### 'FORGIVE US OUR DEBTORS'

The future policy of this government with reference to the

foreign war debts which drag along with it many other phases of our national life is the most important bit of governmental business.

President Hoover, realizing that his own policies have been repudiated by the people who so overwhelmingly indicated that they favor Roosevelt's policies and facing the necessity of immediate action on the debt situation, invited the President-elect to come to Washington to a conference that would formulate the future policy for war debts. President Hoover also invited him to "bring into this conference any of the Democratic congressional leaders or other advisers you may wish."

One of the objections advanced by the Republicans against the Democratic President-elect was the inherent penalty that a lapse of time would be necessary for the new administration to assume office, thus endangering our financial stability and war debts which are no small item in maintaining that stability. Roosevelt's accepting every clause of Hoover's invitation might have decreased the danger of several degrees. Instead of grasping the opportunity immediately to assume leadership and take command of his own Democratic leaders and advisers, Mr. Roosevelt proposes to go down to Washington alone to talk over privately problems with President Hoover. Roosevelt's reaction is the one predicted by Republicans who contended that he lacks the ability for leadership and has no constructive ideas concerning many of our grave problems. It strikes me that with an overwhelming mandate to take us out of the deplorable condition in which we now find ourselves it illy behooves Roosevelt to refuse the opportunity to present his party's solution for this grave problem of foreign relations.

It is not this type of leadership that America can use today. Our country needs a progressive, courageous, intelligent leadership, one that is unmindful of political consequences but with the uppermost thought of doing all of what is best for the welfare of the people who select it.

### ELIE SHEETS, CANDY MAKER AND FRIEND OF NEGRO, DIES

Washington, Nov. 15 (CNS)—Elie Sheets, one of Washington's best known figures and founder of the Martha Washington Candy stores throughout the country, died here this week at the age of 81.

Mr. Sheets not only employed colored women in his stores, but taught both men and women the business of candy making.

## Three Cases Draw Intense National Interest

Oklahoma City, Nov. 18.—The State of Oklahoma has become a storm center in the battle for Negro rights, no less than three cases of stirring interest to all colored citizens being now fought under the leadership of the N. A. A. C. P.

In the first of these, Editor Roscoe Dunjee of the "Black Dispatch" reports that even prisoners in the state penitentiary have given their pennies toward the defense of Jess Hollins, who goes on trial for his life this month. The N. A. A. C. P. national office has given \$100 toward the defense of this man, railroaded to a death sentence on a charge of rape, whose conviction was reversed by the State Supreme Court.

In the second case, also involving a rape charge and railroaded to the penitentiary, Mr. Dunjee, who is president of the Oklahoma State Conference of N. A. A. C. P. branches, reports that the convicted man, Charles Dumas, stated that he had "confessed" his guilt under threat of mob violence. Dumas was immediately sentenced to electrocution upon pleading guilty.

The third Oklahoma case in the state-wide battle for civil rights concerns the driving of more than 200 colored citizens from their homes, farms and jobs, with threats of murder, arson and beating as penalties for Negroes remaining in Beckham County.

## "Betty Co-ed", College Comedy of Local Players Scores Big Hit

By Everett Wadsworth  
An enthusiastic audience of five hundred witnessed the performance of "Betty Co-ed", collegiate musical comedy, presented at the Jewish Community Center, last Tuesday evening. The play centers around the joys and hardships of students of an eastern girls' school and a breezy romance interwoven with clever song and novelty acts. It was written by Viola Pendleton Jones, 1075 Seventeenth Street, West high graduate and formerly of the University of Iowa, where she was prominent in dramatics and stage art. Marjorie McCracken, played the leading role of Betty Logan, the devoted older sister; she sacrificed all for Clara, her younger sister, played by Lena King, who succeeds in capturing her sister's fiance, Bob Maynard, played by James Rhodes. There is a surprise happy ending at the junior prom, the most colorful and elaborate scene of the entire show. Edward Perkins, baritone, featured

## HALE-NEGRO VOTERS IN INDIANA OPPOSED WATSON, MRS. BAILEY SAYS

Marion, Ind., Nov. 18.—One of the most embittered political contests ever waged among Negroes, has resulted in an estimated loss to the Republicans of Mrs. F. K. Bailey, President of the Indiana State Conference of Branches of the N. A. A. C. P. Estimate 50 per cent of 200,000 Negro voters of Indiana voted for opponent of Watson. Large numbers abstained from voting for either. Happy indeed that principles of Association were upheld in Indiana and disapproval of Watson effective. Thousands of Negro voters went Democratic forsaking the appeal of allegiance, for principle.

