### Editor's Observations.

Buxton, Iowa.

On my wheel with quill in hand, we will again jot down a few observations from Monroe county, Iowa, including the town of Albion, Buxton and Hite-man. We had planned to give our readers an illustrated edition of Buxton; similar to one gotten out three years ago, but have deferred it until next year; hence we shall be satisfied with a synoptical mention of the far famed Buxton, which has been truly styled the Negro Athens of the Northwest. While there has been several attempts to "Write up the Town" by other editors in this limited space, I can but briefly mention a few of the interesting things that show signs of progress of the race under the best opportunity and environments as but few other Negro communities have. First thing, don't you believe all the bad things that you hear about Buxton by what some newspapers report; but go and see the Negro and his white companion, working in peace and harmony, hand in hand, in their daily labor. Unions in schools, and stores, in shops, and in the mines. Here we have a population of 5,000 people of which 3,500 are colored. Here we see the whole town managed by colored people; here is the only town in Iowa that we saw automobiles running to and fro owned and operated by colored men. Here we see rubber tired buggies drawn by fine horses, bicycles, hacks, wagons; in fact everything except the airship. The postmaster is J. P. Mill, a colored man with three assistants. Mr. Mills is a leading citizen, highly respected and an active church and Y. M. C. A. worker; the only first-class hotel is owned and managed by young W. L. Perkins and mother. He also runs a confectionary and news stand in the hotel. Lewis is a model and exemplary young successful business man, liked by the thousands of miners. Hobe Armstrong and son Charles, own the largest meat market in the city, and Mr. Armstrong is one of the wealthiest of our race in Ia. H. was drawn on the Federal Grand Jury, and was in Ottumwa. He has

been in business twenty years. The Y. M. C. A. costing more than \$20,000, is a credit to any town; Mr. LeRoy Tucker is secretary. He is a fine young man; all business. He books all the shows at the theater and the Y. M. C. A. Literary course. He is a good man. Mr. W. A. Brown is Sec'y of the boys department where several hundred boys spent the evenings in study and gymnastics. He is the agent and representative of the Bystander. The large company store managed by Mr. R. R. McRea, an energetic up-to-date business man who now employs about fifty clerks, of which ten are colored, namely, Wm. H. Cozens, W. P. Lewis, C. C. Strong, Jos. Baker, Henry Weaver, Chaney Monroe, Walter Blaney, and Misses Susie Roberts, Julia Buckner and A. P. Sharp. This town contains nearly all secret societies known among the race. The Masons, the Odd Fellows, Knights of Pythias, Elks, Modern Woodmen, Knights and Daughters of Tabors, Red Men, True Reformers and I. L. U. Order. In the church we find it alive. The A. M. E. pastored by that able and hard worker, Rev. I. E. Butler, whose cut and biography see elsewhere. Sunday they had a rally, raising over \$180 to finish paying off the old debt and to repair the church. The Mt. Zion Baptists have also been conducting a rally to put new chairs in their church, they raised \$280. Rev. Woodward has charged of the church, and is doing well. See cut elsewhere. The other Baptist church is now without a minister. The London Bros is still in the insurance business and runs a piano and milliner store. They are successful business men. The Jeffers Bros. still conducts the best restaurants here; serving good meats. R. B. F. Cooper is still in the drug store. As usual for the past sixteen years is doing a big business. He is the wealthiest single man of our race in Iowa. Ruben Gaines, one of the wealthiest in Buxton is a real estate dealer. He has a fine automobile. Mrs. Lobbins runs a good restaurant in Coopers town. Mr. James Roberts owns the only cigar factory operated in this state operated by colored men. He is doing well and is a coming race man. The Gradison Bros. owns a first-class Taylor shop, doing well. Mr. J. W. Neeley owns a first-class grocery store in Coopers town. He has a large trade; he is a fine man to meet. Dr. E. A. Carter is employed by the company as one of the company's doctors. Dr. C. G. Robinson has a large practice. Mr. P. Abington and Reas by are doing well with lunch wagons. In the public schools there are three buildings, with twelve teachers, with six colored and six white teachers. All schools are mixed. No. 2 has Mrs. W. London as the principle. See write up elsewhere. Miss Georgia Blackburn, Mami P. Findly and Mary E. Bates, teachers. In No. 1 Miss Ina Lafayette, principle with Misses Myrtle Beeson, and Webb, teachers. No. 3, Marshall Thorp (white) principle. His associates names we did not get. In the baseball field the Buxton Wonders are well known over Iowa. Last year they played 93 games and only lost 17. They have been organized for 7 years. This year's season just closed with them playing 43 games and winning 37. Their team has been maintained for the past 7 years without asking the aid of Buxton, but next year it is likely that the business men will be asked to support it as all other semi-pros are supported by the home town. The list of this year's players are: Manager, Riley Sales, Captain Richard S. Lee. A very competent man from Evinston, Ill., who was ex-coach for the North Western University for six years. He is an excellent man and seldom makes an error; they ought to be proud to have him on their team, the 2d baseman is Geo. Neal, a great player, catcher is Cliff Wallace, the leading batsman; catcher John Cross, a very steady player; catcher Clime Carter, also good short stop; Adolph Wilson, and his brother, Horace. 2d base are two excellent players; left fielder is Robert Weaver, a coming star.

