## Methodists Close Annual Conference at St. Paul MICHIGAN NOMINATES CHAS. A. ROXBOROUGH FOR CONGRESS Clifford W. Mackay, Atlanta Newspaper Man, Visits Here in City Revs. Alexander and Evans Returned to Local Churches

FINDS SOUTHERNERS PROGRESSIVE

By Everett Wadsworth  
Staff Writer

Returning to his home city for the second time since leaving in 1930, Clifford W. Mackay, city editor of the Atlanta Daily World, who is visiting here with his parents, Mr. and Mrs. E. M. Mackay, 1022 Thirteenth street, called at the Bystander office Monday for a lengthy visit with old friends and former fellow employees. Mackay was formerly reporter and printer here.

He graduated from East High school in 1925 and studied journalism for three years at Drake university, where he served as assistant editor of the Delphic, weekly newspaper. He became dramatic editor for the Chicago Defender in 1930. In March of 1932 Mackay went to Atlanta, Georgia, as city editor of the only Negro daily paper in the world.

Publishes Forty-seven Papers

"The south isn't half as bad as pictured," he told the Bystander staff. "Our modern slogan for that city is, 'Atlanta isn't a part of Georgia.'" The Southern Newspaper Syndicate, established by the late W. A. Scott, now owned by C. A. Scott, controls an interest and publishes weeklies in forty-seven cities, six of them being tri-weeklies, he said.

The Negro population there is 100,000; the city daily circulation of the Atlanta World is 10,000 to 12,000 subscribers, with 18,000 readers of the Sunday edition, the newspaper man stated.

Modern Plant

Mackay, who is also official photographer for the Scott newspaper chain, has traveled the entire southern coast and into many eastern points. A personnel of 127 employees, working in the NRA code, operates the giant Gobs presses, six linotype machines and other auxiliary mechanical equipment, both day and night. In addition, he said, the rotogravure feature section is added to the daily and national weekly edition. This three story modern printing plant is located at 510 Auburn street.

"The conditions of the southern Negro in the cities are favorable," Mackay observed. "Colored people are employed in most every capacity they are fitted for." He believes that there is more Negro business operating in Atlanta, "the gateway of the south," than any other place in the country. Mackay, who is accompanied by his wife, will return home Sunday evening.

K. OF P. LODGE HERE TUESDAY

The Grand Lodge, Knights of Pythias, N. A. S. A., E. A. A. and A. will meet Tuesday, September 25th, at the Corinthian Baptist church, Ninth and School streets.

The meetings will open at 9 a. m. and will continue until all business is completed. Thomas Lichon, grand chancellor, will have charge of the session.

### Negro Lawyer to Defend White Girl In Atlanta, Ga.

Atlanta, Ga.—(CNA)—For the first time in the history of the South, a Negro lawyer will appear in defense of a white woman when John H. Geer, Atlanta attorney, defends Mrs. Leah Young and Annie Mae Leathers, two white workers arrested for their part in the textile strike. The women, who are sisters, have been employed by the Piedmont mill in Egan, Ga.

They were arrested September 6th while distributing literature to other workers and are held in \$5,000 bail. Assistant Solicitor John H. Hudson, who prosecuted the case of Angelo

### In Business

LUTHER BROWN  
Proprietor of new beer cafe at 70 Ninth street. He will give free readings to his patrons.

### Luther Brown to Open Beer Tavern

Luther Brown and Wm. Rigby announce the opening of their cafe, "Luther's," at 70 Ninth street, where fine meals, barbecue, sandwiches and beer will be served. The place has been beautifully remodeled and decorated and is easily one of the finest places in the city. In connection with the place Mr. Brown will carry on his work by giving free readings.

Because of the interracial nature of the business, some misunderstanding has arisen with regard to the policy of the cafe: Mr. Brown, a Negro; Mr. Rigby, white; part of the employees white and part colored.

The management has one idea in view; the operation of a first class business, where first class patrons will be solicited, whether black or white. Rowdiness, poor dress or anything else which will drive away first class people will not be permitted. Bucket beer will be taboo.

Reservations will be available from time to time. This institution attempts to fill the need of those who have desired an eating place which would give up-to-date service to a carefully selected group of patrons. Incidentally the remodeling was done by Negro carpenters and the painting by white painters.

