CENTERVILLE, IOWA.

(This Week's News.)

Quite a shadow of gloom swept over the city Thursday afternoon about 2 o'clock, when the death of Mrs. Sarah Price occurred at her home in the west part of town. Mrs. Price was a daughter of Tabor, having been a member of Golden Rule Tabernacle for the past five years, and the friends as well as the daughters mourn her sad demise. We know God giveth and God taketh away. The funeral was held from the Second Baptist church, conducted by the order. Rev. Sir M. Carrington preached a beautiful sermon, one that compared with her life in every way. It was a sad scene to look at seeing the hearse bearing the remains of Daughter Price and the six knights and daughters in their full dress, showing how they mourned for their loved and deceased daughter. She left to mourn her death her husband and six stepchildren, all present but one. Daughter Price was only sick about two days when God relieved her of her pain.

Sunday was a beautiful day and services were well attended. The rally was quite a success and the social given Friday evening by the Mission Circle was a success.

Rev. Carrington, Sir E. Martin and Sir M. J. Thompkins left this a. m. for the association, which is held with the Cedar Rapids Baptist church. They are the delegates for the circle and church.

Miss Vina Harris is much improved at this writing.

Mrs. Bessie Jones of Minneapolis, Minn., left for her home Friday night, after spending a week with her mother, Mrs. Lizzie Taylor.

Miss Christina Crittenden is visiting her cousin, Mrs. Anseline Walker, and Mrs. Chas. Story in Liberty, Mo., for two weeks.

church in our city. Rev. Moss is a young man of experience and comes highly recommended. He will take hold of the work in Iowa and push it in the middle west. He says that their denomination is but little known up here, yet he hopes to soon have churches established all over Iowa. His address is 518 S. E. Second street.

There was quite a crowd up to town Friday morning, taking the last look for a while on our Co. D boys, who left for Des Moines.

Miss Hazel Jeter and brother, Harry, Jr., left Saturday afternoon for a few days' visit with their grandmother, Mrs. Susan Stewart, of Oska-loosa, Iowa.

Mrs. E. F. Brown of Mystic was in town today shopping and attending to business.

Quite a number attended the funeral of Mrs. Price from Mystic on Sunday.

Mrs. Dorothy Mash and Mrs. Bessie Grant and children, who were called here by their stepmother's death, Mrs. Price, are visiting a few days with their sister, Miss Marie Price.

The Masons Jubilee Singers made their appearance on the stage at the Chautauqua on Tuesday afternoon and rendered a most pleasing program to a large crowd. Quite a number of our colored people were out to hear these wonderful colored singers.

The Clio club will give a musical on Saturday night. Mrs. Anna Gooding, chairman, came out and heard some good music from our home talent.

(Last Week's News.)
The social given Saturday night was a success.

Sunday was a very pleasant day and services were well attended.

Everybody busy trying to get things ready for the association.

The B. Y. P. U. rendered one of the best programs that has been rendered for some time. They have purchased a beautiful piano for the church and it was used for the first time with the program. Bro. Phillip Jeter of the program committee was given the credit for this most wonderful program. There were solos, recitations, papers and addresses and select readings. All were excellent.

The president of the B. Y. P. U., Bro. J. W. Martin, and also his topic instructor, Bro. S. H. Jones, is to be commended highly for their excellent work. Everything is moving along nicely and our pastor is well pleased with the work.

The Knights and Daughters of Tabor celebrated the 11th of August for

their annual picnic and it was largely attended and the beautiful lawn of Mr. and Mrs. Joe Saunders was a real scene with so many knights and daughters and maids and pages of honor and the visiting friends. They left about 9:30 for their many homes, headed by the C. C. famous band, which furnished music for the day. We are proud of our band boys and much credit is due them.

EDITOR'S OBSERVATIONS.

