When an article has weathered the storms for over fifty years and during this time has grown and made friends wherever it has been introduced, puts the stamp of approval on it, and without a doubt should be placed in a class above the average. This paper takes pleasure in telling its readers of one remedy that has this record. This remedy is Ford's Hair Pomade, the old time tried remedy for kinky, harsh, curly and unruly hair. Its use for the last fifty years, helped many whose hair was so short, harsh and kinky that it was the next thing to impossible to do anything with it, or put it up in any style which would confine the snails the least possible, but the use of Ford's "air Pomade" has done a great deal towards eliminating this trouble for our ladies, and now thousands and thousands of ladies all over the United States have long wavy hair and we are in a position to know that many have Ford's Hair Pomade to thank for it.

Fifty thousand people lined the streets in the cold and in the slush to cheer him.

Sixteen thousand more gathered in three great auditoriums and at a notable dinner to hear him.

During his stay he talked to the high school pupils of the city at the University Church of Christ; addressed the commercial men at an informal dinner at the Grant club; told the school teachers of Iowa of his idea of "American Ideals" at the Coliseum; and closed his visit with a political speech at the Auditorium.

The cause of the excitement was an assault made upon the wife of Chief Sibley, who lives six miles southeast of Sibley, just across the line in Missouri by Sam Danner. A desperate struggle ensued and the woman was beaten almost into insensibility. Several of her ribs were broken, also her collar bone, and she sustained other severe injuries. She continued to fight her assailant until he was compelled to leave without accomplishing his purpose.

It seems the authorities, who thought they could capture Danner without any difficulty, kept the man quiet for fear of a teaching.

PAUL HAMMER HAS NERVE

Was Injured While Swinging on a Set of Flying Rings at the Lucas School Before School Opened.

Des Moines, Nov. 11.—When it comes to stunts and stunts, the kind that makes him a hero, little Paul Hammer, 12 years old and son of Deputy Sheriff William Hammer, has a supply that would do credit to any man.

With both wrists broken, his arms dangling loosely at his sides and suffering the most excruciating kind of pain, the brave little fellow calmly walked into a doctor's office and asked if he could have medical attention.

Little Paul was swinging on a set of flying rings at the Lucas school before school opened. He attempted to jump backward. When he landed, instead of landing on his feet, he fell on both hands with terrific force. Both wrists were snapped above the hands.

"I would rather have this over with before pain is told, for I am afraid he might worry—yet, they are putting me a good deal," the little chap said as he stood in the doctor's office. He added: "The pain will go away, though, if I can get my wrists set."

"I believe I could stand the setting without taking anything," he added. "If I have to take something I believe I will have to take the best; I cannot stand chloroform."

Later little Paul quietly went under the anesthetic while physicians set the broken wrists. He left the office and went to his home at 1812 Capital avenue.

A Reckless on Skis.
William Dean Snowball, discussing realism at one of his Sunday afternoon lectures in New York, set off a most eloquent on skis.

"Skis," said the famous orator, "are really, an angel in a diaphanous robe of white, but only the wing of her hair being a dainty's nose to make him go."

It Cured My Baby—Hereafter I Will Always Keep It in the House.
I cannot speak too highly for Eucalypti Ointment. It cured my baby boy of eczema. He had a very severe case and numerous other remedies failed to do any good. I would not be without Remedy Salve in the house. It is good to apply in cases of burns, cuts or sores of any kind.

Mrs. F. Cox, Chicago, Ill.

A Sure Sign.
"I understand, Mr. Benben," said the visitor, "that your son is devoted to the turf."

"Yes, I reckon he is," said the old man. "I bet his lay down on the grass for half hours 'till he's so complacent."—Harper's Weekly.

EVER SINCE.

Virginia—I suppose you and Harry have been thrown together a good deal lately?

Grace—Yes; ever since he got his new automobile.

With a Sour Laugh.
A Chicago editor has brought from London an amusing story about Humphrey Ward.

"Humphrey Ward," he said, was in his bachelor days, a really well-known art critic. But now!

"I met Humphrey Ward at a dinner in Soho, and he said to me, with a sour laugh:

"When a girl wants to retire from the world and be lost in oblivion, she has to enter a nunnery. But a man, to achieve the same end, need only marry a famous woman."

Pride.
"Chicago has a lot of local pride, hasn't it?"

"Well," replied Mr. Lakemah: "it depends on whether you are talking about baseball or the grain business."

Can You Blame Him?
"Pa, what does 'skeptical' mean?"

"That describes a man's feelings when a woman tells her age."

