ATLANTA COUNCIL OVERRIDES MAYOR, PASSES ILLEGAL SEGREGATION ACT

New York, June 12.—Overriding by unanimous vote of 28 to 0 the veto of the mayor, the city council of Atlanta, Georgia, has passed a segregation ordinance which contravenes the decision of the U. S. Supreme Court in the Louisville Segregation case (Buchanan vs. Warley) won by the N. A. A. C. P. in 1917.

The Atlanta ordinance purports to evade the Supreme Court's decision by not mentioning races, and setting apart separate residential areas for "those persons who are forbidden to intermarry." The mayor vetoed the measure because he was advised by the city attorney that the measure was plainly unconstitutional.

The N. A. A. C. P. has offered its aid and that of its National Legal Committee to colored citizens of Atlanta in carrying the fight against this ordinance into court.

Rhinelanders Seek Divorce

Leonard Kin Rhineland, son of a well-known New York family, who gained considerable newspaper notoriety when he brought suit for, but failed to secure an annulment of his marriage to his wife, Mrs. Alice Rhineland on the ground that she was the daughter of a Negro hack driver, has brought suit for divorce at Las Vegas, Nev. It is reported that Rhineland has been living in the Nevada town for six months, the time required to establish a legal residence in order to bring suit, under an assumed name.

Mrs. Rhineland has announced that she will not fight the suit. The couple has been living apart since the original action was terminated. At present she is receiving \$400 per month alimony.

Rev. Hackley, Former Iowa Minister, Dies

The late Rev. A. W. Hackley, D. D., who died a few days ago had been in the ministry of the A. M. E. church for more than thirty-six years.

He came to the Des Moines District as its Presiding Elder in Sept. 1920 and served in that capacity for three years at the expiration of which in Sept. 1923 he was appointed pastor of the church of Ottumwa, where he served for two years at the expiration of which he was made Presiding Elder of the St. Paul District with headquarters in St. Paul, Minn.

In Sept. 1926 he was again appointed Presiding Elder of the Des Moines District in which capacity he served for two years and at the Annual Conference in Sept. 1928 he was returned to the St. Paul District where he was serving at the time of his death.

Before coming to Iowa, he had pastored for many years in Canada and his wife and family have always maintained their residence in Toronto where they resided at the time of his death and to which place his body was shipped for interment.

He leaves a host of friends and admirers in Des Moines, and throughout Iowa, where he has labored most of the time during the past nine years.

To the Negro Organizations of Iowa, the Negroes of Iowa, and Friends of the Negro:

This company is publishing a paper FOR THE NEGROES OF IOWA. It is necessary that THE RACE have A MOUTHPIECE in the shape of a weekly newspaper. CERTAIN ITEMS OF NEWS that would NEVER GET in the REGULAR PAPERS are published in THE BYSTANDER for the BENEFIT OF THE NEGRO—current news of what is happening among our people, news of the various social, religious and fraternal organizations, also civic and legislative matters of great importance to us.

Ordinarily a newspaper gets its financial support from subscriptions and advertising, but it is a well known fact the the proportion of business concerns operated by members of our race is not sufficient to furnish all the advertising needed, so it is necessary that we solicit advertising from the firms of the white man whom the Negro patronizes.

THIS IS A DIFFICULT TASK ON ACCOUNT OF RACE PREJUDICE

Therefore we feel it the duty of the various Negro organizations to put their shoulders to the wheel by raising a stipulated amount each month to help support The Bystander.

If the Negro organizations do this it will solve a problem which has made the regular publication of the paper uncertain for several years, still entail no great sacrifice upon any one person.

NO ORGANIZATION IN IOWA SHOULD TURN THIS REQUEST DOWN WITHOUT MAKING SOME SUBSCRIPTION, however small.

This matter will come up at a regular meeting of your body and it is our hope that you attend, giving it your especial support in seeing it adopted.

