SWIFT TRIAL CONVICT'S DOUBLE MURDERER Luther Brown to Conduct

NATIONAL GUARD IS CALLED
OUT BY GOVERNOR TO
PROTECT PRISONER

Cleveland, Miss.—Guarded by what is said to have been the greatest military array ever assembled for the protection of a prisoner in this state, James Coyner was found guilty of the slaying and mutilation of Mrs. Aurelia Turner by a jury in Bolivar county court here Monday, and sentenced by Judge William A. Alcorn to be hung on March 5. Although the exact length of duration of the trial is not known, it is believed to be one of the swiftest in the history of Mississippi justice.

Coyner, who is also charged with killing the woman's husband at the couple's farm house with an axe on December 8 of last year, was brought here from Jackson, Mississippi, Sunday under heavy guard. The extraordinary precautions which were taken included placing him in a steel-plated baggage car between four other coaches, and then filling the car up with national guardsmen carrying rifles with bayonets fixed.

Governor Connor ordered out 800 state militiamen, who patrolled the route house and romanded every approach. In the court room, which was filled mostly with men, soldiers with fixed bayonets sat in the witness chairs between the court and the spectators, and outside, machine guns and barbed wire were set up around the building. The town remained peaceful, however, and there was no disorder.

Dr. R. R. Moton Not To Quit Tuskegee

RUMORS OF RETIREMENT
ARE SCOTCHED BY
ACTION OF BOARD

New York.—(ANP)—Dr. Robert E. Moton, president of Tuskegee institute, will not retire from the leadership of that institution this scholastic year, as was announced last October, when he presented his resignation to the trustees of the school. The marked improvement in Dr. Moton's health led to the decision that he would remain active for a longer period.

The announcement was made January 29 by the trustees, after a conference of a group of friends of Tuskegee, comprising a number of whites and Negroes interested in Negro education. The meeting was held at the home of Col. Wm. J. Schiefelin, chairman of the board of trustees, 620 Park avenue.

President Moton has directed Tuskegee institute since the death of its founder, Booker T. Washington, in 1915. In addition to his work as an educator, Dr. Moton has been one of the most important figures in Negro life and interracial amity in America.

Elder Ollie Graves Lincoln Douglass Conducts Revival Celebration to be Held on Tuesday

Elder Ollie Graves, traveling evangelist of St. Louis, Mo., is now conducting a series of old time revival meetings at the Church of God in Christ, No. 1, at East Seventeenth and University avenue. "The meetings will continue indefinitely," he said. "Good music and gospel preaching will be heard every night." Sunday evening the Elder Graves' subject will be, "Hold Thou Man of God. There is Death in the Pot." II King 4:40-41.

A "twelve cents consecration" will be held Tuesday evening. "Every one is welcome to all of these fine meetings to hear this wonderful young man," stated Thomas Mayberry, local elder. The evangelist will hold a special meeting for the business and professional men of all races Sunday afternoon, February 17th, at the church. The Rev. Eugene Robinson is pastor of the church.

The youthful evangelist, who is in his early twenties, has been preaching since he was five years old; graduating from Franklin Institute, Rochester, Minn., in 1932, Elder Graves is widely known through the east and is popular in the connection over the nation. In this, his first visit to Des Moines, he stated: "I've enjoyed my work here and hope to be here for some time." Elder Graves and Rev. Mayberry were visitors at the Bystander offices Wednesday.

Negro Track Stars Enrolled at Drake

Lawrence Redrick, George Robinson, Fred Morrow Out For Blue and White Squad

By Everett Westworth
Staff Writer
Three Negro cinder path artists will be seen wearing the colors of the Blue and White institution for the next four years, as George Robinson, Jr., son of Rev. and Mrs. G. W. Robinson, 1009 Twelfth street; Fred Morrow, Jr., son of Mr. and Mrs. F. O. Morrow, 1060 Twelfth street, and Lawrence Redrick, son of Mrs. Rosa Redrick, 727 S. E. Sixth street, enrolled at Drake university this week. There are approximately twenty Negroes attending the local school this term; five women students are registered.

National Competition
Redrick, all around East High ace, established an enviable record for three years as a versatile letter man as halfback and end in football, center in basketball and high jumper in track. In 1933 he was selected as an all-state end for his excellent performance and was all-city center for the Scarlet and Black five.

