Auto Accident Mars Earl Hines' Orchestra Tour NEW YORK MAY DAY MARCH BREAKS RECORD Cecil Irwin Killed in Crash Near Nevada

NEGROES FEATURE IN COLOR-
FUL ACTIVITIES

New York—(CNA)—New York's May Day demonstrations broke all previous records last Wednesday, May 1st.

Over 275,000 Negro and white workers, professionals and intellectuals marched in the parade, held under the auspices of the United Front May Day committee.

Father Divine's Followers March
One of the features of this parade was the colorful throng of 2,000 of Father Divine's followers, who carried slogans of "Peace, Father," "I Thank You, Father," interspersed with banners "For the Freedom of the Scottsboro Boys," "For Unemployment Insurance" (HR. 2827), the workers' bill, and "Against War and Fascism."

Father Divine addressed the huge mass of marchers, explaining that he was "against segregation, Jim-crowism and lynching," and for this reason agreed with the program of the communist party.

275,000 Pledge Against Lynching
An impressive climax of the demonstration was the taking of the following pledge:

"I pledge that I will fight against lynching, Jim-crowism, segregation, discrimination and all oppression of the Negro people."

Over 275,000 participants joined in the pledges.

Moten Orchestra Here Monday Nite

The Bennie Moten's Victor Recording orchestra will play at a dance at the Pla-Lan Monday night. This Kansas City outfit is well known to the public via radio, stage and screen.

Straight from the Harlem club in Kansas City, the choice night spot in Missouri, the band is including Des Moines in its third appearance here.

Since the recent death of Bennie Moten, director, the band is under the supervision of "Bass" Moten, his brother.

NEW BASEBALL CLUB FORMED

The baseball season, with its host of Negro managers, is under way. At this writing there are about four managers in town and they all hope to have strong clubs, so they say. How are they gonna do it? However, Harrison Gould, who for years has been a great verbal and financial backer of St. Paul's athletic club, has got behind a team to be the first Negro nine in the city open league. The boys who might win the thing have signed an agreement to stick together. This is indeed a progressive step, but the boys should remember that man's signature is no better than his word.

TENNIS

The tennis fans are ready to go. Some of our veteran players have started classes for beginners of the fair sex. We hope these classes give us a number of hard hitting girl players before the year is out. It seems odd that the basic principles of the tennis club we fought so hard for should be sponsored now as individual enterprises when just a little co-operation and organization spirit could make this a real tennis city. It is our hope that some outside person comes here and organizes a club on sound basis, for only an outsider can do it successfully, and, by, would we be for him.

THE BOYS STILL GOING

The boys continued to march on the week-end. Jesse Owens drew ten thousand people to watch

Proponents Plan Future Strategy for Costigan-Wagner Anti-Lynching Bill

NOT LOST—ACTION MERELY
POSTPONED—DECLARES
SENATOR COSTIGAN

N. A. A. C. P. Launches Nationwide
Drive To Force Early Vote

Washington, May 10.—"The anti-lynching bill is by no means beaten for the rest of the session," declared Senator Edward P. Costigan (D., Colo.) today upon emerging from a conference of proponents of the measure planning future strategy. He declared that the displacement of his motion to consider the bill "was a parliamentary victory rather than a test of the bill itself." Senator Costigan is co-author with Senator Robert F. Wagner (D., New York) of the bill.

The N. A. A. C. P. is planning a series of nationwide meetings in cooperation with interested organizations in protest against the filibuster and in demand that the bill be passed. Those wishing to sponsor meetings are being asked to write the N. A. A. C. P., 60 Fifth avenue, New York, N. Y. "We are asking friends of the bill to deluge president with an avalanche of protests for not speaking out in favor of the bill," Walter White, N. A. A. C. P. secretary, announced, "and to write their senators insisting that it be passed before congress adjourns; 500,000 protests should pour into Washington within a week."

How Senators Voted

The following senators voted against adjournment (for the bill) on all four votes: Austin, Bulkley, Burke, Capper, Copeland, Costigan, Donahay, Gibson, Hale, McCarran, McNary, Minton, Neely, Nye, Schall, Swellenbach, Steiwer, Vandenberg, Van Nuys and White.

In the final vote (May 1) the following senators voted against adjournment (for the bill): Austin, Barbour, Bulkley, Burke, Capper, Carey, Copeland, Costigan, Dickinson, Donahay, Gibson, Guffey, Hale, Hastings, Johnson, Keyes, LaFollette, McCarran, McNary, Minton, Neely, Nye, Schall, Swellenbach, Steiwer, Townsend, Tydings, Vandenberg, Van Nuys, Wagner, Walsh and White.

Senator Wagner, while not voting each time, was absent and was paired always against adjournment.

In the final vote (May 1) the following senators voted for adjournment (against the bill): Adams, Ashburn, Bachman, Bailey, Bankhead, Barkley, Bilbo, Black, Borah, Brown, Bulow, Byrd, Byrnes, Caraway, Clark, Connally, Couzens, Dieterich, Duffy, Fletcher, Frazier, Glass, Gore, Harrison, Hatch, Hayden, King, Lewis, Lunsberg, McGill, McKellar, Murray, Norris, O'Mahoney, Overton, Pittman, one, Randelliffe, Robinson, Russell, Sheppard, Shipstead, Smith, Thomas, Okla., Thomas, Utah, Trammell, Truman, Wheeler.

him score four first places in a night meet against Notre Dame, while the Kansas Teachers went after each other with renewed interest in a dual meet. Crooms was beaten by Dunn in the century, but got even in the 220. Emporia won the meet.

Bob Coffman and Archie Lucas of Port Dodge, and North High respectively seem to us to be the two best high school quarter milers in the state and we are looking forward to seeing them meet.

Leonard Lomas, who was our representative on North's tennis team, didn't play against East. We hope nothing serious kept him out. A number of our boys are interested in the Central states boxing meet at the Jewish Community Center. We can't tell yet just how they fare, but will let you know all about them next week.

Bridge Winner Is Barred from Finals

Hearst Newspaper Says "Negroes
Not Wanted"

New York—(CNA)—After solving a bridge problem in a contest run by the New York American, Hearst owned newspaper, Leslie C. Parris was barred from a tournament to which all contest winners were invited.

