Athletic Stars Shine In Tryouts At Palo Alto

TENTH OLYMPIAD GREAT CHANCE FOR COLORED ATHLETES

By Everett Wadsworth

Coincidentally, with the arrival of seven bronzed athletes from Greece, the nation which started the Olympic games in old Athens in 776 B. C., seven Negro stars of the cinder path and field were striving for glory and honor to represent the United States in the tenth Olympiad which will open in Los Angeles, Saturday, July 30th, with 14 days of the finest exhibition of athletic skill known to man.

Sixty-eight athletes, ranging in ages from 17 to 40, occupying 71 places in 23 separate events and representing every major athletic center, will vie for the supremacy of the world with the flags of fifty nations on the varied program. Speed, versatility, and skill plus brawn and muscle will be matched with almost superhuman efforts with the colored wearers of Uncle Sam's shield playing prominent parts. Not since the days of the Salem Crescent club of New York, and such men as DeHart Hubbard, Sol Butler, Ned Gould and others, have Negroes attracted so much attention.

Colored Favorites Make Team

In the greatest track battle in history for places on the U. S. Olympic team at Stanford stadium, Palo Alto, California, last Saturday, 4 world records were surpassed, fifth equalled and Olympic records were bettered in 10 of 18 events.

Ralph Metcalfe, of Marquette University, the greatest speed demon of all times, scored a sensational double victory in the sprints leading Tolan, Detroit, and Simpson, former star of Ohio, to the tape in 10.6 for the 100 meters, equalling the Olympic record and in 21.5 for the 200, surpassing the Olympic standard.

Eddie Gordon of Iowa University broad jumper, added to his countless laurels by placing second in the event and making the Olympic team the second time.

Tolan Victorious Over Wyckoff

Eddie Tolan, former Michigan sprint marvel, furnished the main thrills of Friday afternoon, when he whipped across the finish line faster than any Olympic 100 meters have ever been run in 10.4, leading Frank Wyckoff, Southern California ace, by at least a yard. Charlie Paddock, retired record holder, in witness of this feat, emphatically declared: "Considering all conditions, You've just looked at one of the fastest and greatest races ever run."

Beatty Falls Over Hurdle

Eugene Beatty, Michigan State Normal hurdler, failed to make the team,

Kirkwood Fire Hero Asks Divorce

Tom Mayberry, who saved the lives of several persons in the Kirkwood hotel fire in 1928, sued for separate maintenance July 12 by his wife, Earlee Mayberry, Saturday filed a cross petition, asking divorce.

He denied his wife's allegations he struck her and drove her from the home, along with other allegations. In turn, he accused her of causing him to lose employment in a garage.

Charging that his wife is morally unfit to have care and custody of the children, Mayberry is asking for their custody and control. The Mayberrys were married in January, 1922.

Republican Meet Here Has Many Negro Delegates

The 1932 State Republican Convention this week included more Negro delegates than has been the case for many years; Wapello county was represented by Mr. Henry Williams and Mrs. B. M. Pertum Miller; Lee county, Mrs. C. D. Bland; Linn county, Rev. Ben J. Lucas; Scott county, Rev. Pryor; Polk county, Mrs. S. Joe Brown and Messrs. Harry E. Wilson and J. G. Bress.

Other out of town visitors attending the convention were Atty. M. F. Field and Dr. L. E. Furguson of Waterloo; Mrs. Black of Ottumwa, Mr. C. D. Bland of Keokuk.

Waterloo NAACP Prosecutes Mystery Lynching

Waterloo, Iowa, July 22.—A white man has been arrested and held to the grand jury here by the Waterloo branch of the N. A. A. C. P., on charges of rape and manslaughter following the death of Mrs. Mollie Mitchell, colored, on June 19. Mrs. Mitchell was found half-nude and in a stupor in an abandoned house. Local police rushed her to a hospital and attempted to ascribe her death to alcoholism. Investigation by members of the N. A. A. C. P. indicated that Mrs. Mitchell had been drugged and criminally assaulted by four foreigners. All four were arrested, but three were released for lack of evidence. The third is awaiting action of the grand jury. The legal work for the branch is being handled by M. F. Fields, the president.

