Sharkey Offered \$100,000 to Fight Geo. Godfrey

Philadelphia (CNS)—Jess McMahon is spokesman for a group of Quaker City fight promoters who are willing to put up \$100,000 for Jack Sharkey to defend his heavyweight title against George Godfrey, of Lehighville, Pa.

McMahon, former associate of the late Tex Rickard, called Sharkey's manager, Johnny Buckley, on the telephone, it was stated, and offered to pay Sharkey \$50,000 when the articles were signed and the balance one week before the fight.

Buckley was quoted as saying he would talk the matter over with the champion before replying.

APPEAL FILED IN DUMAS CASE ASKING RAPE CONVICTION REVERSAL

Oklahoma City, Dec. 16—Dorcas Dunje, president of the local branch, N. A. A. C. P., announces that appeal brief has been filed in the Oklahoma State Criminal Court of Appeals in the case of Charley Dumas, convicted on a forced confession of rape alleged to have been committed on a white girl while Dumas was a road camp prisoner. The brief recites that Dumas was made to plead guilty without having any attorney, that he was under threat of mob violence, that he had only five minutes conversation with an attorney appointed by the court and that the presiding judge had remarked after imposing death sentence that "he wished he could pull the switch."

New York, Dec. 9.—A "white domination" speech made by Professor James W. Garner of the University of Illinois before an audience in Atlanta, Ga., has drawn vigorous protest to the Governor of Illinois and the President of the University from the N. A. A. C. P.

In his address Professor Garner justified white domination, declaring that intelligent northern whites did not favor depriving the southern whites of their prerogative to rule over and administer the affairs of Negroes. In the letters to Governor Louis L. Emerson of Illinois and President Harry Woodburn Chase of the University, the N. A. A. C. P. says in part:

RECTOR BACKS N. A. A. C. P. IN FIGHT ON NURSE JIM CROW

New York, Dec. 16.—L. H. King, Rector of St. Mark's M. E. Church, is backing up the N. A. A. C. P. in the fight being made against the discrimination being practiced against colored nurses under the administration of J. G. Greeff, Commissioner of Hospitals.

Want to Restore Fighting Status of Negro Troops

Washington (CNS)—The Civil Liberties Bureau of the I. B. P. O. E. of the World, J. Finley Wilson, Grand Exalted Ruler, is making a strong effort seeking restoration of the Negro troopers to the same status as they had before detailed to Fort Meyer.

The matter was originally brought up in the grand lodge at its Philadelphia session, following which a delegation called on Secretary Hurley and Gen. Douglas MacArthur. An extended report was made to President Hoover by Gen. MacArthur, on request of Representative DePriest, and referred to the Elk committee. This

International Love Scandal Cause of Law Suit

New York, Dec. 16.—Decision Tuesday by Supreme Court Justice John R. Yunk, awarding \$20,000 damages to Gustave Bensen (white), 42-year-old Bellmore, Long Island farmer, in a \$50,000 alienation suit against William Jackson, wealthy Negro contractor, revealed, needless to say, a situation unequalled in Nassau county records.

Richard Benson, 12-year-old son of the farmer, testifying against his own mother, told of meetings between her and the Race contractor over a period of more than a year.

In the meantime the countryside has been deeply stirred by the latest miscegenation scandal. A meeting Tuesday night of 800 Ku Klux Klansmen of Nassau county is believed to be the reasons by William Jackson, who is 36 years old, did not appear in supreme court, Minneola, to fight the suit of Gustave Bensen.

WHITE STUDENTS STRIKE FOR RIGHT OF NEGROES

Nona, Ark. (CNA)—Two-thirds of the student body of Commonwealth College, located near here, are on strike as a protest against the expulsion of Henry Forbes and Jack Copen, two Communist students who have been expelled for leading a struggle for the right of Negroes to enter the college, and for student self-government.

committee conducted its own investigation, however, and took issue with the general report.

The matter of colored troopers being reduced to subaltern and hostlers, the Grand Exalted Ruler stated had a wider influence in swinging the Negro vote away from the party in power in the late election. The Elk committee will seek the support of William J. Thompkins of Kansas City, and Ferdinand R. Morton, of New York, Negro Democratic leaders, in restoring all colored Army units to regular status.

