Mrs. Sophia Nichols, club woman and social worker, 1061 Eleventh St., recently returned from an extensive tour of Eastern cities which included Chicago, Detroit, Pittsburgh, and New York. This is her third trip East and she likes it better every time, she said. Several years ago, she was an agent for Dr. W. Sampson Brooks, now missionary in Africa, selling sacred literature and volumes throughout Canada and down the Atlantic coast.

Mrs. Nichols, trustee of the girls' home at Iowa City, was one of three delegates elected to represent the Iowa Federation of Colored Women's Clubs at the National Association of Colored Women's Clubs held in Chicago, July 21-28. She was accompanied on her trip by little Marilyn Miller and Miss Marguerite Newcomb, who visited relatives in Hartford, Connecticut.

N.C. NEGRO BANKS FARE BETTER THAN WHITE

From Greensboro, N. C., Daily News

RAEIGH—Report to relief agencies in Raleigh and elsewhere indicating that Negro communities in eastern North Carolina generally have endured the depression better than their white neighbors find a peculiar support in two little banking and insurance companies coming out of Durham and Raleigh in which a bank and an insurance company managed entirely by Negroes show, so far from distress, actual improvement.

The state banking department released for Friday the bank conditions in North Carolina for June 30, 1932. The reason for these state institutions dropped in six months from \$212,156,020.75 in 294 banks and 79 branches, to \$175,655,727.35 in 294 banks and 79 branches. These resources included also the 56 banks with 32 branches operating under restriction.

The Mechanics and Farmers bank of Durham with a Raleigh branch, is operated entirely by Negroes. As of December 31, 1932, its statement showed total resources of \$642,476.91. Its capital stock was \$113,725 and its surplus \$15,300. The June 30, 1932, statement revealed assets of \$623,255.77, with a surplus of \$19,000. But every item as reflected in United States, North Carolina and municipal bonds, in other stocks and bonds, due from banks and cash in vaults, in capital stock, surplus, bonds borrowed, bills, discounted, commercial and savings deposits indicated gains.

The Durham bank is slightly more than 20 years old. The Raleigh division about 12. In all the banks and branches, the Negro banks, resulting in the closing of two in Durham and four in Raleigh, there has been no disturbance in this racial institution. The black people do not seem to have acquired the excellence of the whites in the art of real and stamper.

The North Carolina Mutual Life Insurance company made its 34th annual statement, December 31, 1932. It then had \$4,002,809.96 in admitted assets. It had nearly \$2,000,000 in deposits and was actively employed. It had kept them at work during the depression. It had more than \$2,000,000 in force of policies, lives of more than 240,000 policyholders. It died during the year \$971,957.23, an average of \$2,662.90 a day to these policyholders. The winding up of many of these, however, saved life-time investments for families. During the year it increased its assets \$96,490.89 and its surplus \$12,052.38. It set aside against any evil day a special reserve fund of \$10,721.53.

PLAN OF ELK RULER NOT ACCEPTED

Negro Press Blamed by Receivers for Their Failure POLICIES LAPSE

WASHINGTON—Following a hearing on Elk ruler J. Finley Wilson's plan to oust the white receivers and mutualize the National Benefit Life Insurance Co., Justice Daniel O'Donoghue Thursday morning put an end to the matter by signing a decree ordering complete dissolution of the company and liquidation of its assets.

The receivers themselves filed the petition asking for liquidation as a counter-move to Wilson's proposal. Adverse publicity given the National Benefit in the Negro press and the dwindling of premium receipts formed the basis for the petition.

Summarizing, the receivers, Gilbert A. Clark and Frank B. Bryan, Jr., made the four following prayers to court:

1. to discontinue the collection of premiums;
2. to discontinue payments under all policies of insurance;
3. to liquidate all assets of the defendant corporation (National Benefit);
4. to make payment to policyholders and other claimants as a result of fractional shares of stock to hereafter ordered by their court.

The receivers asserted in their petition they had done everything to carry on the business of the National Benefit under modified agreements with more than 60,000 policyholders. They contended that as a result of fractional shares and adverse publicity, approximately 25,000 of the policies originally modified have lapsed.

