# PENROSE FOR NEGRO BILL

## Oppose Negro As Register Of Treasury

### NEGRO BRANDED BY KLU KLUX KLAN

Dallas, Texas, April 2.—Although state and federal authorities had made no move tonight to formally investigate whipping and branding of Alex Johnson, Negro, with the letters "K. K. K." by fifteen masked men, City Detective Chief Gunning said that if a complaint and evidence were furnished him he would place the case before the county grand jury.

Johnson was spirited to a secluded wooded spot in Dallas county last midnight, tried according to the ceremony of the Ku Klux Klan in post-civil war times, and was alleged to have confessed intimacy with a white woman.

Chances that formal action will be taken to learn identity of the alleged Klansmen were regarded as slim tonight, as no one could be found to make a formal complaint. The Negro was said to have left town after he was dumped out of an automobile in front of a downtown hotel, the symbols of the Ku Klux Klan branded on his forehead with acid and his back bleeding with blacksnake lashes.

Between 25 and 30 lashes were applied to Johnson's naked back and later, beaten and bleeding, the letters "K. K. K." on his forehead as a "warning to other Negroes not to associate with white women," he was turned loose upon the steps of the fashionable hotel where his alleged offense was committed and commanded to tell other Negro employees there his fate.

With the "solemn" fifteen standing in a circle about him, he was made to take oath he would never associate with another white woman. He was given his choice between this oath and death.

The "trial" was conducted by men in white masks—all were prosperously dressed.

Newspaper reporters, kidnaped by a ruse and taken to the scene of "court" to write the story for the world, and commanded to "chronicle faithfully what you see and hear, that all may be warned," witnessed the affair, using a fallen log as a "press table."

"Trial" was held under a great elm tree, the "courtroom" lighted only by the dim flare of a flashlight which played upon the scared face of the black.

The wind rustling leaves was the only sound that sometimes made the Negro's frightened, almost inaudible answers unintelligible.

After dumping him out at the hotel today, they disbanded as mysteriously as they gathered.

Johnson, the Negro, tried, whipped and branded, was recently arrested in a white woman's room in the hotel. A charge of "vagrancy" was filed against him, and he had been released on bond only a few hours before he was seized by the masked clansmen.

### Negro Murder Trial To Begin Monday. Georgia Grand Jury Indicts Both Planter Williams and Negro Maning.

Monticello, Ga., Newton and Jasper counties are now in a clash as to which county shall first try John S. Williams and Clyde Manning, Negro on charges of murder, following the recovery of eleven bodies, five buried, three in the Yellow river and three in the Alcovy river.

The Grand Jury at Covington, in Newton county, has indicated both men on the charge of murder, and now comes an announcement that the trial is to take place there on Monday. Three bodies were found in the Yellow river in Newton county. Monticello is anxious to clear her name with the people of this country and hence wants the trial here.

Citizens of Jasper county today took steps to establish a precedent in this section when signatures were attached to a petition for the immediate organization of a law and order league. The petition is in the hands of F. L. Penn, editor of the Monticello News. It reads:

"We, the undersigned citizens of Jasper county, hereby pledge ourselves to support all laws, both state and federal, and further agree to co-operate with our grand juries and court officials in suppressing any lawlessness that may appear in Jasper county."

That Julius, Hulon and Leroy Williams, sons of John S. Williams, were leaders in an alleged plot to array the white people against the Negroes in Jasper county and Newton county in an effort to sway public sentiment in favor of their fathers, as charged by a white man before the Newton county grand jury, is considered absurd by citizens of this city.

According to Newton county officials, this white man, now being held for safekeeping in Covington by the authorities, testified that the Williams boys enlisted his aid in their "campaign" by bribing him, and that the report of an uprising among the Negroes in Newton county Sunday night, which turned out to be hoax, was originated by them.

Manning was closely questioned, it is stated, about the boys, and he failed to implicate them, while the evidence of every witness appearing before the coroner's juries tended to exonerate them.

### SELECT JURY TO TRY OWNER OF SLAVE FARM

Covington, Ga., April 5.—A jury to try John S. Williams, Jasper county farmer, on a charge of the murder of one of the eleven Negroes alleged to have been killed on his plantation in an effort to hide peonage practices was completed today in the Superior court here and the taking of testimony will begin tomorrow. Seven farmers, two merchants, a clerk, a barber, and a druggist were sworn today to try the case after an all day struggle between counsel.