Negroes Hired at Hoover Dam But Can't Live There

New York, July 22.—Although ten colored men have been employed at the new Hoover dam at Boulder City, Nev., they have no quarters at Boulder City and must commute 29 miles each way each day to reach their jobs, according to information sent to the N. A. A. C. P.

The U. S. Government has built a new city from the ground up at Boulder City for the workmen on the dam. Negroes are not allowed to stay in Boulder City overnight. There are no lodgings where they may stay and no place where they may eat. This was one of the excuses made for not hiring Negroes—that "no provision had been made" to house them. Even the two Negro bootblacks who shine shoes in Boulder City have to come over each morning from Las Vegas, bringing their lunches with them, and return each night.

B.E.F. Lines Nearly Broken

BONUS VETERANS DECAMPING FOR THEIR HOMES

Washington, (CNS).—Members of the Bonus Expeditionary Force are showing little inclination to take advantage of the free transportation offered by the government and those who do are being intimidated in various ways by the more radical elements.

Transportation has been furnished to 1,358 veterans and about 250 of them were colored. There were on the 14th of July, 1,487 applications and of which number about 300 were colored. Of 45 men who left Washington in their own cars four were colored. The men were provided subsistence at the rate of 75 cents a day.

Negroes Forced Out of N.C. Primaries

Raleigh, N. C., (CNS).—Inability to pronounce words in the State Constitution and alleged inability to define them to the satisfaction of Democratic election judges, were some of the reasons given for striking the names of 210 Negro Democrats off the list of registered voters in the Democratic primary held here recently.

Invoking practices reminiscent of the days of the "Grandfather clause," white Democrats of the state, serving as qualification judges asked vague questions concerning pronunciation of words in the State Constitution and the meanings and pronunciations given by Curtis were alleged by the judges to be incorrect and he was disqualified; well-known business and professional men were also declared by the judges to have insufficient understanding of the State Constitution to enable them to qualify.

LET THE NEWS BE FAIR

Saturday the Communists held a demonstration in Chicago against Representative DePriest. They do not like his policies as set forth in a number of questions which they demanded that he answer. Among them were the following:

"1. Why you did not raise in Congress the issue of the freedom of the nine Negro boys in Scottsboro who are sentenced to die?"

"2. Why you are evicting working class youth and families from their homes because they are unable to pay rent?"

"3. Why do you make foreclosures on homes of workers who cannot pay their notes because they are unemployed?"

"4. Why did you vote against the veterans' bonus?"

"5. Why did you say the following on June 24 in Elizabeth-City, N. C.: 'I am not interested in social equality'?"

"6. Why did you bring the Eighth regiment into Washington park on June 19? Is it not because you want to show how you are helping the bosses in their preparations for war?"

Anyone who has followed the Communists' methods will recognize in these questions the customary "grand-stand publicity-hunting policies" they generally follow.

The United Press service in its report said:

"Lieut. Mike Mills, head of the police industrial squad, blamed the trouble on Communist agitation. He said inflammatory speeches drove listeners into a frenzy and caused attacks on police when they attempted to keep order."

But in all fairness to the Communists this statement is not true. The fact is the officers tried to break up the demonstration and the fighting began. Such tactics simply add fire to the flame and reports of this character to the public by this news service does the Negroes injustice. Often we don't like a fellow's methods but we can at least be fair in dealing with him.

FRATERNAL POLITICIANS

The head of the Odd Fellows Lodge, Mr. Green of Louisiana, has announced that he will not support President Hoover in the coming election. Mr. Green is a voter, a very prominent man and has a right to support and vote for whom he pleases.

But experience has shown the politics are now played on the basis of fraternal organizations. Members of them are joined for a specific purpose as set forth in their laws and when the heads of these organization attempt to use these offices for other than the purposes prescribed the influence of their offices is weakened.

Politics have been attempted on the basis of churches and fraternities before but the results have not been successful.

GASTRITIS

Many cases of stomach diseases are not due to ulcer although the one who has stomach trouble usually thinks that an ulcer is present when he is having this form of stomach disease. Gastritis may be present a long time

without much inconvenience and may at first cause slight distress, uneasiness, belching or heaviness caused by the abdomen. This condition in the stomach is sometimes caused by overeating and irregular taking of meals and the secretion of the stomach is altered, diminished or increased and that is one of the reasons why one or more ulcers is liable to form on the lining of the inside of the stomach. Now the stomach may become upset from many causes and stomach disease be suspected when there is no permanent change therein.

