St. Paul Church To Hold 57th Year Celebration, Aug. 6

By Gordon H. Kitchen
The St. Paul African Methodist Episcopal church will celebrate its fifty-seventh anniversary on August 6th at 8 o'clock at the church, 12th and Crocker streets.

The history of the St. Paul church is full of romance, pathos, struggle, tragedy, comedy and service to the community in general and the Negro inhabitants in particular. The church owes its beginning to Mother Annie Allen, a ninety-two year old former slave woman, who sat with a few people in the little Carter home at 1225 Park street, before it was a street, and discussed plans for organizing an A. M. E. church to serve the few hundred Negroes, who were free men in Des Moines in 1872, the year the church began its varied career in the city.

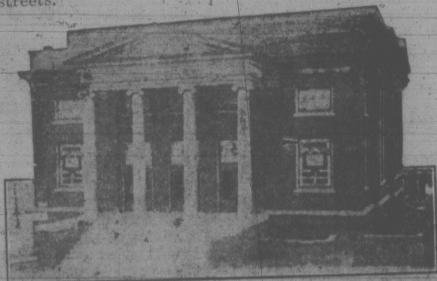

Rents First Quarters
The first location of the church was on the west side of Sycamore street between 7th and 8th. The Rev. Geo. Benson was appointed the first minister. The membership rented quarters wherever they could find them for 7 years. In 1897 the Rev. Thomas A. Cheek built a church home on the corner of Second and Center streets, near the Des Moines river. Services were held here until 1918 at which time a church was built on Twelfth and Crocker streets.

ST. PAUL A. M. E. CHURCH

Allen, a former slave of Kentucky and a resident of Iowa since 1857 and Des Moines since 1868, is the only living charter member left of the little band of pioneers, who gathered one December night to discuss plans of organization. The other charter members, who are all deceased were Archie Brown, Amanda Carter, Bill Carter, Isaiah Carter, Jennie Carter, Louise Carter, Marguerite Carter, Oliver Carter, Rachel Carter, Sampson Carter, Nan Cathram, Jefferson Mash, Mary Mash, Dudley Miller, G. W. Turner and Sarah Turner.

Many Ministers Served
Many different personalities have filled the pulpit of the church since the Rev. Mr. Benson was called to minister other fields. Most of the ministers have worked untiringly to make the church the most vital factor in the life of the Des Moines Negro. During the fifty seven years the congregation of St. Paul has been led by the Reverends Benson, Myers, Hathan, Marley, Boyd, Alexander, White, Cheek, Jacobs, Hardin, Hann, Clark, Trevan, Laws, Gray, Seymour, Brooks, Gaines, Daniels, Taylor, Jackson, Birt, Griffin, Jones, Scott and Williams, the present pastor. The church made tremendous strides in

ministers. The Rev. Dr. Sampson Brooks, who once pastored St. Paul in Des Moines is now a Bishop in the African Methodist Episcopal church. Some ministers after leaving St. Paul have left the denomination altogether.

Most of the ministers have been splendidly assisted by laymen of St. Paul some of which are Adam Dixon, S. Joe Brown, Harrison Gould, Annie Allen, Oscar Glass, John Walker, Mrs. Adam Dixon, Mrs. Alex Griffin, Mrs. S. Joe Brown, Mrs. Izora Mackey, Mrs. Gus Nicholas and others too numerous to mention.

From an obscure beginning the church has grown to be one of the largest Negro churches in the Midwest. The building and site are valued at some \$100,000 and the membership has grown from less than fifty to one thousand.

The present pastor, Dr. George Washington Williams, is a graduate of Morris Brown University, Atlanta, Ga., and has been a leader of church affairs for almost a half century. He was recently endorsed for a general officer in the church by many districts.

Rosenwald Gives N. A. A. C. P. \$2,500

New York, August 2—The Executive Committee of the Julius Rosenwald Fund on July 12 voted that the sum of \$2,500 be appropriated to the N. A. A. C. P. Information regarding this action has just been communicated, it was announced today to James Weldon Johnson, Secretary of the N. A. A. C. P., by William B. Harrell, Secretary-Controller of the Julius Rosenwald Fund.

