WOUNDED NEGRO HERO SPEAKS IN DES MOINES.

Standing on one foot, supporting his body by leaning against the pulpit, while his other leg dangled because it was too sore to carry the weight of his body, Private Wm. Haggin, of Co. E, 370th Inf., who is at the present time being reconstructed at the U. S. Military Hospital at Ft. Des Moines, from injuries received in the western European front, stood for more than an hour last Sunday afternoon in the auditorium of the Des Moines Branch of the Army Y. M. C. A. and in the presence of an audience that filled every available space in the building, including the gallery and overflow room (related in his own simple but forceful manner some of his experiences from the time his regiment sailed from Newport News, including their trip to the front, life in the trenches, going "over the top" a second time and the sensation of being shot in the leg by shrapnel.

Private Haggin claims that this was his first experience at public address and while it is true that he made no pretense at oratory, his simple conversational story was so adroitly mixed with humor and pathos that he kept his vast audience alternately laughing and weeping, and though not a Christian himself he concluded with a touching request for prayers for the boys "over there," and at the conclusion of the address Secretary Edward Ross led the hymn, "For you I am praying," and the entire audience stood in reverent silence while a special prayer was offered by the Camp Pastor, Dr. H. E. King.

Other short addresses were made by Miss Ursula Guy, Colored Girls' Director of the War Camp Community Service, Miss Virginia Guy, Head Hostess of the Camp Dodge Hostess House No. 2, and Mr. W. D. Baldwin, president of the Soldiers' Fathers' League. Musical numbers were given by Sec. Wm. Washington of the Camp Dodge Army "Y," and Mr. H. W. Hughes. The ladies of the Camp Dodge Camp Mothers' Association and the Chas. Young Auxiliary of the American Red Cross attended in a body. Atty. S. Joe Brown, chairman of the Citizens' Advisory Committee of the Army "Y," presided.

EDITOR'S OBSERVATIONS.

By John L. Thompson.

There were a few typographical errors in our last week's Observations about the Keokuk people. One was that we meant to state that Mr. A. A. Bland was still running his hotel (instead of a pool hall), and that Mr. W. H. Taylor was still operating his pool hall, and that Miss Lizzie Russ and her father, a pioneer of that county, formerly lived near Farmington, where he owned a valuable farm that he recently sold, are now living at 1927 Palean St., a well to do retired farmer. After Nelson and I enjoyed a fine dinner Sunday at the home of Dr. T. H. Phillips and wife, we motored into Mount Pleasant on the plank road, a beautiful ridge road drive of 40 miles. This city has a colored population of about 500, of which some of us are fine, well educated, and highly respected for their high ideals that is among their social life. Mrs. Harris' three daughters, who are graduates from the high schools and the Wesleyan College here, are all teaching in various parts of the United States. One a teacher in the high school in Atlantic City, N. J., another one in the public schools of Buxton. Miss Ida M. Godfrey was formerly from here and is now a teacher in Kansas City, Kan., for the past ten years. There were the Mason girls, all graduates, and the Burnaughs, also high school graduates. There are two churches, the A. M. E., presided over by Rev. B. F. Hubbard, and the Baptist, pastored by Rev. P. Thomas. Mr. J. W. Fidler is still running a barber shop and doing nicely. They own valuable property. Mr. Samuel McCracken, a pioneer barber, is still running his shop. His son is assisting him. They own a beautiful residence. Eugene Patterson is still employed at the Y. M. C. A. building. E. H. Reece is working at the same place. John Greenup owns a truck farm and is doing well farming. Clay Reed is also farming, but lives in town. They are all doing well. Mrs. Harriett Smith is still active in her church work. Mrs. M. Watters owns a valuable property, as also does Mr. Conson. John Harrison is doing well. Mr. M. Burnaugh is still working at the poultry house. Miss Bernice Page, our agent, is an office girl for a white physician, making good. Here my son Nelson, becoming somewhat tired after being out with me for two weeks, left me for home. On the next day I motored to Fairfield. Here are but few colored people, but the most of them are doing well. They own their own homes. S. Sykes, a pioneer and a retired barber, still lives here. They own a nice home. T. W. Price, who once lived in Des Moines, is doing well here. He has a nice home. Dan F. Detwilder is still at the Leggett House. F. A. Anthony and G. W. Coalson are doing well at their same place. They have the A. M. E. Church, pastored by Rev. Hubbard. Mr. and Mrs. Dabner are still here, getting along nicely. Away to Ottumwa, the largest city on the C., B. & Q. railway from the Mississippi to the Missouri river. Here lives fully 1,000 colored citizens. Many are employed in the Morrell packing house.

