Mr. Nelson Watkins of Albany, Mo

arrived in our city last Friday to visit his children, Mrs. J. L. Professor Lawrence Clifton Jones, formerly of Iowa, but now of Braxton, Mississippi, one of our coming young men, is in our city, the guest of S. Joe Brown. Prof. Jones was born in St. Joseph, Missouri, but educated in Marshalltown, Iowa, and then took a regular course in the state university graduating in the class of 1907, and went south and started an industrial school in the rural districts of Piney Woods, known as the Piney Woods Normal and Industrial Institute, which opened its doors last October, and it has had a great success, until now he is here in the interest of said school and will speak at the First Baptist church next Sunday evening.

The demonstration Sunday at the Young men's Progressive association hall, was very largely attended. In fact, the hall was crowded and every thing went off in perfect union, and the address of Mr. LeRoy Tucker, Y. M. C. A. secretary of Buxton, was well written and ably delivered. If only more of our people could have heard the speaking and singing. Prof. Geo. I. Holt was present and sang; an orchestra was present, and played throughout, under the supervision of Mr. L. J. Shelton. Below we publish just what Hon. John MacVicar, councilman, and one of our true friends, said on the Editorial page of the Register and Leader the next morning. He was present and spoke.

"I was greatly impressed by the intelligence of the membership of the Young Men's Progressive league, an organization of colored people, which is laying plans for the organization of an Afro-American Y. M. C. A." said Councilman MacVicar. "I was invited to speak at a meeting held Sunday in the league's hall at West Ninth and Park streets. While there I heard some of the members read papers, sing songs and make speeches in a manner that would be worthy emulation by many white societies. I am sure that if the white people of Des Moines could have seen the manner in which that program was carried on, they would have learned to respect the colored people more. It had that effect on me."

The members of the Carnation club were very delightfully entertained at the home of Mrs. F. Bates, 1111 Fremont street, Thursday, May 26th, by Robert Carter. The club opened with quotations from the Bible, led by Miss Hattie Ewing. The club listened to a paper on the life of the Apostle John, by Mrs. F. Bates. Opened for discussion and very highly commended. Adjourned to meet at the church Thursday, June 2nd. Quotations from Cicero.

The Des Moines Negro Lyceum met with Mr. Branham N. Hyde, Tuesday, May 31, 1910 at his home on Thirteenth street. Communications were read from Mrs. Luella Wilburn and Miss Tabitha Mash, after which on account of the number of distinguished visitors being present, the regular program was abandoned and the evening given over to the visitors. Short but instructive remarks were made by Prof. Lawrence C. Jones, principal of "The Piney Woods Normal and Industrial Institute," of Braxton, Mississippi. Mrs. London, principal of the Buxton High school (colored); Miss Jessie Walker of Marshalltown, president of the Iowa State Federation of Colored Women's Clubs; Mr. Windom Reed, winner of the short dashes at the state high school meet; Miss Gertrude Hyde, winner of second place in oratory at the City contest; Miss Dayse Mae Lee of Buxton, and Mrs. R. Is he not entitled to it by party rule and precedent?

LIVE STOCK RATES

State Railway Commission Restores Minimum on Shipments

RULES ON LENGTH OF CARS

Freight Rate on Live Stock Shipped Between Iowa Points Will Be Reduced Approximately 20 Per Cent.

Des Moines, June 3.—An important decision to small shippers by which the freight rate on live stock shipped between Iowa points will be reduced approximately 20 per cent, was made by the state board of railroad commissioners when it restored the minimum on live stock shipments to 31-foot cars. The request was made by the Sioux City Live Stock exchange and the Sioux City Stock Yards company.

The board recently increased the minimum length of cars for live stock shipments from thirty-one to thirty-six feet. The Sioux City concerns filed formal complaint and after a hearing Thursday the board restored the old order to take effect as soon as possible. The change from 31-foot cars to 36-foot cars took effect June 1 and the change back to 31-foot cars is of great value to the small shipper.

It was shown that the farmer or small shipper of live stock, shipping to local points, seldom has sufficient stock to fill a 36-foot car. Despite this fact they must pay the minimum weight for the 36-foot car. The order of the board also provides that if the shipper demands a 31-foot car and the company cannot furnish it that he shall pay only the minimum on the smaller car, regardless of the size of the car.

The district conference business sessions will be held on Saturday forenoon and afternoon, followed by preaching at night and on Sunday.

Two items of business that will be considered will be the selection of district officers of the conference and the locating of the reunion for the year. It is being considered whether to hold another reunion in the city during this summer, some looking up on this question favorably.

COL. WM. T. CHANTLAND OF FORT DODGE, IOWA

COLONEL WILLIAM T. CHANTLAND, OF FT. DODGE.