Gastritis does persist and the symptoms which cause the one affected to believe there is something wrong inside the stomach will be constant and some distress of some kind will occur every day. If such is the case the one so affected should see his physician and he will then find out the true nature of the condition and receive the proper advice. It may be possible to correct the condition in a very short time. It should not be neglected as these sometimes go on to ulceration and sometimes to cancer. Because of such a possibility this condition should not be allowed to exist too long.

ing short of its promises to the race, and that Negroes were not being rewarded according to their support, secured the passage of a resolution pledging more recognition and a fairer deal generally.

We must recognize that the tendency is to do things from the standpoint of state rather than national organization. Republicans and Democrats insist that relief and prohibition be shoved back on the states; the political campaign this fall will be carried on by a State organizations primarily; all of which means that the Negro must sell his wares to State organizations.

And what does this mean? a strong group of delegates in State conventions who are not afraid to strike out, who have the ability to demand recognition, who are not so hidebound with certain groups as to submerge the interest of the race to that of being an agreeable fellow. Things are changing rapidly and we must be able to meet the change.

THE SCOTTSBORO TOUR IN EUROPE IS GREATLY EXTENDED

New York, (I.L.D.)—The tour of Mrs. Ada Wright and J. Louis Engdahl, who are arousing Europe with the Scottsboro message, may be greatly extended, it was announced today at the National Office of the International Labor Defense. Mrs. Wright, who is now in England, will proceed directly to the Scandinavian countries, Norway, Sweden, and Denmark. She will be joined there by Engdahl, who addressed huge gatherings in Berlin on July 3rd, at which the Scottsboro question and the demonstration against fascism made a joint issue for the crowds in both Lustgarten and Karlshof. In the Lustgarten, according to the New York Times of July 5, there were 150,000 persons assembled.

After the Scandinavian tour, the International Labor Defense states, the tour as now planned will include revisiting Geneva, where both Engdahl and Mrs. Wright both spoke a few weeks ago, in order that they may attend the World Congress against War to be held there early in August. From Geneva, the two Scottsboro champions will proceed to Spain, and the southern provinces of France, then go to the Balkan countries, Bulgaria and Greece.

NO COLOR BAR ON NEW YORK MUNICIPAL SUBWAY JOBS, BUT—

New York, July 15—The City of New York will not make any distinction as to race, creed or color in selecting men to run the new city-owned subway line, but just the same, Negroes will have a hard time getting jobs, because the city is insisting that previous experience in subway railroads is necessary. It is not the city's fault that Negroes have no training in running subways since all subways except the new one are operated by private companies which have employed Negroes only as station porters.

COMMUNIST CANDIDATES SPEAKING DAILY

New York—The Communist Party candidates for President and Vice President, Wm. Z. Foster and James W. Ford, are speaking daily and sometimes twice a day to thousands of people throughout the country, according to the National Campaign Committee. C. A. Hathaway, Campaign Manager, said today that "the audiences reached by our national standard bearers are from three to five times as large as during the campaign of 1928, and this is only the beginning of our fight. We shall poll one million votes this coming November, and will elect many candidates to office."

The Home and That Boy of Yours

By F. H. CHELEY

PARENTS AND THE NEW DAY

IF TRUE parenthood is a skilled profession then, and more and more modern parents are recognizing it as such; if our homes and home life are taking on a new and larger significance because we understand more exactly the home's job, what are we going to do about it?

We have certainty and father suddenly come into a brand new appreciation and understanding of the boy and his needs. The press, the pulpit, public address, progressive educators and parents everywhere are calling for a new regime in the American home, which will take into account the new understanding of the nature of the boy—calling for an army of parents who will abandon old-time educational and disciplinary methods as obsolete and outgrown, and to join the ever increasing army of those who desire a more definite knowledge of applied and proven psychology, pedagogy and physical and mental hygiene, as it applies to youth.

