## Southerners Bitterly Attack Anti-Lynching Bill NEGRO IS SELECTED ON VIRGINIA GRAND JURY Dixie Senators Again Defend Mob Murders

### FIRST MIXED PANEL IN SOUTHERN STATE

Harrisonburg, Va., April 19.—John Edward Black, one of the outstanding Negro citizens of Harrisonburg and a distinguished World War veteran, was further honored Monday when he was the first member of his race to sit on a Rockingham county circuit court grand jury.

Mr. Black and six other members of the grand jury returned a dozen indictments, all charging more or less minor crimes. The most serious was a manslaughter charge growing out of an automobile accident.

Mr. Black has been the recipient of congratulations from all parts of the state since the announcement was made that he had been drawn for grand jury service.

Although he has been on the jury list for a year, he was not drawn for jury service until this term of court. Judge H. W. Bertram ordered the placing of names of Negro citizens on the jury list after the first Scottsboro decision and the complications involved in the Laley case extradition proceedings between a Boston federal court and Virginia.

So far as can be learned here, Black is the first member of his generation to serve on a jury here. Back in 1880, the Rev. G. A. Newman, venerable pastor of the A. M. E. church here, and the late late Morgan Tams served on the petit jury of the old circuit court, which then embraced Shenandoah, Rockingham and Augusta counties. The best information is that they were the last of the race to do jury service here and Mr. Black is the first colored man ever to sit on the grand jury.

We are consequently ordering our advertising agency to destroy this ad in the interest of giving no further offense. We sincerely regret the incident and ask you to convey our apologies to any members of your association who have taken notice of the advertisement."

## Jesse Binga Loses Fight, Taken to Pen for 20 Years

Chicago—Jesse Binga lost his long fight, and today the once powerful ruler whose little empire covered a major portion of the great South side is an inmate of Joliet penitentiary. He was taken there shortly after his arrest Tuesday by deputy sheriffs to begin serving his term of one to twenty years for embezzlement.

This information was given out by the sheriff's office Wednesday morning. In the meantime the former banker's friends were going ahead with their plans to petition the governor to pardon him.

Binga's last hope for help from the court was blasted last week when the state supreme court denied his petition for a rehearing of the case which the same court upheld in a previous decision. Executive clemency was his only other means of escape and so far the governor has failed to take any action.

The former head of Binga State bank, South Side institution which collapsed in June, 1930, under the weight of the national depression, was convicted in criminal court here nearly two years ago, and sentenced to Joliet penitentiary for a term of from one to twenty years.

Binga was convicted on charges of embezzling funds from the bank he headed.

You will be guaranteed the same treatment and will find the same bargains at the new location as have prevailed at the old stand so many years. N. A. A. C. P. LAWYERS STUDY LATEST TEXAS VOTE CASE

New York, April 19.—The decision of the United States supreme court giving a Democratic party in Texas the right to bar Negroes from membership and thus prevent them from voting in the Democratic primary, is being studied by the legal committee of the N. A. A. C. P., together with the briefs presented to the supreme court by both sides.

The case was not handled by the N. A. A. C. P. although it had won three successful Texas primary decisions prior to this case. The case which the supreme court decided April 1 was handled exclusively by Tevans, who financed it from start to finish.

The Association declared that it will give all possible study to ways to secure the participation of qualified Negro voters in the Democratic primaries in Texas and elsewhere in the South. There is a bare possibility that a reconsideration may be asked, but it is more likely that if there is any chance of upsetting the ruling, an entirely new case will be built up by the N. A. A. C. ## Scottsboro Verdict Stirs Dixie Courts

Montgomery, Ala., April 19.—A bill to restrict jury service in Alabama to qualified voters will be introduced in the state senate April 30 by Senator Bonner of Camden, he announced here this week. The purpose of the bill is to attempt to get around the United States Supreme Court decision in the Scottsboro case.

Observers were quick to see the connection between the U. S. supreme court's decisions in the Texas primary case and the Scottsboro case. Although the Scottsboro decision was a great victory, southerners immediately tied it up with the Texas decision denying Negroes the right to vote in the Democratic primaries and Senator Bonner's proposed bill is the result of their study of ways and means to still exclude Negroes from jury service.

Alabama Bill Would Restrict Jury Service to Voters

Washington, D. C., April 19.—Evidence that the Costigan-Wagner anti-lynching bill is going to find rough sailing in the United States senate was given this week when Senator Wagner of New York made his first effort to get the measure called upon the floor of the senate.

The moment Senator Wagner started talking, he was interrupted by Senator Ellison D. Smith of South Carolina, who immediately began to pour into the discussion the south's customary excuse for lynchings.