Mr. Parris was the only Negro winner in a bridge problems contest conducted during the month of March, 1935, by the "American." He was sent an invitation to appear at the tournament, to be held in a hotel located at 253 W. Seventy-third street, the evening of April 29.

After having been misdirected by hotel attendants from elevator to elevator, he and his partner were finally told by those in charge of the tournament that "Negroes were not wanted in the tournament."

Mr. Parris announced that plans for legal and other actions against those responsible will be taken.

Broadway Show Will Play Here

ETHEL WATERS FRIDAY IN
"AS THOUSANDS CHEER"

The appearance of "As Thousands Cheer" Friday, May 17th, at the Shrine auditorium, promises to be the most important theatrical event of the year, and that it is so regarded by local theatregoers is evidenced by the overwhelming demand for tickets to see the big Irving Berlin-Moss Hart revue of twenty-nine scenes, which comes direct from its record breaking run of forty-nine weeks at the Music Box theatre in New York, and three months to capacity in Chicago.

Starring Dorothy Stone, daughter of the famous Fred Stone, and Ethel Waters, foremost colored entertainer in her time, the large cast of eighty features such eminent players as Porter Hall, Margaret Irving, Jerome Cowan, Albert Carroll, Dave Fitzgibbons and Hal Ford, and includes Thomas Hamilton, Clifford Menz, Grace and Kurt Graf, Harold Murray, Hamtree Harrington and others.

Plenty of good \$1.12 seats, others at \$1.68, \$2.24, \$2.80 and \$3.36. Don't be disappointed. Get your tickets today. Box office at the Shrine auditorium open daily, including Sunday, from 9 a. m. to 8 p. m.

Crocker Y to Elect Management Board

The annual membership dinner of the Crocker Y branch of the Y. M. C. A. will be held at Corinthian Baptist church Saturday evening, May 11, beginning at 7:00 p. m. After the dinner and musical program, the yearly report will be given and members elected to the committee of management for the coming year. T. M. Kelley, chairman of the social committee, is in charge of arrangements for the dinner.

TO HOLD MEMORIAL DAY TRACK MEET

The Crocker Y. M. C. A. track and field meet held annually at East High stadium will be revived this year on Decoration Day, after a lapse of one year. Competition will be held in three divisions, lightweight, middleweight and heavyweight.

Medals will be awarded to the winners of each section. George Robinson, boys' secretary of the "Y," will be director of this year's meet.

SIX DIAMOND TEAMS ORGANIZED

Six teams are entered in the diamond ball loop organized in a meeting at the "Y" last Monday. The decision to switch to this popular brand of ball was prompted by the lack of suitable diamonds within reach of players and spectators, and also the unprecedented interest that this game has aroused throughout the country in the last few years. The games are to be played at West High stadium on Wednesday and Friday of each week, with the opener scheduled for Wednesday, May 22.

SABBATH PROGRAMS CLOSED FOR SEASON

Allen Ashby was the principal speaker on the closing program of the series of programs and Bible classes that have been held during the fall and winter months at the Y. Mr. Ashby's talk was on the Y's contribution to my life.

Pastors' Fists Fly In Baptist Church

NEAR RIOT BREAKS

UP MEETING

New York, May 10.—(Special)—A near fist fight between leaders of the National Baptist Convention, Inc., the Revs. Thomas H. Harten, pastor of Holy Trinity church, Brooklyn, and George Sims, president of the New York Baptist association, broke up the regular weekly Baptist conference held Monday at Metropolitan church.

The ministers were thrown into a panic when it was stated that Rev. Sims called Rev. Harten a liar. Angered at the accusation, Rev. Harten jumped to his feet and started toward Rev. Sims, but the intervention of several ministers prevented blows from being passed. Immediately the Rev. Abner Brown, pastor of Metropolitan, adjourned the conference.

From all indications a split in the New York Baptist association is threatened, as Rev. Harten asked his followers to meet with him on Tuesday at his Brooklyn church.

It is said that Rev. Sims and Rev. Harten have not been on good terms for some time, since it was rumored that Rev. Harten, who is first vice president of the National Baptist Convention, is fostering a movement to have President L. K. Williams ousted at the coming convocation to be held in New York in September. President Williams has headed the Baptists for sixteen years.

Methodist Council To Meet Tuesday

Ministerial Alliance Change To Monday

The Methodist Council will meet Tuesday at 8 o'clock p. m. at Burns M. E. church. All officers and members of the five churches of Methodist faith will be present. The Rev. G. E. Morrison of Kyles A. M. E. Zion church will read a paper on "The First Twelve Articles of Religion." The Rev. Benjamin H. Lucas of Bethel A. M. E. church will preside.

The Ministerial Alliance will hold its remaining meetings for the season on Monday instead of Tuesday. It will be each Monday at 12:30 p. m. at Corinthian Baptist church. The final regular meeting will be Monday, June 3.

CEDAR RAPIDS, IOWA

Funeral services for Alfred Lowery, who died April 30th in the hospital at Mason City, were held at Mt. Zion Baptist church May 4, conducted by Rev. A. M. Smith, assisted by Rev. Solomon, pastor of the Baptist church in Manley, of which he was a member. The Masons lodge there turned out. Mr. Lowery owned his home at 1012 Eighth street South East, where he formerly lived. He was employed by the Rock Island railroad for more than fifteen years. Besides his widow, Anna, he leaves one daughter, Hazel. Mrs. Lowery is the daughter of the late T. H. Montgomery, who preceded her husband in death August 31. She will join her mother here.

The union meeting of the race churches held each last Sunday of the month was held at Bethel A. M. E. church. The service was well attended and Rev. S. J. Coulter preached. Rev. J. W. Collins and family have returned, after a trip to Minneapolis. The baby contest sponsored by the Jelly Sixteen club was a success. The first prize of \$5.00 was won by Mrs. Grace Wilson's baby.

"Show Goes On" Despite Tragedy— Nine Members Injured

By Everett Wadsworth
Staff Writer

The condition of William Franklin of Chicago, trombone player, who was injured early Friday morning when the Earl Hines orchestra bus collided with a corn loaded truck eight miles north of Nevada, Iowa, in which Cecil Irwin, saxophonist, was killed, is still serious. He suffered a compound fracture of the left arm, three broken ribs, cut lip and internal injuries, attendants at the Nevada hospital said.