Negroes Give To Shakespeare Chair Fund

New York, August 1—Check for \$1,000.00 was forwarded on July 18, to Otto H. Kahn, Treasurer of the American Shakespeare Foundation, by James Weldon Johnson, this sum being contributed by a number of colored American citizens for the purpose of endowing the Ira Aldridge Memorial Theatre at Stratford-Upon-Avon.

Ira Frederick Aldridge, according to the new International Encyclopedia, was born in 1810 and died in 1867. He was known as "the African Roscius." There are conflicting accounts of his early life. Whatever his early life, Aldridge became the servant of Edmund Kean, the great Shakespearean actor, accompanying Kean to England in the early part of the 19th Century. On his return to America he appeared on the stage in Baltimore without success. He then went back to England, making his debut at the Royalty Theatre in London as "Othello." He was an instantaneous success and became remarkably popular. He later played the role of Aaron in "Titus Andronicus" in 1852 and later such parts as "Zanga," "Oronzono," "Rollo" and other characters throughout England. At Belfast he played "Othello" to the "Iago" of Edmund Kean who greatly admired Aldridge.

His rise was rapid and he appeared with great success in Brussels and other places on the Continent. He was decorated with crosses and medals by the emperors of Austria and Russia and the king of Prussia, and was honored with membership in several of the great academies.

Officials To Welcome Le'gue

Tuskegee Institute, Ala., Aug. 2—According to information received at headquarters of the National Negro Business League, addresses of welcome will be delivered to the Business League annual convention by Indiana Secretary of State, Honorable Otto G. Field, and by his Honor, Mayor L. Ert Slack of Indianapolis. These state and city officials will speak on Wednesday evening, August 14th, and the same night that Dr. R. R. Moton, President of the Business League delivers his annual address. At the Wednesday morning session other addresses of welcome will be delivered by prominent colored citizens of the state and city.

Unappreciative Guest

Ralph, three years old, was spending the day with his aunt. Thinking a custard would appeal to him, she inquired if he liked them, at which he answered: "Oh, my, yes." However, upon being served, it fell short of his expectations. He ate a little and, passing it to his aunt, said: "You can have it, Aunt Myra. I am so full, and if you want some water to wash it down, here's my glass."

Demand End of Segregation At Asbury Pk.

Asbury Park, N. J., August 2—"We are going to use our beach as other people use it" is the unequivocal demand that has just been made upon the board of commissioners of Asbury Park by the Asbury Park Branch of the N. A. A. C. P. in a letter which was today made public. During the summer of 1928, following the action of police officers who approached colored people and told them to "go down where you belong," protest by the Asbury Park N. A. A. C. P. to the mayor brought forth the statement from that official that "no such order had been given any officer of the force and no such orders will be given."

The discriminatory practice complained of was ended. This year, however, it was rumored, certain colored people approached the City Commissioner and asked for a segregated section of the beach. As a result there have been several instances recently where colored people have been ordered away from certain parts of the beach.

In the letter to the Board of Commissioners relative to this latest instance of discrimination, the Branch declares: "We are citizens and not cattle and we will not be quiescent under any practices or conditions that seek to deprive us of our inalienable rights. If it must be so, we shall peacefully submit to arrest in order to have the courts inform you what are our rights; but rest assured that we are going to use our beach as other people use it."

The N. A. A. C. P. letter then calls attention to an attack made upon 3 colored men by a life guard on July 14th because they went to a part of the beach where the guard thought they should not have gone. The letter ends with the statement: "We feel that we have been patient and have endured much. We shall not annoy you with further communications unless you so desire, but please be advised that the National Association never fights except for the rights of citizens, and it never stops fighting until the court of last resort has passed upon the issue."

The outcome of the case is being watched with interest by the citizens of Asbury Park and other New Jersey beach resorts. It is the feeling that had Negroes maintained a united front against discrimination or segregation the present issue would never have arisen.