Texas Teachers Drop Color Bar

Fort Worth, Tex., Dec. 16.—At its annual meeting last week the Texas State Teachers association (white) invited the State Association of Colored Teachers to take charge of its concluding program, and came out in large numbers to hear, and gave the Negro speakers and singers a great ovation.

Members of the white association, who arranged for this feature of the program were enthusiastic about the results. The occasion was felt to be significant as indicating and strengthening a fine sense of sympathy and co-operations.

Police Conduct Scored by U. S. Senate

Washington (CNS)—The conduct of the District of Columbia police in handling the recent demonstrators in Washington was termed "outrageous and disgraceful" by Senator Blaine (Republican), Wisconsin, in the Senate on Friday, December 9th.

"I've been informed by responsible members of Congress," he said, "that language was used by the police that was insulting. Language spoken to women on the public streets was in terms of the honorable gentleman would permit to be said in any other place in his presence to any woman."

The Wisconsin senator said the police had acted with "arrogance, violence and abusive language."

It is related that certain policemen were extremely harsh and abusive toward Negro marchers. On one occasion when a truck carrying white and colored delegates was sighted not less than 25 policemen, including a lieutenant, surrounded the car.

"Come out of there you lousy white trash, travelling around with blacks," shouted a policeman.

"SNAKEHIPS" FREED OF KNIFE CHARGE

New York, Dec. 16.—Earl Tucker, 26 years old, 141 N. 144th St., a dancer, known as "Snakehips," was discharged Tuesday by Magistrate Capshaw in Washington Heights court on a charge of felonious assault.

Michigan Slayer to Insane Hospital

Detroit, Mich., Dec. 16.—Robert Harris, self-styled "king" of a fantastic religious cult, was removed to the hospital at Ionia for the criminal insane Wednesday. Harris had been committed to the Ionia institution by Judge John Scallen of recorder's court after he had been declared insane by a sanity commission composed of three local physicians.

ADA WRIGHT SAILS WITH ENGLAHL ASHES

Bremerhaven, Germany.—Bearing the ashes of J. Louis Engdahl, late national chairman of the International Labor Defense, the American delegation to the World Congress of the International Red Aid which was recently held in Moscow, U. S. S. R., set sail for New York on the Bremen, Thursday, December 8. The delegation includes Mrs. Ada Wright, mother of Roy and Andy Wright, two of the Scottsboro boys, Carl Hacker, national organizer of the International Labor Defense, and Mariam Brooks, youth delegate from California.

New Orleans, La. (CNS)—The Southern Association of Colleges and Secondary Schools at its meeting here December 1, voted to give Class "A" rating to Atlanta University with its affiliated colleges, Morehouse College and Spelman College, at Atlanta, Ga. This gives the highest rating of the Southern Association to the Bachelor's degrees conferred by Morehouse College and Spelman College and to the Master's degrees conferred by Atlanta University.

Casper, Wyo., Dec. 9.—An attempt by a southern army captain to make orderlies of all colored boys in military training in the local high school was stopped by prompt protest to the high school principal, according to report of Mrs. M. E. Sanders, Secretary of the local branch N. A. A. C. P. The southern captain has been replaced by a westerner.

Rev. Bothic will represent every department of the association. He will represent the Women's Home and Foreign Mission convention; the Ministers and Deacons union, of which he is president; the Sunday School convention; the state B. Y. P. U. and the Aged Ministers home, located in Des Moines.

TON; PRESENT DEMANDS

Washington, D. C. (CNA)—In the teeth of a show of armed force by the government such as has seldom been seen except in wartime, three thousand elected delegates of the jobless paraded through Washington on December 6 and forced government officials to receive the demands of the unemployed. About 40 per cent of the total number of delegates were Negroes.

This year, as last year, the hunger marchers broke through all Jim Crow barriers on the way, and achieved complete unity of the Negro and white delegates. The delegation from Virginia forced the Salvation Army to feed and house the marchers together, although the Salvation Army made an attempt to Jim Crow the Negroes. The Birmingham delegates refused to allow the Negro members to be Jim Crowed at Asheville, N. C., and forced the city authorities to house them in one hotel.

