Metropolitan Slurs Negro Office Help

ARE INCAPABLE TO SERVE ORGANIZATION AS CLERKS, SAYS AN OFFICIAL

Newark, N. J.—(CNS)—"The best type of service that its business requires for all its policyholders cannot be obtained through the employment of a colored clerk." This is the conviction of the officers of the Metropolitan Life Insurance company as expressed in a letter, signed by Arthur Trethewey, superintendent of agencies.

The letter was addressed to Miss Thelma E. Williams, corresponding secretary of the Young People's Welfare association in this city, who on behalf of the association wrote to the president of the Metropolitan Life Insurance company requesting employment opportunities for Negro youth.

Miss Williams called attention to the large number of Negroes who hold policies amounting to a considerable sum in the Metropolitan company. In reply, Mr. Trethewey acknowledged, "we have millions of colored policyholders who have applied to us for life insurance, which they are able to obtain from us, and not from any other large industrial insurance company. * * * Individually and collectively, we have the highest regard for the colored race, and the place it occupies in the community."

Oklahoma City. (ANP)—The fifty-fourth annual session of the National Baptist Convention, Incorporated, swung into action here Wednesday, September 5. Presiding at the sessions which opened on Wednesday was Dr. L. K. Williams, pastor of the Olivet Baptist church of Chicago, the largest Protestant church in the world. Dr. Williams was recently elected vice president of the World's Baptist alliance, which closed its meeting in Berlin.

Nearly 8,000 delegates are in the city from all parts of the United States. Representatives of Liberia on the west coast of Africa; Sekondi, Gold Coast Nigeria; Nysaland, East Africa, Panama, Puerto Rico and the Philippines are also here. By far the present convention is expected to eclipse any since the organization was formed back in 1880.

NO COLOR BAR IN BERLIN AT BAPTIST MEET

New York.—Delegates who attended the World's Baptist Alliance in Berlin last month, when tendered a welcome reception at Holy Trinity Baptist church Wednesday, declared that if there were any feeling against the colored race in Germany it was conspicuous by its absence while they were there. That they were not accorded, anywhere, treatment more gracious than that received in Hitler's country was the consensus of opinion expressed by the travelers.

Mr. Smith, who was assistant to Mr. Washington, who resigned last month, took up the duties of the office on September 1. The announcement of the appointment brought to a halt the political unrest that has existed here among politicians since the resignation of Mr. Washington, who has returned to his post as head of the Atlanta School of Social Work.

Insane Man Is Lynched; Body Lost

Savannah, Ga., Sept. 7.—In one of the most vicious crimes ever recorded in this state, long noted for unprovoked and malicious assaults on Negroes, George White, a weak-minded man and known to have been a former inmate of an asylum, was taken nude from Bryan and Liberty county officers last Saturday night by a masked mob, which not only lynched him but secreted the body so that it could not even be given a Christian burial.

Denied Medical Aid On Account of Being Negroes

CHARLES HOWARD, JAMES MITCHELL IN AUTO ACCIDENT—T. DODGE BOY SERIOUSLY INJURED

By Everett Wadworth Staff Writer

Miraculously escaping death, three men were injured when the car in which they were returning from Kansas City, where they had participated in a golf meet over the holiday weekend, overturned and plunged over a forty foot embankment Tuesday morning at one a. m. thirteen miles north of Cameron, Missouri.

Although the accident occurred at the intersection of U. S. highway 6 and 69, the victims were forced to ride seventy-eight miles to a colored hospital in Kansas City before being treated, as no hospitals or medical assistance were "available for Negroes."

Attorney Charles P. Howard of Des Moines suffered body lacerations, cuts and face bruises. James W. Mitchell, local druggist, and owner of the Plymouth coupe which was demolished in the wreck, was cut and bruised considerably. Both were confined to their homes several days.

Clyde Baker, junior golf star of Fort Dodge, who was driving, was the most seriously injured, suffering severe body lacerations, bruises, and it was first feared that his skull was fractured. It is thought that he fell asleep while driving, after a strenuous day of golf competition. His condition is improved, attendants say, and he is expected to be removed to his home Sunday from the General hospital, No. 2, at Kansas City, where he is being treated by Dr. D. M. Miller.

