The revival meetings at Corinthian Baptist church are progressing nicely. Sunday afternoon Dr. Cohorn of St. Joseph, Mo., will deliver a special address to men at 3 o'clock, subject "How to Succeed." Regular services morning and evening, preaching by Dr. Cohorn.

But very few of our citizens know that we have a colored insurance agent regularly employed here, such is true. Mr. John Farrall, formerly of Ottumwa, is located in our city and is doing a large business for the Bankers Life; those desiring insurance would do well to give him a call. He is a social man to meet.

Joe Brown secretary, Lewis Avery Ass't. secretary and E. T. Banks treasurer.

The great annual Thanksgiving foot ball game between Drake University and Ames College was a hard fought battle, but the old blue and white was so much for the agricultural boys and Drake won, 11 to nothing, thus giving Drake the undisputed championship in Iowa. Drake defeated all the Iowa colleges and universities' teams, only the Iowa team crossed her goal line this year. She was beaten by Missouri University. Drake has certainly a powerful team and much credit is due coach John L. Griffith and the captain R. Warren.

Afro-American Denominations.

Census Report Shows Large Increase in the Number of New Bodies Since 1890. The Baptists Lead the Methodists in Membership by More Than a Million.

A very interesting bulletin giving the statistics of religious bodies for the year 1906 has just been issued by the bureau of census at Washington. Particularly interesting are the statistics pertaining to the several Afro-American denominations, whose development, both in church membership and in the value of church property owned, indicates a vigorous spiritual and material growth.

The report shows that there are now seventeen denominations wholly made up of colored organizations as against ten in the report of 1890. Of those given in 1890, two, the Congregational Methodist church and the Evangelical Missionary church, have ceased to exist, while the following new denominations appear for the first time: Colored Primitive Baptists in America, United American Free Will Baptists, Church of God and Saints of Christ, Churches of the Living God (three bodies), Voluntary Missionary Society in America, Free Christian Zion Church of Christ and Reformed Methodist Union Episcopal church.

The denominations composed only in part of colored organizations are twenty-six in number as against nineteen in 1890. For these denominations no attempt was made to ascertain the number of colored communicants belonging to the congregational white churches, only those churches that were made up wholly of colored communicants being accepted as a basis upon which to determine the number of colored organizations.

The denominations consisting wholly of colored churches reported 31,393 organizations, with 3,207,307 members and church property valued at \$44,678,049, while those denominations made up only in part of colored churches reported 5,377 organizations, with 477,399 members and church property valued at \$11,963,110.

The total number of organizations reported in 1906 for all denominations consisting in whole or in part of colored organizations was 36,770 as against 23,462 in 1890; the number of communicants, 3,685,097 as compared with 2,673,977 in 1890, while the value of church property increased from \$26,626,488 in 1890 to \$56,636,159 in 1906, a sum representing a per capita asset of \$15.37 for every Afro-American church member.

The total debt on church property was \$5,005,905, or 8.8 per cent of the total value, and represents a per capita indebtedness of \$1.36 for every communicant or member.

A comparison of our two leading organizations in the Baptist and Methodist denominations is quite interesting. The national Baptist convention reported 18,534 organizations, with 2,261,697 communicants or members; 17,913 church edifices, with a seating capacity of 5,610,931, and 698 halls besides 6,538 church edifices, with a seating capacity of 1,832,900, and 208 halls. The total value of church property reported by 17,800 organizations was \$24,437,272.

The African Methodist Episcopal church reported 6,647 organizations, with 494,717 communicants or members; 6,538 church edifices, with a seating capacity of 1,832,900, and 208 halls. The total value of church property reported by 6,290 organizations was \$11,303,489.

It appears from the report that the national Baptist convention has 11,887 more organizations, 1,766,830 more members, 11,375 more church edifices, 240 more halls and church property to the value of \$13,133,783 in excess of the African Methodist Episcopal church.

The total number of parsonages reported for all colored organizations was 4,770, valued at \$3,727,884, the state of Georgia leading with 464, valued at \$290,513, followed by South Carolina in the number of parsonages, but by Pennsylvania in the value.

