## AN ABLE DEVINE.

This cut is a true likeness of Rev. B. N. Murrell of Peoria, Ill., who has made a success in the Mt. Zion Baptist church.

He was born in Martin, Tenn., in 1878, and came to Vienna, Ill., when a boy, attending the common and public schools and graduated from the High School. He then entered the University of Illinois and there won a scholarship which gave him a three year's tuition in a contest examination. He finished in 1903 and his first church was his home church and he came to Peoria in 1907 where he has since been. While here he has reduced the Baptist church debt from \$7,420 to only \$2,580, besides adding local improvements such as cement walks, painting, etc. to the amount of \$1,600. Rev. Murrell is a very courteous and refined young devine, and the great surprise is that he is still single. He has complete fellowship with all the white churches and takes an active interest in all civic and moral reform.

## MAY SOLVE MYSTERY

### Mason City Officers Get a Clue in Henry Luckus Case

### RAMSEY TAKEN INTO CUSTODY

Letter Written by Seventeen-Year-Old Boy at Allerton Leads to Inquiry That May End in Arrest of Murderers.

Mason City, Ia., Aug. 11.—While on a trip at Allerton, to run down a clue to the murder of the late Henry Luckus, whose dead body was found in the woods west of the city limits three weeks ago, Sheriff Holdren struck a scent to the murder and incidentally unraveled a "black hand" mystery that has been bothering the officials at Allerton for several weeks. While the supposed murderer of Luckus was not found, a clue was traced to Benton, Mo., where it was lost, but which, it is expected will be picked up later.

A few days after the murder of Luckus his mother received a letter from Allerton, signed Willard Ramsey, stating that he heard two men talking at the Rock Island depot at Allerton of a murder in Mason City, and that it yielded poorly, as they secured but \$14. On returning home, the letter stated, the writer picked up a Des Moines paper and saw the account of the murder that the victim had secured a check for \$14 the night before. This prompted Ramsey, he said, to write the letter. Though he was put in the sweat box for a couple of hours by Sheriff Holdren and the officers at Allerton, Ramsey is said to have stuck to his story without variation.

What lends color to the belief that either Ramsey, who is but 17 and said to be steeped in the dime novel style of literature, is faking, is mentally deficient, or has been used by some person or persons as a cat's paw to extort money is the fact that the handwriting of the letter received here by Mrs. Luckus and containing threats unless money is paid, are the same. A careful comparison leaves no doubt, the officers say.

Some weeks ago a prominent merchant of Allerton received a letter, unsigned, stating that if \$300 was not placed on a certain evening in a certain place in his lumber yard his yard would be burned. Other business men received the same kind of threatening letters, and all of them turned them over to the police. The officers and postal authorities have been working on the thing for several weeks without the faintest clue as to the guilty party till the letter received here had been shown them. Just what will develop is yet difficult to determine, but it has led to interesting developments at any rate. Ramsey was taken into custody and will be held till an examination into his case can be made. Two men who applied for a job at the Rock Island shops at Benton, Mo., tally with the description given by Ramsey of the men he saw. Sheriff Holdren went to Kansas City from Benton, but found no trace.

### Raymond Hardy Marries Miss Starne.

Newton.—Raymond Hardy, the young man who was accused a short time ago of murdering his mother, father and brother at Van Cleve and later exonerated was married to Miss Mabel Starne, his sweetheart, whom he was visiting the night of the terrible tragedy. They will leave Newton for the girl's home near Van Cleve where they will live.

### Aged Bride Wants to Quit.

Creston.—Mrs. Sarah Fitzgerald has begun action in the district court for divorce from her husband, Thomas Fitzgerald. The couple were married June 4 and have come to the conclusion their attempt at conjugal bliss is a mistake. Both had had matrimonial experience previously, Mrs. Fitzgerald being 68 years old and her husband 73.

### Ex-Senator Erickson Dead.

Boone.—Charles John Alfred Erickson, former member of the legislature and donor of the Ericson library and president of the City bank, died at his home here of gangrenous appendicitis.