The opposition to Senator Watson's re-election was based upon his vote in the Senate to seat the anti-Negro North Carolina Judge John J. Parker on the U. S. Supreme Court, despite the appeals, protests and warnings of Senator Watson's colored constituents.

## Death Takes Cleveland Writer

Reached Heights as American Author  
Cleveland, Ohio, Nov. 18.—Charles Waddell Chestnutt died at his home here Tuesday at the age of 74 after a short illness. Mr. Chestnutt, known throughout the country as the dean of Negro authors, reached heights in his literary activities.

His first book, "The Conjure Woman", containing some of the short stories which are considered classics in American literature today, was published first in 1899. It was revived in 1928 and republished by Harcourt, Brace & Co., of New York.

Awarded Spingarn Medal  
In 1928 Mr. Chestnutt was awarded the Spingarn medal by the National Association for Advancement of Colored People for his achievements in the field of literature, and special reference was made to "The Conjure Woman." Other works by Charles W. Chestnutt included "The House Behind the Cedars," which gave the author definite ranking in America as an author.

Besides his works of fiction, Mr. Chestnutt wrote a biography of Frederick Douglass, which is still used as a reference work by students interested in that great statesman and orator. He also was a regular contributor to the Atlantic Monthly and the Century magazine. Among his stories which achieved wide reading through various publications were "The Wife of His Youth," "The Marrow of Tradition" and "The Colonel's Dream."

## Interracial Group In Anniv'ry Dinner

The Des Moines Interracial Commission of the Council of Churches of the Des Moines Area, celebrated the eighth anniversary of its organization Monday evening at the Y. W. C. A. cafeteria.

Atty. S. Joe Brown, former vice chairman, presided. W. W. Jones, former chairman of the Religious Work-Committee of the Crocker St. Y. M. C. A. aided in the formation of the Commission made a brief talk.

Harvey Ingham, Main Speaker  
Hon. Harvey Ingham, editor-in-chief of the Des Moines Register and Tribune, and chairman of the first executive committee, was main speaker. The members of the darker races of the world outnumber those of the white race by a two to one ratio," he said.

It was demonstrated in the recent Sino-Japanese War that the Chinese and the Japanese, both darker races, were expert in the use of the most modern weapons of warfare known to the white race, the speaker added. "Unless the races learned to get along together peaceably, there is a possibility of an interracial war in which the white race would be exterminated entirely," concluded Mr. Ingham.

Two Committees Report  
Co. Casper Schenk, chairman of the Committee on Racial Justice reported on the recent victory in the U. S. Supreme Court decision in the Scottsboro case and also on the local situation in the case of Police Officer L. A. Garland.

Attorney Jas. B. Morris, chairman of the Committee on the Housing of the Des Moines Negro reported. Among the visitors present were Mrs. Harvey Ingham, Presiding Elder T. B. Stovall and Donald Parker.

DOCTOR IN DEFAULT

## Musical Revue To Be Nov. 30

More than thirty characters will participate in the gripping pageant "Tom-tom to Syncopation" to be given Wednesday evening, Nov. 30, at the Jewish Community Center. An all-Negro revue of song and dance will be presented in beautiful scenery and elaborate costuming.

From the rhythm of the tom-tom in the deepest African jungle through the southern plantations and log cabins to the rapid syncopation of the high class jazz of the Harlem night clubs will be portrayed in various musical arrangements.

The theme and lyrics are written by Mrs. Corrine Jackson, of this city, and is sponsored by the St. Simon's Episcopal Mission.

