Help for Those Who Have Stomach Trouble.

After doctored for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by all druggists. Samples free.

The Des Moines Negro Lyceum held its third annual reception to the Negro high school and college graduates of Iowa, Tuesday, June 28th, at the Young Men's Progress association rooms, 9th and Park streets. The hall was beautifully decorated in the Lyceum colors, purple and white, and a large banner hung from the wall bearing the letters, D. M. N. L. A. One of the noticeable features of the evening was the music furnished by the Lyceum's own orchestra, under the leadership of Prof. W. H. Warricks, which dispersed the latest airs throughout the evening. Communications were read from the Misses Hazel and Helen Richs of the Iowa Falls High School class, 1910, and Miss Graves of the Moulton High School class, 1910, thanking the Lyceum for the courtesies extended them and expressing their sincere regret upon being unable to attend. The following program was rendered. Annual address to graduates, by the President, Mr. Wm. Warrick; paper, "The Power of Ideals," by Miss Ada Hyde, student at the State University of Iowa; music, Lyceum trio, Misses Anna and Bessie Reeves, Miss E. Alexander; paper, "The Stepping Stones to Success," Miss Georgia Stines; B. A. Penn college, and teacher in public schools, Buxton, Iowa; music, Lyceum orchestra; address, "Things Worth While," Miss Letta Cary, student at State University of Iowa; address, Attorney J. B. Rush; music, Lyceum orchestra, response by graduates.

Miss Anna Reeves, north Des Moines High school, class 1910, and Miss Renie Brooks, Lincoln Institute, Jefferson City, Mo., class 1910. Rev. I. N. Daniels, pastor of St. Paul's A. M. E. church, and Mr. Archie Alexander, student at the State University of Iowa, made short, but encouraging remarks.

Miss Renie Brooks, one of the honored guests, was elected to honorary membership. After the program the guests assembled in the banquet hall where refreshments were served by the girls of the Lyceum. Miss Georgia Blackburn presided over the punch bowl.

A vote of thanks was extended to Professor Warricks and his orchestra, after which the club adjourned to meet Tuesday, July 5th, with Mrs. Oscar L. Glass, Tenth and Chestnut streets, at which time the newly elected officers will be installed.

OUR GRADUATES.

There were only two colored people graduated from our three high schools this year and this June only saw two out of several hundred white. Why is this up here in the north where we have equal school opportunities, so very few of our young boys and girls finish? Why in many places in the south are our boys and girls eagerly hoping and praying for the opportunity that we in the north are letting pass by without taking advantage. This should not be. The two who finished were Miss Anna Reeves of North High and Mr. Robert Bruce of East High. We congratulate these young men and women and wish for them future success.

JOHNSON-JEFFERIES FIGHT.

Seldom do we take time to write about prize fighting or other sporting news, but as the Negro is beginning to be a power in every department of human life in America and such an equal competitor in so many things and in a few they are leaders, so we may be excused to mention about a prize fight. The great fight of forty-five rounds to be waged on July fourth, Monday, in Reno, Nevada, will attract the attention of the whole world for many reasons. First, because it is the first time a colored man is now the world's champion in the pugilistic arena, and he will meet the undefeated champion who when in his zenith was the greatest of his race, and Johnson now in his zenith, is all the more interesting truly if Jeffries can be what he was twelve years ago and odds were equal it would be a tremendous battle, but physical condition and age favor the colored man. Yet, prejudice is against Johnson, for truly, a white referee and white time keepers will have a hard time to give a square deal to the colored man, yet with this condition I firmly believe if only half a chance is given Johnson that he will knock Jeffries out and whip him in a clean battle. There will be millions of dollars bet on this fight.

MASONIC GRAND LODGE.

On July 12, 13 and 14th the Masonic Grand Lodge of Iowa and her jurisdiction will convene in our city at the guests of North Star No. 2, in her hall on Tenth and Park streets, for her regular session. They will meet on Monday evening July 11th, for school of instruction and degree work, the local committee is making great preparation to royally entertain the lodge. Next week we will publish the full program.

EDITOR'S OBSERVATIONS.

Series No. 2.

Mr. and Mrs. J. L. Tannehill have opened a restaurant and are doing well. Mr. Lovett has moved back to Omaha with his rooming house. The church is not doing very much at present, but Rev. M. G. Newman, our old Des Moines friend, expects to do greater things later. Mr. Wm. Haywood is quite sick at his home on South 13th street. Mr. S. C. Rose, a young man is developing his poetical talent. Mrs. M. Stewart has nice hair dressing rooms and college for those who wish to learn from a scientific point. She is from the east. Her number is 107 South Broadway. Our next stop was Omaha, the mighty American city on the big muddy, in the heart of the middle west.

