SOL BUTLER SETS NEW JUMP RECORD

Dubuque College Athlete Batters American Record by Three-Fourths Inch.

The Iowa athletes representing Iowa colleges placed Saturday in the final tryouts for the United States Olympic team at Cambridge. Sol Butler, Duquesne university colored sprinter and jumper, set a new world's record in the broad jump when he leaped 24 and 8 inches. Butler is sure of a place on the team. George Breaux of Cornell college, Mt. Vernon, placed fourth in the 100-yard dash. The event was won by J. F. Shea of the United States navy in 49 second flat. Howard Drew, Drake university sprinter, failed to place in the finals. He placed in his trial heat, but couldn't stand the strain in the final dash.

Butler's leap of 24 feet inches surpassed by three-fourths of an inch the mark Princeton made twenty years ago.

DRIVE FAILED TO PLACE.

Howard Drew, holder of the world's record failed to place in the meet Saturday. Drew who is an old timer qualified in the semi-finals but only made fifth place in the finals. This, however, is remarkable when we consider the length of time in which Drew has participated in such events, the average length of a runner's life being only a few years at most.

NATIONAL NEGRO PRESS CONFERENCE.

Cincinnati, Ohio, July 23.—(Reciprocal News Service): Plans are being formulated for the special executive meeting of the members of the National Negro Press Association to be held at an early date in New York. This fact became known here today when Mr. Jos. L. Jones, the chairman of the executive committee, declared that he had been in correspondence with President Perry, Secretary Boyd over the subject, and that as soon as some more data was in hand for which he had been waiting, he would call the meeting. It is to be held in New York for the purpose of having a full meeting of the advertising committee at the same time, as the press association has opened offices in New York through the advertising department.

Mr. J. R. B. Whitney is in charge of the New York office, and it is understood that Mr. B. J. Davis of the Atlanta Independent, and Mr. J. Finley Wilson of The Washington Eagle, together with the president and secretary, with the New York member, will make up a full representation of the advertising committee, and that the majority of the executive committee will be present. Matters of vital importance to the Negro press will be up for consideration. The executive committee has power to act, this power having been given to it by the last session of the association that convened in Nashville in February.

ON PROGRAM AT TOKYO.

New York City, July 23.—(Reciprocal News Service): Americans will be largely represented on the program at the world's Sunday school convention to be held in Tokyo, Japan which opens October 5. Among these will be a representative from the national Baptist convention in the person of Rev. Baptist Allen Boyd of Nashville, Tennessee, who will represent about two million three hundred thousand of his denomination in this world convocation, as it has been learned from Mr. Frank L. Brown, the joint general secretary of this city, that the Rev. Mr. Boyd has been placed on the program at one of the devotional periods.

He will serve with a Japanese minister, Rev. Mr. Boyd will deliver a sermon in English from a passage of scripture which will be read in Japanese, and a Japanese minister will offer prayer in his own language that all arrangements thus far for the one thousand delegates from America have been, and that they will begin sailing in August, leaving from the ports of Tacoma, San Francisco and Seattle at intervals. Word comes from Nashville to the effect that the Rev. Mr. Boyd has already accepted the place on the program, and that he will leave the states prepared to serve.

ARKANSAS WANTS THE CONGRESS

Little Rock, Ark., July 23.—(Reciprocal News Service): Backing up their verbal invitation, the Sunday school forces of Little Rock have communicated to the Sunday school congress headquarters of Nashville, Tenn., their desire to entertain the 1921 session of the Sunday school congress.

This information was given out by Mr. G. W. Millsap, who is at the head of the Sunday school and B. Y. P. U. forces of the state, and he said his invitation was backed up by the leading churches of Little Rock, which is the capital of Arkansas, by the mayor of the state, the chamber of commerce and the commercial organizations of the state. He says he is confident that Little Rock would entertain the Sunday school congress as no other city has been able to do.

ROTARIANS GIVE \$700.

Subscriptions Totalling That Sum Given by Club Members for Piney Woods Country Life School—Lawrence Jones Tells of School Work and Singers Give Concert.

