Two Members Die In Baptist Church Riot

Given Orders To Fire On Linebreakers

Lebanon, Tenn., Sept. 9.—Fixed bayonets and machine guns in the hands of two companies of national guardsmen foiled the attempt of 1,500 white men and women to storm the Davidson county jail and lynch four Negroes who are charged with killing two deputy sheriffs Labor Day.

The national guardsmen, numbering a hundred or more, surrounded the jail with their fixed bayonets, and were ordered by Maj. J. R. Stark of Nashville to shoot anyone that attempted to break the line. To further assure the safety of the prisoners, Major Stark ordered machine guns trained on the crowd.

After milling around the jail for a whole day the angry whites returned to their homes when told that the four men had been spirited away during the night and are now lodged in the Nashville city jail.

Another Pro-Parker Man Defeated

Los Angeles, Sept. 9.—Negro voters in the state of California aided greatly in the defeat of Senator Samuel Shortridge for the Republican nomination for United States senator last Tuesday, according to a telegram sent to the N. A. A. C. P. from Dr. H. Claude Hudson, president of the Los Angeles branch of the association and member of the national board of directors.

Senator Shortridge voted for the confirmation of Judge John J. Parker to the United States supreme court in 1930, despite the requests of colored voters that he not do so. He is the fourth senator who voted for Parker who lost an election battle since the Parker incident. Former Senators Allen of Kansas and McCullough of Ohio were defeated for re-election and former Senator Baird of New Jersey was defeated for governor of that state.

CLARENCE HENRY, CHAUFFEUR, DIES

Clarence Henry, 32, of 121 Willow street, died Monday evening at the Broadlawn General hospital following a brief illness. Mr. Henry was a resident of Des Moines for 13 years, coming here from Kansas City. He was an expert chauffeur and was well known in the automotive field.

He is survived by his widow, Mrs. Ruth Henry, and two sisters, Mrs. Elizabeth Crews of Des Moines, and Mrs. Ida Baker of Omaha, Neb. Funeral services were held from the Wilson Funeral Home Thursday afternoon with the Rev. W. E. Guy officiating. Interment was at Glendale cemetery.

Four Thousand Catholics Receive Pope's Blessings

New York, Sept. 9.—A cablegram from Pope Pius XI bestowing his blessing was read Sunday morning in St. Patrick's cathedral at a special mass attended by almost 4,000 colored people. The mass featured the eighth annual convention of the Federated Colored Catholics of the United States, which closed a three days session here Monday night.

Paul Robeson Off To Europe

New York, Sept. 2.—Paul Robeson, the international singer and the star of the revival of "Show Boat", sailed this week for Paris, where, according to his statement, he is to have a five weeks' engagement in the French theater of Cacha Guilty.

Mystery dwells in the minds of the show-going public as to whether Jules Bledsoe who so recently has gained full stature as an operatic star, would resume the role which he created in the original "Show Boat" of five years ago. It is understood that agents of A. C. Blumenthal, who have taken over the Giegfeld productions, have been after Bledsoe to take the part.

Hoover Asked To Distribute Jobs

New York, Sept. 9.—As part of its national campaign to defend the Race's right to work, the N. A. A. C. P. telegraphed President Herbert Hoover asking him personally to see to it that our people are given a share of the jobs which will be created by the \$200,000,000 public works program which the president has just ordered begun. In its telegram the N. A. A. C. P. calls the resident's program a forward step toward economic recovery, but says "the announcement will mean little to American Negro citizens unless the government passes definite word to contractors that a just proportion of the employment thus provided must be given to colored workers."

Prof. Bryant Raps Churchmen

Charleston, S. C., Sept. 9.—At the closing session of the A. M. E. laymen's meeting, which was held here Friday, several hundred heard Ira T. Bryant, secretary-treasurer of the A. M. E. Sunday School union, Nashville, Tenn., tell about the irregularities, dishonesty and bad management of the financial affairs of the A. M. E. church.