HAIR GROWER

We Grow Our Hair, Now Let Us Grow Yours with

PORO

TRADE MARK REGISTERED.

When we first began our wonderful work of growing all kinds, all qualities all lengths, and all conditions of hair, even to the growing of hair on bald places of the head, many persons scorned the idea that such a thing was possible; but we have grown the hair for hundreds; rapidly achieving success. The proof of the value of our work is that we are being imitated and largely by persons whose own hair we have actually grown and the further fact that they have very frequently mentioned us when trying to sell their goods (saying that theirs is the same or "just as good") or referred to PORO. We advise you to use only PORO Hair Grower, (the oldest and best of its kind). See that the name PORO is on every box, not genuine without it. Prepared only by Mrs. A. M. POPE.

Beware of imitations. Call, or address mail to

To Whom It May Concern: I find it a pleasure to say a word in praise of Madame Perkins and her remarkable success in scientific scalp treatment. Madame Perkins, for many years a resident of Denver, is an active member of Zion Baptist church, and one of the most favorably known women in our state. The beautiful hair of hundreds of women in our city and other parts of the state is a tribute to her phenomenal success in her profession. The wonderful growth of her own hair is a most remarkable testimony. I cheerfully recommend her to all ladies who may be interested in the growing and beautifying of the hair.

Respectfully,
DAVID E. OVER, Pastor Zion Baptist Church.

To Whom It May Concern: Having taken Mrs. T. D. Perkins' treatment for the hair for about nine months, I can say it has given perfect satisfaction in every way. My hair was not two inches long when I began to take the treatment, and was very uneven. In some places it could not get up at all. In these nine months my hair has grown six and one-half inches in length all over my head. I can advise any woman who wishes to have hair to take treatment of Mrs. Perkins, following her instructions, they will have the same result as I have. I cannot praise Mrs. Perkins' treatment enough. Try them.

Philadelphia, Pa., Dec. 19, 1909.

Dear Mrs. Perkins: Your letter at hand, and I am very glad to hear from you. My hair is doing fine, I must say. I am greatly pleased with it. It seems to draw many people's attention very much, and I am doing all I can for you. I would never regret anything for the way it is growing and I intend to use your treatment as long as I can keep in touch with you. Hoping an early reply, I remain as ever, yours,

MRS. DENICE BRADLY,
1318 S. Dorrance St.
Conway, Ark., Nov. 30, 1909.

Dear Madam: I am, indeed, sorry I can't hear from you. This is the second time I have written you and the last I heard of you were going west, but I am indeed proud to say that my hair is doing fine under your treatment. I would never regret anything for the way it is growing and I intend to use your treatment as long as I can keep in touch with you. Hoping an early reply, I remain as ever, yours,

Philadelphia, Pa., Nov. 13, 1908.

Dear Madam: I now write you what your wonderful hair remedy has done for me. My hair had been falling out for over a year, and I was in spots for me. My hair had been scalded. After using your treatment three months my scalp looked better and the blackheads and pimples disappeared. Now hair came in, and after using your remedy six months my hair was all in again. I also had the worst case of dandruff. Your shampoo and scalp treatment have cured me after hundreds of other remedies had failed. I cannot praise your remedy half enough, and advise all others to try them as I have, and they will find good results if they follow full instructions. I am, yours truly,

EVERETT S. P. DAWSON,
125 N. Third Street, Phoenix, Ariz.
Merchall, Va., Dec. 28, 1909.

My Dear Madam: I really feel ashamed to put off writing you so long, but I am kept so very busy all the time. I have an invalid to care for, so I neglected to write you, however I received my goods all right and am more than delighted with the results. My hair looks like a new suit of hair altogether. I have had many of my friends to ask me what I was doing for my hair, it was looking so much better. I am perfectly willing that you should use my name in any way you wish if it will be of use to you, as I wish every woman and girl knew of your wonderful treatment. I shall send in for another supply as soon as I need it.

Wishing you much success, I will close wishing you a merry Christmas and obtain the glory. I trust you will live long for you are doing a noble work for our women.

Manchester, Va., April 4, 1910.

Dear Madam: I am writing to let you know how nicely my hair is growing. It looks like another head. I am so proud of my hair I hardly know just how to thank you. When I looked over the list of more than five hundred people that are taking your treatment, and you say that is only half, I was proud to find my name among the many. I will always use your treatment, and I am sure you will get many more customers among my friends, as they have said they would write you real soon relative to your treatment. I wish you all the success.

Lame back comes on suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all druggists.