Messrs. Bryan and Clark set out the following allegations in part:

"In the period of this receivership no offer has been made to these receivers and no proposal has been submitted which furnished any basis on which the receivers could make any recommendations to this court for issuance of order transferring the insurance business or any part thereof to any new or existing company."

The receivers state further that their failure to receive offers looking towards the rehabilitation or reorganization of the business, which they might co-operate with, they filed a petition with the court requesting that they be allowed to act as trustees, "with-out compensation." The trustee-ship was to be for the purpose of receivers without their petitioners to be used for the operation of a mutual company.

"Upon opposition to this proposal," the petition states, "the receivers withdrew their petition to act as trustees. The receivers also related that they had made informal overtures to four companies (all white) to determine whether or not they could reinsure certain policies with them. The companies named were: The Metropolitan Life, New York; Life and Casualty, Nashville; National Life and Accident, Nashville; Washington National, Chicago.

Sleepy Man Shot as Police Invade House

ATLANTA, Ga.—A police raid on a house resulted in a man being arrested on suspicion of the robbery of a store in Grady hospital at a critical condition Saturday night with a bullet wound in the abdomen inflicted by Patrolman M. A. Mann.

According to police reports, Patrolman E. D. Ellison, M. A. Mann, H. L. Turner and J. D. Ethelridge, acting on information, went to a residence at 312 Kirk street, to arrest three youths in connection with the robbery of a store at 403 Peters street. Two officers went to the front, while Patrolmen Ellison and Mann went to the rear and entered. Ellison said he was attempting to awake a man named Robert Blake, who lived at the Kirk street address, when Blake suddenly jumped up and began shouting. Officer Mann ran to the rescue and fired one time, the bullet piercing Blake's abdomen.

The other two arrested at the house gave their names at police headquarters as Richard Boyd at 312 McDaniel street and "B. P. Rowe, of 132 Hills avenue. Three, two women and a man, were being held on blanket charges of suspicion Saturday night in connection with the theft of dresses and a sign at Butler and Edge-wood avenue.

Will Ross, of 145 Deatur street, was arrested for the theft of two dresses, and Ross' sweet heart, Miss Pauline Harris of 211 Butler street, found in possession of two dresses at her home. Harris was arrested as an accessory. All three were locked up by Patrolman P. P. Jones.

Their suspicions aroused, when they saw Ed Johnson, 20, of 386 Spring street, southwest, walking down the street with a recently killed chicken in one hand and the head of the foot in the other. Radio Patrolman F. J. Aycock and C. A. Cook arrested him on suspicion Saturday.

He was found to be in possession of several new tickets on guns and a quantity of lottery tickets. He told police that the pawn tickets were the property of Naise Williams, whom he said was a gambler in the summerhill district.

Pointed out to Radio Patrolman E. L. Suttles and J. T. Thompson as the man who had attempted to sell several auto parts dealers, two mechanics, Tom Neal, who told police that he lived on Mangum street, was locked up on suspicion. Neal had disposed of the two

NEGRO BANK PAYS 2ND DIVIDEND

MEMPHIS, Tenn., Sept. 1.—Several thousand checks, representing a second dividend from the insolvent Solvent and Fraternal Bank, established million dollar Negro institution of Memphis, are on hand for depositors at the old Liberty Building, 78 Madison Street.

The money was made available for depositors over a week ago, but hundreds of people who had deposits in the Solvent have not as yet made calls or presented their claims. Approximately five thousand checks were made out during the summer months.

J. W. Hall, liquidating agent for the Fraternal and Solvent Bank, in an interview with the Memphis World this week, stated that he would be on hand indefinitely to make payments to those who call for their money. He is being assisted by L. A. Speaker in the disbursement of the dividends.

The dividend represents four per cent of the total assets of the defunct institution or approximately \$33,000. Six years ago when the bank went on the rocks, it was valued at \$1,300,000 and upward. In 1929, four years ago, the first dividend of five per cent, or about \$600,000 was paid to depositors.

The payment of four per cent as the second step of the liquidation program is being made as an anti-climax; for depositors have from time to time since 1929 been promised another five per cent. Asked why depositors are not being paid five per cent, according to the liquidating agent, he declared that the conversion of assets, principally real estate, into cash had not measured up to expectations. Mr. Hall added that there have been a troublesome task. A large portion of the assets is just so much useless paper, he asserted.

