DES MOINES HAS A NEW NEGRO BUSINESS INSTITUTION

The Standard Loan & Realty Co., a new organization recently incorporated is now doing business.

The organization is equipped to lend money for security on real or personal property. It is also composed of some real energetic young Negroes and actually looks like it is going to be among one of the best concerns for colored people in the city.

Des Moines is a great and wonderful field for business adventures from the standpoint that if a man wants to get ahead and half way tries he can succeed, and if members of other races can succeed in that line Negroes can also.

JUSTICE FOR TOM LEWIS.

Attorneys George H. Woodson and C. O. Holly are representing Tom Lewis who is charged with the murder of Miss Clara Thorsdale and both men say they believe Lewis to be altogether innocent of the crime.

They wish to express their deep appreciation to the three or more colored ministers of the gospel of Des Moines who went to the jail to protest against the inhuman treatment which was shown Lewis and they wish to give notice that Lewis will have his public preliminary trial next Monday morning June 27 at 9 o'clock before Judge T. L. Sellers.

This man is friendless and without any funds and any contribution or donation to help out in this expense and cost will be greatly appreciated. This man's lawful constitutional rights as a human being and a citizen should be protected.

George H. Woodson.

NEGROES PROTEST AGAINST KLU KLUX-KLAN IN KNOXVILLE, TENN. States That 'ere Long the Good Racial Relation Would be Killed by Such Organization.

(By A. N. P.)

Knoxville, Tenn., June 23.—Requests for protection of the Negroes of Knoxville from actions of the proposed Klu Klux Klan to be organized in Knoxville as a subsidiary organization of the national organization of white citizens, was made last Tuesday before the city commission. J. L. Carey, a colored teacher in Knoxville College, made a speech and asked that "in view of the splendid relation in Knoxville of the whites and Negroes" that the commission refuse a charter to the proposed organization. Mayor Neal answered the man by stating that he did not know whether the organization would apply for a city charter, but that the commission could not take steps to prevent the issuing of a charter.

EDITORIALS

White Citizens (By Ed. D. Barr.)
The white citizens of this country are not the white citizens they have been called since the days of the Civil War. They are the white citizens of the South and the white citizens of the North.

What we say—“What of Harding?” demands a rejoinder—what does it matter to us if a black American is elected, as the Christian would say—“All the same?”

More business and less politics of the sort we have never had might well become a slogan.

Leaves of absence must be filling the “Hearst” but it seems to be flying high.

Democracy as it is practiced is as easy to understand as the Einstein theory of relativity.

Shakespeare has said, “The touch of nature makes the whole world kin” of course Bill Hood before George got on the map.

The Bystander wonders if the white man is still the treatment of Tom Lewis is a study for itself.

IN TOM LEWIS' COULDS?

The Bystander claims that the members of South Township should get everything they can get. We want justice and we want it now. We want to see the law enforced and we want to see the law enforced.

At this time the treatment of Tom Lewis (suspect) imposed upon him by the courts that he has received the souls of every sensible person in the South—people who have an sympathy for Lewis because he is a colored man but because of the treatment he has undergone in order to make him conform to the law of the South.

Of course such practices are the result of prejudice and would almost make the devil say he committed the crime to get through with it. Miss Thorne's death is enough to give a community or group of officials adopt such methods to get a confession of guilt.

It is a black face they are automatically or unconsciously stepping into the things that happened at Tulsa, Okla., Chicago—where justice besides the loss of thousands of lives and dollars worth of property. It stamps the stain of an civilization on the community, state and country.

Get it right, boys, because when a wrong is done some one must pay the price and often innocent men, women and children are sufferers for the foolish delusions of men through the desire to crush and punish the innocent.

WOMEN'S PROGRESS

He Hopes to Make African Solidarity Black. (By A. N. P.)
New York City, N. Y., June 23—Marcus Garvey is the head of the Negro Independent association, which carries the Black Star Line, and the hope of which is to make Africa solidly black out of these days. He promises that hope to his followers.

The N. I. A. has branches in the West India Islands and in Panama and Cuba and the like, and is said to have a membership of 4,000,000 Negroes, each of whom is said to pay 1 cent a day. That is \$360,000 daily, not to speak of the bond-selling privileges, and it may be that Marcus Garvey really could loan the republic of Liberia the \$5,000,000 at a pinch, \$5,000,000 of which it stands in need.