South Carolina reported 353 parsonages, valued at \$227,963, as compared with ninety-eight, valued at \$248,700, for the state of Pennsylvania.

Sunday schools numbered 34,931, with 210,148 officers and teachers and 1,740,099 scholars.

New Postmaster for Quindaro. For the first time in the history of Kansas a Negro has been appointed postmaster. At the little village of Quindaro, where the little Western university is located, a postoffice has been established, and our esteemed friend Hon. W. W. Fisher is postmaster. The office has about 250 patrons, besides 350 students of the school. It is a fully new to Kansas to transact business with a Negro postmaster, but old to Mr. Fisher, he having served Uncle Sam in the same capacity in South Carolina under McKinley's first administration.—Topeka Pleadvertiser.

Afro-Americans Are Forging Ahead. After all that is said of the Negro by his enemies in and out of the country, he is still making progress. Wherever there is a bulletin of progress raised aloft which is not too much dimmed by the haze and maze of prejudice to show in an impartial way the writing thereon the good deeds of the Negro stand out in fair proportion, forever convincing the world that he is making headway.—Dallas (Tex.) Express.

Banquet Given Lyon and Scott

Prominent Citizens From Many Sections Gather at Washington to Do Homage to Two Great Men of the Race. New Shrine of Freedom in "the Fatherland."

By R. W. THOMPSON.

On Wednesday evening, Nov. 17, at the new Masonic auditorium, Washington, 200 representative men met at a festive board and intined the spirit of fraternity, mutual helpfulness and national good fellowship between the United States and Africa, giving substantial significance to the elaborate decorations of the banquet hall, in which were intined in artistic fashion the cheer inspiring colors of the United States and Liberia.

The occasion was a complimentary dinner in honor of the Hon. Ernest Lyon, United States minister to Liberia, and Bishop I. B. Scott, representing the Methodist Episcopal church in the African republic. Not only was it the object of the distinguished gathering to pay a deserving tribute to the

two forces that have contributed so generously and effectively to the uplift of the Negro race at home and abroad, but it was deemed fitting and proper that there should come from the spokesman of the Negroes of this country at this time some formal expression of our sympathy with the aspirations of our foster child, the republic of Liberia, toward a stronger social, commercial, industrial and national development. That a keener sense of the responsibilities of this country with reference to the protection and encouragement of the Liberian republic is being felt throughout the land was evidenced by the lofty notes struck in a major key by Minister Lyon, Bishop Scott, Dr. Booker T. Washington and the speakers who followed the impassioned appeal of these statesmen that an opportunity for a larger life be offered to the builders of a new shrine of freedom in "the fatherland."

Ralph W. Tyler, auditor for the navy department, acted as toastmaster and introduced the speakers in language that combined dignity with humor and kept the company on a tiptoe of expectation as to the next treat that was to be presented. As each gentleman arose the orchestra played a bar of an air typical of the locality from which he hailed. Following the excellent menu prepared by Caterer W. W. Martin, the program of the evening was opened with an appropriate statement of the purpose of the gathering by Toastmaster Tyler.

Toasts were responded to as follows: "The Negro on Two Continents," Dr. Booker T. Washington; "Our Guests," Judge Robert H. Terrell; "Influence of the Church in Africa," Bishop I. B. Scott; and "The United States and Liberia," Hon. Ernest Lyon.

The tone of the addresses was optimistic throughout. Many valuable suggestions were made touching the method by which this government could extend aid to the Liberian people, and it was the better of all that with accurate protection and the encouragement of capital the budding republic on Africa's western coast could be made the garden spot of the world. With Minister Lyon describing the needs of the Liberians and what the United States could do toward supplying sturdy immigration and thrifty investors, with Bishop Scott testifying to the revivifying influence the church is exerting upon the masses, and with Dr. Washington showing how the progressive and fortunate best Negroes of America may assist their less favored brethren in coming into their own, the cause of the Negro republic was given a hearing that betokened great possibilities for the future.

Besides the Liberian flag, the decoration scheme included the flag of the city of Monrovia, Liberia's state capital, used for the first time in America. Minister Lyon and Dr. Washington wore the insignia of the Order of African Redemption.