Colonel Wm. T. Chantland of Fort Dodge, is the oldest of the three republican candidates for Attorney General. He was born in Fort Dodge, June 22, 1870. He is a graduate of both the collegiate and law departments of the University of Iowa. He has the advantage of the candidates in experience in law, having practiced at Fort Dodge for 16 years. His work as County Attorney of Webster County, (numerically one of the larger counties of the State) has given him as well equipped by education, experience and energy for the office to which he aspires. We understand, he secured convictions or judgments of guilty in 88. This record speaks for itself as to his ability and energy. During his first term, he resigned to go to the front in the Spanish-American war as Captain of his company, G, of the 524 Iowa Volunteer Infantry. He is also the son of a veteran of the Civil War. Chantland believes that the State of Iowa is a big enough and important enough client to demand the best legal service of the best legal force that can be gathered in the office of Attorney General; and he promises if elected to conduct the office strictly in the interest of a lawyer should, and not in any able, energetic, fearless and impartial manner for political gain. Chantland believes that there is much im-

portant work, for the Attorney General of Iowa to do. He feels that one of the first abuses to be corrected is the rotten fence wire trust, which as he has figured out, is annually costing the farmers of Iowa more than all the appropriations made by their state legislature. Chantland claims to have the facts on this evil. His local bar composed of over 30 members, regardless of party affiliations, concludes its endorsement of Chantland's candidacy by saying:

"Now at the age of forty we regard him as well equipped by education, experience and energy for the office to which he aspires. We understand, he secured convictions or judgments of guilty in 88. This record speaks for itself as to his ability and energy. During his first term, he resigned to go to the front in the Spanish-American war as Captain of his company, G, of the 524 Iowa Volunteer Infantry. He is also the son of a veteran of the Civil War. MASONS TO MEET

Grand Lodge will Hold Session at Waterloo June 10-16

DETAILED PROGRAM ISSUED

Fourteen Hundred Visitors Expected in City for Meeting—Past Grand Masters Will Be Presented With Jewels.

Waterloo, Ia., June 3.—The detailed program for the meeting of the Masonic grand lodge in Waterloo from June 10 to 16 has been issued. The school of instruction will be held June 10, 11 and 13. The first session of the grand lodge proper will be held Tuesday morning. At this session the past grand master's jewels ordered at the last session, will be presented to all resident past grand masters in attendance.

The election of grand officers will occur Wednesday afternoon, June 15. Each evening the local committee will furnish some form of entertainment for the 1,400 visitors who are expected.

Grand Secretary Parvin of Cedar Rapids, in a recent bulletin, states that the suspensions from the order during the year were quite numerous, about 500. He says:

"Five of the largest lodges in Iowa, with a combined membership of 2,200 do not report a single suspension, while one of our lodges, with less than 175 members, reports eighteen suspended. About 100 of the lodges show a decrease in membership, while one-half of that number about hold their own. Marlon lodge No. 6 reports conferring the largest number of degrees of any lodge during the year, 140. The total increase for the year will not be as great as was expected, being in the neighborhood of 1,500. This is due to the fact that the decrease of the year amounts to over 2,200; however, we are more than holding our own and gaining at a reasonable rate, and Masonry seems to be prospering throughout the entire jurisdiction."

HON. ED SITZ, Candidate for Railroad Commissioner.

WOMEN, STOP, WAIT, LISTEN, READ

If a Woman have long hair, it is a Glory to Her: I Cor., 11-15.

Every Woman Can Have that Glory if She Wishes It.

This is for you. No more ironed hair, but soft, long, beautiful hair that need not be put on the dresser on retiring. Do you want this kind of hair? If so, write for particulars to Madam T. D. Perkins, the Scientific Scalp Specialist of Denver, Colo., who is astonishing the world with her wonderful art of growing hair.

My own hair is my best advertisement. With these treatments my hair grew 17 inches in two years. It had remained one length (four inches) for 15 years. What I did for my hair I am doing for hundreds of others, and will do for you with my Matchless Scientific Scalp Preparations. My treatment stops falling hair or breaking off, cures split ends, removes dandruff and scalp scurf, causes the hair to grow long, no matter how short; soft, no matter how harsh; thick, no matter how thin; straight from the blubs, no matter how kinky. First treatment will show wonderful improvement. Do not wait if you are interested in your hair. I give treatments all over the United States by mail. Write me at once. I send booklet concerning the care of the hair, and testimonials of those taking my treatments when two-cent stamp is enclosed. I do not have agents. I need a personal history of your hair and scalp and your physical condition.

All mail promptly answered when two-cent stamp is enclosed. I am the only woman of the race growing hair today who can show the public the real length my hair was when I first began treating it. Send for booklet if you mean business. You can secure these preparations only from me. None like them made in the world. The T. D. P. Scientific Scalp Preparation, Madam Perkins, sole agent.

Perkins' wonderful treatment as a blessing sent from above to the women of our race. May she live long, to bless our race with her wonderful treatments.