There are boys and girls away attending many colleges and Universities. Young L. R. Willis just graduated from dentistry at Howard University. He also attended two years at Highland Park and Macon, Mo., College. He may locate in Iowa. Miss Ruth South all is in Junior year at Howard. Prof. Hicks is taking a law course at the Iowa State University at Iowa City. Mr. I. K. Hutchins is still running his beautiful drug store in the South part of the city. Mr. A. J. Brookins owns a very beautiful and up-to-date grocery and notion store in the south end. He is a hustler, H. D. Williams has the only meat market in the south part of town, doing well. His wife is assisting him. Mr. John B. Lucas & Sons have a very large bakery and are doing a lucrative business. They are a credit to any race and are doing first-class work. Attorney Geo. L. Woodson, the pastor of his state, lives here, and Mr. J. A. Spars also practice law here, both doing well in their professions. There are many other worthy people and business that we would like to mention but time and space will not permit before the illustrated edition comes out.

### Mulvaney for Judge.

The above cut is a true likeness of John T. Mulvaney, candidate on the democratic ticket for one of the Judges of the Polk county District court to be elected next Tuesday. Mr. Mulvaney is a Polk county man, born here forty years ago, educated in the public schools and graduate from the law Department of Drake University, was admitted to practice seventeen years ago and entered the practice of law here, and by his hard work, honest dealings, has made great success. He is a true friend of the colored race as his past actions has proven.

President Taft appointed a democratic judge of the United States. The last Iowa legislature repealed the law nominating district judges at the primary election, that there might be a nonpartisan bench and a court freed from politics.

### High Position of Appointment

#### HON. W. H. LEWIS

The President of the United States Wm. H. Taft, has just appointed Hon. William H. Lewis, of Boston, Massachusetts Assistant Attorney General, the highest position ever given a colored man of this country, politically. He is now District Assistant United States attorney at Boston.

Lewis has been assistant attorney at Boston for eight or ten years and has

an admirable record as a lawyer and legal representative of the government. He is a graduate of both Amherst and Harvard Colleges. At Amherst he was the captain of the football team and at Harvard he was the most noted center rush that institution ever knew.

As assistant attorney general of the United States it will be necessary to assign him to some of the most important legal work of the government, and his will come in frequent contact with senators, representatives and others having business with the department.

### OTTUMWA ITEMS.

The Indian play given the Second Baptist church was a grand success. A large crowd enjoyed the treat. The play will be reported Nov. 14.

Atty. S. Joe Brown will address the Negroes at a political meeting Wednesday evening at Central hall.

The young People's society met Thursday evening at the A. M. Church.

Last Wednesday evening Miss Ada Bally and Mr. Thomas Hughes were united in marriage by Rev. P. M. Lewis.

Next Monday evening there will be an entertainment of the A. M. E. church. At this time all Sunday school scholars will report the money received. The money taken in is for the purpose of buying the winter's fuel.

The City League organized for the general uplift of the race, met Tuesday evening at the home of Rev. M. I. Gorlon.

Sunday was quarterly meeting day at the A. M. E. church, Rev. M. I. Gorlon, Presiding Elder, delivered an excellent sermon.

