Judge James Horton Denies Their Release

Decatur, Ala.—Juvenile Court Judge B. L. Malone has tentatively set the trial of Roy Wright and Eugene Williams, youngest of the Scottsboro boys, for June 22. He took this action after arguments on a writ of habeas corpus obtained by International Labor Defense lawyers in the fight to free the boys, turned them over to the jurisdiction of the juvenile court.

Georgia Minstrels Stars Are Former Des Moines Boys

When the world famous Georgia Minstrels of 45 artists land in Des Moines next Tuesday for a three-day run at the Paramount Theatre, they will bring with them many Des Moines boys who have made their names famous over the footlights for the past decade. "Chick" Beeman, Tommy Harris, the Nay Brothers, and other names familiar to minstrelsy, will headline the performance. This historic group was organized 77 years ago, with a complete change in routine each year. The show was taken over 20 years ago by Arthur Hockwald, its present owner and manager.

Tommy Harris, veteran comedian, was born and raised in Des Moines. He joined the show 25 years ago and has been with it ever since. He was a soldier and played with the 366 Infantry band overseas. He travelled with Francis X. Bushman, movie actor, on the R. K. O. circuit for five years, and played also with Blossom Seeley. He is known the country over as the nation's foremost comedian. For several months he headed his own company "Struttin' Sam from Alabama" and played several singles with Mitchell, Tolliver and other stage stars. His wife, Madonna Harris, lives at 778 12th street here.

Nay Brothers.
Nay Brothers, Harry, Herle and Lawrence, went to the old Lincoln school at 9th and Mulberry, 85 years ago, where many of Des Moines' business men attended. These boys organized their first band when they were about 11 years old, according to Spencer Elliston, former pianist and soloist with the Georgia Minstrels. They traveled the Old Columbia circuit for nearly a decade. Mr. Elliston played with this historic group at the Iowa Exposition and played the Bohemian circuit before the war.

14 Boys
"At one time there were 14 local boys in this show," said Mr. Elliston. Johnny Mitchell, drummer for 12 years with the Ringling Bros. circus, Allen Coleman, Herbert Johnston and Ren

Ten Colored Students Graduate From Des Moines High Schools

Ola McCraney Receives Scholarship Award

By Everett Wadsworth
Nine hundred sixty-three seniors were graduated from the Des Moines high schools at the commencement exercises held this week. The combined exercises at the Shrine auditorium were abandoned this year because of the large number of graduates. Ten Negro students completed their scholastic careers from East and North High schools, where the majority of colored students attend; North High with 273 seniors had 6 and East High with 341 had 4. There were no Negro graduates from Lincoln and Roosevelt High schools.

North High
Ola McCraney of North High was awarded an honoraria for scholarship and was a member of the National Honor Society. She took part in many school activities including Le Cercle Français, G. A. A., Inter Club Council, Extemporaneous Speaking, French Alliance, Senior Committee, Girls Glee Club and Intramural Sports. Jesse Jean Sharon belonged to the Circulo Espanol, Forum Club, senior committees, and was active in Intramural Sports. Irene Glass belonged to the debating and oratorical organizations, the Societas Romanas, Circulo Espanol, Masquers, and the Intramural sports.

East High
Earl Miller was outstanding in football, basketball and track. He won many honors in local and state competition in track, establishing many broad jump records. He was captain and all-city center of the basketball team this year.

Seymour Gray, prominent in the school's music circles, was a member of the Boys' Quartette, all colored group of radio and stage stars, and Boys' Glee Club. The quartette represented the school in various activities for two years and won countless laurels. Catherine Ligon, of the Shorthand Speed Society, and Henry Hammit were the other East High graduates.

Va., June 9.—The supreme court of appeals of West Virginia has confirmed the decision of the circuit court of Kanawha county in the Greenbrier lynching cases in which the circuit court awarded \$5,000 damages to the administrators of the estates of Tom Jackson and George Banks, who were lynched in Greenbrier county over a year ago.

Prizes Given Away At Three Days Session

Scores of women will be in the hall Thursday afternoon at 2:00 o'clock when the first session of the school opens. Dozens of women newspaper for sponsoring such a welcome affair. So that everything will be in readiness for Miss Hall when she arrives, the model kitchen has been installed in the Billiken hall and a long list of groceries have been purchased to her order.

There are two kinds of cooking—cooking by "ear" and cooking by "note." Lucille M. Hall, widely known home economics expert, who is to conduct the Bystander Free Cooking School which begins Thursday in the Billiken Hall will demonstrate the difference. "You have known women who put in a little of this and a little of that and then taste the mixture," says Miss Hall. "That's cooking by 'ear.' You can never be sure of the results. The chances are the finished product will taste differently each time. Now, cooking by 'note' is a positive science. You know just what the result is going to be in advance. You know what ingredients to use to achieve a certain flavor." Miss Hall, of course, cooks by "note." She knows her ingredients. She knows her methods. The Bystander is bringing her here to reveal the secret of her success to the housewives of Des Moines.

