs. Hinson. "My eyesight was poor, I suffered with nervous, splitting headaches, spots would dance before my eyes and at times I would be so dizzy I would have to grasp something for support. My back was so weak and painful I could hardly bend over to put on my shoes and could not get around without suffering severely. Doan's Kidney Pills helped me from the first, and I continued until practically well again."

Mistake Somewhere.

A story comes from a Kentucky town that is worth repeating. There lives there a woman who says that she has immediate communion with the Almighty, and now and then delivers to those of common clay a message that she has received from on high. The fact that these messages sometimes take on a very materialistic hue does not alter their effectiveness, in her opinion.

One day she went into the office of a well known attorney and approached him solemnly as one about to reveal an awe-inspiring secret.

"The Lord sent me to you for \$25," she announced.

The attorney looked up and smiled. "That must be a mistake," he replied, blandly, "because the Lord knows I have not got it."

Celestial communication was thereupon broken off.

As to the Hessian Fly.

The Hessian fly is a German product which was conceived in iniquity and born in sauerkraut. It is a long, rangy fly with a bite like a steel trap, and it lays a pale blue, oblong egg at the rate of 30,000 an hour. The Hessian fly will eat anything from decayed custard pie to a glass inkwell, but its favorite dish is the double neck of a fat gnat. This bird can perform a two-step on sticky fly paper without croaking its toes, and is proof against rough on rats, the daisy fly killer, and a strychnine hypodermic. No Hessian fly was ever known to die of anything but old age, which accounts for the color of its whiskers. If it ever festens upon your jaw, it will stay until removed by the undertaker.—Manchester (Ia.) Press.

Woman Gets Rid of "Coffee Heart."

The injurious action of coffee on the heart of many persons is well known by physicians to be caused by caffeine. This is the drug found by chemists in coffee and tea.

A woman suffered a long time with severe heart trouble and finally her doctor told her she must give up coffee, as that was the principal cause of the trouble. She writes:

"My heart was so weak it could not do its work properly. My husband would sometimes have to carry me from the table, and it would seem that I would never breathe again."

"The doctor told me that coffee was causing the weakness of my heart. He said I must stop it, but it seemed I could not give it up until I was down in bed with nervous prostration."

"For eleven weeks I lay there and suffered. Finally Husband brought home some Postum and I quit coffee and started new and right. Slowly I got well. Now I do not have any headaches, nor those spells with weak heart. We know it is Postum that helped me. The Dr. said the other day, 'I never thought you would be what you are.' I used to weigh 125 pounds and now I weigh 158."

"Postum has done much for me and I would not go back to coffee again for any money, for I believe it would kill me if I kept at it. Postum must be well boiled according to directions on pkg., then it has a rich flavor and with cream is fine."

Read "The Road to Wellville," found in pkgs. "There's a Reason."

Ever read the above letter? A new discovery from Postum. They are the only ones that will give you the best of health.

CONSERVATION OF THE CABINET

MME. STEINHEIL NEAR VICTORY

WOMAN'S COOK IS STRONG WITNESS FOR DEFENSE.

Prosecution's Chain of Evidence Broken—New Investigation May Be Ordered.

Paris.—The testimony Wednesday in the trial of Mme. Steinheil, charged with the murder of her husband and her stepmother, was distinctly favorable to the defendant.

Marietta Wolf, the cook in the Steinheil household, and her son, Alexandre, whose appearance was awaited with profound interest, threw no new light on the mystery, but by a further mass of contradictions strengthened the impression in the accused woman's favor. Mme. Steinheil's nurse also retracted her previous deposition in which she expressed the opinion that the defendant's illness after the crime was simulated, and Maurice Borderel, a wealthy merchant, whom the state assumes Mme. Steinheil desired to marry, testified to his absolute belief in her innocence.

The state's circumstantial case against Mme. Steinheil seems to be rapidly breaking down and it is already rumored that the trial may be abandoned and a new investigation ordered.