### Death Takes Wife Of Noted Comedian

MRS. STEPHEN FETCHIT  
DIES AFTER A LONG ILLNESS IN CALIFORNIA

Los Angeles, Calif., Sept. 21.—With only her husband at her bedside, and her mother just a few feet away, Mrs. Dorothy Stevens Perry, beautiful and talented wife of Henry Lincoln Perry, known to thousands of movie-goers as "Stepin Fetchit," passed away Saturday night at a sanitarium in Monrovia. She was just 21 years old.

The death of Mrs. Perry, which was a shock to the hosts of friends claimed by her and her husband, was due to a long illness of tuberculosis. At times it was thought that she was making a winning fight, but during the last few weeks it was known that she was slipping, and no one was more aware of this fact than the pretty auburn-haired girl who watched death close about her.

Herndon, is himself preparing the indictment against Mrs. Young and Miss Leathers. Geer was one of the defense attorneys in the Herndon case. With him in his defense of the white woman will be Louis Tatham, local white attorney.

### Negro Former State Senator Wins Primary by Big Majority

Detroit.—(CNS)—Charles A. Roxborough, who represented the third senatorial district in the Michigan legislature four years ago, was elected in the primary last Tuesday as the regular nominee for congress of the Republicans of the first district.

The district embraces the wards, 5, 7, 9, 11, 13 and 15, of the City of Detroit and the city of Hamtramck. In a total Republican vote in the primary of 14,431, Roxborough received 5,931. His closest opponent with 4,037 votes, was former Representative John B. Sosnowski, a Polish candidate.

The district is largely populated by Negroes and Poles. The nominee on the Democratic ticket is a Polish citizen named Sadowski, who received 12,921 votes in a total of 22,468 received by the winner and eight other candidates, most of whom are Poles. The district has a Negro population of some 75,000 in a total population approximately 360,000.

### NEGROES WIN IN NEW YORK PRIMARY VOTE

New York.—William T. Andrews and Thomas B. Dyett won nominations in the twenty-first New York state assembly district here Thursday, September 13, and in so doing, routed the old guards of the Democratic party.

It was said here that the race will gain two state assembly seats regardless of the way major party candidates fare as a result of Thursday's primary.

### Flyers' Monoplane Now Ready to Go

NAMED "BOOKER T. WASHINGTON" ON TUSKEGEE CAMPUS, TO FLY TO SOUTH AMERICA

Tuskegee Institute.—(ANP)—"I christen thee 'Booker T. Washington,'" said Mrs. Robert R. Moton, on Saturday, September 15th, on the Tuskegee Institute campus as she formally named the new monoplane which will bear two intrepid flyers, Dr. Albert E. Forsythe and C. Alfred Anderson upon their tour to South America.

Tuskegee Institute, joined by township people and visitors from a radius of fifty miles, fittingly honored one of its former students, Dr. Forsythe, a licensed pilot, and his flying companion, Anderson, as they aided in christening Dr. Forsythe's new plane, "The Booker T. Washington," for the projected Pan-American tour, which the two flyers will make, beginning the latter part of September.

Mr. McGill had been connected with the newspaper since 1925 and to casual observers his \$700 weekly position was secure. Wednesday, R. S. Abbott, owner, called the staff together and announced that Mr. McGill would no longer be connected with the company. "I'm the boss from now on," Mr. Abbott said.

### Fisk Singers Here Sunday Afternoon

The Fisk Jubilee Singers of Nashville, Tenn., foremost Negro Ensemble singers, will give a concert at Plymouth Congregational church, Sunday afternoon, September 22, at 3:30.

Long known to concert and radio audiences, the Fisk singers are beginning their fall tour which will take them to most of the leading cities of America and Canada. These singers have appeared at the White House on several occasions and have sung abroad before King George and Queen Mary, and Lady Astor of England and the rulers and officials in many countries on the continent. They have also appeared with symphony orchestras in several of our leading cities.

The concert will be under the auspices of the Interracial Commission of which the Rev. Stoddard Lane is chairman. Admission is free to the public.

