Scottsboro Verdict Stirs Nationwide Protest

To Investigate Brutality On Gov't Labor Projects

Washington, D. C., April 14.—Senator Robert F. Wagner, of New York, was named chairman of the special senate committee to investigate labor conditions in the Mississippi river levee camps by Vice President Garner yesterday. Other members of the committee are Senator Gerald P. Nye, republican, of North Dakota, and Senator Hubert D. Stephens, democrat, of Mississippi. The resolution authorizing the committee, which was introduced by Senator Wagner, was passed in the closing days of the last congress, but the appointments were held up until the new session opened.

Report Levee Brutality
The N. A. A. C. P. and its branches throughout the country pressed for a senate investigation after a report made to its last summer by Miss Helen Boardman who was sent down into the camps by the national office. She charged wages for Negroes were about ten cents an hour, that work days were 12 and 14 hours in length, that sanitary conditions were bad, that brutality was practiced in some of the camps, and that camp commissaries overcharged the men as much as 500 per cent on some articles; and that foremen loaned money to workers at 25 per cent interest rates.

Hotcha Revue at Center Thursday

Thirty children will participate in the Community Service Hotcha Revue to be given Thursday, April 20 at the Jewish Community Center. A chorus of ten young girls will be the hit of the show. Specialty songs and dances will be featured with music by the junior orchestra. The show is directed by Margaret Fields-Lee, formerly of the "Shuffle Along" company featuring Miller and the late Lyles, comedians.

N.C. Offers Tuition For Negro Students

Raleigh, N. C., April 14.—As a direct result of the fight being made by Negroes for admission to the University of North Carolina professional schools, a bill has been introduced in the state legislature here and approved by the judiciary committee which provides for the payment by the state of the expenses of Negro students at professional colleges "where they may be lawfully admitted," which means, of course, in some northern state.

The bill was introduced by Representative Brawley of Durham, who last week, attorneys for Thomas Horcutt, backed up by the N. A. A. C. P., were granted a writ of mandamus by Judge M. V. Barnhill after a dramatic two-day legal battle. Attempts were made before and during the hearing to get the colored people to accept a compromise and "be quiet." Leading daily papers admitted the Negroes were entitled to professional training at the expense of the state and urged that North Carolina pay their tuition elsewhere.

The proposed bill would make any Negro who could show a certificate of admission from any grade A professional school which he could lawfully enter eligible for an allotment of state funds. North Carolina Negro students thus could enter Howard University, professional schools or those in Ohio, Indiana, Pennsylvania or any northern or western state and North Carolina would pay his tuition to the amount now spent per student in the professional schools for whites in the state. A plan similar to this is now followed by West Virginia and Missouri.

Reforestation Is Now Under Way

N. A. A. C. P. ASKS ROOSEVELT TO BAR JIM CROW
IN FORESTRY JOBS
Any discrimination of Iowans should be reported to the Des Moines Branch N. A. A. C. P., A. A. Alexander, President, Securities Building, Des Moines.

New York, April 14.—In a telegram to President Roosevelt this week, the N. A. A. C. P. urges him to sharply point out to registration offices that no discrimination be shown against Negroes who apply for jobs in the forest conservation camps set up by the government to take on a total of 250,000 men, and relieve unemployment.

Representative Oscar DePriest succeeded in getting a clause into the act which declares against discrimination based on race, creed or color, but the N. A. A. C. P. is afraid local registration offices in various parts of the country will try to ignore the law.

Watch Local Discrimination
The association urges its branches and all interested citizens to check up on the registration in their communities to see that Negro applicants get a fair share of the jobs. Violations should be reported promptly to the local branches and to the national office of the association so that discrimination can be checked. The N. A. A. C. P. telegram to Mr. Roosevelt declared that the number of Negro unemployed was from two to four times the Negro proportion of the population and that a vigorous pronouncement by the President would stiffen the backbone of those who otherwise might yield to race prejudice and deny Negroes their just share of the jobs.

Negro Quartette Wins First Prize

Represented East High in Contest
The popular Negro quartette consisting of Howard Gray, Maudred Moore, Semour Gray, and Prezell Frazier, was awarded first prize in boys' vocal group in the south central district high school music contest held last Friday and Saturday at the Drake Fieldhouse.