The brotherhood recently accepted affiliation with the American Federation of Labor. Mr. Lancaster said that "hundreds of cases of intimidation" have been reported to the brotherhood.

New York, August 2—"This office will prosecute all persons who participated in the deportation of our fellow citizens" is the unequivocal declaration of Attorney-General C. A. Sorenson of Nebraska in a letter to the N. A. A. C. P. made public today. The Nebraska official's letter was in response to a telegram from the Advancement Association which congratulated him upon his prompt action against those persons who, because of an alleged murder by a Negro, drove from North Platte, Neb., all of the 200 Negro residents of that town. "We are not entitled to any congratulations, we are simply doing our duty," Mr. Sorenson wrote the N. A. A. C. P. in expressing thanks for the Association's message which also proffered its aid. "We have sent men to North Platte to conduct a thorough investigation" he adds, and further expresses determination to protect to the limit the Negroes of North Platte.

In acknowledging receipt of Mr. Sorenson's letter, Walter White, Assistant Secretary of the N. A. A. C. P., wrote that "if more public officials were as loyal to their oaths of office as you have shown yourself to be, the problem of mob violence would soon be materially diminished in the United States."

HELP THE YOUNG FOLKS

Altogether too many boys are being haled before the Polk County Juvenile Court charged with crimes which show that some corrective measures in the home, if put to use, would go a long way toward reducing the number.

In most cases the parents are away from home and the boys are allowed to go and come at will without any checkup as to their whereabouts or the class of company they keep, often spending nights away from home with the slightest excuse which these parents accept without an investigation.

Too many of these boys are idle when if they were employed on some kind of a job, however small, there would be less time to engage in crime and in the meantime they could earn a few pennies honestly, sufficient to take care of their small needs. In most cases their offenses involve amounts less than a dollar.

Mrs. Effie M. Watkins, Juvenile Court officer and Mr. Gordon Kitchen, Secretary of the Crocker Street Y. M. C. A., cooperating with Juvenile Court officers are doing heroic work in an effort to salvage these boys, but the parents and "other social workers" need to help.

It is not enough to care for the sick, dying and aged. Most of them have had their day. The men and women of tomorrow need to be saved.

AGGRESSIVE CITIZEN GONE

Atty. Chas. P. Howard has gone to Chicago as manager of the Chicago office of the National Benefit Life Insurance Company. It is with distinct regret that he leaves, not because he does not deserve a promotion but because Des Moines regrets to lose an aggressive citizen like him.

As a lawyer he made great strides; as a contributor to his column "The Observer" in the Bystander, he made many friends for the paper, as a scraper for the things Negroes battled for in Iowa he was always in the fight.

Of course it is not easy to appreciate all the things one does when the work is being done and that is why rewards are so much appreciated. Howard appreciated Des Moines and Des Moines appreciated him. We believe his career in Chicago will be successful, only in a larger measure.

NO RECIPROCITY

The Chicago Whip, one of the leading Negro papers of America, has been conducting a campaign in an effort to show the public that many stores in Negro sections where from fifty to seventy per cent of their trade is Negroes never spend five cents for Negro help and in fact progress with their Negro Agency.

The Negro in America

By J. G. Browne.

This article is dedicated to our leaders in the hope that they will realize the truth of the old maxim, "Charity begins at home". When it comes to our local disadvantages and handicaps many of our would-be leaders have their eyes turned heavenward and on heavenly things. They can froth at the mouth and hold public protest meetings over segregation in Michigan, but go home and sleep in comfort while Negroes are being driven from home in Urbansdale. They howl in anguish over discrimination in Virginia, but say nothing and do less while Negroes are being insulted daily at our theatres.

They are leaders in the N. A. A. C. P., the Interracial Commission, and the Commission to enforce all the laws of our land, but have nothing to say while we are denied privileges at the public bathing beaches and are segregated to a single mudhole close by a sewer. When they have called a meeting, and had themselves elected and made an announcement of the same with their accompanying photographs they have done their whole duty toward man. Perchance they may pass a resolution of thanks to the local editor who has been fair in his articles toward our group, and that's all; there is nothing to do till next election.