Best Treatment for a Burn.

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents.

What Is the Telephone Company?

This company is not the cold creation of a statute, called a corporation—it is an organization of human beings.

The company is a partnership of brains, money and muscle, united in the interests of the common good.

There are more than 130,000 men and women in this and other states who own Bell Telephone stock. More than half of the men employed by this company are stockholders. Employees are permitted to become stockholders by buying stock gradually out of their earnings.

Our employees and officers are a democracy of workers—trustees for those whose savings have made this company possible, and trustees for the public, whom the company serves.

All of us—employees, officers and the public, are guardians of each other's welfare, and shareholders in the prosperity our combined money and labors produce.

The success we have had, we believe, is because our business has been conducted along these lines, which we believe to be the policy any company must follow if it receives and merits the good will of the public.

DES MOINES COLORED CHURCHES.

Up until this year the colored church edifices of this city were poor and far below the general intelligence and the great growing city like Des Moines for the colored population has grown by leaps and bounds, therefore the ministers felt that their church buildings were inadequate, so nearly all of our colored churches started to build new churches or remodel their old ones. Consequently this year 1918 has seen the A. M. E. Church people get out of their little frame edifice on the river and last month moved into the new commodious large brick modern church on 12th and Crocker streets, under the wise leadership of Rev. S. L. Birt, who for the past few years has worked so hard and now he has the unique honor of building the finest colored church in Iowa with a seating capacity of about 2,000. It is a credit to our race and a shining monument to African Methodism.

Rev. S. Bates, pastor of Maple Street Baptist Church of East Des Moines, is also in a struggle to finish his new church recently begun. Rev. Bates and his wide awake flock are working very hard.

Then Rev. Perry of Bethel A. M. E. Church, on East Des Moines, has bought a house and lot at a cost of several thousand dollars and has converted the house into a nice church and is paying for it nicely by the month. The Zion Baptist and the A. M. E. Zion and Asbury M. E. are all preparing to build very soon. The Corinthian Baptist, under Rev. Geo. W. Robinson, has almost made their church a new edifice. They have succeeded it on the outside and decorated the interior, also taken out the old fashioned seats, made a raised floor and put in beautiful opera chairs as seats. The Union Congregational Church, a brick edifice, has been

reshingled, the interior decorated and shower baths being installed, which adds much to its beauty. Rev. H. E. King is their pastor. He is also camp pastor at Camp Dodge. So the thousands of colored soldiers who are at Camp Dodge and the thousands of their relatives and friends who are daily coming here to visit the boys can spend a pleasant time at some of our churches. The public are invited to any and all of these churches.

BUILDING IMPROVEMENTS.

Des Moines, notwithstanding the building prohibition by the War Department, is doing some expensive remodeling. The rebuilding of the new Savery Hotel and the Ft. Des Moines Hotel are large undertakings, but the colored people are doing some permanent and lasting improvements, namely: Mr. Henry West has added another house to his on 12th and Center streets, making a duplex when completed. It is a stucco of light grey, making a beautiful modern up-to-date duplex. Henry has struggled hard and we hope for him a profitable investment. John Wilkinson has completely remodeled one of his houses on East 13th street, making it a beautiful six room modern cottage with hard oak floors, gas and electricity. It is indeed a most beautiful home. They are an industrious young couple and we are glad to chronicle their contribution to the wealth of the Negro. Wade H. McCree, our popular druggist, has just finished remodeling his home a few months ago. It is now an eight room modern home, stucco, near the corner of 12th and Center. It is a valuable home in this community. Mr. and Mrs. McCree have made good progress since they came to our city.

A LARGE ENROLLMENT.

Tuskegee, Ala., Sept. 14.—Tuskegee Institute opened its 38th annual session Tuesday, September 10th. More than 1,500 students have been granted admission this year, and the first day's enrollment was one of the largest in the history of the school.

Dr. R. R. Moton, principal, announced today that the War Department through the Committee on Education and Special Training has asked the Institute to continue the training of soldiers in contingents of 400 each. These soldiers are being trained in trades, but their work will not interfere with the regular work of the students. Principal Moton also announced today that he had received word this week from the Committee on Education and Special Training, Washington, D. C., that Tuskegee Institute has been selected as one of the institutions to conduct a Students' Army Training Camp.