During the first two days that money was given to depositors, a large crowd of people were present, but since that time depositors have been calling at the Liberty Saving Bank Building in small numbers. Many of the depositors have lost their bank books and claims during the intervening years since that tragic morning of December 20, 1927, when thousands of race citizens of the city arose to face in ruin and chaos the first Negro bank in America to build up assets of a million dollars, ten dollars ago, about the largest amount that any of the checks call for. Hundreds of other checks represent sums as small as a few cents.

Pictures Dark Future. "Do you suppose that the race can again build up another banking institution in Memphis?" a World reporter asked Mr. Hall. To this question he replied: "I think the outlook is very dark for another Negro bank in Memphis. The other bank was such a failure that it would take years to rebuild confidence."

The reporter continued his interview declaring: "It seems to me that if a bank could stand for 20 years with a practice of banking principles not altogether sound and bankers not altogether honest, the plan whereby without any effort they can soon realize several dollars per week for just a few hours effort."

"This is no 'get rich quick' scheme but a sound, honest, good business product which appeals to and is needed by nearly every family on the market for the past sixteen years and making new friends and users every year. I will be glad to send every one of your readers a sample of this product. They are under no obligation whatsoever, I simply want them to give it a fair radiator test at a company at 382 Marietta street.

Infantry School Starts Tuesday at Ft. Benning

FORT BENNING, Ga.—The official opening of the Infantry School classes for the school year 1932-33 will take place at ten o'clock Tuesday morning. Courses will be conducted throughout the year for one hundred and fifty and infantry officers of the regular army, five U. S. Marine Corps officers, two from the Philippine Constabulary and three from the Cuban Army, the attendance of the latter being by special arrangement with the Cuban government.

The exercises will be opened with the playing of the "National Emblem" march by the 29th Infantry band followed by Major John F. Mounahan, Catholic chaplain of the post, with the invocation.

Brigadier General George H. Estes, Commandant of Fort Benning and the Infantry School, then will make an address of welcome to the assembled students. Honorable H. C. The 29th Infantry band will then play the regimental march, "Follow Me."

There will be three regular classes conducted throughout the year. And if any of my readers, or my other advertising managers, contact Mr. Harrell and he does not send the free sample to each reader as promised I would ask you to write direct to me for I have no objection to your writing to me as an individual with whom I try to co-operate to take undue advantage of any reader of this column.

Incidentally, Mr. Harrell, you might send me a sample of your product also, so that I'll know just what my readers will receive.

In last week's column I mentioned the exclusive high-grade line of cosmetics put out by Mme. Marcette Ward, 4633 South Michigan Boulevard, Chicago, and although Mme. Ward thanked me for my mention of her efforts I have learned that I did not mention a most distinct achievement. It seems that her high-grade line of cosmetics are the only line manufactured by any colored firm that are on exhibit at the World's Fair, being in the exhibits of all the World's Fair Stores at the Century of Progress.

Some weeks ago I quoted a letter from the L. Nichols & Co., Inc., of Newberry, Illinois. During the past week they sent me a very beautifully bound Bible and an expression of thanks for my efforts to render a constructive service.

To many readers who have been writing to me for years for a photo of myself have but to read "Found," a short story of mine in the September of Bronzeman Magazine. In illustrating this story Charles C. Dawson, the illustrator, used an actual likeness of myself for his main character, so that saves me the trouble and expense of having photos made.

Crews Resigns as Bronzeman Ed.

CHICAGO, Ill.—(AP)—Reports that the resignation of the editor of the "Bronzeman" magazine, had resulted in the resignation of the editor, Caswell W. Crews, were confirmed last week by the former editor.

"It is true," said Mr. Crews, "that I have resigned my position as editor of the 'Bronzeman.' It was not without regret on the part of the generous support given me by my friends throughout the country. In view of widely diverse opinions as to policy, both business and editorial, which I realized could not be reconciled, I will not be a part of it. I will, however, continue to have much of interest to say at a later date. Although the resignation of Crews was not announced by the Board of Directors, it is final."

N.C. NEGRO BANKS FARE BETTER THAN WHITE

From Greensboro, N. C., Daily News
RALEIGH—Report to relief agencies in Raleigh and elsewhere indicating that Negro communities in eastern North Carolina generally have endured the depression better than their white neighbors find a peculiar support in two little banking and insurance items coming out of Durham and Raleigh in which a bank and an insurance company managed entirely by Negroes show so far from distress, actual improvement.