No Inquest

The driver of the truck, Omar Cafey, of Hampton, Iowa, was not held. Sheriff J. E. Hattery of Story county investigated the crash with Coroner B. G. Mills. No inquest was held.

Owen Simpson, Lewis Dunlap, Jr., George Dixon, Walter Fuller, Louis Taylor, James Young, James Jug, and Bobbie Frazier suffered cuts and bruises. Joseph Farley of Newark, N. J., bus driver, suffered minor injuries. The body of Irwin was returned to Chicago, where he resided. He was composer and arranger since the band's beginning, Mr. Hines said.

En Route To Minneapolis

The band had completed a four days' engagement at the Orpheum theatre in Des Moines, Thursday, May 2, and had started for Minneapolis. They were booked at the Singers Orpheum theatre there for a week, Charles Carpenter, Mr. Hines' secretary, said in Des Moines.

Earl Hines and his wife and Philip Alken, manager of the orchestra, left the train at Iowa Falls, Iowa, after hearing of the accident and proceeded with twenty of the company to Minneapolis by a later train. The damaged bus was brought to Nevada.

On Schedule

Despite the tragedy, Earl Hines and his band appeared on schedule on the Minneapolis stage, although the train at Iowa Falls, Iowa, after hearing of the accident and proceeded with twenty of the company to Minneapolis by a later train. The damaged bus was brought to Nevada.

Mr. Carpenter said last week that the western tour since leaving the Grand Terrace would win up with an engagement on the Pacific coast. At the termination of this tour the orchestra was contracted to appear in a film at Hollywood early in the fall, he said.

William Pickens Okays War On Disfranchisement

By WILLIAM PICKENS. A few days ago through the Associated Negro Press we quoted from a letter from Charles H. Houston, that the fight against Negro disfranchisement should go forward unabated, in spite of the recent adverse decision of the Supreme Court in the latest Texas white primary case. It is our opinion, too, that later we may have occasion to quote some very eminent lawyers who feel that "nothing can be done about it—not soon."

We are more than pleased to find that the young colored fighter of the Indiana legislature, Henry J. Richardson, is not ready to quit because of the temporary failure of his bill to strengthen civil rights in Indiana. Richardson is short and small, perhaps does not weigh more than 120 pounds, but at least 100 pounds of that is nerve and courage. At the height of the Ku Klux Klan, when his bill was called up in the legislature, 15 members walked out of the chamber to keep from voting and the measure failed to pass by only 7 or 8 votes, which marks a record for such legislation anywhere in America just now: there is a disposition toward alien and sedition legislation, gag rule and a restriction on "rights."

MURDER YET RAMPANT IN GATE CITY

43. Miss Collins was dead on arrival at Grady hospital shortly after 10 o'clock Saturday morning. A deep stab wound in her right chest.

Radio Patrolman Cartwright and Payne, shortly after the woman's death became known, arrested Wilson, who according to police reports readily admitted having indicated the death blow.

The stabbings occurred in the Atlanta 20th place at West Mitchell and Davis streets, where the woman had fled for protection. Wilson ran in and before the woman could dodge had plunged the scissors through her chest.

According to Wilson, the stabbings followed a quarrel between himself and his sweetheart over her interest in another man. Mystery surrounded the probable fatal stabbings late Saturday night of 19-year-old Nathaniel Wood, of 250 Binger street.

Negro Federation To Cooperate On Interracial Body

CHATTANOOGA, Tenn.—The Negro Federation of Civic Clubs at its meeting Tuesday evening, voted to cooperate with the All-Southern Conference for Civil Rights. The conference is to be held in this city Sunday, May 26, at the Odd Fellows Temple, 117 S. Seventh street. The decision of the group came following a dramatic appeal by a young white leader, Mr. A. D. Wellman, a member of the University of Alabama.

The conference, of which Mr. Howard Kester is chairman, is the first of its kind to be held in this section. It is a movement which includes all the liberal groups of both races and is distinguished from the older interracial organizations by its youthful leadership.

TO ALL TRADE UNIONS IN THE SOUTH. TO ALL NEGRO AND NEGRO WORKERS AND FARMERS, HOPEFUL WORKERS AND PROFESSIONALS.

The last year showed clearly that the Southern people no longer accept their traditionally lower standard of life. The deep strikes among the workers led to the rapid growth of the American Federation of Labor and the CIO. There is a demand for higher wages and decent working conditions.

The manufacturers, landlords and politicians, with the New Deal as their springboard, violence and repression their main weapon.

A shooting duel, between a trio of men, in what was said to have been an attempted holdup, sent two to Grady hospital Saturday night in a critical condition.

What a Marvelous COOK Says About a Marvelous SKIN WHITENER

I am indeed glad to say I have used Dr. FRED Palmer's Skin Whitener Ointment and I find it wonderful. It is the best skin whitener that anyone can use.

They know what good food is in Oklahoma City, especially if Evelyn Lattimer prepares it. This marvelous cook's exercises the same taste in the selection of a true beauty cream as she does in assembling the edibles for one of her famous dinners.

Dr. FRED Palmer's Skin Whitener Ointment is as soothing and soft to the skin as baby fingers, and that it makes the skin look lighter, lifting out blackheads, removing freckles as it leaves the skin smoother, brighter and fairer.

Dr. C. W. Alexander, M. D., Deputy Coroner, Wyandotte County, Kansas City, Kan., says: "Dr. FRED Palmer's Skin Whitener Ointment is helpful to all skins and harmful to none. From the start, the skin becomes fairer and clearer. You too can know the astounding delights of this reliable way to make ugly, rough, too-dark skins alluring and entrancingly beautiful."

Putting A Good Security Into Your Strong Box...

WHEN you place in force a policy of life insurance, your estate benefits exactly as much as if you had deposited an additional bond for \$1000, \$2000 or \$5000 in your safe deposit box, and while a good gold bond would cost you par, or nearly par, payment of the amount of your life insurance policy is guaranteed for an average much less than its amount.

Common and preferred stocks, bonds and other forms of securities fluctuate in value, their market price being affected by laws of supply and demand, management, competition, invention—even politics—while the policy of legal reserve life insurance offers an absolutely safe investment for funds and the assurance that it will be paid when due without depreciation.

The institution of old line, legal reserve life insurance is operated directly under state supervision. From the time of the inception of the company, it is efficiently regulated by statutes which provide against harm to policyholders resulting from the mistakes of judgment and error in management or selection of securities.

