**VOTERS! REGISTER.**  
 The American voter, and that means every naturalized citizen of legal age of either sex, must register this year, if he or she would cast a vote in the coming presidential election. It makes no difference whether you have voted in every election for the last fifty years, whether you have or have not changed your residence, or whether this will be your first use of the franchise, you must first register before you can vote in the coming election. THIS IS PRESIDENTIAL YEAR, AND EVERY VOTER MUST REGISTER AT HIS PRESENT POLLING PLACE. This applies only to cities, registration is unnecessary in the small towns of Iowa or in the country precincts. All citizens of Iowa who have been in the state six months, in the county sixty days and in the precinct ten days, are eligible to vote, if they are 21 years of age or older.

The American voters are the jury this year in the most momentous case in the history of the nation, and especially true in this of the Negro voters of America, and the voter who does not cast a ballot, will by his indifference be guilty of criminal neglect. Every voter should be vitally interested in his government and the culture of the men that are to govern. The welfare of the voter and the nation is at stake in the decision that is made at the polls.

Nothing is more important at this time than to help break the political chains from our disfranchised brothers and sisters of the southland. Second in importance is standing by and with those who are the candidates of a party that has not done all they could have done for the American Negro but a party that has done all that has been done for the race. All of the above candidates believe in a Republican party built on character and loyalty, not on color and caste. To vote for them is to vote for both friends and Republic.

**To Make Screws Hold.**  
 When screws are driven into a plaster wall they may be made firm enough to hold considerable weight if they be withdrawn, wrapped with cotton string and dipped into plaster of paris until sufficient adheres to fill the hole in the wall and to permit some of it to be forced behind the plaster. This latter forms a plug that holds the screw firm.

Rev. W. H. Griffin, pastor of St. Paul's A. M. E. church spent a few days in Chicago this week on business. The Union jubilee of the Odd Fellows and Household of Ruth, which was held at the Corinthian Baptist church last Thursday evening, was a decided social success.

The idea of this annual social affair was conceived in the mind of Mrs. Lucile Goggins, last year, and was attended by fully five hundred persons, many coming from over the state. Because of the inclemency of the weather this year the attendances of the townspeople was perhaps, not so great but what they lacked in numbers was made up in social spirit.

The following splendid program was listened to: Song—"Bless be the Tie That Binds." Invocation—Dr. G. W. Robinson. Ladies quartet—Misses Aurora Brooks, Myrtilla Brown, Willa James, Mrs. V. L. Jones, Mr. Malcolm K. Griffith, accompanist. Address of Welcome Behalf of Citizens—Rev. G. H. Robinson.

In Other Days. Until a New Jersey man tried to corner the potato crop of his neighborhood the mosquito was considered the most undesirable predatory insect produced in that section of the country—Washington Star.

Developing Self-Control. Self-control may be developed in precisely the same manner as we tone up a weak muscle—by little exercises day by day. Let us each day do, as more exercises of discipline in moral gymnastics, a few acts that are disagreeable to us, the doing of which will help us in instant action in our hour of need.—V. G. Torden.

Nothing New Under Sun. The strings of blue beads that the modern girl dons to ward off bronchitis are merely new versions of the strings of blue beads worn in Egypt 1600 years before Christ to keep diseases of the chest at bay, says a writer in the Philadelphia North American. The tiny sealed bottle of mercury which she carried to ward off rheumatism has its prototype in bottles of a strange elixir used in India 30 centuries and more ago.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets. Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger packages. Aspirin is trade mark of Bayer Manufacture Monocetacidolator of Salicylic Acid. It was when physicians said it was impossible for J. M. ## Public Opinion

### DON'T SCRATCH.

Investigation has brought out the fact that a few Negro voters of Des Moines have contracted political eczema. When voters contract this disease, they are in great danger of scratching the ticket to death unintentionally. The Negro will do well if he votes the straight Republican ticket. The Republican party is alright and its principles are alright. If there are men, holding offices, whom we think are not doing their duty, they should be removed during the primaries and not at the general election.