The state banking department announced on Friday that conditions in North Carolina for June 30, 1933. The resources in these state institutions dropped in six months from \$21,156,620.75 in 294 banks and 79 branches, to \$175,655,727.35 in 294 banks with their 76 branches. These resources included also the 30 banks with their 32 branches operating under restrictions.

The Mechanics and Farmers' bank of Durham with a Raleigh branch, reported on Friday by the bank, December 31, 1932, its statement showed total resources of \$642,476.91. Its capital stock was \$115,725 and its surplus \$13,500. The June 30, 1933, statement reveals assets of \$623,255, a difference of \$19,000. But every item as reflected in United States, North Carolina and municipal bonds, in other stocks and bonds, due from banks and cash in vaults, in capital stock, surplus, bonds borrowed, bills, real-estate, commercial and savings deposits indicated gains.

The Durham bank is slightly more than 20 years old, the Raleigh division about 12. In all the banks in the Durham and Raleigh banks, resulting in the closing of two in Durham and four in Raleigh, there has been no disturbance in this racial institution. The black people do not seem to have acquired the excellence of the whites in the art of thrift and stamper.

The North Carolina Mutual Life insurance company made its 34th annual statement December 31, 1932. It then had \$4,002,809.96 in admitted assets. It had nearly 96 in admitted assets. It had nearly 130,000 Negro members and was gainfully employed. It had kept them at work during the depression. It had more than \$2,000,000 insurance in force. It had more than 340,000 policyholders. It had during the year 1931-1932, an average of \$2,662.90 a day to these policyholders. The wiping up of the company found that the company had paid \$12,450,297.80 to its beneficiaries. During 1932 it made loans of \$2,107,978.83 to policyholders. Many of these loans saved lives. This year it increased its assets \$96,490.89 and its surplus \$12,005.38. It set aside against any evil day a special reserve fund of \$10,721.53.

None of the companies operating in the territory in which the present modified business is located will negotiate with the receivers for purchase at the time of the petition states. It is further added that it is impractical to attempt to sell or to reinsure the said business.

The petition also avers: "During this period in which these receivers have been engaged in the modification of policy of insurance and in the conduct of said modified business, their efforts to hold said business together and to preserve the business of the defendant corporation for rehabilitation or reorganization have been considerably hampered at all stages by actions of self-appointed committees and individuals who have solicited the policyholders for powers of attorneys without submission to these receivers of any constructive plan for rehabilitation.

PLAN OF ELK RULER NOT ACCEPTED

Negro Press Blamed by Receivers for Their Failure

POLICIES LAPSE

WASHINGTON—Following a hearing on Elk Ruler J. Finley Wilson's plan to oust the white receivers and mutualize the National Benefit Life Insurance Co., Justice Daniel O'Donoghue Thursday morning put an end to the matter by signing a decree ordering complete liquidation of the company and liquidation of the assets.

The receivers themselves filed the petition asking for liquidation as a counter-move to Wilson's proposal. Adverse publicity given the National Benefit in the Negro press and the dwindling of premium receipts formed the basis for the petition.

Summarizing, the receivers, Gilbert A. Clark and Frank B. Bryan, Jr., made the four following prayers to court: 1. To discontinue the collection of premiums; 2. To discontinue payments under all policies of insurance; 3. To liquidate all assets of the defendant corporation (National Benefit); 4. To make payment to policyholders and other claimants as may be hereafter ordered by the court.

The receivers asserted in their petition they had done everything to carry on the business of the National Benefit under modified agreements with more than 60,000 policyholders. They contended that as a result of factional disputes and adverse publicity, approximately 25,000 of the policies originally modified have lapsed.

Messrs. Bryan and Clark set out the following allegations in part: "In the period of this receivership no offer has been made to these receivers and no proposal has been submitted which furnished any basis on which the receivers could make any recommendations to the court for issuance of order transferring the going insurance business or any part thereof to any new or existing company."

The receivers state further that upon failure to receive offers looking towards the rehabilitation or reorganization of the business with which they might cooperate, they filed a petition with the court requesting that they be allowed to act as trustees, "without compensation." The trustees to be for the purpose of receivers, withdrew their petition to the court for liquidation of a mutual company.