"Can't Treat Negroes"

A passing truck from Des Moines picked up the injured men and took them back to Kansas City, while an ambulance rushed young Baker to the hospital. Later Dr. Miller brought Mr. Howard and Mr. Mitchell home. Several towns are in the immediate vicinity, however, colored people are denied hospital accommodations at all of these Missouri cities.

One doctor stated at the scene of the accident that Baker was injured too seriously to be moved such a great distance, but no nearby hospital would admit him. In many similar accidents and mishaps, Negroes' lives have been needlessly sacrificed in the southern half of the United States (civilized nation) because race prejudice is one step ahead of Christian humanity.

BRITISH MINISTRY BARS DUKE ELLINGTON'S BAND

London.—Duke Ellington and his crack orchestra have been refused a permit by the ministry of labor to come to England on a new tour. This official announcement is made from the office of the ministry of labor. Application had been made by the Paramount company and Ellington was to have filled variety, concert and dance hall engagements in the country.

The prospects of stimulating employment for British musicians in this field are not to be lightly jeopardized by the importation of expensive foreign orchestras which would certainly suggest in the cinema man-industry, the official said.

Large Crowd Sees Southern Drama

The five act drama "Fifty Years of Freedom" or "From Cabin to Congress," was presented by Mrs. Gertrude Hyde North, Tuesday evening, before a large audience in the St. Paul A. M. E. auditorium for the benefit of the church. The play was written by Katherine Davis Tillman, Iowa Negro author. Mrs. Joburness Kelso directed the mixed chorus.

Josephine Gater, an ambitious young Kentuckian who rose from cabin to congress walked away with the honors. Bennie Wellington, Baker Dixon, Birdie Winn and Meredith Carl were also excellent characters. Richard Parsons, Haley Johnson, W. H. London, William Brown and James Dameron, were some of the other players. The river scene of trained singers, starring E. W. Perkins, lent atmosphere to the drama.

New Political Party Quizzed

LIBERTY LEAGUE ASKED IF IT WILL DEFEND NEGRO'S RIGHTS

New York, Sept. 7.—The newly organized American Liberty League was asked yesterday if it would "include in its work defense of the constitutional rights of twelve millions of American Negro citizens whose rights are more frequently violated and flouted than of any other racial group in the United States." The query was addressed to J. Mott Shouse and Alfred E. Smith, guiding spirits of the organization, by Walter White, secretary of the N. A. A. C. P. Citing the lynching of 3,615 Negroes out of a total of 5,000 mob victims since 1882, fifteen since January first of this year, "thirteen of that number being lynched since June when Congress adjourned" without acting on Federal anti-lynching legislation.

The recent barring of qualified Negro voters from voting in so-called Democratic primaries in Texas by opinion of Attorney General James Alfred, successful Democratic nominee for Governor of that State despite two U. S. Supreme Court decisions and a third decision by a Federal district court in Texas ruling such exclusion unconstitutional, and the gross discrimination against Negroes in the expenditure of Federal educational funds, the telegram asked "Will American Liberty League fight against such violation of constitutional guarantees to all citizens of equal protection of the law regardless of race and color?"

Statements that the steady maintenance of resident British bands would overlap and prove a wasteful certainly suggest in the cinema man-industry, the official said.

P. E. Clay is in 16th Year As State Rosenwald Agent

TENNESSEAN PIONEER AGENT

Robert Edward Clay Renders Very Efficient Service to Tennessee Negroes

HAS RAISED STANDARDS

NASHVILLE, Tenn.—For six years Robert Edward Clay has rendered pioneer service to Negro education in Tennessee as State Rosenwald Agent. His job created by special enactment of the legislature at the suggestion and request of leaders of both races has been conducted with such faithfulness, energy and enthusiasm that the results bespeak the aptness of his selection for this post.

Starting at a time when public education for Negroes in this state was at a discouraging low point Mr. Clay braved all handicaps and rebuffs to have a new path for common school training. The standards of his accomplishments are being widely recognized as the background of natural handicaps, such as lack of travel facilities or in terms of the lack of community pride and appreciation of the value of training or all housed against a background of interracial animosity not to say enmity, which did exist in many sections of the state when Mr. Clay first began to make his rounds.

But today the threatening clouds that hovered over this pioneer are rolling away. Removal sections, which required two days to reach from the Nashville base are now thanks to the improved roads, within seven automobile hours; backwoodsmen, who not only did not go to school, but hated and resisted it, have been transformed by the creative qualities of the thing they resisted; and the interracial animosity, while not in that state of perfect regeneration which ever beckons, is much improved, making possible the steady progress that Mr. Clay is making.

