 Rev. Waters certainly preached a soul stirring sermon both morning and evening.
 The members who are missing their class meetings are missing a real treat. Every class is growing in interest and finance. Your leaders are looking for you.
 The Sunday school is growing mightily in attendance and we can see the reason why. When we stop to look and see who is at the head of this great department of Bethel A. M. E. church we would say, no wonder! Mr. A. W. Drain is certainly a high class superintendent and a man fitted for the place. Mrs. Lena B. Porter has been on the sick list for a week, but at this writing she is able to be out again. Sister Anna Penix is on the sick list again. Her daughter, Mrs. Joseph Hickey, of 4729 Evans Ave., Chicago, was summoned to her bedside. She arrived Saturday evening on the 8 o'clock train, Feb. 8.
 At Bethel A. M. E. church Sunday afternoon, Feb. 9, a very interesting memorial service was held in honor of ex-President Roosevelt, and Paul Lawrence Dunbar, Dr. T. H. Phillips spoke on the life of Roosevelt as president. Rev. C. R. Water, Roosevelt as a Rough Rider. A. W. Drain, Roosevelt as a Statesman. Mrs. Selby Johnson, Roosevelt's Home Life. Mr. F. S. Johnson spoke on the life of Dunbar. The two choirs jointly, Bethel and Pilgrims Rest, furnished music for the occasion. Rev. J. Stirling Moore officiated as Master of ceremonies. Mrs. Everett Holmes is back from Quincy again and is ready to take up her work again in the church as president of Stewardess Board No. 2.
 The Sewing Circle held their meeting at the residence of Mrs. Brown, 1928 Franklin St., Friday, afternoon, and a

DOUGLASS.
 So much has already been said this month about the life and character of Frederick Douglass that our eulogy is not necessary. He was supposed to have been born sometime during this month, near the 17th. Be that as it may, he was born in Tuckahoe Co., Maryland, in an unknown log cabin, fighting with the dogs under the table for a living, with no education, it being against the law to teach a colored child to read. He ran away from slavery, went to England and purchased his own freedom and his wife's and children's freedom, settled in Rochester, N. Y., started the first colored newspaper, the North Star, assisted in raising the first colored company in the Civil war, became the editor, orator, statesman, a lecturer and a diplomat of the highest rank, honored and loved by presidents, kings and princes, and one of the truest friends and defenders of his race that the Negro has yet produced.

MASON CITY ITEMS.

Mrs. D. C. Harris is able to be up about her home, although quite weak yet.
 Come to Christ, is the slogan of the new Vice Combat Club, organized by the Christian people of Mason City last Sunday, or go to "Devil's Isle" or some other seaport, at any rate get away from Mason City. We don't want the disreputable element here and this club will not tolerate them.
 The centenary movement is still spreading among our people and bids fair to go over the top.
 Mr. John Roberts and little son Warren are both confined with la grippe.

CAPTAIN COOPER.

The above cut is a true picture of Captain C. C. Cooper, our only colored captain that is now located at Camp Dodge. Captain Cooper received his commission after finishing the officers' training course at Ft. Des Moines. He was sent to Camp Meade and from there over to France, and later was returned to the States on account of his poor health. After he regained his health the war department sent him to

Camp Dodge, where he took command of Company 22, 163rd Depot Brigade. He is also morale officer of the 6th Battalion. Captain Cooper is known as a strict disciplinarian, but his manner of administering justice and square dealing to all has won for him not only the high appreciation of his superiors, but the admiration of those under his command. Captain Cooper was in charge of the Lincoln-Douglass celebration Wednesday evening at the Y. M. C. A. No. 20.

The Willing Workers Club gave a very fine concert at which a very pleasing program was rendered by the members. This club is one which is composed wholly of young folks, under the supervision of a mother matron. The club has ever since its origin been noted for nothing but success. Last Friday night the 7th they demonstrated their energy of working by clearing \$32 for the benefit of the trustees.

New Rates Established for Long Distance Calls

Postmaster-General Orders Changes in Rates for Long Distance Telephone Messages. Various Charges are Quoted for Different Kinds of Service Provided.

The telephone company put into effect January 21 the new regulations governing charges for long distance telephone calls which were recently ordered effective on that date by Postmaster General Burleson. The order places long distance telephone rates throughout the United States on a uniform basis. The new ruling makes no changes in local telephone rates.