### FIND RAILROAD PORTER IS LEPROUS; TO BE ISOLATED

Boston, Mass., April 5.—A Negro porter who sought treatment of a local physician was declared a leper today and isolated, pending his removal to the federal leprosanarium in Louisiana.

### DES MOINES NEGRO BUSINESS LEAGUE TO DISCUSS THE GROCERY PROBLEM

The special feature of the monthly meeting to be held at the Community Center will be a round table talk of the ways and means to make the grocery business a success.

The meeting will be led by E. T. Blagburn and followed by Chas. Cousin, L. L. Bowles, J. J. Greer, Mr. Green and manager of The Cranshaw Grocery store. Aside from these other members of the league will express their ideas on how to make the grocery business a success.

The Business League is progressing wonderfully. The executive board meets every Friday noon and discussed some of the day for the benefit of the colored people of this city. Every one is invited to attend the regular meeting and partake in these discussions.

### Washington Clerks Protest Against Reported Teas. Appointment

Washington, April 2.—Members of congress today received copies of a petition addressed to Mrs. Virginia White Speel, chairman of the National Woman's Republican Committee of the District of Columbia, and signed by 508 white women employed in the office of the treasury, opposing appointment of a Negro as register.

"We have been definitely informed," the signers of the petition declare, "that the appointment of a colored man as register of the treasury is being considered. The register's office is now very large and is doing responsible work. Its personnel consists of more than 900 clerks, mostly ex-servicemen and white women, who are dependent upon their income for support. For a Negro to have jurisdiction over these clerks would be intolerable."

"It is true that colored men have served as registers of the treasury, but out of the twenty-two registers only four have been Negroes. At no time when this office was under the supervision of a Negro did the personnel consist of more than nineteen clerks and one messenger."

The petitioners, whose names are given include thirty-five states, in a letter to members of congress, enclosing the petition declared:

"This petition does not come from any political faction, nor was it instituted by southern prejudice. Northerners, southerners, easterners, westerners, democrats and republicans alike have set their signatures thereto.

"In times of war it was thought inadvisable to put Negro officers in charge of white troops. In times of peace it would certainly be inexpedient to give Negroes jurisdiction over white citizens."

### URGE ANTI-LYNCHING LAW.

Washington, D. C., April 4.—Investigation by the department of justice of alleged Negro peonage in Georgia and other sections of the south was urged upon President Harding today by Jas. W. Johnson, secretary of the National Association for the Advancement of Colored People. Johnson also asked that the president recommend anti-lynching legislation to congress.

The Les-Donze-Fleur-De-Lys club was organized at Community Center Tuesday night by twelve girls. President Miss Adele Banks; secretary, Miss Loraine Mann; treasurer, Miss Minnie Jones.

### Equal Right Bill to be Ablly Supported

Washington, March 28.—Senator Penrose today assured a delegation from Philadelphia that he favored an equal rights bill pending in the Pennsylvania legislature, of which Representative Asbury, a Negro member of the general assembly, is the author.

"I see no reason why the colored man and colored woman should not be able to obtain a cup of coffee at Childs if they want to," said Senator Penrose, "or for what matter go to hotels, cafes, restaurants or other public places frequented by white persons."

"The time has long since passed when there should be any discrimination or repression toward our colored citizens. They are entitled to their rights as citizens under the constitution and I believe that they are entitled to full commercial and political freedom of action, especially in regard to the public accommodations and utilities."

Senator Penrose said that he had assured his visitors that he would use his influence to get the equal rights bill passed in the Pennsylvania legislature.

"I am glad to be able to use what influence I possess at Harrisburg," he concluded, "to secure the passage of the Equal Rights bill, which has been hanging fire too long. I am glad to assist the men and women of the colored race to remove the inequality and discrimination to which they are now subjected."

### Gov. Of Kentucky Re- fuses to Reinstate Jail- er, charged wit Neg- lect of Duty

(By The Associated Negro Press.)  
Frankfort, Ky., March 31.—Declaring that a jailer should protect a prisoner in his custody with the last ounce of strength and with all his courage and watchfulness, Governor Edwin P. Morrow last Wednesday, refused to reinstate John H. Edgar, jailer of Woodford county, when he removed from office because he was alleged to have permitted a mob to take Richard James, a Negro, from jail and lynch him March 12.

"It is the duty of a jailer," said Governor Morrow, "to resist a mob until he is beaten into insensibility or killed. Accepting Edgar's own statements as facts in the case he did nothing to defend the prisoner."

## OPPORTUNITY--HOW TO USE IT

(By E. C. Robinson.)