## PORTERS WIN FIRST ROUND IN PULLMAN BATTLE

Chicago.—In a written opinion handed down by Federal Judge Geo. E. Q. Johnson, Monday in the northern district court of Illinois, a motion made by the Pullman Company Oct. 3 to dismiss the suit brought against it by the Brotherhood of Sleeping Car Porters was overruled, according to A. Philip Randolph, president.

The purpose of the suit is to secure an injunction restraining the Pullman company from interfering with the rights of its porters and maids to self-organization by the operation of its company union (the employee representation plan), which is a violation of the Railway Labor act of 1926 and the Norris-LaGuardia law passed by congress March 23, 1932, states Randolph.

## HUNGRY WILL MARCH ON WASHINGTON; NEGROES IN FRONT RANKS

New York City.—Eight columns of delegates elected by Negro and white jobless will march across the face of the United States, to converge in Washington when Congress opens on December 5th. In the name of the fifteen million unemployed workers of America and their dependents, they will raise the following demands:

Fifty dollars immediate winter relief for each jobless worker—\$10 extra for each dependent. This sum to be paid by the Federal government as a supplement to the relief given by city and state.

Unemployment insurance, at the expense of the government and the employers.

No discrimination against the Negro and foreign-born workers.

## Chicago U Doctor Denied Training

N. A. A. C. P. Challenges Color Line Drawn in School and Clinic

Chicago, November 18.—The entire issue of race discrimination in Rush Medical College, of the University of Chicago, is again raging due to the denial of a colored doctor, H. F. Bouyer, opportunity to register in a special course on oto-laryngology on the sole ground of his color. Dr. Bouyer at once reported the facts to the N. A. A. C. P. which is challenging the jim crow policy of the Chicago University Medical School.

Free Patients "Object" to Negro Doctors  
The N. A. A. C. P. took up the matter with the Chicago U. authorities, an investigation being ordered by the university president, Dr. Robert M. Hutchins. Dean Ernest E. Irons of Rush Medical College then reported that free patients "object" to being cared for by colored doctors, but that a "light" colored doctor has been accepted at the dispensary.

### WILL IT WORK?

Mr. Robert L. Vann, one of the strong supporters of President-elect Roosevelt, says in a leading editorial in his paper, the Pittsburgh Courier:

"Let us pause to warn the victorious Democratic party that it must satisfy the hopes and aspirations of the American people if it wishes to control the government of this nation after Election Day, 1936.

"Thanks to a century of popular education, enhanced by countless newspapers, magazines, books and lectures, the memory of our people has grown much longer. This is particularly true of Negroes, whose bitter experience in this land of the free has endowed them with insight, foresight and hindsight.

"If we find that we have revolved in vain and committed ourselves to the political custody of just another Hoover, we shall wreak vengeance again in 1936, not by returning ignominiously to the discredited party that misruled the nation from 1920 to 1932, but by going even farther to the left!

"We rightly expect President to use the great power he possesses by virtue of the high office to which we have helped elect him, to

"(a) Definitely end discrimination against Negroes in the Civil Service.

"(b) Definitely end segregation of Negro and white workers in governmental departments.

"(c) Definitely end the flagrant and long-standing violations of the Jim-crow laws in the South in interstate travel.

"(d) Urge Congress to enforce the 14th and 15th Amendments and to do so himself in his capacity as Chief Executive.

"(e) Definitely recognize the support given to him by Negro voters and party workers by increasing the number of appointments in the diplomatic service and all other government appointive jobs.

"(f) Adopt immediately a hands-off, friendly-neighbor policy toward Haiti and Liberia.

"(g) Generally take special recognition of the fact that Negroes have serious problems due to color prejudice and that it is necessary and desirable that he take immediate steps to impress upon the nation the fact that he is opposed to its treatment of the Negro, and wishes to improve the status of our people.

"(h) Definitely end the breaking up of Negro regiments and their exile to Georgia and the Mexican border, open up technical branches of the army and navy to Negroes and end the segregation and discrimination practiced in the Citizens' Training Camps.

"There are some of the things we Negroes expect President Roosevelt to do. We expect him to do them because they are easy to do, and in doing them he will merely be properly living up to his oath of office. In addition, as working people and citizens, we expect him and his party to initiate policies that will increase the economic security and improve the cultural status of the American people.