Any individual who has the interests of the race at heart is urged to subscribe to the financial support of The Bystander.

I hereby agree to pay to the Finance Committee, Iowa Bystander, _____ per month to be paid on or before _____ of each month beginning _____ and to continue until _____

Students Assert Rights; Prom Abandoned

Evanston, Ill., June 13.—The firm stand of 15 determined young students in refusing to relinquish their right to attend assembly members of their class a scheduled junior prom at the exclusive Evanston Country Club caused the brilliant annual ball of the Evanston Township High School to be called off.

Despite the efforts of the school faculty, class officers and the "prom" committee urging them not to participate, the race students clung to the fact that as class members they were entitled to the privileges which all other students enjoyed. The contention arose when the Evanston Country Club refused to allow the class the use of its club house if the Negro students attended.

Mrs. Hoover Invites Congressman's Wife to Tea at the White House

Washington, D. C., June 13.—Mrs. Oscar DePriest was a guest at the White House on the afternoon of June 12, when Mrs. Hoover entertained at one of a series of teas in honor of the wives and relatives of the congressional group.

Mrs. DePriest wore a charming afternoon ensemble of the loveliest pale blue georgette. The simplicity of the costume was relieved only by a beautiful rhinestone buckle on the left side of the finely pleated skirt. A coat, the shortest of jackets, completed the costume.

She wore a large hat of rosy-gray hair braid, trimmed with a cluster of hand-cut dove-ray velvet leaves, and a velvet rose placed modishly on the underbrim, framed her face becomingly. She carried a lovely bag which matched her hat, rosy-gray water-snake slippers, and a large pointed fox scarf.

Mrs. DePriest was graciously received both by Mrs. Hoover and the ladies of the cabinet, who, as usual, assisted in entertaining.

The invitation to tea was delivered to Mrs. DePriest by messenger last Wednesday. It was engraved on a heavy vellum card, carrying the White House insignia and read:

Mrs. Hoover requests the pleasure of the company of _____ of _____ on Wednesday afternoon _____ June 12th _____ at 4 o'clock

NATION STIRRED OVER REAPPORTIONMENT

N. A. A. C. P. in Congress Fight

New York, June 12.—This week has witnessed a stirring struggle in Congress over the census bill, involving an attempt by the South to reduce the representation in Congress of northern states, and a counter attempt by the North to enforce the 14th and 15th amendments.

Representative Hoch of Kansas introduced an amendment to the census bill providing that aliens be counted in apportioning representatives to Congress. This measure was designed to prevent increase in the representation of northern and eastern states while maintaining the present status of the South. Representative George H. Tinkham of Massachusetts, who for ten years has been fighting for the ballot for southern Negroes, at once retaliated by introducing an amendment which would bar all disfranchised citizens from being counted for the purpose of congressional representation. This amendment promptly threw the House into an uproar and brought adjournment until the following morning, as it was realized that it would enforce the 14th and 15th amendments and penalize the South.

This law has now been defeated in Virginia and in the Texas case, which is being financed entirely by the National Office of the N. A. A. C. P., a decision on defendant's motion to dismiss the complaint hourly expected.

The white primary victories are regarded as the most serious blow against disfranchisement of Negroes in the South since the celebrated Grandfather Clause case of 1913, in which the N. A. A. C. P. through its president, Moorfield Storey, was the only private organization to file a brief for holding Negroes voteless.

The N. A. A. C. P. promptly talked with Congressman Tinkham over the long distance telephone, congratulating him on his effective strategy and offering its support. N. A. A. C. P. branches throughout the country were telegraphed to urging them to get their congressmen to support Mr. Tinkham's amendment.

OUR PROPOSITION

The Bystander, like many other business concerns today is experiencing some difficulty financially for all the reasons other business institutions are facing and the further and more specific reason stated on the first page of this issue of the paper.