Opportunity is but a doughnut with the rim in some-one's stomach. Ask any man who has made good and he will tell you that opportunity is but a date on a calendar—a time when an individual woke up. Opportunity is a possible chance while work with opportunity is a probable chance.

If I should say to you that you had already done the biggest thing possible for you to do, that from now on you would begin to decline, that your achievements would never again reach the high water mark you have already registered, you would feel insulted.

And you would be right my friend. No one knows better than you do that you haven't put forth your biggest effort. There is something in you which tells you that you haven't yet measured up to the level of your highest gift; that you have not yet brought out the giant in you.

But what are you waiting for? Opportunity? Opportunity is as useless as monkey fat, as hopeless without work as trying to stop up a rat hole with common cheese. The man who depends on an opportunity alone, the fellow who refuses to work with an opportunity is as useless on earth as a buttonhole without a button. The man who sits down and says he is waiting for an opportunity to turn up is as unwelcome in society as a looking glass to woman who has just recovered from a severe case of smallpox.

Why don't you begin to do the big things you dreamed of doing some day? Aren't you about tired of letting that little fellow in you, that mediocre man, get your living for you? That vision which grips your heart, my friend, that longing of your soul to do something worthwhile, that dream of high achievement which haunts your imagination, is not a mere fancy, a whimsical unreality, it is the prophecy of the big things you can do if you get your higher self to work for you.

Don't picture your defects, but say to yourself, "I will bring out that possible me this year: I will put the giant in me to work and will realize my vision. I will be what I can be."

### Alabama Representative Holds Senator's Pro- posed Negro Equality Law Violates Con- stitution

Washington, April 2.—Representative John R. Tyson of Alabama, a former chief justice of the Supreme court of that state, joined today in protests against Senator Penrose's declaration for Negro equality and its enforcement in Pennsylvania by a criminal code. Southern newspapers have been filled with editorials attacking Mr. Penrose's petition.

Mr. Penrose asserted that Negroes should be accorded "in hotels, cafes, restaurants, educational institutions and amusements the same rights and privileges as whites," and these rights should be secured and enforced by legislation providing penalties for their denial. Following his declaration the lower house of the Pennsylvania legislature passed an equal rights bill.

"Proprietors of hotels, cafes, restaurants and amusements places," said Mr. Tyson, "have property rights which are protected by not only the constitution of the several states, but by the constitution of the United States. To deny to them the right to exclude such persons as may be offensive to their patrons to the end of impairing their business is a denial to them of property rights secured to them by the several constitutions mentioned."

"The Negro has no right to be accorded the privilege of becoming an unwelcome guest in hotels, cafes, restaurants and places of amusement established and maintained for the whites exclusively. To refuse him such rights is not a denial to him of 'equal rights,' as asserted by Senator Penrose, but is in full accord with constitutional guarantees, and has been so held, in substance by the Supreme court of the United States."

asked for no help and demanded no assistance."

Edgar admitted, while being examined at his hearing today for reinstatement, that he had made no outcry or call for assistance when the mob came to his house for the keys to the jail, as he said he did not wish to be killed or have members of his family killed in protecting a prisoner.

### Trotter Speaks In Des Moines

Des Moines, April 3.—With frank, scholarly and matchless eloquence Mr. Trotter exposes conditions existing in Iowa and country at large more than any orator that has been here recently. He chastised the people of this section to stop talking about the conditions in the south for they almost have the same in Iowa. He stated that the Negro of Iowa is being robbed of his rights and don't seem to realize it. He admonished them to get things right at home and then go abroad.

He said that the Negro of Iowa is letting his rights slip away from him without a protest—the very things that the constitutions of Iowa gives to them is being taken from them right in their face and they don't seem to take heed and attempt to put a stop to it.

Trotter made a strong appeal to his people to fight for the things that the boys fought and died for on the bloody fields of Flanders. He said that no one class should be the ruling sovereign of another and then tell the world that they have real democracy. He emphasized that Christianity was the great teacher of democracy and democracy that does not have Christianity as its guide is a myth. He styled the recent unearthing of dead bodies in Georgia a disgrace on the whole country.

Trotter told of many instances in which he had been denied the right to eat at various restaurants in this state because he was colored. He states that some whites would eat from the plate that a dog had lapped from and then come right out and tell a hungry, intelligent colored person that they would not care to eat from the plate that a Negro had eaten from. He said they seem to forget that God made the colored man and he alone had to do with his color and in discriminating against the works of him that made us all. He told of how Germans—the people that tried to rob the world of liberty being served by the white man at his eating places. While the colored men who have helped to make and preserve this country are deprived of almost 90 per cent of their rights.

