## Protests Separate Code--Is Run Out Of Town

### Protesters Handicapped By 'Uncle Tom' Leaders

New York, Sept. 22.—The unequal salary scale for Negro teachers which has been set up in North Carolina by which the maximum for colored instructors is set at \$500 a year, will be attacked in the courts by attorneys acting for the N. A. A. C. P. It was announced here today by Walter White, secretary.

White teachers with eight years experience will receive a maximum salary of \$720 a year or \$90 a month; Negro teachers of the same experience will receive \$560 a year or \$70 a month. These are the absolute maximums for teachers of this grade. Under the new schedule the salaries of Negro teachers will run as low as \$322 a year for "no classification" teachers of no experience.

In the present movement for equal salaries, the southern states are getting their same old tricks. They are getting certain Negroes to come to the front and put on the soft pedal. Some persons whom the Carolina "Times" calls "Uncle Toms" have already written letters to the dailies saying "the good white folk" will look after Negroes and no "outside" interference is needed. But again the younger element is ready to fight and indications are that the bulk of the Negro population is ready to fight, also.

### Fine Jurist for Contempt of Court

Richmond, Va.—In the first incident of its kind recorded in this state a white jurist was fined for contempt of court following his refusal to serve on a grand jury of which two members were colored.

The jurist, Wellford Gilman, a white farmer living near Ashland, drew a \$10 fine and a severe lecture from Judge Fredrick W. Coleman, of the fifteenth judicial circuit.

Since the Crawford case in Madison, Va., in which a judge there refused to allow Virginia authorities to extradite a Negro on the grounds that Negroes were not permitted to serve on juries in the southern state, Negroes have been drawn for jury service here.

## Crocker Y Plans Annual Membership Drive For Finance

Mass Meeting To Launch Drive  
A mass meeting was held Saturday evening at the Crocker Street Branch Y. M. C. A. and was addressed by Geo. W. Webber, general secretary of the Central Y. M. C. A. Atty. S. Joe Brown, recording secretary and member of the Committee of Management since its organization fourteen years ago, read a summary of the accomplishments of the work during this time as follows:

4. Furnished a friend in court for every Negro boy called before the juvenile court of Polk county for the past ten years.

### Blake, Miller Here With Noted Revue

Eubie Blake and Flourney Miller, two men whose names are famous in the annals of Negro theatrical history, will be the principals in the 1933 edition of the memorable "Shuffle Along" revue that is playing at the Orpheum theatre this week-end. This is an all-time record for excellence and world-wide popularity.

Since leaving New York this spring, "Shuffle Along" has been booked solidly in every major city in the East and mid-west. In the cast of fifty stars are Della Newsum, Mantan Moreland, noted comedian, Gheva Brown Spots, Roy Carter and the Seppia Songbirds chorus. In addition a ten piece band conducted by Eubie Blake will be featured.

### Oldtime Meeting At Colfax Church

The Bethel Baptist church of Colfax, Iowa, with Rev. Ed Mason, pastor, is holding an "old time spiritual" meeting there Sunday afternoon, September 24, at 8:00 o'clock. The sermon will be preached by Rev. John Beverly of Des Moines.

Music will be furnished by Des Moines singers, directed by Mrs. Della Bryson with Mrs. Eddie Brown as soloist.

The Bethel Baptist church asks you to worship at your own church Sunday morning as everybody is invited to our meeting in the afternoon, says Rev. Mason.

### Herndon Case Is Before High Court

Atlanta, Ga., Sept. 22.—"You can't kill a man because of the books he reads," said Defense Attorney Ben J. Davis Jr., while arguing an appeal that has been filed in the Georgia supreme court to the conviction of Angelo Herndon, under sentence of from 18 to 20 years imprisonment on a charge of attempting to incite insurrection.

The state based its case on Herndon's possession of literature distributed by the Communist party of U. S. A., and contended that he had wilful intent to overthrow the government. (The statute is 60 years old). Herndon was organizer for the Communist party. The state's plea was that his actions constituted an attempt to incite insurrection. It said Herndon sought and accepted membership to the party, received dues and had in his possession books and papers which advocated establishment of a Communist government in the United States.