Subscriptions of about \$700, given by members of the Rotary club, were presented to Lawrence Jones, head of Piney Woods Country Life school, at a meeting of the Rotary Club, held at noon at Strub's hall. The money is to be used in carrying on the work of the school. Mr. Jones who graduated from the local high school, told of the work of the school and explained its object and what it was accomplishing although at times seriously handicapped by lack of money and needed materials.

The group of singers who have been giving concerts for the benefit of the school in Iowa for several weeks, gave a short concert following the dinner. At 8 o'clock tonight these singers will give a concert at the Methodist church under the auspices of the Rotary club. The admission charge is 30 cents and all the money will go to the school. Monday night the singers appeared at Lamolite.

Report of National Federation C. W. C. Which Met at Tuskegee Inst. Last Week

(By Mrs. Lawrence C. Jones)

A new era has certainly dawned for the Negro race when seventeen Pullman cars brought into the very heart of the southland, Tuskegee institute, seven hundred delegates and visitors to attend the National Federation of Colored Yumans' clubs last week. With seven hundred and fifty summer school teachers from all parts of the south who had been invited by Mrs. Booker T. Washington and Major Moton to remain over to the convention, this made the largest meeting of its kind in the history of the federation.

The morning and afternoon sessions were held in the spacious auditorium of the new trades building which Tuskegee is erecting at the cost of a hundred and fifty thousand dollars. The evening sessions were held in the chapel, where it seemed the spirit of the great educator constantly dwelt and made each meeting a most wonderful inspiration to all present.

When the convention first assembled, quite a wave of anxiety spread over it on account of the very serious illness of Mrs. Booker T. Washington, who had made it possible for the federation to be there, but the wonderful magnetism and executive ability of the president, Mrs. Mary B. Talbert held perfect sway over the vast audience. Every heart, however was filled with the greatest joy and all fear dispelled when Mrs. Washington finally visited the federation on Wednesday and her gracious presence was felt in our midst.

During the federation Mrs. Booker T. Washington entertained the executive board of which Mrs. S. Joe Brown was a member, and also the Missouri delegation with which Mrs. Laurence C. Jones was affiliated.

The National Federation of Colored Women's clubs established a one thousand dollar scholarship fund for Tuskegee by each delegate giving two dollars each, eight hundred and sixty-four dollars of this amount was raised.

On Thursday afternoon at 5 o'clock the entire delegation led by Major Moton, Mrs. Mary B. Talbert and the executive board held a very sacred and inspired memorial service at the grave of Dr. Booker T. Washington, and at its close placed a very beautiful floral tribute.

Mrs. Laurence C. Jones had the pleasure of visiting Prof. Carver's research laboratory and was shown many many wonderful products by Prof. Carver which he has made from the sweet potato, the most interesting of all being a rubber mixture made from this vegetable.

Miss Meta Palham of Detroit, Mich., and Mrs. S. Joe Brown brought in the largest sums of money for the Douglas

YOUNG ORATOR WINS NEW HAVEN PRIZE

New Haven, Conn.—H. W. Mosely, Jr., a sophomore student in the high school here, was the only colored contestant in the annual oratorical contest of the Theta Sigma fraternity of the high school, held recently in the high school auditorium. He was awarded second prize of \$50 in gold, his declamation being "Frederick Douglass' Free Speech in Boston," an address delivered by Douglass in Boston in 1841. Besides Mosely there were two seniors and two juniors, a senior winning first prize, who also delivered one of Douglass' addresses. Mosely is the first Negro to enter this contest, therefore he has the distinction of being the first member of the race to win one of the prizes.

MONMOUTH, ILL. ITEMS.

Editor of the Bystander: I do not see how the colored voters are going to be able to stand on the little plank that was given us in the republican platform at the Chicago national convention. Every two and four years the colored voters are given less consideration in the political conventions, but just as long as the colored voters will bunch their votes and cast them solid for the republican party they will never do very much for us. The republican party has been sending the colored man up in the plum tree to shake down the plums for a good many years and when we come down from the tree we have always found the plums gathered up by the republican party. Why not send them up to do the shaking that we may gather up some plums.