### Mrs. Laurence C. Jones Tours Mississippi In Interest Of Club Work

TOUR MRS. LAURENCE C. JONES, STATE PRESIDENT MISSISSIPPI STATE FEDERATION OF COLORED WOMEN'S CLUBS THROUGH SOUTH MISSISSIPPI IN THE INTEREST OF CLUB WORK.

From Columbia I journeyed westward to MaComb City, and here again organized another Parent Teacher association, which is working for a new school building.

From MaComb City I went to Hattiesburg, where I found a very interesting Mother's club with such ladies as Mrs. Young, Mrs. Randall, Mrs. Hall and others, and found they had raised some \$600 for a new school building, and through their untiring efforts the school board has already granted them a new school building.

Small Hattiesburg I went to another small place called Palmers crossing, where I found one of the most enthusiastic Mother's clubs in a rural community that I have found anywhere. These women though few in number had raised over \$400.00 for a new Rosenwald school building of three rooms, which they expect to erect this summer, and that same afternoon, they paid their state dues so that they might become affiliated with our association of the state.

From Palmers Crossing, I journeyed to Laurel, Mississippi, where I met a very enthusiastic audience assembled at the First Baptist church through the efforts of the Community Improvement club. I found Mrs. Gavin the wife of the principal of the school the leading spirit in the club work here. They had a good membership and were making plans for some very necessary school improvements and also civic development.

After leaving Laurel I visited Ellisville, where there is perhaps a thousand or so of our people, and where I found them entirely unacquainted with club work, but eager and anxious to know something about it, and so I was able to organize a Mother's club here which hopes to co-operate with the school and the home.

From Ellisville I went to Collins where I again found a lack of club knowledge, but aroused the people to the extent of organizing a Parent-Teacher association, which expects to equip their new Rosenwald school building with the manual training and complete domestic science department.

From Collins I journeyed to Sumrall, where I found a very nice little Mother's club which is anxious to move the

school which is being taught at present in two of the churches there into a \$5,000 new school building, which they are making every effort to build and for which they have already raised a considerable portion of this amount, and the president is a very energetic little lady in the person of Mrs. Elary. It was a few hours ride to the city of Brookhaven, where I found that they had once tried to have a Mother's club some five or six years ago, but just like these activities in many places died down, so this has died likewise, however, I was able to get the ladies together, revive and start them out with a new organization.

From Brookhaven I visited Meridian, and here I found very wide awake set of club ladies, although they have never been affiliated with the state federation. I found the A. M. A. club of ladies under the splendid leadership of Mrs. A. M. Smith supporting two scholarships for young ladies at Tougaloo college this state, were also paying the expense of one of their townsmen Mr. McDowell who is a missionary in Angola, Africa, and that they are also at present engaged in raising funds for the erection of a monument to a Mrs. H. I. Miller, a northern white woman who had consecrated her life to missionary work to our people in the city of Meridian.

This same club of ladies after I had met them established a branch library committee in their club for the sole purpose of raising funds to supply and beautify their \$10,000.00 Carnegie library for colored people with more volumes of books. I am sure that Meridian is the only city or town in the whole state of Mississippi which can boast of a beautiful Carnegie library for colored people, presided over by an intelligent young woman, Miss Helen Strayhorn, and it is to the credit of these ladies that they are also working in co-operation with this very necessary adjunct to our literary development.

I also met the teachers of the fifth congressional district, where many of whom promised me that when they returned to their various rural communities they would also establish Mother's clubs in connection with their various schools.

From Meridian I journeyed southwest to the little mill town of Lumberton, and here I met a most wonderful spirit. I found that our people were organized, and that in connection with the Mother's club there a very enterprising lady and the principal of the school Prof. T. A. Easterling had succeeded in raising

## Editorials

(By Mrs. Elbert R. Hall)

Again has Harry Ingham, the fearless editor of the Des Moines Register and Tribune spoken out in behalf of justice and equal opportunity for all peoples, regardless of race, color or previous condition, as will be seen in an editorial under the caption — "Penrose is Right," which appeared in the Des Moines Register of Thursday morning March 31 and which the Bystander reproduces for the benefit of its readers who did not see it in the Register.

**Penrose is Right.**  
The Register had not anticipated finding itself in full and hearty accord with Senator Penrose on anything, but, strangely enough, the senator has said something that must meet the hearty approval of all intelligent people, and that took courage on his part to say.