Yours respectfully, HATTIE I. SNOWDEN, Graduate Nurse, 2117 Welton St., Denver, Col.

A PHILADELPHIAN PLEASD.

Philadelphia, Pa., May 5, 1908. Having taken scalp treatments from Mrs. T. D. Perkins for four months, I can say that it has been perfectly satisfactory in every way. When I began taking her treatment my hair was very short, harsh and stubborn and broke off close to my scalp in some places. And now it is long and pliable. I recommend to all to take Mrs. Perkins' treatment. I remain, Yours respectfully, ALICE PAGE.

HER CLAIM IS BONA FIDE.

To Whom it May Concern: This is to certify that I have known Mrs. Perkins for nine years, and can testify that she did have short hair, as she says, until three years ago, when she began treatment on her own hair. In two years she grew it to the lengths illustrated in her picture. She is a reputable citizen and her business reputation in this city and state is a guarantee of straight dealing. C. A. FRANKLIN, Editor Denver Statesman.

HUNDREDS OF WOMEN PRAISE HER.

Denver, Col., April 22, 1909. To Whom it May Concern: I find it a pleasure to say a word in praise of Madam Perkins, and her remarkable success in scientific scalp treatment.

Madam Perkins, for many years a resident of Denver, is an active member of Zion Baptist church, and one of the most favorably known women in our state. The beautiful hair of hundreds of women in our city and other parts of the state is a tribute to her phenomenal success in her profession. The wonderful growth of her own hair is a most remarkable testimony. I cheerfully recommend her to all ladies who may be interested in the growing and beautifying of the hair. Respectfully, DAVID E. OVER, Pastor Zion Baptist Church.

HER HAIR GROWS ONE INCH A MONTH.

Denver, Col., Aug. 9, 1907. I have used Mrs. Perkins' scalp and hair treatments for seven months and it has given perfect satisfaction. My scalp is free from dandruff and my hair has grown six or seven inches. I highly recommend her to all who have scalp diseases. Yours truly, MRS. MINNIE HALL, Monmouth, Ill., Oct. 26, 1908.

Dear Madam: I received your letter and was glad to hear from you. I am very proud of the treatment that I have taken from you. The results are wonderful. You would hardly know that it is the same head of hair if you could see it. I am going to send and get another supply before long. I am proud to recommend your cure to all who wish to know your great work.

My husband is very much pleased with the way my hair has grown. He thinks it is the best hair grower yet. MRS. HATTIE HUMPHREY.

STOPPED HAIR FROM BREAKING OFF.

My hair was in a very bad condition when I began taking treatments of Mrs. Perkins in March, 1906. It would break off and was

full of dandruff, harsh and stubborn and uneven. After being under her treatment nine months my hair has taken new growth, my scalp is free from all dandruff and the hair is growing nicely. I am proud of my hair and advise all women that have any trouble with their hair or scalp to consult with Mrs. Perkins, for she can help all who are willing to carefully follow her instruction. MRS. A. B. WILLIAMS, 730 S. Weber, Colorado Springs.

ALL TREATMENTS GIVE PERFECT SATISFACTION.

