KAFFIR CHEMICAL LABORATORIES INCORPORATE

Enterprising Omahans Launch Out Into the Commercial Field With a \$500,000 Corporation.

Omaha, Neb. The Kaffir Chemical Laboratories is the name of a new corporation which has just been successfully launched here and is destined to become, in the course of time, one of the biggest concerns of its kind, financed by race capital, in the country. As a small concern its goods have been on the market for some months, but it was decided to incorporate and go out after business. To advertise and push its products required capital. This called for incorporation. This company, which has just been incorporated under the laws of Nebraska, one of the strictest states in the union on incorporation, is engaged in the manufacture of pharmaceuticals, chemicals, drug preparations and medicines. The corporation's authorized capitalization is \$500,000.00 divided into 50,000 shares at \$10.00 each; 20,000 shares being common, and 30,000 shares 7 per cent cumulative preferred stock.

The incorporators, who also form the board of directors, are Madree Penn, Grace M. Jones, vice-principal Piney Woods school, Braxton, Miss.; Eleanor C. Haynes; Dr. A. E. Fletcher; John Albert Williams; Fred C. Williams and Larry N. People. The officers are Madree Penn, president; G. M. Jones, vice-president; E. C. Haynes, secretary, and John Albert Williams, treasurer.

The company has on hand several thousand dollars' worth of preparations, including a pyorrhea preventive tooth paste, a face cream, an antipneumonic compound, a blood antiseptic, a hair tonic and others of proven value, which it places upon the market simultaneously with its stock campaign. For several months the company has been quietly but effectively at the work organizing and incorporating, and lining up its resources and workers and now enters the field of big business with every assurance of becoming one of the great successful commercial enterprises conducted by the race.

Farmers Have Great Week at Bartlett A. & I. School

Dr. Case, President Richardson, Prof. Sam Jordan, Mrs. A. J. Abington, Principal Bruce and Others Delight Large Audience.

Special to The Bystander. DALLON, Mo., Feb. 15.—The 13th annual Missouri-Mid West Negro Farmers' and Business Men and Women's conference was held here at the Bartlett A. & I. School from Feb. 10th, to 15th, inclusive. Principal N. C. Bruce, the founder and president of the organization presided.

The conference opened on Tuesday evening with an old-fashioned song and praise service; the thought of the evening was "Back to God and the Old Landmark." The Wednesday morning session was a business meeting held in the School Chapel from 9:30 till 12:30. The afternoon meeting was devoted to the discussion of interesting social, economic and farm problems of vital importance to the race; among which were: "The Country Church," "Community Singing," "Intenser Farming and larger Acreage Yields," "The Young Folk and Their Co-partnership," "Pure Bred Seed and Stock," etc.

Wednesday was devoted to a program replete with literary and musical numbers, given in honor of the delegates and their friends. The program as a whole was good; among the members that deserves special mention were: reading "Delsarto," by Nathalie Bruce; "The Party," rendered by B. K. Taylor. The musical numbers by Misses Ruth Abington and Elma McElroy, college quartet led by Prof. H. L. Drew, also vocal selections by Mrs. Pocahontas Black were all artistically rendered and favorably received.

On Thursday "Lincoln's Birthday" the exhibits were viewed and premiums awarded. At 9:30 began which might be called the most memorable occasion in the history of the institution. During the day classes in chicken culling

and corn judging teams from neighboring towns and the Bartlett classes organized and drilled by the State Farm Prof. J. W. Butler, gave valuable information to the visitors.

At 11 o'clock Prof. Sam Jordan the great corn man of Missouri made an excellent address on "The Worth of Man." At this time Principal Bruce also delivered his annual address as professor of the state's farm bureau. Prof. Bruce said some excellent and timely things which voiced the sentiment of the entire delegation.

On Thursday afternoon, Dr. Cochran, pastor of the First Baptist church of this city, Dr. Case, Editor of the Missouri Ruralist, St. Louis; Miss H. K. Patrick, state supervisor of household economies; Prof. J. W. Butler, all delivered addresses of special merit the thought of the entire day was centered around "The Great Emancipator." During the evening of Lincoln's day, addresses were made by Mrs. A. J. Abington, Plattsburg; Mr. E. W. Stokes, Jefferson City and president Clement Richardson of Lincoln Institute.

As this was Dr. Richardson's first visit to this school he was given a hearty welcome both by the students and citizens of both races. Dr. Richardson delivered addresses of special merit on the laws of recompense, apprenticeship and the "Right Use of Wealth"; he also hit the divorce laws square on the "head" and if all would follow his excellent advice, frying pans and rolling pins would be used only for the purpose for which they were originally intended.