Across the big muddy into Omaha here this mighty progressive western city with her 200,000 population with her 112,200 colored people of whom are owning and buying comfortable homes. Here the colored people have four churches with two missions, the St. John's A. M. E. church is the leading and the largest, pastored by that able and enthusiastic Christian gentleman, Rev. W. S. Dyett who came from Denver, Colorado. He is in his second year, and just held one of the most successful rallies the Sunday before I got there and they laid on the table that night \$2,143.50, and they had already raised \$900 making a total of over \$3,000. They intend to remodel the present church, which when completed, will be one of the finest colored churches in the middle west. The St. Mary's Episcopal is moving along in good condition. With Father John Williams, that eloquent and scholarly divine as the pastor. There are a number of physicians, chief is Dr. J. Hutton, who perhaps has the largest practice. He also owns an interest in the only colored drug store, called the People's Drug company, located on Fourteenth street. Dr. A. G. Edwards, formerly of our city, and we in Des Moines call him our doctor yet, is doing a good business on North Twenty-fourth street. His talented wife is the editor of "The Aurora," a woman's monthly magazine, which I can say is the best magazine that has ever been gotten out by our race in the west. The character and tone of the matter, along with the editorials are high and thoughtful. Dr. L. E. Britt, a new man here, but doing well. He is soon to be married to one of Omaha's society and leading ladies, Miss Eula Lorah Overall, on the twentieth. Invitations are out and a large wedding is expected from present preparations. The other physicians are W. H. Gordon and M. A. Williams. Mr. W. R. Peoples and Mr. Jackson are the two men who pull teeth and tack in new ones. They have a good practice. The lawyers are also numerous. They are Fred L. Smith, doing well, but still a bachelor; Silas Robbins, the oldest practicing here; Joe Carr and my friend, J. H. Pinkett. We find John Smith working in the court house as clerk in the district court. M. L. Wilson is the messenger to the mayor. John Pegg is still inspector of weights and measures. SENATOR J. W. DANIEL DEAD

OLDEST DEMOCRAT IN SENATE DIES AT LYNCHBURG.

Has Third Paralytic Stroke, but Cause of Death Was Cerebral Hemorrhage.

Lynchburg, Va., July 1.—John W. Daniel, senior senator from Virginia, died at the Lynchburg sanitarium Wednesday night, his death being due to a recurrence of paralysis. The immediate cause of his death was cerebral hemorrhage.
This was Senator Daniel's third paralytic stroke. He suffered the first last fall while in Philadelphia and the second in Daytona, Fla., during the winter, having gone to Florida to recuperate. He had not been in Washington for several months. Senator Daniel was sixty-seven years old.
With Senator Daniel were his wife and his son, Edward M. Daniel, and his daughter, Mrs. Fred Harper, whose husband, also here, is Senator Daniel's law partner.
The death of Senator John Warwick Daniel removes the oldest of the Democratic senators in point of service. Of the entire list he was the only one who could be said to belong to the old regime. And, as he was the oldest in service, he was one of the most conspicuous in popular favor.
New Orleans.—Samuel Douglas McEnery, United States senator from Louisiana, suddenly expired at his home here Tuesday from an attack of acute indigestion.
The senator arrived here Monday from Washington. He was seventy-three years old, and death was superinduced by old age.

TRIUMPH FOR AMERICANS

German Campaign of Slander Against the Deutsche Vacuum Oil Company Falls.

Berlin.—The long and venomous campaign waged by German newspapers and rival industrial interests against one of the German branches of the Standard Oil company—the Deutsche Vacuum Oil company—has just been brought to a victorious end for the Americans involved.
A well-known Hamburg newspaper for months printed such a series of attacks on the "American graft methods" alleged to have been practiced by the vacuum company in the conduct of its German business that the public prosecutor of Hamburg felt constrained to make an official investigation with a view to eventual indictments. The prosecutor has now concluded his investigation, especially of the work of E. L. Quarles, American manager of the German company's sales department, and announces that no necessity exists for pursuing the inquiry further.
No evidence of anything warranting prosecution was found against Mr. Quarles, and the costs of the entire inquiry will be borne by the state.
The result of the investigation constitutes a notable triumph for American interests in Germany.
It is not the first time that Germans, finding themselves unable to compete with Americans on ordinary terms, have resorted to slander.

Think of Last Summer—

You can remember days when the heat inside your kitchen was so great you could hardly bear it. With the right stove you would have made a better hostess. Save your health. Don't put up with the drudgery of a coal range. You can have a clean, cool, pleasant kitchen. The

New Perfection Oil Cook-stove

WICKLESS FLAME

does away with all drudgery of cooking. Why should you be a slave to a coal range when you can have an Oil Cook-Stove that is cheaper than coal, cleaner than coal, doesn't "smell," doesn't smoke, lights instantly, can be put out instantly, leaves no ashes, and doesn't heat the kitchen. With one of these stoves you can boil, bake or roast the most elaborate dinner. You can change from a slow to a quick fire, or the other way about, by simply turning a wick. Apply a match, and instantly the heat from an intense blue flame shoots upward through the turquoise-blue enamel chimneys to the bottom of pot, kettle or oven—but nowhere else. The stove has every convenience that can be thought of: Cabinet Top with shelf for keeping food and dishes hot, drop shelves to hold coffee or teapots, towel rack; in fact every convenience possible.

The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive.

Made with 1, 2 and 3 burners; the 2 and 3 burner stoves can be had with or without Cabinet.