Before graduating from the Lee township school in the January class, Redrick was selected as co-captain of both the football and track squad last season, possibly the only Negro winning this double honor. "He was state high jump champion for two years, besides winning many other track laurels. "This boy is good enough for national competition," said one well known sports critic.

State Champion
Robinson, former North High flash, was state champion in both the 100 and 220 yard dashes last season, averaging :10 and :22 seconds, respectively, in every meet. Winning every race last year, including the special high school 100 yard dash at the Drake relays, the Negro star completed a brilliant track career by his graduation last June.

Probably owning the largest collection of cups, medals, ribbons and trophies of any Negro athlete in the state, Robinson, who was 1934 captain of the Pink and Green squad, is expected to attain new heights in track glory for the Bulldog institution.

Liberal Arts
"Napoleon" Morrow, small but "mighty" half miler, graduated from North last June with stellar honors as a member of the 1934 undefeated high school two mile relay team which thrilled Drake relay spectators with a mark of 8-12.4, just 3.1-10 seconds short of a national record. Morrow was a consistent performer all season around, 2:03.1. Both boys play basketball, football and are proficient musicians. All three are enrolled in the college of liberal arts.

Past Heroes
Local track fans will watch with interest the progress of these well known colored athletes under Coach Franklin (Pitch) Johnson. Among the former Drake track luminaries of the past included five outstanding Negroes: Howard Drew, former national dash champion and Big Ten title holder; Chas. P. Howard, discus and shot put record holder and football player; Pat Patterson, hurdler; Robert Webb and Walter Thompson, both of football and track fame.

evidence was wholly insufficient to sustain the conviction," Judge Anderson declares, "the evidence showed without any substantial conflict that appellants were driven to confess their guilt by most brutal and unmerciful whippings and beatings at the hands of persons who doubtless thought they were guilty. . . . Wipe out these confessions, and the court would have been forced to direct a verdict of not guilty."

Thirty States to Honor DePriest

ENTIRE NATION PREPARES TO PAY HOMAGE TO ILLINOISAN

Washington, D. C., Feb. 8.—The nationwide testimonial to be tendered Honorable Oscar DePriest, former congressman from Chicago, Illinois, will be held at the national capital Wednesday evening, February 13, 1935, instead of February 15, as at first planned, to meet the convenience of the former congressman, who met with the local committee last Saturday evening. This date significantly falls between the birthday anniversaries of Abraham Lincoln and Frederick Douglass. Lincoln cologne has been placed at the disposal of the committee.

Announcement of this event was made by Dean Kelly Miller, former professor of sociology at Harvard university. Dean Miller is chairman of the sponsoring committee which is planning the affair.

The nationwide character of the banquet is indicated by the fact that a sponsoring committee of approximately 200 has already agreed to join in the testimonial to the former Illinois representative. These 200 responses represent thirty (30) states of the union and the District of Columbia. Daily responses are being received, and it is confidently expected that practically every state in the union will have a representative at the testimonial.

Anti-Lynch Bill Hearing Is Slated for Thursday

Washington, D. C., Feb. 8.—Hearings on the Costigan-Wagner federal anti-lynching bill will be held before a sub-committee of the senate judiciary committee Thursday morning, February 14, at 10 o'clock, it was announced here this week. The sub-committee is the same one which heard testimony last February. Senator Frederick Van Nuys of Indiana is chairman. Other members are: Senator George W. Norris, Nebraska; Pat McCarran, Nevada; William H. Dieterich, Illinois, and Warren Austin of Vermont.

There will be a much smaller list of witnesses this year than last and testimony will be concentrated upon the constitutionality of the bill. Several outstanding constitutional lawyers have been invited to appear. H. H. L. Mencken, noted writer of Baltimore, will read a statement. Mrs. Caroline O'Day, congresswoman-at-large from New York, will testify. Mrs. O'Day, who was born in Perry, Ga., was assisted in her campaign for election last fall by Mrs. Eleanor Roosevelt, wife of the president. The sensational testimony of last year before the same committee will be included in the record.