"In 15 years we have over 800 schoolhouses in Tennessee," says Mr. Clay, glowing with pride. "Three hundred and seventy of these are Rosenwald schools," he continues. "We have given some of our best schools to the people farthest back in the rural districts—some as far as 40 miles from a railroad. We have tried to give the people farthest down the benefit of some of our best work."

As a Rosenwald man Mr. Clay's duties are manifold. He is organizer, teacher and "contact" confidence and cooperation" man. Heading the Extension Department of A. and I. State College he has fine assistants who make tours with him, this month in one section, next month in another, and the third month in still another. An itinerary is made out which is approved by President Hale before the party leaves the campus. They know exactly where they are going and what they will do on the ten or fifteen day trip. Monthly reports are rendered the State Department of Education with copies to the Rosenwald Funds, the General Board, and President Hale.

The Rosenwald work, touching 85 of the 95 counties in the state, goes in and through the local schools. Its main theme is Community Organization—parent-teacher clubs, mothers clubs, men's clubs, boys and girls clubs, etc. The man's clubs attack the problems of crop diversification, and general farm care; the women's clubs center their activities around the home, flowers and garden; boys and girls have recreation programs.

Natives slept in their huts until the dawn came, at which time they awoke, sang a song to the sun and then went about their daily tasks, the women doing most of the work, the men prepared for hunting and warfare.

HOWARD STUDENTS ARE WROUGHT UP OVER BILL INCREASE

WASHINGTON.—(By Edward E. Lawson for ANP)—Rumors of growing dissension among the student body of Howard university were rife here this week as an increase of five dollars a month for university board was announced. Men who take their meals at the university will hereafter be required to pay \$25 per month for the privilege while the charge for women will be \$27.50, according to the new catalogue issued by the university this month.

Board bills have been considered excessive by many students for some time, and a large percentage of the men have taken their meals in private homes and restaurants, about the town where they may be had for as little as ten dollars per month. Women, however, are compelled to eat in the university dining room, unless living with a private family.

SHAW UNIVERSITY EXPECTS RECORD ENROLLMENT

Applications for admission to Shaw University indicate that the institution may expect a considerable increase in enrollment for the school year 1934-35. To date, thirty percent more students have applied for the coming school year than had applied by the same date last year.

Officials of the University believe this increase is due largely to the increased number of high school graduates in the State of North Carolina and to the general improvement in financial conditions caused by the development of governmental projects provided for emergency relief.

UNDERTAKERS SEEK TO EVADE NEW TAXI FEE

WASHINGTON.—(ANP)—Local undertakers were up in arms this week because of the proposal that the undertaking establishments be made to meet certain requirements prescribed by law for taxicab drivers, including payment of a tax of \$25 on each car used in the operation of their business and making it necessary for each funeral car driver to obtain a hacker's badge. According to John T. Rhines, leading mortician, the new ruling will not only work hardships on undertakers, but will cause them to increase their rates if put into effect. Some establishments would be compelled to pay \$200 or more in taxes before they could continue to operate, he said.

40,000 HEAR GREAT RACE PAGEANT

"O, Sing A New Song" Gives Thousands of Hearers the Thrill of a Lifetime

USE ONLY BEST TALENT

CHICAGO, Sept.—(ANP)—The largest crowd in Negro history, 40,000 persons, turned out Saturday night for witness the Afro-American pageant, "O, Sing A New Song," presented auspiciously in Soldier Field.

This pageant also was the largest enterprise of its kind ever undertaken by Negroes in this country. Three thousand persons were crisscrossed in the field, which covered an entire football field. To promote the one performance required the expenditure of \$32,000, according to N. K. McGill, chairman of the board of the corporation which backed the project.

The pageant, "O, Sing A New Song," was originally conceived by N. D. Brasche. He induced Noble Sissle orchestra leader, and N. K. McGill, to join with him in producing the impetus to get the project in motion. Later, the Rosenwald Fund and others came to the support of the production. As planned by McGill and Onah B. Spencer, authors of the script, the pageant sought to depict the story of the Negro in music from early times in Africa at the age of 12 became a barber and received part of his training through contact with white customers. He later went into school work at Bristol Normal, then became a lecturer against the liquor evil. The late Dr. Booker T. Washington heard of his ability as a speaker and employed him as organizer of the National Negro Business League. Later he met President Hale, and they came together on the program of rural education which has since been developed to such large proportions.