A few local Democrats are shaking hands with Negroes and begging votes upon the grounds that they have always given employment to Negroes, oth-

ers are parading their war records and promising better service. Beware, my friends beware! You are shaking the hands of Esau, but the voice is the voice of Jacob.

The Negro has absolutely nothing to hope for at the hands of the Democratic party. A few individual Democrats may throw out some small inducements to win Negro votes for their own personal gain but they will not and can not change the attitude of the Democratic party toward the Negro. They why disarm, wreck and destroy the Republican party by scratching the ballot because of a little personal grievance toward some particular candidate and thereby leave the entire Negro race wholly at the mercy of the Democratic party that offers it nothing but disfranchisement, segregation, Jim Crowism and lynching!

PROBE MURDERS IN HAITI

Investigation Ordered By Daniels

DANIELS TAKES HAND IN HAITI MARINE QUIZ

Washington, D. C., Oct. 16.—Secretary Daniels, recognizing as a national scandal the "indiscriminate killing" in Haiti described by Maj. Gen. George Barnett in his recent report on the conduct of American marines in Haitian affairs, ordered a searching inquiry to be conducted at once by a board composed of Admiral Henry T. Mayo, Admiral J. P. Oliver, and Brig. Gen. Robert L. Pendleton.

Developments in the case, which have been reported in the Bystander, show that the conduct of affairs in Haiti by the administration had been disgraceful, came rapidly following Secretary Daniels' return from a campaign tour today.

Status of Investigation. The day's developments summarized below. Court of inquiry directed to meet in Washington next week to inquire into all allegations of improper conduct of marine officers and enlisted men in Haiti.

Secretary Daniels takes cognizance of a statement by Harry A. Franck, noted traveler and authority on the West Indies blaming President Wilson and Mr. Daniels for failing to control the situation in the black republic, in which he laid the Haitian killing to southern men in the marine corps. Secretary Daniels said Mr. Franck and also Mr. Seligman of the nation would be asked to tell the court of inquiry what they know.

Negro Body Asks Investigation. New York, Oct. 14.—Full investigation by a non-partisan committee of Americans and Haitians of the administration of affairs in Haiti by American forces was demanded in a statement made public here today by the National Association for the Advancement of Colored People.

General withdrawal of United States marines and appointments of a commission "to report on reparation to Haitians who suffered bereavement, injury, or property loss from the American invasion" were recommended. The association gave out a copy of a telegram sent to Senator Harding congratulating him "on the result of your inquiry into the unconstitutional and brutal invasion of Haiti."

Notice To Colored Men And Women of Iowa. The undersigned take advantage of this their last opportunity of calling the attention of the readers of the Bystander in Des Moines who fails to register on either Thursday, Friday or Saturday, Oct. 21, 22 or 23 will positively be disfranchised on Tuesday, Nov. 2 and will not be permitted to take part in the national, state or county elections in which will be held on that date, regardless of the length of time they have resided or voted in the precinct in which they now reside. This notice is given because of the impression entertained by so many voters that registration is only for those who have never voted or who have moved into a new precinct, which is not the rule this year; and we are especially anxious that every man and every woman of our race in Polk county who is twenty years of age or over shall be permitted to go to the polls on Tuesday, Nov. 2.

There's a Difference. An epigrammatist says a classical education is for conversation and the other kind for use.—Pittsburgh Dispatch.

Noted Lawyer Coming Tuesday

Attorney Turner W. Bell, a former Iowa man and a noted lawyer of Leavenworth, Kansas, will speak at Corinthian Baptist church Tuesday evening October 26. Mr. Bell will speak in behalf of the forty-one Huston soldiers now serving life imprisonment at the federal prison at Leavenworth, Kansas. Don't fail to hear him.

