HAITIAN MISSION ARRIVES

Bishop's Council Plans For \$5,000,000 Drive

Will Last Three Years. All States Represented in gathering of Bishops and Leaders of A. M. E. Church Held at Dallas Texas

Dallas, Texas, February 26.—The Bishops' Council and Connectional Council of the A. M. E. church which were held last week at St. James A. M. E. church will be recorded as having been the starting place of one of the most far-reaching and comprehensive plans for church improvements ever inaugurated.

The most outstanding feature of this meeting, which caused hundreds of the most representative pastors and laymen of the connection to convene in Dallas, was the perfection of the plan for a three-year drive for \$5,000,000 to be used for spreading and increasing the various branches of this great church.

The proposed appropriation of this sum is as follows: \$1,500,000 to be used for education; \$500,000 for church extension; \$500,000 pension fund for aged and super-annuated pastors; \$250,000 for social service work; \$1,000,000 for home and foreign mission work; \$1,250,000 for the liquidation of miscellaneous debts and increasing equipment of schools and colleges already established.

In order that this work may be systematically accomplished the church has been divided into eighteen zones which follow the lines of the Episcopal Districts. The Bishop of each district will head the campaign assisted in turn by Presiding Elders, pastors and two regional directors.

These regional directors in addition to assisting in the work of the campaign will prepare a complete survey of all conditions social, civic, economic and political which affect members of our group wherever found.

The drive which will cover a period of three years is being directed by Professor John R. Hawkins of Washington who is financial secretary.

The Bishops' Council opened on Thursday morning and closed officially Saturday afternoon.

The visitors from all sections of the country were loud in their praise of the good work done at St. James church, especially the new edifice, which ranks with the best and finest in the connection. They were surprised to see what had been accomplished in one year under the leadership of Dr. C. Abington, backed up by the officers, members and friends of St. James church, together with the citizens, all came in for their share of praise.

Every Bishop was present save Bishop Tanner whose extreme age will not allow him to travel and Bishops Vernon and Brooks who are now in Africa.

A mid-summer meeting of the Bishops will be held in Chicago, June 23-24. The next annual session will be held in Memphis, next February.

Immigration bill Sent To President

Bulletin.

Washington, Feb. 26.—The conference report on the immigration bill was adopted today by the house and senate and the measure sent to the president. I would limit immigration for fifteen months from next April 1 to three per cent of the nationals of the various countries who were in the United States at the time of the 1910 census.

Washington, Feb. 26.—The senate bill limiting immigration from any European country during the fifteen month period beginning next April 1 to three per cent of the number of persons born in that country, who were in the United States in 1910, was passed today by the house.

The vote, taken after an hour's debate, was 296 to 40.

While the house agreed to the conference report without modification, the measure must be approved by the senate before it can go to the president as the conferees made some changes in it.

Chairman Johnson of the immigration committee whose bill to virtually stop immigration for a year was defeated by the senate, led the fight for the substitute plan. He declared it was imperative to restrict the influx from Europe until conditions in this country and

abroad become more stable. Mr. Johnson explained that the measure would in no way affect Chinese exclusion or the Root-Takahira agreement as to Japanese immigration.

It is estimated that during the first twelve months of the restriction period 355,000 aliens can be admitted to the United States.

Colored Citizens Will Lay Claims before U. S. Public

(By The Associated Negro Press.) Washington, D. C.—Immediately following the inauguration of President-elect Harding, a nationwide propaganda effort will be made, with the co-operation of newspapers, churches, public men, and organization, to acquaint the general public with all the facts in matters affecting the welfare of colored Americans.

It has been pointed out that the Irish in the United States have raised millions for propaganda, that in a recent single meeting in Chicago \$175,000 was raised and turned over to Miss Mary McSweeney, and that the Jewish people of the country have, "in the twinkling of an eye," raised hundreds of thousands of dollars to combat Henry Ford's anti-Jewish propaganda. It is thought, therefore, that 15,000,000 colored people should be aroused sufficiently to have their problems fittingly and extensively laid before the general public.

Stop Aliens for Taxes. Hearing that certain steamship companies had promised to get aliens out of this country without paying their taxes if they used their lines, the U. S. Collector at Detroit became watchful and as a result collected more than \$5,000 from 130 aliens who were just about to cross the line into Canada en route home to Lithuania.