How widely we have come to recognize the security of insurance! Truly, there is hardly an activity of American life that does not involve insurance in one or another of its hundreds of forms. So casually have we come to accept the security of its protection that we regard it as a commonplace necessity.

So casually have we come to accept the security of its protection that we regard it as a commonplace necessity.

HAYNES CONDUCTS REGIONAL CONFERENCE

Geo. E. Haynes of New York, secretary of the Department of Race Relations, Federal Council of Churches in America, was in charge of the regional conference held at the Central Y. W. C. A. on Tuesday. Forum groups met at 10:00, 12:15 and 2:30, at which large crowds attended. Mayor Dwight Lewis addressed the luncheon meeting.

The question of public accommodations, Negro athletes at hotels, Negro delegates, prominent Negroes, relations of the press, educational institutions, churches, young people's training in race relations were discussed in open forum. The Des Moines Interracial commission sponsored the conference. A. A. Alexander is president.

The findings of the committee of last year's conference were presented as follows:

1. In the economic situation we find the Negro is employed chiefly in unskilled labor and domestic service. The Iowa Packing Company is the only factory in Des Moines employing Negroes.
2. In the field of domestic service the opportunities have been narrowed somewhat in recent years partially due to disposition on part of some employers to show a preference for white labor.
3. In public utilities in the city of Des Moines practically no Negroes are employed.
4. In the matter of justice in the courts, the Negro has an equal chance with any other citizen in criminal cases, but is usually given less consideration in the amount allowed him in civil cases involving personal injuries.
5. Negroes are not accepted as guests of the hotels and cafes, and are not accorded the same consideration in

GLASS, BORAH BACK COSTIGAN-WAGNER FOES

Washington, D. C.—The adjournment motion, after failing three times, was carried in the senate Wednesday, supported by 43 Democrats, four Republicans and the Farmer-Laborite Shipead. In an effort to save the cause of the Costigan-Wagner anti-lynching bill, 14 northern and western Democrats, 17 Republicans, including Dickinson of Iowa and Progressive LaFollette answered "No."

The Des Moines branch of the N. A. A. C. P. telegraphed Senator Dickinson urging his support of the bill.

But the issue, as stated here, is not so simple in the senate. There, after all, last week, one once more saw arrayed the representatives of one section of the country which fought to keep Negroes in slavery, and has since fought to degrade them in every manner possible. The Negro men still refusing to accord the Negro a status as a citizen and human being, busy defending the concept of their section which cannot accommodate itself to justice for the Negro and to the political supremacy of the white race at the same time.

The issue was placed squarely up to the president in a telegram sent by Charles Houston of the National Association for the Advancement of Colored People Friday. He received no answer. All efforts on the part of Walter White, secretary of the N. A. A. C. P., to see the president failed.

Offend South? The president, by his action, definitely let it be known that he is not going to offend the south on an issue involving justice to Negroes. He took this position in spite of a majority in the senate which favored such justice.

All of the so-called "must" legislation, old age pensions, extension of NIRA, unemployment insurance and what not were held up, not by Senators Costigan and Wagner, but by the southern oligarchy in the senate, which declared in effect that the nation could go to ruin for other legislation before they would allow the anti-lynching bill to pass.

Labor Support The argument to the effect that the

Negro population of Des Moines according to the latest figures based on the 1930 census is 5,400. However it is generally estimated at 7,500. The last figures show 755 Negro families on the relief rolls or 2,642 persons allowing 3.5 persons to a family.

Negroes find relief agencies fair as far as dispensing relief is concerned. Four Negroes are employed as case workers. Of the vast office force maintained by the state FERA no Negroes are employed as clerks or stenographers; no Negroes have been employed in white collar jobs in the FERA; no Negro has been given a white collar job in Iowa among the hundreds employed to administer the AAA, HOLC, NRA, etc.

In spite of the fact that the law forbids discrimination, Negroes find it difficult to obtain swimming facilities; in fact the whole recreational program is entirely inadequate.

The Interracial Commission, N. A. A. C. P., and our social organizations provide interracial contacts wherever and whenever possible attempting both by sending speakers and dispensing literature to build up the right sentiment between the two groups.

anti-lynching law was a threat to organized labor was scotched with the publication in the Congressional Record of a resolution, passed by the American Federation of Labor, endorsing the bill. It was also pointed out that the laws against murder apply in instances of killings in labor disputes.

Significant among the friends of the Costigan-Wagner bill were Senators Barkley and Logan from Kentucky and Senator Bachmann of Tennessee. Conspicuous as opponents were Senator Dieterich, Illinois; Tydings, Maryland, a lynching state, and Norris of Nebraska, one of the old big timers in the senate.

White-Women-Repudiate-Smith The flight of the southerners to beat the bill, however, brought new support to it. The southern interracial commission, which had been wavering, released to the press Friday an endorsement of the measure. Southern white women's groups, aroused by Senator Ellison Smith's, of Carolina, "defense" of them, repudiated him in scores of telegrams dispatched to the senate.

This in spite of the verbal pyrotechnics of Smith, Bailey, Connally and others, when the opposition forces moved in to kill the measure Friday, they found themselves up against a brick wall. Senator Robinson, Arkansas, moved to adjourn the senate over the week-end, in an effort to kill the bill as pending legislation when the body reconvened Monday. He was unsuccessful. By a vote of 34 to 33 the senators rejected his motion.

Louis Loathes Tough Business Of Killing

(By RUSSELL J. COWANS For ANP)
FLINT, Mich., May 2—A punch and slugger—a fighter who is relentless in stalking his opponent, regardless of whether it is an exhibition or regular boxing bout—is Joe Louis, Detroit Brown Bomber.

The sensational 20-year-old heavy weight who has revived the boxing game since joining the professional ranks last July, has demonstrated his relentless in his two exhibitions—Dayton, Ohio, two weeks ago, and here Thursday night.

In the Dayton bout Louis put an end to the ambitions of Biff Benoit by knocking him out in the first round Thursday night. He toyed with Rocco Tolo in the first round and then knocked him silly in the final minute of the sixth and final round.

A short left hook that traveled less than six inches, put Tolo on the canvas for the count. He was making a feeble effort to regain an upright posture when Referee Elmer (Slim) McClelland finished his count.