Those responsible for the financial affairs of the church were afraid of any checking upon their offices, he said. He viciously attacked certain general officers, presiding elders and bishops. His audience listened attentively to his charges for two hours.

Peterson Case To Supreme Court

Birmingham, Ala., Sept. 2.—The appeal of Willie Peterson, convicted of murder of a white Birmingham society girl is ready for the Alabama supreme court. Attorney John W. Altman and associates have prepared all the necessary papers for the consideration of the court. Citizens of this city, led by the local branch of the N. A. A. C. P., are campaigning to raise the balance of the fee needed.

Harlem Democrat Leader Injured

New York.—Ferdinand Q. Morton, civil service commissioner of New York, narrowly escaped death Monday when the auto in which he was riding turned over. He suffered two broken ribs and a lacerated scalp. Commissioner Morton's brother, Dr. Fred Morton, and Dr. Willis C. Johnson were also injured. The party was en route from Colton, Md., to Washington, D. C.

Republican Chairman Appoints Iowa Aids

Homer S. Stephens, chairman of the Republican state central committee, announced this week the following appointments for the 1932 presidential campaign: A. A. Alexander, chairman; Mrs. S. Joe Brown, vice chairman; James B. Morris, secretary and publicity director; and Rev. B. J.

Atlanta Passes Segregation Law

Atlanta, Ga., Sept. 16.—Cloaked in terms of solicitude for the prevention of race riots and the promotion of friendly feeling between the two races, the Atlanta city council last week passed a vicious residential segregation ordinance, the force of which is to prevent our people from moving into certain white sections of city.

The ordinance empowers the municipal clerk to withhold moving permits from members of one race wishing to move into a community occupied by another race.

Atlanta residents are required to get permits to move from one residence to another within the city limits. The ordinance is similar in its contents to one passed in Richmond, Va. The Virginia residential segregation statute was declared unconstitutional by the United States supreme court.

Baptists In Two National Meets

Cleveland, Ohio, Sept. 9.—Baptists from every state in the Union, numbering nearly 5,000 are here this week to attend the 52nd annual session of the National Baptist convention.

By train, automobile and bus they are arriving and before the close of the convention Sunday the number of visitors is expected to surpass that of last year when the session was held in Atlanta.

Houston, Tex., Sept. 9.—The depression failed to cut down the attendance of the delegates to the 52nd session of the National Baptist Convention of America, which is meeting here this week.

The delegates most of whom are from southern states, were welcomed to the city by Mayor Monteth at the City Auditorium Wednesday morning. Greetings were also extended by fraternal and civic leaders. A convention chorus of 1,000 voices had been assembled by Prof. H. B. P. Johnson of Chicago.

for Hair and Beauty Establishments and Barber Supply Dealers. The Progress made in this brief period surpasses the record of any legitimate business owned and operated by Negroes in Washington or elsewhere. This accomplishment was not without its barriers and handicaps, for at the close of the first two years of uninterrupted success—the resident, main office including uninsured contents was destroyed by fire, a loss as a consequence estimated at \$10,000.00 and caused a suspension of business for four months.

This situation required hard and continuous work and planning in order to rehabilitate the business, it was found necessary to negotiate loans of more than \$10,000.00. The entire machinery was again motion. Due to the wise and conservative management of the founders, in less than six months the firm had accumulated more than

\$12,000.00 worth of stock and equipment, and less than \$600.00 of the loans remained unpaid.

Encouraged by the progress made, in November, 1929, a definite program was planned to increase production, build sales and strengthen the channels of distribution in order to render larger service to the race. The firm of Lady Andres "Perfumers" was reorganized as the Lady Andres Products Corporation with a capital of \$25,000.00 Twenty-five Thousand Dollars.

The Corporation is now shipping its products throughout the United States, South and Central America, China, Japan and South Africa. A nationwide Advertising Campaign was started August 15, 1932. Backed by a house to house canvass to popularize "Lady Products, through which the corporation intends to secure a Million new Users of their products.