DINING GETS JUST DESSERT!

In a world turned topsy-turvy, what could be more appropriate than an upside down cake! And if it's made with luscious slices of canned pineapple, set in a caramel goodness, browned to a golden whole, it's enough to rouse the appetites of any family.

Add the pineapple upside down cake has much more than its mere golden goodness and simplicity of preparation to recommend it. Now that nutritional studies have found canned pineapple to be a valuable source of essential vitamins and minerals, an important aid to digestion, housewives and hostesses are seeking new ways of including pineapple in some way daily on the menu.

PINEAPPLE UPSIDE DOWN CAKE. 1/2 cupful of butter, 1/2 cupful of brown sugar, 1 slice of canned pineapple, 5 marshmallows, 1/2 cupful of chopped dates, 1/2 cupful of pecans (in perfect halves, if possible).

Melt the butter in a wide shallow pan or skillet. Add the sugar, distributing it evenly. Lay the pineapples, dates and pecans in this sugar mixture, and place a cherry in each pineapple center. Then prepare the Sponge Part.

SPONGE PART. 4 eggs, 1/2 cupful of sugar, 1/2 cupful of flour, 1/2 tsp. of tartaric acid, 1/2 tsp. of baking powder, 1/2 tsp. of salt, 1/2 tsp. of lemon extract.

Beat the egg yolks until light and lemon-colored. Gradually add the sugar, which has been sifted. Fold in the beaten whites of 2 eggs. Sift the flour, baking powder, and salt together 3 times, and fold into the mixture. Fold in the beaten whites of the other 2 eggs and add the flavoring. Pour over the pineapple mixture and bake in a moderate oven (350 degrees) until done. Let cool in the pan for 5 minutes before turning the cake out upside down.

HERE'S HOW—WITH PINEAPPLE!

Another food innovation—the food pineapple cup, made from crushed canned pineapple or tidbits—has been added to the housewife's list of cooling afternoon refreshments. It made its appearance recently at winter resort beaches in the wake of announcements of nutritional studies which revealed canned pineapple as a valuable source of vitamins A, B and C and five essential minerals. In addition, it is being served as a breakfast fruit and as an appetizer or dessert at dinners. Eaten regularly, the dietetic studies showed the fruit also aids digestion and in the prevention and correction of acidosis and nutritional anemia.

CLARENCE MUSE

Gets Ovation

Los Angeles, Calif., Sept. 8.—Prolonged applause greeted the personal appearance of Clarence Muse as hon-

ored guest at the Lincoln theater last Sunday night. The occasion was the screening of one of Muse's best recent pictures, "Personality Kid," with Pat O'Brien, star. The noted actor had to hurry in from Indian Lodge, Yosemite National Park, where he had slipped away with his family to spend the week-end. He arrived just in time to go on the stage and make a speech that has had the whole town talking since then.

Neglecting to mention himself, or any of his pictures, he adjured the theatergoing public and the Negroes in general to support any Little Theater movement started in the vicinity. This would help to give better training to Negro young men and women, he said, thus opening a way for better and more work in the motion picture field as well as radio and stage. Muse is completing one of his biggest films, "Broadway Bill," at Columbia.

They will go to Chicago, Detroit and other middle western cities on their way to Atlantic City, where they expect to begin their flight September 30. This will be the first flight by Negroes to Central America. The flight is sponsored by the Interracial Good Will Aviator committee, a national organization to foster good will between white and Negroes of North America and Central America.

The Home and That Boy of Yours

TRAINING GOOD ANIMALS NOT ENOUGH

MOST parents seriously attempt to be good animals. That is to say, from the standpoint of the physical care of our children we do pretty well in most particulars. Not many children starve; most are at least occasionally bathed and many still "castor oiled." Mothers do provide reasonably suitable clothes and seek with a positive irritation for the black ringed ink and the finger nails "in smut sing."

Most youngsters are fairly well schooled as such schooling goes. They can read and scribble and spell (sometimes). They can sing and dance and find amusement, but when it comes to that much more significant wise training and direction of the emotional self, it almost makes one shudder to realize the unfortunate effects average parents with the best of intentions have upon the emotional unbalance of their children, because they know no better!