The Bystander announces its second cooking school and homemaker's institute to be held March 6, 7, and 8, at the Billiken Hall, Twelfth and Center streets. Luther H. S. Browne, widely known in this section of the country and in the East as a home economics expert and demonstrator of household equipment and kitchen aids, will manage the school.

Mr. Brown will be assisted by Mrs. Clara Johnson, who will be in charge of the demonstrations; she is well versed in the art of domestic science. Delicious meals, prepared and served at an economy of price, energy and time will be the keynote feature of their demonstrations. Questions from the audience will be answered from the model kitchen stage which local manufacturers and dealers will prepare for these culinary experts.

Des Moines women will have an opportunity in the three days of the school not only to brush up on the latest in the culinary art but to learn more about housekeeping methods. Clothing, beauty aids in the home, dieting and various auxiliary subjects will also be discussed.

The Bystander's first cooking school sponsored in June of 1933, was attended by capacity crowds at all the three days' sessions. Many girls and young women who were employed in domestic service attended the classes in order to increase their efficiency at their work. Women and men from the east and west sides were there in large numbers and several clubs suspended their meetings to be present.

N. A. A. C. P. Listeners are urged to get in touch with local Columbia stations.

With the broadcast coming on February 12th, the 26th birthday of the association, the national office in New York has issued an appeal to all branches to arrange meetings on that night with an appropriate program, the climax of which would be the speech over the radio against lynching. Branches have been urged to arrange for the connection of radio loudspeakers in halls and auditoriums, so that the Costigan speech may be heard by the assembled audience. For listeners in the middle west the speech will come through at 10:15 p. m. and or mountain-zone listeners at 9:15 p. m.

FOUR NEGRO COLLEGES AIDING ANTI-LYNCH BILL

New York, Feb. 8.—Four leading Negro colleges are now aiding the fight or the passage of the Costigan-Wagner federal anti-lynching bill, according to Miss Katherine Gardner, Department of Race Relations of the Federal Council of Churches of Christ in America.

Students of Shaw university have sent over 100 letters to President Roosevelt, as have the students and faculty of Barber-Scottia college, Talladega, college students have circulated a memorial, while the Howard university student council of the college of liberal arts has likewise taken action.

Miss Gardner complained some time ago that sixty-four out of sixty-five of the heads of Negro colleges had taken no action on the federal council's appeal to push action on the bill by petitioning President Roosevelt and members of the senate and the house of representatives.

FOUNDER OF HAMPTON LAUDED

Gen. Armstrong Had Strong Influence Over Great Men

FOUNDER'S DAY

HAMPTON INSTITUTE, Va.—How the founder of Hampton Institute, General Samuel Chapman Armstrong, lifted a community by inspiring a pupil was pictured with graphic words and concrete illustration by Thomas Calhoun Walker, Hampton graduate, at the Founder's Day exercises held at Hampton Sunday morning, January 27, at 11:30 in the college church.

Mr. Walker, official advisor of the Virginia Emergency Relief Administration on problems of Negro Welfare, has recently been pointed out by reliable newspapers, as responsible in his home state, Virginia, for a most creditable social condition in the county where he has labored so long. He was called back to Hampton to be its speaker on Founder's Day because of that fine record—a record which reads: "Of a population of 7,000 Negroes in Gloucester county, only seven are on the relief rolls. Ninety per cent of the Negro farmers own the land on which they farm. These results are directly traceable to Mr. Walker."

Introduced by President Arthur Howe, Mr. Walker told of General Armstrong's visit to his home in Gloucester and how he was inspired because of this visit to get an education. The story of his efforts to earn money with which to go to Hampton, and his return to Gloucester as a teacher, on General Armstrong's recommendation was told. Turning to this faithful teacher who had inspired him, he told him of his desire to study law. That Hampton has always desired to help its students receive training "on the whole circle of living" is shown by the fact that Mr. Walker took up the study of law.

But he had caught the spirit of missionary service from General Armstrong and he returned to his home in Gloucester, to encourage them to own their own homes and buy farms. This had been the major work of his life. Whatever he had done, he felt had been directly due, first, to the teachings, inspiration and idealism of the founder of Hampton, and of Hampton, and in the next place, to his contact with Dr. Hollis Burke Frissell, Hampton's second principal who built so firm a structure upon the foundation which General Armstrong had laid.