The republican party has begun showing this good old song to the colored voters. "I Need Thee Oh, I Need Thee; Every Hour I Need Thee." But the colored voter will say in the near future remember in the days when we shook the plums down from the tree thou didst eat the plums and gave us the seeds, depart from me I know you not.

Everyone can see how our race is treated when we go after something worth while, see the deal they are pulling off in Ohio with Hon. Harry C. Smith. Let every colored man stand together as a unit if he would see that right shall prevail.—G. W. Jones.

PROTESTS AGAINST LYNCHINGS AND BURNING AT STAKE

Ask Governor of Texas to Punish Mob

New York.—The National Association for the Advancement of Colored People has wired Postmaster General Burleson requesting that he order an investigation into the facts of the lynching of James Spencer, a Negro postal clerk, at Enterprise, Miss., on July 5, reminding him of the fact that the federal government has the power of police protection over those in its service. At the same time, the association wired Governor W. P. Hobby of Texas asking that he bring to justice the members of the mob which, on July 6, at Paris, Texas, took from the county jail Irving and Herman Arthur who were being held on a charge of having killed their landlord and his son, and burned them at the stake.

DEAN AT HOWARD UNIVERSITY RESIGNS

Washington, D. C.—Dr. Carter G. Woodson, dean of the department of arts and sciences at Howard university, has resigned his position and has accepted the presidency at the college department of the West Virginia collegiate institute at Charleston, W. Va.

Dr. Woodson is known as one of the leading educators of America. He has traveled extensively in Europe and the Orient and conducted an educational investigation in the Philippines on behalf of the federal government. He received a degree of doctor of philosophy from Harvard university and has written several books, among which is "Education of the Negro Prior to 1861."

Suffered Intense Pain.

"A few years ago when visiting relatives in Michigan something I had eaten brought on an attack of cholera morbus," writes Mrs. Celesta McVicker, Mason, Mo. "I suffered intense pains and had to go to bed. I got a bottle of Chamberlain's Colic and Diarrhoea Remedy and one dose relieved the pain wonderfully. I only took two or three doses but they did the work."

NEGRO MESSENGER WHO SHAVED LINCOLN IS DEAD

Trouton, N. J.—Samuel W. Gordon, colored, 75 years old, of this city, messenger for governors of New Jersey for forty-seven years, died at his home here. He was messenger for the United States Supreme court before coming to New Jersey and while in that capacity frequently shaved President Lincoln, and accompanied the president upon the occasion of his address at Gettysburg.

Houston, Tex., July 23.—The last issue of the Army and Navy Journal states that there is an organized union to free the thirty-nine soldiers of the Twenty-fourth infantry who took part in a raid on Houston in 1917. Application for a writ of habeas corpus has been sent in. The writ states that no war law was violated because the United States was not at war at that time.

FATHER AND SON IN SAME MEET

Howard Drew and His Son in Olympic Tryouts.

Springfield, Mass., July 23.—Probably never before in the history of track athletics have father and son participated as successful sprinters at the same season. The other day at Springfield, Mass., David Henry Drew, the 12 year old son of Howard P. Drew of Drake university, who competed in the Olympic finals at Cambridge, won a 40-yard dash for boys.

Son David won his race as he liked and it was the second time he had ever appeared in competition. Few more consistent and really and truly ten second sprinters ever wore the spiked shoe than his father.

Howard Drew, now over 20, finished second to Scholz of Missouri in the 100-yard dash of the midwestern Olympic trials last month and Scholz did even time. Drew was also second in the 220-yard dash, which was won in better than 23 seconds. He made his third attempt to "come back" this season and a glorious attempt it was. Many young men who are credited with very fast time this season did not look so promising at Cambridge as the veteran who six years ago did 100 yards in :09 2/5 and the furlong in :21 1/5, world's records.

His son first entertained track notions last winter when he competed in an indoor meet of the Sunday school league. He raced in the 20-yard dash, but was badly beaten. Today he ranks the best boy sprinter of Springfield and under Johnny Burr is expected to win many races before he becomes a voter.

