"DE LA W'D" STRICKEN, COLLAPSES ON STAGE Des Moines Women Brave Inclement Winter Weather

Richard B. Harrison Ordered To Bed

New York—Richard Berry Harrison, who had never missed a performance as "De Lawd" in the five years of "The Green Pastures," collapsed in his dressing room at the Forty-fourth street theatre Saturday afternoon, March 3, at 1:45 o'clock. He was rushed to the Fifth Avenue hospital in a private automobile.

Mr. Harrison, who is 70, had played the part of "De Lawd" in 1,658 performances. It was stated at the theatre that he would be expected back in his part some time this week. Dr. M. J. Raisbeck, physician for "De Lawd," would make no such prophecy. He did not believe Mr. Harrison would be back soon.

Strain Has Been Great

The strain has been too much for "De Lawd." For five years he has not only played the leading role in "The Green Pastures," but has appeared before college and church groups each day, never turning down an opportunity to bring about a more friendly relation between whites and Negroes—and he always succeeded. He was always open to interviewers.

The 45,000 mile trip which took him to 200 different cities and in thirty-nine states alone was enough to tire Mr. Harrison, but he kept on. The company played many one night stands and although every effort was made to break these one night affairs with a solid week's run in various cities, it was found impossible.

Wood Understudy

When he learned that he was not able to take his part Saturday afternoon for the matinee performance, Mr. Harrison called his understudy, Charles Winter Wood, his friend for forty-six years, to his dressing-room. He told Mr. Wood what had happened.

"Charlie," he said, "you hold me up. Hold me up. I'll be back in a few days. The world needs this play." "I'll do my best, Dick," Mr. Wood, 60 year old understudy, told his friend. He had waited five years for this opportunity.

Howard Speaker At Y Program

Chas. P. Howard, local attorney, was the speaker on the program presented by the Roosevelt club, Inc., at the Y. M. C. A. Sunday afternoon. The speaker gave a clear interpretation of the recent gold decision recently handed down by the U. S. supreme court.

Musical numbers were presented by George Edmunds, pianist, and Arthur Clay, violinist. Atty. J. B. Morris, president of the club, presided. The Bible class, under Prof. James L. Dameron, will continue their study this Sunday, with another program scheduled for March 16th.

POOL TOURNAMENT NEXT WEEK

Forty-two players had already registered Wednesday afternoon for the three divisions of the annual pocket billiards tournament at the "Y." With the closing date set for Saturday evening, many more are expected. The most interest is centered on class A, with the favorites in this section being Bennie Elmore, Lucian Bailey and Chet Williamson. Nine other contestants have enrolled in this class. The other two divisions are class B and junior.

FOUR QUINTETS ENTER CITY TOURNAMENT

Four Crocker teams are entered in the city junior tournament being held at the Central "Y" gym the week of March 11th. The Meteors are entered in class A, the Flying Aces, "Y" Stars and "Y" Comets are all entered in class B. The Meteors were also entered in the Jewish Community invitational tourney this week under the name of Hatters Restaurant.

CAPTAIN OF POLICE DIES—THREE ARE SHOT

21 Injured—50 Jailed Following Disturbance in Chicago

Chicago—A fuss on Tuesday between surly court bailiff and a woman member of a Moorish cult, a religious organization, resulted in the wounding of Deputy Bailiff Phillip Branklin, Jr., twelve policemen, six bailiffs and two members of the cult.

The police captain dropped dead from heart disease during the fifteen minute riot which took place in the courtroom of the police building at 1121 South State street. Deputy Sheriff Branklin, Jr., was shot in the chest and seriously wounded. The twelve policemen and the six deputies were suffering from knife wounds and the two members of the Negro cult were slightly wounded from bullets.

George Crawford Satisfied with Fate

Puts His Approval on Dean Houston and N.A.A.C.P. in Signed Statement; Admits Boston Alibi Was Not True and Says He Was in Virginia at Time of Crime

Richmond, Va., March 8.—George Crawford, for the second time in two weeks, told the press here today at the Virginia penitentiary that he was satisfied with the outcome of his case, that he approved what had been done by Dean Charles H. Houston, attorney, and the Howard law school, his N. A. A. C. P. lawyer, against the N. A. A. C. P. Crawford was convicted of murdering Mrs. Agnes Boeing Illsley, wealthy sportswoman, at Leesburg, Va., in December, 1933, and later pleaded guilty to the charge of murdering Mrs. Illsley's maid, Mrs. Buckner. He received two sentences of life imprisonment. Since that time the N. A. A. C. P. and Dean Houston have been criticized by Communists and others and accused of failing to do everything possible for Crawford.