After a silence of more than two months, we have again resumed our collecting trip, consequently our observations. On leaving the present capitol of our state for the city which was at one time the capitol of Iowa and where the first state capitol was built, namely, Iowa City, the county seat of Johnson county, where is located the great state university of Iowa, with her many new, modern, magnificent buildings, which is the college home of more than 2,000 young men and women, and among those 2,000 students are thirty-five colored students, the largest number that the university ever had at one time. In fact the largest number in any of Iowa's three universities or her twenty colleges at one time, and I was informed that those students' conduct was good and they made a good record for their race and the university. The sooner that our young boys and girls realize that they must act well their part in the drama of human life and respect themselves, then and then only will the dormant race admire and respect us. Here lives about twelve families and all of them are doing well and most of them are owning or buying their own homes. Mrs. H. R. Moore is a substantial and highly respected widow lady, who has a hair-dressing parlor on E. College avenue. Her only living child, Miss Daisy, recently married a Mr. Miller. Mr. Hal Short, a graduate from the university, is in training camp at Ft. Des Moines. His wife is here. J. W. Thompson, also a student, is still supervising one of the large fraternity frats. He is a splendid young man, saving his money. Mr. and Mrs. Donnegan are running a boarding house. Mr. W. Scott is one of the coming young men here, also H. H. Alberts. His father, Mr. A. Alberts, is a brick contractor, doing well. We next went to Davenport, the second largest city in Iowa. Here lives about 1,000 colored people, some doing well and some doing bad. They have two colored churches, the Baptist, pastored by that young refined Christian man, Rev. F. K. Nicholson, who is having good success here. His church is a live, active force in this city for good, and the A. M. E., presided over by Rev. Waters, a new man to this conference. His church members speak well of him and everything seems to be moving along nicely. Their secret societies are all doing well, namely the Masonic, the U. B. F. and the I. O. O. F., each with their ladies' auxiliaries are making progress. They have one physician, Dr. R. S. Taylor, who is a graduate from Creighton college in Omaha, Neb., and settled here a few years ago. He is doing nicely and has a good practice in the tri-cities. His amiable wife is a great helpmate for him. Lucern Brown, formerly of Des Moines, where he graduated from a course in embalming from Des Moines, has located here in the undertaking business. We hope for him success, as Lucern is a deserving young man, and all the colored people of the tri-cities should patronize him. Mr. Ezra Green, 114 E. Fifth street, has the only restaurant. He has a good trade. He also owns a pool hall and rooming house. He and his amiable wife are fine people to meet. See their ad. elsewhere. Mr. B. N. Johnson, former-

Summer Complaint.

During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand. Mrs. F. F. Scott, Scottsville, N. Y., states, "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results."

LITTLE GIRL AFFLICTED WITH CROSS EYES
Now Practically Well.
Parents Thank Law Arntz for Timely Fitting of Specially Ground Glasses Which Removed the Cause.

Little Marguerite Ozmun, four-year-old daughter of Mr. and Mrs. E. W. Ozmun, of Highland Park, was afflicted for about two years with a very severe case of cross eyes. The parents thought that an operation would be necessary to straighten them. Her eyes continued to turn inward until friends prevailed upon the parents to have the child's eyes examined by Law Arntz, who found a severe case of error of refraction. The child, with eyes with no apparent diseased condition, and prescribed for the little girl a pair of specially ground glasses. After wearing them about eight months, during which time the former eye strain was removed, the eyes returned to almost normal position, as may be seen in the accompanying pictures of the pretty child. Little Marguerite's vision is now perfect.
Mr. and Mrs. Ozmun say: "Our little daughter, Marguerite, who our friends and neighbors will remember, was afflicted with eye trouble, is now almost well. Her eyes began to cross or turn inward about two years ago and kept getting worse up till about eight months ago, when they would turn inward to the extent of about 45 degrees. We were at a loss to know what to do with the child, as we dreaded to have her undergo an operation for fear that other complications might set in. Some of our friends prevailed upon us to consult Law Arntz, to see what could be done by the use of ground glasses. The doctor gave us great encouragement after making the examination, and fitted the child with glasses which have practically straightened her eyes. We cannot praise Arntz enough for the good he has done, as our daughter would have probably been helpless for life had it not been for him."
MR. and MRS. E. W. OZMUN.

Specialist Says Everyone Should Drink Hot Water In The Morning

Wash Away All The Stomach, Liver and Bowel Poisons Before Breakfast.

To feel your best, day in and day out, to feel clean inside, no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, pneumonia or gastric acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well known kidney specialist.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink, before breakfast each day, a glass of hot water with a kidney tablet, then take it before dinner and supper with a glass of cold water. This will cleanse, purify and freshen the entire elementary tract, before putting more food into the stomach get a dozen kidney tablets for a quarter from your druggist. They are inexpensive and act quickly. Drink hot water every morning with kidney to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel, like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and, above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so kidney and hot water, before breakfast, act on the stomach, liver, kidneys and bowels.