INTENT ON LYNCHING NEGRO

Alleged Murderer of Annie Pelley Narrowly Escapes from Hands of Mobs—Excitement Intense.

Cairo, Ill.—With mob cries for his life ringing in his ears wherever he turns, Will James, alias "The Frog," the negro charged with the brutal murder of Miss Annie Pelley, whose nude body was found here and Murphysboro Wednesday night in the custody of Sheriff Davis and two deputies.

After the sheriff removed the prisoner from the county jail here to avoid a lynching, he was turned back from possible havens to the north, where he had hurried the alleged murderer.

Starting for Murphysboro, the posse was forced to leave the Illinois Central train at Dongola to escape a mob gathered at Anna, Miss Pelley's former home.

At Dongola open threats of violence were made, and the prisoner was spirited away in a buggy over country roads.

Crowds had poured into Cairo Wednesday from surrounding villages, and open threats of lynching are being made on every hand. All day the town was in a state of turmoil, and two general attacks were made on the jail, in addition to the many attempts at gathering together a mob strong enough in numbers to carry the prisoner.

Hypnotized Man Dies.

Somerville, N. J.—As the result of a hypnotic experiment Robert Simpson is dead and Prof. Arthur Everton of Newark, the hypnotist, is under arrest. Simpson was hypnotized at a performance in a theater here Monday night. After placing the man in a cataleptic state the hypnotist performed many tests in the presence of the audience. When the time came to end the exhibition, however, Prof. Everton found that his work, to all appearance, had been too thorough. The subject could not be revived. In alarm the hypnotist called on physicians, who, after laboring a long time over Simpson, pronounced him dead.

HUNTING FOR BIG GAME.

The Highlands of Ontario is an ideal spot for the sportsman during the open hunting season for big game. In the Temagami region moose are plentiful and may be killed during the period from October 15th to November 15th. This territory is a forest preserve of vast expanse, and in addition to being the hunter's paradise, its waters abound with game fish of many species. The home of the red deer is located somewhat to the south of Temagami, particularly in the districts known as "Muskoka Lakes," "Lake of Bays," "Maganetawan River," "Lake Nipissing," and "Kawartha Lakes" territories.

Write to W. S. Cookson, A. G. P. A., 135 Adams St., Chicago, for a copy of "Haunts of Fish and Game," issued by the Grand Trunk Railway System which fully describes the hunting territories reached by this line, giving game laws, maps and all information.

DISEASE IN HERD

Prove Tuberculosis Communicable to Human Beings. BABY IS VICTIM OF PLAGUE

Believed that Indiana Case Establishes Theory, as Child Had Been Supplied With Milk From an Infected Cow.

Indianola, Ia., Nov. 12.—Because the baby of one of his customers, which had been fed on the milk of one certain cow, had been pronounced by Dr. E. L. Baker to have tuberculosis, Mr. Ed. Greenfield, a dairyman near Indianola, sent for Drs. Haworth and Frank to apply the tuberculin test to his entire herd.

The father of the child had bought the cow, a grade Holstein a few months ago from a prominent Des Moines dairy herd. When he secured employment in Omaha about the first of October he sold the cow to the Greenfield dairy, with the stipulation that so long as his family remained in Indianola it was to be supplied with milk from this cow, as the baby had become accustomed to it and they did not want to make a change.

When Dr. Baker diagnosed the sickness of the child as tuberculosis, he made inquiries as to the milk it received. Learning the conditions he notified Mr. Greenfield, who immediately had not only the one cow, but the entire herd tested, with the above result. The herd had been tested about a year ago and pronounced healthy. The infected cow had been in the herd only a short time. She will be slaughtered subject to post mortem inspection.