"Upon opposition to this proposal," the petition states, "the receivers withdrew their petition to act as trustees."

The receivers also related that they had made informal overtures to four companies (all white) to determine whether or not they could reinsure certain policies with them.

NEGRO BANK PAYS 2ND DIVIDEND

MEMPHIS, Tenn., Sept. 1—Several thousand checks, representing a second dividend from the insolvent Solvent and Fraternal Bank, erstwhile million dollar Negro institution of Memphis, are on hand for depositors at the old Liberty Saving Building, 78 Madison Street.

The money was made available for depositors over a week ago, but hundreds of people who had deposits in the Solvent have not as yet made calls or presented their claims. Approximately five thousand checks were made out during the summer months.

J. W. Hall, liquidating agent for the Fraternal and Solvent Bank, in an interview with the Memphis World this week, stated that he would be on hand indefinitely to make payments to those who call for their money. He is being assisted by L. A. Speaker in the disbursement of the dividends.

Dividend is 1 Per Cent. The dividend represents four per cent of the total assets of the defunct institution or approximately \$3,500,000. Six years ago when the bank went on the rocks, it was valued at \$1,300,000 and appeared. In 1928, four years ago, the first dividend of five per cent, or about \$66,000 was paid to depositors.

The payment of four per cent as the second step of the liquidation program is being made as an anti-climax, for depositors have from time to time since 1929 been promised another five per cent. Asked why depositors are not being paid five per cent according to promise, the liquidating agent declared that the conversion of assets, principally real estate, into cash had not measured up to expectations. Mr. Hall added that a large portion of the assets is just so much useless paper, he asserted.

During the first two days that money was given to depositors, a large crowd of people were present, but since that time depositors have been calling at the Liberty Saving Bank Building. In small numbers. Many of the callers have lost their bank books and claims during the intervening years since that tragic morning of December 29, 1927, when thousands of race citizens of the city arose to face in ruin and chaos the first Negro bank in America to build up assets of a million dollars. Ten dollars are about the largest amounts that any of the checks call for. Hundreds of other checks represent sums as small as a few cents.

Do you suppose that the race can get built up another bank institution in Memphis? World reporter asked Mr. Hall. This question he replied: "I think the outlook is very dark for another Negro bank in Memphis. The other bank was such a failure that it would take years to rebuild confidence."

The reporter continued his interview, declaring: "It seems to me that if a bank could stand for 20 years with a practice of banking principles not altogether sound and bankers not altogether honest, another bank could be perpetuated indefinitely on sound principles and through the leadership of honest bankers."

Infantry School Starts Tuesday at Ft. Benning

FORT BENNING, Ga.—The official opening of the Infantry School classes for the school year 1933-34 will take place at ten o'clock Tuesday morning. Courses will be conducted throughout the year for one hundred and fifty-one infantry officers of the regular army, five U. S. Marine Corps officers, two from the Philippine Constabulary, and three from the Cuban army, the attendance of the latter being by special arrangement with the Cuban government.

The exercises will be opened with the playing of the "National Anthem" march by the 29th Infantry band, followed by Major John P. Monahan, Catholic chaplain of the post, with the invocation.

Brigadier General George H. Estes, commander of Fort Benning and the Infantry School, then will make an address to the assembled students. Honorable H. C. Smith, mayor of Columbus, will also make a short address after which the exercises will terminate with a benediction by Major Willis T. Howard, Protestant Chaplain. The 29th Infantry band will then play the regimental march, "Follow Me."

There will be three regular classes conducted throughout the year. The largest of the three courses, the company officers' class will have thirty members or three-quarters of last year's number. These include three marine corps lieutenants, one officer of the Philippine Constabulary, and one of the Cuban army.

The 29th course, with twenty-one members, is slightly more than one-half last year's total of forty. With the exception of one Cuban army officer all members are captain, lieutenant and first lieutenant graduates of last year's advanced course.

Immediately after the opening exercises this morning the annual drawing of quarters by students will be held. A few of the student names will be posted at the post.

