Sués to the Parentage of Her Son, 14

LOS ANGELES (WS)—A sensational suit, ripping the covers off the private lives of prominent and wealthy parents, is being followed by the startled gaze of the public was set here last week and continued until September 27 in the Superior court when Mrs. Alyce Robinson, through her attorney C. C. Taylor, will again start her legal battle to establish the parentage of her 14-year-old son, Foster Driver. VOODOO AROUSES Giant Film Actor Refused Parole

LOS ANGELES (WS)—Sam Baker, who was found guilty of assault with a deadly weapon after a brawl in a beer garden in the vicinity of 49th and Central, was denied probation and sentenced to seven months in the county jail here September 18, so it has been learned.

Baker has been working in pictures for some time and was arrested after the stabbing of a woman at a beer garden after the woman had been accused of being a voodoo priestess. The huge man, weighing about 250 pounds, suddenly leaped at the woman and plunged a knife into her after telling her what he had heard. The puzzle of the air-fair has been that Baker, with his great size and weight would use a knife on a woman who weighs about 100 pounds.

Before he entered pictures, Baker was a prize-fighter and is reported to have been in the ring with Primo Carnera. The huge man had some of the best parts always featured parts in two pictures, "King of the Jungle" and "Jungle Mystery". It has been reported that he is the prototype of many of the most powerful men in Hollywood and at one time had training quarters on a large movie set.

Ky. Jobless Army Has Many Negro Men Recruited

FRANKFORT, Ky. (AP)—A second army of unemployed whites and blacks swamped down this week on the sessions of the Legislature in the Kentucky State Capitol. This second army, coming principally from the western part of the State swarmed into the gallery sections of the deliberating bodies and called on the Governor, Ruby L. Taylor, to demand action.

The group of about three hundred includes some fifty Negroes who are joining in fully with the activities of the others. A terrible seriousness is seen on the faces of the galleries of farmers and laborers as they watch the debating House and Senate finally swing into a serious effort to do something.

The federal government has indicated that it would appropriate \$2,000,000 in ten minutes notice for relief in Kentucky, if the State would appropriate \$1,000,000 to match.

Jackson Willis, great leader of the black contingent and one of the spokesmen of the group said: "We have been here some time before and left. This time we mean to stay until we get action."

The registration fee will be \$2 per capita in advance. This covers the cost of supplies, equipment and literature. The course will not be started unless the advanced registration warrants. The meeting will be held weekly, each Wednesday evening beginning September 26 and ending November 21. In addition three outdoor meetings will be held on October 29, November 18 and 29. All interested should register at the New School headquarters in the Chemical building, Eleventh and Olive streets.

EXONERATED IN KILLING

RALEIGH, N. C. (AP)—A color-blind jury Friday exonerated John Williams in the slaying Thursday of Collins Brown Williams, fired four shots and Brown's head struck an argument at the home of Mrs. Little Belle Strickel. He claimed self-defense and the jury upheld him.

Young (19) is well known in the civic and retirement life of the city. He is a member of the Junior Chamber Board and the symphony orchestra. He is a member of the M. E. Church and is quite active in the public square. He is married and lives at 468 E. 11th street.

CHICAGO (AP)—C. C. Spaulding, of Durham, N. C., national chairman of the Emergency Advisory Council, an organization in process of development under the auspices of the National Urban League and whose purpose is to help solve racial problems arising under the N.R.A., was the principal speaker at a banquet held here Wednesday night. The gathering which was under the auspices of the Illinois Manufacturers' Association, brought together 100 Chicagoans from various walks of life and in addition speakers, publicly representative Livingston of the Illinois Manufacturers' Association, Roy Jacobson, recently appointed head of the Federal employment bureau in Washington, and Harry H. Pace, who had just returned from Washington, where he had served on an important committee. Efforts by Secretary of Commerce H. C. Rogers for the purpose of considering ways and means of illustrating the Negro more fully in the benefits and responsibilities arising from the N.R.A. will be to protect him from injustices which have been cropping out under its operation.