Mr. Walker reinforced this thought of the founder's great influence upon his pupils by references to what General Armstrong had meant to Booker Washington and Robert R. Moton.

College Professor Named By Officials Opposing Socialists

LETTER IS SNATCHED

MEMPHIS, Tenn.—What appears to be another attempt to destroy interracial authorship and the power controlled in this section by the organized Reds and Socialists flared Wednesday when open reports exposed the name of a LeMoyne College professor and his connections with the Communists and Socialist parties.

The Commercial Appeal linked Prof. Robert O'Brien, associate professor of History at LeMoyne College, in a hook-up with two other white men who are closely affiliated with the Socialist and Communist parties. From letters intercepted by police officials, the Appeal quoted this:

"A letter to Ward Rodgers signed 'Claude Williams' and written from Paris, Ark., Dec. 24, has a very interesting bearing on the LeMoyne College, a Negro institution in Memphis, particularly Professor O'Brien, a white teacher at the school says."

"Listen Ward—W. must use Zilphia Mae Johnson somewhere in the revolutionary movement. She is anxious. Why can't she find a place at LeMoyne College as you suggested. See the O'Briens about what may be done—position as teacher, fellowship is music anything."

The letter concludes, hoping for victory. The word "victory" is in Capitals and is written with the red part of this typewriter ribbon.

As far back as last October, Dr. Amerson and Professor O'Brien were aiding in organizing the Tenthers Farmers Union. At the annual meeting of the Tennessee Conference of Social Work, at the Peabody Hotel in Nashville in October, a group meeting of Negro problems was to have been included with a professor of "Risk University," a school in Nashville in charge. LeMoyne President Says Professor Is Innocent

MEMPHIS, Tenn.—Robert O'Brien, professor at LeMoyne College, is not guilty of using his political or religious views as propaganda in the classroom, Frank Sweeney, president of the college, intimated last week.

Prof. O'Brien was named by the Commercial Appeal as one who was in communication with the "Reds" and Socialists in this territory. The morning paper printed a letter, intercepted by police, which mentioned the names of the O'Briens.

The letter was written by Ward Rodgers and addressed to Claude Williams. In part it read: "Listen Ward, we must use Zilphia Mae Johnson somewhere in the revolutionary movement. She is anxious. See the O'Briens about what may be done."

In clearing O'Brien and the college, President Sweeney made this statement: "To use the test of religious or political belief as to a teacher's fitness has always been considered un-American and I subscribe to this but I certainly believe also that, if a man uses his political or religious views as propaganda in the classroom, he is no longer capable of objective thinking and therefore no longer qualified to be a teacher. Thus far, however, I have been unable to find proof that Mr. O'Brien has done this."

After the evening service, upon invitation of the Talladega-Tuskegee Club, President Gallagher was presented to members of the Institute faculty, the community and the veterans facilities at the Institute Chapel at 6:30 o'clock. At both services the entire school, together with many persons from the Veterans Hospital, the Greenwood community, adjoining to the Institute, and from the town of Tuskegee were present. Delightful music was rendered by the Institute choir and the orchestra.

President Gallagher who was accompanied to Tuskegee by Mrs. Gallagher, Miss Thelma P. Kinley and Dr. Joseph J. Fletcher, was the guest of the Institute and of the Talladega-Tuskegee Club, consisting of fifteen or more members, while representation on the Institute faculty and the United States Veterans Hospital, Talladega graduates have for a long time been identified with many a useful endeavor in the town of Tuskegee with credit to the community.

ASK CLOSING OF ANTIQUE COLLEGES

Obvious Inabilities to Do Good Work Pointed Out

POOR RESULTS

By HARVEY ROBINSON (By ANP) In his recent book under the title, "The Evolution of the Negro College," Dean Holmes of Howard University gives an excellent historical account of the forces that have brought the Negro colleges into being and fostered them from their humble beginnings and brought them to their present state of development. Although his book is largely historical in its approach to this important subject, he very correctly calls attention to the obvious inadequacies in plant, program and personnel under which the colleges struggle for lack of funds.

One might well add that this struggle is likely to be a long and tedious process; for, not only are the children of the vast army of unemployed Negro parents able to pay less and less of the cost of "staying in school," but also state treasurers, religious organizations and philanthropic boards are all "hard hit" by the depression from which they are likely to recover only slowly and probably not completely—certainly not within the near future.