The majority or the rank and file of Negroes are red blooded Americans who would like to enjoy our public places of amusement and recreation just the same as all other Americans do. We would like to go in bathing when it is 90 degrees in the shade without being singled out and directed to the mudhole. We would like to go to the Orpheum or Des Moines Theatres without having to push the ushers out of the entrance before we can get to our seats. If you are too holy to investigate these conditions and try to remedy them, you do the rest of us an injustice when you aspire to leadership. Truculent toadyism never got anything but contempt for those who practice it.

We would like to swim here and now. That sea in heaven is glass and none of us wish to postpone our diving and swimming in water here to try it out in glass hereafter. We want vigorous, aggressive leadership by real human leaders who are interested in the everyday things of life. Leaders who lead.

NAACP Thanks Neb. Governor for Fast Action

New York, July 26—The action of Attorney-General Sorenson of Nebraska in threatening to call out the militia and declare martial law, if necessary, to protect the lives and property of the two hundred Negro citizens of North Platte, Neb., who, according to press dispatches were driven from their homes by mobs following the killing of a policeman, was praised here today by the N. A. A. C. P. In a telegram to Mr. Sorenson the Advancement Association offered its aid "in safeguarding the rights under the law of these citizens" and in stopping "the penalizing of two hundred Negroes because of the alleged crime of one of them."

The Association's telegram was signed by James Weldon Johnson, national secretary.

New York, July 26—John D. Rockefeller, Jr., has just renewed his annual contribution of \$500 to the N. A. A. C. P. It was announced here today. In a letter of transmittal of the cheque for that amount Mr. Thomas B. Appleget stated that with the cheque "go our heartiest good wishes for the further success of the work which is being carried on so ably under your direction."

The Southern Bell Telephone Company of Atlanta, Georgia, has engaged the services of B. C. Baskerville, a colored man, to act as special representative with an office on Auburn Avenue in the Negro section of the city. Since this appointment a few months ago, more phones have been installed in the homes of Atlanta colored people than in any whole year before according to a report in the ATLANTA INDEPENDENT. It is said that the Bell Telephone Company officials are very much gratified with this experiment.

Weekly Health Talk

By Dr. Hubert H. London

BE EXAMINED

An examination at least once in a year is a necessity. No one can afford to be content with the idea that he is in fine physical condition when such fact is not known and has not been verified by such physical examination. It is too much of a risk to take to go on from year to year believing the health to be good when some condition may be in progress even then which is beginning to undermine the health. The body is a very complex structure and all the inventions that are to be will no doubt have become habitual common everyday things before all is known about it. This makes it necessary to guard it very closely in some respects so that it may be remedied without serious defect at the first sign of departure from the normal. The person may have no symptoms, nothing to indicate that all organs are not working properly but the examiner may observe those called objective which are sure signs of some abnormal condition. This applies particularly to those of middle age and past, and more to women of that age than to men, but to both nevertheless. The nature and progress of cancer makes it imperative that women of the age mentioned have these examinations regularly. Such a plan makes it possible for all existing disease conditions to be helped, probably cured and for those that might prove fatal to be cured before they become incurable.

The recently announced failure of the Independent Order of St. Luke's of New York does not in any way affect the Right Worthy Grand Council Independent Order of St. Luke's with headquarters located here, according to announcement made Tuesday by Mrs. Maggie L. Walker, grand secretary-treasurer of the national organization.

The announcement of the failure of the New York order gave rise to belief on the part of many that the Right Worthy Grand Council Independent Order of St. Luke's would be

New York, July 26, (CNS)—Half the broadside that Alice Jones Rhineland, Negro bride of Kip Rhineland, is firing at the wealthy Rhineland clan, went on its way toward Phillip Rhineland, her father-in-law yesterday. It took the form of a \$500,000 suit for alienation of affections.

The other half of the broadside designed to break up the peace of mind of the Rhineland family badly shattered by the 1924 wedding of Kip and Alice and the subsequent unsuccessful suit for annulment, has not been touched off yet.