Gossip of the Movie Lots

STEPIN FETICH RETURNS
LOS ANGELES.—Cat.—With a headline all the way across the Los Angeles Examiner, sometimes falsely accused of being prejudiced, announced during last week that Stepin Fitch, noted former Fox star would return to Hollywood. Louise O. Parsons, Universal Service and Examiner Theatrical editor, always kindly to Stepin, featured the story explaining that the man who was the first Negro to attain the fame of stardom, with the advent of silent pictures, had signed with Winfield Sheehan in New York on a long time contract for Fox studio. Incidentally he promises not to break the studio lot's speed laws of 12 miles an hour.

BY HARRY LEVETTE

Step has learned a lot of lessons since being out. And small vaudeville engagements, barnstorming in the south and odd-jobbing around did not nearly measure up to the \$1500 a week he used to get.

Although we are friends, Stepin used to feel mistreated when this column condemned his misbehavior. In fact he frequented escapades. In fact he consulted Art. Curtis Taylor concerning the matter.

I have received several letters from Stepin while away also a snuff shot he took when he was in Florida just before Mayor Cermak of Chicago was killed in an attempt to assassinate President Roosevelt.

In fact two weeks ago Stepin's New York address to Marjorie Natanson who wanted to wire him for some reason. I wonder now, if that had anything to do with Fox's plan to welcome the prodigal home.

His return will help Negro screen players no little for they can look for a cycle of pictures using numbers of Negroes as before. If his first to be started on his arrival October 11, makes good. This is the "House of Connely" with Jane Gaynor, star and King, director with a new edition of Fox Movie ton.

When questioned in his dressing room at the Chicago theatre concerning his tour, he replied that his road trip is about to end and he will be sauntering back to the Cotton Club on September 17. Walter Winchell Denies Negro Girl Was Boomed

NEW YORK.—Both Walter Winchell and the Universal Pictures Corporation deny that a girl wearing the badge of "Miss Harlem" in a recent picture called "Beauty on Broadway" is boomed in the picture. R. H. Cochrane, vice president of Universal Pictures, writing the N. Y. A. C. P. that the girl is greeted with a chorus of "ohs" and "ahs" in cheering approval. A Washington, D. C. correspondent wrote the N. Y. A. C. P. that he interpreted the noises as "bo." The Universal company would not stoop to smacking my rate, Mr. Cochrane said.

Jungle Rhythm Wins Applause

By F. H. ROBB
CHICAGO.—(AN)—America's Dancing Masters' Association presented Kofi Appiah, Africa, Erika, Chimney, Dresden, Germans and Ivan Tarnoff of Russia, at the Congress hotel here last Friday during the annual convention of Chicago's Association of Dancing.

DeSable, a black man from the West Indies, built the first home in Chicago. John Jones was the first Negro on the Board of Education. Paul Lawrence Dunbar and Carl Hiaasen were the first Negroes to go to the World's Fair. Duke Kweisi Kuntu will be remembered as bringing the basic and authentic African ceremonial dances to the western world and establishing that rhythm had its beginning in Africa.

For the first time a white man was made Nana, nobleman, or Knight of the Ashanti Empire when Prof. Leo Kehl of Madison, Wisconsin, president of Dancing Masters' Association and also leading official of the Lion's Club of America, formally accepted the title of Nana and received the Lion's Club, the symbol of power from the Duke of Asankoro Kweisi Kuntu on behalf of the Ashanti Empire.

How like it was compared with the Nana of the Ashanti Empire. How like it was compared with the Nana of the Ashanti Empire. How like it was compared with the Nana of the Ashanti Empire.

Orchestra Notes

By "RUDY" BROWN
WELL, FOLKS, we are here again trying to make Atlanta and the south realize that some of the best musical units are just around the corner from us.

Marion Hamilton, the father of banjo players of Atlanta, and his orchestra will play at all night dance at the mad garden Monday night for the lowest price in history.

After Blanche Calloway has had her say at the Sunset Club, Heywood will be there for a benefit hop that night.

That's not all by any means. Ben Cofer and his harmony Aces are remaining home at the exclusive Cotton Club. He will use rhythm in the morning and afternoon.

Lamar Gilbert this new find of Ben's from Jacksonville, pushes a mean trombone.

We must pause a second with two fellow musicians in their development. L. D. Echols, of Greenville, S. C., and John Henry Johnson, of Crawford's Serenaders. Both lost relatives.