There has been considerable interest taken in the bovine tuberculosis question by cattle breeders around Indianola during the past two or three years. Most of the herds of breeding cattle have been "tested out." The result of the recent Greenfield test only confirms the claims of veterinarians and other scientists that tuberculosis is communicable to human beings through the milk of infected cows, and that tuberculin is reliable as a diagnostic agent in the hands of competent operators.

Miller Heads Iowa Branch. Des Moines.—A. C. Miller of Des Moines, head of the state conservation commission has been elected chairman of the Iowa delegation of the Lakes-to-the-Gulf Deep Water ways association convention in New Orleans and vice president of the Iowa branch of the organization.

Win Estate Worth \$25,000.

Marshalltown.—By the affirming of the case of Westcott vs. Meeker, appellant, the supreme court of Iowa placed in the hands of Leon F. Westcott and his sister, Bernice, formerly of this city, but now of California, a business building and Main street property here worth \$25,000.

Many years ago the grandfather of the Westcott children owned the property at 112 East Main street. The late J. F. Meeker and Timothy Brown, now of Denver, Colo., secured the property and later Meeker acquired Brown's interest. Meeker improved the property, paid the taxes, kept up the insurance and collected the rents. His ownership was not questioned until about three years ago, when the Westcotts entered suit, alleging their ownership by right of inheritance.

On the hearing of the case two years ago the property was decreed by the lower court to belong to the Westcotts. Now the question of occupying claimants' rights will be raised in all probability, and the court will be asked to determine what is due the Meeker estate for the improvements to the property.

Needle Lodged in Flesh. Marshalltown.—Upon being stricken suddenly by a severe acute pain in the right thigh Mrs. George W. McNeely, prominent socially in this city, hurried home and called a physician fearful lest she was being warned of a stroke of paralysis. An examination, however, showed that a needle, two inches in length, which had become firmly imbedded in the flesh was causing the trouble. By hard work the needle was removed without breaking it. It was found to be covered with rust, indicating that it had been received into the flesh several weeks ago. It was firmly lodged three-quarters of an inch under the skin. How the needle was ever received without causing any pain Mrs. McNeely is unable to state.

Three People Terribly Burned. Dubuque, Nov. 11.—Joseph Cludry, aged 31 years; his wife, Della, aged 26, and his daughter, Sybilla, are in a critical condition at Mercy hospital here as a result of being terribly burned at their home. The wife was baking bread and her apron caught fire. Her dress blazed up and she ran to the porch screaming to her husband. He rushed from his bed to the porch to aid his wife, then turned back into the house, but smoke emanating choked his entrance. He ran to a side window and extricated the sleeping child, saving its life.

His Wife Alleges Bigamy. Marshalltown.—Claiming that her husband is a bigamist, and deserted her to marry Miss Emma Matthews, at Menominee, Wis., Mrs. Gertrude Strand Shaub, a former Marshalltown girl, is plaintiff in a petition for divorce against Frank R. Shaub, in the circuit court at Rock Island, Ill. where Mrs. Shaub is now living.

IS SHORT \$2,000,000

BIG FOUR OFFICIALS ADMIT WARRINER DEFALCATION IS ENORMOUS. MYSTERY WHERE ALL WENT

Alleged Blackmail and Speculative Losses Do Not Account Fully for the Large Amount—First Estimate Too Conservative.

Cincinnati.—The examination of Charles L. Warriner, formerly local treasurer of the Big Four railroad, by his superiors and others, was resumed Tuesday when rumors among men in touch with railroad affairs in this city gained currency that the shortage in the finances of that road because of the defalcation of Warriner may yet reach \$2,000,000.

An official statement confirmed the rumors that the shortage probably would reach \$600,000. That the total may go far above that figure is conceded.

Officials of the Big Four admit that they are astonished at the revelations by Warriner and they are pressing him for additional details of how he spent the money, the sums alleged to have been paid in blackmail and lost in unprofitable speculation leaving a large amount for which there is no accounting.

Warriner asserts that he has not a dollar left, the transfer to the railroad company of his home and stocks of various corporations in which he was interested having made him penniless.