"We give thanks now for the election of Franklin Delano Roosevelt because of the promises made by him in the name of the Democratic party for the reconstruction of the nation and

## HEALTH TALKS

By Dr. H. H. London

### EPILEPSY

Epileptic attacks and convulsions bear such a similarity that the latter may be mistaken for the former. At the first attack is occurring or that a person is suffering from some form of convulsion.

Epileptic attacks are indeed convulsions in a sense, but one not so termed and understood. They do occur at all ages, as do convulsions. The nature of the attack gives much concern because consciousness is lost and any disease causing loss of consciousness leaves a doubt as to the outcome until consciousness returns. Epileptic attacks last for a short while, the patient awakes and does not know what has happened until told, and has no idea of the length of time he has been unconscious.

Epilepsy was hopeless condition. Once so considered by those observing the attacks it has now become curable in a great proportion of the cases. There are indeed cases which cannot be offered much hope, cases which must go on with attacks, but even these attacks may be cut down by careful dieting and right treatment. In fact, those considered incurable may be offered so much relief that an attack once or twice a year may come as a surprise. A great many of the cases will have no return of attacks after complete treatment.

the assisting of the Forgotten Man. But we expect him and his party to make good."

Just how Mr. Roosevelt can accomplish these things is hard to conceive. With the major committees in Congress headed by southern men and in control of the Democrats, it is simply out of the question.

As much as we would like to see them accomplished and as much as we contend that had the Republican administration accomplished some of these things, Negroes would not have strayed from the party in such large numbers, we must but feel that Mr. Vann will be fighting Roosevelt in 1936 just as Monroe Trotter fought the late President Wilson for his failure to deliver his pledges to the Negro voters.

### COMMUNITY CHEST DRIVE

The annual Community Chest drive is on. Its success is more important than ever before. Des Moines people may well be proud of its welfare organization for as a result of its efforts and leadership our citizens have suffered less than in most communities.

In times like these people feel called upon to cut down or cut out donations. It is not the thing to do. Welfare work is more necessary than ever before. While everything done does not please everyone—they do not hope for this—the general good cannot be estimated.

The Bystander urges its readers to give something in this drive. Little or small the donation will be appreciated and will show the proper interest of a good citizen.

### OUR SENATORS DELINQUENT

Senator Wagner, Democrat of New York, has agreed to introduce a resolution in December calling upon Congress to investigate Mississippi levee peonage conditions. The National Association of Colored People conducted a thorough investigation of these conditions, made a prima facie case and is cooperating with Senator Wagner.

Already several Senators have pledged to vote for the resolution; others have agreed to give it sympathetic consideration. Thirty-two senators have failed to reply to the communication addressed them on the subject or have returned unfavorable

replies. Among these thirty-two Senators who have not answered or who have answered unfavorably are Senators Dickinson and Brookhart of Iowa. This does not speak well for Iowa and the Bystander here inquires what is the stand of our Senators on this very important question?

Washington, D. C., Nov. 11.—Whipped completely for the second time in two months by the forces of right before the highest court in the land, southern prejudice suffered one of the severest jolts this week when the United States supreme court gave its decision in the notorious Scottsboro case, decreeing that these seven unfortunate youths were not given a fair trial and remanding the cause to the criminal court of Alabama. The case is set for retrial in March, 1933.

The decision came an hour after a demonstration by supporters of the International Labor Defense on the Capitol plaza, during which tear gas and clubs were used to rout the demonstrators.

Denied Protection—The supreme court based its decision upon the ground that the youths were denied due process of law and the equal protection of the laws in violation of their constitutional rights because they were denied the right of counsel, with the accustomed incidents of consultation and opportunity of preparation for trial. It did not deem it necessary to consider other points raised by their counsel.

The majority opinion was delivered by Justice George Sutherland.

Justice Pierce Butler dissented. Justice James Clark McReynolds concurred in the dissenting opinion of Justice Butler.

The youths, whose death sentences were set aside, are Ozie Powell, Willie Roberson, Andy Wright, Olen Montgomery, Haywood Patterson, Charley Weems and Clarence Norris. In the majority opinion, Justice Sutherland reviewed at length the facts and circumstances regarding the alleged crime and the trials and convictions of the youths.