Tolo was knocked down for a count of three in the first round. From then on the best a hasty retreat before the stalking Louis. Tolo's seconds tossed in the towel shortly after the knockdown, but the referee kicked it out of the ring ordering the fighters to continue.

George W. McKinley, boxing commissioner, rushed around to Tolo's corner and threatened to withhold Tolo's part of the purse if he did not go on with the battle.

Louis could have stopped Tolo in any of the preceding rounds, but he held his punches when the Toledoan was in danger. However when the fans started to taunt him he began to lash out with the re-

sult Tolo was his sixteenth knock-out victim.

John Vorce, stablemate of Alex Borchuk, white, of Buffalo, N. Y., dropped a close decision to Alex Borchuk, white, of Buffalo, N. Y., in the main bout on the card. A slow start and failure to use his right hand can be blamed for the defeat. Vorce came to life in the final rounds and peppered Borchuk with a stiff left.

The Louis entourage left Detroit Tuesday for Chicago. After a day there the party moves on to Peoria, Ill., where Joe meets Jack Krang, Friday night, May 3, Kalamazoo, Michigan, will have a chance to see the sensational Detroit youngster in action Monday night, May 4, when he meets Eddie Anderson in a six-round exhibition bout.

Following this bout Louis, his manager, J. W. Roxborough and Julian Black, trainer Jack Blackburn and sporting partners will leave for the east where Joe has a one-week theatre engagement at the Harlem Opera House.

Immediately after the theatre engagement Joe will go into a camp near New York to train for his bout with Primo Carnera at Yankee Stadium June 25.

Frightened Opponent Is Stopped by Louis

FLINT, Mich., April 26—Joe Louis, famous Detroit boxer, leading candidate for May Bae's heavyweight crown and the nation's hero No. 1, chalked up another victory in his already long string here Friday night when he scored a technical knockout over Rocco Tolo, in the final round of a six-round exhibition fight.

Louis scored a knockdown in the second round, which caused Tolo's seconds to rush around to his corner, refusing to recognize him. From this time on his had great difficulty catching his badly frightened opponent, who was constantly on the retreat.

Louis finally caught up with Tolo in the sixth round and had the Toledoan had hanging desperately to the ropes, when Joe's hand was raised, giving him another knock-out victory.

He will take on De Preonio of Cerebra, Italy's Man Mountain, in New York on the 27th of June in an elimination contest which should lead to the winner being matched with Bear Mox Beer (bear) for his heavyweight title.

Barbara Schell, recently christened "Miss Atlantic" in a local newspaper contest, will be there to toss in the first ball. The Knights of East military organization, with Major Charles Whitman at the helm will put on an exhibition of precision in the science of military conduct. Many more features will be included to make this opening day one to be long remembered here.

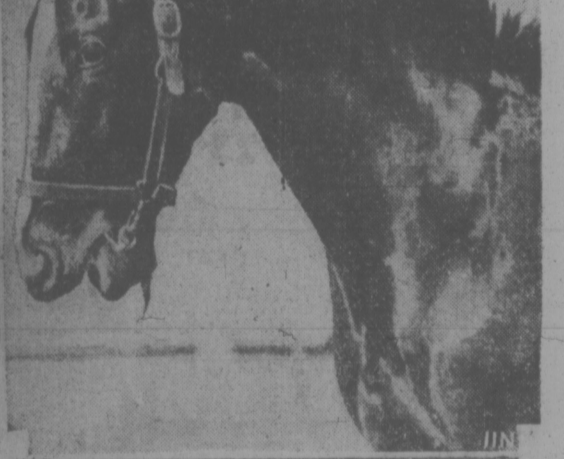

The Third Regiment of the Knights of Pythias Drum and Bugle Corps, one of the oldest and most able bands in the city will be in the parade and furnish the music at the park. This group will be headed by Captain Oscar Ferrell. The Ambassadors Orchestra will also furnish music at intervals.

Stellar Glove Meet Near; 60 Entered

MEMPHIS, Tenn.—Next Friday this time, the Memphis World's second annual amateur boxing tournament will be well underway at the Hotel Men's Improvement Club. The glove meet is slated to open Thursday night and will be terminated Saturday night at which time trophies and prizes will be awarded every winner.

The boxing tourney, which is expected to cater to approximately 60 youngsters, entered by various clubs and schools, will be considered a part of the city's annual Cotton Carnival program.

1935 DERBY WINNER

—winner of the 61st running of the famous Kentucky Derby. The son of the 1930 winner, Gallant Fox. He made his way around a heavy track to defeat a field of 18 thoroughbreds to win in the excellent time of 2:05, three and two-fifths seconds behind Twenty Grand's record. Thousands braved the rain to see this sensational race.

FRIDAY, MAY 10, 1935 IOWA BYSTANDER, DES MOINES, IOWA

Negroes Star In Big Relay With Nordics

LAWRENCE, Kans., (ANP)—Nearer the azure blue of a cloudless Kansas sky, to the accompaniment of the roar of hundreds of track fanatics, Marion Wilkes, lanky Negro star from Wichita North high school stepped out and showed his team the way to victory in the thirty-first annual intercollegiate track and field meet here Friday afternoon.

Mainly through Wilkes' efforts, the Wichita school reclaimed the class A championship from Arkansas City, defending champions. Wilkes scored 13 of his team's total 31 points.

The colored star scored victories in the broad jump with a leap of 22 feet, 14 inches and in the 220 yard dash when he ran the distance in 28 seconds flat. He placed second in the hundred yard dash in one of the fastest fields in the history of the meet.

Was High Point Man
 Wilkes was high point man of the class A division, but shared honors with Edward Harlick, white trackman of Alma, Kans. high, who scored 133 points in the class B section.

Summer high of Kansas City, Kan., the only all-colored school in the meet this year, made a good showing placing fourth in the class A division with 17 points in a field of 299 schools. Kansas Vocational school of Topeka, three times consecutive winner of the championship in the last three years and the all-Negro team that has run off from the field in previous meets, was barred this year due to a ruling of the Kansas state high school athletic board. The flash and glint of their dark-headed tracksters was missing this year and the meet thereby became more of a harum scurum scramble to top honors among a more or less evenly matched field.