New York, Sept. 22.—Because he refused to sign a statement saying he thought Negro workers ought to have a lower wage than that provided in the NRA code, the Rev. E. D. Hughes, A. M. E. minister of Selma, Ala., has been driven out of town by leading whites, including the chief of police, the secretary of the chamber of commerce, and the president of a bank.

A hair-raising account of how he was forced to jump from a speeding automobile and hide under bushes in a ditch in order to escape a mob of pursuing whites, is contained in a statement given a representative of the N. A. A. C. P. by Rev. Hughes.

A complete statement telling in detail of the abuses heaped upon Mr. Hughes has been received here by the N. A. A. C. P. Protest has been made to General Hugh S. Johnson with a request that he take action against those who seek to block the operation of the President's agreements and use violence to enforce their desires.

### Church Deacon Lynched by Mob

Bullet-Riddled Body Thrown on Steps  
Minter City, Miss., Sept. 22.—(Special.)—"Let this be a lesson to all darkies." Thus read a sign painted in red on a large cardboard which was placed beside the bullet-riddled body of Richard Roscoe, 39 years old, deacon of a Baptist church here and a well-known farmer, as it lay in the front yard of his home.

A mob of white men, women and children lynched Roscoe Monday afternoon after news spread throughout the community that he had attacked a white man, J. E. Matthews, dragged him from his bed and fired 35 bullets into his body.

Not satisfied, the bullet-riddled form of the victim was tied to the rear of the sheriff's automobile and paraded through principal streets as though the members of the mob were bent on having a Roman holiday.

Later, in order to add insult to injury and to show their contempt and disregard for the law, the mob proceeded to Roscoe's home where they deposited the ghastly corpse on the steps of the house.

poet, in Tokyo, Japan, on July 25.

Despite the fact that Mr. Hughes had fully approved passports and visas, he was expelled from Japan. The Japanese held him incommunicado and refused to allow him to communicate with the American Consulate even by telephone. He finally arrived at San Francisco.

### Herbie Koch Is Well Received

Crowds welcomed Herbie Koch, who returned to the mighty console of the Paramount Theatre organ last Saturday. It was indeed a triumphant return as he led the applauding crowds through a popular song fest. Herbie welcomes suggestions for songs you would like to hear him play and any letters will be given attention.

St. ring Saturday, Sept. 23rd, Herbie will present another entertaining musical novelty and in addition the Paramount will present two great feature attractions. The first feature is "Clauette Colbert in 'Torch Singer'", supported by Ricardo Cortez, David Manners and Jody Roberts. Miss Colbert makes her debut as a singing star in a nite club. The picture has many tantalizing tunes, romance and thrilling action. Baby Le Roy of "Bedtime Story", is also seen in the picture.

Feature No. 2 is titled "One Year Late" and the cast is composed of

### Brewer Stars In 2nd Victory Here

By Everett Wadsworth  
Star Writer  
MONARCHS WIN AT PARK, 6 TO 2  
The Kansas City Monarchs scored another victory over the House of David team, a recent winner over the St. Louis Cardinals in an exhibition game, defeating the bearded boys at night, Sept. 15, before 3,300 fans by the score of 6 to 2.

Four runs in seventh inning broke up a pitchers' battle between Chester Brewer of the Monarchs and Lauffer of the House of David club. Starks, Monarch right fielder, lifted a long range home run over the left field wall in the fourth to tie the count of 2-2.

Brewer's "smoke ball" featured. The former Des Moines hurler allowed only four hits. He held the opposition scoreless after the fourth frame and without a hit during the last four innings. He walked one batter and fanned seven. Rogan, 52-year-old Kansas City left fielder, stabbed a hard liner after a long run in the ninth for the fielding feature of the game.

Score by innings:

House of David	0	0	0	0	0	0	0	0	0	0	0	0
Monarchs	0	1	0	0	0	0	0	0	0	0	0	0

Batteries: Lauffer and Fleming; Brewer and Young.

**HOORAY!**

We got our tennis tournament over at 1st. No foolin'. Last Sunday at Good Park. By telling Chet Williamson and Paul Woods, our two singles finalists, that there would be some food and pretty girls there we got the boys up to the park together. When they saw we had fooled them they got so mad they began to beat tennis balls and by keeping track of the number of balls beaten Williamson was declared champ for the fourth year. Really though, it was a nice match in which Chet's terrific cross court shots gave him the decision in straight sets. Paul played well enough but had no defense for that blistering sock when it came over.