Should Have Counsel—The opinion reviews at length the rule of the English common law which denied the aid of counsel to a person charged with treason or felony. He pointed out that this rule was rejected by the colonies and that the sixth amendment of the Constitution provides that in all criminal prosecutions the accused shall enjoy the right of counsel.

"In the light of the facts," the opinion continues, "the ignorance and illiteracy of defendants, their youth, the circumstances of public hostility, the imprisonment and the close surveillance of the defendants by their friends and families were all in other states and communication with them necessarily difficult, and above all, that they stood in deadly peril of their lives, we think the failure of the trial court to give them reasonable time and opportunity to secure counsel was a clear denial of due process."

### "OVALTINE" MANUFACTURERS GET PROTEST ON "NIGGER" IN RADIO PROGRAM

Chicago.—The Wander Company of this city, who manufacture "Ovaltine" have received a vigorous protest from Baxter S. Seruggs, Associate Executive Secretary of the Chicago Y. M. C. A., who has forwarded the correspondence to the N. A. A. C. P., on the use of the word "nigger" in a radio broadcast.

The company sought to justify the words used on the ground that the dialogue was in harmony with the "character parts." To this Mr. Seruggs replied that it was damaging to have impressed upon millions of radio listeners that Negroes are "niggers."

The company has given assurance that future references will be to "colored boy" or "some equivalent unobjectionable expression."

### SENATORS SILENT ON WAGNER MISSISSIPPI PROBE RESOLUTION

New York.—Senators who up to now have not committed themselves as to how they will vote on Senator Wagner's resolution calling for a probe of the Mississippi levee peonage conditions, are being "gunned for" by the N. A. A. C. P.

Some 32 senators are already definitely pledged to support the investigation called for by Senator Wagner, and a number of others have assured the N. A. A. C. P. that they will give

sympathetic consideration to it. But there are some senators who have either not replied at all to the N. A. A. C. P. query or who have answered only through their secretaries.

New York.—Dr. J. G. William Greeff, Commissioner of Hospitals of New York City is receiving a vigorous protest on the discrimination practiced against colored nurses in the city's public institutions.

The letter, sent him by Walter White, Secretary of the N. A. A. C. P., specifically asks that the Commissioner see to it that there be no discrimination in the proposed school of nursing to be established. The letter continues:

White Nurses Not Citizens—"The unfairness of this discrimination against Negro citizens is all the more glaringly evident in that we

learned on reliable authority that at least 30 per cent of the registered nurses who have pay positions in the 30 municipal hospitals of New York City are not even citizens of the United States. We do not object to these persons holding positions because of their being of foreign birth. We do most vigorously contend, however, that these persons who have not taken the trouble or deemed it desirable to become citizens of the United States should not be given preferential treatment over American citizens who happen to be colored."

### TWO HELD IN PLOT TO WRECK HOOVER SPECIAL TRAIN

Eau Claire, Wis., Nov. 11.—A plot to wreck the special train carrying President Herbert Hoover was foiled

here Saturday with the arrest of two members of the Race, Henry Vance, 37 years of age, and Hayes White, 55 years old. Both men are being detained in the city jail pending an investigation.

### STEPHENS RE-ELECTED TO N. Y. ASSEMBLY

New York, Nov. 11.—The Democratic landslide which swept the country Tuesday carried with it Assemblyman James Stephens, Negro, is being returned for his third term. Piling up an early lead, Assemblyman Stephens defeated his Republican opponent, Clayton T. A. French, by a large plurality. Edward Watts, Republican, also a member of the race, running in the 21st assembly district was defeated.

### Maintains Lead Over Democratic Rival

Crashing through a mountain of Democratic votes Tuesday that swamped practically every other Republican candidate in the county, state and nation, Congressman Oscar DePriest continued to gain on his principal rival as late returns reached headquarters, and with 139 precincts out of a total of 155 in the First district reported, DePriest was leading Harry Baker (white) by the narrow margin of 2,540 votes.

Republican Lose Heavily—If the final tally shows DePriest as a winner in this most revolutionary political battle of the century he will be one of the very few Republican candidates to survive the onrush of the mighty Democratic wave.

