By Gus Durdan, Des Moines, Iowa
Son's Diary.

SERIES NO. 8.

There are men in this camp from all parts of the country, and they bring with them jokes from their section of the U. S. A. Most of these tell of the hatred of the races in the south. Although some are very much exaggerated, yet they are worth recording.

One boy tells the following story of the rural district of east Mississippi: "One day I was walking down a track, and noticed an old Negro fastened to a plow. I asked him what he was doing there in the rain pulling a plow. He told me that for years he and Beck, his boss' mule, had pulled that plow over that field, but, as it was raining that day, the mule had been left in the stable, and he had to pull the plow alone." He also tells that in certain parts of the south it is against the law for a black mule to kick a white mule. Another man added that in the part of Georgia from which he had come, when a Negro man passed a white mule on the street he had to say, "Good morning, Mr. Mule."

A boy from Ohio tells this story of his experience in Cordwood, S. C.: "We were in the Barnum & Bailey band wagon. All of us were dressed in red suits trimmed with green, and were in a gilded wagon. Soon a number of pecks congregated around us. One of their number said: "Say, you shines will have to come down out of that gold wagon. We won't ride in them and we are not going to let you shines ride in them. And another thing, you will have to take off them good looking clothes, and take them good horns out of your mouths. They dressed us in jeans and put us in an old wagon, telling us that we could play, but not those gold horns."

One night a Negro boy was walking past when he heard footsteps approaching. "Halt!" he commanded. "Who comes there?"

"The officer of the day," a voice answered.

"What in the devil are you doing out tonight?" the boy returned.

Do You Sleep Well?

To be at his best a man must have sound, refreshing sleep. When wakeful and restless at night, he is in no condition for work or business during the day. Wakefulness is often caused by indigestion and constipation, and is quickly relieved by Chamberlain's Tablets. Try a dose of these tablets and see how much better you feel with a clear head and good digestion.

NATIONAL ASSOCIATION FOR THE ADVANCEMENT OF COLORED PEOPLE.

Ninety branches of the National Association for the Advancement of Colored People, scattered throughout the country in all the principal cities, are to join from April 17 to 27 in a nation-wide "Moorfield Storey Drive" for 50,000 members. This membership drive has been undertaken by these branches as a testimonial to Moorfield Storey of Boston, the association's president, in recognition of his service to the colored people of the nation in the Louisville segregation case. In that case compulsory residential segregation of colored people was declared unconstitutional by unanimous decision of the supreme court of the United States, handed down last November. The colored people and their friends declare the anti-segregation victory to be the greatest-legal landmark affecting the Negro since the fifteenth amendment was enacted.

The National Association for the Advancement of Colored People was founded on Lincoln's birthday, 1909, and has its headquarters in New York. From its New York office an appeal for public support in its membership campaign is made in the following statement issued today:

"The National Association for the Advancement of Colored People appeals to all fair-minded citizens, white and colored, to join with it in the effort to secure simple justice under the law for our colored citizens. They represent over one-tenth of our American citizenship. The National

Association for the Advancement of Colored People is making a nationwide appeal for membership, not on any narrow grounds of race or class privilege, but on the broad ground of justice, of equal protection of all citizens under the law without distinction of race or creed or class. The maintenance of these just principles is of equal interest to all classes of citizens and an essential element of national strength. We therefore feel justified in asking all classes of citizens to join our association for this common principle of justice and civil liberty. The association admits members upon payment of any amount from one dollar per year upwards.

"The association feels that the American people have a right to be proud of the one hundred thousand colored soldiers now serving in the regular army and the national army. As a result of an active campaign on the part of this association an officers' training camp for colored men was inaugurated at Des Moines, Iowa, as a consequence of which nearly seven hundred Negro officers were commissioned.

"The association, through an anti-lynching fund contributed by believers in law and order, investigates as many cases as possible of lynching and mob violence, gives publicity to the facts regarding them, and endeavors to arouse public opinion against the mob spirit. Annually, through the gift of the chairman of the board of directors of the association, the Spingarn medal is awarded for the highest or noblest achievement by a Negro American during the preceding year."

SAYS HIT THE HUN BY BUYING BONDS

Major General Barry Says Aid Liberty Loan to Avert Indemnity Fund.

By MAJ. GEN. THOMAS H. BARRY, [Former Commandant at Camp Grant, Rockford, Ill.]

Four years ago the German government started a war, which evidence makes certain had for its object the domination of the world, the crushing of democracy and the establishment of autocracy in its stead.

Evidence of this far-reaching plot appeared as the war was prosecuted by the Germans with such lawless cruelty, that in an effort to parallel their inhuman savagery a shocked world has revived the mediaeval word "Hun."

The government of the United States observed neutrality until their sovereign rights were openly and contemptuously invaded. They were then called upon to decide whether to surrender their rights and their liberty or to engage in war. Rightly they decided to engage in war. That war is now in progress and it will be won by "hitting the Hun."