New Republican Headquarters

TENTH STREET REPUBLICAN HEADQUARTERS FORMALLY OPENED

The Tenth street headquarters recently established by the Polk County Central Committee at Tenth and Park streets was formally opened last Monday evening. The meeting was largely attended by both men and women of both races; and notwithstanding the fact that it has been decided not to use the voting machines at the coming election, the machine had previously been installed and since it is very likely that they will be used in subsequent elections the meeting was first turned over to Attorney S. Joe Brown a member of the County Committee who demonstrated the use of the machine to all present who had not had the experience of voting upon one; and explained the importance of every voter registering on Thursday, Friday or Saturday of this week in order to vote Nov. 2.

Rev. Henry McCraven, the permanent chairman then took charge of the meeting and introduced Hon. Charles Saverude, County Sheriff; Mr. W. T. Jones, a member of Sheriff Saverude's staff; Mr. Claude A. Harris, a member of the County Central Committee; Mrs. Lillian Smith and Mrs. S. Joe Brown, State Organizer of Republican Women, each of whom gave brief addresses urging all men and women present to register and cast one straight ballot for the evening.

The headquarters will be open each day hereafter from 9 a. m. to 9 p. m. and any man or woman desiring information with reference to when or where to register and vote or anyone desiring information in regard to the platform or candidates, campaign buttons or pictures of the candidates of the Republican party are cordially invited to call.

Negro History In Public Schools

Chicago, Ill., Oct. 16.—Classes for Negroes, giving instructions in their own history and literature will begin at Phillips high school, it was announced by Willis N. Huggins, colored instructor in the present semester at the school, who will have charge of the classes.

Mr. Huggins said that the purpose of the classes will be to give the colored people an idea of the progress made by their race in localities in every part of the globe.

"We shall pick out the stellar lights in Negro history and endeavor to encourage worthy aspirations from the Mr. Huggins.

The idea is said to be an innovation said never to have been attempted before in this country. Mr. Huggins said the classes are sponsored by C. H. Perrine, principal of Wendell Phillips high school.

St. Louis, Mo., Oct. 14.—Robert N. Owens, a Negro lawyer, today formally announced his candidacy for national congress from the Twelfth Missouri district on the Farmer-Labor ticket, exceeds the white vote by 8,000. L. C. Dyer, Republican, is seeking re-election.

Honored In Home Town

Mrs. Laurence C. Jones a Guest of Burlington and Receives Signal Honors.

Burlington, Iowa, Oct. 20.—Both races have received with honor the return of Mrs. Laurence C. Jones, of the Piney Woods school, to her home town Burlington. Mrs. Jones who was Grace Morris Allen once conducted an industrial school in Burlington after her graduation from high school which grew to be so popular that more white children attended than members of our race, and a part of the faculty were drawn from the white race.

During the visit of Mrs. Jones and children and the Piney Woods sextet, courtesies were extended by Mrs. Beatrice Johnson, Mrs. A. L. Cook and Mrs. E. J. Johnson.

An audience packed St. John's A. M. E. church to the doors to greet Mrs. Jones and company.

Mrs. Jones was also the guest of the big Hotel Burlington.

She spoke in the high school auditorium, the Presbyterian church, the Congregational church, one of the oldest and largest churches in Iowa and the First M. E. church.

A most splendid recognition of the great good Mrs. Jones has been doing all of her life for her people, came in an invitation from Mrs. Chas. E. Perkins, owner of the C. B. and Q. railroad, to come to her beautiful home "The Appletrees" and bring her entire party. The afternoon was spent with music, good things to eat and a garden. The party was led about the great estate by Mrs. Rice, a daughter from Boston who was very happy in trying to make it pleasant for the little boys and girls of the sextet from down in far away Mississippi. Each member of the party received a souvenir gift of a beautiful American beauty rose. Such recognition by the very richest and most cultured white people in our country is incentive enough to every girl of our race in Iowa, to acquire an education and in some way go forth and serve their people.

Mrs. Jones and her little sons, Turner Harris and Laurence C. Jones, Jr., left on the midnight train, Sunday night for Piney Woods school, where she will open up the tenth session Tuesday morning.

Principal Jones who motored over from Des Moines in the car given Mrs. Jones by her Iowa friends during her illness last summer, will remain in Iowa another month with the sextet before returning south.