The doubles champions seem to run two years at a time. After being blasted off the courts in the first set by Williamson and yours truly, Paul Wood and Earl Newcomb came back and collared the victory after a hot battle. This was an odd match. The rivalry was keen and the desire to

win, intense, yet there was unusually fine sportsmanship displayed which made the match enjoyable. In our semi-final Chet and your scribe dusted Bill Ashby and Ted Martin in a wild and woolly encounter. This match and the singles tilt took a lot out of Williamson and tired him for the doubles finals. This is no attempt to detract from the victory of the double champs who deserve full credit for their victory. Next week our official ratings for the year will come out and that will be the end of tennis.

**FOOTBALL**

Been over to East High watching our boys battle for their positions. Save several who will be heard from before the curtain rings down on our annual fall sporttime. We don't like to put these boys down as stars until they prove that they are, so we won't mention any names, yet. However, Evans from last year and will bear watching. We'll look over North High next week and bring up a nice story. Our semi-pro boys haven't got together yet. How about it, lads?

The fall and winter activities of the Branch will open with a public mass meeting at St. Paul A. M. E. church, Sunday, October 1st; each captain is expected to have his team complete raising of the allotted one hundred dollars.

## Negro Unemployment Is Attacked by Mrs. Brown

In an address upon "Race Relations in Des Moines", before the Women's Home Missionary Society of the Wesleyan M. E. church Tuesday afternoon, Mrs. S. Joe Brown, brought out startling facts of the reasons why so many Des Moines Negroes are unemployed. "Practically None on Public Utilities"

"Out of forty-five employees the Postal Telegraph Co. has none; out of one hundred fifty employees the Western Union Telegraph Co. has only one; out of one hundred twenty employees the municipally owned Water Works has none; that out of six hundred employees the Des Moines Electric and Gas Co. has only two; that out of seven hundred employees the Des Moines Railway Co. has none" said Mrs. Brown.

1,300 Telephone Co.—5 Negroes

Out of thirteen hundred employees the Telephone Co. has only five; that out of more than a thousand employees, the Des Moines Board of Education has only eight; and that out of five thousand employees in its various departments and institutions throughout Iowa itself employs only nine Negroes, the speaker concluded.

**Pledge Aid**

The ladies present expressed themselves as greatly "surprised" at this situation and several pledged themselves to use their influence to see that the Negroes of Des Moines and Iowa received a larger representation upon the payrolls of the public utility corporations and especially of those which Negroes like other citizens are taxed to support such as the municipal waterworks, the public schools and the State of Iowa.

### BLEEDERS

Ordinarily blood clots within a very short time but occasionally a person is found whose blood does not clot as readily as it should.

Blood should have the property of clotting within from one minute to three minutes—and once in a while there is found someone whose blood will clot in less than one minute. The extent of the injury and the location of the injury will have lots to do with this clotting, of course whether it be deep enough to reach an artery and open it up, whether it be a vein that is injured or whether the injury affects the smaller microscopic vessels or not. Such coagulation refers to those injuries which do not open up veins or arteries. No one is acquainted with his coagulation time unless he has had some experience of some kind in which bleeding has occurred or unless a test has been made upon his blood to determine just how long it takes for the blood to coagulate. Some relatives, however, may have had some trouble of this kind and if so it could be wise for one in the family to be on the lookout for such a condition within himself or herself. Several things may predispose to such bleeding.

In males it may be hemophilia a condition which is transmitted to them from the mother and strange as it may seem she is not affected by it. Injury to her will cause no unusual bleeding but injury to the son may cause a fatal bleeding. This does not, however, that women may not bleed because there are other things, which cause undue bleeding besides hemophilia and there are other conditions in men besides hemophilia which cause this undue bleeding. Some have been known to bleed for fifty minutes and some for several days especially after having a tooth extracted. Many such cases, where they suspected could have treatment before any procedure in which slight bleeding was necessary so that no danger would accrue which would be serious.