Summer fell down in the dashes, the events in which Donald Dunn, former Spartan ace and holder of the state century mile who is now a member of the Pittsburgh Teachers team, formerly dominated.

Half-Mile Relay Thrills
 The Kansans, however, made up in the longest races, the relays and in the field. The most thrilling victory came in first section of the half-mile relay. John Holly, lead off man, was in last place when he passed the baton of Rozell Lyoff. The latter picked up two men on the far stretch and handed the stick of Fisher in third place. Fisher broke away like a wild deer and dashed into the lead and it was a simple matter for Edward Johnson, leading Sumner dash man, to break away and lengthen the lead to send Sumner home a first place. The Spartans, however, were awarded third place in the final tabulations on the time basis, as compared with the winners in the other sections of the event.

Warner Jackson of Sumner ran one of the most exciting races of the afternoon in the mile run, to be barely nosed out at the finish by Hughes, white, of Wichita.

Ran Ready Race
 Jackson, holder of the Paseo Y. M. C. A. marathon record in Kansas City, ran a heady race, all the way, allowing the pace setters just the right distance throughout. Slowly he picked up the fourth man, then the third and himself crept into second as the field swept down the home stretch. Then with only 100 yards to go, Jackson made a heroic bid for victory, sprinting neck and neck with Hughes as the crowd roared its approval. The white boys, however, had just enough reserve energy to pitch in to the tape two or three feet ahead of the darker hued opponent. J. Todd of Lawrence also ran in the event but failed to place.

Proceeds from the fights will be turned over to the City School Milk Fund.

The most outstanding fighter will receive a large boxing trophy and a similar award will be given the school or club registering the most points during the three-night affair.

Middleweight gold-belted boxing stars have been purchased for the 12 divisions represented in the contest. The trophies have been bought by leading firms and citizens of the city. Their names will be printed next week.

Young aspirants are daily working themselves into condition for the gala contest. Under the tutelage of Robert Collins, the glove thrower, are training at West Brown's gymnasium as judges and there will be different ten each night. Accommodations for more than 500 fans were made at the Hotel Club.

The "Brown Bomber" Himself Skip Hazzard Has A Wonder Track Outfit

BY KERMIT HOCKENHULL
ST. LOUIS, May 2—The Annual Arkansas Intercollegiate and High School Track and Field meet was held here on the Arkansas State athletic field, Friday and Saturday, May 3-4. This attraction is sponsored by and held in connection with the Arkansas State Teachers Association. The preliminaries were run on Friday and the finals were on Saturday.

Pictured above is the Detroit "Brown Bomber" who fought Jack Kranz of Gary, Ind. at the Majestic Theatre before a capacity house. Joe Louis will meet the giant Italian, Primo Carnera, at the Yankee Stadium June 19. The victor will be considered for a crack at the heavyweight championship.

Willett Athletics Win Twin-Bill
 MEMPHIS, Tenn.—Contributing their winning streak, Willett Athletics, defeated the Central and Cooper machine last week 13-12 and 2 to 0. Tommie Daily hurled both tilts for the victors and Piott started behind the plate for the A's. Saunders and G. Jones shone on the field.

 MEMPHIS, Tenn.—"Cubby" Nix will be observed Thursday night at the Brown Derby Club. Proceeds will be turned over to the LeMoyne College building fund.

Local Talent On Black Cracker Team Expected To Do Good Turn In Combating Memphis Red Sox
 By RIC ROBERTS
 It is very pleasing to the local people to find several Atlanta boys on the payroll of the Atlanta Black Crackers. Short stop Kemp, Lefty Williams, the veteran porridge chucker, and Catcher Green, to name a few, are the locals you will see in action at Ponce de Leon upon the occasion of the season's opening here tomorrow.

A large assortment of baseball men think Kemp has the makings of a great shortstop. They say he fairly dazzles in the business of snatching up the hot ones and swinging them out at the first sack.

Manager Sammy Thompson, like most of the boys who have been under big league fire for years, discovered several shortcomings in the Kemp equipment. Since that time Sammy has done his best to help Kemp (whom he claims is a bit too talkative and boastful of his prowess) and hopes to have us a much improved boy in there by mid-season time.

In the meantime all the old baseball excellents of a few years ago, viz: Charlie Clark, Leroy Jlett, John McFarland, Horatio Cotton, Joe Daniels, Babe Davis, Bo Briggery, Firk Young and Tlasha Howard are standing by with apprehensive eyes to see just what the 1935 Black Crackers are to be like and what their prospects hold.

If a real renaissance is here and the fans start making the turnstiles clatter with anything approaching regularity I expect a few of these old aces to rush in and see what can be done about it.

A Grand Arrangement
 The Black Crackers are to build them and has drawn blood this year. They have the one big community breath which cooperation of the fans and it expects to excel with their powers that be. Likewise, the six derbies set on Tuesday afternoon.

In compliance with the request and proclamation of our Mayor the firms and places are to ex-

clude their employees early in the afternoon so they may see the teams out to the firing line. Even the school people are to be there in a big resounding array of applause and spirit.

I might tell you of the fact that Catcher Green, 190 lb. backstop is doing the "clean-up" work for the locals. To you ladies of the reading circle by "clean-up" is meant the man who bats fourth in the batting order. The man must likely be in there swinging with base runners constituting the base paths. He is usually a very terrific hitter (apple knocker) who can pester that old onto (ball) up in the bleachers for a home run and score everybody.

You can, I am sure, see that Green's post is a most important one. Manager Thompson tells me that Green can hit hard and that his drives may extend beyond the Ponce de Leon escarpments (mountains) when and if you all have opposing pitchers throw one in there that is a bit too good.

You have been awaiting the coming of the fall each year for up to date Negro sports, but not so now. These fall, big heart, fat and soft afternoon of the spring and summer may be spent sitting in the choice spot in Ponce de Leon park looking at a wood game of baseball between Atlanta and any of the club representing Birmingham, New Orleans, Memphis, Chattanooga, Montgomery or Monroe, La.

Atlanta, Ga.—The local crack team, viz. Morris Brown, Clark, Morehouse, David T. Howard and Booker T. Washington with tenor both male and female, are looking with interested eyes toward Tuskegee where the Annual Tuskegee Relay Carnival, now in its eighth year, will be held. Many people are at sea as to the general qualification of the local outfit. Morehouse seems to have more real prospects than any of the colleges and may cause trouble at Tuskegee. Clark has a below par team with 10 stars who can go in and win at a walk. Morris Brown is apparently not over-swept in either phlegm and may find herself in a rack race also.