Crawford, however, told the press the Boston alibi would have been "lies." But the National Association made it clear that there was no imputation of bad faith on the part of Boston Counsel who handled the extradition portion of the Crawford case. The Association further stated that it believed the witnesses who testified in Boston in support of the alibi testified to the best of their recollection as to the whereabouts of Crawford the day of the murder, January 12-13, 1932, approximately one year previous to the day they testified.

Crawford's written statement sets forth he is satisfied with his life sentence because he was seen by so many people in Virginia at the time of the crime—people he did not realize had seen him.

THE FIVE

We have put in busy session lately. Saturday night we journeyed to Collins and after running a 60 to 37 score the home team walked off the floor. Tuesday we dropped our first game, losing to Kamoar 43 to 40 when our last quarter rally fell short.

Wednesday night Grimes braved the snow storm to play at West High and took a 47 to 32 trimming. That gave us twenty-four wins out of twenty-five starts, with about three to go for a season. Next Wednesday we will have a full game when the Ames

Dixie Scouts Fight African-Italian Clash Is Near

MUSSOLINI SPEEDS WAR PREPARATIONS AGAINST ABYSSINIA

Rome—(Special to Crusader News Agency)—Under the guise of a "settlement," the fascist dictator, Mussolini, is continuing the mobilization of troops for the seizure of Abyssinia (Ethiopia), last independent Negro country in the world.

Last week Mussolini announced that he had 7,000,000 reserve troops ready for "any eventuality" in Africa. Meantime, he is continuing to ship thousands of troops and war materials into Massawa, an Eritrean port on the Red sea, seventy miles from Abyssinia.

The Italian ship, Leonardo Da Vinci, last week carried 110 officers, 1,200 infantrymen, 300 workmen and large quantities of supplies to African territory bordering on Abyssinia. The latest fascist decree is that all able bodied Italian males between the ages of 18-55 are liable to military service in the Abyssinian clash, if necessary.

Atty. S. Joe Brown Tells of Visit to Arkansas School

Two Iowans on Arkansas College Faculty

Atty. S. Joe Brown returned last Saturday evening from a week's visit to the Arkansas State Agricultural Mechanical and Normal college for Negroes at Pine Bluff, Arkansas, where he was the guest of his former student, Dr. J. B. Watson, president of the college, and delivered a series of five lectures upon the "Federal Constitution" and other subjects. He reports that the college plant consists of eight modern fireproof brick buildings, a quarter of a mile from the city on a one hundred and sixty acre farm. The buildings on the campus were erected in 1929, the first year that Dr. Watson was there.

Among the thirty members of the faculty are two graduates of Iowa institutions, Prof. E. E. Dawson, who holds a master's degree from the University of Iowa and is acting vice president and head of the history department, and Miss Catherine Glass, daughter of Mr. and Mrs. O. L. Glass of this city, who received her B. S.

Collegians come down. They have a lot of Iowa State boys on their list. Corinthian, behind the six baskets of Lomis, dusted the Spiders to gain a tie with St. Paul in the league. The score was 35 to 25. St. Paul dropped an exciting battle to the Cavaliers last week, 29 to 28. Those kids rose to their best game of the year and earned their victory.

NEGRO TRACK STARS

The track fans are wondering what it's all about. Joe Louis knocks 'em stiff to become a leading heavyweight contender and now we have Ben Johnson, Eustace Peacock, Jesse Owens, Willis Ward, Phillips of Marquette and Cornelius Johnson all showing the way in the game of flying spikes. What a year for Negro athletes.

Brown in School Board Election

Franklin Brown, for ten years as scoutmaster, now chairman troop organization committee of the Tall Corn council of the Boy Scouts of America and for fourteen years as a volunteer leader in the Boy Scout movement, is a candidate for the school board.

He believes in education both for efficiency and for character building. "I am in favor of a careful survey of all functions of the school board to the end that we shall retain everything that is good and get rid of what is not," he stated. Mr. Brown says he is independent and will not be a "rubber stamp."

L. M. Grimes Stands For Better Schools

L. M. Grimes, a candidate for school director at the election March 11th, is a graduate of Indiana State university. He is a member of the Plymouth Congregational church and has lived in Des Moines for thirty-five years. He is without prejudice of any kind on account of race or religion and has nothing to sell for the schools and seeks no favor for himself or any other person.