Hurley To Probe Flood Labor Camp

Secretary of War Regrets Letter Written by General Lytle Brown, Southerner, which Belittled Report of Slavery and Declares He Will Remedy Condition If Charges Are Found to be True

New York, Sept. 2.—Patrick J. Hurley, Secretary of War, has given his personal assurance to the N. A. A. C. P. here that if an investigation of the charges of "virtual slavery" in the flood control camps along the Mississippi river shows the conditions to exist, action will be taken by him to apply the necessary remedies.

Following Secretary Hurley's letter came a second one from Maj. General Lytle Brown, Chief of Army Engineers, asking for the name and address of the investigator for the Association so that arrangements might be made for the agent to testify at an inquiry being set up by Hurley. The N. A. A. C. P. promptly offered to produce the investigator at the time and place of the hearing.

Secretary Hurley's letter to Walter White, Secretary of the Association came immediately after Mr. White had sent a sharp reply to a letter of General Brown, expressing amazement at General Brown's tacit approval of conditions outlined in the (Continued on page 4)

New Church Denomination In Des Moines

A newly organized religious denomination known as the Apostolical Church is now being formed in the city with its building located at 1150 Thirteenth street. It is now under the leadership of H. E. Dyer, Grant White, J. W. Topman and William Carter.

Articles were filed Monday; Elder Grant W. White accepted the pastorate and delivered the first sermon at 11 a. m.

Four Wounded In Free for All Fight

Attorney Visits Scottsboro Boys

Montgomery, Ala., Sept. 9.—The eight Scottsboro boys in the death cells of Kilby prison here last week received visits from their parents and kinsfolk and from William L. Patterson, working-class leader and a member of the International Labor Defense.

Although Mr. Patterson is a member of the bar and the monthly visits from parents are the privilege of all prisoners, the jail authorities at first attempted to deny the group the right to see the Scottsboro boys. They were finally admitted, but the 40-minute period allowed by the prison regulations was cut down to 20.

The cases of seven of these boys will be reviewed in the United States supreme court on Oct. 10.

METCALFE BALKS AT MOVIE OFFER; RE-ENTERS SCHOOL

Chicago—Forsaking an opportunity to appear in Berlin and other European cities this fall, Ralph Metcalfe, Marquette University's brilliant Olympic performer, has decided to return to his classes there Sept. 15.

It also has been learned that Metcalfe declined an offer of \$250 a week to appear in motion pictures.

The Marquette sprinter has been given a tentative invitation to tour

Union Baptists Win Baseball Title for Third Time

By Everett Wadsworth

After suffering a slump of losing five straight games and almost their third consecutive pennant chances, Union Baptist, twice champions, came back with grim determination and inspiration to take advantage of the opponent's misdeeds to conquer St. Paul A. M. E. in the third and deciding game of the championship series of the Crocker street Y. M. C. A. church league, Friday evening, by the score of 3 to 2. The east side boys have established a record that will be hard to equal, and possibly will never be beaten.

"Shortstop" Pitches to Victory

"Toady" Jackson, Union's converted shortstop, outpitched "Jamo" Allen, holding St. Paul to two hits, Allen getting a single, and Eddie Saunders cracking out his second homer of the series. Allen was nicked by Union for five hits.

"Hoggy" Thompson covered center field in great style for the champs, making a fine running catch of Jones' long clout. Johnson, St. Paul's utility man, catching his first game in several years turned in a nice game at the backstop position.

Union made an auspicious start this year winning eight straight contests. In their ninth start, they struck a slump during which time they lost games to Burns M. E., St. Paul, two to Bethel A. M. E., and the first game of the series. The season was finished with St. Paul and Union all square with eight victories and four defeats, percentage of .667.

St. Paul Wins First Game
The first game of the playoff series was ended by darkness in the third inning and declared no contest by the managers; although under the rules

Monroe, La., (Special)—A man and a woman were shot to death and four others are in a critical condition in a local hospital following a riot Sunday morning at Zion Travelers Baptist church here. The trouble was the result of a fight between two factions within the church which had been brewing for nearly three months. Closed by a court order two months ago, the church doors were reopened Sunday morning. In less than an hour the entire congregation was in an uproar.