Prof. Fred L. Solomon, who is now presenting his musical talent before the musical world and all lovers of music, was born and raised in Galesburg, Ill. Since a small boy he has always interested himself in musical instruments, giving them a careful study. He now plays upon musical instruments of all kinds with such great skill that those who have attended his musical entertainments, wonder how he manages to do it. Mr. Solomon plays upon three of his most difficult instruments at the same time—the Staff-Bells, Bamboo Chimes and Xylophone, accompanied with piano by Miss Marguerita H. Allen, who all so plays upon several of his instruments. Mr. Solomon also composes his own marches, and delights his audience with their many encores. The last march which he composed was the Toussaint L. Overtures First Regiment March, which he plays with cornet and piano, using the two instruments at the same time, and Miss Allen with the xylophone and traps. Mr. Solomon first appeared in the year of 1908 at his home city, giving musical entertainments for the benefit of the churches. He is a member of the Masonic lodge and also of the Lincoln Memorial Chapel to which church he has served two years as superintendent of that Sunday School. He will now be glad to receive dates from churches, lodges and social gatherings. He also gives sacred concerts when requested. For information or dates address a 11 mail to

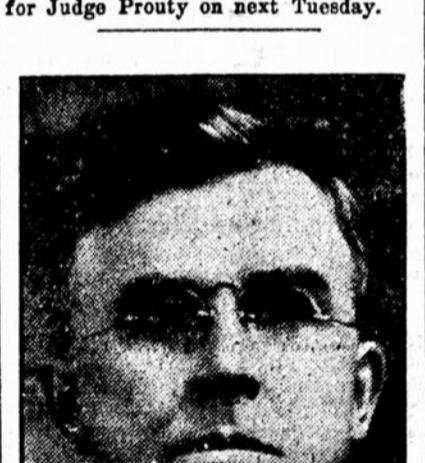

#### PROF. FRED D. SOLOMON,

1413 Haydon Avenue, Galesburg.

#### HON. S. F. PROUTY.

It is indeed a pleasure for us to present the picture of Hon. Judge S. F. Prouty, of Des Moines, the republican candidate for congress from the Seventh congressional district. Those who know the judge the best like him the most. He is an able, strong young man, well equipped by age, experience to make a leader in congress and the editor know that if Mr. Prouty ever gets a chance to hit disfranchisement and Jim Crowism in congress that he will do it with a sledge hammer. Every colored voter in the Seventh congressional district should vote and work for Judge Prouty on next Tuesday.

#### HON. NATE KENDALL.

One of the best friends that the colored men have in congress is the Hon. Nate Kendall of Albion, from the Sixth Congressional District. He has only represented that district one term and is now a candidate for his second term in the republican ticket. He is an able lawyer, brilliant speaker, a great leader of men, was elected speaker of the Iowa Legislature. He introduced a bill to have the South represent in reduced to the actual number of representation as they have qualified voters where some people are disfranchised. We hope that every colored voter in the Sixth District will vote for Nate Kendall.

#### Mulvaney for Judge.

The above cut is a true likeness of John T. Mulvaney, candidate on the democratic ticket for one of the Judges of the Polk county District court to be elected next Tuesday. Mr. Mulvaney is a Polk county man, born here forty years ago, educated in the public schools and graduate from the law Department of Drake University, was admitted to practice seventeen years ago and entered the practice of law here, and by his hard work, honest dealings, has made great success. He is a true friend of the colored race as his past actions has proven.

#### High Position of Appointment

#### HON. W. H. LEWIS

The President of the United States Wm. H. Taft, has just appointed Hon. William H. Lewis, of Boston, Massachusetts Assistant Attorney General, the highest position ever given a colored man of this country, politically. He is now District Assistant United States attorney at Boston.

Lewis has been assistant attorney at Boston for eight or ten years and has

As assistant attorney general of the United States it will be necessary to assign him to some of the most important legal work of the government, and his will come in frequent contact with senators, representatives and others having business with the department.

#### HON. B. F. CARROLL, governor of Iowa,

who is a candidate for his second term for governor, is a good honest man, and has made a business like administration and we feel that it is the duty of all good republicans regardless of factionalism to support the party nominee if he is a good man, and such is the case of Governor Carroll. His past record is without fault.