Mr. Grimes is a competent business man and a large taxpayer interested in both the taxpayer and the schools. His ambition, if elected, will be to conservatively represent the great number of taxpayers who support the schools. This he can do, as he is not the candidate of any individual or organization. He pays his way from his own money.

Des Moines Women Brave Inclement Winter Weather

By Everett Wadsworth Staff Writer

King Winter did his stuff in great style as the season's biggest snow storm and blizzard hit Des Moines this week. Despite the wintry blasts nearly a hundred women braved the inclement weather Wednesday night to attend the opening session of the Bystander's second Free Cooking School and Homemakers' Institute at the Billiken hall, Twelfth and Center streets.

Mrs. Clara Johnson, food expert and graduate of the American School of Domestic Science in Chicago, conducted the classes and lectured as she prepared the food. Bright, new and shiny linoleum covered the floor of the model kitchen erected on the stage. On all sides of the instructor were a modern gas stove, refrigerator and kitchen cabinet and table with a porcelain top. She was assisted by Mrs. Judith Wilson.

Speeches

Preceding the session Attorney James B. Morris, editor of the paper, gave a brief talk of the school, newspaper, its work and benefits to the community. "The Bystander compares favorably, exceeding many, with newspapers of larger cities with much larger population than Des Moines," he said. The fact that the firms advertised in the paper and supported the school was an indication of its worth to the community, he stated.

Luther H. S. Browne, well known culinary expert throughout the east, and who is manager of the school, thanked his audience for their attendance and explained that the cooking school was provided for new ideas and helpful food suggestions to Des Moines women.

Prize Baskets

The style show, conducted by Mrs. Georgine Morris, Mrs. Pearl Esters, Phillips and Mrs. Willa James, consisted of a display of spring and summer sports attire. The models

The award will be a contribution towards defraying her expenses at college.

The local chapter of Delta Sigma Theta feels that as an organized group of college women they should offer some material assistance to worthy young women who have ambitions and ideals, but no finances with which to nourish them.

The special street car, provided by the Des Moines City Railway company, brought a large group of east and south side people to the Thursday afternoon session. Lecturing to a large audience, many of whom were domestics taking advantage of the weekly holiday to attend the day class, Mrs. Johnson demonstrated the modern methods of preparing fancy and delicious dishes pleasing to appetite and eye. Prizes baskets were awarded to six holders of lucky numbers.

Following the usual demonstration of the intricacies of the kitchen and household appliances by Mrs. Johnson at the Thursday night session the style show was presented before a packed house. The models paraded the latest fashions for afternoon wear. In addition to the models who appeared Wednesday night were Susie Hart, Cottie Lucas, Margaret Harris, and Bessie Green.

Stepin Fetchit at the Paramount This Week

STEPIN FETCHIT

Hollywood's grandest laugh, easy-going Stepin Fetchit, is in the Paramount theatre's remarkable double feature program this week-end, co-starring with Janet Gaynor and Warner Baxter in "One More Spring."

Peacock, three Negro trackmen, did "their stuff" before 15,000 people. Owens broke his own world broad jump record of 25 feet, 3 1/2 inches, made last year to win that event with a jump of 25 feet, 9 inches, and although finishing second, Peacock broke Owens' old world record on his second leap.

Negroes Lead

Owens kicked Metcalfe's world-60 meters record into the discard and established a new mark, which Ben Johnson came back twenty minutes later in the finals to run it in the same time and to beat Owens. Johnson, Owens and Peacock finished one, two, three in the finals of the 60 meters dash.

Owens, Peacock, John-Brooks and Eddie Gordon finished one, two, three, four in the broad jump.

Cornelius Johnson and Albert Threadgill, both Negroes, finished one, two in the high jump.

Ralph Metcalfe lost the national A. A. U. indoor 60 meter title which he has held for two years and watched two other black boys smash the record which he himself held along with Emmett Toppino since 1933. The world record held jointly

BANQUET HONORING OSCAR DE PRIEST ATTENDED BY 300

Washington—(CNS)—At the nationwide testimonial in honor of Oscar DePriest, former congressman from the first Illinois district, held in Washington last week, Mr. DePriest discussed a legislative program which, in his opinion, should be considered by congress in connection with the welfare of Negroes of the United States.