However, there is just one basic fact at just this point that must not be overlooked, and that is, the parents themselves—we must start with the parent to get a more satisfactory home, before we can hope for progress with the boy. There really is no boy problem, in a certain sense—it is primarily a parent problem, finally reflecting itself in the boy. It is the parents who essentially create the emotional environment, while the boy makes or breaks himself in responding to it.

partment of the R. F. W. Realty Company of that city, according to word received here this week. Mr. Chapman is a well known musician throughout Iowa, and is noted for his waltz composition—"In my Garden of Roses". He has established a music studio there also as teacher of the clarinet, harmony and piano.

"VOGUE" DID NOT INTEND TO OFFEND NEGROES BY USE OF WORD "COON"

New York, July 15—Vogue magazine, one of the Conde Nast publications, did not intend to offend colored people by the use of the word "coon" in the issue which appeared June 15, according to Edna Woolman Chase, editor. Miss Chase, writing in answer to a letter from Walter White, secretary of the N. A. A. C. P., is evidently sincere, but gives a novel reason: "We used the word 'coon' as we would have

used 'croone,' or 'tap dancer' or any other term for professional entertainment. It has come to signify to us... a special kind of music more than an individual musician."

Sails with Colored Man to Cuban Shores

Havana, Cuba.—Nancy Cunard, British woman of noble birth, and Ansell Colebrook, American army officer, arrived Saturday on the S. S. Orizaba, from New York for a two weeks' vacation. Both declined a welcome prepared for them by members of the leading social set in Havana.

"We hoped to reach a country where we will be less bothered than in the United States, which we left with a deplorable impression," said Lady Cunard. "We only hope to become acquainted with the more highly educated people here who are not imbued with racial prejudice as is the case in America."

Weymouth, Mass., July 15.—With an amazing display of love, loyalty and confidence, Mrs. Gertrude Colebrooke (white) faced newspaper men who gathered at her home Thursday to inform her that her husband, Ansell A. Colebrooke, former lieutenant in the 372d infantry, Massachusetts national guard, has sailed from New York with Miss Nancy Cunard, white heiress, for Havana. Mrs. Colebrooke declared: "If it is true my husband left for Havana with another woman it is for nothing more than business.

"I love him more today than I did years ago when we were married. He is also in love with me and our six children. Whatever is behind all this I am sure he will explain it satisfactorily."

ARKANSAS SUPREME COURT CHANGES DEATH SENTENCE TO 21 YEARS

Little Rock, Ark., July 15.—The death sentences given Louis and Elbert Blake, father and son, of Camden, Ark., for the fatal shooting last Christmas day of Brad Polk, white plantation owner, were reduced by the Arkansas supreme court July 2, to 21 years in prison. The court found that the evidence used to convict the men was not sufficient to call for the death penalty.

I keep six honest serving-men; They taught me all I know; Their names are WHAT? and WHY? and WHEN? and WHERE? and WHO?

Many persons who act as reporters or who wish to give personal items for publication have some difficulty arranging their notes in a digestible manner; so for their special benefit we are giving this verse which if followed, will be of great assistance in composing intelligent news items. Build your news leads around these six important questions and you will never go wrong.

Financier Accused of Embezzlement

Chicago, July 15.—Trial of Jesse Binga, former bank president, which opened before a jury in Judge John Prystalski's criminal court Monday morning, is in the hands of the jury the latter part of the week. It was intimated Wednesday morning, Binga is accused of having embezzled \$39,000 entrusted to his care.

More than two dozen witnesses testified against the banker during the first day of the actual trial. They charged that they subscribed to stock in a national bank which Binga claimed he was organizing in 1920, and the state charges the banker kept the money given him to buy the bank stock.

The Binga bank closed June 30, 1930, with deposits estimated at a million dollars. The closing of the Binga bank caused runs on other neighborhood banks and in rapid succession they closed until now only one remains. The Douglass National bank, the longest survivor, ceased doing business May 20.

Mr. Binga held extensive real estate interests and vied with Anthony Overton, whose bank failed and whose insurance company recently went into the hands of a receiver, for leadership in finance among members of the race.

Overton was chairman of the Board of the Douglass National bank and president of Victory Life Insurance Company.