Cab Calloway Orpheum Saturday

"Now here's the story about Minnie the Mocher. She was a low-down hoochy coo. She was the roughest, toughest. But Minnie had a heart as big as a whale!"
How familiar those strains are to the vast radio audience, and the minute they are heard, every one in the family whispers, "Cab Calloway." Now through the management of the Orpheum Theatre you will be thrilled to know that you will be able to see as well as hear that one and only "Cab" and see his original Cotton Club Orchestra. He comes to the Orpheum in Des Moines for four days starting Saturday, June 10th. With him are three acts from the Cotton Club Cafe, they are Leitha Hill, Elmer Turner and Nicodemus.
Since "Minnie the Mocher," has written another song as is to the popular original, it is "Kicking the Gong Around" and the experiences of Minnie and Chinatown. Let us again remind you that Cab will be at the Orpheum with all his gang starting Saturday, June 10th. And there is also a screen show.

VETERANS' COMPENSATION

President Roosevelt has ordered that the compensation to veterans with service connected disabilities be reduced not to exceed 25%. The decision comes following a threat by Congress to pass a law limiting the slashes proposed by the Veterans Bureau through the budget director.

The President was smart enough to see that his subordinates, drunk with power, had far exceeded reductions Congress had in mind when authority was given Mr. Roosevelt to slash the veterans' compensation.

There is little doubt that the president knew all about the new schedule; it was submitted to him before they were finally approved; the fact that the president told Congress that more taxes must be levied if the changes were made shows that he attempted to back up those who made these rates.

Fortunately, the protests showered on our legislators because of the injustice this new veterans' regulations caused, brought Congress to its senses and in the future it will be slow to delegate its powers to the president.

OUR COOKING SCHOOL

June 15, 16, 17, the Bystander will sponsor a complete cooking school. The cooperation of business institutions has been secured to the extent that everything in modern cookery will be on display; a scientific demonstrator will lecture, teaching housewives how to make the most and best of what they buy.

Everything will be free. Cooking schools are advertising promotion projects; our ability to secure large attendance at each session will demonstrate to the advertisers that the Bystander has real value as an advertising medium.

Come out and bring your friends. It will help make a better thing next year.

NEGROES ON JURIES

Press dispatches Tuesday state that a Negro was selected to serve on a jury in Chattanooga, Tenn., the first in the memory of court attachés. Thus the fight being made by the N. A. A. C. P. and the I. L. D. to break down the iniquitous practice of excluding Negroes from jury duty is bearing fruit.

The constitution of the U. S. and of the several states provide the accused shall be tried by a jury of his peers, but southern justice has made an exception of the Negro holding that he was not equal and therefore, unqualified for the duties of citizenship. Now that much publicity has been given this anti-bellum state of mind and courts seem inclined to strike down verdicts rendered when the question is raised, Tennessee is taking no chance. Undoubtedly other southern states will follow suit.

PRaise

We make complaints and justify so of institutions which give Negroes no opportunities. When one does give fair play it is well to call attention to that fact. A day seldom passes that a program by Negroes either local

EXAMINATIONS FOR CANCER OF THE UTERUS

Cancer of the uterus would not occur nearly so often if examinations of this organ were had semi-yearly or yearly.

It is not so important that women under forty years of age have such an examination but those over forty should have it unfailingly and promptly. If such an examination has never been taken it becomes necessary always at such ages. Leucorrhoeas are sometimes first symptoms and should arouse suspicions of the existence of such a condition. Blood from this organ at irregular periods should be cut out, but prompt such an examination. But even without these the examination should be made for it is quite possible that another condition, although not serious in itself, precedes cancer of this organ.

THE BLACK BARONS

Three games that made young men and old men fall out last Sunday. Playing Baseball Club at Newton Sunday, the Barons ran up a total of ten to two. They were headed over an easy victory behind the batting of Ross Hayes, who had a perfect game. Then the famous Hamilton got the ball out in his glove, while he practically searched for the ball and stamped around like a bear horse trying to locate the plate. The farmer boys ran like scared rabbits scoring enough runs for the game. With the Barons got down to business again and scored 5 runs in the tenth. Not to be outdone the home jabs got three more making the final score 15 to 10; the Barons sixth victory in eight games.

HOW COME?

The Depression Nine, a foot ball club of sand letters lost to the Hawkeye A.S.C. last Sunday. This game headlined the semi-pro sports column in our local paper. When the Barons played the state champs to a standstill, that game was put way down in the bit. Without kind of a game is this?

SUNDAY SCHOOL LEAGUE

Mrs. Wilson's school, Eugene, Barry to run, broke up another game last week. Coming to bat with the A.S.C. led at three each. Benny lammed out a double, scoring two runs and giving St. Paul a 3 to 2 win over Constitution. Behind the leading of Cecil White, "Shook" Preston proved that he could operate equally well at either end of a bat by going from catching to pitching and doing it right well. The St. Paul boys put themselves at the top of the heap Thursday by defeating Maple Street 9 to 6. The East sides, the purrnest of players in the league went way off form, making seven errors. "Muscle" Devan, the pitcher for the Maple Street boys, pitched good ball, Allen got eleven strikeouts and gave up two hits.