Their offerings were "Battle of Jericho" and "Father Prepare Me" which won first honors out of a field of 60 schools. They will represent East high in the state music festival to be held next month at Iowa City.

LOCAL BOY IN UNIVERSITY ORCHESTRA
Iowa City, Iowa.—Bennie D. Brown of Des Moines, junior violin student at the University of Iowa, is the first Negro to play in the Iowa Symphony orchestra.

Mr. Brown entered the Annual Music examination and was awarded the first chair in the violin section.

MACK WILSON WINS BOXING CHAMPIONSHIP
Iowa City, Iowa.—Mack Wilson, of Des Moines, proved his superb ability as a pugilist by knocking out Everett Mays to win the heavyweight boxing championship of the University of Iowa, April 9, at the Fieldhouse.

In the first round Wilson battered Mays unmercifully. To avoid further slaughter the referee stopped the fight in the middle of the second round.

Wilson, second time champion, was awarded a gold medal for his achievement. He is the son of Mr. and Mrs. Joe Wilson, 81 9th St. of Des Moines.

Dean Pickens Here To Launch NAACP Membership Drive

Dean William Pickens, National Field Secretary of the National Association for the Advancement of Colored People, arrived in Des Moines today from national headquarters in New York City.

He will address a public mass meeting at Corinthian Baptist church, Saturday, sponsored by the local N. A. A. C. P. branch. A. A. Alexander, president, is launching the annual membership drive which will continue until Friday the 21st.

Banquet
Preceding the mass meeting, a banquet honoring the distinguished visitor will be held at 6:00 o'clock in the dining parlors of Corinthian. Tickets for the banquet may be secured from

Gus Thomas, Quentin M. Saxe, Mrs. Lennie Harris and B. N. Hyde; A. P. Trotter, captain, Mrs. Tutt, Laura Rhodes, Mrs. S. Joe Brown, Bonnie Herndon, Gertrude Brown, Mrs. Peters, Mrs. Dred Williams and Miss Fant; Frank Brown, captain, Mrs. Harrison Beckton, Mayme Brown, W. J. Chinton and Orville Johnson; Mrs. E. R. Hall, captain, Mrs. J. P. Jones, Mrs. Mable Mason and Elbert R. Hall, Jr.; Anna Mae Carter, captain, Atty. Jas. B. Morris; Anna Mae Manuel, captain, Maurice Kelley, Mrs. Sofia Nichols, Harry Crewse, Cecilia Williams, Clarence Adams, Harrison Gould, J. G. Browne, Harry Wilson, Atty. S. Joe Brown and Atty. C. P. Howard.

Mr. Pickens is scheduled to speak over radio station KSO on Saturday at 5:00 pm.

WILLIAM PICKENS
To Address N. A. A. C. P. Mass Meeting

A. P. Trotter or any other member of the Executive Committee of N. A. A. C. P. Miss Anna Mae Manuel, chairman of the Membership Committee, announces that a goal of 500 memberships has been set for this year.

The following are the names of the captains and the members of their teams: F. O. Morrow, captain, Mrs. ship.

Elks' Oration Meet At St. Paul Friday

The stage is set for statewide oratorical contest for high school students, sponsored by the I. B. P. O. E. W. Hawkeye Lodge No. 160, to be held Friday evening, April 21st, at St. Paul A. M. E. church. Fourteen contestants from ten high schools will compete for honors to represent Iowa in the regional contest to be held at Kansas City in June.

J. G. Browne, director, has selected a timekeeper, as each speaker is allotted ten minutes; each judge will report his individual decisions. The lodge officials state that this affair is the most outstanding literary effort of the season.

The Improved, Benevolent and Protective Order of Elks of the World, in inaugurating these contests, national in their scope, are endeavoring in this way to put in motion a force that will direct the minds of all Athletics to the injustice of race prejudice," says Mr. Browne.

The program will start at seven-thirty with vocal numbers by Miss Inez Stevens, soprano and selection by the St. Paul Junior choir. All of the prominent organizations of the city will be represented in full membership.

Press Briefs of the Week

NEW YORK, N. Y.—Recovery of the body of Rear Admiral William A. Moffett, chief of the navy bureau of aeronautics, who was lost with the airship Akron was reported to naval headquarters here Monday. The wireless Daphne, one of the more than two dozen craft which have been searching the sea since the crash of the Akron.