This is the separation action which Alice, the daughter of a New Rochelle hack driver, will file in White Plains supreme court, the scene of her earlier triumph, as soon as Kip begins his divorce action against her in Reno.

Mrs. Rhineland's attorneys, Clark Close and Davis, filed the suit yesterday. Summons and complaint for the elder Rhineland were accepted by his attorneys, Laughlin, Gerard Bowers and Halpin on July 9. The Rhineland answer is due July 29.

Alice charges that prior to and since her marriage to Kip, his father at all times "exercised an exerted an influence and control over his mind and wrongfully contrived to take him away."

MAISON, GA., July 25.—There are times when cussing is justifiable and one of those times is when a merchant sells you a green watermelon, according to the decision handed down by Judge Hatcher when Mrs. Clara Johnson was brought before him on charges of having cussed a storekeeper. The woman testified that the storekeeper had sold her a watermelon and after she had lugged it home, a distance of several blocks, she cut it and over the matter she returned to the store, told the proprietor a few things and was "booked" on charges of using profanity and obscene language. After listening to the woman's testimony, the judge deliberated a few minutes and declared that the case was one of "justifiable cussing" and of both white and colored editors, us-

Say Publication "Unfit"

At the Bishop's Council held recently in Denver, a group of ministers from this district introduced a resolution censuring Bryant bitterly. It was adopted, despite a vigorous plea by Mr. Bryant.

Among other things the resolution asked that the Bishops request Governor Henry Horton of Tennessee to appoint an accountant to make an investigation of receipts and expenditures and whatever else might be necessary to establish the exact financial status of the Sunday School Union. It further stated that "The Sunday School Union's object is to unite, strengthen, and extend the Sunday School work and to provide ample and suitable literature for the same."

"We take the position," the resolution said, "that the 'Allenite' is not suitable literature but to the contrary it is the most blighting and scathing curse with which the church and Sunday school are afflicted. Since this is true, we request an accountant that we may know what a monumental sum of the church's money is being spent on the publishing of literature positively forbidden by the constitution of the church."

The resolution was signed by a number of ministers.

Nashville, Tenn., July 26—Re-

sending the continued vitriolic attacks on prelates and ministers of the A. M. E. Church by Ira T. Bryant, secretary of the Sunday School Union and manager of the church publishing plant here, the objects of his wrath are beginning to fight back. The business of the publishing house is reported to have taken a sharp drop, many districts having defected their order of Sunday School literature to other publishers. In some instances churches are even purchasing from the M. E. Book Concern at Cincinnati, which is operated by the Methodist Episcopal Church, a white organization with many thousands colored members. These pastors defend their action by claiming that some of the literature issued by Mr. Bryant is unfit to read and pointing out that all Sunday School literature is edited by a general cooperative committee composed of both white and colored editors, us-

There are plenty of fruits and vegetables which abound in this necessary vitamin, but it has been found to be the one most easily destroyed by cooking. It is useless to give your family plenty of spinach, cabbage,

Electro Magnet Now Used to Milk Cows

In Albany, N. Y., where he was born more than 130 years ago, there was unveiled the other-day a statue of Joseph Henry, discoverer of the electro magnet. The statue depicts Professor Henry examining an electro magnet, the principles and workings of which were discovered by him in a room of the Albany Academy, in front of which the statue stands.

Many of modern industry's most important tasks are possible of performance only because of Henry's discovery of the electro magnetic force. The most recent application of the electro magnetic force is reported by the DeLaval Engineering Laboratories, which have harnessed the electro magnetic force to achieve uniform milking of cows—a goal sought by scientists for over 20 years. This is accomplished by means an under pulsator and controlled from a pulso pump by magnetic force. This simple and inexpensive method insures perfect milking with the least trouble and attention on the part of the operator.

John Henry shares with Morse the honor of inventing the telegraph.

Coed Marries Negro Youth At Columbia

New York, July 26, (CNS)—Edith M. Sproul, white, of 115 West 11th Street was married last week to Jerome Sydney Peterson, of 141 West 113th Street by Deputy City Clerk Joseph J. McCormick in the municipal chapel.