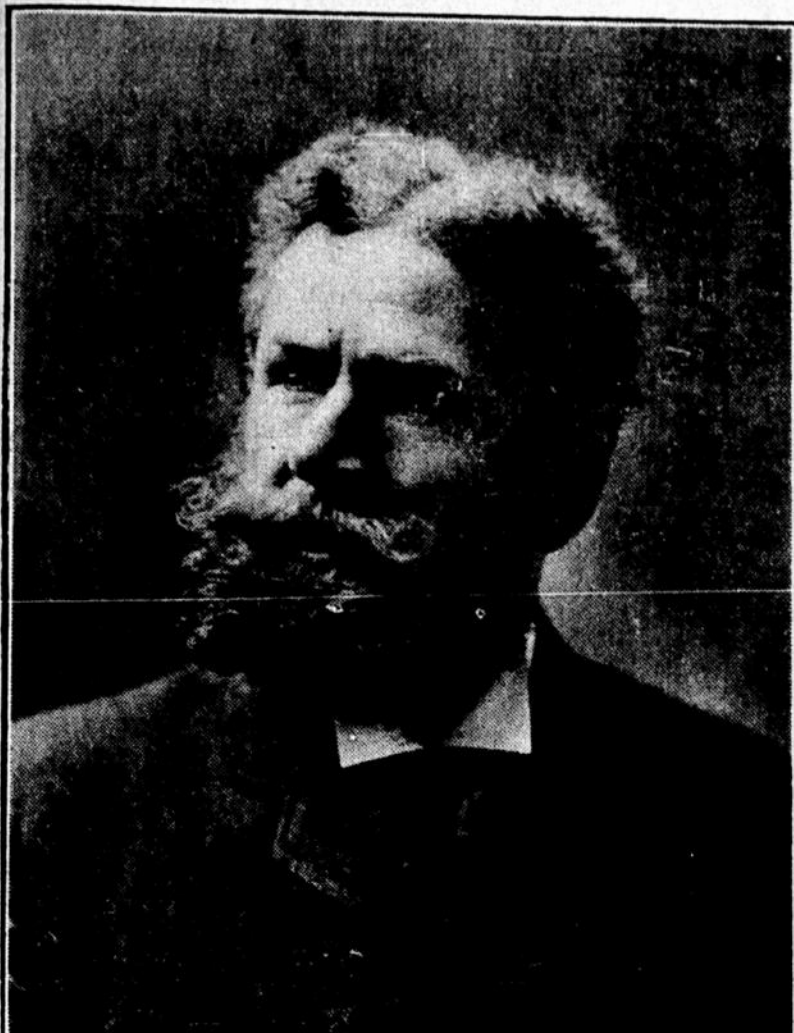

Almosa, Col., Oct. 25, 1908. Dear Madam: I received the goods all right, which I presume you know by this time. I thought I'd wait to see how I liked your treatment before writing. I also received your letter from Pueblo, and thank you very much for interest shown. Now as to your treatment, I used the red shampoo, and eggs, as I thought the scalp must have thorough cleaning to start with, and you didn't designate which to use first. I must say it was the most delightful shampoo I ever had. I felt like I had a new head, (laugh). Now, as to your salve, it is the nearest thing to perfection I have ever used, as a dressing, and I don't think you've exaggerated its merits.

THE CROWN OF SUCCESS.

(From the Denver Statesman.) A year ago the first announcement was made of the wonderful success which Mrs. T. D. Perkins had made in the growth of her own hair, and it is her intention to give the benefit of her knowledge to the world at large. Being one of the best known women in this section of the country, already the news occasioned much comment, and many people who had known her for years, came to realize for the first time that the magnificent suit of hair she has now was the product of a very short time and that a bare three years ago she wore her hair in short curls, not braided and dressed as she now does. That success begets success, was evident from the start. Her classes in the care of the scalp and the growth and beautifying of the hair were filled at once. They grew in prodigious bounds and some weeks ago she was compelled to abandon her out-of-town classes altogether. She confines herself now to treatments at her home in the Highlands and to mail order business.

In the special articles which will appear from time to time in this paper, we delight to call attention to success in various lines achieved by people of this city and state, both that there may be honor paid to whom honor is due, and also that proper appreciation and patronage may come to pioneers in business among us. Personal profit for themselves and example and encouragement for us all go hand in hand in success won by members of our race. Even the mean spirited should not begrudge the one when so much is accomplished for the whole people at the same time.

In her business Mrs. Perkins does not play the part of a charlatan, but sets forth clearly the possibilities of her work, and her greatest endorsement falls short of the painstaking endeavor and thorough going knowledge she uses. We have seen her grow and grow, we know that she has succeeded and we, therefore, predict that in no great length of time she will be doing a business that will rival any mail order business conducted by a woman of our race in any department of endeavor.

A. L. HEMINGER
Candidate for Republican Nomination for Superintendent Has Friends.

The friends of A. L. Heminger are urging his candidacy for superintendent of public instruction, and claim that he is the logical candidate on account of his ability as an executive and an organizer and on account of his training both as a student and in public school work which has peculiarly fitted him for this office. He has had fourteen years of practical experience covering every phase of public school work, and his supporters claim, is not only familiar with the work of the teacher and city superintendent, but he is also thoroughly familiar with the problems of administration of the school laws and the work of school officers. He has had the professional training of the State Teachers' college at Cedar Falls; he has had the broader training of the collegiate course at the University of Iowa, and he has completed the three years' course in the college of law of the same institution. Mr. Heminger was raised on a farm, but on account of a physical disability was compelled to seek a livelihood in some other occupation. He has made his own way and he has made good. His popularity at home is attested by the fact that he has always run ahead of his ticket.