### Iowa Veteran Will Wed.

Mount Pleasant.—A marriage license has been issued to Amos Logan of Salem, and Mrs. Elizabeth Cramer of Birmingham. Logan is 75 years old and was a member of the Seventh Iowa Infantry. The bride is 57.

### Former Iowan Commits Suicide.

Nora Springs.—Despondency is given a sly cause of the suicide of J. J. Williams, for years a resident here but later prosecuting attorney for Kansas City, Kan., according to a dispatch received by his sister, Mrs. A. E. Hart.

### Mississippi Lowest Since 1884.

Burlington.—For the first time in forty-six years in the navigator season the Mississippi at Burlington touched the low water mark established in 1884.

### Whinery Family Reunion.

### A New Regimental Band.

## Next Tournament at Des Moines

Red Oak, Ia.—Des Moines gets the state firemen's tournament next year. Superintendent Zell Roe of the Des Moines department of public safety, who is here camping with the Des Moines firemen, took the lead in the fight for the big show at Des Moines next year and won out.

Sioux City was a rival contender and it took a hard fight to get it, but there seems little room to doubt that Des Moines has captured the plum, although the business session will be held later.

Superintendent Roe and the Des Moines delegation said they are confident that Des Moines can handle the big tournament so as to have an attendance of at least 30,000. It is estimated that 10,000 saw the events at Red Oak.

Fred and Mack, the crack team of No. 3, Des Moines, are the heroes of the tournament. They galloped a half mile in record-breaking time, while the crew made the hitch and laid 250 feet of hose in 1:16 flat, a new world's record. This means \$400 to Des Moines. Council Bluffs and Clinton's second team tied for second place in 1:16 2-5. Clinton's first team was fourth and Sioux City was fifth.

### Post Mortem in Paralysis Case.

Mason City.—In order to determine if possible the nature of infantile paralysis, a post mortem examination was made of the body of a 12-year-old girl, who died, it is thought, from the disease. While the patient exhibited some of the symptoms of the disease and died in much the same way other victims of the malady have, there was no paralysis present in any part of the body.

The post mortem was conducted by Dr. Frost, the representative of the government here, assisted by local physicians, and specimens were taken and will be sent to Washington, D. C., for analysis at the United States hospital.

The child, which lived in the country, took ill Sunday while attending a Sunday school session, and died Tuesday night. Another victim, a child of three years, showed all the symptoms of infantile paralysis, and was practically helpless. It also took ill Sunday while attending a Sunday school service with its parents, and died Tuesday. In each case private funerals were held and the homes fumigated.

### Clark Family in Lead.

Mason City.—The Smith and Jones families have been relegated clear to the rear in this county and now it is the Clark family that are having their innings. If you are in trouble the case will be heard by Judge Joseph J. Clark of the district court. If an arrest is to be made it is Charles I. Clark that is sheriff. When the decision is reached it is County Clerk E. W. Clark, who will read the verdict, and when the jurors come to draw their pay it is Auditor A. S. Clark who will draw the warrant. Such an array of Clarks or of any other family is something new in the political kingdom.

### Asks Bonus of Fort Dodge.

Fort Dodge.—In order to rebuild their plant, which was almost completely destroyed by fire the directors of the Corn Belt Packing company at a dinner tendered by the Commercial club, asked \$1,500 bonus. The club is endeavoring to raise this amount, and it is thought the rebuilding will commence soon. The bonus will be used to furnish adequate fire protection, either by the installation of a sprinkler system or by constructing the plant of reinforced concrete.

### Iowa City Has a Skunk Farm

Iowa City.—The day of the meek, lowly and despised skunk has come. Carver W. Thompson, an Iowa City merchant, has established a skunk farm at Butler's Landing, near town, and has devoted four acres to this enterprise. A large "crop" will be harvested in December and the returns, from hides, fur and skunk oil, it is believed, will be large. Skunk farms in Iowa are limited, but have produced great returns for the few investors to date.