Mothers who are scrupulously careful about proper food, sufficient milk and vegetables, who would be horrified to find their precious child in soiled "undies," are often essentially responsible for a type of emotional environment in the home in those early days of youth, which, in spite of excellent physical care, gives society neurotic, irritable, nervous, inadequate boys whose chances at normal adjustment out in a big busy, selfish, thoughtless society, are pretty slim.

Physical care is basic and absolutely necessary. We would not substitute something else for it. Wise and proper feeding and sane and sensible clothing are essential to physical health and well being and custom and common sense provide for them fairly well. Good schooling, plenty of books and wise and proper play are all essential and there is room for much improvement in all these lines; but all of these combined do not take the place of or substitute for a rational emotional training, which is the very greatest need of youth, and of us all today; a fact which is more and more evident as the whole problem of personality adjustment is better understood.

On every hand, many astounding things are being said concerning the obvious short-comings of parents and teachers and workers with youth, and there is as yet such a complete lack of understanding among even the most intelligent folk in regard to the emotional development of young boys, coupled frequently with the idea that we already know it all and are doing a good and satisfactory job, that it will take a tremendous campaign of education to open our eyes to the perfectly marvelous unexpressed possibilities of youth when once we know better how to train wisely and effectively this hidden self, the emotion. The significant factor after all, is that it is essentially a home job. It must be done before school and work and social contact begins, so that it is essentially a parent's job.

Developing good animals is not enough.

Discrimination Charged.

The petition charges that whereas plaintiff and other Negro citizens have been taxed to build and maintain the new city auditorium, those to whom the building is leased discriminate against Negroes in the sale of tickets solely on the ground that they are Negroes. It is to stop this unconstitutional policy that the injunction is sought.

Refused Tickets

Last spring Negroes were refused tickets to the grand opera at the auditorium. Several committees of Negroes protested to the mayor, but without avail. When the building was first opened, it is charged, certain Negro nights were designated. Newspapers declared that no provision was being made for Negroes to attend the opera. Later it was announced that for the fall opera season seats were being set aside in the rear of the balcony.

PAIGE BEATS FOSTER 1-0

Chicago.—(ANP)—West's best in baseball met the pick of the east here

cast rode to a beautiful 1 to 0 triumph in the second renewal of the East-West All-Star "dream game" as 20,000 fans, one of the largest assemblages of Negroes on record, saw the sport event promoted by King Cole, Guy Greenless and Tom Nilson. They sat almost breathless through those eventful last three innings. Last year the West won the classic, 11 to 7. Victory by the East Sunday evens the score at a game a piece.

Satchel Paige, elongated Pittsburgh Crawford hurler, called by critics the most effective and colorful pitcher in Negro baseball, today, blinded the best hitters the West could put against him for three innings with his blazing speed and baffling change of pace, hurling aside the Willie Foster menace and practically having the West outfit eating out of his hand. The East players wore blue road uniforms, while the West club was attired in white, as it was the latter outfit's home game.

New York.—Although Jean Blackwell, of Baltimore, ranking senior student at the University of Michigan, with better than a B average and a young woman of excellent character, she is apparently being barred from Martha Cook dormitory solely because she is a Negro.

This charge is made in a letter recently received by the N. A. A. C. P. from Mrs. Sarah M. Blackwell, the girl's mother. The alleged discrimination is now being investigated by L. C. Bloom, president of the Detroit N. A. A. C. P. branch, and Snow F. Grigsby, president of the Detroit Civic League.

Miss Blackwell made application in April for a room in Martha Cook dormitory, which she understands is restricted to girls with a "B" average. Although she fulfilled all qualifications, she was informed several days later that the senior quota for Martha Cook hall had been filled. However, a number of girls told her that there were plenty of vacancies in the hall.

BELL NAMED PILLOW AND ALCOBORN'S PREXY 'BURN'

Dean William H. Bell of A & M College, Orangeburg, S. C., to Succeed Rowan

(Jackson Daily News) NATCHEZ, Miss.—William H. Bell, dean of instruction at the Negro A. and M. College in Orangeburg, S. C., was chosen today by the State Board of Control to head Alcorn College.

Bell is thirty-seven years old and a native Mississippian. He graduated from the Meridian Colored High School with high honors, and received his B. A. degree from Rust College in Holly Springs. His master's degree was awarded him by Northwestern University in Evanston, Ind.