The committee of arrangements, to whose painstaking labors the success of the magnificent function was due, was made up of the principal political, educational, social and commercial forces of the nation's capital, headed by Hon. Ralph W. Tyler, chairman, and Mr. Lewis E. Johnson of the Y. M. C. A., secretary.

THE DELINEATOR FOR DECEMBER

The Christmas number of The Delineator represents all that is best in the making of a magazine. It is sumptuously illustrated, and the pages that offer the cream of current literature, special articles by leading thinkers and fascinating descriptions of the fashions are decorated most artistically.

"My Principles of Giving" is a subject of special moment at Christmas-time, and wide interest will be felt in what John D. Rockefeller, Andrew Carnegie, J. Ogden Armour, Thomas H. Swope, John H. Converse, Nathan Straus and Evangeline Booth say concerning their methods of helping humanity. "A Home with Forty Daughters," by Mabel Potter Daggett, and "Attending to His Drop," by Eugene Wood, are two timely articles that reflect the good-will-to-man ideal. "The Gentle Resident of the Vatican," a near-by study of the Pope, by Kellogg Durland, is peculiarly fitting for the holiday number of a magazine, for it presents Christmas glimpses of Rome and the Vatican. Richard Le Gallienne's beautiful serial, "October Vagabonds," is continued.

The Lipling story for the month is called "Gloriana." It is superbly illustrated. Like the other tales of this remarkable series, it is compelling in interest and haunting in its strange power. J. J. Bell, the Scottish humorist, contributes a delightful story, "Deeds of Kindness." "The Making of a Aero" is a pleasant tale, well told by Leila Lyon Topping. Grace McGowan Cooke's serial, "The Power and the Glory," is continued.

The fashions for the month are reviewed by clever writers in Paris, Berlin, London and New York. They are illustrated in full-page color plates that reveal the latest ideas for costumes of every sort.

It is pointed out by the New York Sun that Freshman Sidis, the youth who has matriculated at Harvard at the more than usually immature age of 11 years, is not in a class by himself. Andrew Preston Peabody was graduated at 15 and Edward Everett entered when he was 13, while Cotton and Increase Mather were on the university rolls when 11 and 12 respectively. The Sun believes that the attention that young Sidis has received is not only undeserved but regrettable.

Every few days there comes a dispatch from Los Angeles saying that a party has been lost in the mountains or that a family has perished on the desert. Southern California seems to need more guide posts.

The most accommodating man on record lived until lately in Pennsylvania. He was hanged, but before his execution expressed willingness to have granted the request of his wife to see him hanged and to have her share that pleasure with the man she intended to marry after it was over.

There is a disposition frequently shown to begrudge the man who has passed 50 years on the earth. He is called a back number and is repeatedly shoved aside to make room for a "hustler." Possibly this tendency is due to the fact that the man of that age is much inclined to look upon himself as being down and out. If he does not think well of himself, he cannot blame other people for putting a low valuation on him. What he needs is more life and ginger. Age is such a matter of how one feels.

Eating for Strength.

The greatest pleasure to be derived from eating is the pleasure one gets in the knowledge that his food is giving him greater strength and vitality.

Because of this fact there is a constant increase in the consumption of Quaker Oats; every time the strength making qualities of Quaker Oats have been tested by scientific investigation or by experiments in families it has been found to be a food without an equal.

It builds the muscles and brain without taxing the digestive organs; it costs so little anyone can afford it, and it is so carefully prepared and packed that it is absolutely pure and clean. A Quaker Oats eating family is always a healthy family.

11 Quaker Oats is packed in regular size packages and also in large size family packages. The latter very convenient for those not near the store.

RECIPE FOR CATARRH.

Furnished by High Medical Authority. Gives Prompt Results.

The only logical treatment for catarrh is through the blood. A prescription which has recently proved wonderfully effective in hospital work is the following. It is easily mixed.

"One ounce compound syrup of Sarsaparilla; one ounce Toris compound; half pint first-class whiskey." These to be mixed by shaking well in a bottle, and used in tablespoon doses before each meal and at bedtime.