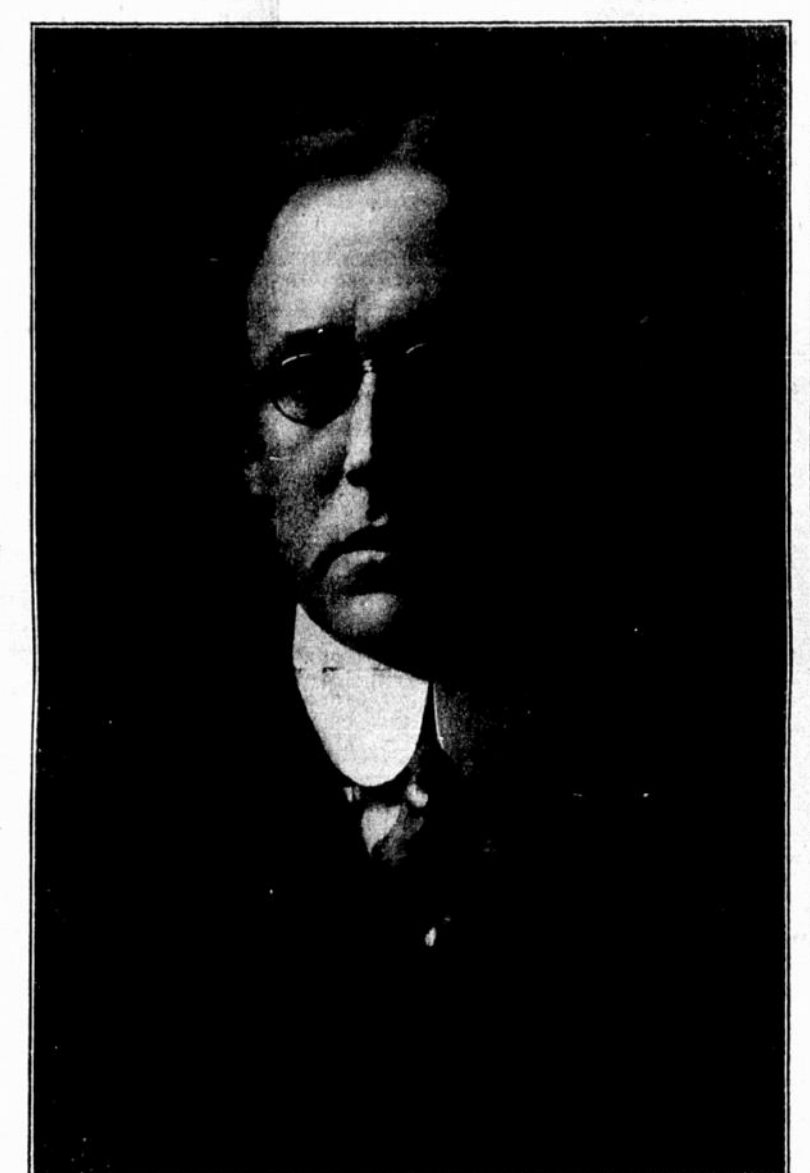

PROUTY FOR CONGRESS.

Second, he will stand by and for those men who are opposed to the Cannon-Aldrich Czar rule. Third, he will work for the interest of the West and Iowa in particular. Fourth, he is a true friend of the colored race and is the ablest of the candidates from this district, and therefore if this district is a progressive district let us send a true progressive down there to assist Cummins and Dooliver and not to antagonize them as now.

May Ringoan Blain—Officers Injured.
Clinton, Iowa.—Miss May Ringoan is dead, former Chief of Police William Lorenzen is seriously wounded and Elmer Liston, murderer of the girl, is injured as the result of an attack made on the girl by Liston, who shot the police officer in resisting arrest. He killed the girl by a bullet through the mouth and brain and then turned the gun on himself, inflicting a glancing wound in the skull. A bullet fired by the officer also wounded him, taking effect in Liston's body.
The murderer was arrested after barricading himself in a room at the Ringson home on Olney avenue, where the crime took place, and, holding the entire Clinton police and sheriff's force at bay for more than two hours by reason of the strategic position he occupied. Standing over the body of the dead girl, Liston shot through the door repeatedly and held the fort even after the door had been battered down by the officers, who used a long ladder to accomplish the purpose, and when the fire department had vainly tried to flood him out with a stream of water, with two wounds in the head and body, the desperate man, weak from loss of blood, succumbed to the demands of the officers, who guaranteed him protection from the angry mob which thronged around the house, firing bullets which they feared might be fired from windows by the cornered murderer.
Liston is 35 years old, and has a wife and family, but is understood to have kept company with the Ringson girl, who was 22, for two years. Liston came from Galesburg and intended driving with the girl to Morrison, Ill., but the couple quarreled and the frenzied man shot her, afterwards wounding the policeman and falling in an attempt to take his own life.

LIVE STOCK RATES

State Railway Commission Restores Minimum on Shipments

RULES ON LENGTH OF CARS

Freight Rate on Live Stock Shipped Between Iowa Points Will Be Reduced Approximately 20 Per Cent.

Des Moines, June 3.—An important decision to small shippers by which the freight rate on live stock shipped between Iowa points will be reduced approximately 20 per cent, was made by the state board of railroad commissioners when it restored the minimum on live stock shipments to 31-foot cars. The request was made by the Sioux City Live Stock exchange and the Sioux City Stock Yards company.

The board recently increased the minimum length of cars for live stock shipments from thirty-one to thirty-six feet. The Sioux City concerns filed formal complaint and after a hearing Thursday the board restored the old order to take effect as soon as possible. The change from 31-foot cars to 36-foot cars took effect June 1 and the change back to 31-foot cars is of great value to the small shipper.