Iowa Homecoming November 12-13

Homecoming at the University of Iowa for all alumni and former students will be held this year on November 12 and 13. Prof. F. C. Ensign, secretary of the University of Iowa Association has been named chairman of the Homecoming committee by President Walter A. Jessup and is arranging his sub-committees which will work to make the occasion bigger and more attractive than ever.

Iowa Registration Pass 5000 Mark

More than 5,000 different students have already enrolled in the University of Iowa this year and with registration for the present semester still incomplete and the increases of the second semester still to be added it seems reasonable to expect that the anticipated attendance of about 5,500 for 1920-21 will be reached. If a continued increase at last year's rate is maintained until November 1 registration will have reached 5,200 by that time.

New Negro Bank

(By the Associated Negro Press.) Louisville, Ky., Oct. 19. The First Standard Bank of this place has made what is believed to be a record among colored people in the United States. Its entire stock representing capital and surplus of \$110,000.00 has been sold in less than five months. In other words, colored people themselves have bought up the entire capital stock within less than five months—more than a dollar of stock within less than five months—more than a dollar of stock having been sold to white persons. So far as available records show there is no other corporation among colored people that has ever approached this record.

Wilson S. Lovett is business agent of the First Standard. Act to Combat Lawless Acts of White Farmers Who Practice Violence. Little Rock, Ark., Oct. 16.—The outbreak against unoffending Negroes on account of dissatisfaction with cotton prices all over the south, has aroused southern governors as nothing else in years has done.

The south is in for the biggest losing it has experienced in years. Cotton is costing 29 cents a pound to gather and indications are that it will bring only 22 cents.

"If Favor Going In"—Cox

From Harvey's Weekly

Negro Football Star Declared Ineligible

Lane Tech football prospects were dashed yesterday when Chicago Public High School League of Athletic Control voted Left Tackle George Booker ineligible, and forfeited Lane's two victories against Crane and Hyde Park. The action was taken at a lively meeting in the office of E. C. Delaporte, supervisor of city school athletics, and followed the production of records for three consecutive years during Booker's grammar school days, which showed he gave the date of his birth as Dec. 2, 1906.

This would make the 210 pound Lane colored football nearly 24 years old now, and a rule of the City High School league makes students automatically ineligible on turning 21. In refutation of the charge an affidavit from Booker's mother was shown, made out last autumn for the city bureau of vital statistics, and naming the player's birth date of Dec. 2, 1909. It was shown, however, that this would have had Booker entering the grammar school at 3 years 7 months, and the vote against Booker followed.

The verdict practically knocks Lane out of the race for the high school title, although the tech team was regarded as one of the two strongest elevens in the league, Englewood being the other. Lane and Englewood play Saturday afternoon at Logan Square ball park.

Martin, the midge Ames quarterback played a dandy game for his team against West High in their annual grid battle at the Drake stadium Saturday.

The mighty Duke Slater, Iowa University's All-Western tackle played a whole of a game against the champion University of Illinois gridders last ed by Coach Kuppke, Illinois' football mentor, and other western coaches and writers for a position on the mythical All-American Eleven.

Dr. Phillips of Keokuk Passes Away

Veteran Minister, Physician and Publicist Passes Away at the Age of 84 at His Residence in Keokuk, Iowa.

Rev. Dr. Thomas H. Phillips, one of the best known men in the west among the older generation and who was a commanding figure in Missouri affairs for fifty years during his residence in this state at Keokuk, Mo., passed away last Tuesday after a brief illness at his residence in Keokuk, Iowa, where he had lived and practiced medicine for the past sixteen years. He leaves a wife and a baby daughter also a son and two daughters by a former marriage, all of whom are well known in Missouri; his eldest daughter, Mrs. Arlivia Watson having been Grand Princess for a number of years of the S. M. T. while Dr. Phillips was one of the first Grand Masters of the U. B. F. and lived to witness its growth from an insignificant number to the largest fraternal organization in this state. Dr. Phillips was a real leader of men and his commanding figure being more than six and one-half feet in height, straight as a soldier and with snow white hair made him the center of attraction in any gathering. The order has lost a great man, the church a noble preacher and the race a courageous and heroic leader. The funeral was Friday at Keokuk, and was largely attended from all sections of the country.