Bonus Bill Is Again Up In Congress

Washington, D. C., Feb. 26.—Use of the interest on the \$10,000,000 of American war loans to the allies in financing adjusted compensation for former service men, is one of the plans under consideration by congress. This was disclosed today when the soldiers' bonus bill was favorably reported by the senate finance committee.

Senator McCumber, Republican, North Dakota, who will have charge of the bill in the senate, explained to the committee that by postponing the effective date of all provisions of the bill until January 1, 1923, the accumulated interest on the foreign loans probably would be sufficient to bear the cost of compensation.

Before reporting the bill the committee eliminated all of the tax provisions as approved by the house, and adopted Senator McCumber's suggestion as to the effective date.

Senators Gerry, Rhode Island, and Jones of New Mexico, Democrats, were said to have been joined by Senator LaFollette, Republican, Wisconsin in an effort to make the bill effective July 1, but their motion was defeated. The committee also rejected a motion by Senator Calder, Republican, New York, to postpone operation on the bill until July 1, 1923.

Shell Shock Soldier Kills Policeman and Wounds Two

Washington, March 1.—Between the hours of 8 and 9 o'clock Sunday morning the peace and quietude of one of the aristocratic colored sections of this city was disturbed. By one of the most deplorable tragedies in the history of Washington Twitty Linwood Harris, an ex-soldier shortly released from the Walter Reed hospital for shell-shock became mentally unbalanced and killed one white policeman and one colored man and seriously wounded another.

After a chase which lasted for half an hour or more he was finally cornered at his home, 942 Westminister street North West and instantly killed by three policemen from the Eighth precinct district.

On the eve of the investigation of the Walter Reed hospital this comes as a warning that the affairs of the Walter Reed hospital should be thoroughly investigated. This soldier should never have been released from the hospital as he has been acting peculiarly for several days. We find after investigation that a great number of colored soldiers are being released on the community not being sufficiently cured of their ailment. Why this wholesale release of men who should have every protection possible should be thoroughly investigated, because it is not only a menace to the community but unfair to the noble boys who sacrifice their health on the battlefields of France so that the race might have a place in the sun.

PROMINENT HOTEL MAN KILLED BY HOUSEKEEPER

Mart Bradford, prominent hotel and lodge man of this city was killed by his housekeeper, Martha Dooly. The cause of the murder is unknown—although Miss Dooly states she shot him in self-defense.

Bradford had divorced his former wife sometime ago but on his deathbed he ent for her to come to him from Waterloo. Upon her arrival they were remarried just an hour before he passed into the Great Unknown.

It is thought that Bradford contemplated going back to his wife and this caused a friction between he and the Dooly woman for which she killed him.

Famous 15th Regiment, N. Y. have a New Colonel

New York, N. Y., Feb. 17.—The Famous 15th Regiment, widely known as the "Hell Fighters," and New York's crack combination of black warriors have a new Colonel, Vice Col. William J. Schiefelbin retired to the Officers' Reserve.

The new Colonel is a 15th regiment man. Col. Arthur W. Little, one of the cleanest white men that ever commanded Colored soldiers. There is no Ballou in him, and no Greer of Memphis, Tenn. A Former Major

Col. Little was commissioned a captain in the 15th in 1917, after coming from a private. He served overseas with the "Hell Fighters" as captain and was promoted to major and mustered out in February, 1919.

In his first order, he said that he was proud to be called Colonel of soldiers that never knew a tear, except one of pity and that he joined the boys to help them reflect credit upon both their country and their race.

If he doesn't fall down, as a great many white men do, Col. Little will make a record like records used to be made by white men who were given a chance with the real soldiers of this country.

COLORED MAIL CLERK SHOT

Houston, Texas, March 3.—Mr. J. M. Richardson, clerk in charge of a mail car between Houston and Dallas on the H. & T. C. Ry., was shot Monday night by one of the two train robbers who tried to hold up the mail car before the train was out of the local yards. According to the injured race man the would-be robbers were colored and when he told them he had no money in transit, one of the bandits pulled his pistol and shot the mail clerk, inflicting a light wound.

Negro Businessmen To Meet Mar. 8th

The monthly meeting of the Des Moines Negro Business league will be held in the Community Center, Thirtieth and Crocker streets Tuesday evening March 8 at 8 o'clock.

This being the first monthly meeting after the complete election of officers everyone is expected to attend.

TO DEFEND PANAMA CANAL.

