**SAVANNAH BANK BUYS IN NEW YORK.**  
Pays \$200,000 For Site in Harlem Section

New York, March 25. Nail and Parker have sold for the Harris estate the southwest corner of 135 street and 7 avenue, being a plot of 110.5 feet on 7 avenue by 125 feet on 135 street, covered by buildings Nos. 2290-92-94 on 7 avenue, the corner and 202-4-6-8-10-12 and 14 on West 135 street.

This is the first time this property has changed hands in 27 years. The property came into the possession of the present owner upon the death of his father. It has been purchased by the Wage earners Savings bank of Savannah Ga., the pioneer Negro savings bank of Georgia, whose deposits represented in the month of February \$875,184.36 and having over 14,000 depositors.

The bank had no definite plans in

mind for the present. They might hold the property for some substantial improvement in the future or they might consider re-selling it. It was held by the owner at a price in the neighborhood of \$200,000.

This sale represents one of the biggest transactions handled by Colored investors in this section for a long time judged from the standpoint not only in dollars, but of its commanding location being in the judgment of the brokers who sold it one of the most valuable sites for improvement in the entire Harlem section.

The Wage Earners bank is not a new buyer of Gotham real estate for it was always heavily interested in property here before yesterday's high deal. President L. E. Williams of the bank arrived in the city Sunday from Savannah, A. A. Pope, New York lawyer and formerly an instructor at the Ga. state college, Savannah, Ga., handled the legal details of the big deal.

## ANOTHER RACE RIOT IS FEARED IN CHICAGO

New York, April 2.—The National Association for the Advancement of Colored People, 70 Fifth avenue, New York, today announced that telegrams had been sent to Governor Lowden of Illinois and Mayor Thompson of Chicago, urging that all possible steps be taken to avert threatened race friction in Chicago.

The telegrams report bombing of Negro residences and a determination on the part of colored people to defend their homes and their families.

The text of the telegrams is as follows:

March 16, 1920.

Reports from various sources to the National Association for the Advancement of Colored People inform us that residences of Negroes are being bombed in Chicago and that a feeling of dangerous bitterness is growing up in consequence among the colored people who are determined to defend their homes and their families.

Mindful of the costly disaster which overtook Chicago in July, 1919, the National Association for the Advancement of Colored People urges that every possible step be taken to maintain peace and order before violence again disgraces an American city.

JOHN R. SHILLADY.

## FOR NEW EPOCH IN RACE RELATIONS

Governor of Georgia and Mayor of Atlanta for the Advancement of Colored People to Address National Association

The National Association for the Advancement of Colored People today announced that its eleventh annual conference would be held in Atlanta, Georgia, from May 30 to June 2, and that Hugh M. Dorsey, Governor of Georgia, and James L. Key, Mayor of Atlanta, would speak at the meetings. Governor Edw. P. Morrow of Kentucky has also been invited to attend the conference.

This is the first time that the National Association for the Advancement of Colored People has held its conference in the south, according to the announcement at the headquarters 70 Fifth avenue, Atlanta having been selected, it was stated, upon invitation extended by Governor Dorsey, Mayor Key, the Atlanta chamber of Commerce and the Atlanta churches.

"It is hoped," the statement continues, "that this conference may contribute to more cordial co-operation between white and colored people in all that makes for a better America, to a better understanding among white people of the aspirations of Negro clubs and to clearing the way for elimination of the causes of race friction."

"The fact that the Governor of Georgia and Mayor of Atlanta have signified their willingness to take part in the conference is a good omen for increasing co-operation between white men and colored men in solving race problems."

## RACE PREJUDICE DEFEATS MILITARY TRAINING

The National Association for the Advancement of Colored People, 70 Fifth avenue, New York, today published a statement asserting that the opposition in the south to universal military training was due to prejudice against the colored soldier.

"The National Association for the Advancement of Colored People does not concern itself with universal military training as such," says the statement, "but in behalf of the colored people of the United States objection must be made to the propaganda against colored soldiers by which it was hoped to discredit the measure."