"The virtue of womanhood is a thing which should not be displayed in the courts when the criminal is known and has put himself outside and beyond the pale of the law," shouted the senator. "Nothing to us is more dear than the purity and sanctity of our womanhood, and, so help us God, no one shall violate it without paying the just penalty which should be inflicted upon the beast who invades the sanctity of our womanhood."

"Pure, unadulterated bunk," one senator was heard to mutter under his breath. But that senator did not speak aloud as did the southern senators. "Every one knows how many Negro women are despoiled annually in the south—usually by 'gentlemen' senators, bankers, doctors and others of the upper strata and that probably accounts for their opposition to a law that would force these actual despoilers into open court instead of enabling them to hunt down some unsuspecting person and lynch him for a crime which he did not commit."

Injuries handicapped his efforts to repeat in the high jump. This year the "one man team" is expected to close his "file" in Des Moines in a blaze of glory.

At Berkeley, California, last week Ward was the individual star performer of the dual meet between University of California and the Wolverines, in which the westerners won, 76 1/2 to 54 1/2. The colored star won the 120 yard high hurdles, broad jump, tied for first in the high jump and took second in the hundred, while 5,000 fans, who sat in the drizzling rain, gave him a tremendous ovation.

### Prelates Of Church Make Public Fine Easter Sermon

### A JOINT TRIBUTE

Excerpts From The Bishop's Lenten and Easter Message

A. M. E. Zion Church

MOBILE, Ala.—When Peter, spokesman for the disciples exclaimed "Lord to whom shall we go, Thou hast the words of eternal life," he did not have Calvary and Joseph's tomb and the resurrection at his back. The personality and words of Jesus expressed by his sublime words, "I am the bread of life, and he that believeth in me, shall not hunger nor thirst, neither will I raise him up at the last day" were his actuation in that high and crucial moment. We have the advantage of Peter, we have the other disciples here. We have eternal life verified in the life and words of Jesus, his death and resurrection and in the experience of the church for two thousand years.

The Easter message therefore in 1935 can be proclaimed as buttressed by the reassurance of the ages and the manifestation of Christ through civilization so that in the language of Carl Milligan the great scientist "He who would establish Christianity to death, let him remember he would also give civilization its death stab."

Now let us preach the Lenten and Easter message of this year with the faith that Jesus inspired in the apostles when he used the phrase "Eternal Life." By this original message—Eternal Life, Jesus meant more than existence after death, more than the conception which the ancients had had of immortality. Eternal life was Jesus' phrase for giving "terms" of character and happiness to the life with God in our world and the world to come. Eternal life must begin here. If it is to continue in eternity, it is a life of faith in the Son whom the Father hath sent. It is a life that breathes and grows, who has a life of devotion and cooperation in all human affairs, and of good will and peace. What more does this poor world need today. If we teach our people that meaning of Easter which makes eternal things real and true, which not only makes us "born to man" but brings the virtues of the spiritual world to bear upon present tasks and relationships which shall call our people away from the frets and fears of this troubled and confused time into a peaceful and hopeful living that shall banish fear and hatred and ameliorate much of our suffering, we shall do well.

"Labor is rest and pain is sweet."

If Thou, my God, are near? Ania brethren and sisters of our Zion, we, your Chief Pastors, are moved to remind you of that blessed word of our Lord, "It is more blessed to give than to receive." We cannot hope to receive the full blessing of God unless we become channels to bless others. This means certainly that we share whatever he gives us with the common cause of our humanity. A major claim of our liberality and Christian love for others and for the world through the A. M. E. Zion Church by each and all of its members. Our church undertakes to care for the Kingdom's cause in mission fields home and foreign where souls are awaiting for a gospel from you and us, blessed to a land of Christian influence and truth, we foster schools to add our mite to Christian enlightenment and to prepare leaders, teachers and spokesmen for the church and race and we help to feed and shelter the former gospel messengers now old and spent and living on charities of the world, and the widows and children of those who led the way for Christ in other days, trying as have and laid the foundations which we now enjoy.

Breathing in prayer upon our pastors, presiding elders, officers, our whole people, and their children and for our church, our race and nation that through "suffering" by hard work and grim energy and resolute courage, we shall move on through the trials achieving better conditions by the and problems of ourselves and of our fellowmen the world over, will of our Heavenly Father for a richer experience and a more efficient service, thus making real to ourselves the Spirit of Christ, and the victory of resurrection.