Gunman Slain

James Dugans, a leader of one of the factions, was shot to death by George Daniels, who is himself in the hospital suffering from gunshot wounds. Daniels' daughter, Miss Patsy Daniels, age 19, died from gunshot wounds in the stomach.

Before he was slain, Dugans ran amuck with his gun, shooting Daniels, daughter and wounding Robert Sam Lee, Mrs. Mattie Levy, Clarence Burrell and Daniels. It was while Daniels was trying to overpower Dugans that he was shot through the chest. He succeeded in taking the gun from the man and fired one shot which found its mark in Dugan's heart. He died instantly.

Europe next summer with a group of American athletes. He is expected to enter either the pre-medical or pre-law course in the university this fall. He has been studying physical education.

For the fourth time since the beginning of the league seven years ago, St. Paul has finished the season in a tie for first place only to lose in the playoff. They won the initial pennant in 1925 with a clear claim, no playoff being necessary.

The All League Team to be selected by Quentin Mease, Y.M.C.A. physical director, and other league officials will be in next week's issue.

THE COMMUNIST GROUP

William Z. Foster the Communist candidate for president, was scheduled to speak in Des Moines, Wednesday night. He failed to appear but was represented by Mrs. Ella Reeve Bloor. About five hundred people, a large number of whom were curiosity seekers, attended.

If ever there was a time when the Communist group should make a big showing it is now. They thrive in hard times like we have now because their program is a criticism of the present order of things; yet they have no real constructive program of their own.

While Mrs. Bloor showed herself to be a good platform speaker, as most of these radical people are, her three main points: We are now in virtual slavery, Russia is the garden spot of the world today, "our program" is to make America like Russia does not offer much vote-getting persuasion for the average voter.

QUITE A DIFFERENCE

The Evening (Des Moines) Tribune of September 8 calls attention to the antiquated law recently resurrected in Maine and which is in existence in other New England states disfranchising pauper voters.

The law dug up in Maine prohibits the listing as voters of all recipients of municipal aid; their wives and dependent parents.

The Tribune calls attention to the fact that even Massachusetts is aligned with Texas, Virginia and Florida which require payment of poll tax as a condition for voters. The writer of editorial clearly shows that he is not familiar with the disfranchisement system in these and other southern states.

The Negro does not object to poll tax payments, property tax qualifications or any other constitutional provision which applies to all citizens who fall in a particular class. But the trouble does not come here; it comes in the enforcement of the law.

Whenever the election clerk is allowed to judge qualifications to judge qualifications no matter how well Negroes measure up they cannot vote; on the other hand, the white man votes regardless of his qualifications. In many instances brute force and mob violence faces, the Negro upon his appearance at the polls and rather than have trouble he remains away.

The two situations are not the same for in the case of the south they don't enforce their own laws fairly while in the north the laws are enforced but work hardship over which the victim has no control.

HEALTH TALKS

WHOOPIING COUGH

Whooping Cough is a disease caused by a germ called the Bacillus Pertussis. This germ is found in sputum of cases of Whooping Cough and it is very similar to the germ which causes Influenza. It causes an inflammation of the bronchial lining and this inflammation gives rise to fits of coughing longer in duration than coughs produced by other inflammations of the bronchial tubes and lungs and this spasm of coughing ends in what is called a whoop. This whoop is what distinguishes Whooping Cough from other diseases and shows that this is the most severe of coughs because respiration or breathing has been completely stopped during the spasm of coughing and the whoop means that air rushes into the bronchial tubes and lungs to supply a very great deficiency of air caused by the spasm of coughing.

This great in-rushing of air causes this sound and at times (and after many repetitions) causes some damage to the lungs and sometimes to the heart. This disease begins like any other cough and I think that in the beginning the whoop is seldom present because the coughing is not so severe in the beginning and respiration not compromised to any extent. Children for the most part do claim this disease for their own but now and then an adult takes Whooping Cough and it attacks the aged rarely. It does become a serious disease at times in those well along in age.