With the training of the soldiers and the regular students, Tuskegee Institute will have fully 2,000 persons regularly under instruction here this fall.

FIRST NEGRO TO BE NAMED AS A WAR CORRESPONDENT.

In compliance with this request, the Committee on Public Information has designated Ralph W. Tyler, of Columbus, Ohio, former auditor for the Navy Department at Washington, as a regularly commissioned war correspondent, to specialize on the conditions surrounding the colored troops in France and to make daily reports of the activities and engagements in which the colored soldiers are prominent. He will be on the staff of General Pershing, commander-in-chief of the American Expeditionary Forces overseas. Every facility has been provided by Mr. George Creel, director of the Committee on Public Information, for the prompt and accurate gathering of all facts that may be of interest to the colored people.

Mr. Tyler is the first colored man to be named as a regular war correspondent by any government in the world. He is a native of Ohio. For seventeen years he served in various departments on the Columbus Evening Dispatch and the Ohio State Journal, which gave him experience in the technique of the newspaper craft and afforded him opportunity for association with many influential newspaper men. This intimate contact with such forces will be invaluable to him in his labors as a war correspondent. The fact that he has a wide acquaintance with correspondents now at the front, will make it possible for him to get news concerning colored troops which, perhaps, no other colored correspondent could secure.

NEGRO WOMEN ENTER INDUSTRY. Prove Efficient Workers, Though Northern-Born Women Have More Endurance Than Those From the South.

Negro women are leaving the kitchen and laundry for the workshop and factory. They are now employed largely in New Jersey, according to William M. Ashby, executive secretary of the State Negro Welfare League. In Newark 1,000 are employed in places made vacant by the shifting of Hungarian, Italian and Jewish girls to the munitions plants, which have not yet taken the colored women workers to any great extent.

"At first the colored women were paid \$4 to \$5 a week, the usual beginners' wages," said Mr. Ashby, "but when they were trained they obtained advances in wages. On the whole, employers regard the experiment as successful."

Foremen report that northern-born women have more endurance than those

Worrying Always Weakens. Worrying is always weakness, it is always danger. In a sense, though often excusable and sometimes unavoidable, it is cowardice; and cowards, as Shakespeare tells us, "die many times before their death." We truly regard worry as the price paid by humanity for advance in education and in refinement of feeling; but it is a higher price than need be paid--Exchange.

A MESSAGE.

By Mrs. Capt. Joseph Lowe,
Chillicothe, Ohio.
Beloved, while sitting at my dinner today, listen to what God Almighty visioned to us. Yes, read carefully. I saw a colored man in uniform over in war. He was trying to live in the beauty of holiness and his heart's desire was to come back home to the United States. Some of the gospel theses wanted to deceive our president, so listen how the devil entered into a foreign lady's heart, only to bring a reproach on the world. Jesus was at his right hand, yes, the hand he declared by Almighty God to serve his country and defend it for its rights, but the old devil entered into this beautiful foreign woman and gave her lots of money and she had followed this man for years. At last she reached him with the reproach. But as she reproached, Jesus sent the comforter and delivered him. The woman invited him to take all of this money and come unto us. I will die by you and all of this will be yours. With eager eyes God was watching, and he made President Wilson in his own image, and our president arose from his seat troubled, feeling somewhere one of my little ones have been disturbed. Jesus stood at the side of the Ethiopian, his heart was grieved, in his spirit he sighed and said, Only if his heart is right Jesus said receive her not. The gold is mine, the silver also, take it unto Father of your country, and lay it on the altar of sacrifice and return in peace. The Ethiopian rushed away and

President Wilson pondered which way my Lord shall he go, and at last he reached the city where his president was and he speaking exciting, fatigued, said, sir, there was a woman, yes sir, trying to get me to betray United States and Jesus told me the gold was his, the silver also, take it and flee to the Father of our country and here it is. "Defend thou us." And beloved, I saw so plainly our beloved president smile and looking up to God saying, My God, I thank thee, and he turned to the Ethiopian and said he not dismayed, for as much as they have did it to the least one of you all they have did it unto my Heavenly Father and I. So beloved, this is the way all of our presidents are living under God Almighty. Whether Democratic or Republican a man in Christ Jesus is a man. Be like this Ethiopian. Have your hearts right.