We believe that if the organizations in Iowa respond to the request referred to most of our difficulties will be solved. However, the purpose of this article regards the matter of the good will of the Negro constituency and a plea that it give the Bystander an opportunity to further justify itself. We offer no apologies for the Bystander we know from the Negro and white weekly papers that come to our desk each week that we get out a much better paper than most of them in towns with far greater possibilities than we have in Des Moines and in Iowa.

First, we want the people not to expect us to get out a sixteen page paper when a four page paper is not being supported. There are many people who pay their subscriptions promptly each year and it embarrasses us not to be able to give them the service which their promptness demands. But most of them don't.

Second, we wish to impress upon each and every one that advertisements or some form of subsidy must pay for a paper and that the subscription list however large cannot be depended upon to do this. It is almost next to impossible to get advertisements from most of the business houses in Des Moines even those where Negroes do a great deal of trading.

Third, we want them to remember that it takes capital to promote a business. It is a necessity that most Negro business concerns don't have. If the staff of the Bystander must spend all of its time raising money to get the paper out because reasonable efforts will not produce enough advertising revenue; then the caliber of the paper must be cut down.

Fourth, everybody makes mistakes. Other business people make mistakes for you every day. You simply make your complaint—get it off your chest—they apologize—YOU PAY and go back and trade again at the same place and are satisfied. We want you to give us the same chance.

Now we want you to make these things your motto with regard to the Bystander:

First: Don't knock the paper to your neighbor. Make your complaints to us and we shall be glad to rectify them.

Second: Pay your subscription when it is due and don't make us use your whole one dollar and fifty cents collecting it. We want some of it to pay our bills.

Third: Watch our list of advertisers and trade with them. We tell them that you appreciate their advertising in our paper, prove it to them by trading there.

Fourth: Say to those who don't advertise with us, "If you appreciate our trade say so in our paper."

Fifth: Ask your club, or other organization to adopt our plan as stated on the first page of this paper, and urge individuals black and white, who are able, to make a subscription.

Do these things and you will have little justifiable complaint against the Bystander and no other business can succeed. May we have your cooperation in the future?

RALPH REID

Mr. Ralph Reid, for the past few years secretary of the Welfare Bureau of the Chamber of Commerce, has accepted a position in Omaha, Neb., and will leave Des Moines shortly to take up his work.

NEGRO IN AMERICA

By J. G. Browne

Now-a-days we are hearing much about the age of machinery. How many of us realize the trend of affairs during the last ten years. What are we as a group doing or trying to do to protect ourselves from the idleness that is found to follow the displacement of man power by machinery.

As the field for manual labor diminishes those fields of labor upon which Negroes once had a monopoly are being usurped by white applicants; barbers, waiters, janitors and porters and now they are beginning to train white women for dining car service. There is but one source of relief and that is for the Negroes to realize now that it is time for us to come together and cooperate one with the other to establish and build up industrial and commercial enterprises of our own.

Patronize places of business established by our own people and foster commercial centers that in turn will create a field of employment for ourselves and our posterity. In our churches, lodges and social centers let us cherish and stimulate and promote ideas that will awaken every community to the extent that we will begin to realize the graveness of our condition. You who read these lines—have paused for a moment and thought of the places right around here in which we were once employed, but they are now using the other race? If you will do this you can say I remember when—in many cases. It is time for our ministers to begin preaching to us of the necessity of building up business enterprises as much so as to build churches. They should teach the members of their congregation to make some if not all of their purchases from the Negro business man, train their children that the ice cream cone from the Negro drug store is just as good as the one from the other drug store. Preach race loyalty, tell them that the gasoline sold at the Negroes filling station will run their car just as well as that from any other gas station. Instead of laughing at your weekly paper—subscribe and pay for it and help boost it and after a while when your boy or girl needs a place to earn a livelihood these enterprises that need you now will need them then.

WISCONSIN ANTI-MARRIAGE BILL KILLED WITHOUT HEARING.