## Alabama Governor Bows To Ruling of U. S. High Tribunal

Montgomery—Bibb Graves, governor of Alabama, announced here Friday, April 5, that he had written circuit judges and solicitors that the United States supreme court decision in the Scottsboro case meant the names of Negroes must be placed in the jury boxes of the state.  
In the matter of cases pending, he said, if the question of the absence of Negroes' names from the jury rolls be raised, the case could be continued or postponed until the jury boxes were refilled to meet constitutional requirements and new indictments drawn.  
The governor's announcement was a formal statement describing his action after receiving official copies of the United States supreme court decision, copies of which were forwarded to all officials.  
The governor said he also was going to ask the legislature, when it reconvenes April 30, to enact such legislation as may be necessary to cover dumping and refilling jury boxes in Alabama.

The United States supreme court, in setting aside death sentences imposed on two of the Negro defendants in the Scottsboro case, held that Negroes were "systematically" excluded from jury rolls in Jackson and Morgan counties, infringing on the constitutional rights of the defendants.

### NEGRO ATHLETES PREPARE FOR DRAKE RELAYS

The boys are squaring away for the twenty-sixth Drake Relays. A lot of them will compete in the Kansas Relays as a sort of a warmup to the big event here. Checking over the special events one finds that Negroes have done well over a period of years. The only men to win three events have been Negroes: Ed Gordon of Iowa who outbroad jumped all competition three times and Ralph Metcalfe, who led the boys in the bottom of his feet in the century dash.

Willis Ward, Michigan's great all-round athlete will make his final appearance. He competed in the 100 yard dash, the high jump and broad jump in other years and will probably do so this year. We all wish him a triple winning.

The 100 yard dash will be the feature event for Negroes. Three times have we seen a dusky figure lead the boys home and twice another one was right behind the first and who will carry on where Ralph Metcalfe, the Marquette meteor left off? Will it be Ward of Michigan, Crooms of Kansas State Teachers, both winners of the second place or will Phillips of Marquette, Metcalfe's understudy come through? Will it be one of Iowa University's four speed demons or will Jesse Owens come here and flash the scarlet and grey of Ohio state to the front?

We wonder if Jimmy LaValle of U. C. L. A. has recovered from his auto accident sufficiently to lead his team of which he is captain, in defense of their mile relay title.

Then there will be the high school boys headed by Archie Lucas, North High captain, Ozzie Lewis of North, Herman Wadsworth of East and Al Thomas of East. Bill Flowers of Waterloo, Maynard Bleck of Ottumwa

## HUNDREDS ARE HOME— LESS IN MISSISSIPPI

Closter, Miss., April 12—(Special)—A midnight twister which swept southwest Mississippi, northeast Louisiana Sunday left a toll of thirty-two persons injured at least 200 and caused more than a thousand to be homeless. Property damage is estimated at more than \$250,000.

Members of our race were hard hit by the tornado. At least fifteen are known to be dead, besides scores are in the hospitals. In this little town, which has a population of 1,500, eight persons, three of whom were members of the race, were killed. The Rev. E. R. Brown of Jackson, Miss., who came here to preach at a local church, was killed when he walked into the path of the tornado. John Barnes, age 75, and Johnnie Lee Macklin were other victims.

## AGRICULTURE EXPERT TAKES POST IN JUNE

Succeeds Dr. Robert R. Moton  
Tuskegee Institute, Ala.—(ANP)—Dr. Frederick Douglass Patterson is the new president of Tuskegee Institute. The trustees, meeting in their annual session here Saturday, selected the 34 year old director of Tuskegee's agricultural department to head the school made famous by Booker T. Washington.

Dr. Patterson succeeds Dr. Robert Russa Moton, whose resignation was presented to the board last October on account of the failing health. Dr. Moton's resignation was accepted to take effect at the end of the present school year. He was elected president emeritus for life.

Dr. Patterson was born in Washington, D. C., the son of William Ross Patterson and Mrs. Mayme Patterson. The father was a school teacher and lawyer in Washington. Frederick was taken as a child to

## TEXAS, REMAINING IN THAT STATE UNTIL HE COMPLETED HIS ELEMENTARY AND SECONDARY EDUCATION, WHICH HE SECURED AT PRAIRIE VIEW COLLEGE.

Graduating from Prairie View, where he spent four years in agricultural study in 1919, he entered Iowa State college at Ames, Iowa, where he spent four years earning the degree of doctor of veterinary medicine in 1923. He obtained the degree of master of science from the same institution in 1927.

His doctor of philosophy degree was conferred by Cornell university in 1932 and was received in the field of bacteriology.

For five years he was an instructor at Virginia state college, Petersburg, Va., part of the time serving as director of agriculture.

He has been connected with Tuskegee Institute for seven years, serving as veterinarian and instructor before being promoted one year ago to the directorship of the school's agricultural department.