The search for the man and woman whom Warriner has named in connection with the alleged blackmailing of him out of many thousands of dollars, it is stated, is being conducted here, in Chicago, in Portsmouth, O., the former home of the woman mentioned, and in other cities, but so far no additional arrests have been made and conflicting statements are made by those in charge of the case as to the probability of other arrests soon.

Attorney Goldsmith, law partner of Gov. Harmon and one of the counsel for the Big Four, is authority for the statement that no other arrests are contemplated at present.

QUEEN OF TROTTERS DEAD

Hamburg Belle with Record of 2:01 1/4 Expires from Pneumonia on Georgia Farm.

Thomasville, Ga.—Hamburg Belle, 2:01 1/4, queen of the Lutting turf, is dead.

Though brought south to escape the rigors of a northern winter, the famous mare died at the stock farm of her owner, near this place, of pneumonia.

Hamburg Belle was bought by Mel Hanna of Cleveland, O., a few months ago for \$50,000. The mare registered as Sally Simmons H., made three world's records at the North Randall track near Cleveland on August 25 last, in her match race with the black horse Uhlman. Her first heat was trotted in 2:01 1/4, the fastest mile ever trotted in a race, and two seconds faster than the previous record held by Crescens. The second heat was trotted in 2:01 1/4, the fastest second heat trotted in a race, and the race itself was the fastest two heats.

GOTCH WINS FROM ITALIAN

World's Champion Wrestler Has But Little Trouble in Defeating Foreign Opponent.

Chicago.—Frank Gotch, champion wrestler of the world, defeated Giovanni Ralcevalch, the Italian champion, in two falls Tuesday night at the Coliseum before an immense crowd. Gotch secured the first fall by a crotch and arm-lock hold in 16 minutes and 28 seconds.

The second fall was obtained in much quicker time, the Iowa man throwing the Italian by a cross-leg hammer and wrist-lock hold in 5:25.

ANOTHER IMPORTANT VICTORY FOR THE CARTER MEDICINE COMPANY IN THE UNITED STATES COURT.

The United States Circuit Court for the Southern District of New York—sitting in New York City—has just awarded to the Carter Medicine Company a decree which again sustains the company's exclusive right to use the red package for liver pills.

By the terms of the decree, it is, among other things: Adjudged that the Carter Medicine Company is the owner of the sole and exclusive right to the use of red colored wrappers and labels upon said small, round packages of liver pills of the style described in the bill of complaint; said right having been acquired by the prior adoption of said style and color of package for liver pills by the complainant predecessors more than thirty years ago, and established by the continuous and exclusive use of the same in constantly increasing quantities by said predecessors and by the complainant, the Carter Medicine Company, itself, from the time of their said adoption until the present day.

The decision just announced is perhaps the most important and far-reaching of all, by reason of the character of the tribunal which rendered it. No Court in the country stands higher.

THE REASON.

Wearry—Gee! I wonder wot dat dorg bit me on the foot for? His Friend—I suppose it's cause he couldn't reach no higher.

ECZEMA COVERED HIM. Itching Torture Was Beyond Words—Slept Only from Sheer Exhaustion—Relieved in 24 Hours and Cured by Cuticura in a Month.

"I am seventy-seven years old, and some years ago I was taken with eczema from head to foot. I was sick for six months and what I suffered tongue could not tell. I could not sleep day or night because of that dreadful itching; when I did sleep it was from sheer exhaustion. I was one mass of irritation; it was even in my scalp. The doctor's medicine seemed to make me worse and I was almost out of my mind. I got a bottle of the Cuticura Soap, Ointment and Resolvent. I used them persistently for twenty-four hours. That night I slept like an infant, the first solid night's sleep I had had for six months. In a month I was cured. W. Harrison Smith, Mt. Kisco, N. Y., Feb. 3, 1908."