The march through Washington and the presentation of the demands was followed by a conference at which plans were laid to carry on the struggle for relief and unemployment insurance.

POST OFFICE SAYS NO JIM CROW IN LOUISVILLE

New York, Dec. 16.—Assurance has been given from the office of the Postmaster General in Washington that the Department does not intend to establish segregated rest rooms in the new Louisville, Ky., post office. Writing to the N. A. A. C. P. in response to its protest, Arch Coleman, First Assistant Postmaster General says:

"The Department does not contemplate the establishment and maintenance of separate rest rooms in the Louisville, Kentucky, post office for white and colored employees or to segregate them."

Washington A. M. E. Church Minister Gets Signal Honors

Washington (CNS)—A notable sermon, "A Door Opened in Heaven" by the Rev. W. O. Carrington, pastor of the John Wesley A. M. E. Zion Church, has been selected as one of the twenty-five selected religious discourses to be included in the 1932 anthology "prize sermons" to be published this month in book form by the Macmillan Company of New York.

Six Hundred and ninety-two leading ministers from all parts of the English-speaking world participated in the sermon contest, including scholars, divines in every State in the Union, except Louisiana and North Dakota, Canada, England, Corea, Bolivia also had theological writers among the twenty-eight religious denominations that were represented in the contest.

Twelve Negroes Lose Life; Three of Them Brothers

Interracial Group Hears Negro Health Report

That the mortality rate among Des Moines Negroes has decreased during the past year was the main fact brought out in the report on the "Health and Sanitation of the Des Moines Negro" prepared by Dr. E. Thomas Scales, chairman of the department of health and read by his wife at the December meeting of the Des Moines Interracial Commission in the cafeteria of the Central Y. W. C. A. Monday evening.

Mrs. J. B. Thompson of Des Moines and Mrs. Clara Adams, Grand Secretary of the order of Sisters of the Mysterious Ten of Kansas City, Mo., were visitors at this session at which H. E. Terrell and the Rev. Paul E. Becker were elected to membership.

The chairman, S. Joe Brown, presented Supreme Judge Hubert Utterback, a charter member of the Commission. The chairman distributed souvenirs to the members present consisting of copies of the "Good Will Manifesto" composed by Col. Casper Schenk, while chairman of the Commission in Dec. 1928 and reprinted at his own expense by the late Dr. Chas. S. Medbury, in December, 1931.

The Commission also took steps toward having the subjects of "Race Relations" included among those to be discussed in the Des Moines Forum for Adult Education soon to be established by the Board of Education.

Judge Utterback to Speak Sunday

Judge Hubert Utterback, recently elected Supreme Judge for the State of Iowa will be the principal speaker at the annual Good Will Program of the Crocker street Y. M. C. A. to be held at Union Baptist Church, East 16th and University Ave., Sunday at 3:30 P. M.

The Girls Glee Club from the Woodrow Wilson Junior High School will give a half hour concert featuring Christmas carols, preceding the address. Atty. S. Joe Brown, chairman of the Educational Committee will preside.

WHITES OUST TENANTS FROM EXCLUSIVE BLOCK

Detroit, Mich., Dec. 16.—An attempt to keep Negroes out of certain blocks was revealed last week when Mr. and Mrs. Thornton Stephens were forced to move from 5716 Colfax Ave., after white neighbors had lodged a complaint against them.

The Stephens had rented the upper apartment at the Colfax address and moved in on Nov. 17. The following day the white neighbors began circulating a petition, which, after it had been signed by all of the residents in the block, was presented to the trustee of the premises, Albert Rodgers (white), and representative of the Equitable Trust company.

Rodgers, after reading the petition, ordered the Stephens to vacate the premises. They moved Tuesday.

Yancey, Ky., Dec. 16.—One of the most tragic mine disasters ever recorded in this state occurred here last Friday morning when 28 miners, 12 of them Negroes, lost their lives in the Zero mine of the Harlan Fuel company following a terrific explosion of coal dust which entombed the unfortunate victims.