New York, May 31—Wisconsin's latest anti-intermarriage bill has been returned to its sponsor without any public hearing thus killing it in the legislature, according to information sent the National Association for the Advancement of Colored People by Ted Robinson, secretary of the Madison, Wis., branch.

Concerning the campaign against the measure, conducted by the N. A. A. C. P., Mr. Robinson writes: "While we had prepared a very influential list of persons, the leading political party to speak in Committee against the bill and exert their influence against it on the floor later, we are more than glad not to have to use them. There is more than a suspicion that the bill's fate was dictated by the interests we lined up against it. . . . The president of the Madison branch of the N. A. A. C. P., deserves a great deal of credit for what has happened. He is a white minister here and very influential. He simply found out what we wanted and got busy."

Columbia, S. C., May 31—Whether or not Mrs. Blanche Smith thought her husband was a "piece of ice" because his love had cooled is not known, but it is a fact that she used an ice pick on David during a little domestic tilt here Tuesday night, Mr. Smith was carried to the Samaritan hospital for treatment of stab wounds and Mrs. Smith was carried to the police station for questioning.

Des Moines will be sorry to lose Mr. Reid. Under his supervision have been two Negro organizations. He has handled their problems with the greatest degree of satisfaction for he has not only sought to carry out the will of the Welfare Board with regard to these Negro organizations but he has tried to find out what the Negroes wanted and made that the program of the Welfare Bureau. It is not easy to find a man who has advanced this far. When we do we hate to lose him. Mr. Reid will be missed and our only hope is that another will replace him equally as fine.

Weekly Health Talk

By Dr. Hubert H. London

CHOREA

Chorea or St. Vitus Dance is a disease which affects children between the ages of five and fifteen and is characterized by irregular movements of the arms and face. It may result from any infection as Measles, Scarlet Fever, or Whooping Cough. It occurs sometimes during pregnancy. It may happen if there is anemia or malnutrition and in those badly nourished when there has been overstudy at school and the worry of examinations. The chief causes however are injury or a scare of some kind or some infection principally tonsillitis or acute Rheumatic Fever. Perhaps most of the cases begin in the tonsils. The duration of the disease is about twelve weeks in most cases and it takes persistent treatment and watchfulness and care to bring about a cure within this time. Although not usually fatal the location of the lesion in the brain makes it serious and this accounts for the fact that in every case there is dulling of the mind and a lessening of the mental acuity. As a rule the mind returns to its previous normality but there are exceptions. In any case observed at the beginning the child should have all activities stopped and rest insisted upon absolutely. Rest should be insisted upon following tonsillitis also, in this way guarding against the onset of a possible Chorea.

Atlanta Mayor Puts Veto on Segregation Law

Measure Held Unconstitutional—Council Will Try to Override Veto, Say Friends of Bill. Atlanta, Ga., May 31—Following the recent example of Richmond, Va., Atlanta is just now in the midst of a segregation muddle. On Monday night the City Council, without previous warning of its purpose, enacted an ordinance forbidding any white or colored person to move into a block the majority of whose residents belong to the other race. The ordinance, it is stated, is an exact copy of the one recently enacted in Richmond, which has already been declared unconstitutional by Judge Lawrence Groner, who has issued an injunction against its enforcement.

When the ordinance was first presented to Mayor Ragsdale he is said to have approved it. However, when his attention was called by representatives of the Inter-racial Commission and by the city attorney to the fact that previous ordinances of an exactly similar sort have been held unconstitutional by the United States Supreme Court, and that the Richmond ordinance enacted a few weeks ago has already been adversely ruled upon by the courts, the mayor changed his mind and vetoed the bill.

Now the authors of the bill are insisting that the mayor, having signed it, had no authority to change his mind and veto it. They say that this issue will be brought before the council next Monday night and that, in case the mayor's veto is held to be valid, the council will be asked to override it by a two-thirds vote.