"Brigadier General Sharburne and Newton D. Baker, secretary of war, have testified to the valor of Negro troops in France. Under the circumstances, the propaganda against colored soldiers must be characterized as for the most part de-

## NATIONAL CAPITAL CODE OF ETIQUETTE AND SHORT STORIES FOR COLORED PEOPLE

A new book, rare and unusual—something entirely different, will soon be placed on the market. The publishers, Austin Jenkins Company, Washington, D. C. will present "The National Capital Code of Etiquette" by Edward S. Green, appropriately illustrated by preceding lifelike pictures of Washington's colored society people in their beautiful homes, strolling through the parks, at the theatre, etc., pictures that will appeal to every colored man and woman in America. To this the publishers have liberally and generously added a wonderfully attractive collection of short stories for colored people by Silas X. Floyd of Augusta, Georgia: Stories of adventure; stories of success; stories that will make you laugh and eyes, but all of them intensely interesting. Floyd's stories have also been appropriately illustrated with every imaginable sort of picture—pictures that are dignified, comical pictures, tragic pictures, pictures of children, pictures that will make every race man and woman want a copy of the book for their leisure hours. ## SATURDAY SERVICE LEAGUE.

Tuskegee institute, Ala., March 27.—One of the movements created by the late war and which helped the masses of the race in the rural districts to become a greater factor in the economic activities of the country, was "The Saturday Service league." This movement was started at Tuskegee institute and promoted under the auspices of the U. S. agricultural department, and the Alabama Polytechnic institute. This effort caused the savings of millions of dollars to our people and advanced the progress of every Negro.

Because of the splendid results reaped from the movement and seeing the necessity of its continuance, the government, through the States Relation service is putting the "Saturday Service league" on a peace basis. In every rural community of the South there will be organized a local Saturday Service league. The plans now being perfected will mean much to the uplift of the race in the rural regions.

Regarding this important activity, Dr. E. B. Moton says: "One of the interesting features of Tuskegee's war activities was the Saturday Service league, which was organized at Tuskegee institute, March, 1918, during a meeting of agricultural extension and presided over by Mr. T. M. Campbell, graduate of the institute, and district agent for Alabama.

"I prepared a statement appealing to the colored people of the South to support the Saturday Service league, with a view of inducing Negro farmers to work on Saturdays, for a great many years, it being the custom in the South for farmers to take a holiday Saturday, detailing a considerable loss of time, which frequently resulted in many of them getting into trouble of various kinds.

"In our work we have strayed far from the rulings of the Scripture, 'Six days shalt thou labor and do all thy work' and not five; that is the word of God, and upon that word all that we are as a people has been built. Do you realize what you lose when you stop work of Saturday? The average farmer plows four acres of land every day during cultivation for one month. If he lays off Saturday he misses sixteen acres. If he runs two plows he misses thirty-two acres. In a great many cases our crops suffer because of lack of cultivation. If you work all day Saturday, during crop season, you can double your amount of cultivation and increase very materially the yield of your corn and cotton.

"As a result of this effort, 60,000 members joined the league. This estimated that these farmers worked at least twenty-one Saturdays, which would make 1,000,260 days. This would be equal to adding 3,400 men to the productive forces of the South. Mr. T. M. Campbell, who directed this campaign from Tuskegee institute, distributed 10,000 buttons, 10,000 posters and 20,000 circular letters.

A POLITICAL QUIZZ.

The Pan Des Moines club endorsed John W. Budd and Marshall Miller. The club placed 1,800 copies of its endorsement into the hands of Negro voters. Upon investigation it was found that 64 voters in one group had never registered or voted before in Iowa. Similar groups were found in other parts of the city. These voters supported the endorsement to a man. It is estimated that at least 1,000 Negro voters supported the endorsement of the Pan Des Moines club, John W. Budd won by 149 votes. Marshall Miller won by 40 votes. What would have been the result if the Pan Des Moines club had not supported John W. Budd and Marshall Miller?

NOTICE.

Dear Brethren—You are asked by all means to be in Des Moines Tuesday, April 6 at 10 a. m. for a special meeting of the colored pastors of the great drive for the state convention. Rev. McGlashan, Dr. Mitchell and others of the board of managers will be present at Corinthian. Your railroad expenses and meals will be provided for. Also give me the name of the layman of your church who will accompany you on the trip. His expense will also be looked after. G. W. Robinson, pastor of Corinthian Baptist church.

How is Your Complexion?