Immediately after the explosion rescue workers and volunteers rushed into the pit and began a frantic search for the entombed men. The blast cut off communication with officials of the mine at the surface, and as the hunt for the bodies continued the families of the trapped men rushed to the mouth of the pit, wives and mothers becoming hysterical as no immediate news came as to the fate of their loved ones.

Seek Bodies of Victims

Carrying gas masks, fire fighting apparatus and other equipment to aid them in clearing the underground passage blocked by the explosion, the rescuers worked with feverish haste, their efforts being made less hazardous by the absence of fire following the blast.

The bodies were taken to Cumberland mortuary in Harlan, and all day Saturday and Sunday thousands of people from all sections of this mining country viewed the bodies of the dead miners.

Funeral arrangements for the victims are being made as fast as identifications are completed, and Harlan county, in which the disaster occurred, is bowed with grief by the tragic suddenness of the catastrophe which snuffed out the lives of the 23 unfortunate men.

N. A. A. C. P. PUSHES FIGHT ON MOBING AND JIM CROW IN SOUTHERN FLOUR RELIEF

New York, Dec. 16.—Negroes and Red Cross workers distributing free government flour in southern states are being intimidated and prevented from reporting the discrimination practiced against Negroes according to a letter sent yesterday to Judge John Barton Payne, national Red Cross chief, by the N. A. A. C. P.

New reports from Clearwater, Fla., state that none of the mobists who brutally flogged two members of the Colored Welfare Association has been apprehended. Colored people are being paid for relief work not in cash as are the whites but in grocery orders and on these orders there is no allowance for meat other than "white bacon" or fat pork, no butter, no fresh milk.

ROSENWALD FUND AIDED THE CONSTRUCTION OF 5,357 SCHOOLS IN THE SOUTH

Washington (CNS)—In a recent summary of the Julius Rosenwald Fund it is stated that the money furnished by the late philanthropic, Chicagoans has aided the construction of 5,357 Negro school buildings in the South at a cost of nearly \$30,000,000.

In summarizing its work, the annual report says: "The fund has given aid on 270 school buses at 159 schools in 128 counties of 15 southern States, transporting more than 10,000 Negro pupils to consolidated high schools a distance of 8,000 miles daily, costing over a three-year period \$440,000. The fund's share being \$142,253 (32 per cent). The importance of this project has been so well demonstrated in the three-year period that the public school authorities seem willing to make over the entire expenses of operation without further aid from the fund."

THE CRIME WAVE

Des Moines is having an unusual crime wave. This season always brings it on and coupled with all the disadvantages of cold weather, depression and highly organized crime, the situation is grave.

Saturday evening two policemen were shot—one fatally. Robberies and kidnaping go on daily. This does not mean that our law enforcing officials are not on their job, but that they are up against great odds.

The citizens of Des Moines must be protected and they must help the officers give that protection. Carrying large sums of money, allowing children to go unprotected; keeping a lookout for and reporting suspicious characters are precautions easily taken, but which may save a bad situation.

"THE NEGRO MARKET"

W. B. Ziff Co., publishers' representatives of most of the Negro newspapers in the country, have completed an unusual book "The Negro Market". Heretofore agents selling advertising space in Negro papers have not had data properly assembled which would give prospective buyers complete correct information as to what they were buying or whether there was any special reason to go into Negro newspapers.

Photographs of Negroes in business, professions and farming; school, churches and homes of Negroes; in fact in every line of endeavor are scheduled. Along with each group are facts and figures showing the purchasing value of the Negro group.

The book is unusually well gotten up and its contents are bound to inspire young Negroes as well as help sell advertising in their journals.

The Ziff Company, a white concern, has done a real service.

FRANCE DEFAULTS

France, better off than most countries, did not pay Uncle Sam December 15th. We have deep sympathy for France because she suffered more in the war than most of the other countries. But France will not make friends by pursuing this kind of business.

The dries are making a desperate effort to hold on to prohibition. Ten years ago they operated the steam roller carrying everything as they went. They were drunk with power and attempted to cover too much territory. Today the steam rolled seems to be reversed.