Race Question Big Issue in Kentucky Election

(BY ARTHUR SEARS HENNING.) Louisville, Ky., Oct. 15.—There is no telling how Kentucky will go in this election and the chances are the result in the state will still be in doubt twenty-four hours after the polls close on Nov. 2.

So close is the contest that whether Harding or Cox wins the state it is likely to be by a margin of only a few thousand votes.

The Republican organization is no less confident of victory than the Democratic headquarters, but each takes care to cast an anchor to windward in making predictions.

Race Issue is Raised. Kentucky—unless this race issue raised by the Democrats beats us," was the way the situation was summed up at Republican headquarters.

According to the Republicans, the Democrats raised the specter of Negro equality, if not Negro domination, in a last desperate attempt to stem the tide of Democratic defection.

It was perfectly apparent, however, that Harding was going to receive the support of thousands of Democrats who never had voted the Republican ticket before. Suddenly the Negro equality talk bobbed up in central and western Kentucky. Democratic orators began assuring their audiences they had proof that the Republicans were bent on establishing mixed schools of Negroes equality.

This attack has assumed such proportions in outlying sections of the state that the Republican managers are seriously alarmed. They fear that the "vogy may serve to frighten off thousands of Democrats, notably white women, who were prepared to vote for Harding.

The Republicans are viewing with satisfaction their possession of the most important election machinery by virtue of the fact that the state administration is Republican. They say it means an honest count of the vote. The Democratic leaders say it means the Republicans will count Harding in, if the result is close.

IN MEMORIAM. In loving remembrance of our dear little infant daughter, Amelia, who fell asleep in Jesus just two years ago today at 2101 Bellefontaine avenue, Kansas City, Mo.

She is gone but not forgotten, Never shall her memory fade, And sweetest thoughts shall ever linger, Around the grave where she is laid.

A loved one from us has gone, A voice we love is still, A place is vacant in our home Which never can be filled. Memories rom father and mother, Mr. and Mrs. J. W. Johnson, McCormick street, city.

## Public Opinion

### DON'T SCRATCH.

Investigation has brought out the fact that a few Negro voters of Des Moines have contracted political eczema. When voters contract this disease, they are in great danger of scratching the ticket to death unintentionally. The Negro will do well if he votes the straight Republican ticket. The Republican party is alright and its principles are alright. If there are men, holding offices, whom we think are not doing their duty, they should be removed during the primaries and not at the general election.

A few local Democrats are shaking hands with Negroes and begging votes upon the grounds that they have always given employment to Negroes, others are parading their war records and promising better service. Beware, my friends beware! You are shaking the hands of Esau, but the voice is the voice of Jacob.

The Negro has absolutely nothing to hope for at the hands of the Democratic party. A few individual Democrats may throw out some small inducements to win Negro votes for their own personal gain but they will not and can not change the attitude of the Democratic party toward the Negro. They why disarm, wreck and destroy the Republican party by scratching the ballot because of a little personal grievance toward some particular candidate and thereby leave the entire Negro race wholly at the mercy of the Democratic party that offers it nothing but disfranchisement, segregation, Jim Crowism and lynching!

PROBE MURDERS IN HAITI

Investigation Ordered By Daniels

DANIELS TAKES HAND IN HAITI MARINE QUIZ

Washington, D. C., Oct. 16.—Secretary Daniels, recognizing as a national scandal the "indiscriminate killing" in Haiti described by Maj. Gen. George Barnett in his recent report on the conduct of American marines in Haitian affairs, ordered a searching inquiry to be conducted at once by a board composed of Admiral Henry T. Mayo, Admiral J. P. Oliver, and Brig. Gen. Robert L. Pendleton.

Status of Investigation.