Mrs. Jessie McClain, 50, staff member of the Family Social Service, was seriously injured when struck by an Urbandale street car Saturday morning in front of her home, 1067 Seventh Street. She was taken to the Mercy hospital where she is suffering from bruises about the head and internal injuries.

Police said witnesses told them Mrs. McClain ran across the street directly in the path of the oncoming car expecting it to stop. The street car was headed downtown and operated by S. S. Harris, 1127 Douglas Avenue.

## "We found out that night what a Telephone is worth"

An actual incident from a community served by this Company, showing how one telephone call may be worth more than telephone service costs in a lifetime.

Doors and windows of their home were tightly closed to keep out the icy gale of a cold night early in 1932. The fire in the heater was banked when the family retired for the night. About midnight the baby cried. Her mother awoke, fumes from the heater choked her.

She roused her husband . . . fell back unconscious. He was barely able to reach the telephone and call for a doctor before he was overcome. That call brought help in time to save their lives.

What is your telephone worth to you? You pay a few cents a day for your telephone—it brings you friends and leisure and may add years to your life.

ELECTION CAMPAIGN MARKS GREAT STEP FORWARD.

SAYS JAMES W. FORD New York City.—(CNA)—James W. Ford, first Negro candidate for Vice-President, returning to New York at the end of a strenuous campaign tour, expressed the opinion that "the elections this year mark a great step forward in the struggle for Negro liberation."

"Although it is still too early to know the complete results, it is certain that the Negro and white candidates of the Communist Party polled a vote that is a tremendous increase over the votes of our Party in the last four years. For example, the vote for Foster in 1926 was 9,232 in New York City; in 1930, when he ran for governor, it was 15,500. This year he got 24,108 votes in New York City."

The Negro candidates of the Party, of whom there were many, polled many votes. William L. Patterson, running for mayor of New York, got 24,222 votes. Henry Shepard, Communist candidate for Lieutenant Governor of New York State, got 25,881 votes in New York City.

MARSHALLTOWN PASTOR TOURS EAST

Marshalltown, Iowa.—Elder H. P. Fisher, pastor of Church of God in Christ, returned home after two months visiting in the East. He attended the Eastern National Convocation in Philadelphia, Pennsylvania and remained there a week. From there to New York where he visited Elder C. B. Michens and on to Jersey City, N. J., and Newark, N. J., and was a guest of Elder J. A. Wells. Rev. Fisher went to Wilmington, Delaware, and visited with Elder C. W. Franklin.

In Baltimore, Md., he was a guest of Elder W. H. Hearn, State Overseer of Delaware and the District of Columbia. His next stop was Washington, D. C., as guest of Elder S. Kelsey. Rev. Fisher went to Pittsburgh, Penn., where he was a guest of Elder C. H. Mason, the General Overseer. In Cleveland, Toledo and Chicago, he stopped with his brother, John Fisher, and preached for Elder A. A. Childs.

The pastor concluded his trip in Rock Island, Ill., and Cedar Rapids. He is planning on leaving soon for Memphis, Tenn., December 2nd, to attend the National Convention.

CHRISTMAS SEAL DRIVE STARTS

Des Moines, Nov. 18.—Thirty-six state-wide organizations have given endorsement to the twenty-sixth annual Christmas seal sale either by formal resolution or through statements of their presidents or executive officers.

In giving out this information here today T. J. Edmonds, executive secretary of the Iowa Tuberculosis Association, said that plans for the annual appeal for health funds which formally opens the day after Thanksgiving and continues until Christmas are now completed, with an active Christmas seal committee in every county.

TEKANS URGED TO FIGHT FOR RIGHTS

Dallas, Tex. Nov. 14 (CNS).—"Don't let yourselves get whipped" said Mrs. Jessie Daniel Ames, of Atlanta, Georgia, in urging Texas Negroes to continue their fight for greater political recognition.

Mrs. Ames, director of women's work for the Commission on Interracial Cooperation in her address at the closing session of the Texas Commission on Interracial Cooperation here on November 5, pointed out that Negroes have continually challenged the right of the Democratic Party in Texas to exclude them from the primaries, and have fought their cases successfully up to the United States Supreme Court.