To hit the Hun, soldiers must go to the firing line in Europe, but that costs money, and if we are to "hit the Hun" from the firing line at the front there must be no faltering in the fund line at the rear.

To prosecute the war successfully larger sums of money are needed by the government than it ever has needed before. I have read an estimate that it costs a thousand dollars to shoot a Hun.

To provide the stupendous total the government asks its citizens for a temporary loan of the cash they have to invest. As security, it gives its promise to repay the full amount with a good rate of interest. The promise to repay the amount borrowed constitutes the Liberty bonds. They are offered in denominations to suit all purses, and whoever subscribes to a Liberty bond is helping to "hit the Hun."

A time will come when so many have been hit that just one more will constitute his defeat, the collapse of his government and the triumph of liberty. But the war will not be won until someone has hit this last Hun.

So I beg every American who has in his heart a love for the liberty he enjoys and cash to invest to purchase Liberty bonds, and I urge every social club or society, every school, factory, department store, boy scout company and other organizations and individuals to form "Hitting the Hun clubs" and purchase Liberty bonds enough to take a shot at a Hun.

It will give strength to the firing line to observe strength in the fund line, and some one will have the honor of subscribing the fund that hits the last Hun and the war will be won.

If we do not subscribe now to the Liberty bonds, to win the war, we will be compelled to subscribe later to an indemnity fund for losing the war.

Put Money into the Land.

Occasionally when driving through the country some attractive farm will be passed. Everything is in good shape; there are windmills, there is a silo; the fences are up and the land in excellent tilth. What is the secret of this? The answer always is: "That farmer has put money in his place."

America is a great farming nation, as well as a great manufacturing nation. It is wonderfully prosperous today. There are railroads, bridges, factories, mills, workshops and schoolhouses. All this shows we have put money into it. But there is today the shadow of war hanging over the entire land. The nation is in peril.

Now is the time of all times when money must be put into this land of the free and the home of the brave if it is to remain prosperous and happy. The purchase of Liberty bonds puts your money where it will do the most good in this grave crisis.

Be a Bond Salesman for Uncle Sam.

When you have bought your bond, don't stop. Become a bond salesman for your government and see to it that your neighbor buys a bond. Explain to him that you and he have to do this, as the soldier at the front has to fight.

Russia failed to support its army and its army failed to fight for Russia, and today Germany is taking over thousands of square miles of rich farming and mineral lands, title to which is held by Russians who will have their deeds considered mere scraps of paper by their conquerors. Buy bonds from your government and sell them for it. Make the United States a success instead of a failure, like Russia.

Farmer, Hired Man and Liberty Loan.

Intelligent farmers know that a hired man does better work if he is bountifully fed, pleasantly housed and warmly clad. Uncle Sam today has abroad close to 1,000,000 hired men, engaged in the most toilsome and hazardous work. They cannot be fed, clothed and housed unless money is provided. The purchase of Liberty bonds provides the government with funds to finance this gigantic task. The men in the trenches must be cared for by the men at home. Give the boys the best we can afford. They deserve it all.

Bonds Are Police Protection.

Everyone knows the value of police protection. The purchase of Liberty bonds provides the government with money to build ships to police the high seas and guard our commerce.

BUY LIBERTY BONDS TO VERY LIMIT OF RESOURCES

Everyone Should Give the Boys "Over There" the Financial Support Needed for Victory.

An article recently published in some papers of the central West gave an erroneous impression as to the part the farmer should play in financing the great struggle for liberty and world freedom. It suggested that the farmer should not borrow money with which to buy Liberty bonds—that he should not "inconvenience himself" in lending financial support at this critical time in the history of the nation.

This is no time to think of inconvenience at home. If inconvenience is to be the basis of thought, let the American farmer consider first the inconvenience of the boys on the firing line in France. At this particular time it is up to all Americans to make sacrifices. This is no time to think of comfortable financial circumstances and freedom from inconvenience. The government is at a great deal of inconvenience. If the boys at the blazing, thunderous front are standing in muddy trenches dodging shell splinters and Hun bullets and facing the terrible gas attacks, there is no reason why the farmer at home should not extend himself to help out.

Don't think of inconvenience. Think of the inconvenience and danger of your son, or your neighbor's son, at the front, and buy Liberty bonds to the limit. Stretch your financial system to the breaking point, if need be, to support your government and the boys who are actually engaged in the business of fighting your fight.

If you haven't the money at hand to do your full duty toward the great cause, go out and borrow it from your bank—borrow so that you may buy bonds "until it hurts." Your financial support may be a measure of your practical patriotism—and the nation needs practical patriots at this critical period. Don't think of inconvenience—think only of success.

HELPLESS CHINA A LESSON

Every Man, Woman and Child Should Contribute to Success of Third Liberty Loan.

Within the last few months the terrible bubonic plague has been sweeping over western China. Starting in Mongolia, it crossed the great wall and, with appalling speed, invaded province after province. And China—great, helpless China—is unable to care for its unfortunate people. Missionaries and the Rockefeller institute have been doing much to alleviate suffering, but their efforts have been little enough to stem the tide of the dread disease. China lacks the organization and the initiative to do much more than bow before the inevitable.