These facts naturally cause those who are closest to the administration of these schools considerable worry because they realize that educational and maintenance costs are increasing while appropriations, donations, and income from endowments are decreasing. One of the inevitable results of the Negro field (as in the white) is that some of the weaker colleges will have to be discontinued, and it is earnestly hoped that those who are responsible for the maintenance of these institutions will see the wisdom of withdrawing from the field and not persist in living a poor dying existence to the detriment of their students and the despair of their unpaid teachers.

On the other hand, there are many promising institutions deserving considerably more support than they are now receiving. Their chance to realize the possibilities ahead is directly proportionate to the extent to which there is an awakening of the consciousness of those individuals and groups in the nation who can bring to the support of these schools the funds which are needed to make their continued existence and development possible.

In the final analysis the question is: fundamentally one of standards. Will the outmoded idea be revived that "anything is good enough for the Negro," or will the Negro be judged by the same, and increasingly exacting, standards as the whites? There is no doubt but that every self-respecting Negro desires the latter. He only insists that he be given a chance to qualify on that basis.

ADDRESS DELIVERED AT THE DEDICATION OF THE CEMETERY AT GETTYSBURG

Four score and seven years ago our fathers brought forth on this continent, a new nation, conceived in Liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field, as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But, in a larger sense, we can not dedicate—we can not consecrate—we can not hallow—this ground. The brave men, living and dead, who struggled here have consecrated it, far above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what they did here. It is for us, the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth.

ABRAHAM LINCOLN.

November 19, 1863.

HONORABLE FREDERICK DOUGLASS, L.L.D.

Magnetic Orator, Anti-Slavery Editor—Marshal of the District of Columbia, Recorder of Deeds of the District of Columbia, First Citizen of American-Eminent Patriot and Distinguished Republican, was born about the year Feb., 1817, in Tuckahoe, Maryland, and died Feb. 20, 1895.

The following is taken from his great speech in the National Convention of Colored Men, held in Louisville, Kentucky, September 25, 1883.

The speaker addressed the greater part of his remarks to the white citizens of the country in a rebuke for their shortcoming toward the colored race, and said:

Born on American soil, in common with yourselves, deriving our bodies and our minds from its dust; centuries having passed away since our ancestors were torn from the shores of Africa, we, like yourselves, hold ourselves to be in every sense Americans. Having watered your soil with our tears, enriched it with our blood, performed its roughest labor in time of peace, defended it against enemies in time of war, and having at all-times been loyal and true to its highest interests, we deem it no arrogance or presumption to manifest now a common concern with you for its welfare, prosperity, honor and glory.

A pertinent question: Is it not astonishing that while we are plowing, planting, and reaping, using all kinds of mechanical tools, erecting houses, and constructing bridges, building ships, working in metals of brass, iron and copper, silver and gold; that, while we are reading, writing and ciphering, acting as clerks, merchants and secretaries, having among us lawyers, doctors, ministers, poets, authors, editors, orators and teachers; that while we are engaged in all manner of enterprises common to other men, digging gold in California, capturing the whale in the Pacific, breeding cattle and sheep on the hillside, living, moving, acting, thinking, planning; living in families as husbands, wives and children, and above all, confessing and worshipping the Christian's God, and looking hopefully for immortal life beyond the grave; is it not astonishing, I say, that we are called upon to prove that we are men?

EXECUTIVE MANSION

Washington, Nov. 21, 1864.

To Mrs. Bixby, Boston, Mass.
Dear Madam:

I have been shown in the files of the War Department a statement of the Adjutant General of Massachusetts, that you are the mother of five sons who have died gloriously on the field of battle. I feel how weak and fruitless must be any word of mine which should attempt to beguile you from the grief of a loss so overwhelming. But I cannot refrain from tendering you the consolation that may be found in the thanks of the Republic they died to save. I pray that our Heavenly Father may assuage the anguish of your bereavement, and leave you only the cherished memory of the loved and lost, and the solemn pride that must be yours to have laid so costly a sacrifice upon the altar of freedom.

