### THE GLORY OF GOOD HEALTH.

If you have health, you probably will be happy; and if you have health and happiness, you will have all the wealth you need if not all you want. Health is the most natural thing in the world. It is natural to be healthy because we are a part of nature. Nature is trying hard to keep us well because nature needs us in her business. Nature needs man so he will be useful to other men and unless he is healthy and happy he can be of little service to himself or to any one else.

The rewards of life are for service, and the penalties of life are the result of selfishness. Human service is the highest term of self-interest for the person who serves. We preserve our sanity only as we forget ourselves in service to others. To center on one's self and to forget our relationship to society, is to summon misery, and misery means disease.

Unhappiness is irritant. It affects the heartbeats of circulation first and then digestion; and the person is ripe for a hundred diseases and a thousand complications.

We are not Christian Scientists, but it is a fact that the best remedy for many diseases, or rather presumed diseases is to "Forget it."

Our bodies are automatic and thinking about your troubles do not help us. Rather it hinders, since the process of thinking, especially anxious thinking, robs the stomach of the blood and causes it to cease functioning as it should. The blood is thus transferred to the head and we get headaches and other troubles.

The best thing to do if we would be happy and make others happy is to live right, be friendly and we will consequently be happy and make others happy.

**Lumbago.**  
This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Dunn, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a year ago last summer. When I began using it, I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches."—Adv.

### STRAIGHTEN YOUR HAIR

Before Using After Using

Not with hot irons. But do it with Kink-no-more, the greatest hair straightening preparation on earth. Kink-no-more will straighten the kinkiest kind of hair. Think about it—a preparation that all you have to do is apply it on the hair, and, with a little combing, the hair becomes straight, not for one day, or one week, but for a long time. It is a wonder worker. So marvelous does it do its work that you can hardly believe their own eyes. It works like magic, and is unique because there is not another preparation in the world like it. We offer a reward of \$100 for any head of hair that Kink-no-more will not straighten.

Kink-no-more is a vegetable compound; it is perfectly harmless and will not injure the scalp nor hair, but will stop dandruff falling out; positively removes dandruff; promotes a luxuriant growth of healthy hair and keeps it soft and glossy. Remember that Kink-no-more is sold under a guarantee to do all that is claimed for it or money refunded. We will send to any one on the receipt of \$1.00 a regular size box of Kink-no-more, enough to straighten hair in two weeks of hair. When you receive and registered letter, postal note or check, please send to us the name of the nearest agent. Write to: Chamberlain Medicine Co., 115 1/2 Broadway, New York, N. Y.

### THE WINIFRED ROBB WAY OF DOING THINGS.

W. E. Robb, world war veteran, incomparable Sheriff of Polk County, Iowa, and who does things in a way that not only is an outstanding feature in the criminal world but, also can be applied to conditions, religiously, racially, politically and nationally.

Robb in his crusade to rid Des Moines and Polk county of bootleggers, gamblers, prostitutes and criminals who heretofore have almost made this community an indecent place in which to live has unearthed through his honesty and relentless efforts things that stagger our imagination. We find that at the TIVE FORCE—the fellows who promised with their hands on the Bible to do all in their power to make this community what it should be. If someone had told us that they had hands in bank robberies and hold-ups we would have said it could not be true, yet they were found to be MASTER MINDS—THE BELL COWS—in many instances.

Robb is just the kind of thing that is needed in every institution that is supported by the public and is for the public's good. It does not matter what party he belongs to or whether he is doing this for fame, money or position so long as he does the "right thing" that is the thing we want.

We need men all over this country in every branch of the government who are willing to HIT when HITTING is needed and let the chips fall where they will. It is those kind of men that save a country. Lincoln saved the Union because he was that type. The Declaration of Independence was brought about because men wanted right and were willing to defy even the King in their own defense. What a great thing it would be if we had men in every church that had spirit like that. It is sickening to know that around the alters, in the pews and pulpits we have men and women who are ROTTEN to the core. Often the preacher or pretender as the case may be thinks so much of the pecuniary emolument part that he gets out of those people until if he knows that they are "coats of hell" he does not chastise them. Why devote so much time to talking about "giving to the Lord." It has almost taken "Christ" out of Christianity. If they believe that God is all they claim and will do all those things they claim for His servants why not HIT every evil. Let it make no difference if it is among the deacons, stewards, stewardesses or deaconesses or wherever it may be. "Throw the cap and let it fit whosoever's head it may."