HOOPER WITHDRAWS FROM SENATE NAME OF LILLY WHITE APPOINTEE

Washington (CNS)—President Hoover last week withdrew the name of B. B. Montgomery as his appointee to be United States Marshal for the Northern District of Mississippi from the consideration of the Senate. The move came unexpectedly after Montgomery had been approved by the Judiciary Committee of the Senate and Chairman Norris of that committee had announced last week that he was in favor of the appointment. Montgomery had been recommended by Lamont Rowlands, Lilly-white patronage dispenser of the Administration since 1925.

He was opposed by Mrs. Mary C. Boze, National Republican Committeewoman for the State of Mississippi, who charged him with being a lily-white and having insulted Negro manhood in public statements; and Perry W. Howard, National Committeeman. Additional protest to his appointment was made by the N. A. A. C. P. and other civic groups.

The fight led by Mr. Howard and Mrs. Boze, resulted in the holding up of the confirmation of the nomination for several executive sessions of the Senate, many of the Senators fearing that another "Parker case" would be precipitated.

The significance of the withdrawal by the President of Montgomery's name is great, political observers declare. They point first, that it indicates the final decision of the President to recognize the right of the twice duly elected State Republican organization, headed by Mr. Howard and Mrs. Boze, to control patronage in Mississippi in place of Rowlands; and second, that it shows the President wary of offending Negro voters on the eve of the campaign.

NOTICE TO WHOM IT MAY CONCERN:

Notice is hereby given that application for commutation of sentence or pardon has been presented to me in the case of John S. Cooper, 1901 E. Said application is based upon the following grounds:

1st—Because of the good record he has made as a prisoner, having the recommendation and approval of the prison authorities. He has manifested a good deal of ability and capacity in the weaving industry and has rendered a very faithful and profitable service to the State.

2d—Because the evidence does not show him to be the major offender in the crime that was committed.

3d—Because he has served nearly nine years in the penitentiary at this time.

The said application will be presented to the Board of Pardon at the October Session, in accordance with the provisions of Section 3813, of the Code of Iowa.

Masons

(Continued from Page 1)

Grand officers showed that each of the twenty one death claims had been promptly paid and there was still in the Relief and Burial treasury about three thousand dollars in cash.

The Special Committee appointed at the last Grand Session to make an estimate of the purchasing and operation of a home for indigent Masons, widows and orphans, reported that they found the cost prohibitive under the present financial conditions.

The Historical Committee also recommended that the financial depression and the fact that a large portion of the funds were tied up in the bank failure, that the publication of the Masonic History of Iowa compiled by Past Grand Master A. G. Clark and approved by the Grand Lodge, be deferred until a later date. The next Grand Session will be held in Mason City, in July, 1933.

Lynchers

(Continued from Page 1)

arraigned and were held on bond of \$5,000 each. The sixth person held, Lawrence L. Massie, was tried by the juvenile court on a charge of abduction and kidnapping, was found guilty and sentenced to the reformatory for an indefinite term.

The lynching of Murray might never have been known had not the Portsmouth, O., branch of the N. A. A. C. P. investigated the case. Murray had been listed as dead "from drowning." Actually, his neck was broken. The National Association for the Advancement of Colored People found that he had been lynched because he was "too popular with his employer" and took the mistress of the house and her daughter out riding in the car at the instruction of his employer.

UNION SUFFERS

ANOTHER DEFEAT

Allen Stars in One-Hit Triumph After hanging up a string of eight successive victories, Union Baptist were given their second setback within a week when St. Paul A. M. E. downed them in a hard fought game Tuesday evening in the Crocker gymnasium church, by the score of 3-2. Thirteen men were struck out by Allen and only one clean hit was made, that by Rhodes a single to center.

St. Paul fell on Rice for six safe blows. Jackson, star shortstop of the losers stood out on defense for Union taking several hard chances. As a result of this game, St. Paul is assured of second place and has a chance of nosing out Union for first place in the league.

Batteries: Union, Rice and Preston; St. Paul, Allen and McQuerry, Umpire, Jap, Crowe.

Games next week: Tuesday, Bethel vs. Union at 6:15; Friday, St. Paul vs. Burns, 6:15.