All look forward to the time when Dr. Richardson will return to us. Reported by Robert S. Cobb, Sec'y of the Conference.

White Professor Writes Book—"VOICE OF THE NEGRO"

"Voice of the Negro," by Prof. Robert T. Kerlin, white, Professor of English in the Virginia Military Institute, Lexington, Va., is the name of a new book in the hands of the publishers. It will come from the press in a short time and will be unique in contents. The book is designed particularly to be circulated among the white people of the United States and is made up completely from newspaper stories, special newspaper contributions, editorials and cartoons from seventy or more race newspapers and magazines throughout the country. The selection covers the period beginning with the Washington riot, up to the close of the year 1919, and is complete in every detail. It is calculated to have a tremendous effect in creating a better understanding of the Negro's problem of adjustment.

Noted Tenor to Europe and Asia

Will Study Source and Mechanics of Spirituals Among Races Which Produce Them.

Roland W. Hayes, celebrated Negro tenor, plans to sail in April for a tour of Europe, Asia and Africa. For many years it has been Mr. Hayes' ambition to carry his message of song through the principal countries of Europe and Asia; and then, turning farther southward, to our Africa, Liberia, Algeria, Egypt, Zululand and other portions, in order to study the growth of native Negro music in this continent, the unexplored field of the primitive art.

Mr. Hayes ranks among the leading concert artists of the day, and from his first appearance with the Frisk Jubilee Singers in 1911 his succeeding appearances in America have been artistic triumphs. Unbroken successes have greeted him in the east, the middle west and the Pacific Coast. America unwillingly welcomed him into its group of eminent concert recitalists, and Boston, in spite of its super-critics, has given him the opportunity to attain rank in the world of music. He has been called by some "The Black Caruso," and he has been placed beside McCormick, with the result that the two have been called the leading Irish and the leading Negro tenors, respectively. Through all such comparisons he has stood eminently to himself not only as an interpretative artist, but as the possessor of the emotional nature of the true artist, and a vocal culture which carries instant conviction.

Leonard Wood Like Roosevelt

(By Elgar G. Brown.)

Indianapolis, Indiana, Feb. 23.—Ever since General Leonard Wood declared before the Lincoln League assembled in Chicago that he stood for equal rights, equal justice and equal protection to all citizens, in other words, that he stood for the Rooseveltian Square Deal and further stated that America must be made safe for Americans, hundreds have sent their names to be enrolled as charter members of the National Colored People's Party. Everyone feels that Leonard Wood will be the next great republican leader because he is a real American like Theodore Roosevelt.

Mr. F. B. Ransom recently appointed on the Indiana state platform committee to represent the Colored people of this state leans toward General Wood because he thinks Leonard Wood understands the needs of all the people of the United States and like Theodore Roosevelt will be able to put the country in line for greater progress in the next four years. Some other prominent leaders to take stand for Wood are Perry W. Howard, Jackson, Mississippi and Major John B. Lynch, ex-auditor of the Navy and at present residing in Chicago.

All people wishing to be enrolled as charter members of the National Colored People's Party for President-club with headquarters in Indianapolis, Indiana can do so by sending in their name and address at once to this association.

General Wood is the only candidate up to date to publicly state his position in regard to the Colored people.

SIoux CITY NOTES.

On Sunday, Feb. 15 P. E. R. Thomas B. Stovall of the Des Moines district held his second quarterly meeting at Malone A. M. E. church. In the morning he preached to a large and appreciative audience from Matthew, 17: vine Power. The solo, "His Eye is sidling elder was a pleasing feature. At the Sparrow," rendered by the pre-night he gave his new lecture, "How Can the Busy Person Keep Abreast with the Times," to another appreciative audience. The duet by the Mesdames Boyd and Wright held the audience spellbound. A collection of \$38 was lifted. A large number gave \$1.

Rev. Stovall is instilling new life into the district and his coming is always hailed with delight by the people of Sioux City.

Young Roosevelt Proves to be True Son of His Father

Preaches Square Deal and Self-Help Doctrine.

Taking up the challenge to him at the huge and wildly applauding which overran by many hundreds the Walter Memorial church Sunday evening, Lieutenant Colonel Theodore Roosevelt declared that he would be false to himself and to his family tradition if ever he failed to fight for or help the colored race to help itself. The ringing utterance came at the climax of a short Rooseveltian square speech, and the fighting son of the lamented strenuous statesman had won his place in the hearts of the black American.