## A BAD THING TO NEGLECT.

Don't neglect the kidneys when you notice lack of control over the secretions. Passages become too frequent or scanty; urine is discolored and sediment appears. No medicine for such troubles like Doan's Kidney Pills. They quickly remove kidney disorders.

A. Dashem, 241 N. Grant St., Worcester, O., says: "The doctor diagnosed my case as gravel, but my agony increased under their treatment, and I soon became too weak to stand alone. I had given up all hope of living more than a few weeks at the best. I was strongly urged to try Doan's Kidney Pills, and after twelve days' use, I passed two gravel stones. After that, I improved rapidly until cured. Remember the name—Doan's. For sale by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y."

### Pictureque Language.

"I'm afraid fire has very poor table manners."

"Why so?"

"A young reporter says the 'greedy flames devoured everything in reach and then licked the paint off an adjoining building.'"—Birmingham Age-Herald.

### THE BEST OF ITS KIND

Is always advertised, in fact it only pays to advertise good things. When you see an article advertised in this paper year after year you can be absolutely certain that there is merit to it because the continued sale of any article depends upon merit and to keep on advertising one must keep on selling. All good things have imitators, but imitations are not advertised. They have no reputation to sustain, they never expect to have any permanent sale and your dealer would never sell them if he had a permanent sale, and nearly 200 so-called foot powders have been put on the market with the hope of profiting by the reputation which has been built up for Allen's Foot-Ease. When you ask for an article advertised in these papers see that you get it. Avoid substitutes.

### His Busy Season.

"Erick," answered the druggist, "I've bought tickets for two picnics and four excursions this morning, and donated goods for several indoor affairs."

### Casey at the Bat.

This famous poem is contained in the Coca-Cola Baseball Record Book for 1910, together with records, schedules for both leagues and other valuable baseball information compiled by authorities. This interesting book sent by the Coca-Cola Co., of Atlanta, Ga., on receipt of 2c stamp for postage. Also copy of their booklet "The Truth About Coca-Cola" which tells all about this delicious beverage and why it is so pure, wholesome and refreshing. Are you ever hot—thirsty? Drink Coca-Cola—it is cooling, relieves fatigue and quenches the thirst. At soda fountains and carbonated in bottles—50 everywhere.

### NOT JOKING THEN.

Helen—I never know when your friend Gruet is joking and when he is in earnest.

Henry—He's in earnest when he tries to borrow money.

It's the experience of every man that he wants a lot he doesn't get and gets a lot he doesn't want.

## A COOL PROPOSITION

And a Sure One.

The Body Does Not Feel Heat Unpleasantly If It Has Proper Food—

## Grape-Nuts

People can live in a temperature which feels from ten to twenty degrees cooler than their neighbors enjoy, by regulating the diet.

The plan is to avoid meat entirely for breakfast; use a goodly allowance of fruit, either fresh or cooked. Then follow with a saucer containing about four heaping teaspoonfuls of Grape-Nuts, treated with a little rich cream. Add to this about two slices of crisp toast with a meager amount of butter, and one cup of well-made Postum.

By this selection of food the bodily energy is preserved, while the hot, carbonaceous foods have been left out. The result is a very marked difference in the temperature of the body, and to this comfortable condition is added the certainty of ease and perfect digestion, for the food being partially pre-digested is quickly assimilated by the digestive machinery.

Experience and experiment in food, and its application to the human body has brought out these facts. They can be made use of and add materially to the comfort of the user.

## WOODS KILLS SELF

### Coal Miner Found Dead with Gas Jet Turned On

### LOCKED OUT OF OWN HOME

### Had Returned Home Intoxicated—Police Called, But Woods Was Beyond Recall—Coroner Newlen Will Hold Inquest.

Des Moines, Aug. 12.—Driven from his home by his wife and children when he came in an intoxicated condition, Robert Woods, a coal miner, living at 716 East Penn avenue, gained entrance to a lower room and closing the doors and windows turned on the gas. He was found dead Thursday morning.