"There is a lesson for America at this time in the conditions in China," said a United States army medical officer a few days ago. "The United States is at war. Food, guns, clothing are needed for the soldiers, and ships are necessary to carry them to the battlefields in Europe. To conduct this enormous business of war, money is needed—billions in money. If the nation does not show initiative and organization, if every individual and every community are not closely knit to every other individual and every other community and interest by a common impulse, a common purpose to defeat the enemy, America will fail in this war as surely as China has failed in her hopeless battle against the bubonic plague.

"Every man, woman and child should contribute to the limit toward the success of the third Liberty loan. There must be no sectional feeling, no racial hatreds, no ancient grudges, no political ambitions, no community interests or individual schemes to stand in the way. If this nation of more than a hundred million souls stands together as one, the government at Washington will be provided with the money with which to finance ourselves and our allies in this war against a selfish and autocratic power that plots our political and commercial ruin as it plotted and accomplished the ruin of Belgium and Serbia and northern France.

"A prominent politician once protested against the 'Chinafying of the United States.' Let the United States prove to itself and to the common foe that there is nothing of China's helplessness in us. It can do so by acting with a single purpose in this matter of a world war for democracy."

Be a Fighter and Buy Bonds.

It is time that we all realize the country is at war. The railroads found themselves relieved of the management of their properties over night. Prices have been set for food and steel and coal. The draft is in full operation. It is no longer a question of patriotism in supporting the government, it is an absolute necessity.

If the soldiers refuse to fight, the war is lost. If we at home refuse to buy bonds, the war is lost because the government will be unable to finance the operation. The man who refuses to buy bonds in this great crisis is in a class with the soldier who refuses to fight.

Back Uncle Sam With Bonds.

Russia's condition today should be a lesson to us in America. Its government was overthrown and the Hun invaders overrun its soil. Your government must be supported in the face of the German menace. The purchase of Liberty bonds is the best assurance of support you can give at this time.

How to Teach a Dog.
Kindness, firmness, and patience are necessary qualities in teaching a dog. Nothing can be done by cruelty, and if you lose your temper you will never teach him anything. It is very little use trying to teach an old dog. Begin when he is young and do not overture him. Also do not overfeed him, for most of the lessons have to be taught by a system of small rewards in the shape of tit-bits of food.

ST. PAUL A. M. E.

St. Paul church was a real bee hive last Sunday. The financial campaign for the building fund was launched. The faithful men and women who were selected as captains to lead the van responded to their names and went to work. The cards for soliciting are in the hands of the members and friends. This rally is not planned to interfere with the weekly payment system. Let that part of your contribution become a habit. The children of the church are included in this rally. Let the mothers encourage their children to work for the new St. Paul—it is theirs.

Supt. C. B. Wood will distribute the cards Sunday.

AN OLD AND HIGHLY RESPECTED EX-SLAVE HAS GONE TO REST.

Mr. Morris Mills, better known as Uncle Manny Mills, was born into slavery in Mobile, Ala. He came to Des Moines about thirty-five years ago and had lived here ever since with his wife until her death. He then made his home with Mrs. L. J. Courtney. Mr. Mills was one of the oldest and most faithful members of St. Paul's A. M. E. church. He left Des Moines in February to spend the remainder of the winter in the land of his birth. He got as far as St. Louis, Mo., where he was stricken with pneumonia, from which he could not recover.

Brother Mills was a member of the Masonic lodge in Alabama, but when he moved to Des Moines he changed his membership to North Star lodge, No. 2, where he remained an enthusiastic and loyal Mason for over a quarter of a century. He was one of the charter members of King Solomon Commandery, No. 6, of this city. The Masonic lodge had charge of his funeral. The Sir Knights in full regalia were in direct charge. He was laid to rest by the side of his wife in Woodland cemetery.

For Round Shoulders.

An excellent exercise to straighten round shoulders—good for girls or women who have to sit a good deal—is performed by placing a thin stick or wand across the back and letting it run out through the bent elbows. The arms are bent so that the hands rest on the chest. Keep the arms and shoulders pressed back and down and walk about the room in this way for five or ten minutes.

If I Were a Farmer.

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation

By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

YANKTON, S. D.

(Special to Bystander.)

On the evening of April 3, 1918, Mr. and Mrs. Harvey Williams of North Broadway entertained about twenty neighbors and friends to a very delicious supper.

The guests seated themselves at the different tables by finding their place cards. The supper was served in an elegant manner and thoroughly enjoyed by all. The evening passed away very pleasantly with cards for those that cared for that

amusement. The graphophone for the musically inclined, and the very amusing game of "pinning the tail on the mule" was participated in by all. Mr. Goodlow was the successful one and carried off the prize, a beautiful little picture. Mr. and Mrs. Williams have resided in Yankton about a year and have made many friends. The guests departed at a late hour, voting their host and hostess royal entertainers.