A woman should grow more beautiful as she grows older and she will with due regard to baths, diet and exercise, and by keeping her liver and bowels in good working order. If you are haggard and yellow, your eyes losing their lustre and whites becoming yellowish, your flesh flabby, it may be due to indigestion or to a sluggish liver. East St. Louis, Ill., March 26. The release from the Southern Illinois penitentiary of Dr. Leroy N. Bundy, dentist, and formerly prominent citizen of this city, was authorized Friday, March 19, by chief justice Orin N. Carter of the state supreme court, pending the disposal of an appeal Mr. Bundy made to the court. Dr. Bundy is serving a life sentence for murder in connection with the race riots of July 2, 1917. He was accused of having been present when detectives Coppage and Wodley, both white, were killed. The court made

## WM. PICKENS THRILLS LARGE AUDIENCE.

Wm. Pickens, formerly dean of Morgan college Baltimore and now a field secretary for the N. A. A. C. P., thrilled a large audience Sunday afternoon at Corinthian church.

Mr. Pickens urged as a solution of the race problem that the white and colored races in America learn to know each other better. He suggested that each put himself in the place of the other and strive to see the other's point of view.

Mr. Pickens came in the interest of the membership drive and a large number of new members were taken in as well as old subscriptions renewed. In addition to Mr. Pickens address numbers were given by both colored and white local talent.

In the evening Mr. Pickens delivered an address at Trinity Methodist church (white) here also he received several new memberships.

## BUXTON NEWS.

The second quarterly meeting held March 29 at St. John's A. M. E. church, Buxton, was a grand success from every point of the compass.

Rev. Thos. B. Stovall, presiding elder came on time and was full of intellectual and spiritual fire. He preached three very edifying and also inspiring sermons, morning, afternoon and evening. One person was added to the church.

Communion was administered in the afternoon in which a great number came forward and partook. The offering was just superb. Class money for the day \$55.40. Total for the day \$75 and for the quarter \$253.80. Grand total from all sources for the quarter \$587.

The presiding elder presented a very unique and yet, righteous plan, for the purpose of dignifying our pulpit. Many responded to this act of consecrating one dollar to the Lord and His service. The idea is to consecrate one dollar per quarter to the Lord absolutely independent of all established plans and customs, already in vogue in the church. Consecrate, dedicate this to the Lord. This new plan carries with it the honor roll which already has fifteen names and a total of \$15 has been raised to date.

The stewardess' report was excellent. It showed they had done a good work this quarter, raising \$80. All the class leaders and stewards report also went over the top. The trustees had also a good report. The missionary and Sunday school reports were also interesting and encouraging.

## NEGRO ATHLETES.

Our people are so widely scattered over this country that one section probably knows very little of the achievements of the other. Their activities are as many and as varied as any other race of citizens. It is the aim of the writer to bring before the country, and our people in particular, the achievements of colored athletes during the last decade. We believe it would be a source of knowledge to the older ones, and inspiration to the younger ones, and pride to all, to know of these achievements.

Since we are going to deal primarily with amateur athletes, we will confine ourselves almost wholly to those members of our race who have attended universities and colleges throughout the country, and who, from their constant association with other races, are creating a feeling of comradeship and better understanding. The boys who are making these records are confined to no particular section of the country. Many of them come from Southern schools and not only make enviable records for themselves in competition, but return to their Alma Mater and are equally successful in the development of other athletes. A recitation of the difficulties and some of the privations experienced by these boys and of the results attained sound more like fiction than real life. The old adage, that you get out of the game what you put into it, is as true in athletics as in any other line of endeavor.

Permit me to cite a few of the outstanding features of the Negro athletes' achievements in the last few years: An eminent sportswriter said, "in 1913, that if the Colored track athletes competing at that time could be brought together and a team chosen from them, it would be strong enough to defeat any college team or athletic club in the United States, and would have taken at least two-thirds of the first places in 1915, a half mile relay team chosen from the Colored sprinters competing at that time, could have defeated any relay team in the country, and have set a new world's record, as each man could do better than 22 seconds in the 220.

There is one class of events in which the Negro seems particularly adapted, and that is in the sprints. There are many reasons for this, chief among which are the facts, that the Negro is of a nervous and excitable temperament, requires which are primarily essential in a sprinter; also a less rigorous and exacting course of training is necessary in this class of events than in others, and finally, it was in this class of events that Negroes first made a success, and this inspired others to try the same.