The selection of Dr. Patterson is said to indicate a determination upon the part of the administration at Tuskegee to continue and to broaden its program in the fields of agricultural education. The new president is said to be an enthusiastic exponent of technical training. As a member of Tuskegee's faculty he has shown himself to be resourceful and energetic.

The department of agriculture, which is one of the most important in the institution, is said to have made definite advancement under his direction.

"I am glad that I was able to help convince many people in many different parts of the country about the Scottsboro frameup and to get them to line up behind the I. L. D. in the defense campaign. I wish I could do a lot more.

"I wish I could talk to millions of people and tell them the truth about the Scottsboro case and ask them to do whatever they can to help the I. L. D. get those boys out free and safe."

## Red Sox Drop Two Exhibition Tilts To Pittsburg

MEMPHIS, Tenn.—Reuben Jones' Memphis Red Sox made a bid for victory Saturday afternoon but failed. It was not a bad failure because the Pittsburgh Crawfords diamondmen went to supper with only a slim one-point victory. The Red Sox were defeated 4 to 3.

## Chunn Looks Over The Relay Prospects Now

ATLANTA, Ga.—Cora Ellis, attractive slender Booker Washington high school and ace star on the girls track team of that institution, holds the distinction of being the fastest girl track star in the South, if not the nation among feminine stars of her race. Little Cora, dashing away with her 105 pounds last year threw dust at what was considered the fastest field for the 100-meters ever witnessed at the meet to set a record time of 12.6 for the 109 yards, 1 ft., 1 in., that replaced the old century dash of 100 yards. Each meter being 39.37 inches. Smiling as she always does, Cora takes her victory modestly and expects to repeat her performance in better time this year and laughingly admits that she is a bit heavier, but should train down to normalcy before May. She realizes that her chances this year will depend entirely on her condition on the day of the meet. It is easy to say that Miss Ellis has, perhaps, the best track coach in this section in Leslie Baker, who, year in and year out, upholds the tradition of the Metropolis of the South, by keeping Atlanta on the map at the meet and all Atlantans should doff their hats to his young man who takes track seriously with the results that his team dominates the Tuskegee Relays.

The most thrilling run at the Relays last year was the 440 yard relay for girls where Cora Ellis again played the star role at anchor. Vesta Crayton, Tuskegee's fastest girl star stepped out with the bacon in the anchor, at least three yards on Cora Ellis, it was thrilling to see the noted star pull up and leave her competitor in the dash that will always remain fascinating in the minds of track lovers who watched this drama of the cinder-path. The Washington High Relay team last year consisted of about the best girl team at the meet. They lined up with Lula Hynes, Beatrice Jones, Elizabeth Houston and Cora Ellis. No school could compete with them and Atlantans who take their sports to heart were dated with their fine showing and excellent sportsmanship.

This year Coach Baker expects to have a great team and is training his charges to meet the fastest competition the South has to offer. He expects his boys to make a better showing than they did last year and his girl team a bit better too. He is figuring strongly on his two fastest girl stars, Cora Ellis and Lula Hynes, to lead the girl team to victory at the Tuskegee Relay Carnival in May, just about 21 days off. Serious training gets underway Monday.

A Very Poor Showing  
Atlanta Colleges made an awful showing last year. The best they could do was two third place, the worst showing in years. Clark University, who in latter years behind their sterling performance of Elmer Baker, Rio Roberts and Laura Demery was great, fumbled badly, but from that one can hear now is that the noted Methodist Institution expects to show something of their old time form this year and if they climb like they did in football last season under the leadership of Ralph Robinson, we expect Clark to be in there with a great team.

Morehouse Doubtful  
Little has been heard of what Morehouse will do but Coach Arthur Ellis, says that they will have a good team. If you remember Morehouse has two of the track stars from the Booker Washington High team of Dallas Texas, who raised plenty of fog at the most last year when Sam McKibben, The Baptist school, should finish strong at the meet and will prove a thorn in everyone's side if McKibben is in condition with the other newcomers.

Spellman College  
It is generally hoped that Spellman College will send a girls team to the meet this year. Atlanta Lab school always does, but we believe that Spellman could even surpass their performance providing such a team could get the "express" performance at the Relays, but 20 days to get in shape and with earnest training can accomplish much in that time. Ruth Westmoreland several years ago started thousands with her brilliant performance at the Relays, but passed out of active competition that year. It would be great to see her stage a comeback.

Morris Brown Quiet on Meet  
Last year, athletic officials at Morris Brown praised Relay officials and regretted their inability to enter a team in '34, but promised a team this year. So far nothing has been heard of this team, but material on hand promises a team of rare ability. President Fountain says they have nowhere to train for the Relays and that seems the only handicap so far as the school is concerned.