HELPFUL SIGN

Last week the Negro State Teachers Association of Texas was invited to take charge of one of the sessions of the white State Teachers Associations. The opportunity gave Negroes a chance to tell their side of the educational problem and the whites a chance to get it first hand from those who know.

The white teachers reported that not only was the experiment a success, but also that

HEALTH TALKS Weekly Interview

HERPES-ZOSTER

There are many different varieties of skin eruptions all denoting different conditions within the skin itself, on the skin, within the blood, from some organ or from the digestive tract or from the nerves.

Skin diseases and skin lesions may be infectious or non-infectious and may come by contagion or from many other causes which are not contagious. Herpes may occur from an infectious or a non-infectious process and the two most common forms of Herpes are the ones occurring on the lips in those who have some acute disease, for instance Pneumonia; and the form which occurs around the waist which is supposed to cause death if the eruption meets in front.

The eruption never meets however, but causes such a pain that some relief must always be had. It is as a rule a very painful condition. This skin lesion sometimes occurs on the back of the hands, on the upper part of the chest and neck and has been known to attack the eyeball itself causing blindness and in some cases complete destruction of the organ of sight.

When it occurs in connection with Pneumonia or some known infectious disease, it is usually on the lip or face only and clears up, producing little or no pain and practically no inconvenience. Occurring otherwise it requires some or much attention indeed as serious permanent damage may thereby be prevented.

they wanted it done again. This is corroborative evidence of the fact that the Negro craves an opportunity and usually makes good when it comes.

Review of Des Moines Negro Athletic Activities for the Year 1932

By Allen Ashby

Local athletics as far as Des Moines Negroes were concerned proved several things. Among these being the fact that our Negro athletes are as good as the general run of white athletes in the city.

In basketball, the local Y league found the teams more evenly matched than ever before due partly to the fact teams were better organized. Union Baptist won the title for the third year nosing out St. Paul in a play-off game after the two teams had tied during the regular schedule.

The Crocker Y team composed of the best players in the Sunday School league enjoyed one of the best seasons a Negro basketball team has ever known in this city, winning 13 out of 15 games against the leading white teams of the city. The Y team coached by the writer averaged over 30 points a game, totaling 478 points to their opponents 315. High spots were wins over the University of Commerce, and a two day series in Crookston, Minn., which marked the greatest distance ever travelled by a local Negro basketball team.

The Harlem Globe Trotters, a travelling team made life miserable for local teams and added much to the prestige of Negro athletes. Our high school had Negro players, Melvin Overton of North, Earl Miller and Haywood Brewer at East. These boys were capable players, but not outstanding.

Track found Negroes enjoying their greatest success of the year in our local schools. Headed by Walter Thompson and Bob Webb of Drake, who won many points for their school, the list includes George Robinson, Melvin Overton, Leland Johnson, Linford Willis of North High and Earl Miller, Prezell Frazier, Emerson Redrick of East High.

The Crocker Y Sunday School meet was not up to the usual high standards of other years, but was a good meet. Ralph Metcalfe the "Marquette Meteor" also showed his waves at the Drake Relays in a manner that caused Negro hearts to swell with pride.

The baseball season was not such a success, due to the fact that too many teams were playing when there was about enough good material for one good club. Union Baptist maintained its strangle hold on the Sunday School title, after a sensational mid-season spurt by St. Paul, which re-

sulted in a tie, making a post season play-off necessary.

Tennis found Negroes enjoying more than usual this great game. The Midwest Tennis club was organized and played several dual meets with local clubs while Earl Newcomb carried the club colors to the Mississippi Valley meet in Jefferson City, Mo., where he reached the quarter finals.

Improved play made the city tournament a series of surprises which culminated in the breaking of the grip Chet Williamson and Allen Ashby held on the doubles title. The new champions are Earl Newcomb and Paul Wood who trimmed the defending champions in the semifinals. Chet Williamson kept his grip on the men's singles crown by downing Duke Proctor in the final round.