CLEVELAND MAYOR WILL NOT PERMIT SEGREGATED VICE

New York, July 22.—Mayor Ray T. Miller, of Cleveland, O., will not permit the establishment of a segregated vice district anywhere in Cleveland, "let alone near a portion of the community which is inhabited by colored people," he states in a letter to the N. A. A. C. P. The letter, addressed to Roy Wilkins, assistant secretary, says further:

"I personally am very much opposed to any such scheme and I can assure you that as long as I am Mayor it will not be attempted in Cleveland."

Cleveland daily papers some time ago had carried hints that an old-fashioned "red light" district might be established near a colored neighborhood. The N. A. A. C. P. protested the scheme.

A few nights ago a spectacular fire left a warehouse a smoking ruin. Five alarms were sounded. Eleven reporters—two working and nine out to enjoy the fire—rushed to the scene. A columnist, who had no business there but loves to run after the enigma, got his feet wet and caught cold.

The conflagration was the destructive sequel to a minor blaze that had scorched the establishment a few hours earlier. The first fire was discovered by the owner of the building, who sent in the alarm, watched the fire-fighters apparently extinguish the flames, and then went home.

Before retiring he telephoned a contractor to call around the next morning to see about repairing a few windows, painting the doors, and otherwise touching up the place here and there.

At seven o'clock the next morning the contractor called upon the owner at his home and together they went downtown. Arrived where the building should have been, the contractor looked at the smoking pile of debris and then at the owner. "Just what was it you wanted me to do?" he asked, puzzled.

Because of the owner's fine Sunday-school record, we don't like to tell what he replied.—Pittsburgh Post Gazette.

How Volcanic Islands Act as Safety Valves

Niuafoou is one of the Tonga, or Friendly Islands, situated halfway between Samoa and Fiji in one of the most restless geological areas in the world. Stretching across the South Pacific from Samoa to North Island, New Zealand, there is a huge fissure in the earth's crust. Volcanic islands, such as Niuafoou, strewn along this gigantic crack, act as vents for the molten mass within the earth. The lack-in-the-box island of Falcon has popped up from the ocean's bottom at least twice, only to be washed and blown away each time by sea and wind. Only recently it has made its reappearance again in larger size, acting as one of these famous safety valves for the earth's mighty internal furnace.

To passengers of steamers passing close, the island looks like any other tropic isle, green with vegetation and coconut palms. Clean white houses and thatched native churches set in grassy lawns dot the hillside. When wind and sea are quiet, landings are made in small open boats which are guided skillfully into a nook partly sheltered by fingers of lava flow. Such landings are dangerous and exciting because the boats bob up and down with the incoming rollers and scrape against the steep, jagged cliffs.—National Geographic Society Bulletin.

Obeying Instructions

Farrer Smith had a supply of winter cabbage to plant. Arriving at the farmyard, he called over one of his laborers. "George," he said, "I want you to plant these cabbages, but remember to plant them well apart."

"Ay, sir," replied George, and went about his task.

The following day the farmer again went in search of George. "Well?" he said, when he found him, "did you plant those cabbages as I told you?"

"Yes, sir," was George's reply. "I planted some in your garden and some in mine. Is that far enough apart?"—London Answers.

Jewish Emblem

Just as the oak from which came the navy that made Britain mistress of the seas, became the national tree of England, so did the beautiful lofty palm, which gave oil, timber and dates to its people, become the national tree of what we like to call the Holy Land. Judah Maccabaeus had it engraved on his coins as a symbol of Jewish victories. Vespasian, the Roman emperor under whom the Jews were finally defeated, engraved it on his coinage as a token that he had vanquished Judea. The palm tree was well understood to represent the Jewish people in ancient days, as, indeed, it does in a sense today.—Montreal Star.

N. A. A. C. P. HOLDS JULY MEETING

At the monthly meeting of the executive committee of the Des Moines Branch of the N. A. A. C. P. last Monday evening J. L. McGuire was elected asst. secretary to finish the unexpired term of Miss E. Eugenie Sheppard who resigned a month ago because of her removal from the city and at which time she was tendered a testimonial dinner and presented with a monogrammed portfolio by the members of the committee as a token of their appreciation for her very valuable services during the past two years.