Columbus Jones, tenor saxophone player, with one of Detroit's best, is here visiting another. He fairly burns a clarinet.

MEMPHIS TENN.—Samuel Johnson, a senior student at Darrell Stude's school, died Wednesday of last week from locked throat. Young Johnson was one of the best thought of students according to the teachers of the institution. His illness was more closely connected to Dr. Kuntz's work, unfortunately to save his life but he was too far gone. Sammie was the only son and survived by his mother and several other relatives. The funeral was held from Macedonia Baptist church Thursday, where he was an active member. He was one of the young people in Memphis who were of young Johnson noted as an all-rounder.

LABOR LEADERSHIP

A group of Negro leaders called together to plan economic action for the Negro met at the country home of J. E. Spingarn, president of the N. A. A. C. P. Because of the unusual changes labor is in process of undergoing much of their time was given to this problem.

In a report of the findings, the group calls for a new labor movement as indicated in the following extracts:

"The traditional labor movement in America is ineffective in uniting white and black, the conference found, because of its craft structure and its objective of controlling jobs and wages for a minority of skilled white workers.

"A new labor movement, with Negroes as active participants, is suggested. Its activities must be political as well as economic for the purpose of effecting such social legislation as old age pensions, unemployment insurance, the regulation of child and female labor, etc.

"In the process of reform the interests of the Negro cannot be adequately safeguarded by white paternalism in government. It is absolutely indispensable that in this attempt of the government to control agriculture and industry there be adequate Negro representation on all boards and field staffs.

"We are inclined to agree with these views. Our labor movements, even the National heads, are not interested in all the workers but such skilled groups as are under their wings of protection at this time. The best evidence is the failure of the NRA to make any provision for unorganized labor and organized labor made no fight for anything which took no skin off their hides.

Bishop Jones of the M. E. Church once said that he was suspicious of any meeting called for his benefit to which he was not invited. As long as labor movements, headed by Negroes around in cracks and bars them from most of their units, their organizations will help Negroes little. The Bystander is not against organized labor, but the narrow program followed by the organization which neglects ten per cent of its potential members.

QUICK ACTION

Negro workers on the federal barge lines operated by the War Department at East St. Louis, Illinois and St. Louis, Missouri have been on strike.

The conditions which led up to the strike were described in the following telegram which T. Arnold, of the Urban League sent after a thorough investigation of the situation by the St. Louis Urban League:

Your help in adjusting the following matter is requested. Stop. Negro employees of Federal Barge Lines operated by War Department, went on strike in East St. Louis and St. Louis on August Twenty-second in protest against intolerable conditions. Investigator reports men were compelled to remain on duty from twelve to fifteen hours before being checked out at night but received pay only for work actually done. Stop. They were compelled to buy meal tickets from restaurant designated by superintendent were refused hearings of complaints against discrepancies in hours, work and pay and intimidated by police summoned by government officials.

The bride is the widow of the late Reuben Gaines of Buxton, Iowa, and daughter of Mr. and Mrs. Louis Strother of Colfax. She is a graduate of Oskaloosa High school and is prominent in the club and social life of the capital city.

The groom is a graduate of Colfax High school, Grinnell College, and is engaged in the teaching profession. During the World War he was a Second Lieutenant with the 300th Infantry, 92nd Division in France. Since 1919, Mr. Redman has been at the Y. M. C. A. Camp at Boone during the summer months and in high school work in Princeton, Indiana, during the winter.

Those attending the wedding were: Samuel Dean of Colfax, Mr. and Mrs. Louis Strother of Colfax, Mr. and Mrs. Paul Goodloe, Mr. and Mrs. Redman left Monday for Quincy, Illinois, where Mr. Redman is principal of the Lincoln school there. They will live at 2417 Hampshire street.

Detroit Visitor is Honored

Mrs. John Guess entertained at a luncheon Wednesday, August 23, in honor of Mrs. Ella Miller of Detroit, Michigan, sister of Mrs. Mary Johnson and aunt of Mrs. J. L. Lucas. Those sharing in the courtesy were Mrs. Ella Miller, Mrs. Hamilton of Oklahoma, Mrs. Brown, Mrs. Mary Johnson, Mrs. J. L. Lucas, Esther Lucas and the hostess.