Greatest Individual Event  
Tuskegee's Ninth running of the Relay Carnival is the greatest single event in the country today. Every year the crowd gets larger and larger with more contests entered and swelling the field. It is a prediction that this year will be the banner year and that means plenty work for the committee on arrangements at Tuskegee. No one can handle a colossal event like Captain Neely, Coach Abbott, Captain Danahy and Captain Love. There will be thousands to house during the event and those expecting to go should make their reservations early and save the officials a great deal of worry.

## Sixteen Race Boys In Huge Ring Tourney

ST. LOUIS, Mo., April—(A.N.P.)—On the opening of the National A. A. U. Senior Amateur Boxing Championships of America at the Arena Wednesday night, indicated that sixteen Negroes among the more than 150 district champions from Hawaii and all parts of the United States would have much to say about the titles in each division. When the classic was held here last year there were twenty colored boxers entered and two of them carried off crowns, Stanley Evans of Detroit, the heavyweight laurels, and the now sensational professional, Joe Louis, of the same city, the light-heavyweight division.

Evans was back again, but this time fighting in the light-heavyweight division. He and Lorenzo Pack, who replaced him in the top-weight flight on the Motor City team, started as strong favorites. Another highly touted starter was the San Jose, Calif., star, Earl Booker, lightweight. He holds four tourney titles, the Pacific Coast Association, California A. A. U., California Golden Gloves and Pacific Coast championships. This year he has not experienced a defeat. Last year he lost a hair-raiser with the boy who finally won the title because he had to fight out of his regular weight.

Joe Lynch was the Cleveland flyweight champion and Chicago Golden Gloves winner was back after being unable to compete last year due to illness. Other favorites included Dave Clark of Detroit, and Lloyd Marshall of Cleveland, middleweights; James Thompson of Oakland, California; heavyweight; Ossie Harris, of Pittsburgh, welterweight; and the three St. Louis boys, Bill Henry, lightweight and Monroe Harrison and Leonard Bostick, light-heavyweights.

Clark, a welter last year, is a middle this season. He is a great puncher and whipped Bradley Lewis of New York, in the inter-city matches in Chicago. Marshall has been Cleveland Golden Gloves titleholder for the last two years. Thompson is six feet, six inches, weighs 251 pounds and owns four starting knockouts for the season. The three St. Louis boys won their spurs in the St. Louis Argus A. A. U. tournament. All are heavy punchers and fast, everyone having scored knockouts in all of their battles this season.

The New York and Chicago Negro stars were also strong favorites. The Pine Street Y.M.C.A. is serving as headquarters for the colored boxers. The entire city is extending its hospitality to them.

Morehouse In Plea Against War Activity  
ATLANTA, Georgia—Students of Morehouse college joined in the nationwide demonstration against war along with students of colleges in all parts of the country Friday.

The Morehouse students, along with the students of Emory University in the country to take part in the demonstration against war. On the Morehouse college campus, as the clock struck 11, the students assembled for 30 minutes in front of the hall where they listened to talks, advocating peace, by Drew Days, noted violinist, Leroy Haynes, football star, Butler A. Jones, and W. W. Jackson.

After the speech, a petition was circulated to the effect that the sending of a delegation of goodwill to Japan would be more conducive to the preservation of peace than any show of force. Ninety-three students signed the petition.

NEW YORK—(A.N.P.)—The board of governors of the Young Republican club, white, went on record last week in favor of a legislative reorganization bill which would create a district from which the colored Assembly of Harlem might elect a member of the state senate. The Young Republicans adopted a resolution attacking the framers of the Democratic reorganization bill and insisted that if a district were not created in which Harlem voters would be preponderant, these citizens would lack proper representation.

## Brighton High Cites Old Tymers A Bit Tough, So Crusaders Go

Birmingham, Ala.—The Brighton High School, according to statistics just released, shows that the team playing its first year made a record that is quite commendable when all things are taken into consideration. The season's record shows 10 wins, 5 losses and a tie. The first of the season, the win was recorded against Westfield, Powderly and Rosedale; twice each; Edgewater and Ensey, once each; and Central and Payne, once each. The losses were to Dunbar, three; and Edgewood and Ensey, once each. The Payne, Central and Dunbar games were outside of the conference and therefore, left the Brighton five with a conference rating of 8 wins against 2 losses. Following is the individual record of the 12 players who saw service throughout the season. Willie George Thompson was high point man with 112 points, closely followed by Beverly and Richmond.