This program called for organized activity for elimination of illegal practices set up by state and county officials to disqualify Negro citizens from jury service, increased registration of Negro voters and passage of a federal anti-lynching law.

Another proposal included legislation to abolish the practice of certification of three names for civil service appointment, and substitution of the Bertillon system for the photo-

A. S. Wells, Dallas Attorney, Has Chance To Win Representative Seat
Dallas—(ANP)—A. S. Wells, attorney, has filed as a candidate for the state legislature from Dallas, the first Negro since reconstruction to have a chance to win.
He is seeking the seat vacated by Mrs. Sarah Hughes, one of the five representatives from Dallas county, who resigned to become a judge.
There are fifty-four candidates altogether, all except Wells being white. There are 11,000 voters in the county. If Wells can muster 800 or 1,000 votes, his election is assured. Most of the Negro voters have paid their poll tax and are qualified, a condition brought about through their support of former Gov. Miriam Ferguson.
Whites here are not taking kindly to the prospect of a Negro representative. They have hauled out of the museum of political possibilities an old Republican war express, John W. Philip, fourth assistant postmaster general during the Coolidge administration, and are trying to line up the Republican vote behind him. If they can do so, they probably will be successful in defeating Wells.
Political history seems to be running in reverse when southern Republicans organize to keep a southern Negro Democrat out of office. Word has been received here from Austin, the capital, that even if Mr. Wells is elected, an effort will be made to deny him a seat.

DON'T BE AFRAID TO SPEAK

The Bystander can not understand why any intelligent person who knows anything about the Negro can in the least condone the use of or use such expressions as "darker," "nigger," etc., before an audience anywhere decent people assemble. And this is just what happened in one of our schools here recently.

Of course when outsiders are invited in to speak, the exact words to be used to bring a message are not known in advance, but it is understood that a guest will not insult his host in the home of that host.

But there is one thing those in charge of meetings can do at all times: that is, say to the speakers who use these terms before the audience that such terms are offensive and insist that they not be used again; better still let the fellow who makes those statements apologize. It is no answer that Negroes are not "darkies" or "niggers" any more than if they had been called dogs, murders or traitors. People with any backbone just don't like to be referred to in such terms and the only way to stop it is to rise up each time in a dignified, firm manner and insist on fair play.

Negroes should so instruct their children. Sensible people who are not afraid to speak out will applaud them for it. Far be it for the Bystander to urge Negroes to carry chips on their shoulders but it does believe in the theory of Theodore Roosevelt, that a dog too proud to be kicked. There is a difference. Keep it in mind.

THE SCHOOL ELECTION

Monday, Des Moines elects three new directors to the school board. Fourteen candidates, men and women, are in the race. Among them are some outstanding citizens.

Generally speaking Des Moines Negroes have little complaint about what their children get in the schools. Except in a few isolated cases, and most of them are usually adjusted if brought to the attention of the proper parties, Negroes get an equal break.

However, the matter of spending some of the school funds by hiring the boys and girls who graduate from them as teachers, office help, etc., is far from satisfactory. The problem has been under consideration for many years and while some progress has been made and further consideration promised, we are yet to see tangible results.

While the board itself does not hire, except by approving those hired by its agents, it is highly essential that those selected Monday be in accord with the policy looking toward giving the Negro proper consideration. Find out about these fourteen candidates before casting your votes.

MR. ROOSEVELT'S PREDICAMENT

President Roosevelt is going to find it necessary to tighten his grip on his administration or things are going to get more shaky than they are at this time. Dental Health Education Hints

By Dr. Millard K. Dean

COOKING SCHOOL BUILDS TEETH

Nowadays the art of cooking is quite different from what was expected in years past. We feel sure that our mothers and grandmothers were as good cooks as any of the highly educated ones turned out today and true enough they weren't fortunate enough to have cooking schools available. But the connection between cooking and the teeth isn't dependent so much on the method of preparing the foods as it is on the variety of foods served.

The domestic information of today stresses the inclusion of milk, eggs, butter, cheese, fresh fruit and vegetables in the diet whereas formerly a meal consisted of beans, potatoes and meat making the meal far too starchy. Yes, some of the people then gained weight and remained healthy in spite of the heavy foods but some of their body tissues failed to get the proper nourishment.