The ingredients can be gotten from any well stocked druggist, or he will get them from his wholesale house.

There is no surer and no readier remedy for your own cares than to try to lessen the cares of other people.

ZELAYA MUST PAY \$100,000

SECRETARY KNOX WILL DEMAND CASH AND APOLOGY.

Will Adopt Extreme Measures to Obtain Satisfaction for Execution of Two Americans.

Washington.—The execution of the two American citizens, LeRoy Cannon and Leonard Groce, by orders of President Zelaya, will cause the United States to adopt drastic measures to obtain reparation from the Nicaraguan government.

President Taft on his return to Washington Sunday approved Secretary Knox's recommendation that President Zelaya of the central American republic be called upon to give immediate satisfaction for the outrage.

Secretary Knox will demand that \$100,000 indemnity be paid the families of the victims.

The demand will be couched in stern language, and will require a formal apology, a salute to the American flag, and perhaps the payment without delay of an indemnity for the benefit of the heirs of the deceased.

Failure to make instant compliance will cause the government to consider the observance of one of the three following plans:

1. Recognition of the belligerency of the insurgents, now operating in and controlling the eastern half of Nicaragua.
2. Seizure of the custom house at Corinto, the single port of Nicaragua, which is held by the government.
3. Declaration of war.

It is possible the first two measures may be taken simultaneously.

An official dispatch received from the American vice-consul at Managua Saturday announced that President Zelaya admitted he had directed the shooting of Cannon and Groce after a court-martial, and that he did so over the protest of the commander-in-chief of the Nicaraguan army and the minister general of the republic.

STEAMERS FIGHT BIG SEAS

One Reaches Port After Hard Struggle, Other at Anchor in Disabled Condition.

St. Joseph, Mich.—Two of the finest passenger steamers of the Graham & Morton Transportation line, operating between Chicago, Holland and St. Joseph, suffered a narrow escape from foundering off this port.

The City of Benton Harbor lies at her docks here, having reached port after thrilling fight of five hours with a 60-mile gale of wind and snow, while the steamer Puritan, a staunch boat of steel, rudderless and to more or less extent at the mercy of the seas, lies off New Buffalo, some 18 miles south of here. Tugs from South Chicago are fighting their way across the lake to succor the disabled craft. Officials of the Graham & Morton Company here say the Puritan is in no danger, though her wireless is wrecked and communication with her is impossible.

A few hours out of Chicago the Puritan lost her rudder, and from then on until her anchors were dropped as a last resort she drifted helplessly at the mercy of wave and wind. Blown far from her course she was steadily making shoreward when anchors were dropped, which followed a thrilling attempt on the part of the Benton Harbor to put a line aboard the helpless boat. In the heavy gale, however, this was impossible. Before a line could be securely fastened it parted and an instant later the Benton Harbor's stern struck the Puritan's bow, damaging the Benton Harbor a little. Fearing for his own vessel, Capt. Simmons fought his way into port with the greatest difficulty. The Benton Harbor carried a light passenger list, while the Puritan has about fifteen persons besides the crew aboard.

PLOT TO KILL FINANCIERS

Mysterious Letters Reach Stock Exchanges Threatening Assassination of Rich Men.

Chicago.—A plot originating in Spain to assassinate a number of well-known American financiers was brought to light through a series of mysterious letters sent to the various stock exchanges of the country from Barcelona, Spain.

Members of the Chicago stock exchange are reticent regarding the matter. The American men of finance, to whose funeral various members of the black bordered letters, are James B. Duke, the head of the tobacco trust; John B. Cobb, C. C. Dula, Pierre Lorillard, George Arens, August Belmont, Thomas F. Ryan and John W. Gates.

At first it was thought the letters were from some fanatic, but their continuation and their viciousness caused them to be considered serious enough to warrant an investigation by the board of directors of the stock exchanges of Chicago, New York and other cities.

Mr. Edwards had been three times mayor of this city, postmaster under Cleveland, and was one of the best-known shorthorn cattle breeders in the west.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indecorous. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for medicine in his office of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. E. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.