DES MOINES, IOWA.—The Beatty-Bennett bill, major measure of the tax reduction program, successfully ended its long career in the Iowa legislature Monday when the house adopted by a vote of 57 to 50 the conference committee's report. The school board foresees a cut of more than \$600,000, the city \$327,677 and the county \$157,680, as a result of this bill.

DES MOINES, IOWA.—The Cooney-Ditto bill to legalize sale of 3.2 per cent beer in Iowa, survived three attempts to block passage and was adopted clause which makes it possible for the law to go into effect soon after being passed by the senate. Governor Herring has advocated passage of the measure.

NEW YORK.—Major league baseball got off to a successful start Wednesday despite weather which caused three postponements. An attendance gain over the opening day patronage of 1932 was noted. An average of 20,000 attended Wednesday's five games as compared with the average of 19,400 at the six inaugurals one year ago.

WATERLOO, IOWA.—Arthur E. Trott, 53, Oregon Bible reader, appeared before Judge George J. Sager in municipal court here Thursday morning and pleaded not guilty of practicing medicine without a license. Trott's arrest was instigated by the parents of Mrs. Minnie Powell, Negro, who claimed that Trott had "put a 'spoo' on her."

Rev. H. L. Overton of Burns M. E. church will close his seventh year pastorate here in special service and musical program Sunday. He will deliver sermons at the morning services at 11 A. M. and evening meeting at 8:00 o'clock.

Rev. A. Ross Brent, pastor of Maple Street Baptist church, will deliver the sermon at the quarterly meeting

REV. H. L. OVERTON
To close seven-year pastorate

Sunday afternoon at 3:00 o'clock. He will be assisted by his choir.

More than 25 persons have joined Burns church this past conference year. During the seven-year's pastorate of Rev. Overton, the active membership has increased from 40 to over 200 and has established itself as one of the leading churches in the city. He is president of the Des Moines Negro Ministerial Alliance.

Rev. Overton will leave next week to attend the Central West M. E. conference which will meet Wednesday, April 19, at Fulton, Mo., with the Bishop M. W. Clair in charge.

Gordon Trains on White Ath. Field

Knoxville, Tenn., April 14.—(By the AP)—Ed Gordon, former Iowa University track star and Olympic candidate, is training for the forthcoming track meet at Chicago, as one of the features of the Century of Progress celebration, at the Shield's Watkins Athletic Field of this city.

This field is owned and used by the University of Tennessee, a white institution which bars Negro students, but when Gordon was accepted by an A. N. P. representative here last Wednesday, following one of his workouts, he asserted that he was accorded every courtesy possible and that no discrimination whatever had been directed against him.

Following the meet in Chicago, according to Gordon, he plans to retire from athletic competition. He plans to leave this city next week for the University of Iowa to be under the tutelage of Coach Roger Bresnahan, who primed him for the Olympics last summer.

World Amazed As Laughing Jury Gives Patterson Death In Electric Chair

Baseball, the great American pastime, opened its 1933 major league season Wednesday. Throughout the summer campaign, umpires will "call 'em as they see 'em, and with their decisions, rest the fate of many games or perhaps the players' jobs, but none will be made that will cost the loss of a human life as that of the verdict rendered last Sunday in Decatur, Alabama, condemning Haywood Patterson, one of the nine youths to death in the famous Scottsboro case. The boy heard his life read away with tears in his eyes; he was rushed back to the Birmingham jail under guard of soldiers, with fixed bayonets.

Jury Grins at Decision
The wave of fury reverberating from the lynch verdict swept the country by storm as it eagerly received the long waited news flash that a laughing jury of twelve Alabama whites had found Patterson guilty of the framed charge in the face of contradictory evidence and perjured testimony, and recommended that his sentence be death.