### Court Settles Property Dispute

ROY TUCKER IS HEIR

A decree entered in the Polk county district court last Tuesday finally settled a long controversy over the ownership of the local property at 947 Fourteenth Street Place, owned by the late Harrison Tucker, of whom Mrs. Hattie Tucker claimed to be the widow of Roy C. Tucker. The following extracts from the decree are explanatory:

"Be it remembered that on the 12th day of September, 1934, this cause coming on for hearing upon its merits, plaintiff appeared per se and defendant appeared in person and by S. Joe Brown, his attorney."

"Plaintiff then in open court dismissed his action as it might effect Bernard G. Wright and the estate of Herbert R. Wright, deceased, and also admitted in open court that the person referred to in defendant's answer as Hattie Dyer or Hattie Tucker was not and never had been the wife of Harrison Tucker, deceased, and filed a motion to consolidate the case at bar with the hearing upon the final report and application for discharge of the defendant, Roy C. Tucker, being probate case No. 26132-66, now pending in the district court of Polk county, Iowa, which motion was sustained and it having been agreed by all parties now in court that the testimony taken on this hearing should apply to both the equity case at bar and said probate case and that the principal issue remaining in both of said cases was the question of the alleged adoption of defendant, Roy C. Tucker."

N. K. MCGILL DISCHARGED FROM CHICAGO DEFENDER

Mr. McGill had been connected with the newspaper since 1925 and to casual observers his \$700 weekly position was secure. Wednesday, R. S. Abbott, owner, called the staff together and announced that Mr. McGill would no longer be connected with the company. "I'm the boss from now on," Mr. Abbott said.

Chicago.—(ANP)—Officials of the National Auditions, Inc., of the Afro-American Pageant, Inc., sponsors of the recent pageant held at Soldier Field here, have issued a list of winners of the contests, which includes persons from various sections of the country.

While the list of the successful contestants has been announced, payment of the awards awaits a meeting of the board of directors scheduled for Wednesday, September 19th. Officials said that final reports of the affair, which drew some 40,000 people, had not been completed and intimated that the expenses of conducting the event were so great that some doubt existed as to the outcome financially.

The pageant, originally sponsored by Abbott's Magazine, was taken over by the National Auditions, Inc., composed principally of persons connected with the Chicago Defender. # The Negro DEMOCRATIC FORUM

Sponsored by the Negro Democrats of Iowa

**THE NEGRO DEMOCRATIC FORUM**  
Democracy—Government. Directly by the People; the Mass of the People

Recognizing that in the course of any political campaign too often the real issues are so obscured and the facts so grossly distorted by rival candidates and spell binders that the truth can hardly be discerned; and believing the political situation at this time is as sane and matured judgment, as many issues before the people are of paramount importance to their present social and economic well being, and further being not unmindful of the fact that because of the peculiar social relations existing between the white and colored peoples in this our country, we believe it to be our duty to bring set forth the facts as concerning these matters which in particular are of interest to our group. Four things we would call to your attention:

1. In the past many, if not the majority, who are entitled to vote have been indifferent to exercising this privilege for various reasons. This is to be regretted, and from now on we urge that each and every individual, man and woman, twenty-one years of age and otherwise qualified, will not fail to vote at every opportunity. Remember that you are part of the government only so far as you exercise the right of suffrage. The Constitution of the United States of America guarantees you this right, and to complain about the government, social and economic injustices without doing something about it is foolish.

2. "In union there is strength." This is a truth you have often heard, and I now implore you to believe in it. The Negro vote is in the minority and is of no importance in any community unless it is organized. When you have united, elected your own leaders, men and women of good character and repute, qualified as aggressive and unselfish and possessing tact, you will then have taken a step in the right direction for civic and social betterment.

3. No matter how much we may wish to ignore it, regardless to what party, group or sect we may attach ourselves, in spite of the proud record of our men in times of war and good citizenship in peace times, we are looked upon and treated as a separate and distinct unit, something different, and alien in any community. Legislation in governmental halls, laws on statute books do not mention the difference, but when the law is administered, the ones whom we have elected to office finds it convenient to follow custom and tradition by qualifying the law where a Negro is concerned. Categorically we are different, from the American point of view. We long for the Utopian era when democracy will give to us the same status and consideration as to any people who comprise the citizenship of these United States of America.