#### THE REPUBLICAN PARTY

The approaching general election which now occurs in most states every two years will next Tuesday be held all over our country to elect our representatives in the American Congress, and also several state legislatures will be elected who will in turn elect a United States Senator from some states this coming winter. It is well that we should remember that at least nationally we as a race should support the Republican party because all measures thus far introduced, all bills passed for the benefit of the Negro race has been passed and enacted into law by the republican party. The principal policy of the republican is for us although there are some men high up in the party that don't represent its true principle nor policies, such men must, and soon will be relegated and only honest leaders will again assume control and our party will then grow and be truly the party of hope, of equality, of justice, of honesty, of the people, for the people, and by the people.

#### EDITORIAL NOTES.

About half a million Afro-American young men will be eligible to cast their first presidential votes in November, and if they are wise they will begin life right by voting the Republican ticket.

South of Afro-American youth in the South are crowded with students. Republican prosperity has enabled parents to send their children off to school.

work may obtain it by voting the Democratic ticket.

The election of a Democratic house would mean the passage of the Heflin Jim-crow street car bill.

It costs a million lives and a billion dollars to rid this country of the curse of slavery. The Democrats party hopes to take away the manhood rights of the Afro-American and reduce them to a state of vassalage.

President Taft favors industrial and higher education for the Afro-American, the enforcement of the war amendments and equal protection for every citizen. Vote the Republican ticket and sustain the Administration.

Fall in and forward to victory.

Get out the votes and there'll be no doubt about the election of Republican congressmen.

Wake up! Come out! Shout and hurrah for the Republican ticket.

Let us see what a big majority we can give for the Republican nominees for congress.

There are more than 14,000 Afro-Americans in the public service of the country and they receive over \$8,000,000 in salaries.

The Afro-American people know too well what Democratic success means to be beguiled by the smooth talk of Democratic spellbinders.

The Afro-American will never turn from the Republican party and so over to the Democrats who are disfranchising and Jim crowing the people of their race in the South.

The election of a Democratic house can bring no possible good to the Afro-American. Better let well enough alone and continue the Republicans in power.

In no school for Afro-American pupils in New Orleans is instruction given in any grade higher than the fifth. The Democrats seem determined to keep the race down.

The Democratic South has already disfranchised the Afro-American. Now many prominent Democrats in the North as well as in the South favor the repeal of the fifteenth amendment.

A vote for the Democrats is a vote for an empty market basket. The cost of living may be high, but the real hard times will come when the Democratic party is in power.

#### AFRO-AMERICANS IN GOVERNMENT SERVICE

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by all druggists.

#### EQUAL RIGHTS PLANK

"The Republican party has been for more than fifty years the consistent friend of the Afro-American. It gave him freedom and citizenship. It wrote into the organic law the declarations that proclaim his civil and political rights, and it believes today that his noteworthy progress in intelligence, industry and good citizenship has earned the respect and encouragement of the nation. We demand equal justice for all men without regard to race or color; we declare, once more and without reservation, for the enforcement of the thirteenth, fourteenth and fifteenth amendments, which were designed for the protection and advancement of the Afro-American, and we condemn all devices which have for their real aim his disfranchisement for reasons of color alone, as unfair, un-Afro-American and repugnant to the supreme law of the land."

—Republican Platform, 1908.

Why doesn't Zeppella experiment with submarines?

New York continues to grow in every way but good.

There is hope, indeed. Nevada has shut down on gambling.

New York paper claims "4,700,000 souls" for New York. Nonsense! The census showed only that number of people.

New York man resigns a \$4,000 position because there's not enough work to do. You just can't please some people.

A Massachusetts man has invented a flexible rolling pin which, we trust, will not make the pie crust more rubbery than ever.

According to the astronomers there is an unusual amount of moisture on Mars just now. Canning time preparation, no doubt.

If a woman asks \$5,000 damages for jabbing herself with her own hatpin, how much would she earn by putting out somebody else's eye?

Now that sharks are known to be good food they become doubly useful for they have always provided a superior quality of fish stories.

A Chicago woman asked a divorce because her husband wore her undergarments. This is a case where clothes make the man trouble.

A man at Scranton, Pa., who claims to have a hen that lays seven eggs a day should be hired by party campaign committees to claim elections.

Here's a Boston preacher calling Newport "the vestibule of hell." This will disappoint many Newporters who thought they were really on the inside.

An American promoter is about to build an amusement park in Rome. The ancient ruins will have to put in vaudeville attractions to hold the crowds.