## Ben Elder's Sports Notes

MEMPHIS, Tenn.—Joe Louis will Kayo Carnera. Several local fighters named: Leo Kid Roush, Kid Collins, Kid Dowdy, Smiling Benn and Chicago Kid. Kid Roush, Joe Louis will knock out Primo Carnera in less than five rounds when they meet in May.

Boxing, a veteran of many ring wars, thinks the twenty-year-old bomber is being carried too fast. Joe is proving that he is going to win the Championship title by having won seventeen consecutive professional battles since being under the management of John W. Roxborough.

Joe recently purchased a home for his mother that cost \$9,500 with \$3,500 worth of furniture. A fully equipped gymnasium will be set up in the house.

Gus Lynch Was Metal  
A gold medal hit, reads "Citizens Xmas Charity Com." graces the lapel of Gus Lynch's coat. Lynch won this medal Oct. 15, 1932 after winning a bout from a white boy, Charlie White in the Windy City.

It is Interesting to Note That  
The picture of West Brown, local heavyweight who was voted "Memphis Man, Popular Buzzer" will be given at the Hotel Improvement Club starting May 16th under the sponsorship of Editor Robert M. Ratcliff and Athletic Director Harry Cass of Grant Grammar School—Rob Mason, star LeMoyne Athletic is a member of the Dub Jenkins Orchestra. George Jackson, former triple threat quarterback of Washington High and Beeton, former Manassas ace will wear LeMoyne togs next season. This Jackson-Beeton pass snatching combination should add thrills for LeMoyne fans.

turning and Atlanta will be a different place in which to live this summer.

COLUMBIA, S. C.—(A.N.P.)—Police authorities recovered the body of William Wallace, colored convict, from the Columbia canal this week. Wallace, who had jumped over the prison wall drowned, it was thought, when he attempted to swim his way to safety and freedom. He was in company with two other convicts after they had completed some work last Thursday night. One of the trio, Luther Terry, alias Joe McKinley, was recaptured.

turning and Atlanta will be a different place in which to live this summer.

## Joe Rainey In An Important Bout Reversal

PHILADELPHIA, Pa., April 10—(A.N.P.)—Description in the George Gibbs Billy Wallace boxing bout here Saturday night was reversed by Joseph A. Rainey, colored Pennsylvania boxing commissioner, who awarded the fight to Wallace.

After a disagreement between the two judges, Referee Stiles voted for Gibbs and brought a howl from the fans. Wallace, who is a veteran light-weight fighter from Cleveland, started a hard fight to make the margin of victory very close.

In an examination of the tabulation sheets that Nat Linspon, one of the judges had turned in, Rainey stated he found that the judge had scored a win for Wallace and that had marked his card for a draw. A draw had been voted by Bernard Lemon, the other judge so the decision had to be left to Stiles, the referee, who awarded the fight to Gibbs.

The Flashy Bestards  
On the Crusader team were Jack Mann as center; the breezy, flashy and truly clever Jackie Bethards of Pittsburgh, Zask Jackson, another Pennsylvanian; Young of Toledo Red Mills of New York; Big Al Jackson from Indiana, and Chicago's Al Johnson.

This is the same five which swept through Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania and Ohio during the middle of the season, winning most of their games.

Admittedly one of the hottest professional outfits this side of New York, the Crusaders took the floor against the winners out of a field more than 3,000 teams in the Central A. A. U. district tournament and a team with only six dependable men.

This game was played as a benefit performance for the Old Tymers A. C. permission having been granted by C. A. A. U. officials to the Old Tymers to play.

It was the middle of the second quarter when the first basket was made and that was a swisher from the sidelines by Bethards. The 4-2 advantage the Old Tymers held at the time had been built up on the free throw eyes of Bruy, Brown and Williams.

At no stage of the game did the score show more than two points difference between the rivals except in the last few minutes of play when the Crusaders went ahead 25 to 20.

The Brown, Bray and their cohorts swung into action and with exactly four seconds to go and staid old men gone well nigh putty, seven holding onto their seats and the place a cross between an insane asylum and an orchestra, he heard, the Old Tymers players fell on the ball, rolled it out of bounds, and everything else they could think of until the final whistle blew.

## Louis Flattens Lazer Whom Baer Respected

CHICAGO—Joe Louis, bronzed 20-year-old Detroit dynamite loomed larger—much larger—on the heavyweight fistie horizon today.

There was no doubt about that in the mind of Max Baer, the heavyweight champion, himself, and 18,000 goggle-eyed customers who saw the cat-like Negro youth calmly transform Roy Lazer, unshaven Paterson (N. J.) upstart, into a gory smear in the third round at the Chicago Stadium last night.