Both the high schools have good teams and may figure in their rivalry appropriately. The teams have been practicing through daily chores for more than a month now and should be in real shape when the song sounds at Alumni Bowl some few days from now.

Newhouse with Bob Miller and Sam McElbain and White Tate along with several other newcomers, look like a sure bet for honors of some sort.

Dan Burley Tells Of Jack Johnson To-Day

(By DAN BURLEY for ANP)
CHICAGO, May 2—Sports scribbler's diary (one leaf there from): Up and out at 7:30 this a.m., for morning's jaunt through grassy portions of spacious parkway. Meet Jack Johnson doing road work to keep in trim as headman of Club Victoria. Chinning match at 47th street with Earl Walker the auto salesman who thinks Negro fighters of another era missed out by being too ugly. Back home and to a brisk shower and breakfast of pitted prunes, crisp bacon, toast and Jack Johnson coffee.

The morning paper and relation over antics of Mister Combsley's White Sox whipping the Tivens three in a row. Over to the office at 9:30 and to work on evil looking Royal which shrinks visibly when my impatient fingers pound its keys.

The morning mail and a letter from Ed Holden of the Philadelphia Sims who anticipates a brisk boxoffice season this year and one from Lawson Miller, instructor in engineering at Prairie View College in Texas who's charters in praise of evildoing of Pathners in spring baseball games. Another from the Chicago Standard Corp. containing much literature penned by Lew Diamond, and pushing a team for the Nate Lewis-Jim Mulen ensemble which has to do with plans for lightweight elimination tournament. And one from a girl at the West Side who asks that I take up her problem of organizing a 200 relay team.

The culter among whom are Son H. Mosby and John Turner, the former coach of Wendell Phillips high school, the latter athletic director of George L. Gillet Post No. 10 American Legion. Their mission to lay plans for a softball league composed of over 160 teams in town to take 1500 boys off the streets. Pledge of wholehearted cooperation and bring going over of draft of program. They're inquisition as stated by 750-room Gevetegs who want to know if there's to be a Negro baseball league this summer to which we reply with "yes" and advice in watch colored newspapers.

Pointing several realms of sports copy for week's release and then to task of compiling permanent file of sports records and achievements of colored athletes. In "Clubs" one of the Bluet brothers who asks that the complaint that the Negro National League this year hasn't a western man as umpire and asks us to take up the matter. To dinner at 12:30 P. M. and with an overladen stomach we desert from diary efforts for the day.

100% Wrong Member A National Week Hero!
 By RIC ROBERTS
 HAT inimitably frantic and emotional fellow of the subtle brown skin, the squarish jaw and squint eyes known to the "Anburn Avenue and Ponce de Leon Park kadabes as "Holly," but who, in his more vital moments, is known quite well about town as A. T. Hollingsworth, Clark University's football addict-inexhaustible.

He is in the limelight. This time, however, he is not paraded here because of some prediction made in connection with last year's chessing 100 Per Cent Wrong Club, but in a highly more specified and redefining connection.

Everyone who knows him is aware of that fact that "Holly" has an insuperable ego wherever in the abilities and qualifications of "Holly" are concerned. He throws the boys down and out with laughter and with his exultations; "Holly is bell!" This is his pet phrase when Clark goes out and kicks Tuskegee or Morehouse or somebody on the gridiron. The laughter that he has afforded tired business men and contemporaries arguments and rebuttals concerning sport affords him enough eminence alone to suffice but he has other weapons. Hollingsworth is one of the most productive salesmen (when he will really get down to brass tacks) that Aframerica has seen.

A National Honor
 The latest Hollingsworth episode is a knockout. In a nation-wide contest involving thousands of white men and very few Negroes, he has come out on top as the winner by selling more of the particular commodity they were peddling than any of them. That, my clients, is a DISTINCTION.

When you go out there in a nation-wide program and come out on top, why you have been travelling. Here is the letter "Holly" received along with the beautiful and expensive first prize offered: "Continental Casualty Co., Chicago, Ill. April 24, 1935

Dear Mr. Hollingsworth: It is my pleasure to advise that you are the winner in the Disability Division's National Accident and Health Week contest, and you will shortly receive under separate cover a Wahl Eversharp set which we feel sure will be a source of pleasure and great pride to you in years to come. On behalf of the Disability Division Home Office Agency staff I want to assure you of our sincere appreciation for your whole hearted cooperation. Appreciatively yours, J. M. SMITH, Asst. to Vice President, Disability Division."

NOT AT ALL

George Olmsted, a former president and one of the leaders of the Young Republican clubs, suggests that the Republican party must cut representation of the South in national conventions as a means of getting rid of the rotten burroughs down there and placing control of the party in the part of the country which casts Republican votes.

Evidently Mr. Olmsted has received a lot of unsound advice from the "lily white" Republicans or does not have much idea as to the why of the things about which he complains.

He does not know that the trend even in the South is toward inter-racial co-operation; his scheme breeds racial antagonism. He does not know that Congress has the power to cut representation in the House because citizens are excluded from voting and even though Republicans have been in the majority in Congress on many occasions they have not seen fit to cut that representation. He does not know that the South has disfranchised the Negro at the polls; he seeks to disfranchise him at the convention. He does not know that the South has never controlled the Republican party.

If this is the New Deal the Republican party wants the Bystander is unalterably opposed to it; not only that but the Bystander will use its efforts to oppose any group whether young or old Republicans which attempts to sponsor such a scheme.

"GOOD CITIZENS"

A representative of the Bystander called on a family last week in an effort to interest them in subscribing for the paper. The husband and wife were home. He had a lengthy conversation with them which ran about like this: Q. "Do you take the Bystander?" A. No. There is no news in it." Q. "If you subscribed and paid for the paper would you not be helping to get more news in it?" A. "Well, my neighbor takes the paper so I borrow it from her after she is finished." Q. "Don't you realize that only in proportion that you help the Bystander or any other Negro business will that Negro business prosper and be able to hire Negro boys and girls who graduate from our schools?" A. "We have no children." Q. "But how about your neighbors' children?" A. "We are not interested."