The New England swain who started to foreclose a mortgage which he held on the home of the father of the girl who refused his attention ought to have his attention called to the fact that even medodrama long ago dropped this once popular form of love's cruel revenge.

One of Chicago's health rules for pupils is "don't run to school." Even the Shakespeare's time they knew better than that—"creeping like small unwilling to school." And boys haven't changed much in that respect.

Perhaps the oddest suit ever entered is that of a young woman in St. Paul, who is suing another woman's estate for \$2,000 for transfusion of blood supplied in an attempt to save the latter's life. This is blood money in a new sense.

Mrs. Gertrude Martin, formerly, Miss Gertrude Giles, was in our city a few hours last week on her way home to South Dakota, from Neb. City.

The Stewardess gave an entertainment Saturday evening, and realized \$6.50. There will be baptizing at the tabernacle Baptist church, the first Sunday in Nov. Three candidates for baptism.

Charles Wheeler, a well known Negro reporter, fell dead on the street at 4 o'clock yesterday afternoon as he was passing the Goodrich hotel. Death was caused by heart disease. Wheeler had not been feeling strong for several days, but continued at his work as porter at Charles Lebold's saloon. He was on his way to his little shack in the alleys in the rear of the Jack Whitaker property a block away from the hotel, chatting pleasantly with acquaintances he passed when he suddenly staggered and fell to the walk. He was dead when a number of men rushed forward to pick him up.

Wheeler was about 60 years old. He was born a slave and came to Council Bluffs soon after the war, and had the reputation, well earned, of being an industrious, honest man. He was married several times, but has no surviving relatives. For many years he was porter at Louie & Metzger's restaurant and bakery and held similar positions at numerous other well known firms. The body was taken to Cutter's morgue, where it will be held until his friends arrange for the funeral.

## DOCTORS ADVISED OPERATION-- DECIDED TO TRY GREAT KIDNEY REMEDY

I want to tell you in a few words what your Swamp-Root did for me, believing that my testimony may do some other suffering person a great deal of good. About six years ago, I was dangerously ill, consulted three doctors, all of whom said I had kidney trouble. One of the doctors analyzed my urine and reported that in order to regain my health and life, an operation would be necessary. I did not want to be operated on as I was afraid that I would not recover. Someone told me of Dr. Kilmer's Swamp-Root and said it was a reliable medicine for kidney trouble, so I decided to try it and went to Mr. Ross, the druggist, at 303 Central Ave., Minneapolis, and bought a bottle. I took it as directed and continued taking it until I was entirely cured.

Having been free from any kidney trouble for over six years, I consider that I am absolutely cured and know that Swamp-Root has the credit.

I never fail to tell my friends about your remedy, as I believe it is the best of its kind. Your U & O Ointment is also very good. We use never without a jar in our house.

Yours very truly,

The Key to Germany.  
Capt. Charles King, the author, praised at the Milwaukee club, the German element in Milwaukee's population.

"I know a soldier," said Captain King, "who met the Kaiser last year in Berlin."

"You have a thorough knowledge of our best thought and customs," said the Kaiser. "Have you ever been to Germany before?"

"O, yes, sir," said the soldier. "What cities have you visited? Berlin and Hamburg?" asked the Kaiser. "No, sir," said the soldier. "Milwaukee."

Not Easy.  
Pat was a married man—a very much married man. He had married no fewer than four times, and all his wives were still in the fore. According to Pat's own account before the court where he was tried for bigamy and found guilty, his experiences were not altogether satisfactory. The judge, in passing sentence, expressed his wonder that the prisoner could be such a hardened villain as to delude so many women.

"Yer honor," said Pat, apologetically, "I was only tryin' to get good one, an' it's not aisy!"—Lippincott's Magazine.

What About Him?  
The talk had gone back and fro, and the youthful socialist had been announcing that no man ought to get his living by cheating, and we all listened to him, and agreed that it was dreadful when men and women did not tell the truth, but tried to make their living by deceiving people. Millionaires, landowners, financiers, we sacrificed all of them who cheat the public. "No one should make a living by deception," said the young man. Then a quiet voice from a woman came from the corner of the sofa, "What about the conjurer?"—London Chronicle.

Lovemaking and Practice.  
The only way to become an expert at lovemaking is to practice. This was the information handed out to a handful of hearers by the Hindu philosopher, Sakharan Ganesh Pandit, in a lecture on "The Science of Love."