The police were summoned but Woods was beyond aid. His family was frantic with grief. They believed that he had caused his death by refusing him admittance to the house. Mrs. Woods told the police that he came home brutally intoxicated with "Chick" Chase at a late hour. They said they wanted a place to sleep. She locked the doors on them. Then the family retired.

Woods forced a window to gain entrance. His wife was attracted by the odor of gas. Surmising that something was wrong, she called the police.

Coroner Newlen was summoned and will hold an inquest. The dead man was about 45 years old. His father was killed some months ago by a freight train in East Des Moines.

Those escaping are Isadore Podder of Des Moines—held for enticing girls into the white slave traffic; Lloyd Dabson of Kansas City and Harry Davis of Des Moines, held on a charge of grand larceny. Two other prisoners, Joe Burns of Charles City and Albert Boatman of Fremont, in the same cell with the plotters, refused to take advantage of the means of escape, and gave the first alarm of the prisoners' escape. The prisoners released the lock control by taking out the screw bolts, chloroformed the turnkey, and securing his past keys, gained the outside.

EDITORS OBSERVATION.

From a lonely shady spot under the shade of the cedar and pine trees on the old homestead near Decatur, I am penning these observations from memory. Evanston now a suburb of Chicago we spent a few hours. Our old friend Fred White formally of Muscatine, Ia. is running a barber shop and doing well, his daughter, Miss Florence is teaching music. Mr. Mason a brother of George of Des Moines is running the only restaurant and chop house, he has a large trade. Rev. James Higgins is pastor of the A. M. E. church, the one formerly pastored by Rev. Daniels. Rev. Higgins has labored very hard and has built a new modern church costing about \$8,000 is nicely arranged inside and will seat about 500 people. Dr. Garnett is a very successful dentist, more than half of his clients are white people.

Peoria, Illinois, we next set our weary feet. This is located on the Illinois river, it has great brewery interest. It was here that Col. Robert G. Ingersoll lived and his old home now sets just north east of the court house. It is an inspiration for pure home love and higher moral life as he preached. Here lives about 5,000 colored people working at various occupations. The Mt. Zion Baptist church is the largest church pastored by an able divine, see his cut and biography elsewhere. Rev. H. W. Jamerson another young able divine has charge of the A. M. E. church, he was one of the delegates elected to the World's Sunday School convention held in Washington, D. C., recently. His church is now being overhauled and remodeled on the interior, when completed it will be beautiful. One of the most successful men of our race from a business standpoint is I. C. Harper, who owns the Harper's Home Panatorium on 107 S. Jefferson Ave, he employs four men and has a large and growing business among the best class of the Peoria people. He is a young man that began on a small scale and has developed his business by his own energy and pluck. Mr. B. F. Givens is another successful business man that of a caterer, he handles the largest parties and serves the largest banquets of any person in Peoria. He owns a very beautiful modern nine room home and has a lovely family, he is a good singer and is choister of the A. M. E. church. Mr. R. A. Gibbons owns a very beautiful and valuable home on Munson street. Mr. G. T. Jackson is doing well, he is a very active person in race enterprises, an active member of the Odd Fellows, is Grand Secretary of the state. H. J. Johnson owns a valuable home, he is a mail carrier and doing well, his wife is quite sick. Dr. N. M. Crews formerly of Des Moines has a nice office and is doing well. Mrs. Bell Lee, 409 7th street will chronicle the Peoria news for the

Bystander. Miss Anna Rhodes formerly of Des Moines is living here. Messrs C. Dudley, E. Coats, Frank Scott, J. Smalley and Gene Martin are all hard working men of our race trying to make good citizens and a success in life. There are three doctors here, Dr. Sheppard the oldest in point of years, Dr. Cotton and Dr. Dipples formerly of St. Louis, they all have nice down town offices and seem to be doing nicely.

