WANTS NEGROES PROTECTED

Atty. Woodson Celebrates 25 Yrs. As Lawyer

Take Up Negro Problem, Southern Churches Observe Interracial Sunday

Atlanta, Ga., Jan. 22.—Interracial Sunday was observed in churches throughout the southern states on January 23. Governor Dorsey of Georgia and the Executive Board of the Southern Baptist Convention, as well as others, endorsed the movement for the Interracial Sunday initiated by the Georgia Interracial Committee of the Young Men's Christian Association. Assurances of co-operation have been given in all parts of the South. "We are convinced that it is high time to direct the Christian thought and stir up the Christian conscience of America to the needs of the Negro of the Southland," the committee declared in its call. Governor Dorsey said he was deeply interested and anxious for conditions working for a better relation between the races. He urged ministers to "appeal to the conscience of the people for a more even justice in the courts, for better housing and sanitary conditions, for better school facilities, for better traveling conditions, and more patience and self-control, growing out of the spirit of the Christ, in the association of the two races."

The Georgia Baptist Convention urged its ministers to co-operate "in the effort to secure genuine Christian relations between the people of both races."

Att. Geo. H. Woodson

Denies Ku Klux Threaten Negroes

Atlanta, Ga., Jan. 15.—Colonel William J. Simmons, Imperial Wizard of the Knights of the Ku Klux Klan, in a statement issued today makes spirited and emphatic reply to what he calls false statements published in certain sections of the country that the Ku Klux Klan is spreading the doctrine of race prejudice and race hatred. He censures the National Association for the Advancement of Colored People, with headquarters in New York, which he charges, is largely responsible for misconceived ideas of the Ku Klux Klan and its purposes.

Honor To The Unknown Dead

Washington, D. C., Jan. 20.—Senator Penrose, Pennsylvania, has introduced the following bill in the Senate, which has been read twice and referred to the Committee of Military Affairs: "That the Secretary of War, be and is hereby, authorized and directed, under regulations to be prescribed by him, to cause to be brought to the United States a body of an American, a member of the overseas forces of the United States who was killed on the battlefields of France, and whose identity has not been established, for burial in the amphitheater of the National Cemetery at Arlington, Va., and the body so selected and brought to the United States shall be the only unidentified body authorized to be brought to the United States."

18 Races Among 748 To Enter U.S.

New York, Jan. 24.—When the steamship Saturnia from Glasgow, entered New York harbor late yesterday, her passengers extended a greeting that "Miss Liberty" for whom it was intended, failed to understand. The sound that went over the waters came simultaneously from the throats of 748 immigrants, representing 18 different countries and speaking as many tongues. Ship officers said they had never seen so many races aboard one ship.

Lynchers Chosen by Drawing Lots

Jasper, Ala., Jan. 21.—A statement by Mike Pallane indicating that a committee had been selected by lot from M company, Alabama national guard to lynch William Baird, a coal miner, caused the special grand jury which has already returned fourteen indictments in the case to resume its inquiry today instead of submitting a complete report. The nine announced indictments were drawn against members of M company. Pallane was immediately summoned to appear before the jury.

White Man Held For Murder

Muskogee, Okla., Jan. 26.—William M. Linn, street car motorman, who Thursday night shot and killed a Negro whom police on the car declare attempted to rob him, was arrested today on a warrant charging murder. The widow of the Negro swore to the complaint at the suggestion of the county attorney, she said. Linn was released under \$5,000 bonds, furnished by the traction company.

Tuskegee Conference Says Many Are Being Driven From The South

Tuskegee Institute, Ala., Jan. 19.—Many Negroes are being driven out of the rural districts in the South by lack of protection under the law, the Thirtieth Tuskegee Negro Conference asserted in a declaration of policy adopted today at the annual session here. "The question of law and order," the declaration added, "is one of the most important things which concerns the Negro in the South. As stated in our declarations of years ago, this conference asks for Negroes only what the courts, above all agencies, should give—impartial justice. If Negroes commit crimes, let them be punished by the courts and not by mobs."

The conference which was founded by the late Booker T. Washington, commended to the Negro race the movement to establish better racial relations and endorsed the work of the inter-racial committee with the request that Jan. 23 be observed as "Inter-racial Sunday."

Negro tenant farmers were urged to grow their own foodstuffs and practice economy.