The bride and her husband are students at the Columbia university of medicine.

That the newly wedded pair will be welcome in the Sproul family was made plain by Albert E. Sproul, the girl's father, a commercial photographer at 9 West 35th Street, who because of radical associations is free from the influence of the ideology of superior and inferior races.

"I don't know Peterson, in fact I have never heard of him before," Sproul said, "but he will be welcome in my home if Edith loved him enough to marry him. She is well educated and has good judgment. She must have given this serious consideration and well aware of what she was doing. She has her own life to live and must live it as she chooses."

At the medical college it was said that Miss Sproul has been absent from her work as a summer student in the pathological laboratories for several days.

MONTGOMERY, Ala., July 26.—Hundreds of potential lynchers were cheated of their prey here Friday when state law-enforcement officers arrested and carried Charley Harris to the state prison instead of to Eufala, where he was wanted on a charge of killing a white man and attacking a white woman.

This entire section has been seething with excitement ever since the crime was committed. Posses have conducted an intensive man-hunt with blood hounds, and reports that the fugitive had been captured and carried to "such and such jail" have sent armed men scurrying to various jails demanding the prisoner.

That the victim would be lynched if returned to Eufala was a foregone conclusion. So when found, Harris was rushed to the Kilby prison, where he is absolutely safe. This action, however, aroused the ire of those who sought to take the law in their hands, but they expected to have another chance to get him, namely, when he was brought to Eufala for identification.

In this they were wrong again. Harris was not carried to Eufala. Instead the law-enforcement officers boarded the train here for Eufala, with a photograph of Harris, which was identified by the white woman as the picture of her assailant.

Governor Graves and his law-enforcement officers took every precaution to prevent a lynching and were successful.

Baton Rouge, La., July 26—(A. N. Roper, N. C., July 26—The attack made upon Congressman Oscar De Priest of Illinois by J. J. Clemons, principal of a local school, has interpreted as an effort on the part of Clemons to ingratiate himself upon the white folks of this section.

Clemons, who is reported as having said that he preferred to teach school than practice law, although he is a law school graduate, because "his folks" needed to be taught to respect white people, and he might be compelled to embarrass some of his white friends in cross-examination, scored Mr. De Priest's Cleveland address and declared that it did not represent the opinion of the colored people as a whole.

This criticism of the Illinois congressman on the part of the school teacher who was born in the West Indies, has revived reports of other occasions when he sought to please the white people by whom he is "highly respected". One of these reports is concerning an occasion when he fired two of his teachers because they refused to answer white people "Yes sir" and "No sir". At this time he is alleged to have sought the aid of police and threatened to issue warrants for the disrespectful teachers.

While Clemons might be well thought of by a certain group of whites, he is not held in high esteem by members of his own race. He has been publicly denounced and at one time a group of citizens branded him as a traitor to the best interests of the group.

ATTORNEY IN ACCIDENT

Toledo, Ohio, July 26 (A. N. P.)—Jesse Heslip, well-known young attorney of this city, was the victim of an automobile accident here last Friday. Mr. Heslip who is reputed to have one of the largest law practices of any attorney of color in Ohio, is a graduate of Harvard Law School. He is chairman of the local Y. M. C. A. committee of management and active politically. He is reporting improvement.

New York, July 26.—The International branch of the International Defense of Harlem, N. Y., is calling an anti-lynching protest meeting Friday at which thousands of white and Negro workers will be represented to discuss aid for the 15 Gastonia strikers in danger of legal lynching when they go on trial July 29th, charged with murder.

The strikers, all members of the National Textile Workers Union, were thrown into jail and charged with first degree murder following a raid on their tent colony by Chief of Police Aderholt, of Gastonia, and his men. The raiders fired into the tents and in the struggle that followed, Joseph Harrison, a striker, was severely wounded and Aderholt fatally injured.

CONTRACTOR KEEPS NEGROES, IGNORES PROTEST OF WHITE MASONS

Lexington, Ky., July 26—At the University of Kentucky here, a large building is being erected. The Industrial Relations Department of the National Urban League was so informed through its Lexington correspondent, F. Arnold Hill, director of the Department cites other gains in industry for Negroes during the month of June.