"They had to carry the pathetic figure of a youth who had won 35 consecutive fights to his corner after two minutes and 28 seconds of the third round. They almost dimmed the bloody, unconscious form into the laps of the heavyweight champion who mixes flippancy with homiletics.

It was a gruesome climax to a drama which featured the introduction of Baer to the assembly before the main event and the spectacle of Louis' fourteenth knockout in 18 professional fights.

Waving his arms in the air and bobbing his head from one side to another during the first two rounds, Lazer didn't seem to be doing badly. But the finish was inevitable.

A right which sent a gasp through the throng spun Lazer around completely around as early as the first round, and before the bell could end it, Louis had measured his foe for a left which brought a flow of crimson over Lazer's left eye.

The third round found Lazer landing consistently and once he sank a plotting left into the pit of Louis' stomach. Then it happened. Feinting Lazer, into a lead, Louis flashed a lethal left to his chin. It hurled the Jersey heavyweight halfway across the ring and left him horizontal.

Lazer was up at the count of nine, but was quickly down again. And before the thence was called to a halt, he then taken two counts of nine and one of six. It was what the throng had come to see.

Joe's Manager Enters Sextet In Tournament  
DETROIT, Mich., April 8—(A.N.P.)—Through the generosity of John W. Roxborough, manager of Joe Louis, three Golden Glove champions will be able to participate in the national A. A. U. Senior boxing tournament in St. Louis April 10, 11 and 12.

The boys are Dave Clark, middleweight; Clinton Bridges, light heavyweight; and Lorenzo Pack, heavyweight. Clark and Pack won the Detroit Golden Gloves, Chicago Tournament of Golden Gloves Champions, and Inter-City championship with New York. Bridges won the Detroit title and the Inter-city championship, being disqualified in the Chicago tournament on an alleged foul. All are from the Mt. Olive A. C.

The Michigan A. A. U., because of lack of funds, had announced that it would not be able to send the team of nine boxers to the tournament. Charles H. Brennan, secretary, made an appeal to Roxborough to assist in financing the trip for Clark, Bridges and Pack.

Louis represented the Mt. Olive club last year when he won the National A. A. U. light heavyweight title, one of the three Detroiters to win at the tournament. Stanley Evans, heavyweights, winner last year, will be sent by the Briggs Athletic Club. He will compete in the light heavyweight division.

AUSTIN—A full pardon was granted Thursday by Governor Allred to Davette Bryant, Negro, sentenced in San Jacinto county, Texas, to 5 years for attack upon a colored woman.

In his clemency proclamation, the Governor quoted a statement from District Attorney W. C. McClain of Monroe to the pardon board, recommending a pardon.

Diego—Wonder if Charles Retzlaff still wants Joe Louis? It seems that William Klepper (Seattle) of the Coast League does what he wants in the Coast League. First L. A. said the veteran rule would hold Klepper said it would be increased to 18. The rule is changed. L. A. said Seattle could not infringe on their rights and play the Japanese go easy. Well to shorten the new team in Gilmore Stadium. The Seattle did not play in Gilmore Stadium but in the Angels own ball park. This is getting more than enough to light that Kinney had been sent you ask for—The unrepentant Coast making his living boxing and one of the best heavyweights pros. there will be plenty of Race fans present, but consider the number of spectators in the country.

### WORTH THE EFFORT

Some people accuse the Negro of carrying a chip on his shoulder too much; of fighting discrimination, disfranchisement and other of racial injustices entirely too much. On the other hand they advise that he go along, work hard, say little and everything will come out alright.

But what if Negroes and their friends had done nothing about the Scottsboro boys? First they would have been dead long ago. Second the following incident would not have occurred in Virginia for the next fifty years to come.

"John Edward Black, one of the outstanding Negro citizens of Harrisonburg and a distinguished World War veteran, was further honored Monday when he was the first member of his race to sit on a Roanoke county circuit court grand jury.

"Mr. Black and six other members of the grand jury returned a dozen indictments, all charging more or less minor crimes. The most serious was a manslaughter charge growing out of an automobile accident."

If nothing more had been accomplished, this one incident would pay the cost. When Negroes get on the inside of court machinery they will go to prison more in proportion to their population than is the case now.

### THE N. A. A. C. P. DRIVE

The annual membership drive of the Des Moines Branch N. A. A. C. P. will commence on April 27. Most people know the history and accomplishments of the organization; know that it has succeeded in protecting the civil and political rights of Negroes whenever and wherever possible and has been a source to which the race and its friends could turn when advice and leadership were needed.

No organization can function without funds with which to pay its bills or members to spread interest and exercise pressure whenever needed. These two things are obtained in membership drives.