We next stop in Galesburg, here dwells about 3,000 colored people with three churches, the A. M. E. pastored by Rev. S. B. Moore. I cannot call the name of the Baptist preacher now, and the Christian church, called Lincoln Memorial, pastored now by Rev. R. H. Hackley a Methodist minister formerly of Mt. Pleasant, Rev. Hackley is a hustler, he has organized a stock company to operate a grocery store and the store has been running nicely since last spring with an increase in business. The names of the officers and organizers I have misplaced and cannot now give them. Rev. Hackley is the manager, he has a boy to deliver the groceries. Mr. C. C. Carter is driving the express wagon. Mr. J. W. Davis is well hand doing nicely as usual, he is one of our first subscribers to the Bystander when it was first organized 16 years ago. Mr. W. H. Jones the veteran mail carrier has been on for nearly a quarter century, there are two others on the regular force. The loss of Richard Worthington to this community was a great shock. He had the contract for delivering the U. S. mail from Post Office to the depot for the past eight years, his time would have soon expired, his son is filling out his fathers unexpired time and it is hoped that the young man may be the successful bidder for the next four years. Mr. U. S. Davis one of our very studious and reliable race-men is still the engineer in the large gas company works, he has been with this company for 27 years and is a master engineer, he has charge of the men, he is a real race man and has left a record back of him. C. M. Watkins runs the Turkish bath room in the Union hotel and is doing well, he is a hustler. Mr. G. W. Kidd is still in the barber business and in the East end. Our beloved presiding elder Mr. M. Malone's wife lives here and says she enjoys reading the Bystander. Mr. Mason on N. Halton street is doing well also is Mr. E. McGunder. J. W. Knaghtles runs a pool hall and is doing well, Mr. Anderson runs the restaurant, he seems to be doing well.

Our next stop was in Monmouth, Ill, here we found a quiet town of about 1,400 colored people with two churches, the Mt. Zion Baptist which is now building and when completed will be one of the most modern and convenient up-to-date colored churches in the middle west. That eloquent and able divine, Prof. Enos B. Scroggs is his pastor, in this church he will have left a monument to his ingenuity. The A. M. home and has a lovely family, he is a good singer and is choister of the A. M. E. church. Mr. R. A. Gibbons owns a very beautiful and valuable home on Munson street. Mr. G. T. Jackson is doing well, he is a very active person in race enterprises, an active member of the Odd Fellows, is Grand Secretary of the state. H. J. Johnson owns a valuable home, he is a mail carrier and doing well, his wife is quite sick. Dr. N. M. Crews formerly of Des Moines has a nice office and is doing well. Mrs. Bell Lee, 409 7th street will chronicle the Peoria news for the

time

from the white to play and will surely become one of our great musicians. Geo. Wallace and Thos Wallace are doing well.

THE ORIGINAL HAIR GROWER

We Grew Our Hair, Now Let Us Grow Yours with

PORO TRADE MARK REGISTERED.

When we first began our wonderful work of growing all kinds, all qualities, all lengths, and all conditions of hair, even to the growing of hair on bald places of the head, many persons scorned the idea that such a thing was possible; but we have grown the hair for hundreds; rapidly achieving success. The proof of the value of our work is that we are being imitated and largely by persons whose own hair we have actually grown and the further fact that they have very frequently mentioned us when trying to sell their goods (saying that there is the same or "just as good") or referred to PORO. We advise you to use only PORO Hair Grower, (the oldest and best of its kind.) See that the name PORO is on every box, not genuine without it. Prepared only by Mrs. A. M. POPE.

Beware of imitations. Call, or address mail to MRS. A. M. POPE-TURNBO, 3100 Pine Street, ST. LOUIS, MO

Ros-es glow-ing, Bree-zes blow-ing, List-en to my heart's com-plain-ing; Cu-pid found me, And he bound me, Love-ly cap-tive I to his en-chain-ing. Help, dear ro-ses. Help me, ah... ah... ah... ah! How loose from bound him To... my heart in love's sweet chains; Love's sweet chains, Love's sweet chains.'