4. All intelligent Negroes must consider the largest job he has to perform is that of educating the public. He must destroy preconceived ideas based upon prejudices, custom and ignorance regarding the Negro's worth. He must sell to the new generation of white people the splendid qualities of manhood and womanhood beneath the sable skin. He must inculcate into the minds of his own less enlightened fellow's race consciousness. Passiveness will not bring about the desired condition, but aggressive action on the part of those who really desire betterment. The ballot is the weapon, the intelligent use of which has brought a better condition to other races, as it will to the Negro.

Franklin Delano Roosevelt, President of the United States, will go down in history as the one man who had the courage to consider, in his official capacity, the plight of the lowly laborer. He placed a new significance upon the word democracy.

All the authorities in commercial and financial circles are stating the gradual increase in business has started. We are on the road to recovery, but Arthur Brisbane asks how long can we continue in this happy state? Just as long as the voters will exercise their right of selecting and

maintaining men in office who will have the interest of the whole people at heart. The favored classes are out, but they are fighting manfully to get back into power.

## AN APPEAL FOR NEGRO SUPPORT

As we approach the coming election, we have every reason for confidence in democratic ideals, and a pride in the Negro's response to its splendid performance. The growth of the Iowa Negro Democratic League is very inspiring, and it is an evident fact that the Negro is thoroughly cognizant of the liberal attitude of the National Administration. This makes its benefits effective in reaching all Americans. We point to the Home Owners Loan Act as the most humanitarian piece of legislation ever enacted in so far as burdened Negro home owners were concerned. When that heartstone of happiness, that playground of your boy and girl is removed from the ghostly shadow of the mortgage holder, at least one piece of legislation of exceptional importance to Negroes will have been put on record. The years 1932-34 have been epochal in American history. At dawn of this era we looked upon an America filled with home lovers, who had become sadly depressed on account of swiftly changing economic conditions, many in need of relief on account of unemployment. We stood against as we were told by the then chief executive of this nation that in due time the depression would wear off.

Believing something more than waiting was necessary, the American electorate went to the polls and voted for a man who promised action, elected F. D. Roosevelt, and he immediately upon his inauguration took effective steps to battle the depression, ward off increasing ravages and alleviate the ills of suffering humanity.

We have in this state also an administration with a heart, one competent, willing and resourceful, and thoroughly in accord with the National Administration, so much so that one among our Governor's first official acts was a halting of foreclosures, thereby giving them a chance to eventually profit as a result of forthcoming recovery programs. The Negro Democratic League wholeheartedly endorses the Democratic ticket, state and county, and congratulate the party that it has strength of an exceptional nature gathered on this ticket. We commend the state ticket upon its business-like administration, its practices of economy, which will secure property rights of individuals and lend support to the national administration. We urge our readers that they join us in returning to support President Roosevelt a full quota of Democratic Congressmen from Iowa.

In the Sixth district we have an able, loyal, dependable character on the ticket for Congress, former Judge Hubert Utterback. We in Des Moines know him so well and his public spirited activities that we can heartily endorse him and commend him to you.

We invite our readers to join us in a common cause of maintaining our movement national and state, as one of the people, rather than for a specific class who crush our hopes and cherished desires of liberty and pursuit of happiness. By Theo. Martin, State Chairman, Iowa Negro Democratic League.

"HAS IT HELPED?" Any time the New Deal Legislation is made the subject of discussion, this question is asked immediately: "Has it helped the Negro?" or rather, "What has it done for the Negro?" If we can lay away our bias set notions and prejudices against the Democratic Party and let the facts represent themselves, maybe we can answer some of the questions which are frequently heard on street corners, over the drug store soda counters, or in the booths of the various beer parlors and night clubs.

First, I want to ask the Negro public if the different forms of legislation enacted in the New Deal has to use the word "Negro" in it in order for us to consider whether it was passed in our behalf, or are we intelligent enough to see that if it is passed for the common people or working class, that we are bound to

benefitted? Taking the latter as the right view, let us center our minds on the CWA. This piece of legislation was passed in order to try to rid some of the perplexing problems of unemployment which had stared this country in the face for nearly two years or more. It was thought by experts that this country could not go through another winter in the same situation of unemployment without having civil war, hence the Civil Works Administration was set up to give employment.