Mr. Spaulding, who has been vacationing for two weeks in Chicago, described the functioning of the EAC, which he pointed out was to interpret the meanings and provisions of the new national measures being put into effect in Washington, to promote the N.R.A. among Negroes and to report violations and discriminations based on race.

"We as a group, professional men, business men and working men most begin to manifest a united interest in our own welfare," Mr. Spaulding said as he discussed the national aspects of the N.R.A. and the relation to employment and with particular reference to the south, I have been encouraged and amazed at what I have found here in Chicago. We must get closer to each other nationally. I am convinced because of that progressiveness which I have found here that Chicago is the fair ground which our national group must resolve.

Mr. Jacobson pledged himself to do all that lay in his power to make the new federal employment bureau in this state, when operative, effective in their behalf.

Mr. Spaulding, who is a member of the Negro labor while Mr. Livingston deplored the reports presented at the meeting showing discrimination, "I am amazed," said, "that our employers would be so poor if they were to discriminate on the basis of race during times like these."

"I don't believe any member of the Illinois Manufacturers' Association is guilty of any such practice, but if he is, it will be my business to try and correct that condition."

Mr. Pace held the attention of the others for an hour as he described his experience at the Washington conference held under the auspices of Mr. Rogers. The members of the committee were Robert L. Vann, Pittsburgh, Dr. Mary Warren, Chicago, Eugene Kinch, Chicago, New York, Harry H. Pace, Chicago, Wood H. Hubert, Savannah, Rev. Marshall A. Talley, Indianapolis, Mrs. Helen W. Cross, Chicago, Dr. Wm. H. Lewis, Boston, Arthur S. Woodruff, and Dr. C. Houston, Washington, D. C.

"We decided upon two things," he said. "First, the right of the Negro to work and our duty to see that we would do to help his economic condition during this crisis and under the N.R.A. Then, second, the duty of the Negro toward the new order of things, with the consequent responsibility of seeing what he can do to help forward the president's program."

"We went on record after earned confidence that Negro workers in a factory should not accept a differential wage scale. We determined that

the Negro should demand and contend for fair treatment in work and wages even though to do so meant wholesale dismissals from jobs.

Secretary Rogers asked that this committee prepare and submit a report upon the present situation facing the Negro economically. This we did but before presenting it, we agreed that he personally see to it that this report was placed in the hands of the president and of every cabinet member and that either the president himself, or Mr. Johnson or Secretary Rogers, issue a statement to American industry assuring that Negroes be given a square deal under the New Deal.

Numerous speakers appeared before the committee. Mr. Pace said, Secretary Rogers, his administrative assistant, C. S. Baldwin, who set up our office, Frank R. Wilson, chief of public relations, Rep. Kealy of Tennessee, who described the relations between the Negro in Tennessee, and declared them favorable and fair, Congressman Carter of Alabama, who reported a gross discrimination against Negro workers in a factory in Tennessee, Gov. Sweet of Colorado, who stood for equal

rights and Clark Foreman, advisor on the economic status of Negroes in the interior department.

A. L. Foster, secretary of the Chicago Urban League, told of the wide-spread ignorance of the Illinois branch of the EAC for organizing this state. Alford, active branches were located in Evanston, Springfield, Maywood, Chicago Heights and a state wide meeting is to be held October 7 at Springfield when additional units will have been set up. Dr. M. O. Bonfield, who is state chairman, president, and stressed the value of organization to meet the situation. He made a plea for active support of the EAC which he pledged would see that Negro labor in the state got a square deal.

Suit Is Faced by Bus Co. Which Ousted Man

CHICAGO (AP)—William M. Gales, 37, E. 42nd street, a salesman, filed suit Thursday against the Southern Bus Co., of whom drivers had him ejected from a bus at Waukegan, Ill., by the police because he refused to give up his seat to a white passenger.

Gales boarded the bus on the night of August 27, at 42nd and South Parkway on route to Terre Haute, Ind. He sat in the rear of the bus, near the middle of the bus, and rode undisturbed to Hammond, Ind. There a large crowd of white people got on and Mr. Gales made room on the seat beside him for a white woman who got on with her husband, and would otherwise have been forced to stand.