In fact all the records in running races held by our people, are confined to races not greater than a quarter mile. There has been no time in the past ten years but what a colored athlete has been a member of some college team in the United States, and a point winner. They have secured points in every Inter-Collegiate or National meet in the country, and they hold no less than thirty collegiate National A. A. U. and World's records. There is one goal, however, which they have not attained, and that is an Olympic championship. This is the ambition of every track athlete. We have had members of Olympic teams but we have never had a winner, although we have had men who have beaten Olympic winners. However, in the Inter-Allied games in France last June, we had a winner in the broad jump, and in winning it he came within two inches of the world's record.

Heretofore we have held largely with track athletes, but there are other branches of athletics in which the Negro has proven his ability beyond a doubt, and has gained the highest honors. There is no branch of athletics that commands the admiration of the public more than foot-ball. The highest award possible to be placed on Walter Camp's All-American foot-ball team. Two Negroes have achieved this distinction and at least a half dozen others have been second and third choices and honorable mention, and the indication is that this number will constantly increase.

## WESTERN RAMBLES

Quincy, Illinois.

Editor Bystander: Again I have come to the point in my rambling to let you hear from me. I took a swing from Des Moines on the 10 of this month and found myself in Maryville, Mo. I have not rambled that way since I have been on the field and I was delighted to receive an invitation by Rev. Jessie R. Young the pastor of the Second Baptist church.

Arrangements had been made for my coming but the threatening rain, as usual, hindered us from having the crowd the pastor had expected. Those present seemed to have enjoyed my lecture to the highest and urged upon me to return as soon as possible.

I had only one hour to talk, of course, I had to hurry. I don't think I ever said so much in so short a time. Rev. Young though a young man, seems to be succeeding where older preachers have failed. He is making a good pun every day of his sermons. The people seem to love him. On the 13 I had wandered in Galesburg to be with Rev. W. B. M. Scott. On my previous visits to that church I stopped with the Rev. Scott but this visit I had the pleasure of stopping with Rev. and Mrs. Scott. Mrs. Scott is the daughter of our late Dr. T. L. Smith. He was well known throughout the states of Illinois, Missouri and Iowa.

Sunday afternoon I lectured at the Second Baptist church, subject, "The Power of Knowledge." The message was received with enthusiasm. Again at the evening service I spoke of the subject, "Leave a Light in Your Window." Both messages were received with gladness.

done a commendable work in Galesburg for the Baptists. No man could have done the great work he has in Galesburg unless God were with him. Some of his strongest opponents in building the new church, which is a credit to the denomination, and the community were members of the church. It took a Moses to lead the children of Israel from bondage, it took a Lincoln to emancipate the American slave and it took a Scott to build a church for the Baptists in the city of Galesburg. The Sunday school is doing nicely under Sister Baker. The Baptist Young People's Union is doing nicely under the leadership of Missie Boyd who has been trained under Rev. Scott. The young men and women of the church have been given a chance since Rev. Scott has been pastoring there. This is what we need, some one to take an interest in the young men and women of our church, give them a chance put them to work, encourage them and the results will be as bread cast upon the water. Collection good for the number present.

Monday morning 15, I started on another ramble and came to Kewanee, a very industrial center. It is said it is the best industrial city on the Burlington. On my arrival in Kewanee, I found that a strike had been called and three thousand men walked out of the industrial plants, among them were some of our people. Rev. C. Lindall, the pastor had arranged for my entertainment. Announcement had been made and every one of the members was awaiting my coming. In the meantime a dance had been arranged at one of the city halls. It does seem that Satan knows when to have things arranged to detract. We did what was our duty, talked to those present.

The amount of interest put in the meeting by the pastor gave inspiration to those present. The dance had its effect upon the congregation, yet we can say the people gave freely. I had promised them to visit them at an early date.

I left Kewanee Tuesday morning, for Peoria. Here I was billed to be with Rev. F. W. Peniek, pastor of Mt. Zion Baptist church.

This church has made a wonderful progress since Rev. Peniek took charge. At first it seemed that some of the members did not understand the pastor, but after a few weeks of his preaching, but since finding him to be a man possessing the necessary qualities and qualifications as a pastor and leader they have fallen in line and the results point strongly that Mt. Zion Baptist church will soon be in the front ranks with the leading Baptist churches of Illinois. After all the thing most needed is an understanding between individuals and among the members of our church. Freely, we shall have learned to value the opinions of others as well as our own in a business way there will be more harmony in our ranks.