It was shown that the farmer or small shipper of live stock, shipping to local points, seldom has sufficient stock to fill a 36-foot car. Despite this fact they must pay the minimum weight for the 36-foot car. The order of the board also provides that if the shipper demands a 31-foot car and the company cannot furnish it that he shall pay only the minimum on the smaller car, regardless of the size of the car.

The district conference business sessions will be held on Saturday forenoon and afternoon, followed by preaching at night and on Sunday.

Two items of business that will be considered will be the selection of district officers of the conference and the locating of the reunion for the year. It is being considered whether to hold another reunion in the city during this summer, some looking upon this question favorably.

COL. WM. T. CHANTLAND OF FORT DODGE, IOWA

COLONEL WILLIAM T. CHANTLAND, OF FT. DODGE.

Colonel Wm. T. Chantland of Fort Dodge, is the oldest of the three republican candidates for Attorney General. He was born in Fort Dodge, June 22, 1870. He is a graduate of both the collegiate and law departments of the University of Iowa. He has the advantage of the candidates in experience in law, having practiced at Fort Dodge for 16 years. His work as County Attorney of Webster County, (numerically one of the dozen larger counties of the State) meant real legal experience, and is exceptional. Of 92 indictments returned, he secured convictions or pleas of guilty in 88. This record speaks for itself as to his ability and energy. During his first term, he resigned to go to the front in the Spanish-American war as Captain of his company, G, of the 52d Iowa Volunteer Infantry. He is also the son of a veteran of the Civil War. Chantland believes that the State of Iowa is big enough and important enough to demand the best legal force that Chantland's candidacy has grown from. He is gathered in the office of At-predicted that he will win. The State elected to conduct the office strictly in an able, energetic, fearless and impartial manner for political gain. Chantland believes that there is much im-

portant work, for the Attorney General of Iowa to do. He feels that one of the first abuses to be corrected is the rotten fence wire trust, which as he has figured out, is annually costing the farmers of Iowa more than all the appropriations made by their state legislature. Chantland claims to have the facts on this evil. His local bar composed of over 30 members, regardless of party affiliations, concludes its endorsement of Chantland's candidacy by saying:

"Now at the age of forty we regard him as well equipped by education, experience and energy for the office to which he aspires. We unhesitatingly and unreservedly endorse his candidacy and commend him to the voters of Iowa."

In his canvass, Chantland sought primarily to base his candidacy on the general endorsement of the attorneys of the State and he feels that at least five sixths of the lawyers of the State are favorable to his candidacy. He feels that their judgment should control the choice of client to demand the best legal force that Chantland's candidacy has grown from. He is gathered in the office of At-predicted that he will win. The State elected to conduct the office strictly in an able, energetic, fearless and impartial manner for political gain. Chantland believes that there is much im-

HON. ED SITZ, Candidate for Railroad Commissioner.

We present our readers with a true likeness of Hon. Ed Sitz of Peterson, Iowa, who is a candidate for railroad commissioner, subject to the republican primaries next Tuesday. Mr. Sitz is without doubt one of the best and most successful business men in Iowa, having begun life at the bottom he struggled on and by hard knocks he succeeded, and that is the kind of man we should nominate for office. He was born in Berlin, Germany, 1853, and came to the United States in 1859, and to Peterson, Clay county, Iowa in 1869. For the past thirty years he has been associated with the Peterson Mills, and for the past twenty years has been sole owner, and manufactured flour, feed, etc. on a large scale for both the home and shipping trade. His experience as a shipper has brought him face to face with many of the transportation problems and it has been a practical school to him. He is a good common sense man with good judgment, and a friend to all races. He solicits your support on June 7th.

Grand Secretary Parvin of Cedar Rapids, in a recent bulletin, states that the suspensions from the order during the year were quite numerous, about 500. He says:

"Five of the largest lodges in Iowa, with a combined membership of 2,200 do not report a single suspension, while one of our lodges, with less than 175 members, reports eighteen suspended. About 100 of the lodges show a decrease in membership, while one-half of that number about hold their own. Marion lodge No. 6 reports conferring the largest number of degrees of any lodge during the year, 140. The total increase for the year will not be as great as was expected, being in the neighborhood of 1,500. This is due to the fact that the decrease of the year amounts to over 2,200; however, we are more than holding our own and gaining at a reasonable rate, and Masonry seems to be prospering throughout the entire jurisdiction."

A PHILADELPHIAN PLEASED. Philadelphia, Pa., May 5, 1908. Having taken scalp treatments from Mrs. T. D. Perkins for four months, I can say that it has been perfectly satisfactory in every way. When I began taking her treatment my hair was very short, harsh and stubborn and broke off close to my scalp in some places. And now it is long and pliable. I recommend to all to take Mrs. Perkins' treatment. I remain, Yours respectfully, ALICE PAGE.