Mrs. Ames, formerly of Georgetown and prominent in Texas club activities, still retains her citizenship in Texas.

"HOOVER'S POORHOUSE" FELICITATES ROOSEVELT

New York, Nov. 15 (CNS).—Among the many messages of congratulation received by Gov. Roosevelt, was a ca-

ble received from the Virgin Islands Tuesday night: "Hoover's poorhouse unanimously wishes you success." They were recalling President Hoover's message to the islands last May, when he said: "The Virgin Islands may have some military value some time. Opinion upon this question is much divided. In any event when we paid \$25,000,000 for them, we acquired an effective poorhouse, comprising 90 per cent of the population."

DEMOCRATS ON TRIAL BEFORE NEGRO SAYS N. A. A. C. P. ON ELECTION

New York, Nov. 18.—The Democratic party is on trial before the Negro citizens of the country, declared the N. A. A. C. P. today in a statement commenting on the sweeping victory of the Democratic forces in the election. "Negro voters played their part as never before in this election," says the statement. "Traditional party-lines were scrapped and it is evident that in this election for the first time on a national scale the Negro was voting on the basis of his paramount interests."

"Neither the Negro as a race nor the N. A. A. C. P. is Democratic. But the Negro exercised his right as a citizen to vote for those who promised to safeguard his basic rights. The N. A. A. C. P. watched the Hoover Administration. The N. A. A. C. P. is neither Republican nor Democratic. It is non-partisan, and it will continue advising the colored citizens concerning their best interests regardless of party."

LABOR BENEFITS CHIEFLY IN COAL COSTS

Industrial Use Large Albia, Iowa (Special)—The Iowa Coal Institute, a non-profit organization of Iowa citizens not financially associated with the coal industry, in a direct appeal to Iowans for support of the mining industry cities costs of coal to the consumer.

In commenting on fuel costs Hugh W. Lundy, Secretary of the Institute stated, "The Electric Public Utility Power Plants in Iowa use approximately 450,000 tons of Iowa coal annually, while the railroads which serve our state are using each year better than 400,000 tons of the state product; likewise, many other industries, including packing companies, cement plants and numerous manufacturing concerns are large customers of the Iowa mines. If these concerns find it to advantage to use Iowa coal, there is no reason why the general public should not likewise appreciate the advantage in supporting Iowa's Second Industry."

Honest Economy "If the State Board of Education, and the State Board of Control can use to advantage over 200,000 tons of Iowa coal annually in the Institutions coming under their supervision, there is no reason why a majority of the County and School Boards in the State should not expend public tax money for a commodity that is produced in Iowa, thereby giving employment to Iowa labor and permitting the tax dollar to have the greatest spread. Now is the time for politicians to put into practice their alleged desire to lower taxes relieve unemployment by insisting that Iowa coal be used in all public buildings, and honestly endeavor to improve business conditions. The miner will buy farm products if given a chance. The Iowa farmer who sends money out of the state for foreign fuel should not complain when vainly looking for Iowa markets."

NEGRO CANDIDATES SUFFER FROM PROTEST VOTE AGAINST HOOVER

Washington, Nov. 15 (CNS).—A number of Negro candidates running for various offices throughout the country went down to defeat as a result of the avalanche of Republican votes in the protest, wave against President Hoover's re-election. A notable exception, however was the reelection of Oscar DePriest to Congress from the First Illinois District, by a majority of about 5,000. In Detroit, Charles H. Mahoney, Republican Congressional candidate

in the First Michigan District was swamped, as also were Dr. Ossian Sweet and Charles Roxborough, candidates for the State Senate.

In New York City the tidal wave helped reelect James E. Stephen, Democratic candidate in the 10th Assembly District. Mr. Stephen will be the only Negro in the next New York legislature.

In Indiana, Henry J. Richardson, Jr. of Marion County and Dr. Robert L. Stanton, Lake County, were elected Democratic members of the State legislature.

In Chicago, Candidates King, Jenkins and Wardell were elected to the State House of Representatives. Representative Harris B. Gaines was also reelected.

