N. A. A. C. P. ASKS
GOVERNOR CARLTON
TO PUNISH MOBBISTS

New York, Dec. 9.—Governor Doyle E. Carlton of Florida has been asked in a letter sent today by the N. A. A. C. P. to prosecute a group of mobbists who, masquerading as federal officers, brutally flogged colored citizens of Clearwater, Fla., for heading a Colored Welfare League and reporting discrimination in the distribution of government flour by the Red Cross.

Mr. Williams, according to a report sent the N. A. A. C. P. from Tampa, was so severely beaten with leather and rubber hose that the blood streamed down his back. Mr. Harvey was forced to leave his family and property in Clearwater. Mr. Williams was also kicked in the stomach and an X-ray will determine the extent of the injury he received.

A number of white people have expressed abhorrence for the brutal attack on the two colored men both of whom had a high standing in their community.

Professor Garner's Address Draws NAACP Fire

New York, Dec. 9.—A "white domination" speech made by Professor James W. Garner of the University of Illinois before an audience in Atlanta, Ga., has drawn vigorous protest to the Governor of Illinois and the President of the University from the N. A. A. C. P.

In his address Professor Garner justified white domination, declaring that intelligent northern whites did not favor depriving the southern whites of their prerogative to rule over and administer the affairs of Negroes. In the letters to Governor Louis L. Emerson of Illinois and President Harry Woodburn Chase of the University, the N. A. A. C. P. says in part:

"This speech, if Professor Garner was correctly quoted, represents a reversion to the mental attitude of the slaveholder and cannot give comfort to the lyncher and the Ku Kluxer throughout the country. It is a short step from denying political rights to a citizen of this country to saying 'he has no personal rights that must be respected.'"

METCALFE GIVEN MARK OF 10.3 SECONDS

New York.—(CNS)—The general session of the annual Amateur Athletic Union Convention has credited Metcalfe with a mark of 10.3 seconds in the 100 meter final at the Olympic games in Los Angeles, California, last summer. Ralph Metcalfe and Eddie Tolan came to the tape in the spectacular contest so nearly at the same time and by so narrow a margin of difference that while Tolan was given the decision, many thought that Metcalfe had won or that it was dead heat.

ROSENWALD FUND AIDED THE CONSTRUCTION OF 5,357 SCHOOLS IN THE SOUTH

Washington.—(CNS)—In a recent summary of the Julius Rosenwald Fund it is stated that the money furnished by the late philanthropic, Chicagoan has aided the construction of 5,357 Negro school buildings in the South at a cost of nearly \$30,000,000.

In summarizing its work, the annual report says: "The fund has given aid on 270 school buses at 159 schools in 128 counties of 15 southern States, transporting more than 10,000 Negro pupils to consolidated high schools a distance of 18,000 miles daily, costing over a three-year period \$3,000,000, the fund's share being \$142,500 (4.72 per cent). The importance of this project has been so well demonstrated in the three-year period that the public school authorities seem willing to make over the entire expenses of operation without further aid from the fund."

It was as a "retirex" judge, in 1928, that he handed down his decision in the Ku Klux Klan case, after which the Klan virtually disappeared in this State. He ruled: "This unlawful organization, so destructive of the rights and liberties of the people, has come in vain in asking this court of equity for injunctive or other relief. They come with filthy hands and can get no assistance here."

In Washington the present intention is to present it two weeks at the National Theatre, regular house of the United Booking Office, for white only. After this engagement it is planned to transfer 'The Green Pastures' to the Shubert-Belasco Theatre, new in disuse, where Mr. Connelly's play will be acted for the may be attracted to it. Negroes To Get Loan Benefits

Chicago, Ill.—(CNS)—Charles S. Duke, president of the National Technical Association is reported as advising extension of building and loan association activities to members of the race to enable them to obtain benefits of the Home Loan Bank.

Mr. Duke pointed out it is claimed that while Negroes make up a twelfth of Chicago's population, only two of the 430 building and loan associations have Negro members and that it is difficult for them to get real estate loans. Since all Negro banks have been closed, foreclosures are numerous and property is becoming run down as the owners see the prospects of losing their homes becoming almost a certainty.

QUICK ACTION NEEDED

Speaker Garner failed to secure the necessary two-thirds vote for his resolution to repeal the eighteenth amendment.

Some people criticize the program of putting booze ahead of other important legislation.

The public is in a frame of mind for a change; in some states public officials have announced that local enforcement legislation will be ignored from now on.

Enraged by the reckless killing of D. J. Turner, the Negro bank president, who was shot for pulling a hidden alarm in the presence of the robbers.

The quicker the prohibition question is disposed of the better off the country will be in as a whole.