Other matters of importance considered were securing of bathing facilities for colored people in the public pools and beaches. The committee also voted to have an Educational Exhibit at the State Fair again this year and appointed a committee to have charge of it consisting of Mesdames S. Joe Brown, Frank Jett, Chas. P. Howard and J. W. Tutt and A. A. Alexander. The Rev. Nelson Prior of Davenport was a visitor at this meeting.

W. C. T. U. Meet

At the meeting of the Polk County W. C. T. U. held at the Central Presbyterian Church last Wednesday, musical numbers were contributed by Mesdames Goldie T. Fant and W. H. Hammit and by the Monogram Quintette composed of Mesdames, Viola Jones, Agnes Mathews, Osceola Parkey, Lena King and Miss Luvenia Graves.

NEGRO DEMOCRATIC FACTIONS MAKE BID FOR CONTROL OF CAMPAIGN SET-UP

Chicago, Ill. (CNS)—The question as to what group will handle the Negro end of the campaign for the Democratic Party remained undecided this week, as Jim Farley, new chairman of the Democratic National Committee busied himself with the general set-up of campaign leaders following the Roosevelt-Garner nomination a few days ago. That there will be a Negro division similar to the one headed by Julian Rainey of Boston, Massachusetts in 1928 seemed a certainty, however.

National Office of the N. A. A. C. P. and the District of Columbia Branch in Washington have locked horns over an indebtedness of some \$3,000 incurred in meeting the expenses of the 1932 Annual Conference held in Washington in May. The two bodies are engaged in a spirited controversy as to what shall foot the bills or out of what fund the necessary money shall be taken to meet a deficit of several hundred dollars.

It is stated that the District of Columbia branch guaranteed to the National Office \$1,500, minus such sums as the other branches would contribute to the conference fund. Despite the fact, however, that the Washington Branch has raised and sent to New York more than \$2,300 and other branches have sent in for conference expenses more than \$400 the National

Office claims that the branch in Washington is obligated to pay a deficit of several hundred dollars.

The expenses of the Annual Conference amounted to some \$3,000 and the Washington Branch has suggested and made a positive request that any balance due on the guarantee be met by taking the money from the membership fund raised in the District of Columbia this year.

This request is denied and strongly opposed by the National Office on the ground that it is contrary to the rules and regulations of the Association.

The Telephone saved me \$8000

An actual incident from a community served by this Company, showing how one telephone call may be worth more than telephone service costs in a lifetime.
YOU may have read this story in the newspaper and forgotten it. It was just a small item: "Fire caused by the explosion of a stove slightly damaged the residence of..."
The owner of the home tells more of the story: How his wife rushed to the telephone and called firemen; how they arrived quickly and put out the fire with chemicals. "If we had not had a telephone, the house would have burned down," he says. "It is worth \$8,000 and wasn't insured."
Emergency calls make up only a small part of telephone usage. In everyday affairs the telephone saves time and expense, brings friends and relatives together—all for a few cents a day.

SCIENCE FROWNS ON SWATTING FLY

Urges Use of Insecticide to Kill Fly as Well as the Germs He Carries.
Leading health authorities declare that a single fly can carry 1,000,000 germs and because of this serious health menace they warn that the appearance of flies in the home is a danger signal to be quickly heeded by the careful housewife.
Dr. O. F. Hedenberg, director of the Rex Research Foundation, Chicago, which is engaged in a nation-wide warfare on flies and other "public enemy" insects, states that a study of the habits of flies shows that it is impossible for them to live without their bodies being continually laden with germs. "Flies hatch, grow and crawl only in the most unsanitary places," said Dr. Hedenberg. "They come direct from these places to the home."
"The only effective modern method of exterminating flies is to use a good home spray. It is very unsanitary to swat the fly because swatting merely releases the millions of germs in and on the hairy body and the insect's sticky footpads. These germs remain alive and scatter to contaminate human habitation and food." Swatting also soils walls and fabrics.
"A sprayed insecticide will instantly kill flies and the germs they carry. This spray when 'shot' to the ceiling and walls forms a mist cloud that clears the room not only of flies but other pests. It is stainless, entirely harmless when breathed by humans and animals, and has a pleasing odor."
"Extermination by spray leaves no stains or other disorder to clean up. The dead flies are easily disposed of by sweeping or with a vacuum cleaner."