Children suffer from insufficient nutrition because of frequent vomiting produced by the cough and do not take as a rule enough food because the coughing prevents it and creates a distaste for food because of the difficulty in taking it.

Pneumonia follows Whooping Cough in a great many cases and early care of any cough which shows bad promise of being Whooping Cough is in most every instance a preventive of this serious complication. Those exposed to the disease should have the vaccine which does protect them from it and those who have Whooping Cough ought to have in the very beginning, every thing necessary to stop this cough before any serious complication results.

Sunday for a second annual reunion.

Every conceivable class of persons was there and because of that fact some observers were particularly watchful of the deportment of the crowd. No fights, no arguments, no drunks on the ground. It was simply an old neighborhood gathering of white and colored people one liked to watch.

This could not have happened twenty years ago and this after all the world is not getting any worse.

The pickets who propose to keep farmers from bringing foodstuffs to market are not making friends by their program of law breaking.

Most people sympathize with the plight of the farmer but they are not in accord with an illegal program to better that situation. Farmers are generally too slow to anger for this kind of a protest which makes one wonder if the protesters are really farmers.

Man's "Magic Wand" Now Serves Dog

Simple Can-Opener Is Now Key to Happiness for Hungry Canines.

A generation ago bridge parties and other wifely diversions outside the home usually meant a cold snack for hubby. Then the can-opener came along, ending tag-end and left-over feeding by making a good, nourishing meal quick and easy to prepare. It soon became the queen's sceptre in the American kitchen.

Now this magic wand is freeing the family dog from haphazard table-scrap feeding, which kills thousands of dogs every year, says the Chappel Kennel Foundation, Rockford, Illinois. A recent survey shows there are now more than 200 varieties of prepared dog foods on the market.

Just as a twist of the wrist now brings to our table food luxuries once too rare and costly for ordinary humans, so the canning process brings the choicest and most unusual morsels within reach of every dog.

Horse-meat, for instance, tastiest and most nutritious of all animal foods, is now included in every high-grade line of dog foods. A few years ago so little horse-meat was available that only "special" dogs, like Rin-Tin-Tin, the movie "star"; choice packs of hounds and a few leading show dogs, ever tasted it. Now Mr. Average Dog is consuming huge herds of meat-horses every year, and half a dozen manufacturers are kept busy canning horse-meat.

As yet the dog lacks the legal safeguard his master enjoys in the matter of canned foods. Leading national brands are prepared as carefully as human foods, under the supervision of the U. S. Department of Agriculture, but there are many nondescript, un-inspected dog-foods on the market. The Foundation warns:

It's best to avoid un-inspected products. Feeding tests show that many of them will not properly support animal life. Often they are made from cast-off meat, trimmings or other waste by-products which are not sold for human food. Some even contain pork.

Healthful dog diets may be made at home, but the average dog-owner who is not familiar with the science of canine nutrition is advised to use one of the canned, ready-to-feed preparations, because they contain the exact proportions of meat, cereals and mineral products needed to keep the animal in full health.

No Bark—No Bite

The North American Eskimo sled-dog, an extremely good-natured animal, is the only one of his race, which does not bark, states the Chappel Kennel Foundation. He sneezes.

OBITUARY

Harry Mills was born in Muehoknock, Iowa, in 1890. He lived in Buxton until 1929 when he came to Des Moines. He was world-war veteran; he died Saturday, Sept. 3rd, in the Fitzsimmons veterans hospital, Denver, Colo. His parents died several years ago. He is survived by two brothers, J. E., and Arthur of Waterloo; three sisters, Mrs. Everett Clay, Mrs. R. H. Harris, and Mrs. R. D. Claybrook, all of Des Moines; two nephews, aunt, four cousins and two nieces. Funeral services were held Thursday morning from the Wilson funeral home with the Rev. H. L. Overton, of Burns, officiating. Interment was at Glendale-Gold Star cemetery. Military rites were conducted by Attorney J. B. Morris, and members of Lincoln post. Firing squad and bugler, consisting of Hubert Gater, Leroy Bird, Sam Rhone and Chas. Earnest.