Whooped! Just letting off the last of the steam gotten up for the Masonic Grand Lodge that convened here July 8-11, and making up steam for the Baptist Association that will convene here beginning August 9th. Every one who attended the Waite-Lewis musical July 25th at Mt. Carmel Baptist Church was very well pleased. The pastor, wife and delegates from Dayne Chapel A. M. E. Church who attended the District Conference and convention at Ft. Dodge, Iowa, reported a very good meeting. Mrs. Pearl Carter one of the delegates was elected District delegate to the annual conference. Elder Butler, Mrs. Hattie Green and Mrs. Mollie Fisher are delegates from the church of God in Christ to the convocation convening at Des Moines, Iowa, this week. Mr. and Mrs. Sam Montjoy are the proud parents of a baby girl. Mrs. Evelyn Chew of Chicago and Mrs. Martha Wheeler of Des Moines were over Sunday visitors at the home of their parents, Mr. and Mrs. Lewis Reasby at 331 Beech St. Mr. and Mrs. Freeman Reed and family left Sunday night for Shannon, Miss., to visit relatives and friends. Mrs. Dora Childers and daughter, Louise, have returned after a short stay with a sick sister at St. Louis, Mo. Payne Chapel A. M. E. Church and Sunday School had their annual picnic at Cedar Heights. All reported a good time. Rev. and Mrs. Henderson and Mrs. Wall of Minneapolis, were over Sunday visitors at the home of Rev. Waters, Pastor of Payne Chapel A. M. E. Church. Mrs. R. G. Potter, 821 Fowler St., who has been very sick, is much improved. The N. A. C. P. are planning a splendid program for the 6th of August at the Electric Park; come and bring the family and friends, help us celebrate the Emancipation of the Negro. We were very agreeably surprised at the wedding of Dr. Willis, our leading young dentist, to a very accomplished young woman of Minneapolis, Minn. Mrs. Willis is a nurse, embalmer and hair dresser; we are very proud of them.

Original Steeplechase

Steeplechase is a horse race in which the competitors have to surmount obstacles, such as hedges and ditches, in order to reach the winning post. The first race of the kind was run in Ireland by a party of fox hunters, who actually made a distant church steeple the goal of the impromptu race. Such matches soon grew in favor, and steeplechasing became a recognized branch of horse racing.

Odd Monkey Specimen

One of the most interesting specimens in the world zoos was the monkey that didn't have a tail, he was the most human-like of all Old-world monkeys on exhibition. He did not have even the vestige of a rudimentary tail and his cry was a single wail, singularly like the cry of a child. He was all black except for a white frontal band over his eyes.

On Building

He that alters an old house is tied as a translator to the original, and is confined to the fancy of the first builder. Such a man were unwise to pluck down good old building, to erect, perchance, worse new. But those that raise a new house from the ground are blameworthy if they make it not handsome, seeing to them method and confusion are both at a rate.—Thomas Fuller (1642).

Original Steeplechase

Steeplechase is a horse race in which the competitors have to surmount obstacles, such as hedges and ditches, in order to reach the winning post. The first race of the kind was run in Ireland by a party of fox-hunters, who actually made a distant church steeple the goal of the impromptu race. Such matches soon grew in favor, and steeplechasing became a recognized branch of horse racing.

Odd Monkey Specimen

One of the most interesting specimens in the world, soon was the monkey that didn't have a tail, in Australia. He was the most humankind of all Old-world monkeys on exhibition. He did not have even the vestige of a rudimentary tail, singly like the cry of a child. He was all black except for a white frontal band over his eyes.

On Building

He that alters an old house is tied as a translator to the original, and is confined to the fancy of the first builder. Such a man were unwise to pluck down good old building, to erect, per chance, worse new. But those that raise a new house from the ground are blameworthy if they make it not handsome, seeing to them method and confusion are both at a rate.—Thomas Fuller (1642).