LINCOLN PROCLAMATION OF EMANCIPATION.

The colored citizens of this city are going to fittingly celebrate the Proclamation of Emancipation which was issued by Abraham Lincoln Sept. 22, 1862. On Saturday night and Sunday afternoon at 3 o'clock a large platform meeting of the citizens will be held at Union Congregational. This meeting is free to everyone. The program will consist of patriotic songs of 1860, also patriotic songs of 1918, to be sung by a colored quartette from Camp Dodge. All old soldiers of the Civil War will be given a seat of honor on the platform. They are invited to come out early. The following speakers have been invited to make a ten minute speech: Atty. S. Joe Brown, Rev. Geo. W. Robinson of Corinthian Baptist Church, Lieutenant Harry Young of Camp Dodge, Dr. Harry E. Ford, expert x-ray man from the x-ray laboratory at Ft. Des Moines Hospital, a high position for a colored man, Dr. W. R. Arthur, secretary of the Knights of Columbus at Camp Dodge, Rev. S. Bates of Maple Street Baptist Church, L. W. Tucker, secretary of Y. M. C. A. at Camp Dodge. Mr. Anderson of Camp Dodge Y. M. C. A. will sing a song and several other selections. On Saturday night the beginning of this celebration will open by a program, also the unveiling of the service flag to honor the ten members of Union Church who have joined the colors and are over in France. The exercises will be under the auspices of the Union Congregational Sunday School children. Admission 25 cents, which entitles you to a free lunch to be served by the ladies of the Red Cross, assisted by the church ladies. Don't miss this Saturday night meeting. One-half of the proceeds goes to the Red Cross unit of our city.

HOW TO KEEP WELL.

J. Alvin Jefferson, M. D.
The mind occupies a very important place in the treatment of disease. It is agreed that the mind can modify the course of disease.
We hear much of mental healing by Christian Scientists and others. These various cults may do well within certain limitations. As long as they confine themselves to conditions that are not pathologic, no real harm may be done. The medical man is fully cognizant of the importance of psychotherapy. No one knows any

better than he that in many cases he is called upon to treat, the condition complained of exists only in the mind of the patient. These are what we call mind-made diseases. It is often difficult to treat patients who have diagnosed their own cases. Numbers of these people believe that they are suffering from some disease peculiar to themselves. It is due to these erroneous ideas that many vendors of patent medicines grow rich. Many druggists do irreparable injury by selling their customers patent medicines without knowing whether such remedies are the proper ones that should be prescribed. When one is suffering from a severe case of bronchitis or any other serious condition and goes to the druggist for a remedy, he exercises about as much judgment as the parishioner who goes to his minister for legal advice instead of going to the man who has made the study of law a specialty. People who are sick should seek the services of a physician. If you are mentally worried over some condition outside of the human anatomy then it would not be amiss to seek the services of the Christian Scientists or some other recognized mental healers.

The question may arise as to how a patient may know when he is disposed. Generally speaking, pain is among the first symptoms of disease. What is pain? one may ask. Pain is a mental phenomenon, a distinctly mental interpretation of some abnormal and harmful process which is taking place in the organism. It is the sentinel whose duty it is to give the first warning of approaching danger. This being true, it is evident that the interpreting centers should be kept in as nearly normal condition as possible. When the integrity of these centers is molested, you narcotize the very important function of interpretation.

The physician's correct diagnosis largely depends upon the interpretation of his patient. Hence it is necessary that the patient's mind remain as clear as possible.
Thus it is not difficult to see whose duty it is to interpret pain phenomena, that is, whether it should be a qualified physician or an unqualified so-called mental healer. We do not mean to convey the idea that much good cannot be accomplished by these mental healers, but we do believe that they overshoot their mark by their superzeal for recognition.

Ready-Made Pie Crust!
Someone has invented a ready-made pie crust that will keep a year. By the evidences that have been encountered it might be judged that many ambitious cooks have been experimenting for a long time with this object in view. We can guess now where some of these new composition shoe soles originated.—Providence Bulletin.

Where the Real Danger Lies.
A Boston physician has sounded the warning that there is more or less danger in wearing clothes. There may be, but the most danger lies in the path of a man who attempts to trip merrily through this life clad in filtered sunshine and a two days' growth of whiskers.