Whether this can be done remains to be seen. Meantime nobody is very much worried, since there can be no doubt as to the ultimate outcome.

The total number of Negro theatres, Mr. Leonard says, is 400, most of them alternating between musical and dramatic stock.

Charging to Re-connect a Telephone Keeps Down Your Rates

Your rates for telephone service are kept lower than would otherwise be required, because a charge is made to help pay the cost of re-connecting a telephone.

If we didn't make this charge, the entire cost of re-connecting a telephone would have to be included in the rates charged all of our subscribers.

It is only fair to the subscribers who seldom or never move, that at least a part of the expense of connecting a telephone should be met by those who move frequently.

Even though a telephone is already in place, much work is required before service can be provided over it. Wiring has to be done in the central office and information, accounting and other records must be changed. This costs money.

History of Corinthian Church and Its Pastor

Rev. G. W. Robinson was born in Bennettsville, South Carolina, April 15th, 1884. He graduated with an A. B. degree from the Benedict College, Columbia, S. C. in 1910. The following three years he was a professor in Central Texas College, Waco, Texas. In 1918 he was called as pastor of the Second Baptist church of TI Paso, Texas, taking full charge in April, 1914. He at once began to put new life in the church work there which had been greatly scattered at the time of his arrival there.

The church membership was 186 and there was a church indebtedness of \$7,000.00. During his three years as pastor the membership was increased to 324. The indebtedness was reduced to \$1,890.00 and the church edifice was improved to the amount of \$2,000.00. In February 1917 he was called as pastor of the Corinthian Baptist church, Des Moines, Iowa. Taking full charge on April 15, 1917. His first text was Matthew 14-31. Words-Oh thou of little faith, wherefore didst thou doubt. When he came here it was about the time of the world war and the people had a mind to work as Nehemiah said. He finds a membership of 362—his first work was to revive the hearts of the membership and to increase the numerical strength of the church. The result was the first year there was an addition of 235 members.

The pastor was a young man of God and the Spirit of Work was in him to make it a large Corinthian Baptist church. So the second year of his pastorate he added 205 new members to the church, and at the same time, negotiated the improvement of our church in order to maintain a standard in accordance with the increasing membership and what the present day church is calling for. Therefore the third year the church was pebble dashed, 400 new chairs were put in and expensive interior work was done including a raised floor making it a modern church home complete at a cost of \$6,500.00. The fourth year that entire indebtedness was wiped out. The fellowship of the churches of our city and state were not what it should be, and has not been for many years. Rev. Bro. Robinson started in 1922 to create a better unity and more fellowship. One with another working for Christ and the up building of his kingdom and denominations than has existed. Today there is more love and harmony existing among the churches which has heretofore been a failure, for thirty years. There seems to be no race or color but all for Christ. The state is better organized than ever before.

The church approved the same. So Pastor Robinson successfully negotiated for another church home located at 9th and School Sts., having sufficient room for the future church, with a new pipe organ, 10 Sunday school class rooms, pastor study, Secty room, Cradle roll room, choir room, full basement, gallery and a 10 room pastor residence. The congregation took possession of this church home on July 3, 1927.

Rev. G. W. Robinson has been and is a great asset to Des Moines and Iowa with the largest membership of any colored Race Baptist Church between Chicago and California, with 927 members. Sunday school attendance 275, B. Y. P. U. 190 and 17 different auxiliaries. Rev. Bro. Robinson has been our pastor for a little more than 12 years and has held the following positions. Board member of the Iowa Baptist Convention for 8 years (white) President Western Bupt. convention 2 years, Corresponding Secy. Iowa Minnesota Bupt. Association 10 years member of the Des Moines interracial commission 2 years. Member of the Board of trustees of the charity league 5 years. Member of the board of N.A.A.C.P. and many others that space will not allow. By Frank J. Harris, former church clerk, 3112 N. Union St., Des Moines, Iowa.