This was started for the most part in Iowa in November of 1933, and will any Negro say that he was discriminated against in the matter of working on the CWA projects? Of the topic of New Deal Legislation will be treated by W. Lawrence Oliver. The title every week for this course will be "Has It Helped?"

Every person that applied for a job wasn't hired, because everyone couldn't qualify. There must be rules to all games, and if you can't qualify according to the rules, then "who is to blame?" With these things before us now, let us make some answer to the questions asked in the beginning of this topic. Who set up the Civil Works Administration? The Democrats. Did any Negroes work on the projects sponsored by the CWA? Yes, any number of them. Then, has the New Deal helped the Negro? I want you to give the answer. To be continued next week. W. ## Dog's Education Should Start With Proper Manners

If Not a Gentleman, He Surely Will Be a Social Flop.

Is your dog well bred? This does not refer to his pedigree—although that kind of good breeding is important too—but to his manners. The first thought you should have for your puppy is to make a gentleman of him, says the Chappel Kennel Foundation, Rockford, Illinois. "Every one hates bad manners in other people's dogs," Hallosis, body odor, yellow teeth and pimples may cause your friends to shun you, but not nearly as fast as if you own an ill-bred dog. It is not hard to make a dog obedient. He will respect you much more and love you not one whit the less if he is rigidly trained to heed when

called to lie down and sit on command, to lead without pulling and to behave decently indoors.

Being a native of the woods and fields, he must first be taught indoor manners. Cleanliness in personal habits is the most important, so he should be housebroken first of all.

Table manners come next. Never allow the dog near the family table at meal times. Teach him to expect his own food at a certain time and place every day. If fed a good meal in the evening, consisting of a well-balanced meat ration, plus a fresh-ment biscuit or two in the morning and plenty of water, he will not be tempted to haunt the family dining room. Horse-meat, the best meat for dogs, with cereals mixed in proper proportions, is now obtainable in prepared, canned form at stores everywhere. Feed, brush and exercise your dog daily.

His relations to strangers should next be considered. The aim is to gain him to a general attitude of "friendly reserve," neither surly and vicious nor over-affectionate, towards all strangers. He can learn his guard

## WHITE QUERIES KEENAN ON "MISSING" TEXAS VOTE-BAR AFFIDAVITS

New York, Sept. 14.—According to Walter White, secretary of the N. A. A. C. P., a first class mystery has developed in connection with the "loss" of the 20 affidavits of qualified Negro Democrats of Texas, testifying to their exclusion from the July 28 primary election in that state. On last Tuesday he wrote to Joseph B. Keenan, assistant attorney general of the United States, urging inquiry into the strange "disappearance" of these valuable documents. Where the 20 affidavits are at the moment, says Mr. White, is a puzzling question that can only be answered by Mr. Keenan, U. S. District Attorney W. R. Smith of San Antonio or the post office department. On August 10, following receipt of the documents from the N. A. A. C. P., national office, Mr. Keenan wrote Mr.

White that "these affidavits have been forwarded to the United States Attorneys for the Eastern, Western and Southern Districts of Texas, respectively, for investigation and consideration."

Tucker (Continued from page 1)

Tucker, by the late Harrison Tucker, deceased, defendant, assumed the burden of proof and produced his evidence upon this question.

The court having heard the evidence and the arguments of counsel and being fully advised in the premises, finds: That defendant, Roy C. Tucker, became twenty-one years of age on September 28, 1932, having been born on September 23, 1911. That about January, 1913, the decedent, Harrison Tucker, was the lawful husband of one Lizzie Tucker, who is one and the same person as Lizzie Tisdell, who was present and testified in this case.

That in view of the foregoing finding of facts the said Roy C. Tucker acquired the right to inherit and at the death of the said Harrison Tucker, he did inherit and become the legal owner of the real estate owned by the said Harrison Tucker at the time of his death and also such personal property of the said Harrison Tucker, deceased, as should not be required to pay the just claims against his estate, the said Harrison Tucker at his death leaving no widow and no other child.