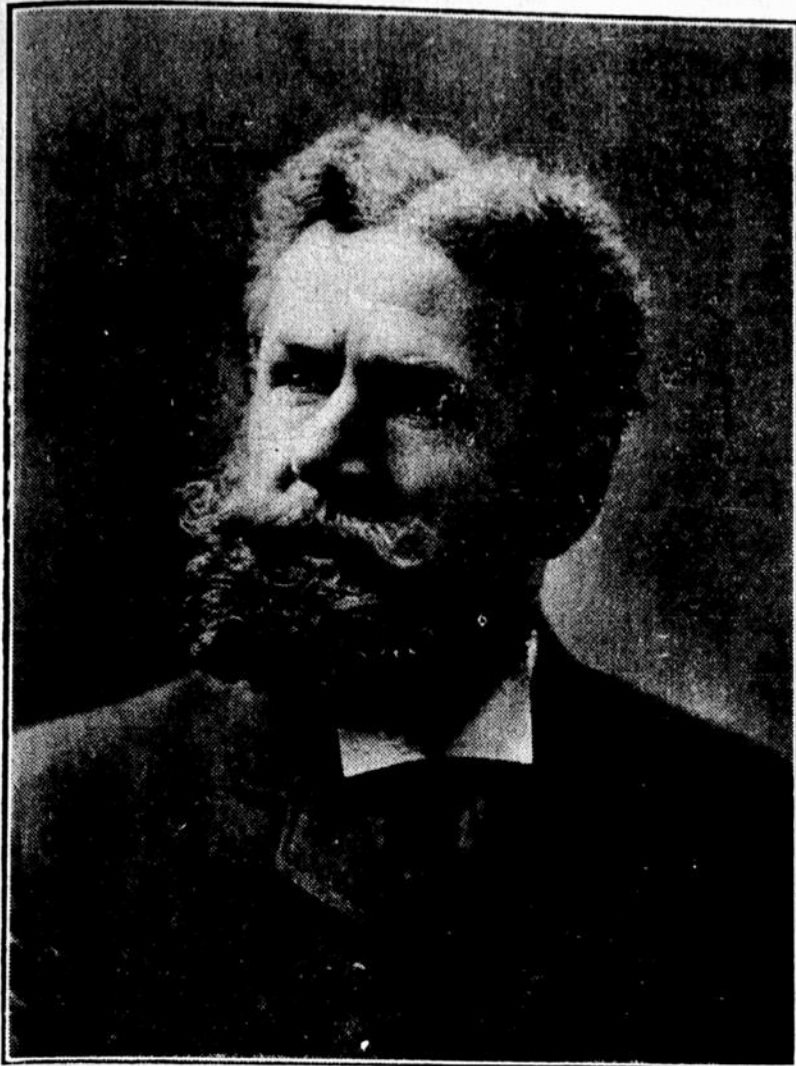

HER CLAIM IS BONA FIDE. To Whom It May Concern: This is to certify that I have known Mrs. Perkins for nine years, and can testify that she did have short hair, as she says, until three years ago, when she began treatment on her own hair. In two years she grew it to the lengths illustrated in her picture. She is a reputable citizen and her business reputation in this city and state is a guarantee of straight dealing. C. A. FRANKLIN, Editor Denver Statesman.

HUNDREDS OF WOMEN PRAISE HER. Denver, Col., April 22, 1909. To Whom It May Concern: I find it a pleasure to say a word in praise of Madame Perkins, and her remarkable success in scientific scalp treatment. Madame Perkins, for many years a resident of Denver, is an active member of Zion Baptist church, and one of the most favorably known women in our state. The beautiful hair of hundreds of women in our city and other parts of the state is a tribute to her phenomenal success in her profession. The wonderful growth of her own hair is a most remarkable testimony. I cheerfully recommend her to all ladies who may be interested in the growing and beautifying of the hair. Respectfully, DAVID E. OVER, Pastor Zion Baptist Church.

HER HAIR GROWS ONE INCH A MONTH. Denver, Col., Aug. 9, 1907. I have used Mrs. Perkins' scalp and hair treatments for seven months and it has given perfect satisfaction. My scalp is free from dandruff and my hair has grown six or seven inches. I highly recommend her to all who have scalp diseases. Yours truly, MRS. MINNIE HALL, RECOMMENDED HIGHLY. Month, Ill., Oct. 26, 1908. Dear Madam: I received your letter and was glad to hear from you. I am very proud of the treatment that I have taken from you. The results are wonderful. You would hardly know that it is the same head of hair if you could see it. I am going to send and get another supply before long. I am proud to recommend your cure to all who wish to know your great work. My husband is very much pleased with the way my hair has grown. He thinks it is the best hair grower yet. Mrs. HATTIE HUMPHREY.