The day's developments summarized: Court of inquiry directed to meet in Washington next week to inquire into all allegations of improper conduct of marine officers and enlisted men in Haiti.

Noted Traveler to Testify. Secretary Daniels takes cognizance of a statement by Harry A. Franck, noted traveler and authority on the West Indies, blaming President Wilson and Mr. Daniels for failing to control the situation in the black republic, in which he laid the Haitian killing to southern men in the marine corps.

Negro Body Asks Investigation. New York, Oct. 14.—Full investigation by a non-partisan committee of Americans and Haitians of the administration of affairs in Haiti by American forces was demanded in a statement made public here today by the National Association for the Advancement of Colored People.

The undersigned take advantage of this their last opportunity of calling the attention of the readers of the Bystander in Des Moines who fails to register on either Thursday, Friday or Saturday, Oct. 21, 22 or 23 will positively be disfranchised on Tuesday, Nov. 2, and will not be permitted to take part in the national, state or county elections all of which will be held on that date, regardless of the length of time they have resided or voted in the precinct in which they now reside.

TENTH STREET REPUBLICAN HEADQUARTERS FORMALLY OPENED. The Tenth street headquarters recently established by the Polk County Central Committee at Tenth and Park streets was formally opened last Monday evening. The meeting was largely attended by both men and women of both races; and notwithstanding the fact that it has been decided not to use the voting machines at the coming election, the machine had previously been installed and since it is very likely that they will be used in subsequent elections the meeting was first turned over to Attorney S. Joe Brown a member of the County Committee who demonstrated the use of the machine to all present who had not had the experience of voting upon one; and explained the importance of every voter registering on Thursday, Friday or Saturday of this week in order to vote Nov. 2.

Ensign, secretary of the University of Iowa Association has been named chairman of the Homecoming committee by President Walter A. Iowa Registration Pass 5000 Mark

More than 5,000 different students have already enrolled in the University of Iowa this year and with registration for the present semester still incomplete and the increases of the second semester still to be added it seems reasonable to expect that the anticipated attendance of about 5,500 for 1920-21 will be reached. If a continued increase at last year's rate is maintained, November 1 registration will have reached 5,200 by that time.

New Negro Bank

(By the Associated Negro Press.) Louisville, Ky., Oct. 19. The First Standard Bank of this place has made what is believed to be a record among colored people in the United States. Its entire stock representing capital and surplus of \$1,000,000 has been sold in less than five months. In other words, colored people themselves have bought up the entire capital stock within less than five months—no one dollar stock within less than five months—not one dollar of stock having been sold to white persons. So far as available records show there is no other corporation among colored people that has ever approached this record.

Negro Football Star Declared Ineligible

Lane Tech football prospects were dashed yesterday when the Chicago Public High School League of Athletic Control voted Left Tackle George Booker ineligible, and forfeited Lane's two victories against Crane and Hyde Park. The action was taken at a lively meeting in the office of E. C. Delaporte, supervisor of city school athletics, and followed the production of records for three consecutive years during Booker's grammar school days, which showed he gave the date of his birth as Dec. 2, 1906.

Health Board Tells City to "Clean Up"

"Better garbage disposal in the city of Des Moines is not only desirable, but positively imperative," Dr. J. G. Sumner, secretary of the city health board, told the city council today. Health and sanitary conditions in this city are badly affected by the present garbage service, or rather the lack of it, declared the secretary, who suggested legislative remedy.

Negro Athlete Makes Good

With only three days' work out in which to condition himself, Curtis Morton, fullback at North High and all-state performer in 1919, was inserted into a game at Western League Park college and Morningside college of Sioux City met. It was largely through Morton's efforts that the local team emerged victor by a 7 to 0 record. Morton should add to his record as a player during the current football season.