The youthful Drew, like his father, is also gifted with broad jumping ability. Like his father he may become a football star. He promises to be more of a baseball celebrity than the old man, for he is now rated one of the best shortstops of local kid ball clubs.

JACK JOHNSON BACK IN U. S.; SURRENDERS AT MEXICAN BORDER

San Diego, Cal., July 23.—Jack Johnson, former heavyweight champion pugilist, crossed the international boundary line from Mexico near here yesterday and was arrested by a deputy United States marshal. Johnson is under sentence in Chicago for violation of the Mann act.

Johnson rode in an automobile to the Mexican side of the boundary. He shook hands with several Mexican officials, walked to the American customs house, presented his passports and stepped across the line.

His wife was not with him when he surrendered today. It was said here she left Los Angeles several days ago and would join her husband later. Johnson several times expressed his delight at being back in the United States. He said he would pay his penalty, if necessary, and then start all over again.

"I have taken good care of myself and am fit to enter the ring tomorrow," he asserted. "If I get the chance to fight again I promise I will put up a real fight."

TABLET RAISED TO CANADIAN NEGROES

Toronto, Canada, July 23.—An interesting ceremony which promises to do much for Canadian citizenship was held at the Parliament Buildings yesterday afternoon on the occasion of the unveiling of a memorial tablet in honor of seventeen members of the second construction battalion, the only colored unit in Canada, who gave up their lives in overseas service. The gathering was held in the main corridors of the buildings, the tablet being erected just outside the legislative chambers, with the prime minister, Hon. E. C. Drury, performing the official unveiling. In addition to the officials, members of the provincial cabinet, Brig. Gen. Williams, G. O. C., of this military district, and Col. Sir Henry Pellatt, there were several hundred members of the colored population present, in addition to many of the parliament buildings officials, who watched the proceedings.

In pointing out the importance of the occasion Premier Drury referred to the patriotic manner in which the colored men of Canada, who joined the second construction battalion, and afterwards went into the firing line at the front. He felt that they had been willing to make the same sacrifice as the other citizens of Canada, and he believed that by their action they had done much to make the colored people of the country more respected. They had brought honor to their race, the premier pointed out, and that Canada is proud to have citizens whose aim is to do the best they can for the country, regardless of race or creed. He was particularly pleased to perform the unveiling and he trusted that the members of the colored race now in Canada will show the same fine referring to the valuable service the second construction overseas. Gen. Williams spoke along the same line, referring to the valuable service the second construction battalion was able to perform both behind the lines and at the front. They had shown themselves to be capable troops, and they were ready to assume the same responsibilities as the whites. He felt that, under the circumstances, it was only fitting that their members who had lost their lives should be remembered in some tangible manner.

WOMAN'S WILL GIVE USE OF HER HOME TO HER SERVANTS

New York, N. Y., July 23.—Mrs. Eliza A. Thorne, who died May 28, in her will, filed in the Surrogate's court, requested that her executor permit her servants to occupy her residence at 133 West Seventy-fourth street, for a term of six months after her death. During this period, it is provided, all expenses of the servants shall be paid out of the estate. Mrs. Thorne left \$500 cash to Anna Reed and Mary Kelly, servants. The testatrix was eighty-eight years old.

Mrs. Thorne, who was much interested in the welfare of Negroes, created a trust fund of \$15,000 from which Carjar Titus, who is "of African descent" and lives in Norfolk, Va., is to have the income for life. At his death the income is to be paid to his wife, at whose death the principal will go to the Hampton normal and agricultural institute, to establish the Eliza A. Thorne memorial fund. Alexander White, also of African descent, receives \$5,000 in Liberty bonds and some furniture.

Hornee T. Frezelle, a nephew, and Louise F. Kokale, a niece, each receives \$30,000. A similar bequest is made to Alice T. Morris, who is not related to the testatrix. Frederick Allen of Auburn, N. Y., is the residuary legatee.

Mrs. Thorne provided in her will that any person contesting the instrument shall be barred from receiving a part of her estate.