Fight Has Just Begun
After a brief conference at Chattanooga, Tennessee, with Joseph Brodsky, I. L. D. attorney from New York who participated in the defense in Decatur and Gen. G. W. Chamlee, of Chattanooga, William L. Patterson, secretary of the International Labor Defense, stated to the press:

"The fight has just begun! Our first steps will be a nation wide petition circulated demanding an adjournment of the Weems' trial scheduled for the 17th of this month, until after an appeal has been taken in the Patterson case. Simultaneously the I. L. D. and its affiliated bodies as well as the petitions will demand that a change of venue be granted by Judge James E. Hoxton from Morgan county to Birmingham. The Patterson decision is evidence of the impossibility of getting a shred of justice for a Negro in Morgan county.

"Every one of the cases," Patterson continued grimly, "will be taken to the United States Supreme court if the shocking Helwood Patterson decision is not reversed by the Alabama Supreme court.

"Heretofore men throughout the world have regarded the American judicial system as operating on the theory that a man is innocent until proven guilty but this lynch-law decision handed down by twelve laughing and grinning, bigoted white men, has definitely established that in Alabama a man, if his skin is black, is considered guilty until he is proven innocent and even then is guilty if the accusation is brought even by a white prostitute."

Race Hatred, Prejudice
Samuel S. Leibowitz, chief defense attorney stated: "We have just begun to fight, and I'll fight until hell freezes over to save those boys from Southern murderers." Upon hearing the verdict, which was echoed around the world, Leibowitz immediately denounced the Alabama jury, shouting, "The decision is an act of bigotry, spitting on the sacred tomb of Abraham Lincoln. . . . Race, hatred, prejudice is evident. The slur on the law abiding Jewish citizens of New York shows the mind of the mob hungry people. But we're coming back!"

Norman Thomas, Socialist leader.

Mass Meetings
Mass meetings are being held in leading cities throughout the country as thousands of citizens protest the rank injustice rendered by the Alabama courts this week. The case of Charles Weems, second victim of the Scottsboro frameup, is scheduled to come to trial Monday.

Moten's Band Delights Gay Crowd

By Karl Johnson
Several hundred dance fans enjoyed the hot rhythm of "Bus" Moten (brother of well known "Bennie" who was confined at home with illness), and his fourteen Victor Recording artists who played at the Billiken ballroom, Tuesday evening. This top notch aggregation secured by "Speck" Howard, local dance promoter, is under the management of Tom Graves.

Each man featured, with Eddie Doran, tenor, and James Russian, baritone, taking vocal choruses. "Lipale" Page is said to rival Louis Armstrong with the top notes of his blazing trumpet. Russian has appeared at the local Paramount theatre twice as a superb pianist.

The rhythm section and the five-piece brass team excelled any musicians ever heard in this part of the country. "Bus" Moten, pinch hitting for his brother, "stomped off" accordion numbers. Walter Page, formerly of the "Blue Devils" entertained with the bass viol.

Health Program Held at Corinthian
The National Negro Health Week observance closed with a program held last Sunday evening at Corinthian Baptist church. The meeting was sponsored by the members of East and West side clinics.

Dr. J. Alvin Jefferson spoke on "The Care of Infants." The East side clinic was represented by Goldie Fant and Minnie Wilcox. Rev. G. W. Robinson, pastor of the church, spoke briefly.

MANDAMUS IN NORTH CAROLINA "U" CASE DENIED

Colored N. A. A. C. P. Attorneys in Effort to Open Professional School to Negro Students

Durham, N. C., April 13.—After a dramatic and intense two-day legal battle here, Judge M. V. Barnhill on March 28 denied a petition of mandamus brought by Thomas R. Hocutt, a colored youth who sought to be enrolled in the school of pharmacy of the University of North Carolina. Hocutt sought an order from the court directing the university to admit him as a student. The judge held that the petition of mandamus was not the proper method of seeking relief.

Denial of the mandamus was expected by all parties and was predicted before the suit was filed. The attorneys for Hocutt immediately filed notice of appeal and are preparing the papers for the higher court. Attorneys for the N. A. A. C. P. in Washington and New York are studying the opinion. This suit is only the first step in a legal fight to secure professional training for Negroes in North Carolina and other southern states.

KANSAS SOLON MAKES HISTORY

Topeka, Kan., April 13.—The important part played by Dr. W. M. Blount, prominent Kansas City Negro and Republican representative from Wyandotte County in the Kansas House of the legislature has created statewide comment in all circles, and Kansas' only Negro representative in the last forty years is being showered with felicitations from all sections and in all circles by members of both races.