The condition of Des Moines can be applied to the Negro race as well as to any other great issue of the day. Some of the styled best men in our race are the dirtiest, politically, socially, religiously and in every other imaginable or unimaginable manner, yet, too few of us will let the world know what we know about the damnable crooks. If we are like Sheriff Robb, on the square, we should enter charges against the dirty scoundrels.

I know communities where eight years ago the preacher, teacher, or any man who claimed to stand for something could demand the respect of the people. In those very places today they are looked upon as "nothing." The younger people have decided in their minds in many of these communities that all men are crooks and all crooks are men and that there is nothing to be gained from them. If we take a square look at this Negro problem, education, I admit it plays an important part but, CHRISTIANITY not hypocrisy is what our people need most.

Let every man that loves liberty, happiness and other things worthwhile remember that they are bought through "knowing what is right and DOING that thing." Robb's mode of procedure will revolutionize the city of Des Moines and is a mighty good example to be applied to other domestic and national conditions.

### GEORGIA MINSTRELS STREET PARADE

Famous Georgia minstrels will make a very attractive street parade introducing several novelties. The wardrobe is elaborate, and the music is the sort that starts the blood coursing quickly through your veins, and your feet start keeping time unconsciously and you feel exhilarated and finally will make up your mind to go and buy your tickets so as to get the choice seats, and you will be on hand early when the doors open to hear the free band concert in front of the theater. We all know how it feels to hear the minstrel band and hear those trombones slur that "jazzy" music.

There is always satisfaction and pleasure when you go to see the famous Georgia minstrels, the confidence that goes with knowing the years' of experience in providing amusement is a positive guarantee of satisfaction beyond the performance.

This company comes to the Berchel.

### Biliousness and Constipation.

"Four years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally."—Mrs. Rosa Potts, Birmingham, Ala.—Adv.

## "IS - THAT - SO?" I SAY IT IS.

Let me tell you that the Negro has found out that he has reliable thoughts and ability to do it. It is worth while to know he is actually learning to do by simply doing.

Mr. Raymond Dysart is the one that put jazz in jazzological. He makes that word spell success; Mr. Dysart's ability and taste to give the public real entertainment is remarkable.

The Capital City Giants have before them a big season, Des Moines is looking for them to bring home the bacon in each engagement. Mr. E. Jackson is the manager of the team. The members and their positions are as follows: Jackson, 2b; Brown 3b; Barber, ss; Shay, rf; Hayner (former player of the Tennessee Rats) lf; Whitfield, 1b; Sanders, cf; Sanders, c; Woods, utility; Moore, p; Solomon Barker, p. You will know just how these giants do things if you read The Bystander.

Do you know when you test a thing you generally know whether or not it will do. Now I wonder are we willing to test ourselves in pulling together—I believe we can move wonders—"just a test."

No doubt you want to see The Bystander grow to be the greatest weekly for our people "yes." You are quite right, if you will kindly interest yourself and your friends it would mean a boost. Every boost is a lift.

Do you know that there are too many among us who believe in doing things. Then on the other hand they are out trying to collect the reward before it is time. Wait and you will also be served.

A man who has the interest of his race at heart and a man that is striving to give to his people the very best in the line of "Good Home Cooked Meals," is Mr. Grant McKee of the McKee's Cafe. When you are in town try one of his home cooked meals. You will not regret it.

The attendance upon the services of the church the past Sunday was considerably decreased owing to the extremely unfavorable condition of the weather. ## ST. PAUL A. M. E. SUNDAY SCHOOL NOTES

Despite the almost incessant rain throughout the day we had a fair attendance on May 17. We are pleased to note the tendency on the part of teacher and pupil to be in their respective classes at the sound of the opening bell. This is indeed commendable.  
On Wednesday evening, April 27 seated around a beautifully decorated table, in the primary room, which room has recently been fitted up at a cost of \$150.00 were about thirty-five of our officers and teachers.

In this number were several former officers of the Des Moines district. The program as carried out on this occasion, though not previously arranged, brought out many helpful suggestions. We had short talks from the following persons: Dr. Griffin, ex-Supts. C. B. Woods, and Atty. S. Joe Brown, the district president of the A. C. E. league, and the district superintendent of Sunday schools. These talks were to the point. Mrs. S. Joe Brown, who is chairman of a special entertainment committee gave us a brief but clear report of her plans to build up our school, and invite African M. E. church pride. After refreshments the reception committee was given a vote of thanks, and we departed for our several homes. We are all, and especially our delegates are looking with joyous anticipation to the district conference and Sunday school convention which meets June 14, 15, 16 and 17 at Okaloosa.