The most valuable foods for building and maintaining sound teeth structure are with oranges, tomatoes, spinach, cheese, eggs, ice cream, grapefruit and the like. There are other foods valuable to the teeth because they require chewing before swallowing and gums. Among the best of the latter group are celery, lettuce, cabbage, and such leafy vegetables and they also add to the fresh vegetable group.

Questions and Comments

Dear Doctor:
 If my son got one of his front teeth knocked out by a ball while riding his bicycle can I have a bridge made or will he get another tooth. I might say

the position of the President is going to be harder to chart than ever before.

Of course Senator Long and Father Coughlin will be a menace to any administration they help to get in office. They are doing for President Roosevelt just what Senator Brookhart and a few others of his line of thought did for former President Hoover. As a matter of principle Senator Brookhart and the other group of radicals were never for Hoover in fact but went along with him as the lesser of the two evils. As soon as Mr. Hoover was elected they begin to kick the traces and made things pretty uncomfortable all along the line.

The same thing is true of some of the radicals who supported President Roosevelt. It will be a good thing if he can get rid of them and be allowed to follow his own course. If not there is no telling that they will carry him down just as Mr. Hoover's so called friends did.

THE MEASLES

The measles is a disease which affects children, as a rule during any time between infancy and adolescence. It may occur after a disease but is relatively uncommon between that period and maturity. Cases do occur occasionally after maturity and sometimes in middle age, but are so rare in old age that it will hardly be mentioned. Generally it is not a serious disease in children and usually runs a typical course with slight fever for a couple of days followed by an eruption which may last for a week in some cases.

All cases of measles show some photophobia which means some sensitiveness of the eyes to light and this is so severe in some cases that all light must be excluded from the sick-room for a brief period during the illness. These typical cases are usually mild and require, as a rule, nothing more than treatment directed to a fever and a cough which sometimes occurs

as a complication of this disease.

In typical cases the fever may become quite severe, the cough very distressing, the photophobia extreme, the eruption profuse, and in some cases, unsightly.

No case of measles should be looked upon as a disease which will require little or no attention because the complications which are liable to ensue if a proper regimen is not instituted by a physician or is so serious that sometimes dire consequences result from a lack of a proper knowledge of the course to be pursued.

Especially troublesome is the infection of the ear which sometimes occurs with extreme pain and fever. The pneumonia which follows in the wake of some cases of the measles is a broncho-pneumonia and taxes the ability of the practitioner to the utmost before a cure can be effected. The infection of the kidneys which is sometimes produced by measles requires intensive concentration, observation, supervision, and treatment to place the kidneys again in a normal healthy condition.

The importance of the handling of the disease between the time of its beginning and the disappearance of the eruption is most important because any complications are liable to occur at this period if at all. Although rarely some complication will show up in the week that follows afore mentioned period. Regardless of the apparent non-seriousness of a case of measles it ought to be constant observation until a cure is definitely decided upon.

thoughts about my friend, Atty. B. J. Powers. As you know he is a candidate for election to our School Board. Mr. Powers is one of the best friends the colored people have in Des Moines. He believes in a square deal for every body and is proving it by employing more colored people than any other candidate in the race.

In the first place Mr. Powers is a Christian gentleman—a member and chairman of the board of trustees of the Forest Ave. Baptist church and legal adviser of the Iowa Baptist convention. It would be a great disappointment to me to learn that any Negro after reading this letter had failed to cast a vote for B. J. Powers for election to the school board.

Very truly yours,
 Geo. W. Robinson, Pastor

CANDIDATE FOR L. M. Grimes SCHOOL DIRECTOR

School elections are the most important of city elections. The present school administration has chosen three candidates whose names will appear upon the ballot March 11. Those three no doubt receive the support of all persons on the public school payroll and others interested.

L. M. Grimes has not been solicited to run and is not the candidate of any individual or organization. He is a graduate of Indiana University and a member of the Plymouth Congregational church. He has lived in Des Moines 35 years and is a heavy taxpayer. He has nothing to sell to the schools and seeks no favors. His expenses are being paid out of his money. He will if elected represent conservatively the great army of unorganized taxpayers first and the schools next.

Mr. Powers is identified with the law firm of Havner, Fick and Powers. He is married and has one child and is a member of the Forest Avenue Baptist church.