A bill is pending in the legislature of Pennsylvania, known as the equal rights bill, the purpose of which is to give Negroes all the privileges of hotels, railroad trains, Pullman cars, restaurants and street cars that anybody enjoys. A delegation of colored men from Philadelphia and Pittsburgh called on the senator and he said to them:

"The time has passed when there can be any discrimination against our colored citizens. They should have assurance that they will receive equal social, political and commercial rights and be placed on an equality in these respects with white citizens. As I understand it, the Asbury bill guarantees to the colored citizen freedom from discrimination in restaurants and hotels. I think they ought to be accorded full privileges of that sort. The Pennsylvania railroad now has white and black passengers in the same cars. You see colored citizens in the Pullmans. There is no reason why they should not be there."

There is something so repugnant to common sense about proscribing a race, when everybody knows that the meanest people on earth belong to the favored races, while some of the decenter people on earth belong to the proscribed races, that everybody ought to see how un-American division by race is.

And yet right now when race grouping is pointed to with a grave face by

the alarmists, plenty of good Americans persist in settling people up or down in the common matters of every day service, according to race.

Poor Richard's maxim will be found here as elsewhere to be based on a sound human experience. "Let every tub stand on its own bottom." Men are good or bad, useful or predatory, not by race but as individuals. Individual conduct must be the measure for everybody if we are to have an intelligent rating. Let the Negro come under this common rule, and let us have an end of talking about race exclusion.

**PEONAGE AGAIN.**  
Nearly fourteen years ago in 1907, Negro victims of peonage were summoned before a grand jury in Tennessee and "told pitiable tales of their suffering and maltreatment, 'and related stories of seeing men 'killed, dragged to the river in 'Blankets, weighed and then 'sunk into the river.' Peonage dies hard in some of the southern states. The latest horror from Georgia seems to be the worst of all. Even while Federal agents were investigating reports that peonage was still practiced, Negroes were being killed on the Williams farm in Jasper county, their bodies buried in shallow graves—in some cases dug by themselves—or thrown with weights into the Acoevy river. Eleven bodies have been recovered, their condition leaving no doubt that as many murders were committed. According to the confession of the Negro Manning, he killed eight of the poor wretches himself. He names Williams, the owner of the farm or plantation, as the instigator of the crimes; but Williams denies complicity, and declares that a neighbor with whom he has long had a feud was the principal. In one case a coroner's jury has already rendered a verdict that the victim "met death at the hands of Clyde Manning and John S. Williams."

The citizens of Jasper and Newton counties are said to be scandalized and incensed by the revival of peonage. The Negroes had worked for local farmers, lately for Williams, and they were not charged with any of those offenses of which Judge Lynch takes cognizance. It has been painfully evident that local opinion in some parts of the south does not condemn, as it should, oppression and ill treatment of Negroes in debt to a certain type of em-

## The Way It Appears To Me

Robert Durr

**WE SHOULD PROTECT OUR LIBERTIES.**  
Liberty should not be juggled with. When it is denied, the cost must eventually be paid by society as a whole. Liberty demands as a severe application of its principles as the law of gravitation.

The man who ignores this fact is not qualified for the battle for freedom, commercial and political rights that eventually puts a nation on equality with any other nation.

It is right to oppress and defraud a group of Americans out of their God-given rights, why is it wrong for the hellish huns to drop incendiary bombs on helpless women and children?

If an injunction can gag equality or abrogate other guarantees, why is it wrong to be disloyal to the hand that unscrupulously takes the bread of happiness—the water that quenches our thirst for simple justice and a square deal from our mouths?

As long as domestic liberty-robbing is tolerated the props of American civilization is being shaken and America must pay the price that outraged liberty exacts.

We should stop, think and take a square look at the situation, not, in the spirit of retaliation nor vengeance—neither selfishly but—altruistically. Seek to rectify our faults, get the mote out of our eyes. Then, with every inch of manhood rightly demand whatever belongs to us—even if it takes what it did to preserve the union in '76, to drive the huns back across the Rhine and to give the people of this country the right to serve God as they desired—just, united effort with a oneness of purpose to respect and demand respect unreservedly.

Liberty, power, success are the rewards for service, hard work and keeping everlastingly at a task until the "bacon" is brought home.

"Right makes might." We shouldn't be too "radical," neither act too all concerned. Those who conquer do. We can not establish a different procedure. We should take our cause to God and man in the spirit of right to covenant.

Now, as never before, we must wrestle with justice until she blesses our soul. Keep knocking at liberties' door until she admits us from the storm of injustice.

ployer, but is too often silent about it, enough to make an end of such atrocious practices.