St. Paul Baptist church was in a revival, hence I did not get to speak there, but the pastor had his church to donate something to the work which will appear in our report. The pastor Rev. Wm. Hayes was confined to his bed since the meeting was being conducted by Rev. Skellton. Rev. Hayes has done a wonderful work among the people of Peoria.

I will close here after this evening and will start on another ramble for the city of Hannibal, Mo.

Very truly,  
C. W. Rodgers.

## OSCEOLA ITEMS.

Mr. Samuel Hall sang a very pleasing bass solo last Tuesday evening at the high school auditorium only one receiving an encore.

The concert will be given about the middle of May at the First Methodist church.  
Washington seems to have come to life again with Rev. Norris and his co-workers the church and Sunday school are well attended.

**For Constipation.**

**ALBIA NOTES.**  
Sunday March 28 quarterly meeting. Sunday Rev. J. W. Dowden was assisted in his services by the pastor of the church in Hoeking.

Mr. Roy A. Grayson went over to Peoria Illinois on business this week. The Albia people considered it quite a treat in having the district No. 3 of the Colored woman's club meeting in their city.  
There are two of Albia's hustling little boys on the Des Moines News and Tribune in Albia, Master Herman Glenn and Bennie Grayson.  
Mrs. Hattie Bennings is on the sick list.

The Federated clubs of colored women of district No. 3 met on the above date, Thursday afternoon at the A. M. E. church of Albia, Iowa.  
Those attending were: the state president, Mrs. Martha White of Indianapolis; Mrs. Helena Downey and Mrs. Hicks of Ottumwa, Mrs. Jones of Centerville. A three-course dinner was served and a nice time reported by all.  
The Mite Missionary society a rapidly progressing auxiliary of the A. M. E. church under the direction of Mrs. C. L. Washington gave a program Sunday night in which the young people took an active part. The missionary society is doing fine and we wish it more success.

Mr. and Mrs. Guy, formerly Mrs. Mae Bowles of Clinton, are visiting in our city.  
We are sorry to lose three of our young men namely, Messrs. Clyde Johnson, William Lewis and Charley Lewis.

**WATERLOO ITEMS.**  
(Alberta Boyd.)  
Splendid services were held in the A. M. E. church all day Sunday.  
Palm Sunday was commemorated as usual and Rev. Boyd preached a splendid sermon on the triumphal entry of Jesus into Jerusalem.

Although the weather was very inclement Thursday evening the concert which was given by the band was a success. Every one had an enjoyable time and it is thought that the program will be rendered again.  
Mrs. Maggie Drain returned from her southern vacation last week.  
Mrs. Burkes has returned from her visit in Minneapolis.

Mrs. Frank Longstreet has left to join her husband in Evanston, Illinois. Mrs. Mollie Smith is visiting friends and relatives in Rock Island and Davenport.  
As Sunday is Easter a great day is being looked forward to in both churches. The Baptist programme will be in the afternoon and the A. M. E. church will be in the evening.

Sunday was a big day at Antioch Baptist church. The morning services were conducted by Rev. J. H. Reynolds of Clarinda, Iowa. His sermon was well delivered and full of inspiration.  
The Sunday school was large and Mrs. A. Tillery of Chicago, addressed the school.

Many brought well filled baskets and dinner was served in the basement.  
At 3 o'clock the installation services began.  
Rev. G. W. Robinson of Des Moines was at his best and preached a wonderful sermon.

Preceding the sermon an excellent program was given.  
The paper subject, Duty of the Church to the pastor, by Mrs. Childers was one to be commended upon.  
Rev. Boyd of the A. M. E. church in behalf of his congregation, made a sincere and brotherly address.

Rev. Smith of the Walnut Street Baptist Church (white) spoke in behalf of his congregation, and we must say Rev. Smith is a friend and brother to our people. Deacon Bruce and Mr. C. D. Ashford also spoke encouraging remarks to the pastor and family.  
The choir was at its best, assisted by members from the A. M. E. choir. After the charge to the pastor by Rev. J. H. Reynolds a good collection was taken up.

The evening services was conducted by Rev. G. W. Robinson, who again delivered a wonderful sermon. Preceding this sermon Mr. A. Tillery of Chicago, the brother of Mrs. Ewing was introduced and addressed the waiting congregation.