Yours very sincerely and respectfully,

A. LINCOLN.

LOUIS IN CALIFORNIA Joe Lohis, our heavyweight battery is out on the coast preparing for his fight with Lee Hagan on the 22nd. Critics agree that if he flattens that boy again the top ranking boys will find themselves in an embarrassing position trying to prove themselves logical contenders without taking Louis on.

THE BIG FIVE The Five marches on as yet unbeaten. Carlisle came down for their usual hard battle, but the boys got away, 44 to 24. Brown was watched closely, while Allen and Elmore tossed baskets with reckless abandon. Heywood Brewer replaced Mel Overton at guard and went good, adding to our offensive strength. The Cavaliers put on a hot rally after trailing all the way to dust a team from the Jewish Community Center, 26 to 25. Nap Morrow's three long baskets helped considerably by coming just when they were most needed.

OUR LEAGUE GAMES Our league games are getting to be exhibitions of indoor football, coming from fellows who can play when they want to. This is a shame. It is all right to play hard, but deliberately trying to hurt some one, and getting angry and offering to fight should be ruled out and offenders barred from the league for the rest of the season. Let's have less football and more basketball, boys.

NEGRO TEACHERS

The daily press carried a photo this week showing the first Negro to become principal of a public school of New York City. Included in this picture were several pupils of the school—Negroes and whites—evidently placed there to show that white as well as Negroes were in attendance at the schools.

For years New York City has hired Negro teachers; in fact a large number of them, thus recognizing merit without regard to the color of the applicant. Often New York City government is charged with being rotten but if this be rotten then the Bystander would like to see Des Moines take on some of New York's rottenness.

Next month we hold a school election in Des Moines, to elect members of the board. They have a great deal to say about hiring teachers for it is their job to hire the superintendent. In past elections we have been promised some Negro teachers but as yet nobody who made the promise has seen fit to keep his word, and this in spite of the fact that the school officials have appealed to the Negro at times to support certain candidates.

The Bystander does not know who the candidates will be this year, but an effort should be made to have some definite understanding about the matter before lending anyone support. The old argument that the time is not ripe for Negro teachers is worn out and should not be listened to by enlightened people.

LINCOLN, DOUGLASS, ETC.

February 12, we celebrate Abraham Lincoln's birthday; February 14, Fredrick Douglass' birthday; February 12 is the birthday of the National Association for the Advancement of Colored People; February 10, Inter-racial Sunday.

These names and institutions are true synonyms for the struggle for the rights of Negroes; to free them from every form of disfranchisement, lynching, etc. The fight of these individuals and organizations is well known to most people.

Undoubtedly one of the most flagrant violations of the Negroes' rights today is the crime of lynching and while they are not the only victims, they constitute by far the largest number of them. Recognizing this fact the N. A. A. C. P. is heading a great struggle today in an effort to secure the passage of a federal law against the crime.

During next week meetings will be held, speeches over the radio given and other methods used to create sufficient sentiment to push the bill through. Every effort should be made to perfect its passage for the law would simply help carry out the work started by Lincoln and Douglass to free Negroes.

WORTHY UNDERTAKING

Free discussion of any problem tends to make the masses understand it. This is the idea back of our adult forums in Des Moines.

For the past few months, the Chapter, Delta Sigma Theta Sorority, has held a series of forums at which splendid opportunity is given for a discussion of a wide range of subjects led by friends as well as members.

Dental Health Education Hints

By Dr. Millard K. Dean

LINDBERGH BABY THUMBGUARD

The small metal thumbguard worn once by the Lindbergh baby has had quite a marked significance in the present trial of Bruno Richard Hauptmann. The presence of the thumbguard for the baby Charles, Jr., was a very intelligent precautionary health measure on the part of Mr. and Mrs. Lindbergh. By attaching this metal guard the baby is prevented from sucking the thumb, a practice that results in marked facial deformities later in life.

Others of us should profit by the care exercised by these unfortunate parents in trying to avoid a future protruding of the upper teeth and lips. Not only is the mouth affected but this thumb-sucking habit induces mouth breathing which is harmful to the general health. Remember, also, that this preventive measure is started while the child has its so-called "baby or deciduous teeth."

Questions and Comments

Dear Dr. Dean:
I happen to read an old issue of the Bystander and read about your wisdom teeth. Now I am over twenty-five and can't find but two wisdom teeth. What could be the trouble and is it anything to do with my brain?