One outcome of President-elect Harding's inspection of the Panama canal is the drafting of a bill which if passed by congress will make the canal impregnable. This can be done, it is said, with extra cost to the government if long-range guns now being manufactured are used for the purpose of defense. It is also suggested that a small island some 15 miles off the Pacific entrance to the canal be fortified as an added protection. The Atlantic entrance will be further equipped with railway tracks to support the heaviest artillery mounts with guns more powerful than those on any dreadnaught.

TO PRESENT TRUTH ON CRUELTY; FULL INVESTIGATION ASKED

(By The Associated Negro Press.) New York City, March 3.—A Haitian mission, consisting of Stenio Vincent, ex-minister of the interior of Haiti, and Paulus Sannon, ex-Haitian minister to the United States, has arrived in New York for the purpose of presenting the truth of the Haitian situation to the American people and asking for a congressional investigation of the military occupation of the Negro republic.

Messrs. Vincent and Sannon issued the following statement at the offices of the N. A. A. C. P.: "We are sent here by the Patriotic Union, a national Haitian organization with branches in every town of the Haitian republic, to acquaint the American people with the truth about conditions in Haiti, to make known Haitian aspirants for independence, and to enlist American co-operation in realizing those aspirations.

"The Haitian people want: 1. Immediate suppression of martial law and military courts. 2. Immediate reorganization of Haitian armed forces, military and police, and withdrawal in a short time of the military occupation by the United States. 3. Abrogation of the 1915 treaty between Haiti and the United States. 4. Convocation of a constitutional assembly in Haiti.

"The various courts of inquiry and investigation sent to Haiti having suppressed rather than revealing the truth to the American people, the Haitian mission is charged with demanding a full and searching investigation by the congress of the United States."

153,088 NEGROES IN CITY. Census Shows 66.9 Per Cent. Increase in New York in 10 Years. Washington, D. C., Feb. 26.—The Negro population of New York City at the time of the 1920 census was 153,088, an increase of 61,379, or 66.9 per cent, the Census Bureau announced today. The white population was 5,459,004, an increase of 789,842, or 16.9 per cent, and all others 7,956.

Negroes in Boston numbered 16,362, an increase of 2,798, or 20.6 per cent. The white totaled 730,486, an increase of 74,790, 11.4 per cent, and all others, 1,212.

Jack Johnson Is Willing To Fight Again

Philadelphia, Pa., Feb. 19.—Jack Johnson, once heavy-weight champion of the world is ready to re-enter the prize ring and threatens to make life miserable for Harry Wills, the giant of New Orleans, Jack Dempsey and Fulton.

Although still confined in the Federal prison at Leavenworth, Kan., his time is almost up and the once great fighter has greatly improved in strength and health and claims he is a far better boxer than he ever was before.

A letter was received from him by Al Lippe in this city recently, asking the recipient to become his manager. In the letter Johnson derided the present crop of heavy-weights and stated that he is anxious to be matched with Wills, Fulton, Dempsey and any of the others.

"I am going to furnish one big surprise when I get out and start boxing again," he wrote.

Apes From Ceylon. Apes mentioned in the Bible in 1 Kings 10:22, and U Chronicles 10:21, were brought to Palestine from Ceylon, the same country which supplied ivory and peacocks.

Dr. Earnest Lyon, Baltimore, prominent Minister of the Methodist Episcopal Church, Candidate for Position of Minister to Liberia

(By The Associated Negro Press.) Washington, March 3.—The subject of Minister to Liberia is being considered with a degree of interest that is unusual. Dr. J. L. Johnson, of Columbus, Ohio is the present Wilson appointee to the African post. Liberia is being hailed as a new field of opportunity, and there is a desire that the American representative shall be truly statesmanlike in proportions.

Dr. Earnest Lyon, of Baltimore, a minister to Liberia under a former administration, is said to be an active candidate for the position. It is stated on high authority, however, that while he is a minister in the Methodist Episcopal church, his appointment would not be received with enthusiasm by Bishop Matthew W. Clair, of the same church, who is, also, a statement broadcast, that there are certain records on file in Washington which, if unearthed, would not help Dr. Lyon's candidacy.

Among others who have been mentioned for the post, but who are themselves not favorably inclined for the position are: Dr. Emmett J. Scott, Secretary-Treasurer of Howard University; Perry W. Howard, of Jackson, Miss.; Councilman Thomas W. Fleming, of Cleveland and Rep. Nutter, of Charleston, W. Va.

In the matter of appointments, however, there are two important things to be considered, first: Colored American citizens are going to make a strong pull for a larger representation than has heretofore been granted by Republican administrations, and second: President Harding has announced that it will be the policy of the administration to permit cabinet members to select their assistants, and therefore, he held to strict accountability for the conduct of their departments.