If solicitors fail to reach any individual, the Bystander will put them in touch with one; if you know any interested members put them in touch with a solicitor. The drive ought to succeed.

### ANTI LYNCHING IN DANGER

The Costigan-Wagner bill is up for consideration in the United States Senate. As was to be expected southern senators have vowed that it shall not pass and have announced that the bill would be filibustered to death.

Two types of arguments against the bill have been heard already. Senator Smith of South Carolina said:

"When the bill is taken up the senate will be thoroughly advised of what has caused the very humiliating necessity of going outside the law at times to vindicate the sanctity of our firesides and the virtue of our women. It is only a prelude to what will come later."

Now the record shows that in a very small percentage of the known lynchings the victims were even charged with rape. In fact an organization against the lynch evil composed of white women of the south have repeatedly stated that the argument that lynchings were necessary to protect the womanhood of the

## QUESTIONS AND ANSWERS

Dear Dr. Dean:

I heard one or two of your health week speeches and was impressed by your continued reference to the use of the tooth-pick and the harm and pyorrhea and pain that might follow. As well as you said that you neglected the other side of the issue that of telling what the present users of tooth-picks should do. Since we old pickers have long had the habit what are our hopes?

Mr. L. B. R.

Des Moines, Iowa.

Ans. Those who have the habit may find it necessary to see a dentist in the near future if the marked pocket formation and tenderness already present. However, those not in such a predicament can gradually cease the practice and by massaging the gum find that the area between the teeth will fill in with gum tissue.

Dear Dr. Dean:

I am anxious to know the correct number of teeth that a man or woman should have and in particular how many wisdom teeth?

Mr. S. M. R.

Valley Junction, Iowa.

Ans. There should be thirty-two teeth in the mouth including the four third molars or wisdom teeth.

### MRS. BROWN SPEAKER AT CENTRAL CHRISTIAN

Mrs. S. Joe Brown, was a luncheon guest and speaker at the missionary department of the Central Church of Christ Thursday afternoon. She told of efforts made to bring about better understanding between the races in America with special reference to the program of the Church Women's committee, race relations department of the Federal Council of Churches which meets monthly at national headquarters in New York City.

The speaker offered suggestions as to how the church women of Des Moines might aid in furthering this program. Mrs. Helen Deets, president of the group, took copies of the anti-lynching resolution presented by Mrs. Brown and agreed to have it signed and forwarded to President Roosevelt by the members of the General Missionary Council of Christian Churches of the city of which Central Church group is a member.

### PREPARES FOR ITALY

Addis Ababa, Ethiopia, April 12—Further evidence that Ethiopia will be no set-up for Italy when the final showdown comes was given this week when Emperor Haile Selassie personally supervised the unloading of the largest shipment of arms and am-

munition ever received in this country.

The shipment, escorted to Ethiopia by Col. Hubert Julian, noted American "Black Eagle" from New York, consisted of 20,000 modern rifles, 1,000 machine guns and 12,000,000 rounds of ammunition. "There is more on the way," declared the aviator in his greeting to the emperor.

The arrival of this huge consignment of arms and munitions does two things. It definitely points out the part Col. Julian, intrepid aviator, will play in the forthcoming conflict and it announces to the world that Ethiopia is ready to defend her lands and her independence. As fast as the guns and bullets were unloaded, they were reloaded on pack trains and started toward the boundary line in the direction of the Italian Somaliland and Eritrea, the seat of all the trouble.

### OFFICIALS TO INVESTIGATE CASE TO DETERMINE WHO IS IN ERROR

Los Angeles—Appeal papers which would have delayed the execution of Rush Griffin, 19 year old Negro, arrived here Monday at the office of clerk of the state supreme court three days after the youth was hanged on Friday, April 5, at San Quentin prison.

To add a touch of irony to the proceedings the appeal was rushed to the clerk by special messenger.

Friday morning Griffin went to his death for the murder last November 9th of Laurence Lyon, University of Southern California medical student, in a holdup. Lyon was the son of E. W. Lyon of New York, a former missionary in China.

I. P. Cullis, deputy clerk of the supreme court, said dates on the reporter's and clerk's transcripts of testimony and rulings in the case indicated they had been served on Richard F. Bird, deputy public defender and counsel for Griffin, on February 20 and on the district attorney April 30.

Richard F. Bird of the Los Angeles public defender office Tuesday night, April 9, blamed faulty legislation for the hanging of Griffin. He declared no individual was responsible.

Bird, counsel for Griffin, said the statute was not clear regarding notification of the supreme court, the prison warden or the governor that an appeal was pending. Judge Charles W. Fricke, who sentenced Griffin to hang, said he believed there was "carelessness" in the case.