In opening his speech as soon as the ovation for him subsided after a eloquent introduction by Pastor J. D. Bushell, he declared that much sentiment stirred him in addressing the circle of relief because his father had made his last public appearance before the circle at Carnegie Hall. Doctor Russell had served with his father in the Spanish campaign; Jas. W. Johnson, the preceding speaker, had been appointed to the consular service by his father, and he himself had known the Alderman of the district George W. Harris, who was present, since both attended the same classes at Harvard college.

Mrs. V. E. Boute opened the meeting and presented the pastor as master of ceremonies and Mrs. Ada V. Thomas, representing the nurses, Miss L. V. Miller, Mrs. Edwin Horne, Mrs. John C. Wright, Mrs. James W. Johnson, Jerry Gray and Mrs. M. Smith represented the directors.

An excellent musical program was conducted under the direction of Organist Work, which consisted of sweet solos by Mrs. Bushell, a piano section by Miss Linde, a notable rendition of some plantation songs by Edward MacNamara. Harrison Rhodes, the noted author and ex-president of the circle spoke briefly. The feature of the evening was the address by Colonel Roosevelt, who greeted personally scores of the well known people of the city at the close of the meeting.

BEATY REFUSES 'POLITICAL' SOP Turned Down Offer of Republicans as 'Alternate' Delegate-at-Large to the Big Convention. A. Lee Beatty, colored member of the

Vote for HARRY B. FRASE

FOR RE-ELECTION TO CITY COUNCIL PRIMARY MARCH 15

General Assembly, who was endorsed by the republicans of the General Assembly for alternate delegate-at-large to the Republican National Convention, has advised his conference that while he greatly appreciates the honor they did him in endorsing him, he cannot accept. Mr. Beatty, who is a 100 per cent race man, and never overlooks an opportunity to fight for justice for the race, was conscious that his race was demanding a voting representation in the national convention, and that he would be untrue to their hopes and aspirations if he accepted, so declined. The declination of Mr. Beatty has put the bosses up in the air, since no colored man down here, at least, would now be baited with the enemy honor.

Periodic Bilious Attacks. Persons subject to periodic bilious attacks will observe that their appetite falls them just before an attack. That is, they do not really crave food but eat because it is meal time. If they will eat only a light meal and no meat, then take two of Chamberlain's Tablets the attack may be avoided.

Los Angeles to have Negro Baseball and Amusement Park

To Have Natatorium and Arrangements for Dancing, Skating, Concerts, etc. William Carroll has leased the seven-acre track from 53rd to 55th streets, on Long Beach avenue from the Pacific Electric Railroad Company and will build a baseball and amusement park and amphitheatre, 60x40 feet, which can be used for dancing, skating and concerts and other features also.

Natatorium 80x40 feet, 40 feet for ladies and 40 feet for men, with instructor to teach all who do not know how to swim; also a lawn tennis court. Manager Carroll has the backing and will build one of the finest amusement parks for our race west of Chicago. The grand stand will seat 1200 people, with 50 private boxes, each box will accommodate from 4 to 6 people.

The opening game will be played Washington's birthday and the building has already started. Manager Carroll intends to put one of the strongest baseball teams that ever represented Los Angeles on the field. He has always been connected with different branches of sports; was captain and manager of the Tribbys team which won the amateur championship of California in 1896 and 1897 also was the first race man to take a team out of the state and the first to send a ballplayer to play ball when he sent pitcher Robert Shaw east in 1897.

So get ready for the grand opening Mr. Charles S. Stewart, well-known and highly respected citizen of Des Moines for many years was guest of honor at a dinner banquet given by his wife and children Thursday at his home 1215 McCormick st. which celebrates his 70 birthday.

Mr. Stewart came to this city from Quincy, Illinois fifty-four years ago or in 1876. For four years he was constable of this city and became well-known. He is now employed at Marks Hat Co.

He has one strong trait which has followed him through life and that is his interest in the best for his people. Even at this age he is one of the members of the board of directors of the Crocker st. branch of the Y. M. C. A. and has for many years been an ardent worker and member of Union Congregational church.

He has now living, a wife, three children, Mrs. H. W. Hughes, Mrs. Wm. Jackson and Chas. S. Jr. also five grandchildren. He also owns his own home and several vacant lots. The Bystander joins the family in their best wishes for many more happy birthdays.