North Carolina Governor Oppose The K. K. K.

(By The Associated Negro Press.) Raleigh, N. Car., March 3.—The announcement of Governor Cameron Morrison's opposition to the operations of the Ku Klux Klan in North Carolina brought considerable support in his position.

A number of the state's leading newspapers are standing behind the governor and citizens of high standing have informed him of their views. The thing that aroused the governor was the use of the Ku Klux Klan as a name with the applied meaning attributed to the old order, and the further fact that the governor is convinced that no order is justified in undertaking law enforcement in the state by secret means.

Governor Morrison stated definitely that he had never received an invitation to join the Ku Klux Klan, and further stated, just as definitely that he would not entertain such an invitation. The law enforcement idea caused the governor to balk.

The governor has already been assured by "some of the state's wisest" citizens that the operation of the Ku Klux Klan in North Carolina is fraught with gravest danger to the continued peaceable relation between the races. The Negroes of the state, the governor has been informed, are seriously disturbed by the new organization.

CENSUS COST \$24,000,000. In the annual report of the census bureau Director Rogers states that the cost of the enumeration, which covers three years has been \$23,765,000. Since only \$22,550,000 was appropriated by congress a deficiency appropriation of 1,215,000 is required.

Dr. Moton Make Speaking Tour of North Carolina

(By The Associated Negro Press.) Tuskegee Institute, Ala., March 1.—Dr. Robert R. Moton, principal of the Tuskegee institute, has accepted the invitation of Mr. Berry O'Kelly, of Method, N. C. to make a five-day speaking tour in the state of North Carolina. Dr. Berry O'Kelly is a member of the executive committee of the National Negro Business League, and is one of the most successful Negro business men in the south. He, in co-operation with other leading white and colored people in North Carolina, has arranged for Dr. Moton to deliver a series of addresses at the more important centers in the state. The dates for the meetings are from March 15 to 20.

Henry Mason, Washington's Oldest Inhabitant Dies. (By The Associated Negro Press.) Washington, D. C., March 1.—Believed to have been Washington's oldest inhabitant, Henry Mason, colored, 108 years old, was laid to rest in Fauquier county, Virginia. He died of old age.

Mason was born during the war of 1812 and he had the distinction of having lived through five big wars, namely, the war of 1812, the Mexican war, the Civil war, the Spanish-American war and the world war. He is survived by six children, twenty grandchildren and seven great-grandchildren.

of the field work was approximately \$9,345,000, a material increase over 1910.

Editorials

(By Mrs. Elbert R. Hall)

The following editorial from the pen of the Hon. Harvey Ingham, fearless editor, appeared in the Des Moines Register of Monday morning, Feb. 28. The Bystander commends it to its readers and to all fair-minded Americans:

The Drama League of New York City is to give a dinner on the evening of March 6 in honor of the ten who have contributed most to the art of the theater in the last year.

The ten who have been voted as entitled to the honor are:

Dudley Diggs, who directed the production of "Heartbreak House"; Gilda Varesi, for her work as star and co-author of "Enter Madame"; David Belasco, for his production of "Deburau"; Eugene O'Neill, author of "The Emperor Jones"; Jacob Ben-Ami, for his acting in "Samson and Delilah"; Lionel Atwill, star of "Deburau"; Lee Sanderson, designed of the stage settings of "Deburau"; Margaret Severn, introducer of stage masks in the "Greenwich Village Follies"; Fred Stone, as the greatest all-round comedian on the American stage; Charles S. Gilpin, star of "The Emperor Jones."

There would be little in this simple announcement to interest the general public, or to create sensation in New York City, if it were not for the fact that the last actor named, Charles S. Gilpin, is a Negro, and "The Emperor Jones," one of the phenomenal successes of the season, a Negro character.

When it first appeared that Gilpin was to be included in the list of ten, by the votes of members of the league, question was at once raised over extending him an invitation to the dinner. The invitation was extended. Now the question is whether he will go or not, and on this there seems to be some doubt.