"Love is a divine discontent," said the philosopher, "and if you want to arouse love in others it can be done only by giving them love. How to develop the emotion of love in another is the great question of today—the art of making love. It needs a great deal of study and a great deal of practice."

THE FIRST TASTE  
Learned to Drink Coffee When a Baby.  
If parents realized the fact that coffee contains a drug—caffeine—which is especially harmful to children, they would doubtless hesitate before giving the babies coffee to drink.

"When I was a child in my mother's arms and first began to nibble things at the table, mother used to give me sips of coffee. As my parents used coffee exclusively at meals I never knew there was anything to drink, but coffee and water.

"And so I contracted the coffee habit early. I remember when quite young the continual use of coffee so affected my parents that they tried roasting wheat and barley, then ground it in the coffee-mill, as a substitute for coffee.

"But it did not taste right and they went back to coffee again. That was long before Postum was ever heard of. I continued to use coffee until I was 27, and when I got into office work I began to have nervous spells. Especially after breakfast I was so nervous I could scarcely attend to my correspondence.

"At night, after having coffee for supper, I could hardly sleep, and on rising in the morning would feel weak and nervous.

"A friend persuaded me to try Postum. My wife and I did not like it at first, but later when I boiled good and strong it was fine. Now we would not give up Postum for the best coffee we ever tasted.

"I can now get good sleep, am free from nervousness and headaches. I recommend Postum to all coffee drinkers."

**REV. D. E. BUTLER, Ph. D.,**  
Pastor First A. M. E. Church,  
Buxton, Iowa.

Our readers now have an opportunity to see the cut of Rev. D. E. Butler, that quiet, unassuming Christian minister who is a power in Buxton for all that is good and uplifting in his community. Rev. Butler is pastor of the Mt. Zion Baptist church, the church which has the largest membership of any in Iowa. Rev. Butler is a very able and convincing speaker, yet so modest that yet editor had to beg with him for his photograph for he does not like to see ministers too often in print. He came from Michigan to Buxton two years ago.

Rev. D. E. Butler, Ph. D.,  
Pastor First A. M. E. Church,  
Buxton, Iowa.

The Bystander, in presenting the this clergyman and friend of education, is carrying out a plan long since conceived by the editor.

"Pen sketches of the Negro Clergy" will be a subject periodically set forth and read by thousands thru-out the country.

Rev. D. E. Butler, the subject of this sketch was born of Madagaskian parents Holy Springs, Miss., May 21, 1872, and was educated in the public schools, Millers Institute, and Rust University of which city, having for his classmates,

the daughters of the late Hiram R. Revels, United States Senator from Mississippi.

Coming to Chicago in 1890, Mr. Butler engaged in various occupations entering Harvey Medical college; later for the study of the profession. He was converted to the Christian religion at Bethel A. M. E. church, in January '64, serving as an official and local preacher 'till Sept. 1899, when he was ordained a Deacon by the late Bishop B. W. Arnett.

Instead of completing a course in medicine, Rev. Butler entered the ministry, serving as pastor at Racine, Wis., his first charge, '98, 1900 (two years). From 1900 to 1905, he pastored the St. James church at Minneapolis, Minn., where he built a two-story brick church with living rooms, valued at \$8,000.00. During Rev. Butler's stay in Minneapolis he mastered the Social Settlement Idea, and conducted for two years the most systematic and complete work of this kind among Negroes.

In 1905, Sept., after having served 5 years as pastor at Minneapolis, Rev. Butler was sent to the St. Mark church, Wis. The next year he took charge of the First A. M. E. church at Galesburg, Ill., where he published a historical record of the Negro—a work of great merit, called, "Butler's Blue Book," which was favorably received by the Iowa and Wisconsin Historical societies. Ottumwa, Iowa, was Rev. Butler's next charge, where he rebuilt a dilapidated parsonage and conducted the "John Brown Industrial Mission," a work that had the co-operation and guiding hand at the Y. M. C. A. and public library.

Bishop Shaffer in 1908 appointed Mr. Butler as Conference Missionary and Supt. of the A. C. E., a young peoples organization, to which was added the pastorate at Mt. Pleasant, Iowa, the last five months at that conference year.

Fresh from these responsibilities, Dr. Butler came to Buxton, Iowa, where he has had nothing but high-sounding success from the very day of his advent.