The Last Resort. "They're going to increase the tax on beer!" "Then we won't drink any." "And they're going to increase the tax on spirits." "Then we won't drink any." "And they're going to tax wine." "Then we won't drink any." "And they're going to tax inheritances!" "Then let's drink up our money!"

Important to Mothers. Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Chas. H. Fletcher* In Use For Over 30 Years. The Kind You Have Always Bought.

Refuted. "Just think of it! One person in every 37 in England is a pauper!" "Why, John," she returned, "it isn't so. I met more than 37 people in London last summer, and there wasn't a pauper in the lot!"

The Wizard of Horticulture Hon. Luther Burbank

Wanted—A Bright, Capable Man

For cleaning and brightening up the metal parts of harness, farm implements and machinery, farm wagons, etc.; for keeping cream separators, milk pails, pans, tins, etc., "sweet" and clean; for scouring pots, kettles and all kitchen utensils; for keeping everything spick and span, you will find Old Dutch Cleanser the easiest, quickest and best cleanser you have ever used.

Proof that it is Best for Rheumatism. Mrs. DANIEL H. DIEHL, of Mann's Choice, R.F.D., No. 1, Pa., writes— "Please send me a bottle of Sloan's Liniment for rheumatism and stiff joints. It is the best remedy I ever knew for I can't do without it."

Also for Stiff Joints. Mr. MILTON WHEELER, 2100 Morris Ave., Birmingham, Ala., writes— "I am glad to say that Sloan's Liniment has done me more good for stiff joints than anything I have ever tried."

ERUPTIONS POISON IVY BURNS ITCHING ECZEMA NETTLE RASH

Delicious is a gem—the finest apple in all the world. It is the best in quality of any apple I have so far tasted, and Mr. Burbank knows. Delicious is but one of the hundreds of good things in Stark Trees—the good things you should know about before you plant this fall or next spring.

Millions Say So

When millions of people use for years a medicine it proves its merit. People who know CASCARETS' value buy over a million boxes a month. It's the biggest seller because it is the best bowel and liver medicine ever made. No matter what you're using, just try CASCARETS once—you'll see.

REORGANIZER OF CHOIRS.

Success Achieved by Professor P. Albert Myers of Brooklyn.

One of the best known and most capable choristers of church choir in Greater New York is Professor P. Albert Myers, chorister of the choir of the Concord Baptist church. When Professor Myers took charge of the choir several years ago it was largely disorganized as to arrangement of voices and for want of a sufficient number of trained singers to make the choir effective. Professor Myers on taking charge began at once to reorganize the choir, procure new singers and institute regular rehearsals. In this he has been eminently successful, so much so that today the choir of Concord Baptist Church of Christ in Brooklyn is said to be one of the best among Afro-American churches in

PROFESSOR P. ALBERT MYERS.

Greater New York. Professor Myers believes in preparation and to that end has prepared himself both in voice culture and string music, studying under some of the best masters. He is peculiarly fitted as a teacher of sight singing and has been quite successful with the violin. He is the originator of several grouped choruses, octets, etc., and is chairman of the entertainment committee of the Carlton avenue branch of the Brooklyn Y. M. C. A. Myers' ability as an arranger of music for great occasions was witnessed a few nights ago at the Baptist temple of Brooklyn, where he had charge of the music at the memorial exercises in honor of Dr. William T. Dixon. There were six choirs represented, numbering in the aggregate about 125 voices. Professor Myers had everything so arranged that every choir understood exactly what a simple motion of the baton meant. Besides being musical, Professor Myers is also greatly interested in athletics. He is one of the leading players on the Y. M. C. A. teams and is good at bowling, running, jumping and basketball.

Good Cough Medicine for Children and Grown Folks, Too.