Women Voters Are Well Organized

MRS. S. JOE BROWN STATE DIRECTOR PRAISES IOWA WOMEN. That the colored women of Iowa are interested and are going to their full share on Nov. 2 towards putting the G. O. Race Question Big Issue in Kentucky Election

(BY ARTHUR SEARS HENNING.) Louisville, Ky., Oct. 15.—There is no telling how Kentucky will go in this election and the chances are the result in the state will still be in doubt twenty-four hours after the polls close on Nov. 2. So close is the contest that whether Harding or Cox wins the state it is likely to be by a margin of only a few thousand votes. The Republican organization is no less confident of victory than Democratic headquarters, but each takes care to cast an anchor to windward in making predictions. Race Issue is Raised. Mrs. Jones was also the guest of the big Hotel Burlington. She spoke in the High school auditorium, the Presbyterian church, the Congregational church, one of the oldest and largest churches in Iowa and the First M. E. church. A most splendid recognition of the great Mrs. Jones has been doing all of her life for her people, came in an invitation from Mrs. Chas. E. Perkins, owner of the C. B. and O. railroad, to come to her beautiful home "The Appletrees" and bring her entire party. The afternoon was spent with music, good things to eat and a garden. The party was led about the great estate by Mrs. Rice, a daughter from Boston who was very happy in trying to make it pleasant for the little boys and girls of the sextet from down in far away Mississippi. Each member of the party received a souvenir gift of a beautiful American beauty rose. Such recognition by the very richest and most cultured white people in our country is incentive enough to every girl of our race in Iowa, to acquire an education and in some way go forth and serve their people.

### VOTERS' REGISTER.

The American voter, and that means every naturalized citizen of legal age of either sex, must register this year, if he or she would cast a vote in the coming presidential election. It makes no difference whether you have voted in every election for the last fifty years, whether you have or have not changed your residence, or whether this will be your first use of the franchise, you must first register before you can vote in the coming election. THIS IS PRESIDENTIAL YEAR, AND EVERY VOTER MUST REGISTER AT HIS PRECINCT POLLING PLACE. This applies only to cities, as registration is unnecessary in the small towns of Iowa or in the country precincts. All citizens of Iowa who have been in the state six months, in the county sixty days and in the precinct ten days are eligible to vote, if they are 21 years of age or older.

The American voters are the jury this year in the most momentous case in the history of the nation, and especially true is this of the Negro voters of America, and the voter who does not cast a ballot, will by his indifference be guilty of criminal neglect. Every voter should be vitally interested in his government and the calibre of the men that are to govern. The welfare of the voter and the nation is at stake in the decision that is made at the polls.

Nothing is more important at this time than to help break the political chains from our disfranchised brothers and sisters of the southland. Second in importance is standing by and with those who are the candidates of a party that has not done all they could have done for the American Negro but a party that has done all that has been done for the race. All of the above candidates believe in a Republican party built on character and loyalty, not on color and caste. To vote for them is to vote for both friends and Republic.

**The Majestic Magnolia.**  
 There is no suggestion of timidity or coyness about the magnolia. It never appears in the role of offering an apology for being alive. No explanations are required. Like an independent, self-respecting citizen it faces the world unflinching. In kingly majesty it stands, an inspiring masterpiece of grandeur, an unparalleled display of nature's sublime handiwork.

**Teaching Child to Read.**  
 A child is best taught to read in the natural method, by means of objects. His words or short sentences containing the same words repeated in different connection, are written on the blackboard, and he quickly learns to recognize these and to read at sight. When he is made to copy the blackboard words at each lesson, he learns to read and write both at the same time.

**To Make Screws Hold.**  
 When screws are driven into a plaster wall they may be made firm enough to hold considerable weight if they be withdrawn, wrapped with cotton string and dipped into plaster of paris until sufficient adheres to fill the hole in the wall and to permit some of it to be forced behind the plaster. This latter forms a plug that holds the screw firm.

**Simplest of Cements.**  
 Condensed milk applied to the edges of the pieces of broken china will keep the article as intact as the majority of cements on the market today, writes Edwin W. Ely in a letter to the Electrical Experimenter. Mr. Ely adds that he has mended saucers that have withstood washings in hot water, and has mended a telescope lens of fairly large size with this unique cement.