At Waukegan, Ill., the bus stopped to allow the passengers to get lunch. Mr. Gales left the car, and when he returned, the white couple were occupying his seat and the driver told him to take a seat in the rear. He remonstrated, and the driver called a policeman who took Mr. Gales from the bus, and rode him around in his car, threatening to put him in jail. After the bus had left, the officer put Gales out of his car, and he was forced to spend the night in Waukegan while his luggage went on the bus to Terre Haute. Mr. Gales returned to Chicago and reported the case to the local N. A. A. C. P.

GET IN POSITION

Iowa has been authorized money by the federal administration for public works in the state. While winter is not far off, some of this money will be spent this year. In spite of jobs made possible by the NRA, reports show that few of those on charity lists are getting them. It appears that many who have been living on charity are content to remain so, while those who have not sought charity have been smart in edging in and getting the work.

When the supply is small competition is keen. Negroes must remember that this holds good in the campaign for work and they must make an intelligent effort to begin early to get their share. The N. A. A. C. P. and the Urban League have led the fight nationally but, after all are close to work, to get in line.

INNOCENT INSULT

A writup in a local paper of "Shuffle Along" revue stated that the show included several "dusky belles." The article was well written and gave the actors a wonderful sendoff which leads one to believe the writer was ignorant of the fact that the term "dusky" as applied to our men and women is highly objectionable to the race.

Often white people are in doubt just what to call Negroes. Some do not know what they like to be called. Some are sensible enough to inquire while others blunder through and often make themselves unpopular. While such words as Negro, darky, and the like may be found in the dictionary, they are highly objectionable to any Negro. We hope our local reporter learn our position in this matter.

Sports

Drake
The annual opening of our great American fall classic was formally staged last week. The local high school opening of the game of pick out and smack your man found several of our boys in action over the city. Out at Drake, Bob Webb, always a likely candidate for an end position, hurt his knee and has been limping around, missing that opening tilt of the season. Enoch Coleman, the guy with the tough looking mug, is still after someone's job and might see some action yet. Coleman also backs up his hard looks with a bass voice but this is football.

East High
At East High, when the Scarlet and Black did a toe dance on Valley Junction, three of our boys were found on the scene. Roderick, end, and Tillman, tackle, got a lot of praise from the Register for their fine work. Heywood Brewer, with the shovel-like hands, performed in good style at half. Those boys are rough and ready products of "the corner" where they play football on asphalt pavement wearing nothing but overalls. So with this training, these guys may make somebody sorry they got into East's lineup.

North High
When North went to Boone and froze up the Toreadors, Archie Lucas, lifeman, did yeoman work and has a chance of winning a regular position in the Polar Bear line. Leland Johnson, fullback, handicapped by a sad event, got into the game and did very well. Leland is expected to go places when he gets himself together again.

Semi-pro and Big Ten
In the semi-pro circles, the Bulldogs have organized another tough club. Bunny Wilson and your scribbler are working out with a white club in Ankeny where we expect to battle awhile. In Wilson, those folks are seeing one of the best kickers in this part of the country, including college players.

In the Big Ten we are looking for-

September 28, 1933
One year ago today
One whom we all love
Fell asleep in death.
Thus we lost a true husband, a father and a friend.

Now Jesus is our truest friend
And His love will never end.
He is merciful and kind,
And the only blessing we will ever find.

(Signed) Mrs. Emma Mayweather and children.

The Telephone saved us \$8000

An actual incident from a community served by this Company, showing how one telephone call may be worth more than a lifetime.

YOU may have read this story in the newspaper and forgotten it. It was just a small item: "Fire caused by the explosion of a stove slightly damaged the residence of..."

The owner of the home tells more of the story: How his wife rushed to the telephone and called firemen; how they arrived quickly and put out the fire with chemicals. "If we had had the telephone, the house would have burned down," he says. "It is worth \$8,000 and wasn't insured."

Emergency calls may be up only a small part of telephone usage. In everyday office and home use, telephone saves time and expense, brings friends and relatives together for a few cents a day.