STOPPED HAIR FROM BREAKING OFF. My hair was in a very bad condition when I began taking treatments of Mrs. Perkins in March, 1906. It would break off and was full of dandruff, harsh and stubborn and uneven. After being under her treatment nine months my hair has taken new growth, my scalp is free from all dandruff and the hair is growing nicely. I am proud of my hair and advise all women that have any trouble with their hair or scalp to consult with Mrs. Perkins, for she can help all who are willing to carefully follow her instruction. MRS. A. B. WILLIAMS, 730 S. Weber, Colorado Springs.

ALL TREATMENTS GIVE PERFECT SATISFACTION. Alamosa, Col., Oct. 25, 1908. Dear Madam: I received the goods all right, which I presume you know by this time. I thought I'd wait to see how I liked your treatment before writing. I also received your letter from Pueblo, and thank you very much for interest shown. Now as to your treatment, I used the red shampoo, and eggs, as I thought my scalp must have thorough cleaning to start with, and you didn't designate which to use first. I must say it was the most delightful shampoo I ever had. I felt like I had a new head, (laugh). Now, as to your salve, it is the nearest thing to perfection I have ever used, as a dressing, and I don't think you've exaggerated its merits.

A. L. HEMINGER

Candidate for Republican Nomination for Superintendent Has Friends.

The friends of A. L. Heminger are urging his candidacy for superintendent of public instruction, and claim that he is the logical candidate on account of his ability as an executive and an organizer and on account of his training both as a student and in public school work which has peculiarly fitted him for this office. He has had fourteen years of practical experience covering every phase of public school work, and his supporters claim, is not only familiar with the work of the teacher and city superintendent, but he is also thoroughly familiar with the problems of administration of the school laws and the work of school officers. He has had the professional training of the State Teachers' college at Cedar Falls; he has had the broader training of the collegiate course at the University of Iowa, and he has completed the three years' course in the college of law of the same institution. Mr. Heminger was raised on a farm, but on account of a physical disability was compelled to seek a livelihood in some other occupation. He has made his own way and he has made good. His popularity at home is attested by the fact that he has always run ahead of his ticket.

PROUTY FOR CONGRESS.

It is with pleasure that the Editor of the Bystander is expressing his preference of the nominees for Congress of the 7th Congressional District. We favor Hon. S. F. Prouty because he represents the progressive principles that we think is best suited the people of the Mississippi Valley and the middle west. He has pledged to support and aid the great principles that Hon. A. B. Cummins and J. P. Dolliver have been fighting so vigorously for. Second, he will stand by and for those men who are opposed to the Cannon-Aldrich "Czar rule. Third, he will work for the interest of the West and Iowa in particular. Fourth, he is a true friend of the colored race and is the ablest of the candidates from this district, and therefore if this district is a progressive district let us send a true progressive down there to assist Cummins and Dolliver and not to antagonize them as now.

Indorse Plan for Fair.

Iowa City.—The pledging of their moral support and assistance to the holding of a world's Panama exposition in 1915 and the indorsing of New Orleans as the logical place for holding such exposition marked the close of the sessions of the Mississippi Valley Historical association in this city. New Orleans was indorsed because it is the "natural gateway for a large part of import and export commerce of the United States, with countries south of us and with the world." The historians unanimously agreed that nothing can properly celebrate the completion of the canal and be productive of such immediate and beneficial results as a world exposition.

May Ringson Slain—Officers Injured.

Clinton, Iowa.—Miss May Ringson is dead, former Chief of Police William Lorenzen is seriously wounded and Elmer Liston, murderer of the girl, is injured as the result of an attack made on the girl by Liston, who shot the police officer in resisting arrest. He killed the girl by a bullet through the mouth and brain and then turned the gun on himself, inflicting a glancing wound in the skull. A bullet fired by the officer also wounded him, taking effect in Liston's body.

The murderer was arrested after barricading himself in a room at the Ringson home on Olney avenue, where the crime took place, and, holding the entire Clinton police and sheriff's force at bay for more than two hours by reason of the strategic position he occupied. Standing over the body of the dead girl, Liston shot through the door repeatedly and held the fort even after the door had been battered down by the officers, who used a long ladder to accomplish the purpose, and when the fire department had vainly tried to flood him out with a stream of water, with two wounds in the head and body, the desperate man, weak from loss of blood, succumbed to the demands of the officers, who guaranteed him protection from the angry mob which thronged around the house, risking bullets which they feared might be fired from windows by the cornered murderer.

Liston is 35 years old, and has a wife and family, but is understood to have kept company with the Ringson girl, who was 22, for two years. Liston came from Galesburg and intended driving with the girl to Morrison, Ill., but the couple quarreled and the frenzied man shot her, afterwards wounding the policeman and falling in an attempt to take his own life.