United States District Attorney Hooper Alexander of Georgia said in January that federal officers must conduct a state-wide investigation of reports of peonage. "Comparatively little effort is being made by proper officers," he said, "to end these conditions." He intimated collusion, "Nine per cent of our people," he declared, "would utterly deplore and condemn what is going on, but something more is demanded of a civilized people and their government than mere sentiment." Until local opinion is aggressive against peonage it will go on with periodical activity by the federal authorities to check it. It dies hard because the community is not horrified

Just how to be beautiful has been the desire of almost all women for hundreds of years. Many hours each day were spent in the effort to increase their charms—to make the skin bright, soft and youthful.  
Every woman knows that beauty of the face is impossible if the skin is pimply, blotchy, dark and rough.  
To remove the unsightly skin blemishes, make the face, neck, arms and hands bright, soft and smooth, there's nothing better than these two well-known beauty preparations—Black and White Ointment and Black and White Soap.  
Black and White Ointment whitens the skin and removes those ugly little pimples, ringworms, bumps and other blemishes while you sleep. You first wash the skin with very warm water and Black and White Soap. Dry thoroughly. Then mix and apply Black and White Ointment. The next morning you again cleanse the skin with warm water and Black and White Soap.  
Follow this Beauty Treatment for several nights and you will know the joy of a bright, smooth, baby-like skin.  
There are other Black and White Toilet Preparations which will delight you—Face Powder 25c; For the hair, Quinine Pomade, 50c, and Hair Dressing, 40c. All are of the highest quality and guaranteed.

## STRAIGHTEN YOUR HAIR

Not with hot irons. But do it with Kink-no-more, the greatest hair straightening preparation on earth. Kink-no-more will straighten the kinkiest hair. Think about it—a preparation that all you have to do is apply to the hair, and, with a little combing, the hair becomes straight, not for one day, or one week, but for last from six to eight months. Water, no matter how hard, will make it kink again after it has been straightened. So marvelous does it do its work that one can hardly believe their own eyes. It works like magic, and is unique because there is not another preparation in the world like it. We offer a reward of \$100 for any head of hair that Kink-no-more will not straighten.

Kink-no-more is a vegetable compound; it is perfectly harmless and will not injure the scalp nor hair, but will stop it from falling out; positively removes dandruff, promotes a luxuriant growth of healthy hair and keeps it soft and glossy. Remember that Kink-no-more is sold under a guarantee to do all that is claimed for it or money refunded. We will send to any one on the receipt of \$1.00 a regular size box of Kink-no-more, enough to straighten from one to two heads of hair. Write today for special terms. Include 2-cent stamp for reply. **ST. PAUL A. M. E. SUNDAY SCHOOL NOTES**  
The school was well attended on the third. There was a number of visitors present. It is our hope that they shall come oftener in the future than they have in the past.

There has been organized a young men's Bible class, which promises to be a success if we are to judge from its attendance and enthusiasm shown at its first meeting.

We welcome Miss Humbert home again. While we are mentioning with praise, from time to time those who are doing their bit to keep the school up where it belongs we would not have you overlook Miss Lucile Simmons, who keeps us before our congregation, by her notes in the Bell each week (our local church paper). Our policy is to owe no man anything. Honor to whom honor is due. Custom to whom custom, etc.

**UNION CONGREGATIONAL CHURCH NOTES**  
Tenth and Park streets, Rev. B. F. White, pastor.  
The church has launched a financial campaign to go through the month of April closing the first Sunday in May. Our objective is \$1,000.00 and it is expected that every penny of the amount will be raised that the church may be able to make some improvements, etc., contemplated. The rally is being conducted on the share-holding plan, the value of a share being one dollar and anyone contributing that amount or more will be given a beautiful little certificate indicating the same which may be held both as a souvenir and receipt for its donation. The church has been divided into two companies under the leadership of Mr. W. H. Mitchell and Mrs. L. J. Shelton and workers are being sent out among friends and the public with certificates in hands to secure donations, and it is hoped that many of the certificates will be taken.

It was noted that there was a slight falling off in attendance upon the services of the past Sunday for some unaccountable reason. We will expect to see everybody in his place the coming Sunday. It will make things look better and the leaders feel better. The Rev. Mr. P. A. Gray will fill the pulpit in the morning and the pastor at 7:45 p. m.

Teachers' meeting held every Thursday at 8 p. m. at the church. All teachers are expected to be present.