He taught rural sociology at the Negro Oklahoma A. and M. for four years, and during his stay there organized and taught farm groups. For the past five years he has been at the South Carolina A. and M.

No action on the extension staff at State College had been taken this afternoon, although President Duke Humphrey was at the board meeting.

Prof. F. J. Hubbard, state director of high school vocational education, made an extensive report on vocational work in schools of the state period to President Humphrey's recommendation.

Permanent Paragraph

Women's Clubs. In my traveling and stopping off in small towns and large cities, I find a large number of women's clubs that are doing good for humanity, that is uplifting and helpful for our race girls. As I see it, the women out strip the men; they are constantly thinking constructively as to how to help the falling girls, and other institutions.

It is indeed a great credit to the women, and to the men, a discredit that the women have such organization as The Federated of Women's Clubs. Some few days ago, the Texas Federation for Women's Clubs met in Austin, and of which they gave consideration to two chief programs, one is the establishment of a Home for delinquent Negro girls, and the other is the raising of scholarship funds.

It is a well known fact that the Negro men are not interesting themselves in such worthy projects as to which the women are giving their effort and attention. The only kind of a club that the Negro men of today are interested in is a gambling club that is detrimental to humanity, and of the destructive thing thinking how to beat another man out of his money, and may in all probability lose his life. They are not thinking constructively as to how to help a young man through school, or help him promote a business of some kind; but will help, and lead him to a gambling club where he can lose his life; there is where you will find young, and old men of today, in such clubs as that. After the proprietor has your money from different ones, who goes is it to him? He does not support an institution.

NEW YORKER SUES FOR \$25,000

NEW YORK (TNS)—Mr. Thomas Nabbe, the son of Mrs. Adriana Nabbe, one of Miami's leading mothers, invited his mother to come to New York City for his birthday celebration which was held on Saturday night, May 26. Feeling that the long trip from Miami to New York City would be too much for his aged mother, Mr. Nabbe went to the Pennsylvania Railroad Station and paid the ticket agent \$22.50 for a summer-rate round-trip ticket from the city of Miami to New York. A ticket was also included for a one-way sleeper accommodation.

Mr. Nabbe was assured that the accommodation would be reserved and that his mother would be able to get first class service to New York. Instructions were mailed to Mrs. Nabbe to the effect that her transportation had been arranged for and that she would simply have to report to the ticket agent at

OUTSTANDING ATLANTIAN IS DEAD

Conservative in Business, John Alexander Rose to the Top of the Ladder

FUNERAL IS SATURDAY

By E. N. DAVIS ATLANTA, Ga.—The end of a brilliant and useful career was reached early Wednesday morning when John Alexander, 171 Ashby street, one of Atlanta's real pioneer citizens and prominent business men, died suddenly at his home.

Mr. Alexander, the husband of Mrs. Dollie Alexander, noted church, civic, club and fraternal worker, was truly one of Atlanta's outstanding business men and church leaders of the Gate City regardless of race.

His life reads like a Horatio Alger book. The son of Mr. and Mrs. John Alexander, Sr., of Warrenton, Ga., he came to Atlanta many, many years ago when he was but six years old. His mother having died a few years previous, little John came to the big city in company with his father, and brothers and sisters, all of whom have since passed.

Tender years meant nothing to the Alexander boy and he soon started working his way through this cruel world of ours. Starting from a barefoot boy without funds, he worked his way upward and upward until he owned one of the largest and best meat markets to ever exist in the city of Atlanta prior to his retirement a number of years ago.

Mr. Alexander was a self made man but he did not let anything interfere with his self education. When still but a child, young Alexander obtained a job in a grocery store, at the magnificent remuneration of one dollar and a half each week. And therein lies the key to the recently deceased citizen's later financial success. ALTHOUGH HE NEVER MADE MORE THAN SIX DOLLARS A WEEK WHILE WORKING FOR WAGES, HE ALWAYS MANAGED TO SAVE SOMETHING!

It was while working for a Mr. Lively, one of Atlanta's pioneer while merchants, that he obtained the fundamentals of his education, which, before that time had been sadly neglected. Mr. Lively taught his young charge how to read and write, how to do simple arithmetic, and take care of the account books.