Hardly Cheerful Greeting

A large number of travelers never actually see the beautiful scenery and monuments whose pictures they find on post cards. One card showing a photograph of a vista in Persia a Chinese secretary read: "Having a lovely tea. Wish you were here!"

Stops Prom

The annual "prom" had been a custom of the Evanston school for years, and 700 students, members of the junior and senior, were eligible to attend the dance this year. Race students, however, were insistent in demanding their rights which culminated in the calling off of the dance. June 14 had been set as the date of the "prom."

The action of the race students culminates a long series of clashes between the two groups and the stand of the colored pupils was held justifiable by many prominent people of the community.

History of Corinthian Church and Its Pastor

Rev. G. W. Robison was born in Bennettsville, South Carolina, April 15th, 1884. He graduated with an A. B. degree from the Benedict College, Columbia S. C. in 1910. The following three years he was a professor in Central Texas College, Waco, Texas. In 1918 he was called as pastor of the Second Baptist church of TI Paso, Texas, taking full charge in April, 1914. He at once began to put new life in the church work there which had been greatly scattered at the time of his arrival.

The church membership was 186 and there was a church indebtedness of \$7,000.00. During his three years as pastor the membership was increased to 324. The indebtedness was reduced to \$1,890.00 and the church office was improved to the amount of \$2,000.00. In February 1917 he was called as pastor of the Corinthian Baptist church, Des Moines, Iowa. Taking full charge on April 15, 1917. His first text was Matthew 14-31. Words-Oh thou of little faith, wherefore didst thou doubt. When he came here it was about the time of the world war and the people had a mind to work as Nehemiah said. He finds a membership of 362-his first work was to revive the hearts of the membership and to increase the numerical strength of the church. The result was the first year there was an addition of 235 members.

The pastor was a young man of God and the Spirit of Work was in him to make it a large Corinthian Baptist church. So the second year of his pastorate he added 205 new members to the church, and at the same time, negotiated the improvement of our church in order to maintain a standard in accordance with the present day church is calling for. Therefore the third year the church was pebble dashed, 400 new chairs were put in and expensive interior work was done including a raised floor making it a modern church home complete at a cost of \$6,500.00. The fourth year that entire indebtedness was wiped out. The fellowship of the churches of our city and state were not what it should be, and has not been for many years. Rev. Bro. Robison started in 1922 to create a better unity and more fellowship. One with another working for Christ and the building of his kingdom and denominations than has existed. Today there is more love and harmony existing among the churches which has heretofore been a failure, for thirty years. There seems to be no race or color but all for Christ. The state is better organized than ever before.

The church approved the same. So Pastor Robison successfully negotiated for another church home located at 9th and School Sts., having sufficient room for the future church, with a new pipe organ, 10 Sunday school class rooms, pastor study, Secty room, Cradle roll room, choir room, full basement, gallery and a 10 room pastor residence. The congregation took possession of this church home on July 3, 1927.

Rev. G. W. Robison has been and is a great asset to Des Moines and Iowa with the largest membership of any colored Race Baptist Church between Chicago and California, with 927 members. Sunday school attendance 275, B. Y. P. U, 190 and 17 different auxiliaries. Rev. Bro. Robison has been our pastor for a little more than 12 years and has held the following positions. Board member of the Iowa Baptist Convention for 8 years (white). President Western Bapt. convention 2 years, Corresponding Secy. Iowa Minnesota Bapt. Association 10 years member of the Des Moines interracial commission 2 years. Member of the Board of trustees of the charity league 5 years. Member of the board of N.A.A.C.P. and many others that space will not allow. By Frank J. Harris, former church clerk, 3112 N. Union St., Des Moines, Iowa.

Hardly Cheerful Greeting

A large number of travelers never actually see the beautiful scenery and monuments whose pictures they send home on post cards. One card showing a photograph of a vista in Pora a Chaise cemetery read: "Having a lovely day. Wish you were here!"