NEGROES LOOK TO PRES. - ELECT. Leaders Urge Colored Men For Office Emphasize Importance, However, of Relegating to Discard Chronic Job Seekers

Washington, Jan. 21.—Leaders among American Negroes, about 12,000,000 in number, are looking today to the beginning of the Harding administration next March with hope and expectation of recognition. Pretty generally colored voters cast their ballots for Harding and Coolidge last November. In debatable states, or states considered debatable before election, where the colored population was large, there is no doubt that the colored voters not only helped to swell the Republican majority but in some instances made that majority possible. The demand of the Negroes will take two forms. They will ask for the appointment of colored men to political office, and they will ask for legislation that will protect them in their political rights. They have been asking now for these things in their newspapers and magazines.

Dr. Emmett J. Scott, Prof. Kelly Miller of Howard University, Wm. H. Lewis, Charles O. Cottrell of Toledo, Thomas W. Fleming of Cleveland, Ralph W. Tyler of Columbus, formerly auditor for the Navy Department, Charles W. Anderson of New York, James Weidon Johnson, who went to Haiti as a representative of the National Association for the Advancement of Colored People, Dr. Ernest Lyon, formerly American Minister to Liberia are among the prominent colored men with whom President Harding may be expected to consult after he takes office when it comes to appointments and legislation relating to colored people.

Beyond doubt, the colored people are going to seek at the hands of Mr. Harding greater recognition in a political way. That being the case, the character of men whom he selects for office and for advice regarding matters concerning the race is of unusual importance. The chronic colored office seeker, leaders of the race maintain, must go into the discard.

Bar Association Presents Loving Cup

A most noteworthy demonstration evidencing the remarkable progress that has been made by the Negro citizens of Iowa during the last quarter of a century was the public celebration held by the members of the Iowa Negro Bar Association at the Corinthian Baptist church, this city, Saturday, Jan. 22 in honor of the twenty-fifth anniversary of the admission of the bar of Atty. Geo. H. Woodson, founder and president of the association.

And in order that the readers of The Bystander may have a close up view of this distinguished Negro a large portion of whose record has been kept from the public by his natural aversion to what he calls "newspaper notariety we publish below a full column writup of Mr. Woodson from the pen of the editor of the Albia Republican, the leading newspaper printed in Monroe county where he has lived and practiced law during the greater portion of the twenty-five years that he has been a resident of Iowa. It is as follows:

Ministerial Probable.

"The Republican last week included an exclusive press notice of the candidacy of Hon. George H. Woodson as Minister to Haiti. The wire reached us at a late hour and only mention of the probable appointment could be made before going to press. After gathering some of the important data, we believe this appointment should, without question be given to Mr. Woodson. He has the endorsement of both Iowa Senators and the Iowa delegation in Congress. The matter will be

presented to President Harding by Senator Cummins at an early date after the new administration is in control. We have known George H. Woodson during all the time he has resided in Mahaska and Monroe counties in the Sixth District of Iowa, covering a period of more than twenty-five years. His record during the time we have known and investigated, his life runs about as follows. He is alleged to have been born in Wytheville, Wythe county, Virginia, on the 15th day of December, 1865, and is therefore just past fifty-five years of age. He was admitted to the Iowa bar on January 23, 1890, and has therefore been a member of the Iowa Bar and of the United States District court for nearly twenty-five years, and is now a member of the bar of the Supreme Court of the United States. He was a member of all the War Service Boards in Monroe county during the late great war; was duly nominated a republican candidate for the Iowa Legislature from Monroe county and was defeated in the democratic landslide of 1912. He canvassed the state of Montana for Hon. John E. Richards for governor, and stumped that state in behalf of Helena on each occasion of the great fight for locating the Montana capital.

In that day and time Anaconda and the Marcus Daily Millions were all powerful, and Woodson refused fifteen hundred dollars offered for one speech if he would make it in behalf of Anaconda. He was the organizer of the Iowa State Negro Bar association, and is president of that body; he is the only colored man who has remained for more than twenty years a member of the Iowa State Bar association in good and regular standing.

Mr. Woodson's standing as a lawyer and known ability causes him to receive many requests to join the American Bar association. They do not seem to know that he is a colored man. That great association bars colored men by demanding that a photograph be furnished with each application for membership, giving race, color and nationality with a view of making it certain that colored applicants, if any, shall be excluded by vote in the committee or by the association.

He was one of the founders of the "Niagara Movement" which organization was the forerunner of the National Association for the Advancement of Colored People, which is now the greatest organization of its kind in the world, and Mr. Woodson was one of its first members.

He has been a member of the Legislative committee of Iowa to keep watch and guard against hostile legislation against the colored race in this section of the country, and the discovery and defeat of many subtle bills presented for that purpose has been largely due to his vigilance and ability. Among these many he mentioned the "Secret Order Bill" and various other segregation measures, and especially those that came up in the 35th and 36th General Assemblies of Iowa. He was a member of the Harding reception committee when Senator—now President—Harding made his famous speech in Des Moines on Oct. 7, 1920.

