

Forty Negro Students Attend Harvard

New York, N. Y., Dec. 12.—Alexander T. Jackson, educational secretary of Urban League in his tour through the north, made the discovery that there are over 400 colored students in northern schools, including twenty in Boston university, eight in the Massachusetts institute of technology, and forty in Harvard.

New York, Dec. 12.—On the ground that they had organized the colored workers of the canal zone into unions, and that colored union men were undesirable, Howard Severs and Anthony Starr labor leaders, who left New York for the Panama canal zone on Novem-

ber 8 arrived back on the same steamship this week, without having gotten off the ship.

The two leaders left to look into grievances of colored workers whom they had organized into unions last spring. This brotherhood is one of the strongest, and takes in all laborers and workers in the maintenance of way department of railroads, canals and waterway employees, not organized in trade unions.

Severs is assistant to the president of the union, and Starr is the organizer. Although both had passports granted by the Washington state department, they were refused landing by the canal zone officials.

Negro Clothing Factory a Success

Producing Over 2,000 Dresses Per Week
—Employs Over 30 Girls.

Is the Negro asleep? If you think so take a walk down to 36 West 135th street about 8 a. m. or 12 noon and you will see a crowd of colored girls rushing out. Of course it is not a suffragette meeting going on upstairs, but they are simply some of the many employees of Berry & Ross Manufacturing incorporation going out to lunch.

This rapidly growing manufacturing enterprise has been in operation right here in Harlem, the largest, most up-to-date women's and children's dress factory, owned, operated and controlled by Negroes anywhere. But to see the plant in full operation would make Ben Tilman turn over in his grave. The company's stock is here sold at

ORATOR, POLITICIAN AND BUSINESS MAN DIES AFTER SHORT ILLNESS.

Chicago, Ill., Dec. 12.—Beauregard F. Moseley, for high on a quarter of a century an honored and respected citizen of this city, passed away Monday night at 7 o'clock at Fort Dearborn hospital, Thirty-eighth street and Vernon avenue. Mr. Moseley's illness was of brief duration and his sudden death was a severe shock to his family and many friends. His activities for civic worth and political preference extends over a period of many years and reached its zenith in 1912 when the progressives attempted the election of Theodore Roosevelt for president. In this campaign Mr. Moseley played a conspicuous part and enjoyed the confidence of all the leaders of the Roosevelt movement. A few years later it fell to him to be the chief exponent of our people in the movement to elect Medill McCormick to the United States senate. He was an able orator and a ready debater and was a favorite on the public platform.—Defender.

Prosperity in the South

Jackson, Miss., Dec. 12.—Evidence of the progress of Negroes in Mississippi, especially along educational lines is found in the fact that Mound Bayou, a Negro settlement, owned and controlled entirely by Negroes, has just voted the issuance of \$100,000 in bonds for the erection of a school. It will be for teacher training and vocational training purposes. It will be the largest institution of its kind in the south.

According to Bura Hilburn, state supervisor of colored schools, upward of \$300,000 will be spent for Negro schools before the close of the present year. The state board of education is lending every possible aid to this development, and employs a Negro supervisor of schools, as well as Mr. Hilburn.

Miss B. Stigger, who has been with us for the last two months helping her father in his church work, returned to her home at Mt. Vernon, Ill., to take up a school. Miss Stigger was a great church worker and made friends with all she came in contact. The wedding play given by her in the interest of the general claims on the evening before she left was a success. They netted \$11 for which the church and pastor feels very grateful. We hate to give her up but hope that she will come back to Perry in the spring. May success be here wherever she may go. Wipe Chicago off Map and Solve Problem Says Minister

Colored People Have Too Much Prosperity in West to Suit Southerners.

A \$300,000 HOTEL

Chicago Also to Have State Bank Backed by Colored Capital.

Chicago, Dec. 12.—In a recent address at South Park Methodist Episcopal church, here, Dr. W. W. Lucas, assistant general secretary of the Epworth league, Methodist Episcopal church, declared: "The white people of the south feel that if they would wipe Chicago from the map, the race problem could easily be solved."

What has Chicago done; what is Chicago doing, and what is it going to do? The people of Chicago have initiative economic opportunity, political power, commercial advantages, wealth and numbers. With these combinations, it is no wonder that it is the most talked of city in America, and yet, the opportunities have not all been worked out or even taken advantage of.

There is no city in the country where the people of the group are more united than they are in Chicago at this time. What is this unity doing for Chicago? Just a few things will give a general

idea of the trend of the times: The Chicago Business league has been organized with a membership of more than 1,000 and a budget of more than \$10,000 provided to increase in every way commercial efficiency and opportunities; a chain of co-operative grocery stores have recently been established; a \$300,000 hotel, with all modern equipment, has recently been opened; a \$100,000 old line life insurance company, "The Liberty" has been incorporated; a state bank backed by a group of prominent businessmen, is to be opened the first of the year; the Chicago Defender is soon to enter its own building with a \$100,000 equipment; a building and loan association "The Pyramid" has been established; the Associated Negro Press is preparing to increase the force of its service for 1920; a fully equipped moving picture studio has been opened; there will be a candidate for a member of congress; and more than \$1,000 will be expended next year in building and real estate transfers. These scattered illustrations serve to show the practical working out of Chicago spirit—"I Will" and probably explains, in part, why some are uneasy about group progress in the "Windy City."