"We could hardly do without Chamberlain's Cough Remedy," says Mrs. Flora Despain of Blvd., Ky. "I found it to be so good for the croup and have used it for years. I can heartily recommend it for coughs, colds and croup in children and grown folks, too." The above shows the implicit confidence that many mothers place in Chamberlain's Cough Remedy, a confidence based on many years' experience in the use of it. No one need hesitate to use this remedy for it contains no chloroform, opium or other narcotics and may be given to a child as confidently as to an adult. For sale by all druggists.

PLAN OF EXPOSITION.

Afro-Americans to Celebrate Fifty Years of Freedom.

Major R. R. Wright has given out the following plan for the celebration of the fiftieth anniversary of the freedom of the Negro race in America in 1913:

Object.—To commemorate the fiftieth anniversary of the emancipation of the American Negro.

Exhibits.—Products of all classes by American Negroes, products of Negroes in Porto Rico and Cuba, products of Negroes in Haiti and Santo Domingo, products of all classes by Negroes in Africa—viz. by those in Sierra Leone, Liberia and Abyssinia, by those in the sphere of England's influence, by those in the sphere of France's influence, by those in the sphere of Belgium's influence; pan-African congress, consisting of representative Negroes from all parts of the world.

How Financed.—By sale of American emancipation semicentennial certificates at \$1, \$10 and \$100; by each southern state equipping and furnishing its own Negro building; by an appropriation from congress.

Ford's Hair Pomade

Fifty years of success have proved the merits of this preparation.

What is more attractive than a beautiful head of hair? It has been the ambition of women in all ages. The use of Ford's Hair Pomade makes stubborn, harsh, kinky or curly hair soft, more pliable and glossy, easy to comb and arrange in any style desired. It is a constant preserver of the hair, and its use is consistent with its length, as long as it remains in the hair. This pomade may be obtained by one through application according to directions. Two to four applications a month will keep the hair in satisfactory condition and two or three bottles, regular size, are usually sufficient for a year. Directions with every bottle.

Party Lines Fading.

Negroes Throughout Nation Need New Birth of Civic Consciousness.

The Rev. R. C. Ransom in a stirring sermon at Bethel church, New York, a few nights ago said:

"Negroes pay taxes through rents and directly through the ownership of much property. Yet upon the police force, in the fire department, in the parks, etc., we are practically without representation in the army of city employees. In municipal affairs party names should count for less and less. The Negroes throughout this nation need a birth of civic consciousness. These fusion or reform administrations have had small use for our people. What we want is not a pat on the back and an election day cigar, but hundreds of thousands of dollars of the city's money for services performed as employees in the various departments. We want influence with the school board, the police, fire, park and water departments. We do not want political meetings in our churches, but churches which will meet the politicians with righteous demands."

THE CHICAGO TRIBUNE--THE HOST FOR EXPOSITION VISITORS.

The illustration shows the splendid building occupied by the Chicago Tribune, which has been chiefly instrumental in bringing about the United States Land and Irrigation Exposition, to be held in Chicago's famous Coliseum Nov. 20 to Dec. 4. This is the same period as the International Live Stock Exposition in Chicago. The Tribune as the host extends a welcome to all visitors. This building will be their downtown headquarters. Special waiting rooms will be set apart for the use of the guests, and guides will be in attendance to show the visitors through the building, that they may see how the greatest metropolitan newspaper is produced. The Tribune building will be open night and day. A special free information bureau, desks and stationery, and a checking room for bundles, will at all times be at the disposal of visitors. The central location of the Tribune at the southeast corner of Madison and Dearborn streets will make these conveniences particularly appreciated.

PORO TRADE MARK

When we first began our wonderful work of growing all kinds, all qualities, all lengths, and all conditions of hair, even to the growing of hair on bald places of the head, many persons scorned the idea that such a thing was possible; but we have grown the hair for hundreds; rapidly achieving success. The proof of the value of our work is that we are being imitated and largely by persons whose own hair we have actually grown and the further fact that they have very frequently mentioned us when trying to sell their goods (saying that theirs is the same or "just as good") or referred to PORO.