In announcing his candidacy, Mr. Powers states that because of his experience with labor, he will be able to bring to the board along with his business career an attitude of helpfulness and sympathy most people can

Washburn College Has Exhibit of Negro Art

TOPEKA, Kan., (By Thea Chiles-Taylor for The Continental Press)—The Harmon Foundation is sponsoring a traveling exhibit of Negro art in exhibiting an unusually attractive show at the Mulvane Museum at Washburn College, widely known educational institution of the Congregational church located here. The exhibit has been viewed by a large group of artists and lovers of art as well as numerous comment by many who have viewed the exhibit. Some expressed surprise that such fine productions have been made in artistic lines by Negro artists.

Clarence Cameron White Plays at Bennett

GREENSBORO, N. C., Feb. 28.—Clarence Cameron White, noted pianist, appeared in recital at Bennett College last Thursday night and delighted a large audience with a varied and interesting program. His whole program was well received and he had to respond to several encores. After two groups of beautiful violin solos, Dr. White rendered several short ballads and responded with "Song My Mother Taught Me" by Dvorak.

Every organization would be better off if it were not so busy trying to do things for the masses, especially in the church. This is true of the church as of any other force in modern society; really, more true, because the pretensions of the church are more excessive than those of any other group. The church purports to be the light of the world, a city set upon a hill which cannot be hid, a social corrective and a social preservative, as well as the force by which men are to be saved and a new earth is to be created. It is the little heaven on earth, the social whole which may be saved. It is a group in the world, but not of the world, and it is presumed that it is to be a social corrective and a social preservative. Invaluing the varied and interesting group of selections, he had to respond to several encores. After two groups of beautiful violin solos, Dr. White rendered several short ballads and responded with "Song My Mother Taught Me" by Dvorak.

State Of Washington Presents Bill To Test 'Integrity' Of Negroes

Observations of Wm. Pickens Being Erected At Virginia

PETERSBURGH, Va., (By Thea Chiles-Taylor for The Continental Press)—The State of Washington has introduced a bill to test the "integrity" of Negroes. The bill, introduced by Representative Dorian Todd of King County, purports to regulate marriages and prohibit intermarriage with persons of "inferior blood." The bill is now in the hands of the committee on Public Health.

Efforts Being Made To Identify All Racial Groups LABEL NEGROES

Seattle, Wash., (W. S.) Mar. 4.—The State of Washington, last week, attempted to identify the question of racial integrity and whether it should be preserved. A bill, introduced by Representative Dorian Todd of King County, purports to regulate marriages and prohibit intermarriage with persons of "inferior blood." The bill is now in the hands of the committee on Public Health.

Outstanding ministers of every Protestant denomination were present and brushed aside all jealousy and stated in no uncertain terms that Dr. Harten is the outstanding man in Brooklyn among the race in Brooklyn, N. Y.

Church Members Held In Theft Of 12 Chairs

ATLANTA, Ga.—Police Monday were holding two members of the Mt. Pleasant Baptist church on blameless charge of suspicion and returned to the church, twelve chairs found in the home of the two suspects.

Man's Heart Is Sewn Up; Still Lives

ATLANTA, Ga.—A deep knife wound through his heart, Walter Greer, 29, of 34 S. 10th St., died before entering the operating room at Gandy hospital last Monday in asking police to free Mrs. Ethel Jackson, 29, his wife, who had been arrested on a charge of adultery.

What is there wrong with the Negro church? Only those who are blind to the fact that it attacks the Negro church is far from perfection. Not long ago one of our leaders claiming that a fundamental ailment of the Negro church was that it attacked the Negro church is far from perfection. Hampton Students To Hear Noted Scientist

HAMPTON, ILL., (By Thea Chiles-Taylor for The Continental Press)—Julius Huxley, famous name, but possessing a reputation in his own right as a distinguished scientist, is to appear here tomorrow evening, March 10, at 8 p. m., in Ozon Hall.

Doctors told how they had been given their first patients by Dr. Harten and that he had continued to push their practice. An undertaker recently stated how he had lived in Brooklyn for 15 years and when Dr. Harten came to Brooklyn 15 years ago, he, the undertaker, was just living from hand to mouth.

Radio Patrolmen Sime and Hale were summoned by Mrs. Eva Greer, wife of the critically wounded man.

College graduates and professors told how Dr. Harten had inspired them and given them a vision when they had already given up and all hope had gone.

Second, the Negro church professes sensational evangelism. How an intelligent person can be expected to maintain such respect for the church when its method of recruiting is so sensational is a mystery to me. Let me not think of any other church that I know of that is so sensational. I do not know of any other church that is so sensational.