High spots in the golf season were the Midwest Tournament and the Missouri Valley meet, both of which brought some high class talent from other cities. Chas. P. Howard and the Lewis brothers, James McGuire and Harry Walden were the best players in the city.

Football provided us with a year of good Negro school players and a crack semi-pro team. The exploits of Thompson, Webb, Coleman and Smith of Drake, the Johnson brothers, Leland and Orlando of North and Haywood Brewer and Emerson Redrick of East High are too fresh in mind to go over. But this amateur team coached by Lucius Ashby, old timer at East High escaped notice mostly because it played out of town. The Des Moines Bulldogs played nine games, winning four, losing three and tying two against the strongest teams in the state, bringing their three year record up to 15 games won, 5 lost and 7 tied. Bunny Wilson, Taddy Jackson, Bus Brown, James Allen, Paul Thomas, and Leon Bruce were consistent high class performers.

The year 1932 could truly be called the greatest year in the history of local Negro athletics and here's hoping that the coming year will prove an even greater one in every way.

GOVERNOR CARLTON
TO PUNISH MOBBISTS
New York, Dec. 9.—Governor Doyle E. Carlton of Florida has been asked in a letter sent today by the N. A. A. C. P. to prosecute a group of mobbists who, masquerading as federal officers, brutally flogged colored citizens of Clearwater, Fla., for heading a Colored Welfare League and reporting discrimination in the distribution of government flour by the Red Cross.

Mr. Williams, according to a report sent the N. A. A. C. P. from Tampa, was so severely beaten with leather and rubber hose that the blood streamed down his back. Mr. Harvey was forced to leave his family and property in Clearwater. Mr. Williams was also kicked in the stomach and an X-ray will determine the extent of the injury he received.
A number of white people have expressed abhorrence for the brutal attack on the two colored men both of whom had a high standing in their community.

HUNDREDS OF ALABAMA PRISONERS PAROLED FOR 45 DAY CHRISTMAS VACATION

Montgomery, Ala.—(CNS)—Many Negro prisoners are included in the forty-five day Christmas vacation from prison that has been declared by Governor E. M. Miller for the 500 most obedient and diligent long termers among Alabama's 5,560 convicts. The Governor went one up on Santa Claus last week when he began to benefit of such Negro audiences as hand-out Christmas gifts providing for release of the prisoners from December 1 to January 15. It was the largest number of Christmas paroles and the longest ones ever granted in Alabama.

For years Alabama has granted Christmas paroles to model prisoners. Officials said today that few had violated the confidence placed in them.

BOJANGLES KEEPS IN SPOT-LIGHT BY GENEROUS DEEDS

Richmond, Va.—(CNS)—Bill "Bojangles" Robinson recently danced at the Armstrong High School here for the entertainment of the pupils. On leaving the school building he noticed the perilous task confronting the students in crossing the street intersection near the school, and at once took steps to see that the condition was remedied.

"RETIREX" JUDGE HANDS KU KLUX KLAN KNOCK-OUT BLOW
Pittsburgh, Pa.—(CNS)—Federal

Judge W. H. Seward Thomson, famed as the judge who dealt the Ku Klux Klan a knock-out blow here in 1928, died at his home last week. Judge Thomson was appointed to the Federal bench in the Western District of Pennsylvania in 1914 by President Wilson. He retired from the bench in 1927.

Under the judicial code he was enabled to retire and to maintain the privilege of presiding at court cases whenever his strength permitted. It was as a "retirex" judge, in 1928, that he handed down his decision in the Ku Klux Klan case, after which the Klan virtually disappeared in this State. He ruled: "This unlawful organization, so destructive of the rights and liberties of the people, has come in vain in asking this court of equity for injunctive or other relief. They come with filthy hands and can get no assistance here."

Once more we approach the glad Christmas time when we relate the old story of the coming of Christ. Glad hearts are brightened, poverty stricken homes are made beautiful and loneliness is banished. How much the world needs Him.

Still after all these years He alone has disillusioned all the problems of nations and souls. Those who know Him not have missed the highest; those who know Him truly have received the supreme blessing. May those souls afflicted anyway come into Him—and find rest.

Yours truly,