While Dr. Blount has introduced many bills during the recent session of the Kansas legislature, the three chief bills which made him the most outstanding character in the lower house are: The Free Textbook bill which stipulates that children of indigent parents who are in the first eight grades shall be furnished "Free Textbooks"; the second is that which has been designated the "Poor Man's Bill" which had to do with permitting taxes on real estate to be paid on a monthly prorata for ten consecutive months, instead of the entire sum in one or two payments as now required by Kansas statutes; and the third bill which brought on a fierce and bitter fight over a prolonged period was the bill which had to do with the setting aside, or repeal of the law which permitted Kansas City, Kansas, to hold an election in three Spring every two years, and stipulated that instead that an election would be held every four years instead of every two years as heretofore.

COURT OKAYS PLAN TO HELM VICTORY LIFE

Chicago, Ill.—a lengthy decision handed down last Friday afternoon, Federal Judge Evan A. Evans, passed the assets of the Victory Life Insurance company into the hands of a group of policyholders headed by Dr. L. K. Williams and John Holloman of Chicago and Dr. P. M. H. Savory of New York. Since last July the company has been in receivership.

The action of the court, however, is conditional, since the new group must come up to certain financial require-

ments before the deal will be considered valid.

White Group Turned Down

The policyholders group, the Supreme Liberty Life Insurance company and the Missouri Life Insurance company (white) made bids for the Victory business.

Our Advertisers Help the Paper

The Bystander cannot too often call attention of our readers to the fact that advertising is the life of a newspaper; the lack of it is bound to jeopardize the continuance of any publication. From the columns of this paper it can be seen that certain institutions carry their ads thus inviting our readers to spend their money with them. Well organized institutions set aside a definite percentage of their gross sales for advertising purposes—whatever amount you spend with them a portion of it goes for advertising. Why should not some of your money be used to maintain the Bystander? It is a good habit to support the fellow who supports you, and that is exactly what you do when you trade with our advertisers.

NEGRO LAWYER PENS OFFICIAL FAIR WELCOME

William H. Harrison Gets High Honor
Chicago—An unusual honor was paid the Race when William H. Harrison, lawyer, orator and civic leader, was selected by the publicity committee of A Century of Progress to write the welcome for the Official Book of the fair which was recently issued. The welcome, taking up up the entire inside back cover, is a masterpiece of literature and is written in a style that is characteristically Attorney Harrison's. The concluding paragraph of the welcome is as follows: "The gates stand ajar, our heartstones await your coming, our hands are extended, our hearts palpitate, our lips sing 'We Welcome You'."

DEPRESSION CAUSING HARLEM TO TAKE NEW INTEREST IN AFFAIRS OF WORLD

By the Unemployed Councils. Action on the Scottsboro case has reached a high level through Harlem. A short time ago, thru the activity of a Scottsboro United Front Committee, each of the Baptist churches devoted the same Sunday service and collection to the cause of the nine innocent boys now on trial in the South. The atmosphere of the committee were Louise Thompson, of the Committee for the Defense of Political Prisoners, who was one of the actors making the trip to the Soviet Union last summer in connection with the film "Black and White," and several others. Postponed at that time because of scenario and technical difficulties, the film will soon be exhibited in this country.

SO SAYS WRITER NOTING CHANGE IN NEW YORK

By HANK FULLER
NEW YORK CITY.—(Sp)—Thousands of Harlemites, Negro and white, are taking an increased interest in the social and political scene as the continually sharpening depression throws additional hundreds out of jobs and even deeper into the poverty rolls which some of the impoverished families are now securing. The move toward a wider and more realistic participation in civic affairs is not confined to a single group of the population. Students, professionals, employed and idle workers, are uniting in various organizations to achieve a single end.

POLITICAL FIGHT TAKES ON HEAT IN CALIFORNIA

LOS ANGELES (WS)—The battle for civic positions has turned into the home stretch in this city and the candidates and their paid supporters have added speed to their activities. An innovation was made in the campaign this year when a banquet was held at which all the candidates were invited and all the political leaders and would-be leadership heard each candidate outline his or her program in order that the latter could choose the ones they would work for until the primary election.