A quartette consisting of Mrs. Downing, Rev. J. H. Reynolds, Mrs. A. J. Ashford and Mr. A. Tillery rendered a selection. Total collection for the day was \$155.81.

Monday night the different clubs gave a reception to the visiting pastors and Rev. Ewing and family. An excellent program was rendered. The program was composed of one number from each club in the church. After which Rev. Reynolds addressed those assembled at times his wit provoked laughter and his deep expressions were ones of thought.

Rev. E. J. Lockwood, of Waterloo is president of the Iowa executive committee of the Interchurch World Movement. Other members are J. P. Wallace, Judge Hubert Utterback, Mrs. R. W. Thompson and Rev. John Earl of Des Moines, and Rev. E. H. Stranahan of Oskaloosa.

The Interchurch World Movement is not a new organization. It had its beginning in a meeting held in New York, Dec. 17, 1918, which it was decided to develop a plan whereby the evangelical churches of North America may cooperate in carrying out their educational, missionary and benevolent programs at home and abroad.

The movement has planned a great spiritual campaign, for the purpose of enlisting the entire life of men consecrated to carry out the program.

Surveys are to be made throughout the country, along all lines of evangelical church work, and presented to the various state conferences.

These surveys are in charge of the departmental leaders and are now going on in Iowa.

The budget set aside for the movement for the next five years is \$1,330,214,557. The Financial campaign will follow the present spiritual campaign, and dates are from April 25 to May 2.

An usual day at Pilgrim Rest last Sunday. From the early morning Sunday school until the close of a splendid sermon at night the entire day was brimful of good things. Mrs. George Jackson at the B. Y. P. services talked extensively about the progress our people were making in the various Missouri towns she had visited during her six weeks stay there. Promptly at 3 o'clock the opening services for the forum began. A large chorus choir sang several of the old time melodies to the delight of all present. Mrs. Collingswood Tucker (wife) a composer of music and a wealthy representative was present and sang, "I Couldn't Hear Nobody Pray," by special request. There was a splendid attendance of both white and colored people. Dr. F. W. Long, pastor of the Congregational church and president of the Ministerial alliance was at his best and it is to be regretted that every one of our people here did not hear him. He told of the early organization of the forum and what lasting benefits could be gained from it through the exchange of ideas and how people ought to be willing to accept the other persons ideas when they are thoroughly convinced that their own ideas are wrong. He was glad we had a democratic form of Government. He spoke of the great reformation work of Graham Taylor in Chicago and how the bad housing conditions in the large cities effected the life of the people. He eulogized the colored soldier in the recent war and was glad the colored man had been restored to the navy. He believes in the fatherhood of God and the brotherhood of man. Rev. J. Sterling Moon ably presented Dr. Long and told of the great help our race has received from the Congregational church. He also said the colored man had quit imitating his brother in white the little things of life but from now he would imitate him only in the larger things and that he was satisfied the form with the help of such men as this and others the effort was bound to be a success. When our people here become united, we hope for greater things. Our people are the balance in power right here in Keokuk he said and Keokuk has one sixth of the colored population of Iowa. Rev. Moon is making a desperate effort to keep up until Easter after which he hopes to go away for a vacation which the doctors have advised and say if he does not soon he will be compelled to take an everlasting vacation.

On the night of the 25 of this month, behind the closed walls of the Grecian temple, the Lords mingled their voices together in muttering tones, which showed forth their anger.

In a very short while thereafter the wings of the archives were thrown ajar and the mentors read from the record the imperceptible avancements of the war god, Zeus, which at first had no specific significance to the wanderer who came into our midst, Mr. S. A. Richardson. But by inhaling for a while the fumes of the black clouds that leap from the rustic tomb of Minerva, the goddess of wisdom, Mr. Richardson had revealed to him the profound meaning of the occasion. The

secrets of the clan were made known to him, and at the conclusion of the meeting the chapter members grasped his hand and in manners all together foreign to him called him brother. It is now no more, Mr. Richardson, with the chapter members but Bro. Richardson, Bro. Richardson is the twelfth addition to chapter this year. He would have been initiated with the other brothers but at that time Mr. Au was the guest at Bro. Richardson's home. We have only ten more weeks of school and we will be glad when the grind of one more year passes by. For we then can say that our time here is not as long as it has been.