The court further finds that on February 1, 1932, defendant, Tug W. Wilson, was legally appointed and duly qualified as the guardian of defendant, Roy C. Tucker, who was then past the age of twenty years; but believed himself to be under twenty years of age; and that on October 17, 1933, the said guardian filed in the guardianship case known as Probate No. 20173-66, which has been

consolidated with the case at bar for the purpose of trial, his final report, with vouchers attached, showing in detail his conduct of said guardianship and an application for his discharge as such guardian; which final report had attached thereto the affidavit of defendant, Roy C. Tucker, to the effect that he was then past twenty-one years of age.

That he has examined said report and vouchers and found them correct and joined with his guardian in the request that said report be approved and said guardian discharged. That said final report and application for discharge was set down for hearing and due notice thereof given in compliance with the order of the court and that pursuant to said notice said report and application came on for hearing upon November 20, 1933, upon which date said hearing was continued until after this action should be brought and determined.

It is therefore hereby ordered and adjudged: That the final report of defendant, Tug W. Wilson, as guardian of defendant, Roy C. Tucker, in probate case No. 20173-66, be and is hereby approved and said guardian is hereby discharged and his bondsman, Spencer Elliston, is hereby exonerated, said discharge and exoneration to be effective nunc pro tunc as of November 20, 1933.

It is further hereby ordered, adjudged and decreed that defendant, Roy C. Tucker, be and he is hereby decreed to be the sole and only heir of the late Harrison Tucker, deceased, owner of the north (15) fifteen feet of lot thirteen (13) and the south (18) eighteen feet of lot (14) fourteen on block (8) eight, in Davies' third addition, now included

in and forming a part of Des Moines, Polk county, Iowa; and the said Roy C. Tucker is hereby decreed to have become the lawful owner of all the right, title and interest which the said Harrison Tucker held in said real estate at the time of his death, which occurred on the 12th day of February, 1931.

The court further finds that at the time of his death the said Harrison Tucker was the owner of the personal property described in plaintiff's petition and that the defendant, Roy C. Tucker, upon the death of said Harrison Tucker also became the owner of so much of said personal property as shall not be required for the payment of claims against the estate of the said Harrison Tucker, deceased.

It is further hereby ordered and adjudged that defendants have and recover of plaintiff judgment herein for costs, to all of which plaintiff excepts.

Signed in open court this 15th day of September, 1934.

Allan A. Herriek, Judge 9th Judicial Dist. of Iowa.

Dental Health Education Hints

BY DR. M. R. DEAN

THE SIX YEAR MOLARS—By six year molar I mean the tooth which erupts when the child is about six years of age.

This tooth is generally coming through before the first set of baby teeth start to become loose. It is the most important tooth in the arch for a number of reasons, since it is the first permanent one to appear and will not be replaced if lost.

It cuts an anchor in the line of arch of the teeth, thereby preventing to some degree the drifting of the teeth. Then, too, it is located where we do the greatest amount of chewing for the remainder of our lives.

The biggest mistake made by parents and children is in letting this molar decay to such an extent that it is lost. This error can be eliminated by taking the child to the dentist for an examination as early as three or four years of age and continuing these visits every four to six months. This gives the boy or girl confidence in the Doctor and the fear some of us have is found to be without cause, consequently one makes the visits without thought of fear.

Saving This Tooth The fillings possible for this six year molar vary according to the age of the child or grownup. This tooth isn't fully formed or calcified until the child is about ten years of age, therefore no gold fillings should be attempted before that time. However, there are various cements and copper fillings that should be inset. This copper amalgam by its germicidal since it prevents further decay of the tooth around the filling which the silver amalgam doesn't. The cements set very well except they are not as hard nor as durable and act only as a temporary treatment.

Again, I want to remind the mothers and fathers to notice the condition of the first permanent tooth which is also the sixth tooth in.

### RUNNING CAMPAIGNS WITH LIQUOR

During the primary campaign last spring it came to the attention of the Bystander that some candidates were attempting to influence voters by the use of keg beer and alcohol. At that time the Bystander not only condemned the practice, but also urged the defeat of any candidate who did it.

Now that the fall campaign is swinging into action, we find that this practice is being used in some Iowa communities. Candidates seeking public office who do such things not only prove themselves unfit for office, but demonstrate to the parties to whom such payment is given the low estimation in which they hold the recipients.

The Bystander suggests that in communities where campaigns of this kind are conducted, Negroes who stand for something demand that such practice cease; that they will not vote for a candidate who holds them in such contempt and vote against him if the practice is continued. Buy your own liquor but don't let candidates buy you with liquor.