He served five years in Company I Twenty-fifth infantry, U. S. army, from June, 1883 to June, 1888.

He is District Grand Attorney of Iowa District Grand Lodge No. 30 G. U. O. of O. F., Grand Attorney, Iowa Grand Lodge K. of P. N. A., S. A. E. A. A. and A. He was president of the school board when all the other members on the board were white, while living.

British West Africa Seeks Home Rule

(By The Associated Negro Press.) London, England, Jan. 26.—British West Africa is the latest country to seek home rule. A mission has arrived to urge a number of reforms in the administration of the four West African colonies and protectorates, Sierra Leone, the Gold Coast, Nigeria and the Gambia, says the London Times.

The mission seeks the creation of a legislative council which will be composed of members chosen half by the crown and half elected by the people and for a house of assembly which would have complete control of the revenue and expenditure. The judicial system, in particular of Nigeria, is criticised by the mission, which states that "it is the practise to appoint Europeans who have not received any legal training and who are not competent to exercise judicial functions."

Among other suggested reforms they seek the establishment of a West African university; the removal of the color bar in the medical service and the introduction of immigration laws to prevent the influx of undesirable aliens.

Woman Loses Case Case Against Autoist

A verdict for the defendant was returned Tuesday in Municipal Judge Franklin's court in the case of Mrs. Willie Watson against Charles S. Stewart, Jr., manager of the Superior Auto Repair company. Mrs. Watson was suing for \$1,000 damages. She claimed she was struck while crossing East Second and Locust streets, Aug. 8, and was hurled fifteen feet.

'STAY-IN-SCHOOL' DRIVE.

School children, multi-thousands of them, have just graduated from the eighth grade. These and children from the lower grades, all finishing the first half of the school year now face the temptation to "get a job." That means quitting school. It means putting behind the child that worthy ambition to acquire a good education.

Woodson Honored

ing in Mahaska county. He graduated from Howard University Law College in the class of 1895. He reported to the United States government an attempt to destroy the Rock Island arsenal in November, 1915. He was appointed by Judge Creston to preside as judge of the District court in the absence of the Judge, and because of this unique distinction, he is often given the title of "Judge Woodson."

He has been delegate to many conventions of the Republican party, both judicial and otherwise, and during all the time the writer has known this man, he has been honorable and dependable in every respect.

Just at this time when our government needs to restore confidence with the Central and South American Republics, there is no reason to believe that a better appointment could be made than to send Mr. Woodson as Minister to the Republic of Haiti.

H. C. C. S. club met at the home of Mrs. J. C. Williams, 1441 Fremont street. A very fine luncheon was served.

Busy Bee club met at the home of Mrs. Tolliver.

Bethel Boys Junior club met at the center Friday. They are improving.

The A. C. E. league is on foot and doing good work.

SUNDAY SCHOOL NOTES
There was positively no lack of interest on the 23d. Teachers and pupils vied with each other in making it the most glorious session of the new calendar year, thus far.

Every seat in the primary department was filled. This department is undergoing some rapid fire changes.

There were a number of visitors present. Those from out of town were Atty. Milton Fields of Waterloo; Mr. Robert Martin of the State College at Ames, and several living here. Among whom were Mr. Maurice Patterson, a law student of Drake university, and others whose names we can not mention for lack of space. We are truly glad to have had these ladies and gentlemen with us, and not only so, but they have a standing invitation to come whenever they are at leisure to do so.

We are glad to have Sisters Nichols and Morris back at their posts once more.

The young ladies of Sister Somerville's class are forming a choir, which we hope to soon have in operation. Hurry up girls.

Lesson V, "Jesus Greeted as King," Matt. 21:1-16.

Golden text—Blessed is he that cometh in the name of the Lord, Matt. 21:9.

Regular business meeting first Friday in each month.

School opens, 1:30 sharp.

IT'S INDIAN RIGHTS NOW.

The Society of American Indians is truly an American society from way back and is entitled to be heard. This society, representing every tribe, recently met in the city of St. Louis in the ninth annual conference and one of the most important resolutions which came before the members was one dealing with the giving of the rights of citizenship to the Indians. A committee will urge Congress to enact legislation to grant "citizenship without reservation" to all members of the Indian race. It also demands that no curtailment of their tribal rights shall accompany the conferring of citizenship. It is stated that nearly 300,000 Indians are deprived of citizenship under existing laws.

ST. PAUL A. M. E.
The three weeks meeting launched by the pastor and members of Kyle's A. M. E. Zion church, South East Eighteenth and Scott streets closed last Friday night, adding an increase of twenty-eight new members, young and old, to the church. South East Des Moines was stirred as never before.