Young Alexander was very thrifty, saving his pennies when ever possible and putting them up a match box, near the chimney for safe keeping. When he had saved a small sum, he gave the money to his boss to save for him. It was a happy day for him when he had saved \$50 for he took that

MISSING SHOES CAUSE STABBING

MAN SHOT AS HE STANDS IN ALLEY

Unknown Slayer Speeds Up, Makes Getaway in V-8 Ford Automobile

ATLANTA, Ga.—The way of all "squealers" is death. Relentlessly carrying out this old-world code in Metropolitan gangland fashion, an unknown white man, said to be a whiskey runner, early Saturday pumped two .45 caliber slugs into the abdomen of Willie E. Hart, Toliver, alleged bootlegger and police informer, killing him almost instantly.

Toliver, who lives at rear 251 Fraser street was rushed to Grady hospital in a Pollard ambulance but died in the emergency clinic before he could be given treatment.

Toliver was shot down before he could flee to court, according to eye-witnesses. Joe Griggs, of 8 Jennings alley, an eye-witness to the shooting, who was at 300 Fraser street when it occurred, gave a graphic description to newspapermen Saturday.

"I was standing right here on the porch," Griggs said, "when the man driving a black V-8 Ford coupe with red wire wheels came to a stop. Son was coming out of the alley. The man in the car blew his horn and yelled, 'Say, Son come here.' Son took two steps toward the car. But two flashes came out of the door and I saw him kind of whirl around and fall down the street."

Homeless Detectives Taylor and McGrarity, who began an investigation of the slaying Saturday, hinted of their belief that Toliver's activities in informing police were responsible for his death.

Though in possession of a description of the unknown gunman, the two officers late Saturday night had not placed him under arrest, nor even established his identity.

According to Mrs. Mattie Lee Toliver, her slain husband had left home about five minutes, before he was fatally shot in rear 251 Fraser street address, near Woodward avenue.

She appeared to be mystified as to the motive for the killing, declaring that he had not received any threats at far as she knew. She admitted that her husband was engaged in the whiskey business.

At Grady hospital, doctors declared that only one of the slugs had entered Toliver's body. The bullet, the hospital attorneys said, entered on the left side of his abdomen, and apparently striking a rib, ranged upwards and made its exit through the right side of his chest.

Toliver's body was transferred to the Pollard funeral home. A widow is the only survivor. Funeral arrangements have not yet been completed.

American, Ga. and Mrs. Mary Nelson Jones, Augusta, Ga. Mr. John Golden served as patron throughout the services conducted by the United E. Hart Fellowship chapter No. 7 O. E. S., leaving the fact that the deceased had been a member ever since the organization of the chapter.

Mr. M. Dowell, worshipful master of Plymouth Row Lodge No. 86, A. F. and A. M., and the members of his group held a beautiful ritualistic service over the remains of a man whose love and fidelity to the deceased brother were well known.

Musical selections included "I've Done My Work" by Mrs. Daisy Johnson; "Jesus Lover of my Soul" by Mrs. Hazel Blackburn; "Will the Circle be Unbroken?" by the Hall sisters and the "Joint-choir" of the Allen Temple church. Miss Jessie Jones organist.

OVERLOOKED TO OFTEN

Of all the people hired in the new federal government agencies in Des Moines—AAA, HOLC, NRA, FERA and what not—no Negroes have been included in the group. Naturally most of these people were hired because they qualified politically, Democratic—and the Bystander has no criticism about this system: However there are Negro Democrats who can qualify and there is no valid reason why they should not be recognized.

Back of much of the trouble is the fact that the average white man does not have the Negro in mind when matters like this come along. Many will say "I like colored people; my father fought in the Civil War," and yet if those same persons contemplated hiring five hundred people they would never think of hiring a few Negroes unless a committee appeared on the scene demanding some consideration.

Another class never thinks of hiring a Negro except in menial capacities. Last spring a prominent citizen in Des Moines failed to be nominated for an office he sought. After the primaries he decided to begin building his fences for another election. Among his campaign workers was a Negro high school graduate whom he desired to place in a job in an effort to show his appreciation for past and prospective services. But the job consisted of day laundry and kitchen work. Of course she refused; not that the job was not honorable but because this man had posed as a great friend of the Negro—and the job chosen was an indication of the extent of that friendship.

OFFICIAL AND PUBLIC APATHY

Joseph B. Keenan, assistant United States attorney general, speaking before the American Bar Association this week, condemned public apathy toward crime and criminals, arguing that it contributed to the inability to enforce the law. Quoting two paragraphs from his speech we find: "So long as the criminal can expect a cheer, applause instead of denunciation, he will ply his trade and rely on the day of reckoning, for support from a worshipful public."