Q. "By the way, do you belong to the N. A. A. C. P.?" A. "No, they never do anything for us." Q. "How about the Y. M. C. A. and Y. W. C. A. are you members?" A. "No, they don't do much either." Q. "Well we have the boy scouts and the Community Centers; they do a worthy job. I am sure you are interested in them." A. "No, we don't know much about the Community Centers, and the Boy Scouts—well that is for boys."

"Well folks I have tried to find what interested you but it looks like I am a poor guesser; maybe I might ask 'in what are you really interested?' A. "In ourselves. We do go to church but they are getting so they are no good too."

Dental Health Education Hints

By Dr. Millard K. Dean

PROPER USE OF DENTAL FLOSS

Dental Floss when properly used is a very beneficial aid to the cleansing of the mouth, but it is equally as harmful if not handled correctly. The chief value of the floss is its use in conjunction with the action of the toothbrush because the floss should remove the small collections of food remaining between the teeth after brushing. If the teeth are slightly crooked or out of position then there is a greater tendency for food to lodge in these tight areas since normal brushing generally fails to remove or thoroughly clean these small spaces.

The delicate gum tissue between the teeth is the one suffering the most injury, therefore the patient should be careful not to lacerate this tissue. The cutting and bleeding caused by too much pressure and irregular force as the floss soaps between the teeth and in due time will make a pocket where food and decay collect. The best method to follow is to grip the dental floss firmly in both hands and pass it gently between the teeth, being very careful that the floss just slides past the tight contact point. A few light strokes of the floss against the sides of the teeth is all that is necessary and avoid touching the gum tissue. A good system to follow is to use the floss in front of the mirror and notice how to keep from injuring the gum tissue and also determine how often the spaces should be cleaned.

Questions and Answers

Dear Dr. Dean:
I would like to know how many fillings I could have put in my teeth at one time. I dread going to a dentist therefore want to make as few trips as possible.—Miss I. C., Des Moines, Iowa.

Ans.: The number of teeth that can be properly filled at one time sitting would depend upon how much has to be done to each tooth and the length

of the kind that do more harm in a community than good. But they are here and must be dealt with. Happily they are not in the majority.

THE ANTI-LYNCHING DEBATE

Practically all of the debating on the Anti-lynching bill was done by Senators Wagner and Costigan, co-authors of the measure for, and Southern Senators against it. In other words Senators Costigan and Wagner bear the knocks and sneers in the interest of an unpopular cause while many of those expected to speak were conspicuously absent.

Senator Hugo Black of Alabama, and a very smart man, made a desperate effort to line organized labor up against the bill. He cited the fact that during a given period six hundred cases had reached the courts in which litigants based their claim upon the ground that their rights under the fourteenth amendment had been violated; while the fourteenth amendment was adopted for the protection of the Negro, more than five hundred of these cases were brought by big corporations to protect their own money and property. Senator Black said that corporations would use the anti-lynching bill for their interest, were interested in the bill for that purpose and cited the fact that Chas. Tuttle, one of the leading lawyers in New York for the big corporations had been consulted when the bill was drafted.

Southern senators insist on making the anti-lynching bill a sectional issue and for the present they heed the warning of the mobbers and their sympathizers.

ANEMIA

Anemia is a condition which affects the red cells of the blood in such a way that they are diminished in number to fall below the normal resulting in a number of symptoms which are characteristic of this condition.

Anemias occur from some form of blood destruction or blood loss caused by some agent acting within the body or from some loss of blood as occurs in hemorrhoids or something of that nature. The cause of the anemia of what is called the primary form is not known and the blood destruction which occurs in this form cannot be traced to any cause. That is why it is so hard to treat with any hope of success although lately a therapeutic agent in the form of liver or its extract has been discovered which improves the blood to such an extent that the patient so affected may be restored to his or her normal healthy condition.

Secondary anemias are not so serious and there are many remedies which will restore the

of time both you and the dentist could spend on your case. Generally it is best not to try to do too much at one day as both will become tired and more irritable.

blood picture to normal and remove the symptoms which are characteristic of what is called this secondary form of anemia. Foods play quite a part in the restoration of the blood to normal also for without certain foods it would be impossible to remove this secondary anemia and restore the blood to normal. Of course when such a condition as hemorrhoids exists it must be remedied to prevent the further loss of blood through this channel as it would do no good to attempt to restore the blood to normal when there is a continuous loss of blood from this cause.

"GREEN PASTURES"

CLOSED APRIL 27-

New York—(ANP)—The "Green Pastures" closed its season at the 44th Street theatre here on Saturday, April 27. The play had been going very well despite the death of the famous star, Richard D. Harrison. His successor in the role Charles Winter Wood, is an accomplished actor and carried on quite to the satisfaction of the public and the critics. However, as interest in theatre waned with the advent of spring, closing was just a matter of weeks.

The show would have stopped April 20, since it had been running in the red for a month. However, advance seats sales had been made to the extent of \$3,000 and many people would not take their money back, so the show went on.

Boston is to see the opening of the show on Labor Day. Chicago and Philadelphia are certain for next fall also.

Washington, D. C.—The "divine right" of the south to lynch or mob without interference from the government was upheld when the senate's seven day legislative deadlock

was broken Wednesday as the southern filibusters succeeded in putting aside, by adjournment, a motion to take up the Costigan-Wagner anti-lynching bill.

Senators Borah (Rep., Idaho) and Glass (Dem., Va.) supported the lengthy oratory for mob rule with attacks in the New Deal measure which they said "struck at the foundation of state sovereignty." The bill is automatically reversed to the bottom of the calendar.

Glass criticized supreme court decisions, upheld certain NRA and AAA operations, while Borah declared passage of the bill would mean annihilation of all state's sovereignty. "We have broken down state's rights completely," he said. Suffering the same fate of the Dyer bill, which met death in 1926, this measure will soon be cast into oblivion.

Day after day, from Wednesday on, the fight continued with the north and west lined up almost solidly on one side and the south just as solid on the other.

States Have Failed
The struggle was staged for and against the Costigan-Wagner anti-lynching bill. In the face of 5,000 lynchings in the last fifty years, and the failure of the states to wipe out the crime, Senators Costigan of Colorado and Wagner of New York, both seek the enactment of a federal statute to enable the federal government to proceed against lynchings when mobs within the states have unlawfully usurped the powers of the state and committed murders.