In an interview in the New York Evening Post Gilpin is quoted as saying:

"It is hard for me to decide. I already have two invitations for the same evening, one from the League of Individual Freedom and the other from the Civic club, which I have not been able to answer, because I think I may have to work on a moving picture that day. I am putting my son through college and if they want me to work on Sunday I must do it. We are a little behind with the film. Anyway, I don't want to socialize. I'd like people to see my work, but I don't want to hob-nob with them. I have a world of my own and it is a very happy one. I have my own friends, and I do not want to get away from my own people, but to get closer to them. The honor of being chosen in that first ten is enough for me, without my going to the dinner. But I hope I will have time to go around and just shake hands with Miss Varesi, and Miss Garden, and the kind people who said they would like to have me there. I always try to use tact in these things, and if I make a mistake, the trouble is with my head and not with my heart."

It is, of course, a matter of no great importance to Gilpin whether he attends one dinner or the other, and have received his invitation, he may encourage a friendly feeling on the part of many by taking that as a sufficient recognition.

But there is something in the general situation that is worthy of consideration by the public at large, for it is a situation that is bound to arise more and more frequently as the new generation of colored people begins to show equal talent in all sorts of ways.

Why should it not be possible to recognize that honor and fame from no conditions rise, and accept talent as talent, no matter what its racial antecedents? We know as a matter of fact that there is no color line in character, in brains, in bravery, in any of the things that go to make men and women. Why then should there be color line in the general privileges of American life?

The Way It Appears To Me

Robert Durr

WE SHOULD PRACTICE

Wherefore seeing we are compassed about with so great a cloud of witnesses, let us lay aside every weight, and the sin which doth so easily beset us, run with patience the race that is set before us. Heb. 12:1.

Gilda Varesi and Mary Garden, dramatic magnates who publicly states their willingness to sit beside Chas. Gilpin (Negro) "Emperor Jones" at the dramatic league dinner, given in honor of the ten persons who have contributed most to the theatre during the current season are interpreters of real Americanism—they respect TALENT, ACCOMPLISHMENT and not COLOR. In the final analysis we see it is WHAT you are not WHO you are.

The southern Whites who worry about placing foreigners in the vacancies made by the Negro, should think of the old man who was lost one night, he had had two matches, he dropped one and to find it he struck the other and the wind blew out the light leaving him in a worse state than before and without prospects.

If the Negro had more broadminded representatives as Dr. W. H. Griffin (of the A. M. E. Church)—encouraged by mountain-hearted men like Harvey Ingham, Editor of The Register & Tribune) whose souls are white like driven snow—doubtless we would receive more consideration from the world.

The chairmen of meetings among our people would incite greater desire in people to attend their meeting if they would practice "Stopping as well as starting." Just as the Captain of a great army says "Make it snappy." The wise man listens to all advice given him but he doesn't do anything with the most of it. A fool will not listen so what is the use of consuming so much time giving advice?

Author Brisbane, editor and author who says that amalgamation is the solution to the race question and will ultimately rid the earth of colored races, culminating into one white race is worth something, but the best of them do care for such and the best of us don't either, so let's all vote for simple justice and a square deal for the present.

Life—that little "speck" of existence between two great unbounded eternities is just what we make it—"ifs" and "excuses" will not pay our debts in judgments neither in the game of life.