### TIE TO THE CONSTITUTION

Theodore Roosevelt, Jr., spoke in Des Moines Constitution Day. Judging from the crowds which turned out to hear him, the public is still interested in the Republican party and the Constitution.

Constitution day was an opportune time chosen to discuss the campaign from the angle of the constitution and while the subject is not as interesting as that of providing bread and shelter for the future, we cannot close our eyes to what in the long run is to the best interest of the American people.

Those who have been interested in the progress of the Negro during the last sixty years would have fallen far short of what has been accomplished had they not been able to show that the Constitution was being violated in the denial of rights which others were enjoying.

For instance, the checking of enforced segregation, jim crowism, exclusion and other injustices have been accomplished by showing that they violated the constitutional rights of the Negro. Without the constitution these pernicious practices would have made greater headway in America.

Mr. Roosevelt does a great service when he insists that we not throw the Constitution overboard, certainly a position Negro voters may well adopt in view of past experiences.

### THE NERVE OF SOME PEOPLE

Strange things can happen and strange to say strange things happen all around us and we don't know what they are.

Last week the widow of a pioneer Iowa Negro lawyer died. He was founder of the Iowa Negro Bar Association and the National Bar Association, the Negro organization which corresponds to the American Bar Association. He was a former president of each.

Following out one of her last requests, Negro lawyers were asked and did serve as pall bearers and otherwise rendered services befitting the wife of a pioneer lawyer and patriot.

However, before deceased died, she hired a white lawyer to draw her will and later he was employed to handle her estate. The Bystander has no criticism of

### WILLIAMSON WINS SIXTH TENNIS CROWN

By Allen Ashby Sports Editor

"We finally got our tennis tournament finished. There were no upsets in the early rounds, but the finals left all concerned in a bewildered, dazed condition. Chet Williamson defended his crown for the sixth time. Bill Ashby, who played big time tennis all summer, looked like the man on the flying trapeze as he staggered around the court, displaying miserable tennis and receiving the worst trimming of his career. Only in the third set, after dropping thirteen straight games, did Bill show anything like his normal game. The score was 6-0, 6-0, 6-3.

In the doubles the surprise was equally astounding. Chet Williamson and yours truly slammed, drove and volleyed against Earl Newcomb and Paul Woods, defending champs. We simply blew them off the court in two sets and swept into a 3-0 lead on the third set, but after two hours and forty minutes of continuous play we tossed off our lead and the match in five sets. But this was the greatest match played in this meet, and the lamentable feature was that there was no gallery. Although delayed by rain, it was run off well under conditions. Our doubles scores were 2-6, 0-6, 8-6, 8-6, 3-6.

### NEGO WORKERS GIVE MONEY TO TEXTILE STRIKE

Greensboro, N. C.—(CNA)—Altho Jim-Crowed by the leaders of the United Textile Workers here, Negro tobacco workers have voted to contribute \$1 of their miserably weekly wages to aid the textile strike.

Huntington, Ala.—Negro sharecroppers around Huntington are collecting money for the support of the striking textile workers.

### DRAKE PREPARES FOR HEAVY FOOTBALL SCHEDULE

Embarking on a tough sea of ten strenuous football games, Friday night, September 21st, the Drake university Bulldogs will tackle Simpson college on the local field in their opening game of the 1934 season. Coach V. J. (Vee) Green will direct the Bulldogs for the second year. Drake fans are looking forward to

### THE LAWYER WHO WAS HIRED TO DO THESE JOBS, IT IS HIS BUSINESS;

he is a fine gentleman and a friend of the race. A white man was named executor of the will also. But the Bystander does violently condemn a person who is willing that Negro lawyers carry his body to the grave and at the same time where there is money to spend those same lawyers are passed by on the other side.

There are seven Negro lawyers in Des Moines and there is no earthly excuse for such action. The Bystander cannot agree that such people are public spirited or are true to the traditions of the race.

These are no doubt unpleasant things to say and yet who is in a better position to say them than the newspaper? Talk about race loyalty, but if those people who are lauded for their noble deeds on earth and their heavenly places in the future—literally preached there by innocent or reckless sermons—don't set the example then we might as well fold up and quit talking race consciousness and race self help.