Dear Mrs. Perkins. I should have written before this. I trust you had a safe trip home. Well, I want to tell you how well pleased I am with your scalp treatment. I feel that I can stand before the glass and see my hair growing. I must tell you I would not be without your treatment for anything. It was the good Lord that caused me to write to you in regard to my hair. I wish you success in your work and trust you will help others as you have helped me.

Your grateful friend,

February, 1910.

Mrs. T. D. Perkins. Dear Madam: I have been thinking for some time of writing and telling you how well my hair is doing. Since using your treatment my hair has those little pins in. Your treatment is indeed wonderful and I am very proud to have met you and have you give me my first start in growing my hair. I am pleased to tell every one the good you have done for me and I am sure you will get many of my friends to take your treatment when they see what worn-out five inches. You know you could scarcely find enough to ball up when you gave me the first treatment. I wondered myself what was going to hold for such a short time. I will write you from time to time to let you know just how well my hair is getting on.

Very truly yours,
Wilmington, Delaware, Feb. 21, 1910.

To Whom It May Concern: After reading in the Philadelphia Tribune of Madame T. D. Perkins, the Dear Madame Perkins.

This is the third month I have used your scalp treatment, and I am greatly pleased with its success. My hair has grown more than four inches, and has taken on new life. It is very soft. I am very well pleased with the treatment.

JENIE ACHER.

Scalp Specialist of Denver, Colo., demonstrating in Philadelphia, I decided to write her relative to my hair. I received a prompt reply, and sent for her treatment at once. Being so well pleased with the same I went to Philadelphia to have her give me a personal treatment. I never used anything that was so wonderful for the hair, as her treatment. My hair started to grow from the very first, the treatment not only causes the hair to grow, but removes dandruff and makes the hair soft and glossy. My husband thinks my hair is beautiful and says that it is the best I have ever used. I advise all good women that want good hair to write Madame Perkins, for she is doing just what she advertises to do, for those that will carefully follow her instructions.

MRS. E. M. WATERS,

Santa Monica, Cal., Jan. 14, 1908.

Dear Mrs. Perkins: How much I wished I had known you years ago, and taken your treatment for the hair. I would have had better hair today if I had. In the few months I have used your treatment there is such a decided change in my hair and scalp. This is the best treatment I ever used or heard of before, and if your customers would tell the truth they will say the same. I intend to use it as long as I am able to buy it. I wish more of our women knew of your work and would take your treatment.

Yours truly,
MRS. ROSANA JACKSON,
1818 Fourth Street.
Denver, Colo., Aug. 1907.

To the Public: I have known Mrs. T. D. Perkins more than ten years and never knew her to have hair more than two inches long until the past three years. It was more than surprised when she took her hair down to prove to me it was all her own. I put my scalp in charge at once, and words can never express the wonderful results of her treatment. I have tried so many hair treatments that my hair was in a dreadful condition. Mrs. Perkins' first treatment proved beyond a doubt her knowledge of the care of the scalp. I trust every woman who may read this will write Mrs. Perkins and secure a place in her class for treatment for beautifying and growth of the hair.

Respectfully yours,
MRS. ED. HARRIS,
2818 Clarkson, Denver, Colo.
Chicago, Ill., May 8, 1910.

Madam T. D. Perkins. 4630 West Thirty-fifth Ave., Denver, Colo. Dear Madam: I have been using your hair treatment for four months, and I must say it is wonderful. My hair was so short I could hardly pinch it up when I began using it, and in one week's time I could see an improvement. I have used many things on my hair to make it grow, but none ever did the good yours has. I can without exaggeration say this is the most wonderful tonic I have ever used. My hair has grown wonderfully since I started to use it, and I must say I am highly pleased with the method of treatment, and I can and will gladly recommend you to anyone wanting their hair to grow. Any one wishing to know more about this wonderful treatment and its growing qualities can write or call at my address, 1858 North Clark Street, Chicago, Ill.

Monroe, Va., Sept. 28, 1910.

Dear Madam T. D. Perkins. I take great pleasure in writing you a few lines, to let you know how well I like your scalp treatment. I think it is fine. Yes, it is grand. My scalp is clean and my hair is black and full of life, and is growing nicely. It is much thicker, and I have only been using the treatment six weeks, and I see such a great change in my hair, and scalp, I hope I will be able to say more of your wonderful scalp treatment in my next letter.

Yours truly,
MRS. S. A. CASHWELL,
Carthage, Ind., Sept. 24, 1910.

Dear Madam Perkins: I have been using your scalp treatment for four months, and I must say it is wonderful. When I started to use the treatment my hair was so short I could hardly pinch it up, and I must say I never saw such a change in such a short