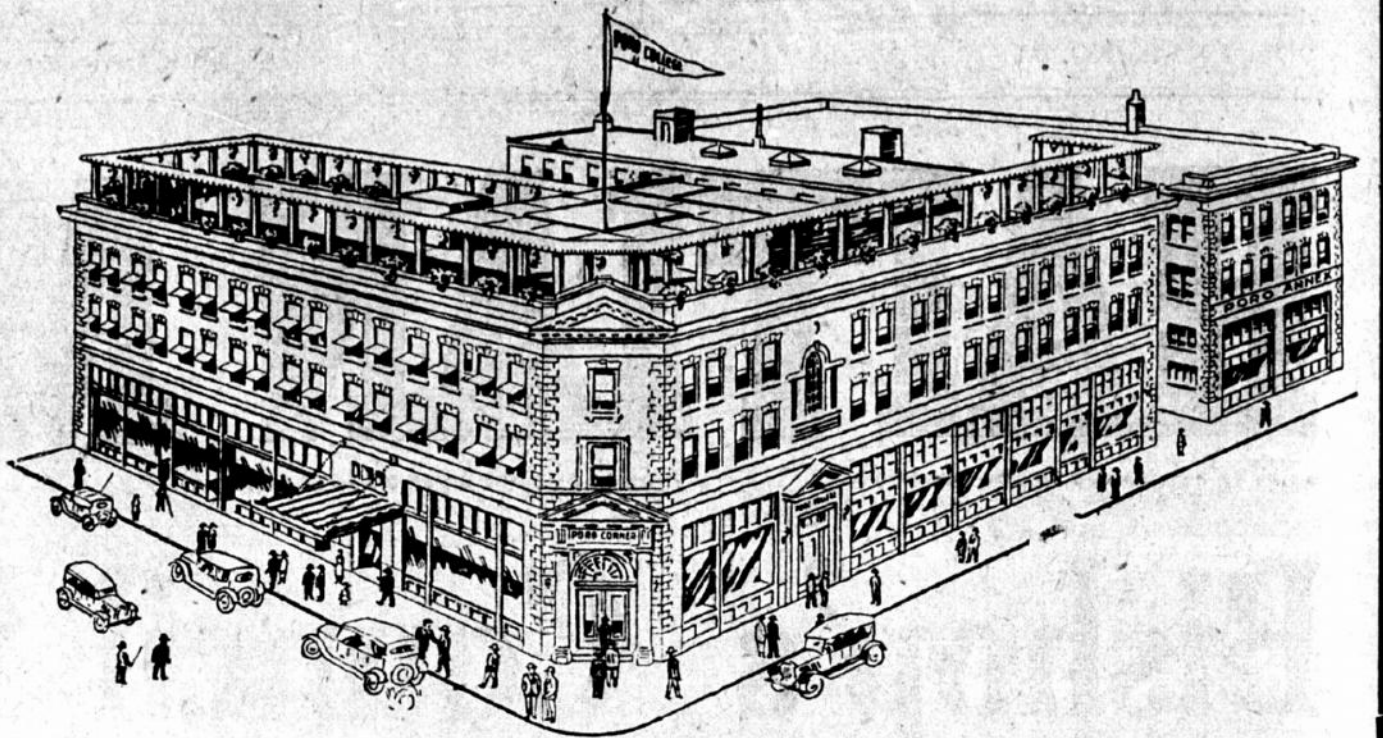

"The Lily White," "The Ku Klux Klan" and other organizations that propose to keep the entire reign of power in one place may find it like the woman who thought she wanted to commit suicide—she mustered up enough courage to "hop" in the river, she found the water "too cold" and changed her mind and yelled for help.

Cured His Rheumatism!

"I'm eighty-three years old and I doctored for rheumatism ever since I came out of the army, over 50 years ago. Like many others, I spent money freely for so-called 'cures' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk with ease or work. I was so sore and stiff I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change. You might just as well attempt to put out a fire with oil as try to get rid of your rheumatism, neuritis and like complaints by taking treatment supposed to drive Uric Acid out of your blood and body. I took Mr. Ashelman fifty years to find out the truth. He learned now to get rid of the true cause of his rheumatism, other disorders and recover his strength from 'The Inner Mysteries' now being distributed free by an authority who devoted over twenty years to the scientific study of this trouble for centuries. Just simply send a post card or letter to the author below. Send now, lest you regret it. It is a suturer's duty to get it out this notice and hand this good news and opportunity to some suffering friend. All who send will receive it by return mail without any charge whatever. Found a Cure for Indigestion.

"I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspeptic remedy I have ever tried and I have used many different medicines. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to eat now. I feel like a new man. I bought a box of Chamberlain's Tablets at Rock Mill, Ala. These tablets contain no poison but strengthen the stomach and enable it to digest the food naturally.—Adv.

SIoux CITY NOTES

Services were well attended at Malone chapel A. M. E. church Sunday. Rev. P. M. Lewis was at his best. The collection for the trust amounted to \$94.00.

The Willing Workers will serve inaugural services and supper Friday, March 4 at Malone chapel. Proceeds to pay off debts incurred on the above named church through the paving of street and alley, and the improving of church property. We are glad to know that the young people are becoming more interested in the Christian Endeavor work. We hope they will continue.

Mr. J. H. Parker of 219 Boies and Riverside left Sunday with his two children, Mary and Henry, Jr., for Selma, Ala., where he will visit his brother and family.

Friends of Mrs. Mary Knight are glad to hear that she is improving from her recent illness.

Mrs. Eliza E. Hubbard, the widow of the late Dock Hubbard, who passed away four weeks ago, died at the home of her son, Andrew L. Hubbard, Feb. 21 of pneumonia, being a member of the Baptist church for many years. She died in the faith, in bidding the family farewell by the shaking of hands and saying "Leaving on death." The old Paul she sought a good fight. The funeral services were conducted by Rev. Crushon, D. D. of the Mount Zion Baptist church.

The Pneumonia Month

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy in an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.—Adv.