Dental Health Education Hints

BY DR. M. R. DEAN

BLUE GUMS

There was a time not long ago when blue gums were considered poisonous and especially so this true of the Negro race. I have read numerous accounts of supposed swellings and eventually death occurring where one was bitten by a blue gummed person. Then, too, the healthiest women and the best workers were always considered to be those with the darker gums. Why even now people claim that the color of the gums influence their health due perhaps to this superstition carried over from the eighteenth and nineteenth centuries.

Science has taught us through the study of pathology, that diseased tissues can be a variety of colors as for example the changes in the color along with the gum. When a marked redness also is a sign of injured tissue. The above facts are true of the gums as we can all notice. The easily bleeding gum is generally slightly puffed and blue due to deposits of tartar and calculus around the teeth. This dark color is caused by a stagnation of the blood and can only be remedied by forms of tooth brush or finger stimulation and massage along with the removal of these collections of calculus.

The dark color of the gums in the Negro race has been proven to be merely a deeper pigmentation similar to that of the skin and not a diseased condition. This isn't true when the bluesness is only at the edge of the gums as that local condition should be treated. Therefore what was once supposed to be poisonous is only a natural condition and the infections which followed being bitten were caused then as well as now by the germs in the mouth and in the air and not the blue gums.

CORRECTION

My attention has been called to an oversight occurring in the August 3rd issue concerning the wife of Louis III. The account should read that Anne of Austria was the wife of Louis XIII and the mother of Louis XIV. This oversight was written in by one of the readers for which we thank, A. G. C., Okaloosa, Ia.

ONE INJURED CRITICALLY

Niagara Falls, N. Y.—One man was injured critically and scores were hurt Monday in rioting among Negroes and whites on the East side. Several shots were fired with none taking effect, according to the police. The fighting was attributed by police to resentment on the part of white residents against Negroes invading the section around East Falls and Twenty-fourth street, largely populated by Polish-Americans.

AS 3,000 FIGHT

The rioting started when an attempt was made to break up a meeting of the International Labor Defense called to rally workers to the aid of George Davis, 23-year-old Negro, who had been arrested on a charge of attacking a white girl. Shortly after, police said, more than 3,000 persons were engaged in the fighting. Davis has been bound over to court.

REMAINS INDIFFERENT, HOSTILE, OR IGNORANT

In spite of the fact that the attorney general's office has attempted to track down kidnapers, racketeers and gangsters, Mr. Keenan nor his chief have made any effort to secure the passage of laws or otherwise put a stop to the big lynch record which America is piling up each week. The N. A. A. C. P. has not failed to bring these atrocities to the attention of the attorney general's office, but that office like Mr. Keenan accuses the public is in a state of apathy toward this class of crime. This official apathy has placed the attorney general's office in the position of aggressive enforcers of some laws and lax as to others.

FOCUSES OF INFECTION

Focuses of infection may exist in many parts of the body including the Gall Bladder, the teeth, the tonsils, the sinuses, the reproductive organs, the heart, the lungs, the sinuses, the teeth, the tonsils, the reproductive organs and in the Gall Bladder. They give rise to all sorts of ailments among which are joint troubles and rheumatism, temporary paralysis, and a disability often calling for operation. Such a focus may exist within the appendix itself. The danger usually becomes the liability of a point trouble which progresses beyond all repair as in the fixation of joints where the joint cannot be moved at all, destroying completely its usefulness. This gives rise to a very pitiful condition because the one so affected has a permanent disability wherein there is no hope at all for any improvement. If these conditions are treated before these disabling changes set in very often the joints can be restored to complete function and usefulness again and this is a happy circumstance when this is possible. When this is not possible it becomes depressing indeed. The first indication of beginning joint trouble from some focus of infection should prompt the removal of the focus of infection so that the disability will not give rise to a permanent disability for which nothing can be done.

LETTERS CONCERNING DEMOCRATIC BAN

New York.—Emil Hurja, assistant to James A. Farley, chairman of the democratic national committee, charged that the protests of Walter White, secretary of the N. A. A. C. P., to several democratic senators against the failure of Mr. Farley's office to act on the barring of Negroes from the Texas democratic primaries "constitutes an act of discourtesy."