Here he instituted a revival a few months ago with Mrs. Mary E. Wilson, Evangelist, "In the Saddle," which resulted in 103 conversions and 69 accessions; the most successful ever held in the State of Iowa. So that the Buxton church is now in point of membership, the largest A. M. E. church in the state.

This is Rev. Butler's first month of his second year at Buxton, and the editor was personally present last Sunday when the members laid down upon the table approximately \$175, and now the church is absolutely FREE of debt. The next move of pastor Butler will be for a pipe organ, some general repairs, and a Guild Hall.

Croup is the most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all druggists.

The above pictures are Mrs. W. H. London of Buxton and Mrs. Dr. J. S. Brown, formerly of Muchaknock, but now of Minneapolis, Minn. The former Mrs. W. H. London is one of our race leading women of Iowa. She is active in church social and educational work of her people. She is principal of the Buxton Public Schools, the oldest teacher in point of service having been one who taught in the schools when the Buxton schools was first organized with Prof. Gilliam as principal. She holds a State certificate and is a member of the State Teachers association which is meeting in our city. This week she is attending here. She is like hundreds of other men and women, who are making the history and moulding good sentiment for the race.

When we first began our wonderful work of growing all kinds, all qualities all lengths, and all conditions of hair, even to the growing of hair on bald places of the head, many persons scorned the idea that such a thing was possible; but we have grown the hair for hundreds, rapidly achieving success. The proof of the value of our work is that we are being imitated and largely by persons whose own hair we have actually grown and the further fact that they have very frequently mentioned us when trying to sell their goods (saying that theirs is the same or "just as good") or referred to PORO. We advise you to use only PORO Hair Grower, (the oldest and best of its kind.) See that the name PORO is on every box, not genuine without it. Prepared only by Mrs. A. M. POPE.

Madam Perkins, for many years a resident of Denver, is an active member of Zion Baptist church, and one of the most favorably known women in our state. The beautiful hair of hundreds of women in our city and other parts of the state is a tribute to her phenomenal success in her profession. The wonderful growth of her own hair is a most remarkable testimony. I cheerfully recommend her to all ladies who may be interested in the growing and beautifying of the hair.  
Respectfully,  
**DAVID E. OVEH,** Pastor Zion Baptist Church.

To Whom It May Concern:  
Having taken Mrs. T. D. Perkins' treatment for the hair for about nine months, I can say it has given perfect satisfaction in every way. My hair was not two inches long when I began to take the treatment, and was very uneven. In some places I could not get it up at all. In these nine months my hair has grown six and one-half inches in length all over my head. I can advise any woman who wishes to have hair to take treatment of Mrs. Perkins, following her instructions, they will have the same result as I have. I cannot praise Mrs. Perkins' treatment enough. Try them.  
Philadelphia, Pa., Dec. 19, 1909.

Dear Mrs. Perkins: Your letter at hand, and I am very glad to hear from you. My hair is doing fine, I must say. I am greatly pleased with it. It seems to draw many people's attention very much, and I am doing all I can for you by telling them of your wonderful treatment. I am following your instructions in every way. I do not let anything come between me and my hair that is to care for it as you have instructed me. I wish you much success in your work.

Dear Madam: I am, indeed, sorry I can't hear from you. This is the second time I have written you and the last I heard of you. You were going west, but I am indeed proud to say that my hair is doing fine under your treatment. I would never regret anything for the way it is growing and I intend to use your treatment as long as I can keep in touch with you. Hoping an early reply, I remain as ever, yours,

Dear Madam: I now write you what your wonderful hair remedy has done for me. My hair had been falling out for over a year, it came out in spots larger than a dollar. Blackheads and pimples came in the bald spots and my scalp looked like it had been scalded. After using your treatment three months the scalp began looking better and the blackheads and pimples disappeared. New hair came in, and after using your remedy six months my hair was all in again. I also had the worst case of dandruff. Your shampoo and scalp treatment have cured me after hundreds of other remedies had failed. I cannot praise your remedy half enough, and advise all others to try them as I have, and they will find good results if they follow full instructions. I am, yours truly,

Mrs. T. D. Perkins: I really feel ashamed to put off writing you so long, but I am kept so very busy all the time. I have an invalid to care for, so I neglected to write you, however I received my goods all right and am more than delighted with the results. My hair looks like a new suite of hair altogether. I have had many of my friends to ask me what I was doing for my hair, it was looking so much better. I am perfectly willing that you should use my name in any way you wish if it will be of use to you, as I wish every woman and girl knew of your wonderful treatment. I shall send in for another supply as soon as I need it.  
Wishing you much success, I will close wishing you a merry Christmas and obtain the glory. I trust you will live long for you are doing a noble work for our women.