The principal change from the former method of determining long distance telephone rates is that instead of one class of service there are several, each with a different rate. For example, there is one charge for "station to station" calls, another when a definite person is desired, another for "appointment" calls, for night calls, and so on.

The basis of all charges on long distance telephone calls under the new regulation is the "station to station" rate. This is determined by the air line distance between towns. The rate is computed for the initial period of conversation on the basis of 5 cents for each six miles up to 24 miles and 5 cents for each eight miles beyond that distance.

"Station to Station" Service

The "station to station" rate applies when the calling party does not ask to talk to a particular person at the telephone designated, but merely to any one who answers the telephone. The word "station" as used here means "telephone," the method being a telephone to telephone service.

"Station to station" calls must be made either by giving the telephone number wanted or the name or address under which the telephone is listed. If the calling party states that he wishes to talk to a definite person, the "person to person" rate, which is higher, is charged. Charges for "station to station" calls cannot be reversed, that is they cannot be charged to the telephone called.

The "station to station" service is the cheapest and quickest form of long distance communication. It is furnished at a lower rate than other classes of service because it requires a minimum amount of work on the part of the long distance operators and "ties up" the wires for a shorter period than when a particular party must be summoned to the telephone.

In addition to "station to station" service, a "person to person" rate, an "appointment" rate, a "messenger call" rate and a "report charge" are quoted for calls to points on which the "station to station" rate is 15 cents or more.

"Person to Person" Calls.

The "person to person" rate is charged for messages where the calling party asks to talk to a particular person. It is about one-fourth greater than the "station to station" rate.

The "appointment" rate, applicable when a definite time is specified to talk to a particular person, is about one-half greater than the "station to station" rate.

The "messenger call" rate, where a messenger is necessary to summon the called person to the telephone, is the same as the "appointment" rate, plus any necessary charges for messenger service.

"Report Charge"

The "report charge" applies when a "person to person" call, an "appointment" call or a "messenger" call is made and the person desired is not in or will not talk, or when the exact address of the person wanted has not been given and he cannot be reached at a telephone within one hour. However, if the connection is made and the conversation held later in the same day the "report charge" is not made. This charge also applies, if the calling party is absent when the connection is completed within one hour. The "report charge" is about one-fourth the "station to station" rate.

Only "station to station" service is to be had for short distances where the "station to station" rate is 5 or 10 cents. The lowest "person to person" rate quoted is 20 cents, the minimum "appointment" rate 25 cents and the minimum "messenger" rate 25 cents, while the lowest report charge is 10 cents. The minimum "station to station" rate is 5 cents.

On "station to station" calls, where the rate is 25 cents or less, an initial talking period of 5 minutes is permitted. For longer conversations an additional charge will be made. On "person to person" calls, "appointment" calls and "messenger" calls the initial talking period in all cases is 3 minutes.

Standard Night Rates

Night rates apply only to "station to station" calls. Day rates apply at night on other classes of service. The rate for calls made between 8:30 p. m. and midnight is about one-half of the "station to station" day rate, and for calls made between midnight and 4:30 a. m. the rate is one-fourth of the "station to station" day rate. The minimum night rate is 25 cents and day rates are charged at night when the day rate is less than this.

LEMON JUICE IS SKIN WHITENER

Cheap home-made beauty lotion to bleach the skin white

At the cost of a small jar of ordinary solid cream one can prepare a full quarter pint of the most wonderful lemon skin whitener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach a darkened skin.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is harmless to whiten a dark skin.

Unified Varied Writing Forms.
When Charles the Great became monarch of central Europe, among other great ideals he set himself to unite the learning of Christendom by purifying and unifying the many and varied forms of writing. To do this he went back to the original Roman model. The invention of printing came as a great advance, and at first the type took the form of a writing hand.

Getting Rid of Colds.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be

taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on.

THE UNIVERSAL CAR

The Ford one-ton truck may well be classed as an agricultural necessity, it fits into and fills so many wants on the farm. It is a reliable bearer of farm burdens, not only doing the work of several horses quicker and better than the horse, and does not "eat its head off" when not working. The aggressive farmer has only to consider the possibilities of the Ford truck and he is ready to buy one. We judge this to be so from the way farmers are buying them.