The pastor and members of the church are very grateful to the Rev. J. M. Howard of East Chicago, Ind., who assisted the pastor in conducting the revival.

Rev. Howard is indeed a strong and forceful preacher of the gospel and can be understood by all. He can be trusted as a shepherd among the flock of God. He is known not only as a preacher, but as a pastor and church builder. He has the honor of building the first colored church in East Chicago and at a cost of \$5,000. Burned the mortgage the first of January. He is nearing the close of his fourth year at that place.

The pastor wishes to thank the ministers of the city for their co-operation in this meeting, thereby helping to make it a success. And also the members of the church for helping to make it pleasant for the visiting minister.

The pastor, wife and visiting ministers were entertained at the following homes: Mr. and Mrs. Marshall, South East Twenty-eighth street; Mr. and Mrs. Broodius, 616 Des Moines street; Mr. and Mrs. Darby, 720 South East Fourteenth street and Mr. and Mrs. Woodfork.

Many thanks to all.

E. S. Hurdge, Pastor.

"STAY-IN-SCHOOL" DRIVE.
 School children, multi-thousands of them, have just graduated from the eighth grade. These and children from the lower grades, all finishing the first half of the school year now face the temptation to "get a job." That means quitting school. It means putting behind the child that worthy ambition to acquire a good education.

In many cities "stay-in-school" drives are well under way. These are intended to discourage children from running into industry. The New York Child Labor committee, the State Employment bureau, and the Department of Education will co-operate in bringing the facts before the older pupils in elementary school and in high school.

The campaign to keep children in school is of particular importance just now because of the condition of the labor market today and the increasing unemployment. This will make it more difficult for the child to get a job.

That is something the parents should consider well before even consenting to discuss the matter of the child's quitting school. And it should not be thought of, even though a job is obtainable, if it is possible to keep the child at his books.

One more term of school will mean more to any child, tomorrow, than all the money he can earn today.

ing in Mahaska county. He graduated from Howard University Law College in the class of 1895. He reported to the United States government an attempt to destroy the Rock Island arsenal in November, 1915. He was appointed by Judge Preston to preside as judge of the District court in the absence of the Judge, and because of this unique distinction, he is often given the title of "Judge Woodson."

He has been delegate to many conventions of the Republican party, both judicial and otherwise, and during all the time the writer has known this man, he has been honorable and dependable in every respect.

Just at this time when our government needs to restore confidence with the Central and South American Republics, there is no reason to believe that a better appointment could be made than to send Mr. Woodson as Minister to the Republic of Haiti. A loyal, patriotic black man, who is able and possessed of executive ability, and who has his country's interest at heart first, last and all the time, could do more to create good will and harmony, and promote commerce, and general international betterment in the Republic of Haiti and Central America than any other class of Americans we could choose, and we believe that Mr. Woodson is an exceptionally good man and perhaps the best man that could be chosen for that place at this time.

In honor of the occasion Negro lawyers from all over the United States who had formerly practiced in Iowa assembled in Des Moines Saturday afternoon and after a visit to the State House, the Register-Tribune building, The Daily Capital, The Bystander office, the Court house and other places of interest, repaired to Center Cafe at Twelfth and Center streets and together with their wives and other escorts enjoyed a banquet and a program of speaking at the conclusion of which S. Joe Brown, who has been associated with Mr. Woodson in the profession for almost twenty years, presented him a suitably engraved silver loving cup as a token of the esteem of the association for the occasion which was the silver anniversary of its founder and president.

After the banquet the lawyers and their escorts repaired to the church where the public were assembled in large numbers to hear the conclusion of the program which consisted for the most part of an address by Hon. T. W. Bell, now of Leavenworth, Kan., but who was first admitted to the bar in Des Moines in October, 1886 who gave the history of the Negro lawyers of Iowa of whom there have been thirty of whom the first was S. B. Smith and among the most distinguished of whom were Hon. Alexander Clark, who died in the service of his country as U. S. Minister in Liberia, Africa; Hon. John L. Waller, whose imprisonment without cause while serving as U. S. consul in Madagascar, near East Africa came near involving the U. S. in war with France; Hon. H. R. Wright, now of this city but for many years U. S. consul in Central and South America; Howard P. Drew, the world's fastest sprinter who is now practicing in New York City and one woman Mrs. Gertrude E. Rush, now practicing in this city and whose husband J. B. Rush was also a member of the Bar and practiced here for more than twenty years prior to his death in September, 1918.

The remainder of the list of those Negroes who have been admitted to the practice of law in Iowa is as follows:

Rever Sores.
 Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin.—Adv.