Mrs. Laurence C. Jones of Piney Ridge, Miss., who has been the house guest of Mr. and Mrs. Ed Williams were royally entertained while in the city.

Mrs. Jones made several addresses while here. She addressed the children of Prospect Hill school, the ladies of the Y. W. C. A. at their building Sunday morning at the First Congregational church Sunday evening as the A. M. E. church. Tuesday afternoon in company with Mrs. Peter King and Mrs. Ed Williams she was the guest of the ladies' missionary conference of the First Congregational church Wednesday afternoon she was the honored guest of the Burlington Rotary club at the Burlington hotel, where she delivered a strong appeal for her race. Mrs. Jones is the first colored person that has ever been entertained in the Burlington hotel. Some of the friends who give dinner parties for Mrs. Jones were: Mesdames Ed Williams, A. Ridout, Jake Nelson and Ed Johnson.

The B. T. Progressive and Willing Workers clubs which is mostly made up of old friends of Mrs. Jones gave a reception for her at the spacious home of Dr. and Mrs. Ed Johnson which was decorated very pretty with potted and cut flowers. All restraint was laid aside, and everybody entered into the pleasures of the evening. Mrs. Jones was a little girl again having a good time with her playmates. The boys orchestra and the family quartet, Messrs. and Mesdames A. Ridout and T. W. Dixon rendered several musical numbers. "Burlington," a song composed by Mrs. Bessie Johnson was heard for the first time, sung by her husband. The fun of the evening was when Mrs. Jones and friends tried to sing her favorite song when she was a little girl, "Dem Golden Slippers." Very nice refreshments were served by Messrs. Fred Watkins, Leo Johnson, Howard Nelson and Harry Irving. With Mrs. Goldie Clark presiding at the punch bowl. In the receiving line were: Mesdames Sadie Haynes, Hazel Crawford, M. Dunn, Thetah Graham and E. Green. Mesdames Ida Baker and Elsie Williams presided at the piano during the evening.

ST. PAUL A. M. E. CHURCH NOTES.
 The fuel situation has interfered with church goes. St. Paul has been able to keep her doors open at every Sunday service.

Mr. Adam Dixon, caretaker of the church has secured two large loads of wood and coal and the church will be comfortable for services Sunday.

The church must be the center of community activity. Its influence must permeate the home where the true, the beautiful and the good thrive in an atmosphere of Christian culture.

Multitudes of homes in Des Moines are in peril; homes where grace is never said at meal time; where there is no family altar and no regular attendance at church; where making a living, sending the children to school, attending commercialized amusements, and clubs in the sole program.

The church must sound the alarm. Sunday services took on an evangelistic spirit. One person united with the church and one knelt for prayer.

The Sunday school enjoyed a large attendance. Meeting time, 1:30 p. m. At the junior hour No. 48 children were present. A fine program of songs and talks were given. Topics for next Sunday: Lessons from John's Letters, 1 John 2:18, 24 verses. Mrs. Birt will

invited. Hour, 6:47 p. m.

Senior C. E. topics: "How to Use the Bible;" Psalms 137:1-4; Matt. 23:23. Hour, 7:58 p. m.

Evening service, 8 p. m.

Mrs. Andrew Morris, president of the Allen C. E. League is ill and will not be able to attend the services for some time.

Brother William Kuroy, a steward of St. Paul was found dead in his home on Eleventh street Tuesday morning. He was a highly respected Christian gentleman and had made many friends during his short residence in Des Moines. His widow has the deep sympathy of the church.

The S. L. Birt club is practicing a three-act drama which will be given during the holidays.

The children of the church are practicing special music for Christmas. All children who wish to take part report at the church Sunday at 5 p. m.

Mrs. John Drew of Sheldahl avenue will entertain the St. Paul aid at her home on the Eighteenth.

Rev. S. L. Birt attended the inter-church conference which convened in St. John's Lutheran church Monday, Tuesday and Wednesday of this week.

Attorney S. Joe Brown, who was a delegate from St. Paul attended the inter-church conference.

The next big convention to come to Des Moines in which the colored churches are interested, is the student volunteer movement, Dec. 31 at which time over seven thousand delegates are expected. St. Paul members are requested to help in the entertainment.

The hospitality committee of St. Paul church volunteer convention is requested to meet at the parsonage Wednesday at 8 p. m.—Mrs. Birt, chairman.

The Rev. A. L. Boone of Ft. Worth, Texas, will preach at the evening service Sunday.

METHOD OF REPRODUCTION

Gives New Beauty to Record Music

"TONES that are reproduced truer, finer, sweeter." "Music, that in both spirit and letter is restated with greater beauty." "All records transcribed with greater fidelity."

Golden opinions like these are showered on The Brunswick by its hearers everywhere. And why?

Because, with its many other betterments, it has an exclusive, new Method of Reproduction.

Method of Reproduction

This Method of Reproduction for which

The Brunswick

Phonograph is famous, includes two scientific features—the Ultona and the Tone Amplifier.

The Ultona

The Ultona—a new day creation—is a tone arm adapted to playing any make of record.

With but a slight turn of the hand, it presents the correct weight, precise diaphragm and proper needle.

The Tone Amplifier

The Tone Amplifier is the vibrant all-wood throat of The Brunswick. It is oval in shape and made entirely of rare moulded hollywood.

By it, sound waves are projected into full rounded tones—tones that are richer and more natural.

Brunswick Superiority is Apparent

A complete demonstration will prove to you the merits of this super-instrument. Come in today.