MRS. F. L. W.
Cedar Rapids, Iowa.

Ans. You should have x-rays made of the areas where the third molars or wisdom teeth are absent. There is a possibility that these teeth are unerupted or impacted, therefore, will not come through. Don't try to link up your knowledge and your teeth as there is no connection between the presence or absence of the wisdom teeth and the degree of one's intelligence. The name was derived due to the age at which this third molar is presenting itself which ranges from the eighteenth year to generally the twenty-fourth year of age.

Dear Dr. Dean:
Can I have gold crowns in a set of false teeth?

Mrs. M. J. P.
Des Moines, Iowa.

Ans. Yes. You can have gold crowns, gold inlays and other gold fillings made into a set of flaps or false teeth. Sorry that space doesn't permit my reproducing your entire letter but I do appreciate your comments and may find space in later issue.

DES MOINES NEGRO YOUTHS

SEEK HIGHER EDUCATION

It was with pride that the writer noted the unusually large enrollment of Negro students at Drake University at the beginning of the second semester.

Never in the history of Drake has there been so many Race students on the Campus and apparently from the number enrolled, Negro youths are learning to appreciate the opportunities that Drake offers. The writer can state from experience that in no other school is there more courtesy and consideration extended the Negro than on the campus of Drake.

To date there are eighteen students enrolled in the various colleges of the university. They are as follows: Liberal Arts: Misses Adah Graham, Alice McCraney and Lucille Benning; Meadames Viola Jones and Alberta Bradford; Messrs. Virgil Dixon, George Robinson, Napoleon Morrow, Lawrence Rederick, Warren Pemberton, Earl Newcomb, Mark Wilson, Senator Whitaker and Bell. Law College: George Crank, William McKnight. Religious Education: Revs. John Alexander and S. M. Riley.

The present economic conditions facing the Negro make it quite evident that the Negro young men and women must, along with other races, answer the call of preparedness in some particular field. They cannot combat the problems looming before them unless they can do so in an intelligent manner; they cannot greet

They have provided opportunity to learn much about the Negro and his problems.

The Bystander recognizes that in our schools Negro boys and girls don't get to know enough about the history of the race nor what is being done by and for it today. Thus seekers for that knowledge ought to find some place to supply that deficit. These forums do this and the sponsors are to be congratulated for providing a means of knowing this all important subject.

Health Talks

Dr. H. H. London

VARICOSE VEINS

Both men and women are affected by this condition which is always most extensive on the legs, somewhat less extensive on the thighs and least extensive elsewhere. Varicosities do not give pain or trouble of any kind when small but become a source of pain and trouble in other ways when they attain considerable size. When they become very large they are liable to burst and cause hemorrhage or they may be the starting point of ulcers which attain a large size and which are very difficult to heal. The causes for these varicosities are numerous and it is difficult to place a cause for the varicosities in any given case. They do, however, follow sometimes in the wake of child-bearing and attain large size after several years. Much may be done for these veins. Binders are made especially for the legs to keep these veins flat and deficient in blood so that there will be no undue tension on them, preventing the liability of bursting and the danger of severe and rapid hemorrhage.

Stockings are made especially for these legs to keep these veins flat and practically bloodless to prevent pain and hemorrhage and to prevent the formation of ulcers at certain points in their course. They sometimes become the location for clots which must be carefully handled and treated. Eradication of the veins may be accomplished by surgical removal or by other methods but all of them should have some form of treatment to prevent complications.

opportunity with a welcome hand unless they are prepared. The step that these young people have taken proves that they realize the necessity of preparation.

Des Moines Negroes should be proud of this group and should take every available opportunity of showing their interest in them by encouraging words and deeds.

These young people now enrolled in Drake are answering the call of the Community for a larger enrollment of Negroes in universities. They have challenged the Community to make a place for them in some field here in our own city. Will we meet their challenge?

TO JIM

The first map I loved was named Jim. But somehow I did not marry him. I've loved since and even married. But none the name Jim carried. When life has dealt me sorta raw And I want to disregard the law I vainly search my catalog of names And invariably stop on the name James. Somehow I never exactly long for him Though I have a weakness for any one named Jim. —Kitty.