'Bama Legislator Compares Booker T. With God

TUSKEGEE, ALA. (ANP)—When Booker T. Washington said "No man can drag me down so low as to make me hate him" he uttered a statement worthy of Benjamin Franklin, Shakespeare, and Jesus Christ," declared Hubert Davis, State Representative of Macon County, in an address delivered before the students and faculty of Tuskegee Institute, here last week.

KNOXVILLE HAS ITS HOSPITAL ALMOST DONE

KNOXVILLE, Tenn.—(By Dr. S. B. Taylor for the ANP)—The \$200,000 unit to the general hospital here is now complete, and O. B. Taylor for the ANP—the bids for its equipment have been let.

NEGRO DEMOS IN CAPITAL SPLIT INTO 2 BODIES

WASHINGTON.—(ANP)—The noise of dissension has shattered the peaceful waters of the local executive branch of the National Negro Voters Democratic League, founded and formerly headed by F. O. Williston, former North Carolina pharmacist.

DEPRESSION WAGES FURNISH JUDGE WITH PUZZLE

KINSTON, N. C. (ANP)—Fred Cummings, whose weekly salary totals \$2.00 threw the court into a perplexed economic tangle, when he was hailed into court on Wednesday on a charge of non-support of his wife, Freddie.

ENEL LEE AGAIN IS INDICTED FOR MURDER

SNOW HILL, Md.—(ANP)—The Worcester county grand jury returned two new indictments Wednesday in the long drawn out case of Enel Lee, changing him with the death of a white family of four persons in October, 1931.

STRONG TEETH TO BE PLACED IN PRESENT LAW

HARTFORD, Conn.—(By Frank P. Eshelman for ANP)—The Civil Rights Bill, which Negroes and influential whites in Connecticut have been advocating for more than twenty years, was favorably reported to the State Senate last Thursday by the Judiciary Committee.

ARE THERE "GRAY DAYS" EVERY MONTH FOR YOU?

Work seems easier and life is brighter for well women. When your strength begins to fade and there are "gray days" every month, take CARDUI. It helps women to escape cramps, pains, nervousness due to a weakened, run-down condition.

CHURCH FEDERATION ADDS PLAN

The Committee brought in its own bill which includes the fundamental provisions sought by the advocates of civil rights in the original bill. The substitute bill not only lists places of public accommodation where discrimination is prohibited, but also imposes a fine of \$100 or jail sentence of thirty days or both for any violation of the act.

"Monstrous Lynch Verdict" is the description given to the outcome of Haywood Patterson's trial, the first of the Scottsboro, Ala., boys to be tried a second time. Anyone acquainted with southern justice as dispensed by their average jury system was not surprised at the outcome.

The defense discredited the jury system in Alabama, blew up the state case to the extent that there was a reasonable doubt in any man's mind as to the guilt of the accused.

Judge Horton indicated what the evidence showed. Surely the jury paid little heed to his charge of the credibility of the states witnesses.

Of course, we are in for another appeal to the Supreme Court and the public might as well be prepared for it. In the meantime the International Labor Defense group has shown the world light upon one of the worst crimes imaginable—conviction of a defendant not on the evidence but sheer prejudice.

Dean Pickens, field secretary of the National Association for the Advancement of Colored People, will deliver an address opening the Des Moines membership drive Saturday at Corinthian Baptist church.

An orator of unusual ability, Dr. Pickens' address will be well worth the presence of a large audience.

RECRUITING FOR REFORESTATION

Work under the law passed recently by Congress has commenced. As yet nothing official has been given out as to what the situation will be in Iowa. However, Negroes should watch for the word and be prepared to take advantage of whatever opportunities are offered.

THE IOWA LEGISLATURE

has passed the beer bill legalizing the sale of 3.2 beer. It is fortunate that the legislators have at last carried out what undoubtedly is the sentiment of the majority of the voters of the state. To have done otherwise would have left the state surrounded by states which sell beer enabling those states and bootleggers to prey by Iowa shortightedness.

HEALTH TALKS

Dr. H. H. London

DIGESTION IN INFANTS

An infant's digestion does not as a rule require much care or attention especially when fed. Breast feeding is undoubtedly the best form of milk administration to nursing children but this has its exceptions.