The United States, however, will probably loan the Republic of Liberia \$5,000,000. Because if Uncle Sam does not accommodate Liberia to this extent John Bull will. Or if John Bull remains obstinate, which is not at all likely, Marcus Garvey will be induced.

The story is one of international relationships. African west coast affairs, the oil business and the race problem. One might, perhaps, best take it jointly.

WOMEN CAN CEASE HIS SEARCH FOR AN HONEST MAN. WE HAVE ONE AND HE IS A NEGRO. (By A. N. P.)
Buzsard's Bay, Mass., June 23—Charles Garland, who a few months ago refused to accept his \$1,250,000 share of his father's estate, has just refused another million, this time from the estate of an uncle. Bare-footed, tanned and haggard, Garland is leading the life of a farmer here.

Men become great by following their ideals, not by following the lure of wealth. Money kills idealism. Christ preached this. I am a professing Christian.

A society based on money is the wrong thing," he continued.

All the evils of the world sprang from private possession—from the desire of one man to have more than another. The real things—ideals and ideas—cannot be bought and paid for.

If I have something others need I will give it to them. And if they have something I need I'll take it, but not on a money basis. If I want to eat, I'll plant my foodstuffs and build an engine to reap them. Then I am producing what I need and not robbing any one.

For the past week many subscribers have called at the office and settled for their subscription. This gives us a great incentive and makes us know that the better class of people are behind us in our fervent effort to make the Bystander all O. K.

Out of town people are paying up their subscriptions in a favorable manner. Many of them say that our paper is a hundred per cent better. The high cost of paper and other material with which to get out the paper is rather high at the present time. It is of course causes us to make some slight changes in the paper. We know that there are enough people behind us and we are going to do that. We want the public to have a good paper and in time we are going to give you one that is second to none. Watch us grow and help us keep growing.

CHILD SAVING WORK IN ARMENIA TOLD BY AN AMERICAN

Charles V. Vickrey Gives Facts of Near East Relief Program for Orphans.

Charles V. Vickrey, general secretary of the Near East Relief, has returned from a trip of inspection throughout Central Europe and the Near East, and made a report to the trustees of the Near East Relief in which he covers in detail the actual work of child saving now being conducted by the great American relief organization in the Near East. Mr. Vickrey believes that "a few millions of dollars wisely expended at this time in the education of the children of the Near East, in character building and in moulding these young lives, will be worth vastly more to the world

CHARLES V. VICKREY.

than billions of dollars spent later in suppressing international warfare and strife."

Mr. Vickrey considers the need in the Near East and especially in Armenia greater than anywhere else in the world, because, as he says, "In the countries of Central Europe there are going governments which have merely been temporarily impoverished by war. In the Near East, on the other hand, there is no such thing as stable government. The whole fabric of the state has to be created from the beginning, and the innocent and helpless children have to be trained to the responsibilities of future citizenship. Peace in the Near East and, in great measure, throughout the world, will depend very largely on the character of the citizenship of the peoples of the Near East."

Irresistible Appeal of Orphans. Describing the orphanage work of the Near East Relief in the Armenian Republic, Mr. Vickrey said:

"We have at Alexandropol in the Caucasus, one orphanage where there are approximately 10,000 homeless children, fatherless or motherless, many of them having no known living relative. Some of them do not even know their own names, or the place of their birth. They have shown wonderful recuperative powers, and to see them play their kindergarten or other games under the direction of our American relief workers, one could never believe that they had passed through the years of suffering that most of them have experienced since they, or their parents, were driven from their homes in Central Turkey five years ago.

"For the accommodation of these orphans there are sixty splendid stone buildings, erected as barracks for the Russian army. These buildings are now given to us by the Armenian government for a period of ten years and lend themselves admirably to relief purposes."

Lights for Sick Room.

When, as in case of sickness, you wish a soft, warm light in a room, rather than the glare that an electric light imparts, make little bags of china silk (any color desired), and put them over each bulb. It is well to run elastic around the edge of the circle, which you cut from the silk, so that the bulb can be easily removed by just slipping out of the bag.