MUSICIAN ON TOUR

(Special to the Bystander.) Washington, D. C., Feb. 26, 1920.—Of unusual interest to students and patrons of music throughout the country is the projected tour during June and July of Roy Wilfred Tibbs, head of a piano department, Howard university conservatory of music. The itinerary now being worked out includes most of the cities of the eastern, central and mid-western states, and extends as far west as Denver, Colo.

Professor Tibbs was graduated from the music department of Fisk university in 1907, received his bachelor's degree from Oberlin a few years later, and was studying in Paris, France, when the near approach of the Germans in 1914 caused him to return to America. In 1918 he re-entered Oberlin, and last June received the master's degree, with the unusual distinction of being the first person to receive this degree from Oberlin for work in music.

PITY THE BLIND

The Democrats of Iowa have selected their delegates including four women delegates and eleven women alternates to attend the National convention at San Francisco. The sessions were full of enthusiasm.

Spellbinders uncorked their unprepared (?) speeches and poured them out with unparalleled eloquence. After many hurrahs and a tiger, the innocent delegates were sent on their way rejoicing, unacquainted and with nothing in sight, to seek the cradle of the setting sun.

Isn't it wonderful how some people can rejoice when they know that defeat is staring them right in the face. The Democrats are going to have a hard time to pick a leader this year. Wm. J. Bryan is the only man in the party who really understands just how to take a defeat. But Mr. Bryan has had this honor for three times and it does look like a shame to call upon him again. Oh pshaw! Why not go back to the old ward system and give the politicians a chance to steal, fight and say mean things about each other?

I desire to announce that I am a candidate for the Mayorality of Des Moines. While I am generally supposed to be a union labor candidate, I wish to state that I am a firm advocate of "majority rule," in civic affairs, as well as in other organizations, including Unions. This is truly democratic, and is a principle that should be applied, in all civic affairs.

ST. PAUL A. M. E. SUNDAY SCHOOL.

Sunday Feb. 22 was a very disagreeable day but nevertheless there was a fine attendance at the Sunday school. We are glad to note that a number of the adults are becoming interested in the Sunday school as shown by the presence of many of them at the services.

It is hoped and desired that the adults continue to come in order that another adult class may be built. There is no reason why the adult classes in St. Paul Sunday school should be second to none. The school was highly favored by having in its midst the Rev. H. E. King, Pastor of Union Congregational church. Rev. King made some very interesting remarks, one of them was "The Sunday school was the nursery of the church. One striking feature Sunday was the manner in which Atty. S. Joe Brown late chise the school. For the oldest to the youngest were able to understand his remarks. There is no mistake about it the best way to obtain results is by the simplest way.

The lesson for Sunday Feb. 29 is Peter writes about Christian Living found in 1 Peter 1, 12 19 25. All Christians and those who are not Christians will find food for thought by reading the lesson. The lesson deals with temperance. The Golden Text. He that saith he abideth in him ought himself

Chronic Constipation. There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to

relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine and their use is not so likely to be followed by constipation.

Dollars and Cents. Counting it only in dollars and cents how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

Last Sunday a large number of students were present who enjoyed the inspiring remarks made by Mrs. J. L. Edwards, district superintendent. Officers of the Sunday school are as follows: Superintendent, Mr. J. L. Coleman; Asst. Superintendent, Miss Naomi Harper; Secretary, Miss Wilma Reed; organist, Miss Mildred Tuffin; Treasurer, Mr. Avis Martin; Pastor, Rev. A. Ford; teachers, Mr. J. L. Danieron, Mr. A. P. Smith and Miss Imogene Wilson, Mrs. J. L. Edwards, district Superintendent of A. M. E. stopped over to visit our Sunday school, on her way to Clinton while here she was the guest at the Delta Sigma Theta house. B. C. Moore one of our High school students, was selected in the picked squad of the Scouts Bugle, Fife and Drum corps which is an organization of all white scouts with the exception of three colored. The picked Squad took a trip to Muscatine with the well-known Rotarian club of Davenport of which Raymond C. Moore was an attendant. The individual has been in the corp as a member of the same only a year and will be given his service stripe in April, when the Court of Honor will convene. Saturday afternoon all the students of the grammar and high schools were given a lecture by the Rev. Jeltz. He spoke of many interesting things to the students some which were not to be forgotten. After the lecture the children were served ice cream and cookies in the dining room of the church. We are all glad to see the face of Mrs. Hattie Lambert so much oftener than heretofore. Mrs. Lambert has moved from Rock Island which was her former home, to Davenport at the home of Mrs. Rosie Corbin. Often has been the time that we longed to see her but owing to the fact that she was across the river we could not.