It is necessary to take into consideration the concentration of the mother's milk as well as the amount which she is able to secrete. The regularity considered so necessary in the feeding of infants on the breast and on the bottle sometimes must be dispensed with in milks of a different concentration.

The digestion in infants proceeds normally if the feeding is correct and excluding any infectious disease or abnormality in the digestive tract. Any vomiting or other sign of a digestive disorder comes from improper feeding.

Some measure must be resorted to which will increase this supply and its quality if deficient. A failure to gain even without any digestive disturbance is quite as significant as digestive disorders due to improper feeding, showing of course an insufficient supply or a deficiency of some element.

The City Track Meet

The city track meet was a huge success from a Negro standpoint, several of our boys performing brilliantly to make their group outstanding. It was indeed a pleasing thing to know that both East and North depend on Negro athletes for a large share of their points.

The Last of Basketball

These final statistics are for the benefit of those who like to know how we did with our Big Five. Played 35 games, winning 29 and losing six. The boys scored 1,787 points or an average of 35 points per game to their opponents' 772 of an average of 22 points per game.

Baseball

The baseball situation is getting no better fast. To date we have the Capital City Giants, Dusty Rhodes' Clovers, the Des Moines Hawks and another unnamed club. The season for cheating, double-crossing and throat cutting will soon be in full cry and beware the heads who let their eyes close for a minute.

DIGESTION IN INFANTS

An infant's digestion does not as a rule require much care or attention especially when fed. Breast feeding is undoubtedly the best form of milk administration to nursing children but this has its exceptions.

It is necessary to take into consideration the concentration of the mother's milk as well as the amount which she is able to secrete. The regularity considered so necessary in the feeding of infants on the breast and on the bottle sometimes must be dispensed with in milks of a different concentration. The digestion in infants proceeds normally if the feeding is correct and excluding any infectious disease or abnormality in the digestive tract. Any vomiting or other sign of a digestive disorder comes from improper feeding.

The correct feeding and the time for such cannot always be determined within four or five days; it sometimes requires from ten days to two weeks to arrive at the proper routine for these things. These feedings must be increased from time to time as the baby shows gain and the baby must show gain as the weeks move on as its requirements become more and more with increasing age, weight and length. In breast-feeding the mother's milk supply must keep pace and a mother who has the same amount of milk at three months after the baby's birth that was present at birth will not have a sufficient supply for that baby.

Some measure must be resorted to which will increase this supply and its quality if deficient. A failure to gain even without any digestive disturbance is quite as significant as digestive disorders due to improper feeding, showing of course an insufficient supply or a deficiency of some element. Babies taken from the breast for any of these reasons must for proper gain have foods of a definite known composition for the particular child under consideration and when such a food is supplied digestive disorders will be rarely if ever present.

PALMISTRY

By Luther H. S. Browne

"How long am I going to live" is a question asked over and over by the same persons. There is no definite answer to this question. Palmists the world over make their calculations from the line of life, which circles the Mount of Venus and from the bracelets of life on the wrist. No matter how long this line is or how unbroken it may be there are a lot of other things that will shorten life and the good palmist can always find them. For instance, accidents, operations and weakness of the reproductive organs are all plainly marked on the palm, and the age at which they take place has much to do with deductions on the line of life. A mark on the hand showing an accident to be or has been does not lengthen, but shortens the years shown on the life line.

It is the same as putting one hundred dollars in the bank and drawing out ten or twenty dollars. The eighty or ninety is still good and still yours. If you will look carefully at your hand you will be able to see crosses, squares, triangles and perfect letters of the alphabet such as M, W, V, F, P, and so on. It depends entirely on what part of the hand these marks appear on to their meaning. Fear of these marks are good. No matter where they are some of them are warnings. Some are correct forecasts of future events not always in the life of the person in whose hand they appear, but of some other connections.

Many next week's article I will give many references from the Bible. As little as many may believe there are 1,443 times that the Bible speaks of the human hand. Read for a beginner, the First Corinthians 12:21, "the eye cannot say unto the hand I have no need of thee." Questions sent to this paper will be answered free in this column. Private matters must be mailed directly to

OBITUARY

William Moore was born in Tennessee and died April 8, 1933, at Broadview General Hospital at the age of 62 years. In 1901 he was married to Mary Storey in Little Rock, Ark. Mr. Moore came to Des Moines in 1920, where he lived for 13 years. He is survived by three children, Mrs. Ida Mae Walker of St. Paul, Minn., Mrs. Kathryn Williams and James Moore of Des Moines, one sister, Mrs. Cora Berry of Bay-Ark, four brothers, Arthur, Neil and Duck of Little Rock and George of St. Louis, Mo.