In Philadelphia, John W. Harris and Samuel B. Hart were elected members of the Pennsylvania legislature.

J. Mercer Burrell will be a member of the New Jersey Assembly.

Police were inclined to place the responsibility on the Socialists, but leaders of the party denied that they had anything to do with the demonstration but avowed sympathy with the motives behind it. The play has been running here about two weeks, and has tainment in the field of dramatics two years ago.

It was generally well received with the Swedish newspapers running their criticisms on the front page. The play was written by Marc Connelly and is still playing in the United States with a Negro cast headed by Richard Henry Harrison, who plays the part of "De Lawd." Harrison for his superb presentation of that character received the Spingarn Medal, for the highest at-

Riding upon a wave of Democratic votes that engulfed nearly every Republican aspirant throughout the nation, Governor Franklin Delano Roosevelt, governor of New York and his partner, John Garner of Texas, swept into the White House Tuesday in a record vote which is unparalleled in all history of United States elections. When President Hoover conceded defeat Governor Roosevelt led in all but seven states. The final count revealed Hoover 59 electoral votes and Roosevelt 472. Necessary to elect, 266.

For the first time since Woodrow Wilson, laid aside the duties of the highest office in 1920, a Democrat will become the nation's chief magistrate. The prophecy of the stray vote polls and Maine democratic election in September which declares "As Maine goes, so goes the nation", all came true in overwhelming proportions.

The Republican reverse, one of the greatest in this generation for any party, apparently has put both senate and house into the hands of the Democrats by wide majorities.

Republican leaders ascribed the terrible defeat to several causes, some of them being: "The depression, which directly or indirectly, has affected every home in America."

"The ruinous prices of such great basic commodities as wheat, corn and livestock in the West."

"Prohibition. While not such an acute issue in the West, prohibition was an important factor in the wet states of the eastern seaboard. The Democratic pledge in the platform for outright repeal of the 18th amendment and immediate modification of the Volstead act to legalize beer attracted thousands of votes."

Another cause which contributed to the repudiation of the Republican party was "general unrest, born of the hard times and general desire for a change."

Hoover's refusal to have his picture made with a colored group during his four years in office; his attempt to seat Judge Parker of North Carolina, a rabid lily-white on the supreme court bench, and the activities of his postmaster general to formulate a lily-white party in the South, were some of the many attitudes on the Race question that made him distasteful to many voters.

In addition to these criticisms, Hoover made no outstanding appointments of colored men or women since he has been in office, said many voters who went into the Democratic ranks. The mistake that paved the way for his nation-wide unpopularity with members of both races was his dealing with the bonus army in Washington, which resulted in tear gas being used to drive these lobbyists off government property.

The upheaval which swept the nation, like a swift hurricane that carried Roosevelt and Garner into the White House, the third Democrat to sit there since the Civil War, invaded Iowa, old Republican rock, for the second time in its history and elected Louis Murphy to the United States senate; placed Clyde L. Herring in the governor's chair; carried all other Democratic candidates into state offices; elected five supreme court justices; and sent seven Democrats to congress.

Democrats hold nearly two-thirds of the house seats in the forty-fifth general assembly and are within three seats of control of the senate.

Values Her Glasses at \$1,000.00. Mrs. Mary A. Ruthrauff's Eyesight Restored Perfectly.

Mrs. Mary A. Ruthrauff, who lives at 225 Twenty-first Street, spent hundreds of dollars trying to get bi-focal glasses that would give her satisfaction. After being told by one specialist that she could not hope to see clearly again, she came to

LEW ARNTZ Doctor of Optics

who prescribed special glasses for her case that have restored to her perfect vision. Mrs. Ruthrauff is 65 years of age and now sees better with her glasses than when she was young.

She says of Arntz: "I have spent hundreds of dollars trying to get glasses that would be suitable both to read with and see at a distance, but Lew Arntz fitted me about four years ago. He said he could give me 100 per cent vision and he has made his word good. I would not take \$1,000 for my glasses. If I could not get another pair just like them, I was told some years ago by a very prominent specialist that I could never expect to see clearly any more, but Arntz, through diffidence, the doctor gets a great deal of credit for the great work he does, but not enough in my estimation."