OUR ALLIES TRYING TO ESCAPE

Our Allies of 1917-18 are making a desperate effort to build up sentiment against payment of their debts to this country.

These countries argue that these loans were made in supplies and they should not be forced to pay in gold.

These organizations working for drastic tax reductions forget that they themselves have helped to create agencies which keep taxes high.

Office seekers too often boast of the great reduction of taxes they have brought about, but the average citizen cannot notice it on their receipts.

DES MOINES FORTUNATE

Superintendent Studebaker has secured from the Carnegie foundation a donation of \$120,000 which is to be used for adult education in Des Moines.

While nothing definite has been worked out, it is generally understood that forums will be conducted giving opportunity for discussion and study of such subjects as war debts, armaments, peace and other live topics of this nature.

The idea is fine and should do a great deal of good. These are world problems.

HEALTH TALKS

By Dr. H. H. London

NERVOUS DYSPEPSIA

Very characteristic of any condition in the stomach is loss of weight and strength. Loss of appetite occurs in any alteration of this organ.

When speaking of this form, it is assumed and known that there is no lesion to be demonstrated in the stomach.

Ordinary forms of this Dyspepsia consisting of fullness after eating, uneasiness in the stomach after meals, belching, and loss of appetite cause only temporary discomfort and inconvenience.

NORDIC EAR MIXES

"NIGGER" AND "NEGRO" IN HEBREW DIALECT, N. B. C. EXPLAINS

New York, Dec. 2.—The National Broadcasting Company has done a little explaining to the N. A. A. C. P. about an alleged use of the word "nigger" in a radio broadcast from station WJZ.

A Pieta, supervisor of audience mail of the N. B. C. now states: "... We are glad to inform you that the line of the script questions used the word 'Negro' and not 'nigger'.

"The Green Pastures", which won the Pulitzer prize in 1929, was banned from the English stage by Lord Chamberlain in 1930 because of the representation of the Deity on the stage.

When the play was staged in Stockholm, Sweden, last month 12 clergy members protested against it as holding up to ridicule the religious ideas of an oppressed people.

ASK U. S. ROADS CHIEF TO PREVENT COLOR BAR ON HIGHWAY PROJECTS

Jamaica, N. Y., Dec. 2.—Thomas H. MacDonald, chief of the Bureau of Public Roads of the U. S. Department of Agriculture, has been asked by the Jamaica branch, N. A. A. C. P. to issue a statement warning against the exclusion or discrimination against Negro workers on emergency highway projects.

Dr. Charles M. Reid, president of the Jamaica N. A. A. C. P., first wrote the U. S. Secretary of Agriculture asking opportunity for colored workers to get their share of employment.

To this Mr. MacDonald replied that the labor lists were supplied by county or other local employment agencies designated by the State, preference being given to ex-serve men and persons in great need.

"NO FUNDS" FOR HOOVER COMMITTEE PROBE

N. A. A. C. P. PUSHES WAGNER RESOLUTION

New York, Dec. 2.—Disclosure that no funds have yet been made available for the committee appointed by President Hoover to investigate the peonage conditions on the Mississippi flood control project, has brought about intensified activity by the N. A. A. C. P. to procure a sweeping Senate investigation under the resolution to be introduced by Senator Robert F. Wagner of New York.

Branches of the N. A. A. C. P. throughout the country are holding mass meetings with the cooperation of local churches on Sunday, December 4, and at these mass meetings resolutions will be adopted calling for Senate action, and telegrams will be dispatched to senators from the various states.

Xenia, O.—(CNS)—Bishop Joshua H. Jones, former president of Wilberforce University, and one of the bishops deposed at the General Conference of the A. M. E. Church in Cleveland, last May, died at his home in Wilberforce, near here, Thanksgiving Day. He was 76 years old.

He was head of Wilberforce University from 1900 to 1908, but retired from active service in the church last May. His son, Gilbert Jones, was president of Wilberforce from 1924 until last May, when he resigned.

The book "Georgia Nigger" was published this fall by Brewer, Warren and Putnam of New York. It is a startling expose of the system of forced labor in the South, on the cotton plantations and the chain gangs.

By the unique technique of fiction based on documentary evidence and illustrations, the story of a young Negro boy is unfolded. This lad, once caught in the web of the law, finds himself more and more deeply entangled in its mesh and is indefinitely bound to forced labor.

Chicago—After hearing by counsel for Robert S. Abbott, editor and publisher of The Chicago Defender and Abbott's Monthly, and Mrs. Helen T. Abbott, his estranged wife, in her plea for separate maintenance, Judge Philip J. Finnegan of the Superior court entered an order Saturday allowing Mrs. Abbott \$300 a month temporary alimony. The case will probably come to trial some time during the spring.