Mrs. T. D. Perkins.  
Dear Madam: I am writing to let you know how nicely my hair is growing. It looks like another head. I am so proud of my hair I hardly know just how to thank you. When I looked over the list of more than five hundred people that take your treatment, and you say that it is only hair, I was proud to find my name among the many. I will always use your treatment, and I am sure you will get many more customers among my friends, as they have said they would write you real soon relative to your treatment. I wish you all the success.

Dear Mrs. Perkins.  
I should have written before this. I trust you had a safe trip home. Well, I want to tell you how well pleased I am with your scalp treatment. I feel that I can stand before the glass and see my hair growing. I must tell you that I would not be without your treatment for anything. It was the good Lord that caused me to write to you in regard to my hair. I wish you success in your work and trust you will help others as you have helped me.

Dear Madam: I have been thinking for some time of writing and telling you how well my hair is doing. Since using your treatment my hair has those little pins in. Your treatment is indeed wonderful and I am very proud to have met you and have you give me my first start in growing my hair. I am pleased to tell every one the good you have done for me and I am sure you will get many of my friends to take your treatment when they see what wonderful hair you have. You know you could scarcely find enough to ball up when you gave me the first treatment. I wondered myself what was going to happen or such a short time. I will write you from time to time to let you know just how well my hair is getting on.  
Very truly yours,

Scalp Specialist of Denver, Colo., demonstrating in Philadelphia, I decided to write her relative to my hair. I received a prompt reply, and sent for her treatment at once. Being so well pleased with the same I went to Philadelphia to have her give me a personal treatment. I never used anything that was so wonderful for the hair, as her treatment. My hair started to grow from the very first, the treatment not only causes the hair to grow, but removes dandruff and makes the hair soft and glossy. My husband thinks my hair is beautiful and says that it is the best I have ever used. I advise all good women that want good hair to write Madame Perkins, for she is doing just what she advertises to do, for those that will carefully follow her instructions.

Dear Mrs. Perkins: How much I wished I had known you years ago, and taken your treatment for the hair. I would have had better hair today if I had. In the few months I have used your treatment there is such a decided change in my hair and scalp. This is the best treatment I ever used or heard of before, and if your customers would tell the truth they will say the same. I intend to use it as long as I am able to buy it. I wish more of our women knew of your work and would take your treatment.  
Yours truly,

To the Public:  
I have known Mrs. T. D. Perkins more than ten years and never knew her to have hair more than two inches long until the past few years. I was more than surprised when she took her hair down to prove to me it was all her own. I put my scalp in her charge at once, and words can never express the wonderful results of her treatment. I have tried so many hair treatments that my hair was in a dreadful condition. Mrs. Perkins' first treatment proved beyond a doubt her knowledge of the care of the scalp. I trust every woman who may read this will write Mrs. Perkins and secure a place in her class for treatment for beautifying and growth of the hair.  
Respectfully yours,

Madam T. D. Perkins,

Dear Madam: I have been using your hair treatment for four months, and I must say it is wonderful. My hair was so short I could hardly pinch it when I began using it, and in one week's time I could see an improvement. I have used many things on my hair to make it grow, but none ever did the work you have. I can without exaggeration say this is the most wonderful scalp remedy I have ever used. My hair has grown wonderfully since I started to use it, and I must say I am highly pleased with the method of treatment, and I can and will gladly recommend you to anyone wanting their hair to grow. Any one wishing to know more about this wonderful treatment and its growing qualities can write or call at my address, 1858 North Clark Street, Chicago, Ill.

Dear Madam T. D. Perkins.  
I take great pleasure in writing you a few lines, to let you know how well I like your scalp treatment. I think it is fine. Yes, it is grand. My scalp is clean and my hair is black and full of life, and is growing nicely. It is much thicker, and I have only been using the treatment six weeks, and I see such a great change in my hair, and scalp, I hope I will be able to say more of your wonderful scalp treatment in my next letter.  
Yours truly,