## TAXING THE POOR MAN'S BREAD

The 2% sales tax is a tax on the poor man. It refunds the money to the big property owner. The railroads, the utilities companies, the big insurance companies with large property holdings are relieved of tax burdens, and the poor man makes up the difference with a tax on his food.

### Taxing the poor man's bread to give it back to the big non-resident tax payer is not a just tax.

The Republican Party does not believe in taxing the poor man to relieve the rich.

### ISAHIAH COUNSELS RULERS

LESSON TEXT—Isaiah 31:1-9; 37:36, 37.  
GOLDEN TEXT—Thou wilt keep him in perfect peace, whose mind is stayed on thee; because he trusteth in thee. Isaiah 26:3.  
PRIMARY TOPIC—A King's Prayer and God's Answer.  
JUNIOR TOPIC—How God Directs Nations.  
INTERMEDIATE AND SENIOR TOPIC—God the Ruler of Nations.  
YOUNG PEOPLE AND ADULT TOPIC—Recognizing God in National Affairs.

1. Isaiah's Message to Ahaz.  
1. Prophecy concerning Immanuel (Isa. 7). The occasion of this prophecy was the alliance that was formed between Israel and Assyria. Their threatened invasion of Judah greatly alarmed Ahaz. Isaiah assured him that God's purpose concerning the nation would not fail. As an object lesson, he was instructed to take with him his son, whose name meant "The remnant shall return." He compared the confederate kings to two smoking firebrands which would soon be extinguished. He urged upon Ahaz the exercise of faith in God, offering to confirm his faith by working any miracle desired.

2. A promise of Divine protection (Isa. 31). Ahaz foolishly called for the help of Assyria against Israel and Syria. Isaiah rebuked him for this, showing him that his help was in God.

3. Judah invaded by the Assyrians (Isa. 36).  
1. Rabshakeh meets a deputation from Judah (vs. 1-21). He represented Sennacherib, the king of Assyria, whose mission was to induce Judah to surrender. His plan was to utilize Egypt's anticipated assistance. His method to accomplish this was:  
a. Intimidation (vs. 4-9). He tried to bully them into submission. He taunted them with their weakness, and told them that Egypt was a broken reed.  
b. Misrepresentation (v. 10). He asserted that it was useless for them to put their trust in God, even declaring that the Lord had sent him to destroy Egypt.  
c. He endeavored to create a panic among the people (vs. 12-17). Fearing such a panic, the deputation of the Jews urged Rabshakeh not to speak in the Jews' language.  
d. He promised them plenty in another land (vs. 16, 17). He urged them to make an agreement with him, and upon his return from Egypt, he would take them to a land of plenty similar to their own land. Knowing that the cruel Assyrians could not be trusted, the people were loyal to Hezekiah.

2. The deputation's report to Hezekiah (vs. 22). They rent their garments in fear and dismay, for the crisis had now come upon them.

3. Hezekiah's Behavior (Isa. 37).  
1. He resorted to the house of the Lord (v. 1). This action was prompted by faith, for God had promised that whoever in time of distress resorted to his house would be heard by him (2 Chron. 7:15, 16).  
2. He sent unto Isaiah (vs. 2, 7). The natural and logical thing for the king to do under such circumstances was to send for God's prophet. Isaiah went back words of encouragement to Hezekiah, assuring him that God would bring deliverance.  
3. Hezekiah's prayer (vs. 14-20). He spread the letter of Sennacherib before the Lord and prayed. His prayer was direct and simple.  
a. He recognized God's throne, making it the ground of his plea.  
b. He recognized the Holy One of Israel (vs. 21-23).  
c. That Sennacherib had forgotten that he was an instrument in God's hands (vs. 24-28).  
d. That judgment upon Sennacherib was imminent (vs. 29-35). Deliverance would soon come, and that through the entry of the Lord of Hosts.  
4. The Destruction of the Assyrian Army (vs. 36-38).  
The angel of the Lord went forth and slew in the camp of the Assyrians 185,000 men. Therefore Sennacherib was turned back by the way he came. He did not enter Jerusalem, and after his defeat he went back to Nineveh to live, and there while worshipping in the house of his god, he was assassinated.