They must be understood. But the scheme should not be like some mission work which spends all its funds abroad and leaves urgent domestic problems drift.

Race relations in this country need much light shed on it. In fact most of the difficulty between races comes from a lack of proper understanding.

It would be a fine idea to include a study of race relations in the program. Des Moines, like all other towns, need it.

WARDEN HUNTS POSSUM FOR MAN'S LAST MEAL

New Orleans, La.—(CNS)—Believe it or not—it is claimed that George Miller, Warden of Orleans Parish Prison and his deputies went on a possum hunt to satisfy the "last meal" request of a condemned Negro prisoner.

The prisoner, Leaval Hubbard, had asked for "possum and sweet-potatoes" as part of his last meal.

FINNS CANNOT SEE PASTURES AS STAGE HIT

Helsingfors, Finland, Dec. 2.—Four conservative women members of the parliament demanded Saturday that the cabinet take measures to prohibit production of Marc Connelly's play, "The Green Pastures", because, they contend, the American play is wounding religious feelings.

"The Green Pastures", which won the Pulitzer prize in 1929, was banned from the English stage by Lord Chamberlain in 1930 because of the representation of the Deity on the stage.

When the play was staged in Stockholm, Sweden, last month 12 clergy members protested against it as holding up to ridicule the religious ideas of an oppressed people.

TWIN BARBARIC FIGURES IN A CIVILIZED LAND

Raleigh, N. C.—(CNS)—"The Southern lyncher and the city gangster are twin barbaric figures in a civilized land," said the News and Observer in an editorial on the effort of women representing twelve Southern States to bring the South through 1933 without a single lynching.

Continuing the Southern daily said: "On Sunday on a roadside near Winnabro, La., the body of a Negro, who had been charged with 'insulting' two white women, was found hanging from a tree riddled with bullets.

"This new act of barbarism detracts in no way from the nobleness of purpose of the movement begun in Atlanta. But it does emphasize the fact that to end lynching is a long and difficult task.

Atlanta, Ga.—(CNS)—Pointing out that they want it made plain that they do not subscribe, in any sense to the theory of some that lynching is sometimes necessary for the protection of womanhood, women representing 12 Southern States met here last week and started a campaign they hope will bring the South through 1933 without a single lynching.

The delegates agreed to campaign for extending the membership into all of the 128 counties of the Southern States during the forthcoming year.

Another goal is the indorsement and co-operation of all types of organized women's groups and a membership of at least 13,000 or 1,000 in each Southern State.

They met as delegates to the annual convention of the Central Council of the Association of Southern Women for the Prevention of Lynching and adopted this motto: "A lynches South in 1933."

Thirteen hundred towns and 575 counties are represented in the association's membership.

IN MEMORIAM

REV. G. O. TERRELL

You, my father,
Have shown me God;
Your kiss upon my cheek,
Has made me feel the gentle touch
Of Him who leads us on.
The memory of your smile,
Revealed His foes,
As mellowing years come on apace.
And when you went before,
You left the gates of heaven ajar
That I might glimpse,
Approaching from afar,
The glories of His grace.
Hold thou, my hand,
Guide me along the path,
That coming,
I may stumble not
Nor roam,
Nor fail to show the way
Which leads us—Home.
In loving memory of our dear husband and father, Rev. G. O. Terrell, who journeyed home, one year ago today, Dec. 10, 1931.

Mrs. G. O. Terrell, wife; Mrs. Beatrice Crank, Mrs. Adelaide Brinker, Mrs. Lessie Brooks, Mrs. Ethel Warfield, daughters.

Mrs. Mary A. Ruthrauff

Vejoes Her Glasses at \$1,000.00
Mrs. Mary A. Ruthrauff's Eyesight is Perfectly Restored.

Mrs. Mary A. Ruthrauff, who has spent 600 dollars trying to get her eyesight restored, says that she would give her satisfaction. After being told by one specialist that she could not hope to see clearly again, she came to

LEW ARNTZ

Doctor of Optics

who prescribed special glasses for her case that have restored to her perfect vision. Mrs. Ruthrauff is 65 years of age and now sees better with her glasses than when she was young.

She says of Arntz:

Des Moines, Ia., Dec. 14, 1906.
I have spent hundreds of dollars trying to get glasses that would be suitable both to read with and see at a distance, but Lew Arntz fitted me about four years ago. He said he could give me 100 per cent vision and he has made his word good. I would not take \$1,000 for my glasses if I could not get another pair just like them. I was told some years ago by a very prominent specialist that I could never expect to see clearly any more. But Arntz thought differently. The doctor gets a great deal of credit for the great work he does, but not enough in my estimation.