The ceremony was performed by Rev. G. W. Robinson of the Corinthian Baptist Church before an improvised altar in the presence of about twenty-five relatives and friends. The bride was attired in a gown of shell pink satin with accessories to match. She carried a corsage bouquet of snapdragons and tea roses. The bride's only attendant was the maid of honor, Miss Mildred Peavey. Robt. A. Jackson served the groom as best man. Maurice Strong of St. Paul, Minn., was an out of town guest.

A reception followed the ceremony. The bride and groom will be at home to their friends at 1074 11th St.

The City Track Meet
The city track meet was a huge success from a Negro standpoint, several of our boys performing brilliantly to make their group outstanding. It was indeed a pleasing thing to know that both East and North depend on Negro athletes for a large share of their points. East, the favorite, won the meet. Here's how our boys scored. One mile relay, Hayes, on East team which finished second; shot put, won by Leland Johnson of North; Emerson Redrick of East, fourth; 50 yard hurdles, Earl Miller, East, third; high jump, Redrick, East, tied for first; 50 yard dash, George Robinson, North, winner, Prezell Frazier, East, second, Al Hayes, North, fourth; 50 yard low hurdles, Miller, East, third; Two-thirds mile relay, East, winner, Frazier and Redrick, North, third, Robinson; broad jump, E. Miller, East, first, Robinson, North, fourth.

Thus, it may be seen that Negro boys alone scored around 40 points, enough to have made quite a showing as a team if those points were taken from the total of the winning teams. Nice going, boys, keep it up.

The Last of Basketball
These final statistics are for the benefit of those who like to know how we did with our Big Five. Played 35 games, winning 20 and losing six. The boys scored 1178 points or an average of 34 points per game to their opponents, 772 or an average of 22 points per game. Bus Brown led the scoring with an average of 11 points per game. Allen averaged 8 points per game, Al Palmer 9, Wilson averaged 6 and Webb 5. Rowland, Simmonds and the famous coach did the rest of the scoring. It was a great season and a great record by a fine, clean-cut bunch of boys, and we feel proud of it. Don't the Panthers know that the basketball season is over?

Baseball
Well, we're off. The baseball situation is getting no better, fast. To date we have the Capital City Giants, Dusty Rhodes' team, the Des Moines Hawks and another unnamed club. The season for cheating, double-crossing and throat cutting will soon be on in full cry and beware the heads who let their eyes close for a minute. Personally, we don't care who has the team, but we think it is a rotten shame on both the managers' and players' part to separate and pull apart like that. We did hope this would be a banner year, but it won't be any better than the rest of them. At least not with the present staff so typical of other years. One or two guys are contemplating a tour which we'll bet even money will end with the players walking back.

since then. She was a member of the Union Baptist church, serving as a member of the mothers' board and other departments. She is survived by her husband and son, Benj. F. Washington, D. C., April 7.—Chief Justice Alfred A. Wheat in the District supreme court last Thursday sentenced Mortimer M. Harris, well known real estate operator and lawyer, to 18 months in the penitentiary for embezzlement. Perry W. Howard of the firm of Howard & Hayes, representing Harris, noted an appeal and asked that his client be admitted to bail. Justice Wheat refused.

Imposes Sentence
Mr. Howard had previously that the case be referred to the probation officer. When Justice Wheat declined this request Mr. Howard asked for either a suspended sentence or probation for Harris. Justice Wheat then imposed the sentence.

Beauty Hints

By "Bob"

Strange it is how we pass blindly over the preciousness at our very feet and go seeking to the stars for impossibilities. Take after cleanliness for instance! Who has not seen some charming woman pass by who made us exclaim "How utterly perfect is her grooming!" All women can attain this perfection of cleanliness. There is a charm all its own that surrounds the woman exquisitely groomed—all women can attain this one perfection of beauty.