Mrs. J. L. Lucas entertained a few friends Friday, Sept. 1, in honor of her aunt Mrs. Ella Miller of Detroit, Michigan.

Mrs. Bessie M. Jett, 2838 Forest Drive left last Saturday for a ten day vacation in Chicago to attend the World's Fair. She will be the house guest of her niece Mrs. Eugena Martin, 4948 Michigan Ave. She will meet Mrs. J. W. Easley of Norwalk, Ohio, Mrs. Martin's mother and return home Tuesday, September 12.

Mrs. L. M. Walker, 1105 School street returned Tuesday, Aug. 29, from a trip in Chicago after attending the World's Fair. While there she was the guest of the Kansas City Fellowship Club and took part in the gala day activities. She was the house guest of Mrs. Lottie Whittington Robinson and also Mme. Carter of 4509 Prairie Ave.

Mrs. Max Mayer, director of the Jewish Community Center spoke Friday, Sept. 8, at the East Side Community Center on the NRA. The meeting was sponsored by the East Des Moines Booster club.

The Modernistic club resumed their fall program Tuesday, Sept. 5, by meeting with the president, Mrs. Meredith Carl. The next meeting will be with Mrs. Adelaide Bowman at the La Marguerita Hotel.

Ralph L. Crowder, 916 18th street, accompanied by his brother and sister in law, Mr. and Mrs. J. G. Crowder and guest, Miss Ida Moxley, all of Sioux Falls, S. D., left Friday morning for Chicago to attend the World's Fair.

The Mary B. Halbert Club will meet

Telegraphic information in reply to a protest wired by Mr. Hill to Miss Francis Perkins, Secretary of Labor, Dr. Leo Wolman of the Industrial Mediation Board, and General Hugh S. Johnson of the Department of Labor, Hugh L. Kerwin, as follows:

"Replying to your telegram Secretary Perkins matter up war department agreement reached and forwarded this day to H. R. Odell, Federal Barge Lines, St. Louis. Agreement was approved by the War Department and accepted by the workers provided work shall start eight o'clock. Pay of all laborers shall be thirty-five cents per hour, time and one-half for overtime and for Sunday and holiday work of any is performed and will recognize committees of the workers. No job dependent upon buying meal tickets and eating at terminal restaurant. Stop. Washington, D. C., Six P. M.

This prompt vigorous action demonstrates the value of an organization with intelligence and force to get results. Negro labor must be helped by Negro leadership and its friends or it will get no benefits from the NRA or any other movement.

It is probable that the prompt action of the National Urban League prevented serious racial disorders, for Negro strikers had been arrested at the request of the Barge Line authorities and charged by the local police with inciting a riot.

THE TENNIS MARATHON
Our tournament is still under way. Apparently like the brook it goes on forever. This meet has set a record for being the sorriest one ever held here. Almost three weeks and no winner yet and the doubles not even started. Wotta mess. Wotta mess. Whose fault is it? Everybody's, the Committee in large hasn't been stern enough in requiring players to play or default. At least he will be a default champion. The singles play got down to Chet Williamson, after his fourth crown, and Paul Woods. Chet defeated Earl Newcomb in a five set struggle which saw the champ's superior craft and speed wear down Earl's stubborn resistance. That match was played at dawn and did much to inspire young tennis players as a large group got up at 5 A. M. to watch them play. There must have been two people there. Woods found this illustrious scribbler's greatest weakness made to order for his soft chops and romped away with a straight set win. Paul and Chet have been looking (?) for each other for four days now. If they ever happen to be near a tennis court at the same time they will probably both either light out running in opposite directions or faint from something.

Our doubles will furnish some fireworks if we can ever start playing. A new team of Ted Martin and Bill Ashby has been organized and they will be tough. Williamson and yours truly would like to regain our shorn laurels and the defending champs Woods and Newcomb are awaiting the rush of the mob.

Football
The boys are asking when we are going to get together. Well, gang, here's the dope. Our team has got to a place where one man without a lot of coin can't handle it. If he puts up the dough he may not get more than half of it back. We have had a team five years now and made a good record. We'd like to see it go on, but you fellows have to help. If you will do as much in proportion to your ability as the coach has done in the last years, we can have a club. We need everybody's help to put the deal over. How about it?