CARD OF THANKS

Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created

TITUS-PEARLS

to help the millions of men and women who have lost or are losing their vital physical power. In his 35 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: High blood pressure, hardening of the arteries, physical exhaustion after work or exercise, dizziness, depression, neurasthenia, etc.

All these troubles can be removed with Titus-Pearls. Numerous cases were treated by Dr. Hirschfeld in his Berlin Institute.

L. S. (State Official; 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 weeks later the medical report on this man was: General health better, more vigor; dizziness much less and returning of power. Treatment continued and 2 weeks later L. S. reported again, this time to say that all weariness and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained physical power and virility that he had known in the prime of his life.

Start regaining your youthfulness now! Today! In 2 weeks time you will be aware of the new, virile force within you. Send \$5.00 (cash registered or money-order) for 2 weeks treatment.

The 12 worst odors in the world
Scientists recently selected the twelve worst odors in the world to test the deodorizing power of Listerine and other antiseptics. In every case Listerine showed marked superiority. In several instances Listerine promptly ended odors that other antiseptics couldn't hide in 4 days. To keep your breath sweet and clean and beyond power to offend others, use Listerine every morning and night. Lambert Pharmacal Co., St. Louis, Mo.

Is My FACE RED?

Hi! De! Ho! Comes now the Socialist party declaring that their party is the only party which guarantees the Negro social economic and political rights—Sounds like so much circus ballyhoo to me—Can you imagine the "Midnight Express" being in doubt as to the wisest choice between two offers, namely—A four year contract as coach of Japanese athletics, and a movie contract which undoubtedly wouldn't last over three months.

Makes me think that you don't have to have brains to be a good athlete—Better luck next time Doc—just a tough break—and it happens in the best of families—saw this scribble on a tombstone the other day—Here lies the father of twenty nine,—would have had more—but didn't have time—Tell me what it is all about someone—Please—Wish the Doctor would tell Higgins—our local dancer to stop singing—It makes my face red—Started a fire to light my face with down on Center the other day and five palookas stepped up for a light—Panic—How long will it last?—Hi! De! Ho! Everybody.

Shadowproof. P. S.—Tell Depression that it is only 105 days before Christmas.

HURLEY PROMISES INVESTIGATION OF FLOOD CONTROL CAMP LABOR

(Continued from Page 1) report. Admits Long Hours, Low Wages General Brown, a native of Nashville, Tenn., wrote a long letter under date of August 25 to the Association in which he evidently was angered by the flood control conditions being placed before President Hoover, rather than directly before him. General Brown did not deny that Negroes are forced to work 12 hours a day, seven days a week for an average wage of 10 cents an hour, which the N. A. A. C. P. charged in its report. Instead, the General excused the low wages by saying the government made it a policy to pay the wages customary in the surrounding region. He excused the long hours by saying the flood control work was of an emergency nature, but he did not explain why the 12-hour double shifts were necessary since all this work is six weeks ahead of schedule and some of it is at least six months ahead. Should be Swift Probe Mr. White pointed out that the proper procedure was for the government "vigorously, courageously and without bias" to make a thorough investigation of and to correct the conditions alleged to exist, and to follow up the correction by strict, periodic inspection to see that such conditions are not re-established. It was after this letter had been received by General Brown that Secretary Hurley took personal charge and hastened to extend his official regrets for the opinions expressed by his subordinate. The abolishment of the contract system of doing the flood control work and the placing of it under army engineers was urged upon Secretary Hurley by the N. A. A. C. P.

Senators Condemn Conditions

All the twenty-six senators to whom copies of the report were absent from Washington for the summer, but three have seen the material at their homes and have strongly condemned the conditions outlined. Others will see the report on their return to Washington.
